REPORT OF THE MANAGER TO THE UNITHOLDERS

Introduction

The ChinaAMC CSI 300 Index ETF (the "Sub-Fund"), a sub-fund of ChinaAMC ETF Series, an umbrella unit trust established under Hong Kong law. The Sub-Fund is a physical exchange traded fund investing directly in underlying A-Shares. Its RMB counter (stock code: 83188) and HKD counter (stock code: 03188) commenced trading on the Stock Exchange of Hong Kong Limited (the "SEHK") on 17 July 2012 and 26 October 2012 respectively. The Sub-Fund is an index-tracking fund that seeks to track the performance of the CSI 300 Index (the "Index").

The Manager primarily uses a full replication strategy through investing directly in securities included in the Index with substantially the same weightings in which they are included in the Index, through the Renminbi Qualified Foreign Institutional Investor ("RQFII") investment quota of RMB 11.05 billion (as of 31 December 2018) granted to the Manager by the State Administration of Foreign Exchange (the "SAFE"). The Manager may also use Stock Connect, a securities trading and clearing linked programme with an aim to achieve mutual stock market access between mainland China and Hong Kong, which consists of the Shanghai-Hong Kong Stock Connect and the Shenzhen Stock Connect, to invest in the securities. The Manager may invest up to 100% of the Sub-Fund's NAV through either RQFII and/or the Stock Connect. The Manager may also use a representative sampling strategy where it is not possible to acquire certain securities which are constituents of the Index due to restrictions or limited availability. This means that the Sub-Fund will invest directly in a representative sample of securities that collectively has an investment profile that aims to reflect the profile of the Index, through the RQFII investment quota granted to the Manager by the SAFE. The securities constituting the representative sample may or may not themselves be constituents of the Index.

Performance of the Sub-Fund

The investment objective of the Sub-Fund is to provide investment results that, before fees and expenses, closely correspond to the performance of the Index.

The performance of the Sub-Fund is in below (Total Returns in respective currency¹²³):

	1-Month	3-Month	Since Launch
The Index	-5.10%	-12.41%	43.81% ⁴
RMB Counter of the Sub-Fund (NAV-to-NAV)	-5.08%	-12.45%	34.49% ⁵
RMB Counter of the Sub-Fund (Market-to-Market)	-4.62%	-11.82%	27.89% ⁵
HKD Counter of the Sub-Fund (NAV-to-NAV)	-3.64%	-11.93%	25.64% ⁶
HKD Counter of the Sub-Fund (Market-to-Market)	-3.42%	-11.65%	25.22% ⁶

¹ Source: Bloomberg, as of 31 December 2018. Performances of CSI 300 Index and RMB Counter of the Sub-Fund are calculated in RMB while performances of HKD Counter of the Sub-Fund are calculated in HKD.

² Past performance figures shown are not indicative of the future performance of the Sub-Fund.

³ With effect from 25 April 2017, China Asset Management Co., Ltd ceased to be the investment adviser of the Sub-Fund. The performance of the Sub-Fund prior to 25 April 2017 was achieved under circumstances that no longer apply.

⁴ Calculated since 16 July 2012.

⁵ Calculated since 17 July 2012.

⁶ Calculated since 26 October 2012.

ChinaAMC CSI 300 Index ETF
(a sub-fund of ChinaAMC ETF Series)

REPORT OF THE MANAGER TO THE UNITHOLDERS (continued)

Activities of the Sub-Fund

According to Bloomberg, the average daily trading volume of the Sub-Fund was approximately 6,790,253 units from 1 January 2018 to 31 December 2018. As of 31 December 2018, there were 384,750,000 units outstanding.

Activities of the Index

There were 2 rebalances for the Index from 1 January 2018 to 31 December 2018. As of 31 December 2018, the Sub-Fund comprised of all 300 constituent stocks in the Index.

China Asset Management (Hong Kong) Limited
23 April 2019

ChinaAMC CSI 300 Index ETF
(a sub-fund of ChinaAMC ETF Series)

REPORT OF THE TRUSTEE TO THE UNITHOLDERS

We hereby confirm that, in our opinion, China Asset Management (Hong Kong) Limited, the Manager of ChinaAMC CSI 300 Index ETF (the "Sub-Fund") has, in all material respects, managed the Sub-Fund in accordance with the provisions of the trust deed dated 28 May 2012, as amended or supplemented from time to time, for the year ended 31 December 2018.

Cititrust Limited
23 April 2019

STATEMENT OF RESPONSIBILITIES OF THE MANAGER AND THE TRUSTEE

Manager's responsibilities

China Asset Management (Hong Kong) Limited (the "Manager"), the manager of the ChinaAMC CSI 300 Index ETF (the 'Sub-Fund'), a sub-fund of ChinaAMC ETF Series (the "Trust"), is required by the Code on Unit Trusts and Mutual Funds established by the Securities & Futures Commission of Hong Kong (the "SFC Code") and the trust deed dated 28 May 2012, as amended or supplemented from time to time (the "Trust Deed") to prepare financial statements for each annual accounting period which give a true and fair view of the financial position of the Sub-Fund at the end of that period and of the transactions for the period then ended. In preparing these financial statements the Manager is required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are prudent and reasonable; and
- prepare the financial statements on the basis that the Sub-Fund will continue in operation unless it is inappropriate to assume this.

The Manager is also required to manage the Sub-Fund in accordance with the Trust Deed and take reasonable steps for the prevention and detection of fraud and other irregularities.

The Trust is an umbrella unit trust governed by its Trust Deed. As at 31 December 2018, the Trust has established with three sub-funds.

Trustee's responsibilities

The Trustee of the Sub-Fund is required to:

- ensure that the Sub-Fund is managed by the Manager in accordance with the Trust Deed and that the investment and borrowing powers are complied with;
- satisfy itself that sufficient accounting and other records have been maintained;
- safeguard the property of the Sub-Fund and rights attaching thereto; and
- report to the unitholders for each annual accounting period on the conduct of the Manager in the management of the Sub-Fund.

Independent auditor's report

To the unitholders of ChinaAMC CSI 300 Index ETF
(a sub-fund of ChinaAMC ETF Series)

Report on the audit of the financial statements

Opinion

We have audited the financial statements of ChinaAMC CSI 300 Index ETF (a sub-fund of ChinaAMC ETF Series (the "Trust") and referred to as the "Sub-Fund") set out on pages 11 to 42 which comprise the statement of financial position as at 31 December 2018, and the statement of comprehensive income, the statement of changes in net assets attributable to unitholders, the statement of cash flows and the statement of distribution for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the financial statements give a true and fair view of the financial disposition of the Sub-Fund as at 31 December 2018, and of its financial transactions and its cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRSs").

