Dear Shareholders,

In June 2020, the Group successfully completed the transition of the Board and the management team. I was appointed as the Chairman and the acting CEO of the Group. Based on the full review, objective analysis and due consideration of the achievements and problems of the previous management during its term, the new management has formulated and defined the new “Three-step” strategy from the perspectives of rebuilding corporate culture, adjusting management and control model, as well as optimising institutional development. Since the new management came on board, the Group adopted the new decision-making process to support the stable operation of all the hospitals owned, managed and founded by the Group (the “Group Hospital(s)”). Apart from consistently enhancing the quality of its assets, the Group has also been actively exploring innovative operating models to consistently strengthen the existing business portfolios, thereby striving to become a large technological medical service group.

### I. Review of Results of Operations

The outbreak of the COVID-19 pandemic marked the beginning of 2020. Strict pandemic prevention and control measures brought great shock and challenges to offline medical services. At the same time, more thorough medical reform policies in relation to DRGs and healthcare associations (醫聯體) also had a profound impact on the development trend and competitive landscape of the domestic medical industry. In the first half of 2020, the business results of Group Hospitals underperformed as compared to the corresponding period of the previous year due to the pandemic. As China gradually brought the outbreak under control in the second half of the year, each Group Hospital took initiative to adjust the business portfolios and actively implemented the management and control measures of the Group, which stabilized and improved their operating results.

Throughout 2020, the total revenue of Group Hospitals slightly decreased by only approximately 2% from last year. As compared to the decline of approximately 18% in revenue for the first quarter and approximately 8% in revenue for the first half of the year, the year-on-year contraction showed a steadily narrowing trend. The annual operating revenue of the Group has decreased by approximately 2.8% year-on-year, while the adjusted net profit has grown by approximately 10.4% year-on-year.

## CEO'S STATEMENT

### II. Strategic Plans and Achievements of the Year

In June 2020, the Group successfully completed the transition of the management team. Besides maintaining the stable operation of all Group Hospitals, the Group responded to the development of the medical service industry in the new era and adapted to the medical regulatory environment under new medical reform policies. Following the exploration and examination by the general manager's office, the Group formulated the "Three-step" strategic development plan with a focus on "strengthening the management and control system, enhancing the quality of assets and exploring innovative business models".

**As the first step, the Group strengthened the management and control system** to further establish standards and rules, so as to optimize its management and control system and rebuild the corporate culture. Relevant tasks were largely completed within the year, which mainly included:

- 1. Further clarifying the management and control model.** The Group identified the general manager's office as the highest deliberative body for issues within the Board's authority. It also specified its responsibility in strategy, talent and capital management and control, while establishing a matrix management model with information system as the underlying infrastructure and management tool;
- 2. Optimizing the management team.** On the group level, the Group successively introduced several senior management members including the Group's Chief Technology Officer, the Development Director and the Supply Chain Director of the Company. In addition, it assigned two Medical Directors to set up the medical management department, which took charge of managing medical quality and standardizing the diagnosis and treatment system at hospitals. On the hospital level, the Group appointed Mr. Zhang Jiamin and Mr. Wang Jianping as the hospital administrator of Zhejiang Jinhua Guangfu Oncological Hospital ("Jinhua Hospital") and Jiande Hospital of Traditional Chinese Medicine Co., Ltd. ("Jiande Hospital"), respectively;
- 3. Establishing the incentive and binding mechanism for hospital administrators.** In order to enhance the responsibility management for objectives of Group Hospitals and allow hospital administrators to perform their role as the primary person in charge in hospital operation, the Group has set up the appraisal mechanism for hospital administrators that are linked to the annual business plans of Group Hospitals. This has clarified the incentive and binding principles for hospital administrators;

- 4. Building a professional training system.** Leveraging on external resources from the medical management consultancy industry, the Group successfully organized three advanced training sessions for the hospital operation team on various topics, including hospital management, new hospital development model and hospital quality management. It developed an internal professional training system to educate key hospital management personnel and medical professionals about the latest medical management concepts and offer them a platform to practise what they have learnt; and
- 5. Launching the staff incentive scheme.** To facilitate team building and motivate the workforce, the Group approved the staff incentive scheme and completed the establishment of trusts thereof in January 2021.

As the second step, the Group enhanced the quality of assets. Its key tasks included building its own supply chain system and information system and giving full support to the development of the medical service network with Jinhua Hospital as the regional center. Details of the progress are as follows:

- 1. Building the information system of the Group.** Apart from leading the restructuring of the information & technology department, the Chief Technology Officer is also responsible for the overall IT infrastructure construction and digitalization of the Group and the Group Hospitals. While promoting hospital information infrastructure construction and application upgrade at Jinhua Hospital as a pilot project, the Group drew experience therefrom to update and optimize the overall IT blueprint and plan, so as to implement, design and launch the group-wide digitalized medical operation solutions in phases;
- 2. Establishing the supply chain system of the Group.** The Supply Chain Director guided the development of the supply chain system of the Group. The Group has decided on the registered address of the supply chain company and applied for licenses to supply drugs. At the same time, it is planning to build a supply chain system that covers drug inventory management; and
- 3. Developing Jinhua Hospital as the regional center of the Group.** The Group has offered maximum talent, financial and material resources to support Jinhua Hospital. Taking up frontline responsibility in hospital operation management, the medical management department strives to promote the long-term healthy development of Jinhua Hospital and positioned it as the Group's regional center.

## CEO'S STATEMENT

As the third step, the Group explored innovative business models. Based on the characteristics of medical service development in the new era, the Group will further enrich the existing business mix. It will gradually transform from a medical group that principally engaged in merger, acquisition and operation of hospitals into a large medical service technology group. The Group will, for instance, expand upstream and downstream services in the industry chain, such as ancillary services of the supply chain and medical waste treatment. With a focus on integrated medical services, it will also explore innovative business models such as CRO, biotechnology, intelligent healthcare and big data in healthcare. Meanwhile, it will seek strategic cooperation with major online medical platforms for the joint development of the offline medical industry.

1. **Optimizing the capital structure of the Group.** Based on the review and analysis of the existing capital structure of the Group, the new management team has been actively engaging with, among others, external investment banks and commercial banks to explore possible optimization solutions for its capital structure ever since they took office. This laid a solid foundation for the Group to expand its innovative business; and
2. **Researching into the direction of business model innovation.** The investment department of the Group played a leading role in the in-depth research of the latest development trend in the current medical service industry, thereby exploring potential opportunities for business model innovation in the future. This includes but is not limited to upstream and downstream medical services in the industry chain, internet healthcare, onsite intelligent healthcare, third-party cooperation and empowerment, and construction of the supply chain system for the Group.

### III. Pandemic Control

In view of the COVID-19 outbreak in early 2020, the Group promptly took responsive measures in a proactive manner and swiftly published the “Notice on Effective Prevention and Control of COVID-19 Pandemic and Proper Provision of Normal Diagnosis and Treatment Services (“關於做好新型冠狀病毒疫情防​​控，做好日常診療服務有關工作”的通知)”. It also organized various pandemic prevention measures at Group Hospitals to keep them in order, which involved the operation of fever clinics, medical treatment, online consultation, promotion of pandemic prevention and supplies sourcing. In particular, a total of 144 employees at Jinhua Hospital volunteered to support the fight against pandemic in Wuhan. According to the requirements of relevant authorities in Jinhua, the hospital sent a number of medical staff to offer diagnosis and treatment in pandemic-stricken areas directly. This demonstrated our employees’ willingness to take responsibility and to consider the overall situation. Meanwhile, the Group advocated the resumption of operation and production at Group Hospitals to be carried out in an orderly manner. Taking full precautions against the disease, our medical staff distributed medicines to enterprises, on the streets and in villages, so as to help implement pandemic prevention measures and reduce patients’ chances of infection on their way to hospitals. This has gained wide recognition from local governments and the public.

In 2020, Jinhua Hospital was honored as the “Advanced Unit in combating COVID-19 pandemic in Zhejiang Province (浙江抗擊冠​​狀病毒疫情先進單位)”. Shanghai Yangsi Hospital (“Yangsi Hospital”) was awarded “Advanced Socially-run Medical Institution in Pandemic Prevention in Shanghai (上海市社會醫療機構抗擊冠​​狀病毒疫情先進集體)”. Many hospital staff also won the “Advanced Individual in COVID-19 Pandemic Prevention (抗擊冠​​狀病毒疫情先進個人)” award. These accolades not only showcased the commitment of the Group and its hospitals to their social reputation and corporate responsibility, but also illustrated the benevolence and professionalism of all our medical staff.

Despite the resurgence of the number of COVID-19 cases in early 2021, the Group and the Group Hospitals already had countermeasures in place. Guided by the pandemic prevention policies promulgated by the national and local governments, we responded to the situation properly with stringent but humane measures as we remained cautious yet optimistic. We have taken our corporate social responsibility as a medical group, and fully demonstrated the commitment of all our staff. I am proud to have them as my colleagues.

## CEO'S STATEMENT

### IV. Outlook

The COVID-19 pandemic will continue to have an impact on the medical service industry. The national medical reform is entering the critical phase of development and technology has been reshaping the healthcare sector. Looking ahead, uncertainty will linger in the medical industry in general and socially-run medical services still face unresolved challenges and issues. As always, the Group will continue to comply with medical regulatory policies and keep abreast of the national medical reform with an innovative mindset to seek changes actively. At the same time, in the face of uncertainty ahead, we will bear in mind our initial commitment and take a pragmatic approach. We will keep doing the right thing and remain true to our mission.

2020 has been an extraordinary year. Amidst adversity, our staff rose to challenges and turned crisis into opportunities, so that all Group Hospitals maintained stable operation during the pandemic. Behind our operational success is the contribution of the Group and the management team, as well as dedication of all our staff. Their hard work is much appreciated.

In the future, the Group will continuously enhance the quality of assets and the value of the Group Hospitals with the “Three-step” development strategy as the guiding framework. It will aim to provide safe, convenient and dignified medical services to the public, so as to meet their healthcare needs at different stages and levels. It is our goal to become a reliable, respectable and excellence-pursuing medical group.

### Acknowledgment

I would like to take this opportunity to express my sincere gratitude to our Directors, management and all employees for their dedication and contribution to our Group during the past year. I would also like to express my appreciation of the trust and enduring support from our shareholders, as well as business partners and friends from the banking and investment sectors.

**Chen Shuai**

*Chairman and Acting Chief Executive Officer*

Beijing, China

March 30, 2021

### BUSINESS OVERVIEW

#### Business positioning

The Group adheres to the “Three-step” development strategy that centers on “strengthening the management and control system, enhancing the quality of assets and exploring new business models”. It aims to gradually transform itself from a medical group that principally engaged in merger, acquisition and operation of hospitals into a large medical service technology group. Since the new management came into office, the Group has been adopting the following path of business development and management optimization measures to achieve its strategic goals:

- **Strengthening the management and control system.** The Group’s objectives were to further establish standards and rules, refine its management and control system, improve the corporate culture, set up a scientific training system and optimize the incentive and binding mechanism for hospital administrators of all Group Hospitals;
- **Enhancing the quality of assets.** Apart from further upgrading the medical service quality of all hospitals, the Group also built the supply chain system, developed the management framework with the informatization system as the fundamental structure to support management, and established the regional medical service network; and
- **Exploring new business models.** In the future, the Group will further enrich its business mix by expanding upstream and downstream services in the industry chain, such as ancillary services of the supply chain and medical waste treatment. With a focus on integrated medical services, it will also explore new business models such as CRO, biotechnology, intelligent healthcare and big data in healthcare. Meanwhile, it will seek strategic cooperation with major online medical platforms for the joint development of the offline medical industry.

## MANAGEMENT DISCUSSION AND ANALYSIS

### Business layout

Through new construction or investment and M&A, the Group has a number of medical institutions of different classes in densely populated and economically developed regions in China, which form Class III hospitals with comprehensive strength as regional medical centers, and radiate and drive a number of Class II or Class I hospitals, and each regional medical network further forms a group medical system;

Through the establishment of pharmaceutical distribution and medical device companies, the Group's "centralized procurement center (集中採購中心)" has been using informatization technology to continuously improve procurement efficiency, reduce procurement costs, boost inventory turnover and increase the efficiency of fund utilization, thereby fully realizing the intensive and large-scale advantages of the Group;

With its self-developed informatization system as the fundamental structure to support management, the Group carried out an in-depth study of the increasingly abundant data on its healthcare operations to analyze and explore clinical data, operational data and material data in order to continuously enhance the quality of diagnosis and treatment at hospitals, improve operating efficiency, reduce hospital operating costs and explore the application of big data in healthcare. Based on the advantageous brand disciplines of each Group Hospital, the Group built the "internet hospital (互聯網醫院)" in collaboration with major internet medical platforms for the joint development of offline medical assets. It integrated its internal and external medical resources, established a new online and offline integration model of inter-hospital collaboration, collaboration between doctors and doctor-patient communication, so as to continuously increase the service offering and extend the reach of services of the Group and the Group Hospitals, thereby enriching the business development paths.

### INDUSTRY OVERVIEW

Throughout 2020, the COVID-19 pandemic had a great impact on China's medical service industry. Changes in patients' behavior resulted in a short-term decline in out-patient and in-patient visits to medical institutions. On the other hand, hospitals under collectivized management demonstrated better risk resilience and their business was the first to rebound as the pandemic became less severe in China in the second half of the year. Meanwhile, China's medical reform policies entered the critical phase of development. Given the nation's continuous support to socially-run medical institutions and physician practice at multiple sites, medical talents were attracted to leading private medical institutions. Looking back to 2020, changes and trends of the medical services industry were as follows:

- **Encouragement and support for socially-run medical care institutions.** In June, the “Promotion Law on Basic Medical and Healthcare” 《基本醫療衛生與健康促進法》 (the “**Medical Promotion Law**”) was officially implemented as the first basic and comprehensive law on the medical and healthcare industry in China. It stipulates that “the nation shall adopt various measures to encourage and guide the establishment of medical care institutions by the private sector. Socially-run medical care institutions shall have the same rights as public medical care institutions in the qualification for basic medical insurance designation, key specialty development, research and teaching, grade assessment, approval of special medical technology and titles evaluation of medical and healthcare staff”. Since the implementation of the Medical Promotion Law, various provinces and cities responded by adopting rules to support socially-run medical care institutions. The favorable policies on doctors' title evaluation, regional medical planning, threshold and procedures for approval shall greatly benefit outstanding socially-run medical care institutions that can provide high-quality technical services in the future;
- **Opportunistic growth of internet medical care driven by additional policy support.** As the COVID-19 pandemic subdued offline medical consultation, internet medical care played an important role in alleviating pressure on offline medical services and preventing cross-infection. During the COVID-19 pandemic, China rolled out a series of guidelines and administrative measures to promote the orderly development of the internet medical care industry. In February, the National Healthcare Security Administration and the National Health Commission promulgated the Guiding Opinions on Promoting “Internet+” Medical Insurance Services During the Prevention and Control of COVID-19 Pandemic 《關於推進新冠肺炎疫情期間開展「互聯網+」醫保服務的指導意見》. In May, the National Health Commission published the Notice on the Promotion of the Development and Standardized Management of Internet Medical Service 《關於進一步推動互聯網醫療服務發展和規範管理的通知》. In October, the National Healthcare Security Administration issued the Guiding Opinions on Active Promotion of Medical Insurance Payment for “Internet+” Medical Service 《關於積極推進「互聯網+」醫療服務醫保支付工作的指導意見》. By gradually opening up and supporting the industry, these policies will facilitate the further integration and restructuring of internet medical care and offline physical medical services, which will enable the effective allocation of medical resources and pave way for the vibrant growth of the medical care industry;

## MANAGEMENT DISCUSSION AND ANALYSIS

- **Intensifying the supply chain reform.** In addition to the nation’s bulk procurement of medicines, many provinces and cities procured drugs in bulk through “procurement alliances” or on a standalone basis. In September, the procurement of coronary stent marked the nation’s first bulk purchase of high-value consumables. It is expected that the country will increase and expand its bulk procurement in the future. In terms of hospital revenue, the profit margins of medicines and consumables are on the decline, and medical institutions that rely on “supporting the medical industry by the pharmaceutical business (以藥養醫)” face challenges. On the other hand, medical expenses saved from bulk purchases are used to subsidize medical services. Thus, medical institutions with a focus on medical services and academic development will have greater competitive advantages and enjoy more rooms for development; and
- **More thorough reform on medical insurance payment.** In parallel to the orderly commencement of the DRGs payment pilot program, the National Healthcare Security Administration issued the Notice on the Publication of Budget for Total Regional Payment on Point-based System and Diagnosis-Intervention Packet Pilot Working Plan (《關於印發區域點數法總額預算和按病種分值付費試點工作方案的通知》) in October, which proposed Diagnosis-Intervention Packet model to be piloted in 71 cities. With its extensive coverage and high flexibility, this payment model will be integral to China’s medical insurance audit. The intense development and implementation of the medical insurance payment policy indicate that the medical service industry shall continuously offer valid, reasonable and standardized treatment in compliance with relevant requirements.

As mentioned above, the promulgation of the Medical Promotion Law will offer policy support to and bring more room for the development of socially-run medical institutions. In 2020, the COVID-19 pandemic posed great challenges to the national medical and healthcare service system. As a key player of the industry, socially-run medical institutions overcame the difficulties by adapting to changes and some of the outstanding and leading ones showed strong resilience and vitality. At the same time, medical institutions with refined management capability and high-quality medical service offerings gained further market share as a result of the medical reform policies implemented by the state government, such as the bulk procurement and medical insurance payment policies. In 2021, we will continue to adopt a conscientious and pragmatic approach to develop the medical service market and boost the operating efficiency of existing hospitals. We will also explore medical technology and other emerging fields in search of new markets.

