**DISCLOSEABLE TRANSACTION IN RELATION TO
THE LEASE AGREEMENT**

THE LEASE AGREEMENT

The Board hereby announces that on 26 August 2019, the Tenant (an indirect subsidiary of the Company) and the Landlord entered into a Lease Agreement in respect of the Property located in the U.S., which is subject to the entering into the Commencement Date Confirmation to confirm the enforceability of the Lease Agreement and the effective date of the Lease. Pursuant to the Commencement Date Confirmation, the possession of the Property was accepted by the Tenant on 16 December 2019 and the Lease has then become in full force and effect and the term of the Lease is established as 1 January 2020 to 30 June 2030.

IMPLICATIONS UNDER THE LISTING RULES

Pursuant to IFRS 16, the entering into the Lease Agreement as lessee will require the Group to recognise the Property as the right-of-use asset in its financial statements, in which the amount was approximately US\$6,963,420 (equivalent to approximately HK\$53,966,505) calculated with reference to the aggregated present value of the fixed lease payments less incentives given by the Landlord, discounted using a discount rate which is equivalent to the Company's incremental borrowing rate during the entire terms of the Lease Agreement, thus the entering into the Lease Agreement and the transaction contemplated thereunder will be regarded as an acquisition of asset by the Group under the Listing Rules.

As one or more of the applicable percentage ratios (as defined under Rule 14.07 of the Listing Rules) in respect of the Value of the Right-of-Use Asset exceed 5% but are below 25%, the transaction contemplated thereunder constitutes a discloseable transaction of the Company and is therefore subject to the reporting and announcement requirements but exempt from circular and shareholders' approval requirements under Chapter 14 of the Listing Rules.

INFORMATION ON THE PARTIES

The Group is a longstanding furniture seller on third party e-commerce platforms in the U.S., a mid to high-end furniture retailer in Singapore and an integrated home design solutions provider mainly in Singapore. The Tenant is an indirect subsidiary of the Company and is principally engaged in the business of the furniture sales in the U.S. of the Group.

To the best knowledge, information and belief of the Directors having made all reasonable enquiries, the Landlord is a limited liability company incorporated in the U.S. and is principally engaged in investment holding. The Landlord and its ultimate beneficial owners are Independent Third Parties.

REASONS FOR AND BENEFITS OF ENTERING THE LEASE AGREEMENT

The entering into the Lease Agreement which consists of a total gross area of 154,000 sq.ft. is part of the expansion plan of the Group in the U.S. following the expiry of the lease of the existing 95,074 sq. ft. warehouse in Carol Stream, Illinois which will expire in the end of June 2020 (the "Carol Stream Lease").

Although in the short term, initial moving costs, finance costs and depreciation expense incurred concurrently on the Lease and Carol Stream Lease, coupled with disruption to our business operations are likely to have an impact on the Group's financial performance in the first half of 2020, the Board is of the view that in the long term, the Lease Agreement will enable the Group to reduce its reliance on third party logistic services and have better control on logistics cost.

The terms of the Lease Agreement, were determined after arm's length negotiations between the Landlord and the Tenant upon normal commercial terms taking into consideration the prevailing market price for comparable premises in the vicinity of the Premises. The Lease Agreement is necessary for continuing the operation of business of the Group for use as office premises and warehousing purposes and is in the ordinary and usual course of business of the Group.

Having taken into account the above reasons and benefits, the Directors (including all the independent non-executive Directors) therefore consider that the terms of the Lease Agreement are on normal commercial terms, fair and reasonable and the transaction contemplated thereunder is in the interests of the Company and its shareholders as a whole.

IMPLICATIONS UNDER THE LISTING RULES

Pursuant to IFRS 16, the entering into the Lease Agreement as lessee will require the Group to recognise the Property as the right-of-use asset in its financial statements, in which the amount was approximately US\$6,963,420 (equivalent to approximately HK\$53,966,505) (the “**Value of the Right-of-Use Asset**”) calculated with reference to the aggregated present value of the fixed lease payments less incentives given by the Landlord, discounted using a discount rate which is equivalent to the Company’s incremental borrowing rate during the entire terms of the Lease Agreement, thus the entering into the Lease Agreement and the transaction contemplated thereunder will be regarded as an acquisition of asset by the Group under the Listing Rules.

As one or more of the applicable percentage ratios (as defined under Rule 14.07 of the Listing Rules) in respect of the Value of the Right-of-Use Asset exceed 5% but are below 25%, the transaction contemplated thereunder constitutes a discloseable transaction of the Company and is therefore subject to the reporting and announcement requirements but exempt from circular and shareholders’ approval requirements under Chapter 14 of the Listing Rules.