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the financial statements* section of our report. We are independent of the Sub-Fund in accordance with the *Code of Ethics for Professional Accountants* (the "Code") issued by the Hong Kong Institute of Certified Public Accountants, and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

Independent auditor's report (continued)

To the unitholders of ChinaAMC CSI 300 Index ETF
(a sub-fund of ChinaAMC ETF Series)

Key audit matters (continued)

Key audit matter	How our audit addressed the key audit matter
Existence and valuation of financial assets at fair value through profit or loss	
<p>Refer to disclosures on fair values of financial instruments in notes 11 – 12 to the financial statements.</p> <p>As at 31 December 2018, financial assets at fair value through profit or loss amounted to RMB11,751,134,225 which represented 99.45% of the net asset value of the Sub-Fund. These financial assets were listed shares in the Shanghai Stock Exchange or the Shenzhen Stock Exchange and there were 300 constituent listed shares in the Sub-Fund. They were kept by one custodian and measured at fair value. Furthermore, as at 31 December 2018, equity investments amounting to RMB173,772,995 were suspended shares which represented 1.47% of the net asset value of the Sub-Fund. We focused on this area because the financial assets at fair value through profit or loss represented the principal element of the financial statements and significant assumptions and judgements were involved in measuring the fair value of the suspended shares.</p>	<p>We obtained independent confirmation from the custodian and counterparties of the investment portfolio held at 31 December 2018, and agreed the quantities held to the accounting records. We tested the design and operating effectiveness of controls for the valuation of financial instruments. In addition, we checked the valuation of the financial assets at fair value through profit or loss that are quoted in active markets by independently agreeing the valuation of financial assets to third party vendor sources such as Reuters or Bloomberg at 31 December 2018.</p> <p>For suspended shares in which the quoted price cannot be obtained, we evaluated the valuation techniques and inputs applied through comparison with the valuation techniques that are commonly used in the market and the validation of observable inputs using external market data. In addition, we evaluated the reasonableness of the assumptions made by management and we reviewed the financial statement disclosures regarding the fair value hierarchy as set out in notes 11 – 12 to the financial statements.</p>

Information other than the financial statements and auditor's report thereon

The Manager and the Trustee of the Sub-Fund are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Independent auditor's report (continued)

To the unitholders of ChinaAMC CSI 300 Index ETF

(a sub-fund of ChinaAMC ETF Series)

Responsibilities of the Manager and the Trustee for the financial statements

The Manager and the Trustee are responsible for the preparation of the financial statements that give a true and fair view in accordance with IFRSs, and for such internal control as the Manager and the Trustee determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Manager and the Trustee are responsible for assessing the Sub-Fund's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Manager and the Trustee either intend to liquidate the Sub-Fund or to cease operations or have no realistic alternative but to do so.

In addition, the Manager and the Trustee of the Sub-Fund are required to ensure that the financial statements have been properly prepared in accordance with the relevant disclosure provisions of the trust deed dated 28 May 2012 as amended or supplemented from time to time ("the Trust Deed") and the relevant disclosure provisions of Appendix E of the Code on Unit Trusts and Mutual Funds (the "SFC Code") issued by the Securities and Futures Commission of Hong Kong.

Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements. In addition, we are required to assess whether the financial statements of the Sub-Fund have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions of Appendix E of the SFC Code.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Sub-Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Manager and the Trustee.

Independent auditor's report (continued)

To the unitholders of ChinaAMC CSI 300 Index ETF

(a sub-fund of ChinaAMC ETF Series)

Auditor's responsibilities for the audit of the financial statements (continued)

- Conclude on the appropriateness of the Manager and the Trustee's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Sub-Fund's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Sub-Fund to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Manager and the Trustee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Manager and the Trustee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the Manager and the Trustee, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on matters under the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions of Appendix E of the SFC Code

In our opinion, the financial statements have been properly prepared, in all material respects, in accordance with the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions of Appendix E of the SFC Code.

The engagement partner on the audit resulting in this independent auditor's report is Wong Sui Yan.

STATEMENT OF DISTRIBUTION

Year ended 31 December 2018

	Note	RMB
Undistributed income at 1 January 2017		–
Total comprehensive income		2,127,411,732
Less: net gains on financial assets at fair value through profit or loss		<u>(2,038,244,378)</u>
Undistributed income before distribution		89,167,354
Interim distribution declared on 19 July 2017 (RMB0.33 per unit)	9	(89,446,500)
Transfer from capital		<u>279,146</u>
Undistributed income at 31 December 2017 and 1 January 2018		–
Total comprehensive loss		(3,056,044,143)
Add: net losses on financial assets at fair value through profit or loss		<u>3,153,323,268</u>
Undistributed income before distribution		97,279,125
Interim distribution declared on 20 July 2018 (RMB0.35 per unit)	9	(96,232,500)
Transfer to capital		<u>(1,046,625)</u>
Undistributed income at 31 December 2018		<u>–</u>

The accompanying notes are an integral part of these financial statements.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

1. THE TRUST

ChinaAMC ETF Series (the "Trust") is an umbrella unit trust governed by its trust deed dated 28 May 2012, as amended or supplemented from time to time (the "Trust Deed") between China Asset Management (Hong Kong) Limited (the "Manager") and Cititrust Limited (the "Trustee"). It is authorised by the Securities and Futures Commission of Hong Kong (the "SFC") pursuant to Section 104(1) of the Securities and Futures Ordinance of Hong Kong.

These financial statements relate to the first sub-fund of the Trust, ChinaAMC CSI 300 Index ETF (the "Sub-Fund"). The Sub-Fund commenced trading under the stock codes 83188 (RMB counter) and 03188 (HKD counter) on the Stock Exchange of Hong Kong Limited ("SEHK") on 17 July 2012 and 26 October 2012, respectively. On 27 February 2013, the Sub-Fund commenced trading under the stock code 1575 on the Tokyo Stock Exchange ("TSE").

Pursuant to the guidelines on management and operation of Renminbi Qualified Foreign Institutional Investor ("RQFII") issued by the State of Administration of Foreign Exchange ("SAFE") on and effective from 30 May 2014, an RQFII has the flexibility to allocate its RQFII quota granted by SAFE across different public fund products under its management. Accordingly, the Sub-Fund no longer has the exclusive use of all the RQFII quota previously granted by SAFE to the Manager in respect of the Sub-Fund. The Manager, at its discretion, may re-allocate the RQFII quota in respect of the Sub-Fund to other public fund products under its management or vice versa without having to obtain prior approval from SAFE.

The investment objective of the Sub-Fund is to provide investment results that closely correspond to the performance of the CSI 300 Index (the "Index"). The Sub-Fund is a physical exchange traded fund investing directly in the underlying A-Shares of the Index.

2.1 BASIS OF PREPARATION

The financial statements have been prepared in accordance with International Financial Reporting Standards ("IFRSs") as issued by the International Accounting Standards Board ("IASB"), and interpretations issued by the International Financial Reporting Interpretations Committee of the IASB and the relevant disclosure provisions of the Trust Deed and the relevant disclosure provisions specified in Appendix E of the Code on Unit Trusts and Mutual Funds of the SFC (the "SFC Code").

The financial statements have been prepared under the historical cost basis, except for financial assets classified at fair value through profit or loss ("FVPL") that have been measured at fair value. These financial statements are presented in Chinese Renminbi ("RMB") and all values are rounded to the nearest RMB except where otherwise indicated.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Sub-Fund has adopted the following new and revised IFRSs for the first time for the current year's financial statements, which are applicable to the Sub-Fund.

IFRS 9	<i>Financial Instruments</i>
IFRS 15	<i>Revenue from Contracts with Customers</i>

The nature and the impact of the new and revised IFRSs are described below:

IFRS 9 *Financial Instruments*

The Sub-Fund adopted IFRS 9 *Financial Instruments* on its effective date of 1 January 2018. IFRS 9 replaces International Accounting Standard ("IAS") 39 *Financial Instruments: Recognition and Measurement* and introduces new requirements for classification and measurement, impairment and hedge accounting. IFRS 9 is not applicable to items that have already been derecognised at 1 January 2018, the date of initial application.

(a) Classification and measurement

The Sub-Fund has assessed the classification of financial instruments as at the date of initial application and has applied such classification retrospectively. Based on that assessment:

- All financial assets previously held at fair value continue to be measured at fair value.
- Equity instruments are acquired for the purpose of generating short-term profit. Therefore, they meet the held-for-trading criteria and are required to be measured at FVPL.
- Financial assets previously classified as loans and receivables are held to collect contractual cash flows and give rise to cash flows representing solely payments of principal and interest ("SPPI"). Thus, such instruments continue to be measured at amortised cost under IFRS 9.
- The classification of financial liabilities under IFRS 9 remains broadly the same as under IAS 39. The main impact on measurement from the classification of liabilities under IFRS 9 relates to the element of gains or losses for financial liabilities designated at FVPL attributable to changes in credit risk. IFRS 9 requires that such element be recognised in other comprehensive income, unless this treatment creates or enlarges an accounting mismatch in profit or loss, in which case, all gains and losses on that liability (including the effects of changes in credit risk) should be presented in profit or loss. The Sub-Fund has not designated any financial liabilities at FVPL. Therefore, this requirement has not had any impact on the Sub-Fund.