## MANAGEMENT DISCUSSION AND ANALYSIS

Time	Event
November 20, 2020	<p>On November 20, 2020, a loan agreement was entered into between Tibet Honghe Zhiyuan Business Management Co., Ltd.* (西藏弘和志遠企業管理有限公司, a wholly-owned subsidiary of the Company) (“<b>Tibet Honghe Zhiyuan</b>”) as lender and Jinhua Hospital, as borrower. Pursuant to the loan agreement, Tibet Honghe Zhiyuan has conditionally agreed to grant a loan to Jinhua Hospital, for an availability period of three years from the date of the loan agreement and a term of one year from the date of the relevant drawdown of each installment of the loan. The loan amount was RMB100 million, and the loan interest rate is 4.79% per annum which is subject to adjustment according to the applicable benchmark interest rates as published by the People’s Bank of China from time to time.</p> <p>With effect from November 20, 2020, (i) Mr. Chen Shuai, a non-executive Director, has been re-designated as an executive Director; (ii) Mr. Su Zhiqiang, an executive Director, has been re-designated as a non-executive Director; (iii) Mr. Su Zhiqiang has resigned as an Authorised Representative under the Listing Rules due to work arrangements; and (iv) Mr. Chen Shuai has been appointed as an Authorised Representative.</p> <p>Please refer to the announcements of the Company both dated November 20, 2020 for further details.</p>
December 17, 2020	<p>On December 17, 2020, in accordance with the terms and conditions of the convertible bonds with an aggregate principal amount of HK\$468,000,000 issued by the Company on March 5, 2018 (the “<b>Vanguard Convertible Bonds</b>”), the Company and Vanguard Glory Limited (“<b>Vanguard Glory</b>”) entered into a deed of amendment to alter certain terms of the Vanguard Convertible Bonds, subject to and effective from fulfilment of the conditions precedent (the “<b>Alteration of Terms</b>”).</p> <p>Pursuant to the Alteration of Terms, (i) the maturity date of the Vanguard Convertible Bonds shall be extended from March 5, 2021 to December 29, 2023; and (ii) in the event that the shares of the Company cease to be listed or admitted to trading on the Stock Exchange, each bondholder shall have the right, at such bondholder’s option, to require the Company to redeem, in whole or in part (i.e. rather than in whole only), such bondholder’s Vanguard Convertible Bonds.</p>

\* For identification purposes only

## MANAGEMENT DISCUSSION AND ANALYSIS

Time	Event
	<p>The Alteration of Terms was approved by the shareholders of the Company other than Vanguard Glory at the extraordinary general meeting of the Company held on February 22, 2021 and was approved by the Stock Exchange subsequently.</p> <p>Please refer to the announcements of the Company dated December 17, 2020 and February 22, 2021 and the circular of the Company dated January 29, 2021 for further details.</p>
January 15, 2021	<p>Ms. Kwong Yin Ping Yvonne has tendered her resignation as (i) the company secretary of the Company (the “<b>Company Secretary</b>”), (ii) an Authorised Representative; and (iii) a process agent of the Company for accepting on its behalf service of process or notices to be served on the Company in Hong Kong under the Companies Ordinance (Chapter 622 of the Laws of Hong Kong) and Rule 19.05(2) of the Listing Rules (the “<b>Process Agent</b>”) with effect from January 15, 2021. Ms. Ho Wing Yan has been appointed as the Company Secretary, the Authorised Representative and the Process Agent with effect from January 15, 2021.</p>
January 18, 2021	<p>The Board has approved the adoption of the share award scheme (the “<b>Share Award Scheme</b>”) on January 18, 2021. The purposes of the Share Award Scheme are (i) to encourage or facilitate the holding of shares of the Company by the selected eligible participants of the Share Award Scheme (the “<b>SAS Eligible Participants</b>”); (ii) to encourage and retain the SAS Eligible Participants to work with the Group; and (iii) to provide additional incentive for the SAS Eligible Participants to achieve performance goals, with a view to achieving the objectives of increasing the value of the Company and aligning the interests of the SAS Eligible Participants with the Company’s shareholders through ownership of shares of the Company.</p> <p>Please refer to the announcement of the Company dated January 18, 2021 for further details.</p>

## MANAGEMENT DISCUSSION AND ANALYSIS

### EVENTS AFTER THE YEAR UNDER REVIEW

Ms. Kwong Yin Ping Yvonne has tendered her resignation as (i) the Company Secretary, (ii) the Authorised Representative under Rule 3.05 of the Listing Rules and (iii) the Process Agent for accepting on the Company's behalf service of process or notices to be served on the Company in Hong Kong under the Companies Ordinance (Chapter 622 of the Laws of Hong Kong) and Rule 19.05(2) of the Listing Rules with effect from January 15, 2021. Ms. Ho Wing Yan has been appointed as the Company Secretary, the Authorised Representative and the Process Agent with effect from January 15, 2021.

The Board has approved the adoption of the Share Award Scheme on January 18, 2021. Details of the principal terms of the Share Award Scheme are set out in the announcement of the Company dated January 18, 2021.

Save as disclosed above, the Group had no significant events after December 31, 2020 and up to the date of this report.

## REVIEW OF 2020 ANNUAL PERFORMANCE

### Results of Operations

#### *Revenue*

Our revenue decreased by approximately 2.8% from approximately RMB410.9 million in 2019 to approximately RMB399.2 million in 2020. The table below sets forth the Group's revenue by segment and by services category for the years indicated:

	For the year ended December 31,	
	2020 <i>RMB'000</i>	2019 <i>RMB'000</i>
<b>Revenue</b>	<b>399,214</b>	410,883
– Hospital management services	226,888	212,205
– General hospital services	171,267	196,472
– Sale of pharmaceutical products	1,059	2,206

#### *Hospital management services*

Revenue from our hospital management services segment, which consists of the provision of hospital management services to Yangsi Hospital, Cixi Union Hospital (“**Cixi Hospital**”) and Jinhua Hospital, increased by approximately 6.9% from approximately RMB212.2 million in 2019 to approximately RMB226.9 million in 2020. The increase in revenue was mainly attributable to an increase in management service fee income recognised for providing services to Yangsi Hospital.

#### *General hospital services*

Revenue from our general hospital services segment decreased by approximately 12.8% from RMB196.5 million in 2019 to approximately RMB171.3 million in 2020. Revenue from this segment decreased mainly due to a decrease in the revenue from the provision of general hospital services by Jiande Hospital to individual patients, which was the result of the decrease in the number of out-patient and in-patient visits of Jiande Hospital in 2020 as affected by the COVID-19 pandemic.

## MANAGEMENT DISCUSSION AND ANALYSIS

### *Sale of pharmaceutical products*

Revenue from sale of pharmaceutical products was derived from the business of Zhejiang Dajia Medicines Co., Ltd. (“**Dajia Medicines**”) and its subsidiary, Honghe (Jinhua) Pharmaceutical Co., Ltd. (“**Honghe Jinhua**”), which are indirectly owned as to 70% by Jiande Hexu Enterprise Management Co., Ltd. and are principally engaged in the supply of pharmaceutical products to customers. Revenue from sale of pharmaceutical products decreased by approximately 52.0% from approximately RMB2.2 million in 2019 to approximately RMB1.1 million in 2020, mainly due to a decrease in Dajia Medicines’ and Honghe Jinhua’s income from the supply of pharmaceutical products to customers.

### *Cost of revenue*

Our cost of revenue decreased by approximately 13.6% from approximately RMB237.0 million in 2019 to approximately RMB204.9 million in 2020. The decrease in costs was mainly attributable to (i) a decrease of approximately RMB24.4 million in cost of inventories; and (ii) a decrease of approximately RMB6.4 million in employee benefit expenses.

### *Administrative expenses*

Our administrative expenses decreased by approximately 19.6% from approximately RMB64.5 million in 2019 to approximately RMB51.9 million in 2020. The decrease in administrative expenses was mainly attributable to (i) a decrease of approximately RMB6.7 million in accrued professional service fees and auditor’s remuneration; and (ii) a decrease of approximately RMB5.3 million in employee benefit expenses.

### *Impairment losses on intangible assets*

For the year ended December 31, 2020, we recorded impairment losses on intangible assets of approximately RMB668.2 million (2019: nil), which was mainly attributable to impairment losses on goodwill and relevant intangible assets of approximately RMB668.2 million.

### *Other gains – net*

Our other gains – net increased by approximately RMB70.4 million from approximately RMB65.8 million in 2019 to approximately RMB136.2 million in 2020. The increase in other gains – net was mainly attributable to the increase in gains on changes of fair value of convertible bonds in 2020 of approximately RMB10.4 million and the increase in net gains arising from the extension of convertible bonds of approximately RMB62.2 million.

### *Other income*

We recorded other income of approximately RMB3.5 million and approximately RMB4.8 million for the years ended December 31, 2019 and 2020, respectively, representing a year-on-year increase of approximately 39.1%. The increase was mainly attributable to the annual grant of approximately RMB1.9 million received by Jiande Hospital from the People's Government of Jiande city, to support the development of private medical institutions established through social capital contribution.

### *Finance income and finance costs*

Our finance income decreased by approximately RMB23.7 million from approximately RMB42.1 million in 2019 to approximately RMB18.4 million in 2020, and such decrease was mainly attributable to (i) a decrease of approximately RMB31.5 million in foreign exchange gains in relation to cash and cash equivalents, which was offset by an increase of approximately RMB7.8 million in interest income from demand deposit, term deposit, deposit held at call and loan to a related party, etc.

Our finance costs increased by approximately RMB30.8 million from approximately RMB23.6 million in 2019 to approximately RMB54.4 million in 2020, mainly due to an increase of approximately RMB34.8 million in foreign exchange losses in relation to cash and cash equivalents, which was offset by the decrease in finance expenses in relation to other financial liability at amortized cost of approximately RMB2.3 million and the decrease of approximately RMB1.7 million in interest expenses on bank borrowings.

### *Income tax credit/ (expense)*

We recorded income tax credit of approximately RMB14.8 million for the year ended December 31, 2020, and income tax expense of approximately RMB26.1 million for the year ended December 31, 2019. The changes of approximately RMB40.9 million was mainly attributable to the decrease of approximately RMB49.3 million in deferred income tax expenses, which was offset by the increase in current income tax expenses of approximately RMB8.4 million.

### *Loss for the year*

We recorded a net loss of approximately RMB421.1 million for the year ended December 31, 2020, representing a decrease of approximately RMB590.5 million from the net profit of approximately RMB169.4 million for the corresponding period. Such decrease was mainly due to the impairment losses on goodwill and relevant intangible assets of approximately RMB668.2 million, which was offset by the increase of approximately RMB10.4 million in gains on changes of fair value of convertible bonds in 2020 and the increase of approximately RMB62.2 million in net gains resulting from the extension of convertible bonds.

## MANAGEMENT DISCUSSION AND ANALYSIS

### *Discussion of certain items from the consolidated balance sheet*

#### *Cash and cash equivalents*

We had cash and cash equivalents of approximately RMB836.6 million and approximately RMB860.7 million as at December 31, 2019 and 2020, respectively. Other than cash flows from operating activities, the increase of approximately RMB24.1 million in 2020 was primarily attributable to (i) proceeds from the redemption of financial assets at fair value through profit or loss of approximately RMB449.2 million; (ii) proceeds from redemption of term deposits over three months of approximately RMB134.4 million; (iii) proceeds from borrowings of approximately RMB57.2 million; and (iv) recovery of approximately RMB15.0 million of receivables for monetary funds with floating rates, offset by (i) payment for the purchase of financial assets at fair value through profit or loss of approximately RMB502.3 million; (ii) repayment of bank loans of approximately RMB129.7 million; and (iii) payments of interests, dividends and withholding tax of approximately RMB43.9 million.

#### *Other receivables, deposits and prepayments*

Our other receivables, deposits and prepayments decreased by approximately RMB13.7 million from approximately RMB18.4 million as at December 31, 2019 to approximately RMB4.7 million as at December 31, 2020, primarily due to a decrease of approximately RMB15.0 million in receivables for monetary funds with floating rates.

#### *Financial assets at fair value through profit or loss*

Our financial assets at fair value through profit or loss as at December 31, 2020 amounted to approximately RMB90.7 million, mainly representing monetary funds with floating rates. The monetary funds held by us are low-risk products.

## MANAGEMENT DISCUSSION AND ANALYSIS

The following table sets out the changes in the monetary funds with floating rates for the year ended December 31, 2020.

	Year ended December 31, 2020 <i>RMB'000</i>
Opening balance	36,229
Additions	502,320
Settlements	(450,365)
Gains recognised in other gains – net	2,553
<b>Closing balance</b>	<b>90,737</b>

During the year under review, we bought monetary funds from three financial institutions, which are independent third parties. The purchases of monetary funds do not constitute connected transactions of the Company under the Listing Rules. As all applicable percentage ratios in respect of the purchases of monetary funds from each of the three financial institutions are less than 5% under Rule 14.07 of the Listing Rules, the purchases of monetary funds do not constitute notifiable transactions of the Company under the Listing Rules.

## MANAGEMENT DISCUSSION AND ANALYSIS

The details of monetary funds that we acquired from 10 financial institutions during the year under review are set out below:

Financial assets at fair value through profit or loss	Name of monetary funds	Balance as at December 31, 2020 (including dividend income) RMB
Monetary Fund	MinSheng Royal Cash Profit Increase Money Market Fund A (民生加銀現金增利貨幣A)	3,453,211
Monetary Fund	Yinhua Duolibao Money Market Fund B (銀華多利寶B)	22,575,844
Monetary Fund	Southern RiTian Yi Money Market Fund A (南方日添益A)	1,006,246
Monetary Fund	HSBC Jintrust Money Market Fund Class A (滙豐晉信貨幣A)	18,933
Monetary Fund	Franklin Templeton Sealand Daily Income Money Market Fund B (國富日日收益貨幣B)	384,470
Monetary Fund	MANULIFE TEDA Money Market Fund (泰達宏利貨幣市場基金)	5,027,068
Monetary Fund	Aegon-Industrial Monetary Market Securities Investment Fund (興全貨幣市場證券投資基金)	21,775,427
Monetary Fund	Huaan Fuli Cash Fund (華安現金富利投資基金)	25,327,017
Monetary Fund	HSBC Jintrust Money Market Fund Class B (滙豐晉信貨幣基金B類)	7,001,807
Monetary Fund	MANULIFE TEDA Money Market Fund (泰達宏利貨幣市場基金)	1,937,688
Monetary Fund	Agricultural Bank of China Cash Fund B (農業銀行現金寶B)	2,229,004

The financial assets that the Company invested in during the year ended December 31, 2020 are monetary funds with floating rates, which carry lower expected return of principal and risk as compared to stocks or corporate debt issues. These monetary funds focus on short-term securities in the capital markets, and invest in financial instruments such as certificates of deposit and short-term commercial papers with maturities not exceeding one year.

## MANAGEMENT DISCUSSION AND ANALYSIS

The fundamental objectives of our financial management are safety, liquidity and profitability. In particular, we endeavor to maintain appropriate levels of risk and liquidity while satisfying the capital needs of the Group's operations and strategic developments, with the goal of enhancing the efficiency and profitability on the use of capital. These monetary funds offer liquidity, stable returns and low cost and fees, which allow the Company to meet the redemption needs from time to time in compliance with our financial management principles in managing the Company's idle funds.

Going forward, the Directors consider that it is in the Company's best interest to continue to invest in monetary funds based on our business and operational needs. The Company may deposit the unutilized amount of the net proceeds from the Listing and full exercise of the over-allotment option into short-term demand deposits and money market instruments, as disclosed in the prospectus of the Company dated February 28, 2017 (the "Prospectus").

### *Accruals, other payables and provisions*

Our accruals, other payables and provisions were approximately RMB79.2 million and approximately RMB85.9 million as at December 31, 2019 and 2020, respectively. The accruals, other payables and provisions increased by approximately RMB6.7 million, mainly due to the increase in (i) engineering equipment payables of approximately RMB2.2 million, (ii) medical insurance settlement payables of approximately RMB3.4 million, and (iii) medical insurance turnover fund payables of approximately RMB2.2 million.

## LIQUIDITY AND CAPITAL RESOURCES

As at December 31, 2020, our total equity was approximately RMB1,367.2 million (2019: approximately RMB1,817.8 million). As at December 31, 2020, we had current assets of approximately RMB1,265.9 million (2019: approximately RMB1,277.5 million) and current liabilities of approximately RMB481.1 million (2019: approximately RMB492.9 million). As at December 31, 2020, our current ratio was approximately 2.63, as compared with approximately 2.59 as at December 31, 2019.

Our current assets decreased by approximately RMB11.6 million from approximately RMB1,277.5 million as at December 31, 2019 to approximately RMB1,265.9 million as at December 31, 2020, primarily due to a decrease in other receivables, deposits and prepayments of approximately RMB13.6 million. Our current liabilities decreased by approximately RMB11.8 million from approximately RMB492.9 million as at December 31, 2019 to approximately RMB481.1 million as at December 31, 2020, primarily due to a decrease of approximately RMB17.4 million in bank borrowings due within one year.

