In addition, subsequent to completion of the Investment Agreement, as Beijing Xigua needed financing to open more stores to expand its business, the Loan Agreement was entered into, among others, Beijing Xigua and Guangzhou Feidong (a wholly-owned subsidiary of the Company), pursuant to which Guangzhou Feidong agreed to grant the loan in the amount of no more than RMB53,000,000 to Beijing Xigua. In particular, in light of the circumstances, together with the fact that all the Consideration Shares are currently being held under an escrow account managed by the Escrow Agent, the parties to the Investment Agreement have been contemplating a mutually agreeable and viable settlement plan which has eventuated into the Transfer Agreement involving (a) the unwinding of the Acquisition (by way of the Equity Disposal and the Share Buy-back); and (b) the Loan Assignment.

The Transfer Agreement was considered and regarded by the parties to the Investment Agreement as the optimal solution to resolve the long-standing issues associated with (a) the non-fulfilment of the Profit Guarantee; (b) the deteriorating operational performance of Beijing Xigua; and (c) the protection of the interests of the Company and the Shareholders as a whole.

“As disclosed in note 38(a) to the consolidated financial statements, the Group acquired a 69.84% equity interest in Beijing Xigua Huyu Technology Co., Ltd. (“Beijing Xigua”) on 26 June 2019. Ms. Li Luyi (“Ms. Li”), the former executive director and chief executive officer of the Company, was responsible for the management and operation of Beijing Xigua prior to her loss of contact from late October to early November 2019 and her resignation on 7 November 2019. Due to the insufficient supporting documents and relevant explanations on the accounting books and records in respect of Beijing Xigua and its operations, we were unable to obtain sufficient appropriate audit evidence to satisfy ourselves as to whether the acquisition of Beijing Xigua and the following income and expenses for the year ended 31 December 2019 and the assets and liabilities as at 31 December 2019, and the segment information and other related disclosure notes in relation to the Group, as included in the consolidated financial statements of the Group, have been accurately recorded and properly accounted for in the consolidated financial statements ...”

For further details of the above qualified opinion, please refer to the 2019 Annual Report and the supplemental Announcement dated 22 October 2020.

Beijing Xigua has been held by the Company for less than 12 months prior to the date of the Transfer Agreement. The original acquisition cost of Beijing Xigua to the Group was RMB150,152,857 (composed of a cash consideration RMB20,000,000 and a consideration of RMB130,152,857 in the form of 22,268,908 Consideration Shares), which was determined taking into account a number of factors including but not limited to: (i) the previous assessment on the prospects of the virtual reality game industry by the Company’s management; (ii) the Thresholds as guaranteed profits pursuant to the terms and conditions of the Investment Agreement; (iii) a valuation of the 100% equity value of Beijing Xigua and its subsidiaries, namely 北京玩氩科技有限責任公司 (Beijing Wan Ke Technology Co., Ltd.*), 蕪湖空見信息科技有限公司 (Wuhu Kongjian Information Technology Co., Ltd.*) and 天津玩氩科技有限公司 (Tianjin Wan Ke Technology Co., Ltd.*) prepared by an independent valuer adopting market approach; (iv) the expected future development of Beijing Xigua, in particular its potential of being one of the largest VR game brands in the PRC; and (v) the expected benefits to be derived by the Group from the transaction as described under the paragraph headed “Reasons for and benefits of the Transaction” in the Announcement dated 24 April 2019.

FINANCIAL EFFECTS OF THE TRANSFER

Set out below are the impact of the Transfer Agreement and the transactions contemplated thereunder on the financial performance and financial position of the Group. It should be noted that they are for illustrative purpose only.

Earnings

Upon completion of the Equity Disposal, the Group expects to record a gain or loss on the Equity Disposal which will be reflected in the consolidated statement of profit or loss after taking into account the fair value of the Consideration Shares as at the date of the Completion less the net assets value of Beijing Xigua attributable to the Company as at the date of the Completion and the transaction costs to be incurred for the Equity Disposal.