(b) Impairment

For financial assets carried at amortised cost, including other receivable, the expected credit loss ("ECL") is based on the 12-month ECL. This represents the portion of lifetime ECL that results from default events on the financial instrument that are possible within 12 months after the reporting date. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECL. The Manager has closely monitored the credit qualities and the collectability of other financial assets at amortised cost and considers that the ECL is immaterial.

(c) Hedge accounting

The Sub-Fund has not applied hedge accounting under IAS 39 nor will it apply hedge accounting under IFRS 9.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES (continued)

Impact of adoption of IFRS 9

The classification and measurement requirements of IFRS 9 have been adopted retrospectively as of the date of initial application on 1 January 2018, however, the Sub-Fund has chosen to take advantage of the option not to restate comparatives. Therefore, the 2017 figures are presented and measured under IAS 39. The following table shows the original measurement categories in accordance with IAS 39 and the measurement categories under IFRS 9 for the Sub-Fund's financial assets and financial liabilities as at 1 January 2018.

Financial assets

1 January 2018	IAS 39 classification	IAS 39 measurement RMB'000	IFRS 9 classification	IFRS 9 measurement RMB'000
Equity instruments	Held for trading at FVPL	11,034,982	FVPL	11,034,982
Other receivable	Loans and receivables	608	Amortised cost	608
Cash and cash equivalents	Loans and receivables	94,107	Amortised cost	94,107

Financial liabilities

1 January 2018	IAS 39 classification	IAS 39 measurement RMB'000	IFRS 9 classification	IFRS 9 measurement RMB'000
Management fee payable	Other financial liabilities	6,138	Amortised cost	6,138
Custodian, fund administration and trustee fee payable	Other financial liabilities	4,178	Amortised cost	4,178
Amounts due to participating dealers	Other financial liabilities	24,584	Amortised cost	24,584
Other payables and accruals	Other financial liabilities	1,788	Amortised cost	1,788

In line with the characteristics of the Sub-Fund's financial instruments as well as its approach to their management, the Sub-Fund neither revoked nor made any new designations on the date of initial application. IFRS 9 has not resulted in changes in the carrying amount of the Sub-Fund's financial instruments due to changes in measurement categories. All financial assets that were classified as FVPL under IAS 39 are still classified as FVPL under IFRS 9. All financial assets that were previously classified as loans and receivables and are continued to be measured at amortised cost.

In addition, the application of the ECL model under IFRS 9 has not significantly changed the carrying amounts of the Sub-Fund's financial assets at amortised cost. No ECL allowance has been recorded against the Sub-Fund's other receivable and amounts due to participating dealers both under IFRS 9 and IAS 39.

The carrying amounts of instruments at amortised cost continued to approximate to these instruments' fair values on the date of transition after transitioning to IFRS 9.

IFRS 15 Revenue from Contracts with Customers

The Sub-Fund adopted IFRS 15 *Revenue from Contracts with Customers* on its effective date of 1 January 2018. IFRS 15 replaces IAS 18 *Revenue* and establishes a five-step model to account for revenue arising from contracts with customers. In addition, guidance on interest and dividend income has been moved from IAS 18 to IFRS 9 without significant changes to the requirements. Therefore, there was no impact of adopting IFRS 15 for the Sub-Fund.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

2.3 ISSUED BUT NOT YET EFFECTIVE INTERNATIONAL FINANCIAL REPORTING STANDARDS

The Sub-Fund has not early applied any of the new and revised IFRSs that have been issued but are not yet effective for the accounting year ended 31 December 2018, in these financial statements. Among the new and revised IFRSs, the following are expected to be relevant to the Sub-Fund's financial statements upon becoming effective:

Amendments to IAS 1 and IAS 8 *Definition of Material*¹

¹ Effective for annual periods beginning on or after 1 January 2020

Amendments to IAS 1 and IAS 8 provide a new definition of material. The new definition states that information is material if omitting, misstating or obscuring it could reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements. The amendments clarify that materiality will depend on the nature or magnitude of information. A misstatement of information is material if it could reasonably be expected to influence decisions made by the primary users. The Sub-Fund expects to adopt the amendments prospectively from 1 January 2020. The amendments are not expected to have any significant impact on the Sub-Fund's financial statements.

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Financial instruments

In the current period, the Sub-Fund has adopted IFRS 9 *Financial Instruments*. See section 2.2 for an explanation of the impact. Comparative figures for the year ended 31 December 2017 have not been restated. Therefore, financial instruments in the comparative period are still accounted for in accordance with IAS 39 *Financial Instruments: Recognition and Measurement*.

(a) Classification

(i) Policy effective from 1 January 2018 (IFRS 9)

In accordance with IFRS 9, the Sub-Fund classifies its financial assets and financial liabilities at initial recognition into the categories of financial assets and financial liabilities discussed below.

In applying that classification, a financial asset or financial liability is considered to be held for trading if:

- It is acquired or incurred principally for the purpose of selling or repurchasing it in the near term, or
- On initial recognition, it is part of a portfolio of identified financial instruments that are managed together and for which, there is evidence of a recent actual pattern of short-term profit-taking, or
- It is a derivative (except for a derivative that is a financial guarantee contract or a designated and effective hedging instrument)

Financial assets

The Sub-Fund classifies its financial assets as subsequently measured at amortised cost or measured at profit or loss on the basis of both:

- The entity's business model for managing the financial assets
- The contractual cash flow characteristics of the financial asset

NOTES TO FINANCIAL STATEMENTS

31 December 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial instruments (continued)

(a) Classification (*continued*)

(i) Policy effective from 1 January 2018 (IFRS 9) (*continued*)

Financial assets measured at amortised cost

Financial assets are measured at amortised cost if it is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and its contractual terms give rise on specified dates to cash flows that are SPPI on the principal amount outstanding. The Sub-Fund includes in this category short-term non-financing receivables including other receivable.

Financial assets measured at FVPL

A financial asset is measured at FVPL if:

- Its contractual terms do not give rise to cash flows on specified dates that are SPPI on the principal amount outstanding, or
- It is not held within a business model whose objective is either to collect contractual cash flows, or to both collect contractual cash flows and sell, or
- At initial recognition, it is irrevocably designated as measured at FVPL when doing so eliminates or significantly reduces a measurement or recognition inconsistency that would otherwise arise from measuring assets or liabilities or recognising the gains and losses on them on different bases.

The Sub-Fund includes in this category instruments held for trading. This category includes equity instruments which are acquired principally for the purpose of generating a profit from short-term fluctuations in price.

Financial liabilities

Financial liabilities measured at amortised cost includes all financial liabilities. The Sub-Fund includes in this category management fee payable, custodian, fund administration and trustee fees payables, amounts due to participating dealers and other payables and accruals.

(ii) Policy effective before 1 January 2018 (IAS 39)

The Sub-Fund classifies its financial assets and liabilities into the following categories, in accordance with IAS 39 Financial Instruments: Recognition and Measurement.

Financial assets at FVPL

Financial assets designated at FVPL upon initial recognition: these include equity securities. These financial assets are designated upon initial recognition on the basis that they are part of a group of financial assets which are managed and have their performance evaluated on a fair value basis, in accordance with risk management and investment strategies of the Sub-Fund.