## MANAGEMENT DISCUSSION AND ANALYSIS

Our primary uses of cash in 2020 were for working capital, and payment for financial assets at fair value through profit or loss. We financed our liquidity requirements mainly with cash flows generated from our operating activities. In the year under review, we had net cash generated from operating activities of approximately RMB83.5 million, consisting of approximately RMB191.8 million in net cash inflows generated from our operations before changes in working capital, net cash outflows of approximately RMB64.7 million relating to changes in working capital, cash outflows on income tax paid of approximately RMB43.9 million and interests received of approximately RMB0.3 million. Our net cash inflows generated from operating activities before changes in working capital were primarily attributable to our loss before income tax of approximately RMB435.8 million, adjusted for non-cash and non-operating items, mainly including impairment losses on intangible assets of approximately RMB668.2 million, gains on fair value change arising from the change in value of convertible bonds of approximately RMB73.0 million, net gains on the extension of convertible bonds of approximately RMB62.2 million, foreign exchange losses of approximately RMB34.8 million arising from cash and cash equivalents, financial expenses in relation to other financial liability at amortized cost of approximately RMB6.5 million, impairment losses on financial assets of approximately RMB15.1 million and depreciation of property, plant and equipment, and amortization of intangible assets of approximately RMB42.9 million. Our net cash outflows relating to changes in working capital were primarily attributable to the increase in receivables from related parties of approximately RMB62.7 million and the increase in trade receivables of approximately RMB9.3 million, which were offset by the increase in accruals, other payables and provisions of approximately RMB7.1 million and the increase of trade payables of approximately RMB3.4 million.

In the year under review, we had net cash inflows from investing activities of approximately RMB104.8 million, which primarily comprised proceeds from the redemption of financial assets at fair value through profit or loss of approximately RMB449.2 million, proceeds from redemption of fixed deposits with a term of over three months of approximately RMB134.4 million and recovery of receivables for monetary funds with floating rates of approximately RMB15.0 million, which were offset by payments for financial assets at fair value through profit or loss of approximately RMB502.3 million and payment for property, plant and equipment of approximately RMB9.0 million.

## MANAGEMENT DISCUSSION AND ANALYSIS

### Cash and Borrowings

We had cash and cash equivalents of approximately RMB836.6 million and approximately RMB860.7 million as at December 31, 2019 and 2020, respectively. Our borrowings amounted to approximately RMB131.7 million as at December 31, 2020 (as at December 31, 2019: approximately RMB214.4 million). Of our borrowings, approximately RMB91.7 million bear interest at a floating rate with reference to HIBOR plus 360 basic points, approximately RMB3.0 million bear interest at a fixed rate of 4.437%, approximately RMB9.9 million bear interest at a fixed rate of 4.35% and approximately RMB27.1 million bear interest at a fixed rate of 4.30%. The table below sets forth the maturity profile of our borrowings in the years indicated:

	Bank borrowings	
	2020	2019
	<i>RMB'000</i>	<i>RMB'000</i>
Within 1 year	97,309	114,744
Between 1 and 2 years	34,386	62,286
Between 2 and 5 years	—	37,372
	<u>131,695</u>	<u>214,402</u>

As at December 31, 2020, the net gearing ratio of the Company was approximately 3.5% (net gearing ratio equals borrowing balance divided by total assets). Our Directors believe that, after taking into account the financial resources available to us, including internally generated funds and the net proceeds from the Listing, we have sufficient working capital for our requirements. As at December 31, 2020, the Group did not have any material contingent liabilities or guarantees.

## MANAGEMENT DISCUSSION AND ANALYSIS

### FUTURE PROSPECTS

In 2021, the top priority of the Group remains to be sustaining the recovery and the steady growth of the businesses of the Group Hospitals while maintaining the management of pandemic prevention and control measures. The Group will fully support the talent recruitment and academic development at its Group Hospitals, push forward the establishment of informatization system and group supply chain system, promote synergy of resources within the systems, and build a preliminary medical service network with Jinhua Hospital as the regional center. Focusing on general medical services, the Group will also continue to explore medical technology and innovative business transformation to roll out businesses in the fields of biotechnology, big data in healthcare and online medical services.

In view of the changes in the medical service industry and the increasingly in-depth medical reform policies on DRGs and healthcare associations (醫聯體), the Group will continue its thorough and systematic research and propose effective response plans to identify the right development pattern and path. The Group will comprehensively upgrade its brand strategy and raise brand awareness through innovative marketing solutions. Targeting the core audience, it will strengthen its reputation in the industry and establish a moat against threats to the brand. It will build an overall brand control system to better support future development strategy of the Company and its participation in brand competition in the industry, thereby gaining key competitive edges of the Company from the brand.

With the “Three-step” development strategy as the guiding framework, the Group will implement operational management and control based on the characteristics of the medical industry. It will enhance the quality of assets and the comprehensive value of the Group Hospitals while providing safe, convenient and dignified medical services to the public, so as to meet their healthcare needs at different stages and levels. By exploring innovative business models and enriching the business mix, the Group aims to transform from a medical group that principally engaged in merger, acquisition and operation of hospitals into a large technological medical service group that is reliable, respectable and excellence-pursuing.

### MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES, ASSOCIATES AND JOINT VENTURES

The Group did not undertake any material acquisitions and disposals of subsidiaries, associates and joint ventures from January 1, 2020 until December 31, 2020.

### SIGNIFICANT INVESTMENTS AND FUTURE PLANS FOR MATERIAL INVESTMENTS OR CAPITAL ASSETS

As of December 31, 2020, the Group did not have any significant investments or future plans for material investments or capital assets.

### EXPOSURE TO FOREIGN EXCHANGE RISK

Foreign exchange risk is the risk that the value of a financial instrument will fluctuate due to changes in foreign exchange rates.

The Group mainly operates in the PRC with most of its transactions settled in RMB. Foreign exchange rate risk arises when recognized assets and liabilities are denominated in a currency that is not the entity's functional currency.

As at December 31, 2020, the Group was exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to USD and HKD.

The Group did not use any derivative financial instruments to hedge foreign exchange risk. The Group will constantly review the economic situation and its foreign exchange risk profile, and will consider appropriate hedging measures in the future, as may be necessary.

### PLEDGE OF ASSETS

As at December 31, 2020, the Group has pledged its assets as security for the Group's and a related party's bank borrowings, details of which are set out in Note 30 and Note 38 to the consolidated financial statements.

### FINAL DIVIDEND

The Board does not recommend the payment of a final dividend for the year ended December 31, 2020.

## MANAGEMENT DISCUSSION AND ANALYSIS

### HUMAN RESOURCES

As at December 31, 2020, we had a total of 473 employees (December 31, 2019: 489). We provide wages, employee-related insurance and employee benefits to our employees. Remuneration packages for our employees mainly consist of base salary, welfare and bonus. For the year ended December 31, 2020, the total employee benefits expenses (including Directors' remuneration) were approximately RMB110.4 million (2019: approximately RMB122.1 million).

We set performance targets for our employees based on their position and department, and regularly review their performance. The results of these reviews are used in their salary determinations, bonus awards and promotion appraisals. Our employee-related insurance consists of employee pension insurance, maternity insurance, unemployment insurance, work-related injury insurance, medical insurance and housing accumulation funds as required by Chinese laws and regulations.

We provide ongoing training for our employees. Our doctors and other medical professionals regularly receive technical training in their relevant fields. Our administrative and management staff also receive systematic training on management skills and business operations.

The Board is pleased to present the report of the Directors together with the audited consolidated financial statements of the Group for the year ended December 31, 2020.

### PRINCIPAL ACTIVITIES AND BUSINESS REVIEW

The principal activity of the Company is investment holding. The Group is a hospital operation and management company in China, led by a professional team with extensive hospital management experience. The Group is principally engaged in (i) the operation and management of its privately owned hospitals; (ii) the provision of management and consultancy services to three not-for-profit hospitals, i.e. Yangsi Hospital, Cixi Hospital and Jinhua Hospital; and (iii) the wholesale of pharmaceutical products in China.

Segment analysis of the Company for the year ended December 31, 2020 is set out in Note 5 to the consolidated financial statements. A list of the Company's subsidiaries, together with their places of incorporation, principal activities and particulars of their issued shares/registered share capital, is set out in Note 11 to the consolidated financial statements.

A discussion and analysis of the activities as required by Schedule 5 to the Companies Ordinance (Cap. 622 of the Laws of Hong Kong), including a fair review of the business, particulars of important events affecting the Group that have occurred since the end of the year ended December 31, 2020, and an indication of likely future developments in the Group's business, can be found in the "CEO's Statement", "Management Discussion and Analysis" and "Environmental, Social and Governance Report" sections in this annual report. These discussions form part of this report of the Directors. Further discussions on the principal risks and uncertainties facing the Company, the Company's environmental policies and performance and compliance with relevant laws and regulation are set out on pages 59 to 61 of this report.

Save as disclosed on page 18 of this annual report, there is no significant subsequent event undertaken by the Company or by the Group from January 1, 2021 to the date of this report.

### FINANCIAL RESULTS

The results of the Group for the year ended December 31, 2020 are set out in the consolidated statement of comprehensive income on page 112 of this annual report.

## REPORT OF THE DIRECTORS

### SUMMARY FINANCIAL INFORMATION

A summary of the results and of the assets and liabilities of the Group for the years ended December 31, 2016, 2017, 2018, 2019 and 2020, as set out on page 4 of this annual report, is extracted from the audited consolidated financial statements.

### SHARE CAPITAL

Details of the movement in the share capital of the Company during the year ended December 31, 2020 are set out in Note 25 to the consolidated financial statements. As of the date of this report, the total share capital of the Company was HK\$138,194 divided into 138,194,000 Shares of HK\$0.001 each.

### FINAL DIVIDEND

As a Cayman Islands company, any dividend recommendation will be at the absolute discretion of the Directors. The Company may declare dividends after taking into account its results of operations and earnings, capital requirements and surplus, general financial condition, contractual restrictions, and other factors as the Directors may deem relevant at such time.

PRC laws require that dividends be paid only out of net profit calculated according to PRC accounting principles, which may differ from generally accepted accounting principles in other jurisdictions, including IFRS. Some of the Company's subsidiaries in China that are foreign-invested enterprises have set aside part of their net profit as statutory reserves, in accordance with the requirements of relevant PRC laws and the provisions of their respective articles of association. These portions of net profit of the Company's subsidiaries are not available for distribution as cash dividends. Distributions from the Company's subsidiaries may also be restricted if they incur debt or losses, or are subject to any restrictive covenants in bank credit facilities or other agreements that the Company or its subsidiaries may enter into. Since we rely on dividends from our PRC subsidiaries as a source of funding for the payment of dividends, these restrictions may limit or completely prevent us from paying dividends.

Any declaration and payment of dividends, as well as the amount thereof, will be subject to the articles of association of the Company (the “Articles”) and the Companies Law of the Cayman Islands (the “Cayman Companies Law”). Shareholders of the Company may, at general meetings, approve and make any declaration of dividends, which must not exceed the amount recommended by the Directors. No dividend may be declared or paid except out of our profits or reserves set aside from profits at the Directors’ discretion. Dividends may also be declared and paid out of the share premium account of the Company in accordance with the Cayman Companies Law and the Articles, provided that no dividend may be paid out of the Company’s share premium account unless the Company will be able to pay its debts as they fall due in the ordinary course of business immediately following the date on which the dividend is proposed to be paid.

The Board does not recommend the payment of a final dividend for the year ended December 31, 2020 (2019: nil).

### TAX RELIEF AND EXEMPTION

The Company is not aware of any tax relief and exemption available to shareholders of the Company by reason of their holding of the Company’s securities.

### RESERVES

Details of the movements in the reserves of the Group during the year ended December 31, 2020 are set out in Note 27 to the consolidated financial statements.

### DISTRIBUTABLE RESERVES

As at December 31, 2020, the Company had distributable reserves of approximately RMB324.6 million.

### PROPERTY, PLANT AND EQUIPMENT

Details of the movements of our property, plant and equipment during the year ended December 31, 2020 are set out in Note 14 to the consolidated financial statements.

## REPORT OF THE DIRECTORS

### USE OF NET PROCEEDS FROM LISTING

The shares of the Company were listed on the Main Board of the Stock Exchange on March 16, 2017 (the “Listing Date”). The net proceeds received by the Company from the global offering and the exercise of the over-allotment option after deducting underwriting commissions and all related expenses was approximately HK\$465.6 million. The net proceeds received from the global offering has been and will be used in the manner consistent with that mentioned in the section headed “Future Plans and Use of Proceeds” of the prospectus of the Company dated February 28, 2017 (the “Prospectus”). All of the unutilized amount has been placed with licensed banks in Hong Kong, and will be utilized in the manner as described in the Prospectus and in accordance with the Company’s needs from time to time. An analysis of the utilization of the net proceeds from the Listing Date up to December 31, 2020 is set out below:

	Percentage of the total amount	Net proceeds <i>HK\$ million</i>	Utilized amount up to December 31, 2019 <i>HK\$ million</i>	Utilized amount subsequent to December 31, 2019 and up to December 31, 2020 <i>HK\$ million</i>	Unutilized amount as at December 31, 2020 <i>HK\$ million</i>	Expected time period
Strategic acquisition of hospitals in China	50%	232.80	232.80	-	-	-
Further investment in the hospitals we own or manage from time to time (except for not-for-profit hospitals)						
- Purchase of medical and other equipment	11%	51.22	41.59	9.63	-	-
- Upgrading and improvement of medical facilities	7%	32.59	32.59	-	-	-
Employee training programs at the hospitals we own or manage from time to time, efforts to recruit talents and academic research activities						
- Human resources expenses	6%	27.94	27.94	-	-	-
- Employing medical professionals and experts in business management	5%	23.28	17.96	5.32	-	-
- Conducting academic research activities and developing employee training programs with a focus on management training and professional training	4%	18.62	8.75	3.48	6.39	The balance is expected to be fully utilized by the end of 2023
Upgrading and improving our information technology system	7%	32.59	24.02	4.30	4.27	The balance is expected to be fully utilized by the end of 2021
Provide funding for our working capital, rental and property related expenses and other general corporate purposes	10%	46.56	46.56	-	-	-
	<u>100%</u>	<u>465.60</u>	<u>432.21</u>	<u>22.73</u>	<u>10.66</u>	

### CONVERTIBLE BONDS

#### Vanguard Convertible Bonds

In view of the Group's substantial need to fund our future acquisitions, the Company and Vanguard Glory Limited ("**Vanguard Glory**"), a shareholder holding 70.19% of the Company's issued share capital, entered into a subscription agreement on January 25, 2018, pursuant to which, on March 5, 2018, the Company issued and Vanguard Glory subscribed for convertible bonds in the principal amount of HK\$468 million ("**Vanguard Convertible Bonds**") with an initial conversion price of HK\$18.00 per conversion share. The Vanguard Convertible Bonds will mature three years upon their issuance or may be converted into 26,000,000 ordinary shares of the Company (assuming the conversion rights are exercised in full and subject to adjustment). Upon maturity, the Company will redeem all outstanding Vanguard Convertible Bonds at its principal amount.

On December 17, 2020, in accordance with the terms and conditions of the Vanguard Convertible Bonds, the Company and Vanguard Glory entered into a deed of amendment to alter certain terms of the Vanguard Convertible Bonds, subject to and effective from fulfilment of the conditions precedent (the "**Alteration of Terms**").

Pursuant to the Alteration of Terms, (i) the maturity date of the Vanguard Convertible Bonds shall be extended from March 5, 2021 to December 29, 2023; and (ii) in the event that the shares of the Company cease to be listed or admitted to trading on the Stock Exchange, each bondholder shall have the right, at such bondholder's option, to require the Company to redeem, in whole or in part (i.e. rather than in whole only), such bondholder's Vanguard Convertible Bonds.

The Alteration of Terms was approved by the Shareholders other than Vanguard Glory at the extraordinary general meeting of the Company held on February 22, 2021 and was approved by the Stock Exchange subsequently.

Please refer to the announcements of the Company dated December 17, 2020 and February 22, 2021 and the circular of the Company dated January 29, 2021 for further details.

The market price of the Company's shares on January 25, 2018, being the date on which the terms of the issuance of the Vanguard Convertible Bonds were determined, was HK\$15.00 per share.

## REPORT OF THE DIRECTORS

The net proceeds from the Vanguard Convertible Bonds, after deducting all related costs and expenses, was approximately HK\$467 million. The net proceeds of approximately HK\$405 million were used to acquire Cixi Hongai Medical Management Co., Ltd. (“Cixi Hongai”) in March 2018. As at December 31, 2020, the remaining net proceeds of approximately HK\$62 million were placed in the bank account of the Group opened with licensed banks in Hong Kong, and was expected to be utilized in accordance with the use of proceeds as referred to in the circular of the Company dated February 13, 2018. The unutilized amount of the net proceeds will be used for acquisitions of other hospitals or hospital management businesses by the Group. The Directors believe that it is fair and reasonable, and in the interests of the Company and its shareholders as a whole. As at December 31, 2020, the analysis of use of the net proceeds is as follows:

	Percentage of the total amount	Net proceeds <i>HK\$ million</i>	Utilized amount <i>HK\$ million</i>	Unutilized amount <i>HK\$ million</i>	Expected time period
Acquisition of Cixi Hongai	45%	211	405	–	–
Acquisitions of other hospitals or hospital management businesses	55%	256	–	62	The balance is expected to be fully utilized by 2023
Total	100%	467	405	62	

As at December 31, 2020, none of the Vanguard Convertible Bonds has been converted into shares of the Company. Details of the Vanguard Convertible Bonds were disclosed in the announcement and circular of the Company dated January 25, 2018 and February 13, 2018, respectively.

### Dilution Impact on Earnings per Share

As calculated based on loss attributable to owners of the Company of approximately RMB404.3 million for the year ended December 31, 2020, basic and diluted losses per share of the Company amounted to RMB2.926 and RMB2.926, respectively.

Based on the implied internal rate of returns of the Vanguard Convertible Bonds, the Company’s share prices at the future dates at which it would be equally financially advantageous for the holders of the Vanguard Convertible Bonds to convert were as follows:

Date	December 29, 2023 <i>(HK\$ per Share)</i>
Share price	<u>18.0</u>

### Hony Convertible Bonds

On May 29, 2018, the Company and Hony Capital Fund VIII (Cayman), L.P. (“**Hony Fund VIII**”) entered into a share purchase agreement (the “**Share Purchase Agreement**”) in relation to the sale and purchase of the entire equity interest in Oriental Ally Holdings Limited (“**Oriental Ally**”), a company incorporated in the British Virgin Islands with limited liability and owned by Hony Fund VIII, at a consideration of RMB630,000,000 (equivalent to approximately HK\$773,879,717).

