REASONS FOR ENTERING INTO THE PLACING AGREEMENT AND USE OF PROCEEDS

The Group is principally engaged in the provision of online training and education services.

The Directors have considered various fund raising methods and believe that taking into account the prevailing market conditions, the Placing represents an opportunity for the Group to raise equity capital for its future developments. In addition, the Placing will broaden the Company's shareholder base and strengthen its capital base and working capital position.

Assuming all the Placing Shares are successfully placed by the Placing Agent, the gross proceeds from the Placing will be approximately HK\$39.7 million. The net proceeds (assuming the Placing Shares are fully placed and after deducting the placing commission and all relevant expenses), will be approximately HK\$39.4 million, representing a net issue price of approximately HK\$0.0397 per Placing Share. The Company intends to apply the net proceeds as the general working capital and for any possible business development and investment of the Group when appropriate opportunities arise.

Accordingly, the Directors (including the independent non-executive Directors) consider that the terms of the Placing Agreement are fair and reasonable and in the interests of the Company and the Shareholders as a whole.