Loans and receivables

Loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. The Sub-Fund includes in this category amounts relating to other receivable and cash and cash equivalents.

Financial liabilities

This category includes all financial liabilities. The Sub-Fund includes in this category amounts relating to management fee payable, custodian, fund administration and trustee fees payable, amounts due to participating dealers and other payables and accruals.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial instruments (continued)

(b) Recognition (under IFRS9 and IAS39)

The Sub-Fund recognises a financial asset or a financial liability when it becomes a party to the contractual provisions of the instrument.

Purchases or sales of financial assets that require delivery of assets within the time frame generally established by regulation or convention in the market place (regular way trades) are recognised on the trade date, i.e., the date that the Sub-Fund commits to purchase or sell the financial asset.

(c) Initial measurement (under IFRS9 and IAS39)

Financial assets and financial liabilities at FVPL are recorded in the statement of financial position at fair value. All transaction costs for such instruments are recognised directly in profit or loss.

Financial assets and liabilities (other than those classified as at FVPL) are measured initially at their fair value plus any directly attributable incremental costs of acquisition or issue.

(d) Subsequent measurement (under IFRS9 and IAS39)

After initial measurement, the Sub-Fund measures financial instruments which are classified as at FVPL, at fair value. Subsequent changes in the fair value of those financial instruments are recorded in net gain or loss on financial assets and liabilities at FVPL in the statement of comprehensive income. Interest and dividends earned or paid on these instruments are recorded separately in interest revenue or expense and dividend revenue or expense in the statement of comprehensive income.

Other receivable is measured at amortised cost using the effective interest method ("EIR") less any allowance for impairment. Gains and losses are recognised in profit or loss when the financial assets are derecognised or impaired, as well as through the amortisation process.

Financial liabilities, other than those classified as at FVPL, are measured at amortised cost using the EIR. Gains and losses are recognised in profit or loss when the liabilities are derecognised, as well as through the amortisation process.

The EIR is a method of calculating the amortised cost of a financial asset or a financial liability and of allocating and recognising the interest income or interest expense in profit or loss over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments or receipts through the expected life of the financial asset or financial liability to the gross carrying amount of the financial asset or to the amortised cost of the financial liability.

When calculating the effective interest rate, the Sub-Fund estimates cash flows considering all contractual terms of the financial instruments, but does not consider ECLs. The calculation includes all fees paid or received between parties to the contract that are an integral part of the effective interest rate, transaction costs and all other premiums or discounts.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Financial instruments (continued)

(e) Derecognition (under IFRS9 and IAS39)

A financial asset (or, where applicable, a part of a financial asset or a part of a group of similar financial assets) is derecognised where the rights to receive cash flows from the asset have expired, or the Sub-Fund has transferred its rights to receive cash flows from the asset, or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a pass-through arrangement and the Sub-Fund has:

- Transferred substantially all the risks and rewards of the asset, or
- Neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Sub-Fund has transferred its right to receive cash flows from an asset (or has entered into a pass-through arrangement), and has neither transferred nor retained substantially all of the risks and rewards of the asset transferred control of the asset, the asset is recognised to the extent of the Sub-Fund's continuing involvement in the asset. In that case, the Sub-Fund also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Sub-Fund has retained. The Sub-Fund derecognises a financial liability when the obligation under the liability is discharged, cancelled or expired.

Impairment of financial assets

(a) Policy effective from 1 January 2018 (IFRS 9)

For financial assets measured at amortised cost, impairment allowances are recognised under the general approach where ECLs are recognised in two stages. For credit exposures where there has not been a significant increase in credit risk since initial recognition, the Sub-Fund is required to provide for credit losses that result from possible default events within the next 12 months. For those credit exposures where there have been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure irrespective of the timing of the default.

The Sub-Fund's approach to ECLs reflects a probability-weighted outcome, the time value of money and reasonable and supportable information that is available without undue cost or effort at the reporting date about past events, current conditions and forecasts of future economic conditions.

The Sub-Fund uses the provision matrix as a practical expedient to measuring ECLs on other receivable, based on days past due for groupings of receivables with similar loss patterns. Receivables are grouped based on their nature. The provision matrix is based on historical observed loss rates over the expected life of the receivables and is adjusted for forward-looking estimates.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of financial assets (continued)

(b) Policy effective before 1 January 2018 (IAS 39)

The Sub-Fund assesses at the end of each reporting period whether a financial asset or a group of financial assets classified as loans and receivables is impaired. A financial asset or a group of financial assets is deemed to be impaired if, and only if, there is an objective evidence of impairment as a result of one or more events that have occurred after the initial recognition of the asset (an incurred "loss event") and that loss event has an impact on the estimated future cash flows of the financial asset or the group of financial assets that can be reliably estimated. Evidence of impairment may include indications that the debtor, or a group of debtors, is experiencing significant financial difficulty, default or delinquency in interest or principal payments, the probability that they will enter bankruptcy or other financial reorganisation and, where observable data indicate that there is a measurable decrease in the estimated future cash flows, such as changes in arrears or economic conditions that correlate with defaults. If there is objective evidence that an impairment loss has been incurred, the amount of the loss is measured as the difference between the asset's carrying amount and the present value of estimated future cash flows (excluding future ECLs that have not yet been incurred) discounted using the asset's original effective interest rate. The carrying amount of the asset is reduced through the use of an allowance account and the amount of the loss is recognised in profit or loss as "credit loss expense".

Impaired debts, together with the associated allowance, are written off when there is no realistic prospect of future recovery and all collateral has been realised or has been transferred to the Sub-Fund. If, in a subsequent period, the amount of the estimated impairment loss increases or decreases because of an event occurring after the impairment was recognised, the previously recognised impairment loss is increased or reduced by adjusting the allowance account. If a previous write-off is later recovered, the recovery is credited to profit or loss.

Interest revenue on impaired financial assets is recognised using the rate of interest to discount the future cash flows for the purpose of measuring the impairment loss.

Offsetting financial instruments

Financial assets and financial liabilities are offset and the net amount reported in the statement of financial position if, and only if, there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the asset and settle the liability simultaneously. This is generally not the case with master netting agreements unless one party to the agreement defaults and the related assets and liabilities are presented gross in the statement of financial position.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fair value measurement

The Sub-Fund measures its investments in financial instruments, such as equity instruments, at fair value at each reporting date.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either:

- In the principal market for the asset or liability, or
- In the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Sub-Fund.

The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

The Sub-Fund uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

The fair value for financial instruments traded in active markets at the reporting date is based on their quoted price, without any deduction for transaction costs.

For all other financial instruments not traded in an active market, the fair value is determined using valuation techniques deemed to be appropriate in the circumstances. Valuation techniques include the market approach (i.e., using recent arm's length market transactions, adjusted as necessary, and reference to the current market value of another instrument that is substantially the same) and the income approach (i.e., discounted cash flow analysis and option pricing models making as much use of available and supportable market data as possible).

All assets and liabilities for which fair value is measured or disclosed in the financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the financial statements on a recurring basis, the Sub-Fund determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Cash and cash equivalents

Cash and cash equivalents in the statement of financial position comprise cash on hand, demand deposits, short-term deposits in banks and short-term highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, with original maturities of three months or less.

Short-term investments that are not held for the purpose of meeting short-term cash commitments and restricted margin accounts are not considered as cash and cash equivalents.

For the purpose of the statement of cash flows, cash and cash equivalents consist of cash and cash equivalents as defined above, net of outstanding bank overdrafts when applicable.