Oriental Ally is an investment holding company, which directly owns 100% of the equity interest in Impeccable Success Limited (“**Impeccable Success**”), which in turn directly owns 75% of the equity interest in Zhejiang Honghe Zhiyuan Medical Technology Co., Ltd. (“**Zhejiang Honghe Zhiyuan**”) (collectively referred to as the “**Target Group**”). The Target Group is principally engaged in the provision of management and consultation services to a not-for-profit hospital, Jinhua Hospital, in the PRC.

On August 7, 2018, the acquisition was completed, and Oriental Ally became a subsidiary of the Company. The Company directly holds 100% of the equity interest in Oriental Ally. Through Oriental Ally, the Company indirectly holds 75% of the equity interest in Zhejiang Honghe Zhiyuan. The remaining 25% equity interest held by Hony Kangshou Management Consulting (Shanghai) Co., Ltd. shall be recognized as a non-controlling interest. The consideration was satisfied by the issuance of the convertible bonds (the “**Hony Convertible Bonds**”) in the aggregate principal amount of HK\$773,879,717 by the Company to Hony Fund VIII on the completion date of the acquisition pursuant to the Share Purchase Agreement. On August 7, 2018, the Hony Convertible Bonds were issued in registered form in the denomination of HK\$1.00 each provided that in no event shall any Hony Convertible Bonds be transferred, exchanged, converted or purchased in an aggregate principal amount less than HK\$1.00. The Hony Convertible Bonds will mature five years from their issuance or may be converted into 38,693,985 ordinary shares of the Company (assuming the conversion rights are exercised in full and subject to adjustment) at the holder’s option at the conversion price of HK\$20.00 per conversion share (subject to adjustment to the conversion price). Upon maturity, the Company will redeem all outstanding Hony Convertible Bonds at its principal amount.

The market price of the Company’s shares on May 29, 2018, being the date on which the terms of the issuance of the Hony Convertible Bonds were determined, was HK\$20.10 per share.

As at December 31, 2020, none of the Hony Convertible Bonds has been converted into shares of the Company. Details of the Hony Convertible Bonds have been disclosed in the announcement and circular of the Company dated May 29, 2018 and June 24, 2018, respectively.

## REPORT OF THE DIRECTORS

### Dilution Impact on Earnings per Share

As calculated based on loss attributable to owners of the Company of approximately RMB404.3 million for the year ended December 31, 2020, basic and diluted losses per share of the Company amounted to RMB2.926 and RMB2.926, respectively.

Based on the implied internal rate of returns of the Hony Convertible Bonds, the Company's share prices at the future dates at which it would be equally financially advantageous for the holders of the Hony Convertible Bonds to convert were as follows:

Date	August 7, 2023 (HK\$ per Share)
Share price	<u>20.0</u>

### LW Convertible Bonds

In view of the Group's need for further financing to fund our future acquisitions, on December 21, 2018 and January 16, 2019, the Company and Leap Wave entered into a subscription agreement and an amendment agreement respectively, pursuant to which the Company agreed to issue and Leap Wave agreed to subscribe for convertible bonds (the "LW Convertible Bonds") in the aggregate principal amount of HK\$800,000,000 at a total consideration equal to the aggregate principal amount of the convertible bonds. On February 27, 2019, the LW Convertible Bonds were issued in registered form in the denomination of HK\$1.00 each. The LW Convertible Bonds will mature five years from their issuance or may be converted into 40,000,000 ordinary shares of the Company (assuming the conversion rights are exercised in full and subject to adjustment) at the holder's option at the conversion price of HK\$20.00 per conversion share (subject to adjustment to the conversion price). Upon maturity, the Company shall redeem in whole the LW Convertible Bonds with the redemption amount calculated in accordance with the following formula: principal amount of outstanding convertible bonds + principal amount of outstanding convertible bonds  $\times$  6%  $\times$  5.

The market price of the Company's shares on January 16, 2019, being the date on which the terms of the issuance of the LW Convertible Bonds were determined, was HK\$16.18 per share.

The unutilized portion of the net proceeds of approximately HK\$800 million as at December 31, 2020 is expected to be applied according to the use of proceeds as stated in the circular of the Company dated January 16, 2019. The Company will use the unutilized portion of such net proceeds for acquisitions of other hospitals or hospital management businesses by the Group and as discussed in the section headed “Management Discussion and Analysis – Future Prospects” in this annual report, the Group will strive to make substantial progress on such projects in 2021. An analysis of the utilization of the net proceeds up to December 31, 2020 is set out below:

	Percentage to the total amount	Net proceeds <i>HK\$ million</i>	Utilized amount <i>HK\$ million</i>	Unutilized amount <i>HK\$ million</i>	Expected time period
Acquisitions of hospitals or hospital management businesses	100%	800	–	800	The balance is expected to be fully utilized by 2024
Total	100%	800	–	800	

As at December 31, 2020, none of the LW Convertible Bonds has been converted into shares of the Company. Details of the LW Convertible Bonds have been disclosed in the announcements of the Company dated December 21, 2018, January 16, 2019 and February 27, 2019 and the circular of the Company dated January 16, 2019.

### Dilution Impact on Earnings per Share

As calculated based on loss attributable to owners of the Company of approximately RMB404.3 million for the year ended December 31, 2020, basic and diluted losses per share of the Company amounted to RMB2.926 and RMB2.926, respectively.

Based on the implied internal rate of returns of the LW Convertible Bonds, the Company’s share prices at the future dates at which it would be equally financially advantageous for the holders of the LW Convertible Bonds to convert were as follows:

<b>Date</b>	<b>February 27, 2024</b> <i>(HK\$ per Share)</i>
Share price	20.0

## REPORT OF THE DIRECTORS

### Dilution Effect of the Conversion of the Vanguard Convertible Bonds, the Hony Convertible Bonds and the LW Convertible Bonds

Set out below is the dilution effect on equity interest of the substantial Shareholders upon the full conversion of the outstanding Vanguard Convertible Bonds, the outstanding Hony Convertible Bonds and the outstanding LW Convertible Bonds.

Substantial Shareholders	As at December 31, 2020		Immediately upon full conversion of the Vanguard Convertible Bonds, the Hony Convertible Bonds and the LW Convertible Bonds	
	<i>Number of Shares</i>	<i>Approximate %</i>	<i>Number of Shares</i>	<i>Approximate %</i>
Vanguard Glory	97,000,000	70.19	123,000,000	50.64
Hony Fund VIII	0	0.00	38,693,985	15.93
Leap Wave	0	0.00	40,000,000	16.47
Anhui Zhong'an LP	<u>9,098,800</u>	<u>6.58</u>	<u>9,098,800</u>	<u>3.75</u>

### PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

During the year ended December 31, 2020, neither the Company nor any of its subsidiaries has purchased, sold or redeemed any of the Company's listed securities.

## DIRECTORS

During the year and up to the date of this report, the Directors were:

### Executive Directors:

Mr. Shan Guoxin (*Chief Executive Officer*) (*Note 1*)

Mr. Chen Shuai (*Chairman and Acting Chief Executive Officer*) (*Note 2*)

Mr. Lu Wenzuo

### Non-executive Directors:

Mr. Zhao John Huan (*Chairman*) (*Note 3*)

Mr. Li Peng (*Note 4*)

Mr. Su Zhiqiang (*Note 5*)

Ms. Shi Wenting (*Note 6*)

Ms. Liu Lu

Ms. Wang Nan

### Independent non-executive Directors:

Ms. Chen Xiaohong (*Note 7*)

Mr. Dang Jinxue (*Note 8*)

Mr. Shi Luwen

Mr. Zhou Xiangliang

### Notes:

1. Mr. Shan Guoxin resigned as an executive Director and the chief executive officer of the Company (the “**Chief Executive Officer**”) on June 23, 2020 due to personal development reasons.
2. Mr. Chen Shuai was appointed as a non-executive Director, the chairman of the Board (the “**Chairman**”) and the acting Chief Executive Officer on June 23, 2020 and was re-designated as an executive Director on November 20, 2020.
3. Mr. Zhao John Huan resigned as the Chairman and a non-executive Director on June 23, 2020 due to work arrangements.
4. Mr. Li Peng resigned as a non-executive Director on June 23, 2020 due to work arrangements.
5. Mr. Su Zhiqiang was appointed as an executive Director on June 23, 2020 and was re-designated as a non-executive Director on November 20, 2020.
6. Ms. Shi Wenting was appointed as a non-executive Director on June 23, 2020.
7. Ms. Chen Xiaohong resigned as an independent non-executive Director on March 9, 2020 due to personal health reasons.
8. Mr. Dang Jinxue was appointed as an independent non-executive Director on March 9, 2020.

## REPORT OF THE DIRECTORS

Biographical details of the Directors are set out in the section headed “Biographies of Directors and Senior Management” on pages 62 to 72 of this annual report.

Mr. Chen Shuai, Mr. Su Zhiqiang and Ms. Shi Wenting shall retire at the forthcoming annual general meeting of the Company (the “AGM”) pursuant to the Articles.

Mr. Shi Luwen shall also retire by rotation at the AGM. Ms. Liu Lu and Ms. Wang Nan shall also voluntarily retire at the AGM. Save as Mr. Su Zhiqiang who will not offer himself for re-election at the AGM due to other business commitments, all of the aforementioned retiring Directors, being eligible, will offer themselves for re-election at the AGM.

### DISCLOSURE OF DIRECTORS’ INFORMATION PURSUANT TO RULE 13.51B(1) OF THE LISTING RULES

Changes in the information of Directors required to be disclosed under Rule 13.51B(1) of the Listing Rules are set out below:

Name of Director	Details of changes
Mr. Chen Shuai	Re-designated as an executive Director on November 20, 2020.
Mr. Su Zhiqiang	Re-designated as a non-executive Director on November 20, 2020.  Resigned as the investment director of the private equity investment department of Hony Capital in November 2020.  Appointed as the investment director of the strategic investment department of the Alibaba Group Holding Limited (HKEX Stock Code: 9988) in November 2020.
Ms. Liu Lu	Resigned as a director of the Shanghai Huilun Life Sciences & Technology Co., Ltd. in September 2020.

### DIRECTORS’ SERVICE CONTRACTS

None of the Directors offering themselves for re-election at the AGM has a service contract with the Company which is not determinable within one year without payment of compensation other than statutory compensation.

### DIRECTORS’ INTERESTS IN CONTRACTS OF SIGNIFICANCE AND COMPETING BUSINESS

Save as disclosed under Note 38 “Significant related party transactions” to the consolidated financial statements and the section headed “Convertible Bonds” in this report, no transaction, arrangement or contract of significance (as defined in Appendix 16 to the Listing Rules) in relation to our business to which the Company, its holding company or any of its subsidiaries was a party and in which a Director or controlling shareholder of the Company had a material interest, either directly or indirectly, subsisted at any time during or at the end of the year ended December 31, 2020.

As of December 31, 2020, none of the Directors was interested in any businesses other than our business which competes or is likely to compete with our business, either directly or indirectly or would otherwise require disclosure under Rule 8.10 of the Listing Rules.

### CONTRACTS OF SIGNIFICANCE

Save as disclosed in this report, at no time during the year ended December 31, 2020 did the Company or any of its subsidiaries enter into any contract of significance with a controlling shareholder of the Company or any of its subsidiaries, or any contract of significance for the provision of services to the Company or any of its subsidiaries by a controlling shareholder of the Company or any of its subsidiaries.

### CONTINUING CONNECTED TRANSACTIONS

On June 3, 2019, Jiande Hospital, an indirect non-wholly owned subsidiary of the Company, entered into the following agreements which constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules:

- (i) a medicine procurement agreement (“**Medicine Procurement Agreement**”) with Zhejiang Zhongyouli Medicines Co., Ltd. (浙江中友力醫藥有限公司) (“**Zhejiang Zhongyouli**”), pursuant to which Jiande Hospital agreed to purchase, and Zhejiang Zhongyouli agreed to sell, certain types of medicines from time to time during the term of the Medicine Procurement Agreement, for a three years’ term ending on December 31, 2021. For medicines listed in the 2018 Medical Insurance Price Catalog of Zhejiang Province (浙江省二零一八年醫保支付價目錄), the purchase price shall be determined in accordance with the price of the winning bid of supplying medicine to the medical insurance of Zhejiang Province. For medicines not listed in the 2018 Medical Insurance Price Catalog of Zhejiang Province (浙江省二零一八年醫保支付價目錄), the purchase price shall be determined in accordance with the purchase price of the same medicine on the Medicine Bidding and Purchasing Platform of Zhejiang Province (浙江省藥品招標採購平台); and
- (ii) a medical consumables and equipment procurement agreement (“**Medical Consumables and Equipment Procurement Agreement**”) with Zhejiang Dajia Medical Instruments Co., Ltd. (浙江大佳醫療器械有限公司) (“**Zhejiang Dajia**”), pursuant to which Jiande Hospital agreed to purchase, and Zhejiang Dajia agreed to sell, certain medical consumables and equipment from time to time during the term of the Medical Consumables and Equipment Procurement Agreement, for a three years’ term ending on December 31, 2021. The purchase price shall be more favorable than the fair market values of or prices offered by independent third parties for the medical consumables and equipment to be purchased under the Medical Consumables and Equipment Procurement Agreement and will be determined after arm’s length negotiation and agreement between the parties to the Medical Consumables and Equipment Procurement Agreement with reference to: (a) the current market prices of similar products provided by independent third parties in their normal course of business in the vicinity of the parties and on normal commercial terms; and (b) the prices of similar products in non-connected transactions between Zhejiang Dajia and independent third parties.

## REPORT OF THE DIRECTORS

Zhejiang Xinxiangli Investment Co., Ltd. (浙江新祥利投資有限公司) (“Xinxiangli Investment”) is a substantial shareholder of Jiande Hospital, which is an indirect non-wholly owned subsidiary of the Company. Hence, Xinxiangli Investment is a connected person of the Company. Zhejiang Zhongyouli and Zhejiang Dajia are subsidiaries of Xinxiangli Investment and are therefore connected persons of the Company under the Listing Rules. Therefore the transactions contemplated under the Medicine Procurement Agreement and the Medical Consumables and Equipment Procurement Agreement constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules.

### Annual caps and historical transaction amounts

#### *Annual caps for the Medicine Procurement Agreement*

The annual caps in respect of the transactions contemplated under the Medicine Procurement Agreement for each of the three financial years ending December 31, 2019, 2020 and 2021 are expected to be RMB50 million for each year.

#### *Annual caps for the Medical Consumables and Equipment Procurement Agreement*

The annual caps in respect of the transactions contemplated under the Medical Consumables and Equipment Procurement Agreement for each of the three financial years ending December 31, 2021 are expected to be RMB7 million, RMB8 million and RMB9 million, respectively.

#### *Historical transaction amounts*

During the year ended December 31, 2020, the cost of purchasing medicines, medical consumables and medical equipment incurred by the Group pursuant to the Medicine Procurement Agreement and the Medical Consumables and Equipment Procurement Agreement amounted to RMB23,165,000, comprising (i) approximately RMB17,510,000 paid to Zhejiang Zhongyouli for the purchase of medicines; and (ii) approximately RMB5,655,000 paid to Zhejiang Dajia for the purchase of medical consumables and equipment. The actual amounts paid by the Group to Zhejiang Zhongyouli and Zhejiang Dajia under the Medicine Procurement Agreement and the Medical Consumables and Equipment Procurement Agreement, respectively, did not exceed the above-mentioned annual caps approved by the Board.

### Internal control procedures

For the above continuing connected transactions, the procurement department of the Group has in place the following internal control procedures to ensure that the pricing terms offered by Zhejiang Zhongyouli and Zhejiang Dajia reflect the fair market prices of similar or related products:

- (i) conducting quarterly reviews of the guidance or reference prices available on purchasing platforms in Zhejiang province;
- (ii) comparing, on a quarterly basis, procurement prices of medicines and medical consumables or equipment offered to Jiande Hospital by Zhejiang Zhongyouli and Zhejiang Dajia, against the procurement prices of similar or related products offered to other hospitals managed or founded by the Group; and
- (iii) seeking quotations for similar medicines and medical consumables or equipment offered by independent third party suppliers from time to time depending on market price adjustments and anticipated changes in pricing terms within the industry.

### Confirmation from Directors in respect of continuing connected transactions

The independent non-executive Directors have reviewed the continuing connected transactions of the Company and confirmed that the transactions have been entered into:

- (a) in the ordinary and usual course of business of the Group;
- (b) on normal commercial terms or better; and
- (c) according to the relevant agreements governing them on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole.

The Company confirms that it has complied with the reporting and annual review requirements under Chapter 14A of the Listing Rules in respect of the continuing connected transactions set out above.

The Directors, including the independent non-executive Directors, consider that the continuing connected transactions and the annual caps set out above are fair and reasonable, and that such transactions have been entered into and will be carried out in the ordinary and usual course of business of the Group, are on normal or better commercial terms, and are in the interests of the shareholders of the Company as a whole.

## REPORT OF THE DIRECTORS

### Auditor's report on continuing connected transactions

The Company's auditor was engaged to report on the Group's continuing connected transactions as disclosed above in accordance with the Hong Kong Standard on Assurance Engagement 3000 (Revised) and the Assurance Engagements other than Audits or Reviews of Historical Financial Information, and with reference to Practice Note 740, Auditor's Letter on Continuing Connected Transactions under the Listing Rules, issued by Hong Kong Institute of Certified Public Accountants. The auditor has issued an unqualified letter containing its findings and conclusions in respect of the continuing connected transactions disclosed by the Group in accordance with Rule 14A.56 of the Listing Rules. A copy of the auditor's letter has been provided by the Company to the Stock Exchange.

