LETTER FROM THE BOARD

II. PROVISION OF EXTERNAL GUARANTEES

The 13th meeting of the seventh session of the Board of Sinopec Corp. was convened on 14 April 2020, at which the Board reviewed and approved the resolution on the proposed investment of Sinopec Corp. in the Amur natural gas chemical project and the relevant guarantees and authorisation. SOIHL HK, a wholly-owned subsidiary of Sinopec Corp., intends to acquire 40% equity interest in AGCC held by Sibur, and provides fund to AGCC by way of capital contribution or shareholders' loans based on its shareholding percentage in AGCC on a proportionate basis, as well as negotiates and determines a series of agreements with respect to the future joint venture and cooperation in Project Amur, which include but not limited to the Service Agreement, Engineering Service Agreement, Ethane Supply Agreement, and Offtake Agreement, etc. Project Amur is located in Amurskaya Oblast, Far East of Russia, which is about 150 kilometers north of Heihe City of Heilongjiang Province. Sibur, the largest petrochemical company of Russia, is responsible for the development of Project Amur. The project makes use of the ethane and other materials separated from the natural gas of the east line of Sino-Russian natural gas pipeline as feedstock to produce polyolefin and other products. This project is cost-advantageous. Its scale of project is in the forefront of the world and its product market is mainly in China.

1. Basic Information on the Guaranteee

In order to facilitate the Amur Project, the Company proposed to provide a series of guarantees to AGCC and Chemical Commercial Hong Kong. Details of such guarantees are as follows:

(i) Performance Guarantee under the Engineering Service Agreement

In order to ensure that AGCC will perform its obligations under the Ethylene Cracking EPSS (Engineering, Procurement and Site Service) Engineering Service Agreement in a timely manner, after the completion of the Acquisition, Sinopec Corp. proposes to provide guarantee for the payment obligation and other obligations of AGCC under such Engineering Service Agreement according to the shareholding percentage of SOIHL HK in AGCC, and the maximum guarantee amount shall not exceed EUR 420 million. When AGCC fails to perform the obligations under Engineering Service Agreement in a timely manner, Sinopec Corp. will assume its guarantee liabilities. The term of

(ii) Performance Guarantee under the Ethane Supply Agreement

In order to ensure that AGCC will perform its payment obligations to ethane supplier in a timely manner, after the completion of the Acquisition, Sinopec Corp. proposes to provide guarantee for AGCC's obligations under the Ethane Supply Agreement according to the shareholding ratio of SOIHL HK in AGCC. When AGCC fails to perform such obligations in a timely manner, the Company will assume its guarantee liabilities. The guarantee amount is estimated to be approximately USD2.4 billion, and the term of guarantee will expire on 31 December 2047 (unless otherwise terminated earlier in accordance with relevant provisions). There is no counter-guarantee for the guarantee under the Ethane Supply Agreement. As at the date of this circular, relevant agreements in connection with the guarantee under the Ethane Supply Agreement have not been officially executed.

(iii) Performance Guarantee under the Offtake Agreement

The Offtake Agreement is proposed to stipulate that Chemical Commercial Hong Kong shall purchase the polyethylene products from AGCC and exclusively sell them in the Chinese market. To ensure that Chemical Commercial Hong Kong performs its obligations under the Offtake Agreement in a timely manner, Sinopec Corp. proposes to provide guarantee for the Chemical Commercial Hong Kong's performance of its obligations under the Offtake Agreement. When Chemical Commercial Hong Kong fails to perform such obligations in a timely manner, Sinopec Corp. will assume its guarantee liabilities. The term of guarantee shall be approximately 20 years from the commencement of the supply of relevant products (unless otherwise terminated earlier according to relevant provisions). There is no counter-guarantee for the guarantee under the Offtake Agreement. As at the date of this circular, relevant agreements in connection with the guarantee under the Offtake Agreement have not been officially executed.

(iv) Guarantee Provided for the Financing Loan of AGCC

Sinopec Corp. proposes to provide guarantee for the financing loan which AGCC will subsequently apply from financial institutions according to the shareholding percentage of SOIHL HK in AGCC. The guarantee amount includes the principal which is expected not to exceed USD3.64 billion and other costs such as corresponding interests, export credit premium etc. The term of such loan is expected to expire at the end of 2035. When AGCC fails to timely perform its repayment obligations, the Company will assume its guarantee liabilities as an obligor. The term of guarantee shall be terminated when the agreed conditions for releasing the guarantee specified in the financing documents are satisfied. There is no counter-guarantee for the guarantee under the financing loan, and the condition for releasing such guarantee is proposed to be specified as the full completion of performance of such repayment obligations. As at the date of this circular, relevant agreements in connection with the guarantee under the financing loan have not been officially executed.

LETTER FROM THE BOARD