Functional and presentation currency

The Sub-Fund's functional currency is RMB, which is the currency of the primary economic environment in which it operates. The Sub-Fund's performance is evaluated and its liquidity is managed in RMB. Moreover, the net asset value per unit at the time of issue or redemption is determined and units quoted on the SEHK are denominated in RMB.

Therefore, the RMB is considered as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions. The Sub-Fund's presentation currency is also RMB.

Foreign currency translations

Transactions during the year, including purchases and sales of securities, income and expenses, are translated at the rate of exchange prevailing on the date of the transaction.

Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or transaction of monetary items are recognised in the statement of comprehensive income.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value is determined.

Foreign currency transaction gains and losses on financial instruments classified as at FVPL are included in profit or loss in the statement of comprehensive income.

Taxes

In some jurisdictions, dividend income, interest income and capital gains are subject to withholding income tax deducted at the source of the income. The Sub-Fund presents the withholding tax separately from the gross investment gains in the statement of comprehensive income. For the purpose of the statement of cash flows, cash inflows from investments are presented net of withholding taxes, when applicable.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Redeemable units

Redeemable units are classified as an equity instrument when:

- (a) The redeemable units entitle the holder to a *pro-rata* share of the Sub-Fund's net assets in the event of the Sub-Fund's liquidation.
- (b) The redeemable units are in the class of instruments that is subordinate to all other classes of instruments.
- (c) All redeemable units in the class of instruments that is subordinate to all other classes of instruments have identical features.
- (d) The redeemable units do not include any contractual obligation to deliver cash or another financial asset other than the holder's rights to a *pro-rata* share of the Sub-Fund's net assets.
- (e) The total expected cash flows attributable to the redeemable units over the life of the instrument are based substantially on profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Sub-Fund over the life of the instrument.

In addition to the redeemable units having all the above features, the Sub-Fund must have no other financial instruments or contracts that have:

- (a) Total cash flows based substantially on profit or loss, the change in the recognised net assets or the change in the fair value of the recognised and unrecognised net assets of the Sub-Fund, and
- (b) The effect of substantially restricting or fixing the residual return to the redeemable unitholders.

The Sub-Fund continuously assesses the classification of the redeemable units. If the redeemable units cease to have all the features or meet all the conditions set out to be classified as equity, the Sub-Fund will reclassify them as financial liabilities and measure them at fair value at the date of reclassification, with any differences from the previous carrying amount recognised in equity. If the redeemable units subsequently have all the features and meet the conditions to be classified as equity, the Sub-Fund will reclassify them as equity instruments and measure them at the carrying amount of the liabilities at the date of the reclassification.

The issuance, acquisition and cancellation of redeemable units are accounted for as equity transactions.

Upon issuance of redeemable units, the consideration received is included in equity. Transaction costs incurred by the Sub-Fund in issuing or acquiring its own equity instruments are accounted for as a deduction from equity to the extent that they are incremental costs directly attributable to the equity transaction that otherwise would have been avoided.

Own equity instruments that are reacquired are deducted from equity and accounted for at amounts equal to the consideration paid, including any directly attributable incremental costs.

No gain or loss is recognised in the statement of comprehensive income on the purchase, sale, issuance or cancellation of the Sub-Fund's own equity instruments.

Dividend income

Dividend income is recognized on the date when the Sub-Fund's right to receive the payment is established. Dividend income is presented gross of any non-recoverable withholding income taxes, which are disclosed separately in the statement of comprehensive income.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

3. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Interest income

Interest income is recognised in the statement of comprehensive income as it accrues using the effective interest method.

Net change in unrealised gains or losses on financial assets at FVPL

This item includes changes in the fair value of financial assets and liabilities at FVPL and excludes interest and dividend income and expenses.

Unrealised gains and losses comprise changes in the fair value of financial instruments for the period and from reversal of prior period's unrealised gains and losses for financial instruments which were realised in the reporting period.

Net realised gains or losses on financial assets at FVPL

Realised gains and losses on disposals of financial instruments classified as at FVPL are calculated using the weighted average method. They represent the difference between an instrument's average cost and disposal amount.

Distributions to unitholders

Distributions are at the discretion of the Sub-Fund. A distribution to the Sub-Fund's unitholders is accounted for as a deduction from net assets attributable to unitholders. A proposed distribution is recognised as a liability in the year in which it is approved by the Manager.

Related parties

A party is considered to be related to the Sub-Fund if:

- (a) the party is a person or a close member of that person's family and that person
 - (i) has control or joint control over the Sub-Fund;
 - (ii) has significant influence over the Sub-Fund; or
 - (iii) is a member of the key management personnel of the Sub-Fund or of a parent of the Sub-Fund;

or

- (b) the party is an entity where any of the following conditions applies:
 - (i) the entity and the Sub-Fund are members of the same group;
 - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
 - (iii) the entity and the Sub-Fund are joint ventures of the same third party;
 - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
 - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Sub-Fund or an entity related to the Sub-Fund;
 - (vi) the entity is controlled or jointly controlled by a person identified in (a);
 - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
 - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Sub-Fund or to the parent of the Sub-Fund.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

4. SIGNIFICANT ACCOUNTING JUDGEMENTS AND CHANGES IN ACCOUNTING ESTIMATES

The preparation of the Sub-Fund's financial statements requires the Manager to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in future periods.

Going concern

The Manager has made an assessment of the Sub-Fund's ability to continue as a going concern and is satisfied that the Sub-Fund has the intention and resources to continue in business for the next 12 months after the year end date. Furthermore, the Manager is not aware of any material uncertainties that may cast significant doubt upon the Sub-Fund's ability to continue as a going concern. Therefore, the financial statements continue to be prepared on the going concern basis.

Taxation

In preparing these financial statements, the Manager has made certain assumptions and used various estimates concerning the tax exposure which is dependent on what might happen in the future. The resulting accounting estimates may not equal the related actual results.

Fair value of suspended equity investments

The suspended equity investments have been valued based on the Index Return Method and Market Comparable Method as detailed in note 13 to the financial statements. In addition, the Manager makes estimates about the liquidity discount. The Sub-Fund classifies the fair value of these investments as Level 3.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

5. TRANSACTIONS WITH THE TRUSTEE AND MANAGER AND THEIR CONNECTED PERSONS

The following is a summary of significant related party transactions entered into during the year between the connected persons of the Sub-Fund, as defined in the SFC Code, including the Trustee, the Manager and their connected persons. All transactions entered into during the year between the Sub-Fund, the Trustee, the Manager and their connected persons were carried out in the normal course of business and on normal commercial terms. To the best of the Manager's knowledge, the Sub-Fund does not have any other transactions with connected persons except for those disclosed below:

(a) Management fee

The Manager is entitled to receive a management fee from the Sub-Fund, at a rate of 0.70% (up to maximum of 1%) per annum with respect to the net asset value of the Sub-Fund calculated and accrued on each dealing day and is paid monthly in arrears.

The management fee incurred during the year ended 31 December 2018 amounted to RMB71,764,466 (2017: RMB70,435,396). As at 31 December 2018, a management fee of RMB6,843,073 (2017: RMB6,138,403) was payable to the Manager.

(b) Custodian, fund administration and trustee fees

Custodian fees and fund administration fees pertain to the amounts charged by the Trustee as safe keeping and fund administration fees. The Trustee will bear the fees of Citibank, N.A. (the "Administrator and Custodian") and Citibank (China) Co., Limited (the "PRC Custodian").

The Trustee is entitled to receive a trustee fee from the Sub-Fund which is accrued on each dealing day and is paid monthly in arrears. The trustee fee is calculated as a percentage per annum of the net asset value of the Sub-Fund at the current rates ranging from 0.07% to 0.10%, subject to a monthly minimum of US\$4,000.