In addition, all of the continuing connected transactions of the Company disclosed above which constitute related party transactions were set out in Note 38 to the consolidated financial statements in this annual report. Save as disclosed above, all other related party transactions as described in Note 38 to the consolidated financial statements did not fall under the definition of "continuing connected transaction" or "connected transaction" under the Listing Rules.

Save for the continuing connected transaction as disclosed above and the related party transactions as disclosed in Note 38 to the consolidated financial statements in this annual report, during the year ended December 31, 2020, the Company did not enter into any connected transactions and/or continuing connected transactions which were required to be disclosed in accordance with the requirements of Chapter 14A of the Listing Rules. The Company has complied with all applicable disclosure requirements in accordance with Chapter 14A of the Listing Rules.

**DIRECTORS' AND CHIEF EXECUTIVES' INTERESTS AND SHORT POSITIONS IN SHARES, UNDERLYING SHARES AND DEBENTURES OF THE COMPANY OR ITS ASSOCIATED CORPORATIONS**

As at December 31, 2020, the interests or short positions of the Directors and chief executives of the Company in the shares, underlying shares and debentures of the Company or its associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance (“SFO”)) (i) which were required to be notified to the Company and the Stock Exchange pursuant to Divisions 7 and 8 of Part XV of the SFO (including interests or short positions which they were taken or deemed to have under such provisions of the SFO); or (ii) which were required, under section 352 of the SFO, to be recorded in the register required to be kept by the Company; or (iii) which were required under the Model Code for Securities Transactions by Directors of Listed Issuers (the “Model Code”) as set out in Appendix 10 to the Listing Rules to be notified to the Company and the Stock Exchange were as follows:

**Long positions in the shares and underlying shares of the Company**

Name of Director	Capacity/Nature of interest	Number of shares or underlying shares of the Company	Approximate percentage of shareholding interest <sup>(2)</sup>
Ms. Liu Lu	Interest of controlled corporation	9,098,800 <sup>(1)</sup>	6.58%

*Notes:*

(1) Ms. Liu Lu is one of the general partners of Hefei Kangyang Capital Management Partnership (Limited Partnership) (合肥康養資本管理合夥企業(有限合夥)), which holds 55% of the equity interest in Anhui Zhong'an Health Investment Management Co., Ltd. (安徽中安健康投資管理有限公司) (“Anhui Zhong'an”). Anhui Zhong'an is the general partner of Anhui Zhong'an Health Elderly Care Services Industry Investment Partnership (Limited Partnership) (安徽省中安健康養老服務產業投資合夥企業(有限合夥)) (“Anhui Zhong'an LP”), which is a limited partnership formed under the laws of the PRC as an investment vehicle and holds approximately 6.58% of the issued share capital of the Company. Ms. Liu Lu is a director of Anhui Zhong'an.

(2) As of December 31, 2020, the total number of issued shares of the Company was 138,194,000.

Save as disclosed above, as of December 31, 2020, so far as is known to the Directors, none of the Directors and chief executives of the Company had or were deemed to have any interest or short position in the shares, underlying shares or debentures of the Company or its associated corporations (within the meaning of Part XV of the SFO) which were required to be notified under Divisions 7 and 8 of Part XV of the SFO or as otherwise notified to the Company and the Stock Exchange pursuant to the Model Code.

## REPORT OF THE DIRECTORS

### SUBSTANTIAL SHAREHOLDERS' INTERESTS AND SHORT POSITIONS IN SHARES AND UNDERLYING SHARES OF THE COMPANY

As of December 31, 2020, the following persons (other than the Directors and chief executives of the Company) had or were deemed or taken to have an interest and/or short position in the shares or underlying shares of the Company which were required to be disclosed under the provisions of Divisions 2 and 3 of Part XV of the SFO and as recorded in the register required to be kept by the Company under section 336 of the SFO, or who was, directly or indirectly, interested in 5% or more of the issued shares of the Company:

Name of shareholder	Capacity/Nature of interest	Number of shares or underlying shares of the Company	Approximate percentage of shareholding interest <sup>(7)</sup>
Vanguard Glory <sup>(1)</sup>	Beneficial owner	123,000,000	89.01%
Hony Capital Fund V, L.P. <sup>(2)</sup>	Interest of controlled corporation	123,000,000	89.01%

- (7) As of December 31, 2020, the total number of issued shares of the Company was 138,194,000.

## REPORT OF THE DIRECTORS

### SHARE-BASED PAYMENT SCHEMES

Save as disclosed below and under Note 26 to the consolidated financial statements, the Company does not have any other share option schemes.

#### (a) Share Subscription Agreement

For the benefit and long-term development of the Group, on March 31, 2016, the Company entered into a share subscription agreement (the “**Share Subscription Agreement**”) with certain members of the management (collectively, the “**Management Subscribers**” and each a “**Management Subscriber**”), their respective investment holding companies, Midpoint Honour (a shareholder of the Company, which is collectively owned by the investment holding companies of the Management Subscribers), Hony Management (a management company established by Hony Capital), and Vanguard Glory (the immediate parent company of the Company).

The Share Subscription Agreement was subsequently amended on December 4, 2016 and January 23, 2017 (the “**Amendment Agreements**”).

Pursuant to the Share Subscription Agreement, the Company allotted and issued 300 new shares (“**Subscription Shares**”) to Midpoint Honour, representing 3% of the Company’s then issued share capital, for RMB31,152,000, and such Subscription Shares were treated as treasury shares. On December 4, 2016, the Company repurchased 14 Subscription Shares at a price of HK\$1,787,000 and subsequently cancelled these shares. Pursuant to the Amendment Agreements, the Subscription Shares with par value amounting to RMB2,000 were treated as treasury shares. On March 16, 2017, the remaining 286 Subscription Shares were divided into 2,860,000 shares with a par value of HK\$0.001 each upon the capitalization issue.

Pursuant to the Share Subscription Agreement and the Amendment Agreements, Midpoint Honour is subject to lock-up restrictions and shall put back the Subscription Shares to the Company when a Management Subscriber resigns with the Company’s consent, at a consideration equal to the subscription consideration plus interest where available (the “**Put Back Consideration**”). As a result, it is accounted for as a share option scheme in accordance with relevant accounting standards, under which the Management Subscribers were granted 300 share options and the Group receives services from the Management Subscribers. The share options are conditional on the employees completing the first year and second year’s services, which are the vesting period. The share options are exercisable starting 12 months (the “**First Batch Share Options**”) or 24 months (the “**Second Batch Share Options**”) from the Listing Date. The exercise price of the granted share options is equal to the Put Back Consideration. The granted share options were considered as an equity-settled share-based payment to the subscriber.

On March 15, 2018, pursuant to the Share Subscription Agreement and the Amendment Agreements, the First Batch Share Options of unlocked treasury shares were vested to the respective Management Subscribers. In 2018, one of the Management Subscriptions resigned and the Company agreed not to exercise its right to repurchase the relevant shares attributable to him that were subject to lock-up restrictions.

On March 15, 2019, pursuant to the Share Subscription Agreement and the Amendment Agreements, the Second Batch Share Options of unlocked treasury shares were vested to the respective Management Subscribers. In 2019, one of the remaining Management Subscribers resigned and the Company agreed not to exercise its right to repurchase the relevant shares attributable to him that were subject to lock-up restrictions.

The share-based compensation expense related to the Share Subscription Agreement of RMB0.00 were recognized as 'cost of revenue' for the year ended December 31, 2020 (2019: RMB311,000).

### (b) Pre-IPO Share Appreciation Rights Scheme

On November 28, 2016, the Board approved a share appreciation rights scheme prior to the initial public offering of the Company (the "Pre-IPO SARs Scheme") which enables the Company to grant share appreciation rights to certain members of management (collectively referred to as the "Pre-IPO SARs Grantees"). The purpose of the Pre-IPO SARs Scheme is to enable the Company to grant share appreciation rights to eligible participants as rewards or returns for their contribution or potential contribution to the Company and/or and of its subsidiaries.

Pursuant to the Pre-IPO SARs Scheme, the Company granted 2,500,000 notional shares to the Pre-IPO SARs Grantees entitling them to receive cash payments based on the appreciation of the notional shares over a vesting period starting from June 30, 2016.

Pursuant to the lock-up restrictions provided in the Pre-IPO SARs Scheme, from March 15, 2018, the first batch, representing 25% of the total number of notional shares were free to be vested. In 2018, one of the Pre-IPO SARs Grantees resigned and the remaining 75% of locked-up notional shares granted to him lapsed pursuant to the Pre-IPO SARs Scheme.

In January 2019, one of the Pre-IPO SARs Grantees exercised the aforementioned 25% of total notional shares that were free to be vested.

From March 15, 2019, the second batch, representing 25% of the total number of notional shares, were free to be vested. In 2019, one of the remaining Pre-IPO SARs Grantee resigned and the remaining 50% of locked-up notional shares granted to him lapsed pursuant to the Pre-IPO SARs Scheme.

## REPORT OF THE DIRECTORS

From March 15, 2020, the third batch, representing 25% of the total number of notional shares, were free to be vested.

The share-based compensation expense related to the Pre-IPO SARs Scheme of RMB990,000 were derecognized as “cost of revenue” for the year ended December 31, 2020 (2019: RMB2,862,000 were derecognized as “cost of revenue”).

### (c) Service Contract with Mr. Lu Wenzuo

Pursuant to a service contract entered into between New Pride Holdings Limited (“**New Pride**”) and Mr. Lu Wenzuo (the “**Service Contract**”), New Pride conditionally granted the following awards to Mr. Lu Wenzuo if he could work for Weikang Investment Management Co., Ltd. (“**Weikang Investment**”) and provide hospital management services to Yangsi Hospital as the hospital administrator until December 31, 2017:

- (i) Certain share awards (the “**Share Awards**”) to acquire 1% of the equity interest in each of Weikang Investment and Tibet Dazi Honghe Ruixin Business Management Co., Ltd. (“**Honghe Ruixin**”) for each of the three years ending December 31, 2017 from New Pride and Tibet Honghe Zhiyuan Business Management Co., Ltd., or receive a cash payment equivalent to the value of 1% of the equity interest in each of Weikang Investment and Honghe Ruixin for each of the three years ending December 31, 2017; and
- (ii) Share appreciation rights (“**Mr. Lu’s SARs**”) to receive a cash payment based on the appreciation of 1% of the notional equity interest in Weikang Investment and Honghe Ruixin.

On May 30, 2018, pursuant to an exercise notification from Mr. Lu Wenzuo to New Pride, Mr. Lu Wenzuo confirmed his choice to settle the Share Awards in shares rather than in cash. Pursuant to the Service Contract, the fair value of the debt component of the Share Awards amounting to RMB40,500,000 was recognised as capital reserve upon the date of the exercise notification.

On January 25, 2019, Mr. Lu Wenzuo submitted an application to New Pride for the exercise of Mr. Lu’s SARs. As of December 31, 2020, the amount in respect of Mr. Lu’s SARs had not been settled.

The share-based compensation expenses related to Mr. Lu’s SARs of RMB0.00 were derecognized as “cost of revenue” for the year ended December 31, 2020 (2019: RMB277,000 were derecognized as “cost of revenue”).

### (d) Share Incentive Scheme

On October 24, 2017, Vanguard Glory entered into a share incentive scheme (the “Share Incentive Scheme”) with certain members of management (collectively referred to as the “Share Incentive Grantees” and each a “Share Incentive Grantee”). Pursuant to the Share Incentive Scheme, Vanguard Glory granted 6,412,201 share awards to the Share Incentive Grantees entitling them to subscribe for shares held by Vanguard Glory at an exercise price of HK\$14.35 per share, subject to certain lock-up restrictions.

In 2018, two of the Share Incentive Grantees resigned and the Company agreed with one of the grantees that all of the share awards granted by Vanguard Glory to him would remain in effect after his resignation with an accelerated vesting schedule. Further, as agreed by the Company, 25% of the share awards granted by Vanguard Glory to another grantee would be free to be vested after her resignation, and the remaining 75% locked-up notional shares granted to her lapsed. The share-based compensation expenses in relation to the share awards granted to the resigned Share Incentive Grantee for the year ended December 31, 2018 was recognised as capital reserve upon her resignation.

In 2019, two of the Share Incentive Grantees resigned and as agreed by the Company, 50% of the share awards granted by Vanguard Glory to one of the grantees would be released from the lock-up restrictions and free to be vested after his resignation, while the remaining 50% locked-up notional shares granted to him lapsed. The share-based compensation expenses in relation to the share awards granted to the resigned Share Incentive Grantee for the year ended December 31, 2019 were recognised as capital reserve upon his resignation. Further, pursuant to the Share Incentive Scheme, the share awards granted to another grantee who has resigned which were permitted to vest but had not been exercised will be terminated and the remaining locked-up notional shares granted to him shall lapse.

In 2020, the remaining 50% of the shared awards granted by Vanguard Glory has been released from the lock-up restrictions and free to be vested.

Share-based compensation expenses related to the Share Incentive Scheme of RMB1,392,000 were recognized as ‘cost of revenue’ for the year ended December 31, 2020 (2019: RMB5,182,000).

## REPORT OF THE DIRECTORS

### (e) Post-IPO Share Appreciation Rights Scheme

We adopted a post-IPO share appreciation rights scheme (the “**Post-IPO SARs Scheme**”) on December 13, 2016 to enable the Company to grant post-IPO share appreciation rights (the “**Post-IPO SARs**”) to Post-IPO SARs Eligible Participants (as defined below) as rewards or returns for their contribution or potential contribution to the Company and/or any its the subsidiaries. The Post-IPO SARs Scheme does not involve the grant of options over new securities of the Company. Under the Post-IPO SARs Scheme, directors, employees, advisors, consultants, distributors, contractors, customers, suppliers, agents, business partners, joint venture partners and service providers of the Company or any of its subsidiaries (the “**Post-IPO SARs Eligible Participants**”) who, in the sole opinion of the Board, have contributed to the Company and/or any of its subsidiaries will be entitled to receive cash payments determined based on the appreciation of the notional shares over a specified period pursuant to the Post-IPO SARs Scheme. The Post-IPO SARs Eligible Participants who accepted the offer do not have any voting rights and rights to dividends entitled by the shareholders of the Company.

Details of the Post-IPO SARs Scheme were set out in the Prospectus. Since the Listing Date and up to the date of this report, no Post-IPO SARs had been granted under the Post-IPO SARs Scheme.

### (f) Share Award Scheme

The Company has adopted a share award scheme of the Company (the “**Share Award Scheme**”) on January 18, 2021.

The following classes of participants (the “**SAS Eligible Participants**”) are eligible for participation in the Share Award Scheme: (a) directors (including executive directors and non-executive directors) of the Company or any of its subsidiaries; (b) employees (including full-time and part-time), officers, agents or consultants of the Company or any of its subsidiaries; and (c) core management members of any hospital owned, managed and/or founded by the Group.

The Board or any committee delegated with the power and authority by the Board to administer the Share Award Scheme (the “**SAS Administration Body**”) may, from time to time, at its absolute discretion select any SAS Eligible Participant (the “**SAS Selected Participant**”) to be entitled to receive a grant of award of Shares (the “**Share Award**”), either Shares subject to vesting criteria or restrictions or Shares granted directly to the SAS Selected Participants which the SAS Administration Body determines to be vested immediately upon acceptance without any vesting conditions, under the Share Award Scheme. The Board or the respective committee may also grant Share Awards to such SAS Selected Participant which are to be satisfied by new Shares to be subscribed by the trustee of the trust set up under the Share Award Scheme (the “**SAS Trustee**”) and/or existing Shares purchased by the SAS Trustee.

The eligibility of any of the SAS Eligible Participant to a Share Award and/or the number of Shares to be granted shall be determined by the SAS Administration Body, taking into consideration matters such as the contribution of the relevant SAS Eligible Participant to the profits of the Group and the general financial condition of the Group. After the SAS Administration Body has determined the number of Shares to be granted and/or the SAS Selected Participants, it shall notify the SAS Trustee and (if the SAS Selected Participants are identified) issue the grant letter to the SAS Selected Participants.

The purposes of the Share Award Scheme are (i) to encourage or facilitate the holding of Shares by the SAS Eligible Participants; (ii) to encourage and retain the SAS Eligible Participants to work with the Group; and (iii) to provide additional incentive for the SAS Eligible Participants to achieve performance goals, with a view to achieving the objectives of increasing the value of the Company and aligning the interests of the SAS Eligible Participants with the Shareholders through ownership of Shares.

The Share Award Scheme offers a different form of incentive as compared to the Post-IPO SARs Scheme of the Company, since SAS Eligible Participants will be entitled to receive Shares upon vesting of the Share Awards under the Share Award Scheme, while the Post-IPO SARs Eligible Participants will only be entitled to receive cash payments determined based on the appreciation of the notional Shares over a specified period under the Post-IPO SARs Scheme. Given the difference in nature of the reward under the Share Award Scheme and the Post-IPO SARs Scheme, the Company believes that the Share Award Scheme will impose less pressure on the Group's cash flow position and enable the Company to prevent substantive cash outflow while allowing additional incentives to the Participants to contribute to the Group in the foreseeable future.

Details of the Share Award Scheme were set out in the announcement of the Company dated January 18, 2021.

### **EQUITY-LINKED AGREEMENTS**

Save for the share-based payment schemes as set out above and the convertible bonds issued by the Company as disclosed in the section headed "Convertible Bonds" in this report, no equity-linked agreement that would or might result in the Company issuing shares, or requiring the Company to enter into an agreement that would or might result in the Company issuing shares, was entered into by the Company during the year ended December 31, 2020 or subsisted at the end of 2020.