Based on the net liabilities of Beijing Xigua attributable to the Company of approximately RMB89,522,000 as at 30 June 2020, the Company currently expects to recognise a gain of approximately RMB74,707,000 (by using the then closing price as the deemed fair value of the Consideration Shares of approximately HK\$69,702,000 (calculated by using the closing price of the Shares on 30 June 2020 of HK\$3.13 per Share times the number of Consideration Shares of 22,268,908) less the net liabilities of Beijing Xigua attributable to the Company of approximately RMB89,522,000 as at 30 June 2020). It is contemplated that the reserves of the Remaining Group will be increased upon the recognition of the disposal gain and the transaction costs in the consolidated statement of profit or loss.

It should be noted that the disposal gain calculated above is only for illustrative purpose which assumes the completion of the Equity Disposal had taken place on 30 June 2020. The actual profit or loss on the Equity Disposal will depend on the fair value of the Consideration Shares and the net assets value of Beijing Xigua as at the completion date of the Equity Disposal.

Working Capital

According to the estimations of the Company, the working capital of the Remaining Group is expected to increase slightly from approximately RMB512,478,000 to approximately RMB534,780,000, mainly due to exclusion of the working capital of Beijing Xigua.

Since there is no cash outflow required by the Company in order to effect the Share Buy-back, the Directors consider that the Share Buy-back will not have a material adverse effect on the working capital sufficiency of the Company upon completion of the Share Buy-back.

Net assets

It is expected that the net asset value of the Remaining Group attributable to the owners of the Company will increase from approximately RMB632,916,000 as at 30 June 2020 to RMB644,258,000. Accordingly, the Group's net assets attributable to the owners of the Company per Share as at 30 June 2020 would increase from approximately RMB4.06 to approximately RMB4.82.

Upon completion of the Equity Disposal, Beijing Xigua will cease to be a subsidiary of the Company.

Assuming that the Loan Assignment had taken place on 30 June 2020, the Group would have incurred loss in the amount of approximately RMB24,180,000 for the Loan Assignment due to the net effect of (a) approximately RMB28,078,000 being the outstanding principal

under the Loan Agreement; (b) approximately RMB1,621,000 being the accumulated interest as at 30 June 2020; and (c) RMB5,519,000 being the consideration of the Loan Assignment received under the Transfer Agreement.

REASONS FOR AND BENEFITS OF THE TRANSFER

Given that starting from September 2019, the results of Beijing Xigua have fallen short of expectation, the Company has been considering different solutions and taking up certain actions to deal with the deteriorating business and operations of Beijing Xigua in order to protect the interests of the Company and the Shareholders as a whole. Such actions include but not limited to actively communicating with Beijing Xigua with the hope to improve its performance, instructing the Company's PRC legal advisers to issue a demand letter to each of the KongZhong Group and Shanghai Dacheng stating the Company's decision to opt for the Full Cash Compensation and demanding a compensation payment from the KongZhong Group and Shanghai Dacheng, as disclosed in the Announcements.

However, the Company is given to understand that the KongZhong Group, Beijing Xigua and Shanghai Dacheng had serious difficulties in arranging the Full Cash Compensation. In light of the circumstances, the Company considers that the Transfer involving the Equity Disposal and the Share Buy-back would be an optimal solution for the KongZhong Group and Shanghai Dacheng to compensate the loss that the Company suffers as it does not extensively call on the funding resources of the KongZhong Group and Shanghai Dacheng.

The terms of the Transfer Agreement are also generally in line with the original terms under the Investment Agreement to the extent that:

- (i) under the Investment Agreement, should Beijing Xigua be unable to meet the Profit Guarantee, the Company is entitled to elect the Full Cash Compensation;
- (ii) the number of Consideration Shares issued under the Investment Agreement and to be cancelled under the Transfer Agreement is the same without any adjustment;
- (iii) the Investment Agreement allows the Company to take actions to seek compensation and according to the dispute resolution clause of the Investment Agreement, to resolve any disputes between the parties, the parties have to first resolve through discussions and negotiations. During discussions and negotiations, the parties have explored various settlement proposals and finally agreed on the Transfer arrangement under the Transfer Agreement; and
- (iv) except Guangzhou Feidong which is a party to the Loan Agreement and Shanghai Wangyu, the existing parties involved in the Investment Agreement continue to be the parties to the Transfer Agreement. Despite not being a party to the Transfer Agreement, Shanghai Wangyu has confirmed that it has no objection to the terms and conditions of the Transfer Agreement and the transactions contemplated thereunder, and waives the pre-emptive right (if any) that it may be entitled to being an existing shareholder of Beijing Xigua.