Under the terms of the Trust Deed, the Trustee may, after consulting the Manager, on giving not less than one month's notice to unitholders, increase the rate of the trustee fee payable in respect of the Sub-Fund up to or towards the maximum rate of 1% per annum of the net asset value of the Sub-Fund accrued daily and calculated as at each dealing day and payable monthly in arrears.

The custodian, fund administration and trustee fees for the year ended 31 December 2018 amounted to RMB7,602,593 (2017: RMB7,230,739). As at 31 December 2018, the custodian, fund administration and trustee fees of RMB2,898,735 (2017: RMB3,767,711) and a transaction fee of RMB432,000 (2017: RMB410,000) were payable to the Trustee.

(c) Financial statement preparation fee

The Trustee is entitled to receive a financial statement preparation fee from the Sub-Fund for the preparation of interim and year-end financial statements.

The financial statement preparation fee incurred during the year ended 31 December 2018 amounted to RMB64,948 (2017: RMB69,548). As at 31 December 2018, a financial statement preparation fee of RMB162,021 (2017: RMB97,072) was payable to the Trustee.

(d) Brokerage fee

Brokerage fees pertain to the broker commission and administration fees for every transaction made through the brokers at the average market rate of 0.08% (2017: 0.08%) based on the transaction value. Brokerage fees through CITIC Securities Co. Ltd., the ultimate holding company of the Manager, amounted to RMB659,885 (2017: RMB163,268).

NOTES TO FINANCIAL STATEMENTS

31 December 2018

5. TRANSACTIONS WITH THE TRUSTEE AND MANAGER AND THEIR CONNECTED PERSONS
(continued)

(e) Investment transactions with connected persons of the Manager

	Aggregate value of purchases and sales of securities RMB	Total commission paid RMB	% of Sub-Fund's total transactions during the period %	Average commission rate %
<u>2018</u>				
CITIC Securities Co. Ltd.	824,898,467	659,885	6.16%	0.08%
<u>2017</u>				
CITIC Securities Co. Ltd.	213,997,068	163,268	1.59%	0.08%

(f) Cash and cash equivalents

Bank balances are maintained with the Administrator and Custodian and the PRC Custodian of the Sub-Fund. Bank balances deposited with the Administrator and Custodian and the PRC Custodian as at 31 December 2018 and 31 December 2017 are summarised below:

	2018 RMB	2017 RMB
Cash at banks	<u>99,894,957</u>	<u>94,106,564</u>

The carrying amount of cash at banks approximates to its fair value as at year end.

6. SOFT COMMISSION ARRANGEMENTS

The Manager and its connected persons have not received any soft dollar commissions or entered into any soft dollar arrangements in respect of the management of the Sub-Fund for the years ended 31 December 2018 and 31 December 2017. The Manager and its connected persons have not retained any cash rebates from any broker or dealer.

7. TAXATION

Hong Kong profits tax

No provision for Hong Kong profits tax has been made for the Sub-Fund as the dividend income and realised gain on disposal of investments of the Sub-Fund are excluded from the charge to profits tax under Section 14, Section 26 or Section 26A of the Hong Kong Inland Revenue Ordinance.

PRC capital gain tax

No PRC withholding income tax credit on capital gains, including unrealised gains and realised gains was recognised by the Sub-Fund for the years ended 31 December 2018 and 31 December 2017.

PRC distribution tax

A ten per-cent (10%) PRC withholding income tax has been levied on dividend and interest payments from PRC-listed companies to foreign investors. The Sub-Fund is subject to a distribution tax of ten per-cent (10%). There is no assurance that the rate of the distribution tax will not be changed by the PRC tax authorities in the future. The distribution tax provided for the year ended 31 December 2018 was RMB22,177,816 (2017: RMB22,164,870).

NOTES TO FINANCIAL STATEMENTS

31 December 2018

8. AMOUNTS DUE TO PARTICIPATING DEALERS

The balance represents the amounts due to participating dealers and is expected to be settled within 90 days.

9. DISTRIBUTION

	Distribution RMB	Distribution per unit RMB
Distribution declared by the Manager on		
- 20 July 2018 (paid on 26 July 2018)	96,232,500	0.35
- 19 July 2017 (paid on 27 July 2017)	89,446,500	0.33

The Manager may in its absolute discretion distribute income to unitholders at such time or times as it may determine in each financial year or determine that no distribution shall be made in any financial year. The amount to be distributed to unitholders, if any, will be derived from the net income of the Sub-Fund.

10. THE REDEEMABLE UNITS

	2018 Number of units	2017 Number of units
Units in issue at the beginning of the year	269,700,000	280,050,000
Issue of units	214,650,000	153,150,000
Redemption of units	(99,600,000)	(163,500,000)
Units in issue at the end of the year	<u>384,750,000</u>	<u>269,700,000</u>
	2018 At last traded market price RMB	2017 At last traded market price RMB
Dealing net asset value at the end of the year	<u>11,816,519,143</u>	<u>11,093,007,702</u>
Dealing net asset value per unit at the end of the year	<u>30.7122</u>	<u>41.1309</u>

The creation and redemption of units of the Sub-Fund can only be facilitated by or through participating dealers. Investors other than the participating dealers make a request to create or redeem units through a participating dealer, and if the investor is a retail investor, such request must be made through a stockbroker which has opened an account with a participating dealer.

The Trustee shall receive subscription proceeds from the participating dealers for the creation of units and pay redemption proceeds for the redemption of units to the relevant participating dealer in such form and manner as prescribed by the Trust Deed.

Units are denominated in RMB and no fractions of a unit shall be created or issued by the Trustee. Units of the Sub-Fund are offered and issued at their dealing net asset value only in aggregations of a specified number of application units (the "Application Unit"). Units are redeemable only in an Application Unit or multiple thereof at the dealing net asset value. Currently, creation and redemption of units are effected in cash.

Financial assets at fair value through profit or loss:		
Listed equity securities	<u>11,751,134,225</u>	<u>11,034,982,201</u>

12. FAIR VALUE OF FINANCIAL INSTRUMENTS

The following table shows an analysis of the Sub-Fund's financial assets measured at fair value at 31 December 2018 and 31 December 2017:

	Level 1 RMB'000	Level 2 RMB'000	Level 3 RMB'000	Total RMB'000
<u>2018</u>				
<u>Financial assets at fair value through profit or loss</u>				
Listed equity securities	<u>11,577,361</u>	<u>–</u>	<u>173,773</u>	<u>11,751,134</u>
<u>2017</u>				
<u>Financial assets at fair value through profit or loss</u>				
Listed equity securities	<u>10,759,009</u>	<u>–</u>	<u>275,973</u>	<u>11,034,982</u>

Transfers between Level 1 and Level 2

As at 31 December 2018 and 31 December 2017, no listed equity securities were reclassified from Level 1 to Level 2.

Transfers between Level 1 and Level 3

As at 31 December 2018, the Sub-Fund reclassified one listed equity security, CITIC Securities Co Ltd (stock code: 600030), from Level 1 to Level 3 following the suspension of trading of the investments.

As at 31 December 2017, the Sub-Fund reclassified ten listed equity securities from Level 1 to Level 3 following the suspension of trading of the investments. Those financial assets are namely (1) Aluminum Corp of China Ltd (stock code: 601600), (2) Aurora Optoelectronics Co Ltd (stock code: 600666), (3) China CSSC Holdings Ltd (stock code: 600150), (4) CSSC Offshore and Marine Engineering Group Co Ltd (stock code: 600685), (5) Guangzhou Baiyunshan Pharmaceutical Holdings Co Ltd (stock code: 600332), (6) Inner Mongolia Junzheng Energy & Chemical Industry Group Co (stock code: 601216), (7) Kingenta Ecological Engineering Group Co Ltd (stock code: 002470), (8) Wanda Film Holding Co Ltd (stock code: 002739), (9) Wanhua Chemical Group Co Ltd (stock code: 600309) and (10) Wintime Energy Co Ltd (stock code: 600157). As at 31 December 2018, all of these listed equity securities have been reclassified to Level 1 due to resumption of trading in 2018.