### **DONATIONS**

During the year ended December 31, 2020, donations for charity or other purposes made by the Group amounted to RMB0.00 million (2019: approximately RMB2.0 million).

## REPORT OF THE DIRECTORS

### NON-COMPETITION UNDERTAKING BY CONTROLLING SHAREHOLDERS

Details of compliance by the controlling shareholders of the Company with the deed of non-competition entered into with the Company on December 13, 2016 is set out in the “Corporate Governance Report” of this annual report.

### MINIMUM PUBLIC FLOAT

Based on information publicly available to the Company and within the knowledge of the Directors, as of the date of this report, the Company has maintained the prescribed public float as approved by the Stock Exchange since the Listing Date.

### PRE-EMPTIVE RIGHTS

There are no provisions for pre-emptive rights under the laws of the Cayman Islands (being the place of incorporation of the Company) or under the Articles which would require the Company to offer new shares on a pro-rata basis to its existing shareholders.

### EMOLUMENT POLICY AND SENIOR MANAGEMENT’S EMOLUMENTS

The Directors’ fees are subject to approval by the shareholders of the Company at general meetings. Their emoluments are determined by the Board with reference to factors such as Directors’ duties, responsibilities and performance and the results of the Group.

The five individuals whose remuneration was the highest in the Group for the year ended December 31, 2020 included two Directors and three members of the senior management.

Details of the remuneration of the five highest paid individuals and each of the Directors for the year ended December 31, 2020 are set out in Note 9 and Note 41 to the consolidated financial statements, respectively. None of the Directors has agreed to waive any emoluments for the year ended December 31, 2020.

The Group has adopted certain share-based payment schemes for the purpose of, among others, providing additional incentive for the employees of the Group to achieve performance goals. Details have been set out in the section headed “SHARE-BASED PAYMENT SCHEMES” in the Report of the Directors.

### MANAGEMENT CONTRACTS

No contracts concerning the management and administration of the whole or a substantial part of the business of the Company were entered into or existed during the year ended December 31, 2020.

### PERMITTED INDEMNITY PROVISION

Pursuant to the Articles, every Director shall be entitled to be indemnified out of the assets of the Company against all losses or liabilities incurred or sustained by him/her as a Director in defending any proceedings, whether civil or criminal, in which judgment is given in his/her favor, or in which he/she is acquitted. Such permitted indemnity provision was in force throughout the year ended December 31, 2020 and up to the date of this report.

### KEY RELATIONSHIPS WITH EMPLOYEES, CUSTOMERS AND SUPPLIERS

The Group recognizes the accomplishment of the employees by providing comprehensive benefit package, career development opportunities and internal training appropriate to individual needs. The Group provides a healthy and safe workplace for all employees. No strikes and cases of fatality due to workplace accidents occurred during the Reporting Period under review.

The Group maintains cooperation relationships with suppliers to meet our customers' needs in an efficient and effective manner. The departments work closely to make sure the tendering and procurement process is conducted in an open, fair and just manner.

Our major suppliers are generally manufacturers of pharmaceutical products, and had business relationship with the Group for over five years on average. Our largest supplier is headquartered in Zhejiang province, China and engaged in the wholesale and retail of pharmaceuticals and medical devices. The credit period from the major suppliers is 90 to 365 days. The payables were usually settled within the credit period.

Details of the trade and bills payables of the Group as at December 31, 2020 are set out in note 29 to the financial statements. Up to the date of this report, approximately 84% of the trade and bills payable to the major suppliers has been settled.

The principal activities of the Group are provision of hospital management services and general hospital services and wholesale of pharmaceutical products which rely on, among other things, sufficient supply of the pharmaceutical products. The Company is subject to price fluctuation of the pharmaceutical products and could face shortage in supply of pharmaceutical products. To mitigate the risk, the Company has estimated certain periods of the material usages and maintained a safe inventory level. The Company has also developed business relationships with more suppliers for specific pharmaceutical products in order to diversify the risk of relying on single supplier.

During the Reporting Period, the Group did not have any significant disputes with our major suppliers.

The Group values the views and opinions of all customers and collected their views and opinions through various means and channels, including the use of business intelligence to understand customer trends and needs and analyze customers' feedback on a regular basis. The Group also conducts comprehensive tests and checks to ensure that only quality products and services are offered to the customers.

## REPORT OF THE DIRECTORS

Our major customers include the Group Hospitals. The years of business relationship of these major customers with the Group ranged between nil and six years and the credit terms granted to them ranged from 90 to 365 days. Details of the trade and bills receivables of the Group as at December 31, 2020 are set out in note 18 to the financial statements. Up to the date of this report, approximately 78% of the trade and bills receivables from the major customers has been settled.

Our service focuses on improving patients' health condition, and patients have varying expectations on the magnitude of improvement that may result from our services. If we fail to properly manage patients' expectations of the results from the services provided by the Group Hospitals, patients may in turn be dissatisfied with the results of the service provided by the Group Hospitals, and a disappointed client may, among others, complain to the media and file legal claims against the Group Hospitals. Such actions from patients may have a material adverse effect on our reputation, business, and results of operations, financial condition and prospects.

During the Reporting Period, the Group has not experienced any major disruption of business due to material delay or default of payment by our customers due to their financial difficulties. The Group did not have any material dispute with our customers.

### MAJOR CUSTOMERS AND SUPPLIERS

In 2020, Yangsi Hospital, Cixi Hospital and Jinhua Hospital were our largest customers, and the Group received management service fees from Yangsi Hospital, Cixi Hospital and Jinhua Hospital in respect of the provision of management and consultancy services to them. In 2020, the management service fees recognised from them (net of value-added tax) were approximately RMB226.9 million (2019: approximately RMB212.2 million), accounting for approximately 56.8% (2019: approximately 51.6%) of our revenue, and the management service fees recognised from the largest customer accounted for approximately 43.4% (2019: approximately 36.3%) of our revenue for the year ended December 31, 2020. Our other customers are patients of Jiande Hospital, from whom we derive revenue by providing general hospital services.

The majority of these patients rely on public medical insurance programs to pay for their medical treatments.

In 2020, our purchases from the top five suppliers of the Group amounted to RMB67.9 million (2019: approximately RMB82.3 million) (net of value-added tax), accounting for approximately 65.1% (2019: approximately 67.1%) of our total purchase, and the amount of purchase from the largest supplier accounted for approximately 27.5% (2019: approximately 36.5%) of our total purchase for the year ended December 31, 2020.

None of the Directors, their close associates or a shareholder of the Company (which to the knowledge of the Directors owns more than 5% of the Company's issued share capital) has any interest in any of our five largest customers and suppliers.

### DIRECTORS' RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Save as otherwise disclosed in this annual report, at no time during the year ended December 31, 2020 was the Company or any of its holding company, subsidiaries or fellow subsidiaries a party to any arrangements to enable the Directors to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

### RISK MANAGEMENT

#### Market Risk

We conduct our business in China, from where we derive our revenue. The functional currency for all of our operating subsidiaries is RMB. In Hong Kong, where the currency is HKD, we accept certain exchange rate risks to meet investment and financing business needs. We are not exposed to significant commodity price risk. The wealth management products we held in 2020 were classified as financial assets at fair value through profit and loss. In view of the short maturity and relatively stable prices of those wealth management products, we assess its price risk to be low. Borrowings obtained at variable rates expose us to cash flow interest rate risk, which may be offset in part by cash and wealth management products held at variable rates, and also expose us to fair value interest rate risk. As of December 31, 2020, our borrowings amounted to approximately RMB131.7 million. The interest rates of our loans which bear floating rates are linked to HIBOR. In order to meet daily business capital requirements, we accept the interest rate risk within HIBOR's fluctuation.

#### Credit risk

Credit risk mainly arises from cash and cash equivalents, term deposit, financial assets at fair value through profit or loss ("FVPL"), amounts due from related parties, and trade and other receivables. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the consolidated balance sheets.

The credit risk of cash and cash equivalents, term deposit, financial assets at FVPL of the Company is limited because the counterparties are mainly state-owned or public listed commercial banks which are high-credit-quality financial institutions in the PRC.

The trade receivables of the Group are subject to the expected credit loss model. While financial assets at FVPL are also subject to the impairment requirements of IFRS 9, no impairment was identified. The Group applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables. To measure the expected credit losses, trade receivables have been grouped based on shared credit risk characteristics and the days past due.

## REPORT OF THE DIRECTORS

The expected loss rates are based on the payment profiles of sales over a period of 12 month before December 31, 2020 or January 1, 2020 respectively and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Group has identified the gross domestic product (“GDP”) and the unemployment rate of the countries in which it sells its goods and services to be the most relevant factors, and accordingly adjusts the historical loss rates based on expected changes in these factors.

Other financial assets at amortised cost include other receivables, deposits and amounts due from related parties. The Directors have assessed that other receivables, deposit and amounts due from related parties have not had a significant increase in credit risk since initial recognition. Thus, a 12-month expected credit loss approach that results from possible default event within 12 months of the reporting period of the Group is adopted by management. The Directors do not expect any losses from non-performance by the counterparties of other receivables, deposits and amounts due from related parties to be recognised.

Details of the credit risk of the Group during the year ended December 31, 2020 are set out in Note 3.1(ii) to the consolidated financial statements.

### Liquidity Risk

We are exposed to liquidity risk. We aim to maintain sufficient cash and cash equivalents to meet our operating capital requirements.

### Capital Risk

Our primary objectives when managing capital are to safeguard our ability to continue as a going concern in order to provide returns to our shareholders and benefits to other stakeholders and to maintain an optimal capital structure to reduce the cost of capital. We actively and regularly review and manage our capital structure to maintain a balance between the higher equity shareholders’ returns that may be achieved with higher levels of borrowings and the advantage and security afforded by a sound capital position, and make adjustments to our capital structure in light of changes in economic conditions. In order to maintain or adjust the capital structure, we may adjust the amount of dividends paid to the shareholders, return capital to the shareholders, issue new shares or sell assets to reduce debt. We monitor our capital structure on the basis of liability-to-asset ratio, which is calculated as total liabilities divided by total assets. Our liability-to-asset ratio was approximately 59% as of December 31, 2019 and approximately 63% as of December 31, 2020. In 2020, the increase in our liability-to-asset ratio was mainly attributable to the provision for impairment on goodwill and relevant intangible assets and there were no changes in our approach to capital management. Neither our Company nor any of our subsidiaries is subject to externally imposed capital requirements.

### ENVIRONMENTAL POLICIES AND PERFORMANCE

It is our corporate and social responsibility to promote sustainable development and foster an environmentally-friendly environment. The Group has implemented internal policies and procedures with respect to environmental protection at the Group Hospitals and has engaged qualified service providers to dispose of our Group Hospitals' medical waste. The Group has established a hospital infection management committee that sets out annual work plans and carries out supervision on preventing hospital infections. For the year ended December 31, 2020, the Group incurred approximately RMB335,160 (2019: approximately RMB425,248) in environmental compliance costs. The Group integrates international standards, national regulations and industry standards into its medical services, and procurement and business management activities. The specific tasks are performed by the Group's subsidiaries and medical institutions. The Group's functional departments are connected to ensure that daily operations are in line with the environmental, social and governance regulations. During the year ended December 31, 2020 and up to the date of this report, none of our management received reports concerning environmental claims, lawsuits, penalties or administrative sanctions.

### COMPLIANCE WITH LAWS AND REGULATIONS

Our operations are mainly carried out by the Company's subsidiaries in China while the Company's shares are listed on the Stock Exchange. Our operations shall comply with relevant laws and regulations in China, Hong Kong and the Cayman Islands. During the year ended December 31, 2020 and up to the date of this report, the Group has complied with all the relevant laws and regulations in China, Hong Kong and the Cayman Islands in all material respects.

### AUDITOR

The consolidated financial statements of the Group for the year ended December 31, 2020 have been audited by PricewaterhouseCoopers, who will retire at the conclusion of the AGM and offer themselves for re-appointment. A resolution for the re-appointment of PricewaterhouseCoopers as the auditor of the Company will be proposed at the AGM. The Company has not changed its auditor during any of the past three years.

On behalf of the Board

**Chen Shuai**

*Chairman and Acting Chief Executive Officer*

Hong Kong

## BIOGRAPHIES OF DIRECTORS AND SENIOR MANAGEMENT

### DIRECTORS

Chen Shuai (陳帥)

*Chairman and Acting Chief Executive Officer*

Mr. Chen, aged 47, was appointed as a non-executive Director, the Chairman of the Board and the acting Chief Executive Officer of the Company in June 2020 and was re-designated as an executive Director on November 20, 2020. Mr. Chen has extensive experience in investment management, supplier management and retail business. He joined Hony Capital (a series of private equity investment funds, together with their respective management companies/general partners, “Hony Capital”) in 2003 and has served as a managing director of Hony Capital since 2011. Mr. Chen also currently serves as the deputy general manager of the private equity investment department and a member of the private equity business steering committee of Hony Capital, as well as general manager of Hony Capital’s Shanghai platform. Prior to joining Hony Capital, Mr. Chen was the senior financial manager of Wumart Stores, Inc., general manager of the vendor management department of Beijing Jiahe Group (北京家和集團), and senior investment manager of the investment management department and urban strategic circulation department of D’Long International Strategic Investment Company.

Mr. Chen is currently a non-executive director of China Rongzhong Financial Holdings Company Limited (HKEX Stock Code: 3963), a non-executive director of Century Ginwa Retail Holdings Limited (HKEX Stock Code: 162) and a director of Shanghai Chengtou Holding Co., Ltd. (Shanghai Stock Exchange Stock Code: 600649). He was a director of Shanghai Environment Group Co., Ltd. (Shanghai Stock Exchange Stock Code: 601200) from February 2017 to September 2019. Mr. Chen is also a member of the 11th Finance Sector Youth Union (青聯金融界別) of Shanghai and the 7th Merger, Acquisition and Reorganization Committee (併購重組委) of the China Securities Regulatory Commission.

Mr. Chen obtained his bachelor’s degree in economics from Beijing Forestry University in 1997, and a Master of Business Administration from the China Europe International Business School in 2010.

## BIOGRAPHIES OF DIRECTORS AND SENIOR MANAGEMENT

**Lu Wenzuo (陸文佐)**

*Executive Director*

Mr. Lu, aged 75, is an executive Director of the Company and was appointed as a Director on December 16, 2015. Mr. Lu is responsible for the overall hospital operation and management of Yangsi Hospital. He joined our Group in December 2003. He currently serves as a director of Weikang Investment and also held the position of hospital administrator of Yangsi Hospital upon its establishment. As the hospital administrator of Yangsi Hospital, Mr. Lu is primarily responsible for the overall management and operations of Yangsi Hospital. Mr. Lu has significant decision-making authority in the administrative matters of Yangsi Hospital, including decision-making authority in daily operations, hiring and promotion of personnel and remuneration. Mr. Lu is also responsible for the implementation of plans and the financial auditing of Yangsi Hospital. Furthermore, Mr. Lu is responsible for overseeing and executing the tasks formulated by the Chinese government and the Group. Mr. Lu has more than 34 years of experience in hospital management. Prior to joining our Group, he served as the deputy hospital administrator of the First People's Hospital of Nantong (南通市第一人民醫院), a Class IIIA general hospital located in Nantong, Jiangsu province, from July 1983 to March 1987. He joined Shanghai Punan Hospital (上海浦南醫院), a Class II general hospital located in Shanghai, in April 1987 and served as the deputy hospital administrator from January 1992 to December 2003.

Mr. Lu graduated from Shanghai Medical College (復旦大學上海醫學院) (previously known as Shanghai First Medical College (上海第一醫學院)) in China in August 1969 and majored in medicine. Mr. Lu received the qualification of chief physician (主任醫師) from the Medical Technical Worker Advanced Qualifications Review Committee of Shanghai (上海衛生技術人員高級職稱評審委員會) in December 1996. He was awarded as one of the Top Ten Outstanding Administrators in Shanghai by the Shanghai Association for Non-government Medical Institutions (上海市社會醫療機構協會) in November 2013.

## BIOGRAPHIES OF DIRECTORS AND SENIOR MANAGEMENT

### Su Zhiqiang (蘇志強)

#### *Non-executive Director*

Mr. Su, aged 37, is an executive Director of the Company since June 2020 and was re-designated as a non-executive Director on November 20, 2020. Mr. Su currently serves as the investment director of the strategic investment department of the Alibaba Group Holding Limited (HKEX Stock Code: 9988), with a focus on investment in medical and healthcare related fields. Prior to joining the Alibaba Group, Mr. Su worked in the investment management department of China Minmetals Corporation from 2009 to 2011 and in the investment department of CITIC Private Equity Funds Management Co., Ltd. from 2011 to 2013. Mr. Su subsequently served as an investment director at Sino-Rock Investment Management Company Limited, which is affiliated to China Cinda Asset Management Co., Ltd. (HKEX Stock Code: 1359), from 2014 to 2017. Mr. Su subsequently worked in Hony Capital from 2017 to 2020 and served as the investment director of the private equity investment department.

Mr. Su obtained his bachelor's degree in financial engineering from Shandong University in June 2006, and a master's degree in finance from the Central University of Finance and Economics in June 2009.

### Shi Wenting (石文婷)

#### *Non-executive Director*

Ms. Shi, aged 32, was appointed as a non-executive Director of the Company on June 23, 2020. Ms. Shi is currently the senior investment manager in the consumption and advanced manufacturing investment department of Legend Holdings Corporation (HKEX Stock Code: 3396) (“**Legend Holdings**”). Ms. Shi joined Legend Holdings in 2016 and has served as the investment manager of the healthcare service investment department, investment manager and senior investment manager of the innovative consumption and services investment department, and senior investment manager of the consumption and advanced manufacturing investment department. Prior to joining Legend Holdings, Ms. Shi served as an analyst of the investment banking department of First Capital Investment Banking Co., Ltd. (formerly known as J.P. Morgan First Capital Securities Co., Ltd.).