In addition, considering that the net asset value of the Company shall be increased from approximately RMB632,916,000 to RMB644,258,000, representing an increase in total net asset value of RMB11,342,000, the Transfer Agreement and the transactions contemplated

thereunder (including the Share Buy-back) are expected to bring about positive effects on the net asset value per Share which is in the interests of the Company and the Shareholders as a whole. The Company also believes that it is in the interest of the Shareholders to be compensated by way of the Transfer instead of protracted arbitration and legal proceedings which could have been taken on or around 9 April 2020, being the cut-off date on which the KongZhong Group and Shanghai Dacheng should have repaid the Full Cash Compensation, as the latter could potentially last for an uncertain period of time with unforeseeable cost implications and enforcement outcome.

In considering proceeding with the Share Buy-back, the Company has taken into consideration that:

- (i) the Share Buy-back is part and parcel of the Transfer, which is considered an optimal solution for the KongZhong Group and Shanghai Dacheng to compensate the loss that the Company suffers which does not extensively call on the funding resources of Shanghai Dacheng and create excessive funding burden;
- (ii) the Transfer Agreement and the transactions contemplated thereunder (including the Share Buy-back) are expected to enhance consolidated net asset value attributable to the Shareholders per Share and bring about other positive financial effects as discussed in the paragraph headed “Financial effects of the Transfer” above in this announcement; and
- (iii) it is a good opportunity for the Company to buy-back and cancel a significant block of Shares in a single transaction without significantly affecting the normal trading of the Shares in terms of price and volume as opposed to conducting a large number of daily on-market buy-back transactions under a general buy-back mandate over a period of time.

Further, in addition to the fact that the KongZhong Group and Shanghai Dacheng had serious difficulties arranging the Full Cash Compensation as disclosed above, based on the existing financial conditions and operational performance of Beijing Xigua, it is anticipated that the latter may not be able to repay the Outstanding Sum to Guangzhou Feidong, at least not within a short period of time. If Beijing Xigua fails to repay the Outstanding Sum, Guangzhou Feidong is entitled to commence legal proceedings to recover the same. The Company is of the view that it is not in the interests of the Company and the Shareholders as a whole to commence such legal proceedings given that:

- (i) the Company intends to discontinue its investment in the VR game business;
- (ii) it is anticipated that Beijing Xigua will continue to be loss making in the near future;
- (iii) legal proceedings could potentially last for long time with unforeseeable and unpredictable cost implications and enforcement outcome; and
- (iv) the Company intends to focus its resources on its other existing businesses.

Considering the above, the Company is of the view that the Loan Assignment is able to lower the asset losses of the Company, reduce unhealthy assets of the Company, improve the quality of the Company's assets and recoup its investment in Beijing Xigua, which will improve the overall financial position of the Company.

The Board (excluding members of the Independent Board Committee who will advise the Independent Shareholders after taking advice from the Independent Financial Adviser) is of the view that the terms and conditions of the Transfer Agreement and the transactions contemplated thereunder (including but not limited to the Equity Disposal, the Share Buy-back and the Loan Assignment) are on normal commercial terms, fair and reasonable and in the interest of the Company and the Shareholders as a whole.

An application will be made to the Executive for consent under Rule 25 of the Takeovers Code for the Loan Assignment. Such consent, if granted, will be subject to (i) the Independent Financial Adviser publicly states that in its opinion the terms of the Loan Assignment are fair and reasonable; and (ii) the Loan Assignment is approved by the Independent Shareholders by way of poll at the EGM, in which the KongZhong Group, Shanghai Dacheng and parties acting in concert with any of them who are Shareholders, will be required to abstain from voting in the EGM.

Listing Rules

As one or more of the applicable percentage ratios in respect of the Transfer exceed 25% but less than 75%, the Transfer constitutes a major transaction of the Company under Chapter 14 of the Listing Rules. In addition, as at the date of this announcement, Beijing Xigua is a non-wholly owned subsidiary and Shanghai Dacheng is a substantial shareholder (as defined under the Listing Rules) of the Company, respectively. Accordingly, Shanghai Dacheng is a connected person of the Company. The Transfer therefore also constitutes a connected transaction for the Company and is therefore subject to the reporting, announcement, circular and Independent Shareholders' approval requirements under Chapters 14 and 14A of the Listing Rules.