Transfers between levels of fair value hierarchy are deemed to have occurred at the end of the reporting period.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

12. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

Transfers between Level 1 and Level 3 (continued)

The following table shows the total amount of all transfers of financial assets at fair value through profit or loss from Level 1 to Level 3 of the fair value hierarchy:

	Transfer from Level 1 to Level 3	
	2018	2017
	RMB	RMB
Financial assets at fair value through profit or loss		
- Listed equity securities	<u>152,106,663</u>	<u>205,809,974</u>

Transfers between Level 2 and Level 3

As at 31 December 2018 and 31 December 2017, no listed equities were reclassified from Level 2 to Level 3.

Valuation techniques

Level 1

When fair values of listed equity securities at the reporting date are based on quoted market prices or binding dealer price quotations, in an active market for identical assets without any adjustments, the instruments are included within Level 1 of the hierarchy. The Sub-Fund values these investments at last traded prices.

Level 2

The Manager has adopted the Index Return Method to perform valuation for investments suspended from trading. As the model incorporates unobservable inputs, whether resumed or not, the investments suspended from trading are classified as Level 3. Hence, no investments are classified as Level 2 in 2018 and 2017.

Level 3

The valuation of investments suspended from trading is performed on a daily basis by the portfolio manager of the Manager and reviewed by senior management of the Manager and the Trustee. The fair value was estimated by the Manager using the Index Return Method and then adjusting the last traded price by applying available data of the corresponding sector of those investments since the suspension date. The model incorporates unobservable inputs which include the relevant industry index. Also, the Market Comparable Method was used to estimate the fair value, in which the last traded price before the suspension of trading was used and then adjusted by applying a liquidity discount. The model incorporates unobservable inputs which include qualitative assessment. Both valuation methods are generally accepted in the industry. Hence, the Sub-Fund classifies the fair value of these investments as Level 3.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

12. FAIR VALUE OF FINANCIAL INSTRUMENTS (continued)

Quantitative information of significant unobservable inputs - Level 3

Description	RMB	Valuation technique	Unobservable input
31 December 2018			
Equity securities

Cash at banks held with the Administrator and Custodian and the PRC Custodian was placed into interest bearing accounts.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

14. INVESTMENT LIMITATION AND PROHIBITIONS UNDER THE SFC CODE

According to Chapter 7.1 of the investment limitations and prohibitions of a collective investment scheme, the value of a Sub-Fund's holding of securities issued by any single issuer may not exceed 10% of its total net asset value.

The SFC Code allows the Sub-Fund to invest in constituent securities issued by a single issuer for more than 10% of the Sub-Fund's net asset value provided that:

- (a) the investment is limited to any constituent securities that each accounts for more than 10% of the weighting of the index; and
- (b) the Sub-Fund's holding of any such constituent securities may not exceed their respective weightings in the index, except where weightings are exceeded as a result of changes in the composition of the index and the excess is only transitional and temporary in nature.

The SFC Code further provides that, if the investment limits stated above are breached, the management company should take as a priority objective all steps as are necessary within a reasonable period of time to remedy the situation, taking due account of the interests of the unitholders. The Trust Deed of the Trust also contains provisions mirroring the above provisions of the SFC Code.

The Manager and the Trustee have confirmed that the Sub-Fund has complied with this limit during the year.

There were no constituent securities that individually accounted for more than 10% of the net asset value of the Sub-Fund and their respective weightings of the Index as at 31 December 2018.

15. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES

Risk management

Risk is inherent in the Sub-Fund's activities, but it is managed through a process of ongoing identification, measurement and monitoring. The Manager is responsible for identifying and controlling risks. In the perspective of risk management, the Sub-Fund's objective is to create and protect value for unitholders.

The Sub-Fund is exposed to market risk (which includes price risk, interest rate risk and currency risk), credit risk and liquidity risk arising from the financial instruments it holds.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

15. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (continued)

Risk management (continued)

(a) Market risk

(i) Equity price risk

Market price risk is the risk that the value of financial instruments will fluctuate as a result of changes in market prices, either caused by factors specific to the individual instruments or factors affecting all instruments in the market.

The Sub-Fund invested substantially all of its assets in A-Shares of those PRC companies comprising the Index in substantially the same weightings as constituted in CSI 300 Index. The Sub-Fund is therefore exposed to substantially the same market price risk as the Index.

When there are changes in the constituent A-Shares comprised in the Index and/or their respective weightings within the Index, the Manager will rebalance the composition of the relevant investment holdings or the underlying dynamic basket of A-Shares of selected constituent companies of the Index.

As at 31 December 2018 and 31 December 2017, the Sub-Fund's investments were concentrated in the following industries.

	2018		2017	
	Fair value RMB	% of net asset value	Fair value RMB	% of net asset value
A-Shares holdings				
- by sectors				
Communication				
Services	155,751,686	1.32%	76,486,235	0.69%
Consumer Discretionary	1,144,357,293	9.68%	1,231,788,150	11.10%
Consumer Staples	1,007,341,778	8.52%	880,903,022	7.94%
Energy	302,021,096	2.56%	262,634,540	2.37%
Financials	4,105,222,508	34.74%	3,715,379,252	33.49%
Health Care	785,344,855	6.65%	610,978,336	5.51%
Industrials	1,650,803,060	13.97%	1,554,702,772	14.02%
Information Technology	864,490,195	7.32%	1,064,891,583	9.60%
Materials	816,167,680	6.91%	797,461,077	7.19%
Real Estate	559,396,070	4.73%	551,810,597	4.97%
Utilities	360,238,004	3.05%	287,946,637	2.60%
	<u>11,751,134,225</u>	<u>99.45%</u>	<u>11,034,982,201</u>	<u>99.48%</u>

Sensitivity analysis in the event of a possible change in the Index by 5% as estimated by the Manager

As at 31 December 2018, if the Index was to increase by 5% (2017: 5%) with all other variables held constant, the pre-tax profit for the year would have increased by approximately RMB588 million (2017: RMB552 million). Conversely, if the Index was to decrease by 5% (2017: 5%), the pre-tax profit for the year would have decreased by an approximately equal amount. The above sensitivity is affected by the tracking difference of the Sub-Fund.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

15. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (continued)

Risk management (continued)

(a) Market risk (continued)

(ii) Interest rate risk

Interest rate risk is the risk that the value of a financial instrument or future cash flows will fluctuate due to changes in market interest rates.

The Manager considers that the Sub-Fund is not subject to significant risk due to fluctuations in the prevailing level of market interest rates. As the Sub-Fund has no investments in fixed income assets, the Manager considers that changes in the fair value of its net assets in the event of a change in market interest rates will not be material. Therefore, no sensitivity analysis is presented.

(iii) Currency risk

Currency risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

Approximately 100% (2017: 100%) of the Sub-Fund's sales and purchases were denominated in RMB, the Sub-Fund's functional currency. Assets and liabilities held by the Sub-Fund are mainly denominated in RMB. Therefore, the Manager considers the Sub-Fund is not exposed to significant currency risk and no sensitivity analysis is presented.

(b) Credit and counterparty risk

Credit risk is the risk of loss to the Sub-Fund that may arise on outstanding financial instruments should a counterparty default on its obligations. The Sub-Fund minimises exposure to credit risk by only dealing with creditworthy counterparties.