Ms. Shi obtained her bachelor's degree in business administration and master's degree in accounting from Tsinghua University in 2011 and 2013, respectively.

## BIOGRAPHIES OF DIRECTORS AND SENIOR MANAGEMENT

### Liu Lu (劉路)

#### *Non-executive Director*

Ms. Liu Lu (劉路), aged 47, was appointed as a non-executive Director of the Company on May 26, 2017. Mr. Liu Hui (劉輝), aged 31, served as senior legal manager of the Company from 2017 to September 2018, re-joined in July 2020, and was subsequently appointed as chief legal officer and secretary to the Board. He is primarily responsible for the Company's domestic and overseas compliance services. Prior to joining our Group, Mr. Liu served as a practicing lawyer of the securities department in DeHeng Law Offices, Beijing (北京德恒律師事務所公司) and successively served as a senior legal consultant of Haier Group (Qingdao) Financial Holdings Ltd. (海爾集團(青島)金融控股有限公司) and the legal officer of HAI Cloud Exchange (HK) Ltd. (海雲匯(香港)有限公司) from 2018 to June 2020.

Mr. Liu obtained his master's degree of law from Jilin University (吉林大學) in 2015.

### COMPLIANCE WITH THE CODE ON CORPORATE GOVERNANCE PRACTICES

The Company has adopted the code provisions as set out in the Corporate Governance Code (the “CG Code”) contained in Appendix 14 to the Listing Rules. Save as disclosed herein, the Board considered that, during the year under review, the Company has complied with the applicable code provisions set out in the CG Code. The Company will continue to review and enhance its corporate governance practices to ensure compliance with the CG Code.

#### CODE PROVISION A.2.1

Code provision A.2.1 of the CG Code stipulates that the roles of the chairman and chief executive officer should be separated and should not be performed by the same individual. Please refer to the paragraph under “Chairman and Chief Executive Officer” below for details.

### COMPLIANCE WITH THE MODEL CODE

The Company has adopted a code of conduct regarding the transactions of securities of the Company by the Directors and the relevant employees (who likely possess inside information of the Company) (the “Securities Dealing Code”) on terms no less stringent than the required standard set out in the Model Code as set out in Appendix 10 to the Listing Rules. Having made specific enquiries with all Directors and relevant employees of the Company, the Company confirms that all Directors and relevant employees of the Company have complied with the Model Code and the Securities Dealing Code throughout the year ended December 31, 2020.

### BOARD OF DIRECTORS

As at the date of this report, the Board of the Company comprises the following directors:

#### Executive Directors:

Mr. Chen Shuai (*Chairman and Acting Chief Executive Officer*)

Me. Lu Wenzuo

#### Non-executive Directors:

Mr. Su Zhiqiang

Ms. Shi Wenting

Ms. Liu Lu

Ms. Wang Nan

#### Independent Non-executive Directors:

Mr. Dang Jinxue

Mr. Shi Luwen

Mr. Zhou Xiangliang

The biographical information of the Directors is set out in the section headed “Biographies of Directors and Senior Management” on pages 62 to 72 of this annual report.

## CORPORATE GOVERNANCE REPORT

### Insurance for Directors

Code provision A.1.8 of the CG Code stipulates that an issuer should arrange appropriate insurance cover in respect of legal action against its directors. The Company has arranged for appropriate insurance cover to protect Directors from possible legal action against them.

### Chairman and Chief Executive Officer

Provision A.2.1 of the CG Code stipulates that the roles of chairman and chief executive officer should be separated and should not be performed by the same individual. Mr. Shan Guoxin resigned as the chief executive officer of the Company (“**Chief Executive Officer**”) and Mr. Zhao John Huan resigned as the chairman of the Board with effect from June 23, 2020. On the same day, Mr. Chen Shuai (“**Mr. Chen**”) has been appointed as the chairman of the Board and the acting Chief Executive Officer. Mr. Chen will only serve as the acting Chief Executive Officer until the Board appoints a new Chief Executive Officer. The Board is in the course of identifying suitable candidate to fill the position of Chief Executive Officer in order to seek to comply with provision A.2.1 of the CG Code again, and believes that Mr. Chen serving concurrently as the acting Chief Executive Officer can ensure the normal operation of the Company in the meantime and is in the interests of the Company and its shareholders as a whole.

### Independent Non-executive Directors

During the year under review, the Board has complied with the requirements of the Listing Rules to appoint at least three independent non-executive Directors, representing at least one-third of the Board, with one of them possessing appropriate professional qualifications or accounting or related financial management expertise.

The Company has received written annual confirmation from each of the independent non-executive Directors in respect of his/her independence in accordance with the independence guidelines set out in Rule 3.13 of the Listing Rules. The Company is of the view that all independent non-executive Directors are independent.

### Directors' Re-election

Code provision A.4.1 of the CG Code stipulates that non-executive directors should be appointed for a specific term, subject to re-election, whereas code provision A.4.2 states that all directors appointed to fill a casual vacancy should be subject to election by shareholders at the first general meeting after appointment and that every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years.

Save for two of the non-executive Directors who are engaged on an appointment letter for a term of 1 year, each of the Directors is engaged on a service contract or appointment letter (as the case may be) for a term of 3 years.

In accordance with the Articles, all Directors are subject to retirement by rotation and re-election at an annual general meeting of the Company at least once every three years and any Director appointed by the Board or elected by the shareholders to fill a casual vacancy or as an addition to the Board shall hold office until the next following general meeting, as the case may be, of the Company after his/her appointment and be subject to re-election at such meeting.

### Responsibilities, Accountabilities and Contributions of the Board and Management

The Board is responsible for the leadership and control of the Company and oversees the businesses, strategic decisions and performance of the Group, and is collectively responsible for promoting the success of the Company by directing and supervising its affairs. Directors of the Board take decisions objectively in the interests of the Company.

All Directors, including non-executive Directors and independent non-executive Directors, have brought a wide spectrum of valuable business experience, knowledge and professionalism to the Board for its efficient and effective functioning.

All Directors have full and timely access to all the information of the Company. The Directors may, upon request, seek independent professional advice in appropriate circumstances, at the Company's expenses for discharging their duties to the Company.

The Directors shall disclose to the Company details of other offices held by them and the Board regularly reviews the contribution required from each Director to perform his/her responsibilities to the Company.

## CORPORATE GOVERNANCE REPORT

The Board reserves for its decision all major matters relating to policy matters, strategies and budgets, internal control and risk management, material transactions (in particular those that may involve conflicts of interests), financial information, appointment of directors and other significant operational matters of the Company. Responsibilities relating to implementing decisions of the Board, directing and co-ordinating the daily operation and management of the Company are delegated to the management.

### Continuous Professional Development of Directors

Directors keep abreast of their responsibilities as a Director of the Company and of the conduct, business activities and development of the Company.

Every newly appointed director will receive formal, comprehensive and tailored induction on the first occasion of his/her appointment to ensure an appropriate understanding of the business and operations of the Company and full awareness of directors' responsibilities and obligations under the Listing Rules and relevant statutory requirements.

Directors are encouraged to participate in appropriate continuous professional development to develop and refresh their knowledge and skills to ensure that their contribution to the Board remains informed and relevant. Internally facilitated briefings for Directors will be arranged and reading material on relevant topics will be issued to Directors, where appropriate.

During the year under review, all Directors have been provided with the relevant guideline materials regarding the duties and responsibilities of being a Director, the relevant laws and regulations applicable to the Directors and duty of disclosure of interests. During the year under review, relevant reading materials, including legal and regulatory updates, have been provided to the Directors appointed (if any) for their reference and study.

## CORPORATE GOVERNANCE REPORT

A summary of the Directors' participation in training and continuous professional development during the year ended December 31, 2020 according to the records provided by the Directors is as follows:

Name of directors	Attending training organised by professional organisations and/or reading materials on latest rules and regulations

\* the chairman of the Board or the committees

### Notes:

1. Mr. Shan Guoxin resigned as an executive Director, the Chief Executive Officer and a member of the Remuneration Committee on June 23, 2020 due to personal development reasons.
2. Mr. Chen Shuai was appointed as a non-executive Director, the Chairman, the acting Chief Executive Officer and the chairman of the Nomination Committee on June 23, 2020 and was re-designated as an executive Director on November 20, 2020.
3. Mr. Zhao John Huan resigned as a non-executive Director, the Chairman and the chairman of the Nomination Committee on June 23, 2020 due to work arrangements.
4. Mr. Li Peng resigned as a non-executive Director and a member of the Audit Committee on June 23, 2020 due to work arrangements.
5. Mr. Su Zhiqiang was appointed as an executive Director and a member of the Remuneration Committee on June 23, 2020 and was re-designated as a non-executive Director on November 20, 2020.
6. Ms. Shi Wenting was appointed as a non-executive Director and a member of the Audit Committee on June 23, 2020.
7. Ms. Chen Xiaohong resigned as an independent non-executive Director, the chairman of the Remuneration Committee and a member of the Nomination Committee on March 9, 2020 due to personal health reasons.
8. Mr. Dang Jinxue was appointed as an independent non-executive Director, the chairman of the Remuneration Committee and a member of the Nomination Committee on March 9, 2020.

## BOARD COMMITTEES

The Board has established three Board committees, namely, the Audit Committee, the Remuneration Committee and the Nomination Committee, for overseeing particular aspects of the Company's affairs. All Board committees of the Company are established with specific written terms of reference. The terms of reference of the Board committees are posted on the website of the Company and of Hong Kong Exchanges and Clearing Limited ("HKEX") and are available to shareholders upon request.

The majority of the members of each Board committee are independent non-executive Directors.

### Audit Committee

The main duties of the Audit Committee are to assist the Board in reviewing the financial information and reporting system, internal control procedures and risk management system, relationship with external auditors, and arrangements to enable employees of the Company to raise, in confidence, concerns about possible improprieties in financial reporting, internal control or other matters of the Company.

## CORPORATE GOVERNANCE REPORT

The Audit Committee held 2 meetings during the year. The following matters have been discussed and considered:

- (a) the audit related matters for 2020 (including but not limited to the Group's financial accounting policies and practices, and the work performed by the external auditor of the Company);
- (b) the annual results announcement and annual report of the Company for the year ended December 31, 2019, and the interim results announcement and interim report of the Company for the six months ended June 30, 2020;
- (c) the independent auditor's report prepared by the external auditor of the Company;
- (d) the Company's risk management and internal control system and the effectiveness thereof, and discussed the same with management;
- (e) the re-appointment of the external auditor of the Company for 2021; and
- (f) the Company's continuing connected transactions in 2020.

### Remuneration Committee

The primary functions of the Remuneration Committee include reviewing and making recommendations to the Board on the remuneration packages of individual executive Directors, non-executive Directors and senior management, the remuneration policy and structure for all Directors and senior management; and establishing transparent procedures for developing such remuneration policy and structure to ensure that no Director or any of his/her associates will participate in deciding his/her own remuneration.

The Remuneration Committee held 1 meeting during the year and considered and recommended the following matters to the Board:

- (a) remuneration and other benefits paid by the Company to the Directors and senior management of the Company; and
- (b) terms of service and remuneration plan for newly appointed Directors.

The annual remuneration of the members of the senior management by band for the year ended December 31, 2020 is set out below:

Remuneration bands	Number of individuals
Nil to HK\$1,499,999	6
HK\$1,500,000 to HK\$1,999,999	2
HK\$2,000,000 to HK\$2,499,999	1

### Nomination Committee

The principal duties of the Nomination Committee include reviewing the Board composition, developing and formulating relevant procedures for the nomination and appointment of directors, making recommendations to the Board on the appointment and succession planning for directors, and assessing the independence of independent non-executive Directors.

The Board has adopted a board diversity policy (the “**Board Diversity Policy**”) to achieve and maintain diversity on the Board in order to strengthen the performance of the Board, promote effective decision-making and better corporate governance and monitoring. The Company considers that the Board Diversity Policy is beneficial for enhancing the Company’s comprehensive performance and operating capability, and provides support for the Company in achieving strategic goals and maintaining sustainable and balanced development. According to the Board Diversity Policy, in selecting Director candidates, we will consider board diversity, including but not limited to skills, experience and cultural and educational background, geographical location, industry and professional experience, ethnicity, gender, age, knowledge and length of service.

Based on the business needs of the Group, the Nomination Committee has recommended and the Board has adopted the following measurable objectives:

- (a) a prescribed proportion of Board members shall be non-executive Directors or independent non-executive Directors; and
- (b) a prescribed proportion of Board members shall have obtained accounting or other professional qualifications.

The Nomination Committee shall monitor the implementation of the Board Diversity Policy and review the progress of its measurable objectives from time to time.

## CORPORATE GOVERNANCE REPORT

In evaluating and selecting any candidate for directorship, the following criteria are considered: (i) character and integrity; (ii) qualifications; (iii) the above-mentioned measurable objectives adopted for achieving diversity on the Board; (iv) requirement for the Board to have independent Directors in accordance with the Listing Rules and whether the candidate would be considered independent with reference to the Listing Rules; (v) potential contributions; (vi) willingness and ability to devote adequate time to discharge duties; and (vii) such other perspectives that are appropriate to the Company's business and succession plan. Upon receipt of a proposal on appointment of a new Director and his/her biographical information, the Nomination Committee and the Board will evaluate such candidate based on the aforementioned criteria to determine whether he/she is qualified for directorship. The Nomination Committee will then recommend to the Board the candidate for directorship, if appropriate.

The Board has also adopted the nomination policy (the “**Nomination Policy**”) which sets out the nomination criteria and procedures for the Company to select candidate(s) for possible inclusion in the Board.

The Nomination Policy could assist the Company to achieve board diversity in the Company and enhance the efficiency of the Board and its corporate governance standard.

When assessing the suitability of a candidate, factors such as the qualifications, skills, integrity and experience will be taken into consideration as a whole. In the case of independent non-executive Directors, they must further satisfy the independence criteria set out within Rule 3.13 of the Listing Rules. Since the selection of candidates should ensure that diversity remains a central feature of the Board, a range of diverse perspectives, including but not limited to gender, age, cultural and educational background, or professional experience would be considered.

To nominate director candidates, candidates would be identified by various methods and evaluated based on the approved selection criteria. Shortlisted candidates would be interviewed and their profiles would be reviewed, before making recommendations to the Board on the selected candidates.

The Nomination Policy also includes the Board succession plan to assess whether vacancies on the Board would be created or expected due to the Directors' resignation, retirement, death and other circumstances and to identify candidates in advance if necessary. The Nomination Policy will be reviewed on a regular basis.

The Nomination Committee held 2 meetings during the year and reviewed the structure, size and composition of the Board, assessed the independence of independent non-executive Directors, and considered and made recommendations to the Board on the appointment or re-appointment of Directors.

## Corporate Governance Functions

The Board is responsible for performing the functions set out in the code provision D.3.1 of the CG Code.

The Board has reviewed the Company's corporate governance policies and practices, training and continuous professional development of Directors and senior management, the Company's policies and practices on compliance with legal and regulatory requirements, the compliance of the Model Code and the Securities Dealing Code, and the Company's compliance with the CG Code and disclosure in this Corporate Governance Report.

## DIRECTORS' RESPONSIBILITY IN RESPECT OF THE FINANCIAL STATEMENTS

The Directors acknowledge their responsibility for preparing the financial statements of the Company for the year ended December 31, 2020.

The statement of the independent auditor of the Company about their reporting responsibilities on the financial statements is set out in the Independent Auditors' Report on pages 104 to 111 of this annual report.

## AUDITORS' REMUNERATION

An analysis of the remuneration paid to the external auditors of the Company, PricewaterhouseCoopers, in respect of audit services and non-audit services for the year ended December 31, 2020 is set out below:

Service Category	Fees paid/ payable <i>RMB'000</i>
Audit services for annual report	2,933
Non-audit services	<u>1,912</u>
Total	<u><u>4,845</u></u>

*Note:* Non-audit services include the review fee for interim report (approximately RMB1,912,000 was paid).

## CORPORATE GOVERNANCE REPORT

### RISK MANAGEMENT, INTERNAL CONTROLS AND INTERNAL AUDIT

The Board is responsible for setting up and implementing an appropriate and effective risk management and internal control system, and ensuring the effectiveness thereof, including evaluating and determining the nature and extent of the risks it is willing to take in achieving the Company's strategic objectives. Such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives. In addition, they provide only a reasonable but not an absolute assurance against material misstatement or loss.

A series of risk management and internal control policies and procedures are adopted both in the Group and the hospitals the Company manages, which includes risk management, internal control system and internal audit function. The risk management system contains identifying and categorizing current and emerging risks in our business operations, assessing and prioritizing risks, mitigating risks, and measuring our risk management. The internal control system includes employee code of conduct, internal audit, management report and internal control system in the hospitals the Company owns or manages. The internal audit function accesses and monitors key risks, controls and procedures to assure our management and the Directors that the internal control system is functioning as intended and is sound and effective. The Audit Committee is responsible for supervising our internal audit function and its effectiveness, and is supported by the legal and risk control department of the Company. In addition, a standardized internal control system has been adopted by the hospitals the Company owns or manages to improve their internal policies and procedures. Yangsi Hospital, Cixi Hospital, Jiande Hospital and Jinhua Hospital have improved their internal policies and procedures based on this standardized systems.