All transactions by the Sub-Fund in securities are settled/paid for upon delivery using an approved broker. The risk of default is considered minimal, as delivery of securities is only made once the broker has received payment. Payment is made on a purchase once the securities have been received by the broker. The trade will fail if either party fails to meet its obligation.

The Manager's policy is to closely monitor the creditworthiness of the Sub-Fund's counterparties (e.g., brokers, custodian and banks) by reviewing their credit ratings, financial statements and press releases on a regular basis.

Credit risk disclosures are segmented into two sections based on whether the underlying financial instrument is subject to IFRS 9's impairment disclosures or not.

Financial assets subject to IFRS 9's impairment requirements

The Sub-Fund's financial assets subject to the ECL model within IFRS 9 are only cash and cash equivalents, other receivable. As at 31 December 2018, the total of cash and cash equivalents and other receivable was RMB100,000,226 on which no loss allowance had been provided (2017: total of RMB94,714,525 on which no loss had been incurred). It is considered that there is no concentration of credit risk within these assets. No assets are considered impaired and no amounts have been written off in the year.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

15. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (continued)

Risk management (continued)

(b) Credit and counterparty risk (continued)

For financial assets measured at amortised cost, the Sub-Fund applies the general approach for impairment, there is no information indicating that the financial assets had a significant increase in credit risk since initial recognition. The financial assets therefore are still classified at stage 1 and presented in gross carrying amount.

In calculating the loss allowance, a provision matrix has been used based on historical observed loss rates over the expected life of the receivables adjusted for forward-looking estimates. All the Sub-Fund's cash and cash equivalents are held in major financial institutions located in Hong Kong and Mainland China, which the Manager believes are of high credit quality. The Manager considers the Sub-Fund is not exposed to significant credit risk and no loss allowance has been made.

Financial assets not subject to IFRS 9's impairment requirements

The Sub-Fund is exposed to credit risk on equity securities. This class of financial assets is not subject to IFRS 9's impairment requirements as they are measured at FVPL. The carrying value of these assets, under both IAS 39 (2017) and IFRS 9 (2018) represents the Sub-Fund's maximum exposure to credit risk on financial instruments not subject to the IFRS 9 impairment requirements on the respective reporting dates. Hence, no separate maximum exposure to credit risk disclosure is provided for these instruments.

The Sub-Fund's financial assets which are potentially subject to concentrations of counterparty risk consist principally of assets held with the Custodian. The tables below summarise the Sub-Fund's assets placed with the PRC Custodian and their related credit ratings from Standard & Poor's ("S&P"):

31 December 2018

	RMB	Credit rating	Source of credit rating
<u>Custodians</u>			
Citibank, N.A.	6,313,891,648	AA-	S&P
Citibank (China) Co., Limited	5,437,242,577	BBB+	S&P

31 December 2017

	RMB	Credit rating	Source of credit rating
<u>Custodians</u>			
Citibank, N.A.	1,668,822,506	A	S&P
Citibank (China) Co., Limited	9,366,159,695	BBB+	S&P

The Manager of the Sub-Fund considers that none of these assets are impaired nor past due as at 31 December 2018.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

15. FINANCIAL RISK AND MANAGEMENT OBJECTIVES AND POLICIES (continued)

Risk management (continued)

(c) Liquidity risk

Liquidity risk is the risk that the Sub-Fund may not be able to generate sufficient cash or resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

As at 31 December 2018 and 31 December 2017, the Sub-Fund held liquid assets, comprising financial assets at fair value through profit or loss, cash and cash equivalents and other receivable that are expected to readily generate cash inflows for managing liquidity risk.

The table below summarises the maturity profile of the Sub-Fund's financial assets and liabilities at the end of the reporting period based on contractual undiscounted cash flows in order to provide a complete view of the Sub-Fund's contractual commitments and liquidity.

Financial assets

Analysis of equity securities at FVPL into maturity groupings is based on the expected date on which these assets will be realised. For other assets, the analysis into maturity groupings is based on the remaining period from the end of the reporting period to the contractual maturity date or, if earlier, the expected date on which the assets will be realised.

Financial liabilities

The maturity grouping is based on the remaining period from the end of the reporting period to the contractual maturity date. When a counterparty has a choice of when the amount is paid, the liability is allocated to the earliest period in which the Sub-Fund can be required to pay.

At 31 December 2018

Capital management

The Sub-Fund's capital is represented by its net assets attributable to unitholders. The Sub-Fund strives to invest the subscriptions of redeemable participating units in investments that meet the Sub-Fund's investment objectives while maintaining sufficient liquidity to meet unitholder redemptions.

The Manager manages the capital of the Sub-Fund in accordance with the Sub-Fund's investment objectives and policies stated in the prospectus.

NOTES TO FINANCIAL STATEMENTS

31 December 2018

16. SEGMENT INFORMATION

The Manager makes the strategic resource allocations on behalf of the Sub-Fund and has determined the operating segments based on the reports reviewed which are used to make strategic decisions.

The Manager considers that the Sub-Fund has a single operating segment which is investments in securities. The objectives of the Sub-Fund are to track the performance of the Index and invest in substantially all the index constituents with security weight and industry weight that are closely aligned with the characteristics of the tracked index.

The internal financial information used by the Manager for the Sub-Fund's assets, liabilities and performance is the same as that disclosed in the statement of financial position and statement of comprehensive income.

The Sub-Fund is domiciled in Hong Kong. All of the Sub-Fund's income is derived from investments in securities which constitute its tracked index. The Sub-Fund's investments are mainly domiciled in the PRC.

The Sub-Fund has no assets classified as non-current assets. The Sub-Fund has portfolios that closely correspond to the security weight and industry weight of its tracked index.

17. APPROVAL OF THE FINANCIAL STATEMENTS

The financial statements were approved and authorised for issue by the Manager and the Trustee on 23 April 2019.

PERFORMANCE RECORD

Year ended 31 December 2018

1. NET ASSET VALUE (calculated in accordance with the Sub-Fund's Trust Deed)

	Net assets attributable to unitholders RMB	Net asset value per unit RMB
As at:		
31 December 2018	11,816,519,143	30.7122
31 December 2017	11,093,007,702	41.1309
31 December 2016	9,475,920,908	33.8365

2. HIGHEST ISSUE AND LOWEST REDEMPTION PRICES PER UNIT^A

	Highest issue unit price RMB	Lowest redemption unit price RMB
During the year/period ended:		
31 December 2018	44.7342	30.5351
31 December 2017	43.1972	33.9102
31 December 2016	36.5111	29.1665
31 December 2015	53.7690	30.5877
31 December 2014	35.3314	21.0387
31 December 2013	27.1919	21.6261
31 December 2012 ^C	24.9664	21.1203

3. COMPARISON OF THE SCHEME PERFORMANCE AND THE ACTUAL INDEX PERFORMANCE^A

The table below illustrates the comparison between the Sub-Fund's performance (Market-to-Market) and that of the Index during the following year/period:

	The Index (since 16 July 2012)	RMB counter of the Sub-Fund (since 17 July 2012)	HKD counter of the Sub-Fund (since 26 October 2012)
During the year/period ended:			
31 December 2018	43.81%	27.89%	25.22%
31 December 2017	88.27%	70.04%	75.49%
31 December 2016	37.94%	39.88%	33.75%
31 December 2015	55.48%	57.44%	59.33%
31 December 2014	47.25%	41.94%	52.57%
31 December 2013	-2.90%	-4.96%	4.44%
31 December 2012 ^B	5.13%	4.13%	11.72%

^A Past performance figures shown are not indicative of the future performance of the Sub-Fund.

^B The financial period of the Sub-Fund extended from 11 July 2012 (date of inception) to 31 December 2012.

^C The financial period of the Sub-Fund extended from 11 July 2012 (date of inception) to 31 December 2012.