#### Procedures on Identifying, Evaluating and Managing Significant Risks

Risk management is a continuous process and requires regular monitoring and review. The Company's procedures on identifying, evaluating and managing significant risks are as follows:

- Risk identification and assessment: Risks that may have a potential impact on the business and operations of the Group's various business units are identified, and a risk database is established and continuously updated; the assessment criteria that have been reviewed and approved by the management are used in the assessment of the identified risks, during which the likelihood of their occurrence and their impact on the business are taken into account;
- Risk-counteracting: Through comparison of risk assessment outcomes, risks are ranked by priority, and risk management strategies and internal control procedures are determined for preventing, avoiding or reducing risks; and

- Risk monitoring and reporting: Relevant risks are monitored on an ongoing and regular basis, and appropriate internal control procedures are guaranteed to be in place; in the event of any material change, the risk management policies and internal control procedures would be amended; and the risk monitoring results are reported to the Audit Committee and the management on a regular basis.

We strive to enhance the Company's risk management and internal control structure and capability to ensure long-term growth and sustainable development for the Company's business. In this regard, we are required to implement consistently an effective risk management and internal control structure. We will continue along the same direction, aiming to integrate risk management and internal control into our daily operations.

The Board of Directors reviews the effectiveness of the Group's risk management and internal control system once a year. During the reporting period ended December 31, 2020, the Company's risk management and internal control system was effective and sufficient, and there were no matters of major concerns relating to financial, operational or compliance controls.

During the year under review, the Board, through the Audit Committee, conducted a review of the effectiveness of the risk management, internal control system and internal audit function of the Company and considered the adequacy of resources, staff qualifications and experience, training programs and budget of the Company's accounting and financial reporting function. The Company confirms that the above-mentioned risk management, internal control system and internal audit function are adequate and effective.

### **PROCEDURES ON AND INTERNAL CONTROLS FOR HANDLING AND DISSEMINATING INSIDE INFORMATION**

In order to regulate information disclosure, strengthen management of information disclosure, and protect the rights and interests of the Company and its shareholders and other stakeholders, the Group has put in place procedures and internal controls for the handling and dissemination of inside information (the "Procedures") in accordance with the principles and requirements under laws and regulations such as the SFO and the Listing Rules. The Procedures are applicable to persons including the Directors, secretary to the Board, senior management, responsible person of each department and subsidiary, other persons having the duty for information disclosure, and staff who have access to inside information by virtue of his/her office or capacity. The Procedures provide detailed guidelines on the appropriate timing, contents, formats, internal vetting processes and disseminating procedures of information under different circumstances, the review and disclosure procedures of releasing results announcements, ad hoc announcements, inside information announcements, regular reports and circulars, duties of confidentiality and penalty provisions for all management staff who are responsible for information disclosure.

The Board is of the view that the Company's procedures on and internal controls for handling and disseminating inside information are effective.

## CORPORATE GOVERNANCE REPORT

### COMPANY SECRETARY

Ms. Ho Wing Yan, an associate member of The Hong Kong Institute of Chartered Secretaries (“HKICS”) and The Chartered Governance Institute and a holder of the Practitioner’s Endorsement issued by HKICS, an external service provider, has been engaged by the Company as its company secretary. Ms. Ho has confirmed that she has complied with Rule 3.29 of the Listing Rules. The primary contact person at the Company is Mr. Huang Meiliang, the senior management of the human resources department.

### DIVIDEND POLICY

The Board has adopted the dividend policy (the “**Dividend Policy**”) which sets out the appropriate procedure on declaring and recommending the dividend payment of the Company. The Dividend Policy aims to allow the Shareholders to participate in the Company’s profits whilst preserving the Company’s liquidity to capture future growth opportunities. The dividend distribution decision of the Company will depend on, among others, the financial results, the cashflow, Shareholders’ interests, the general business conditions and strategies, the current and future operations, the liquidity and capital requirements, taxation considerations, statutory and regulatory restrictions and other factors as the Board may deem relevant. The Board may also declare special dividends from time to time.

The Dividend Policy will be reviewed on a regular basis.

### SHAREHOLDERS’ RIGHTS

To safeguard shareholders’ interests and rights, a separate resolution is proposed for each substantially separate issue at general meetings, including the election of individual directors. All resolutions put forward at general meetings will be voted on by poll pursuant to the Listing Rules and poll results will be posted on the websites of the Company and of HKEX after each general meeting.

#### Convening an Extraordinary General Meeting by Shareholders

Pursuant to Article 12.3 of the Articles, any two or more shareholders or any one shareholder which is a recognized clearing house (or its nominee(s)) (the “**Requisitionist(s)**”) holding at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition, to require an extraordinary general meeting to be called by the Board for the transaction of any business specified in such requisition. If the Board does not within 21 days from the date of deposit of the requisition proceed duly to convene the meeting to be held within a further 21 days, the Requisitionist(s) themselves or any of them representing more than one-half of the total voting rights of all of them, may convene the general meeting in the same manner, as nearly as possible, as that in which meetings may be convened by the Board provided that any meeting so convened shall not be held after the expiration of three months from the date of deposit of the requisition, and all reasonable expenses incurred by the Requisitionist(s) as a result of the failure of the Board shall be reimbursed to them by the Company.

### Putting Forward Proposals at General Meetings

There are no provisions in the Articles or the Cayman Companies Law for shareholders to move new resolutions at general meetings. Shareholders who wish to move a resolution may request the Company to convene a general meeting in accordance with the procedures set out in the preceding paragraph.

### Putting Forward Enquiries to the Board

For putting forward any enquiries to the Board, shareholders may send written enquiries to the Company. The Company will not normally deal with verbal or anonymous enquiries.

### Contact Details

Shareholders may send their enquiries or requests as mentioned above to the following:

Address: Suite 10, 70/F., Two International Finance Centre, No. 8 Finance Street, Hong Kong  
(For the attention of the Company Secretary)

For the avoidance of doubt, shareholders must deposit and send the original duly signed written requisition, notice or statement, or enquiry (as the case may be) to the above address and provide their full name, contact details and identification in order to give effect thereto. Shareholders' information may be disclosed as required by law.

## COMMUNICATION WITH SHAREHOLDERS AND INVESTORS/INVESTOR RELATIONS

The Company considers that effective communication with shareholders is essential for enhancing investor relations and investors' understanding of the Company's business performance and strategies. The Company endeavors to maintain an on-going dialogue with shareholders and in particular, through annual general meetings and other general meetings. At the annual general meeting, Directors (or their delegates as appropriate) are available to meet shareholders and answer their enquiries.

The Company maintains a website at [www.hcclhealthcare.com](http://www.hcclhealthcare.com) as a communication platform with shareholders of the Company and investors, where the financial information and other relevant information of the Company are available for public access.

### Constitutional Documents

During the year ended December 31, 2020, the Company has not made any changes to the Articles. An up-to-date version of the Articles is also available on the Company's website and HKEX's website.

## CORPORATE GOVERNANCE REPORT

### NON-COMPETITION UNDERTAKING BY CONTROLLING SHAREHOLDERS

Vanguard Glory Limited, Hony Capital Fund V, L.P., Hony Capital Fund V GP, L.P. and Hony Capital Fund V GP Limited are the controlling shareholders (as defined in the Listing Rules) of the Company (collectively, the “**Controlling Shareholders**”). To ensure that direct and indirect competition does not develop between us and the Controlling Shareholders’ other activities, our Controlling Shareholders have entered into a deed of non-competition (the “**Deed of Non-Competition**”) as set out in section headed “Relationship with Our Controlling Shareholders—Non-Competition Undertaking” in the Prospectus. The Controlling Shareholders confirmed its compliance of all the undertakings provided under the Deed of Non-Competition. There are no matters which are required to be deliberated by the independent non-executive Directors in relation to the compliance and enforcement of the Deed of Non-Competition and it is considered that the terms of the Deed of Non-Competition have been complied by the Controlling Shareholders.

## I. ABOUT THIS REPORT

This Environmental, Social and Governance Report was prepared in compliance with the disclosure requirements of the Environmental, Social and Governance Reporting Guide set out in Appendix 27 to the Listing Rules. It discloses the Group's performance on environmental, social and governance-related issues, with the view of summarizing its sustainability concept and its works in fulfilling corporate social responsibility.

The Group takes an active and open approach in maintaining dialogues with stakeholders, which include shareholders, creditors, customers, suppliers, employees, regulators and the public. The Group aims to understand their concerns and build the long-term relationship in terms of cooperation and mutual trust.

## II. QUALITY AND SAFETY RESPONSIBILITY

### (I) Medical Quality Management

The Group provides hospital management services to the Group Hospitals and medical services to the patients at the Group Hospitals.

The Group puts strong emphasis on the quality and safety of its medical services. It carries out supervision and management over all the Group Hospitals in strict compliance with the Regulation on the Administration of Medical Institutions (《醫療機構管理條例》), the Detailed Rules for the Implementation of the Regulation on the Administration of Medical Institutions (《醫療機構管理條例實施細則》), the Mental Health Law of the PRC (《中華人民共和國精神衛生法》) and other laws and regulations on healthcare services. The Group has established a groupwide healthcare quality management system to minimize medical risks and enhance the quality of medical services. In addition to the periodic inspections conducted by the Group, the Group Hospitals are subject to regular and unscheduled inspections by the relevant government authorities, including the competent health administration departments of the places where the Group Hospitals are located, which review the medical service management systems and the medical services provided at hospitals, so as to determine the compliance status and areas that can be further improved.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group has formed the medical management department. Based on the current management needs of the Group and its hospitals, the Group has formulated and implemented various rules and systems such as the Administrative Measures of Hospital Management Reporting System of Hospital Corporation (《弘和仁愛醫療集團醫院管理報告體系管理辦法》), the Hospital Management Report (《醫院管理報表》), the Description of Indicators (《指標說明》), the Report on Material Adverse Events (《重大不良事件上報表》) and the Operation Compliance Self-inspection Report (《依法執業自查表》). It has also issued the Notice on Strengthening the Medical Service Quality and Safety Management of Group Hospitals (《關於加強體系醫院醫療質量與安全管理的通知》) and the Notice on Operation Compliance Inspection (《依法執業檢查通知》). The Group has established the regular reporting and management mechanism for material adverse events on medical safety between itself and the Group Hospitals. It has set up standards for the collection of hospital operating data and significant management information, which laid a sound foundation for further regulated management.

The medical management department fully adopts the hospital management strategy by supervising the development of hospital rules and systems, lean project management, hospital rating review and staff training. It assists and guides hospitals in handling adverse events and public opinion management, while collaborating with their management teams to jointly establish a cluster of general hospitals and specialty hospitals that have distinctive strengths in specialty disciplines.

Under the leadership of the Group and the supervision of the National Health Commission, the Group Hospitals set up strict standards for medical quality management within the system, formulate the quantitative standards and assessment criteria of medical quality, and oversee the implementation of quality control measures to prevent medical accidents. On September 3, 2020, the Medical Administration Bureau of the National Health Commission issued the Plan for Launching the “Private Hospital Management Year” Campaign (《關於開展“民營醫院管理年”活動方案》). In view of this, the Group published the Notice on Operation Compliance Self-inspection of Group Hospitals of Hospital Corporation (《關於弘和仁愛體系醫院依法執業自查的通知》) and included the Operation Compliance Self-inspection Report (《依法執業情況自查表》). In mid-October, the Group Hospitals completed the self-inspection and devised the rectification plan. Based on the actual situation, the medical management department of the Group has provided feedback and monitored the continuous improvement of hospitals.

### (II) Medical Safety Management

The Group requires all Group Hospitals to formulate the medical risk management system for hospitals in accordance with laws, regulations, rules of local health administrative authorities and industry standards. Its objective is to enhance and safeguard medical safety and the handling of unexpected events at hospitals, thereby preventing and minimizing unforeseen incidents and the resulting damage. The Group Hospitals shall safeguard the legal rights of patients and medical staff and promote the comprehensive, coordinated and sustainable development of the Group and its hospitals.

Based on the Law on Practicing Doctors of the PRC (《中華人民共和國執業醫師法》), the Tort Law of the PRC (《中華人民共和國侵權責任法》), the Regulation on the Administration of Medical Institutions (《醫療機構管理條例》) and other relevant laws and regulations, and taking reference from the Administrative Regulation for Rules and Systems of Medical Institutions of Hospital Corporation (《弘和醫療集團所屬醫療機構規章制度管理規定》) published by the Group, the Group Hospitals have considered the actual situation of hospitals in establishing the medical risk management system and providing standards and guidelines for doctors' and patients' behaviors to prevent any hazards. At the same time, the Group Hospitals revise the emergency plan and procedure for unexpected events on an ongoing basis and conduct drills as required to ensure the feasibility of such plan. Material adverse events must be reported to the Group in time in accordance with the Administrative Measures of Hospital Management Reporting System of Hospital Corporation (《弘和仁愛醫療集團醫院管理報告體系管理辦法》) for proper handling, so that the damages arising from these events can be mitigated or eliminated.

The Group has designated the medical management department to manage medical risks of the Group Hospitals. The department supervises the medical risks management units of hospitals in defining job roles and responsibilities at all levels and setting out rules and systems, operating procedures and training programs. Furthermore, it includes employees' understanding of rules and systems as well as their actual operation capability as a part of staff appraisal. The Group has formulated and arranged for the implementation of the emergency drill plan to enhance the emergency response of relevant staff. It has also prepared relief supplies for emergencies so that its staff can treat patients immediately. The medical risk management group shall revise, supplement and adjust the emergency plan and relevant rules and systems timely with reference to changes of the emergency, as well as problems identified, experience gained, and mistakes made in implementation, so as to ensure the steady and healthy development of the Group and Group Hospitals.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

In order to maintain the safe and efficient operation of all hospitals, the Group devised specific supervision programs for emergency drills in 2020. In view of the volatile pandemic situation, it has established the leading group for pandemic prevention in late 2020. Besides, it carried out self-inspection, amended relevant systems and emergency plans, and conducted emergency drills. It has enhanced outpatient and inpatient management while preventing mass crowd gathering. Moreover, it has cooperated with the local health administrative authorities to accomplish its missions.

### (III) Patient Care

We require the Group Hospitals to implement and maintain strict compliance with all systems that safeguard patients' rights. We respect the rights and dignity of our patients and strive to offer equal services to them. We protect patients' rights and never discriminate against or refuse to treat them on the grounds of their religion, origin, mental status, sexual orientation or economic background. In terms of patients' information collected during treatment, in particular their medical record, we have strictly complied with the Administrative Measures for Clinical Application of Medical Technology (《醫療技術臨床應用管理辦法》), the Nurse Regulation (《護士條例》) and the Law on Practicing Doctors (《執業醫師法》). Moreover, we have formulated the Patient Privacy Protection System (《患者隱私保護制度》) for adoption at hospitals. We attach great importance to patients' personal privacy and spare no efforts to fulfill the duty of confidentiality. We organize seminars for patients and their families on a regular basis and send them satisfaction surveys, so that they can give opinions and suggestions on our works and help us improve service quality continuously.

### (IV) Supply Chain Management

The supplies required for the Group's business operations primarily include pharmaceuticals, medical equipment and medical consumables purchased by the Group Hospitals.

The Group strictly complies with the Drug Administration Law (《藥品管理法》), the Regulations for Implementation of the Drug Administration Law (《藥品管理法實施條例》), the Regulations for the Control of Narcotic Drugs and Psychotropic Drugs (《麻醉藥品和精神藥品管理條例》), the Regulations for the Supervision and Administration of Medical Devices (《醫療器械監督管理條例》), the Management Provisions for the Supervision of Medical Device Operation (《醫療器械經營監督管理辦法》) and other laws and regulations. It also implements comprehensive policies and guidelines governing the procurement process.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group Hospitals consider the product type, price, reputation, service quality and delivery time of suppliers. They require suppliers to obtain the licenses and permits necessary for operation, including the business licenses and Good Manufacturing Practice (GMP) and/or Good Storage Practice (GSP) certifications. The Group Hospitals give priority to suppliers with strong production, technical and quality assurance capabilities, normal production management, reasonable price and eco-friendly materials. When they enter into contracts with suppliers, they will explain the professional integrity of the Group to their counterparties and specify various requirements including regulatory compliance, anti-corruption and other business ethics, so as to ensure socially responsible supply chain management.

At the same time, the Group has further refined hospital management and pushed forward centralized purchase and supply chain integration, with the view of promoting large-scale operation capability, bargaining and pricing power and reducing operating costs. When purchasing pharmaceuticals and some of the medical consumables (i.e., diagnostic reagent), certain hospitals of the Group have introduced the group purchasing organization (GPO) model, which is a globally common procurement model. This has minimized the procurement costs of pharmaceuticals and medical consumables for hospitals.

### (V) Anti-corruption

The Group upholds the ethical standards of business integrity and has zero tolerance to corruption. It strictly complies with all state and local laws and regulations related to anti-corruption, including Article 163 of the Criminal Law of the PRC 《中華人民共和國刑法》, the Anti-Money Laundering Law of the PRC 《中華人民共和國反洗錢法》, the Anti-Unfair Competition Law of the PRC 《中華人民共和國反不正當競爭法》, the Interim Provisions on Banning Commercial Bribery 《關於禁止商業賄賂行為的暫行規定》, the Code of Conduct for the Practitioners of Medical Institutions 《醫療機構從業人員行為規範》, the Notice on Printing and Circulating of “Nine Prohibitions” for Strengthening Ethical Conduct in the Healthcare Industry 《關於印發加強醫療衛生行風建設“九不准”的通知》 and the Provisions on the Establishment of Commercial Bribery Records in the Purchase and Sale of Medicines 《關於建立醫藥購銷領域商業賄賂不良記錄的規定》. In order to build a corporate culture of anti-corruption, the Group has taken a number of measures to prevent improper activities including bribery and kickbacks by employees and the Group Hospitals, in connection with, among others, the provision of healthcare services and the procurement of pharmaceuticals, medical consumables and medical devices.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The aforementioned specific measures include the promotion of national policies and regulations, improvement of internal systems, provision of internal training and regulation of employee conduct. Besides, to strengthen the monitoring of medical staff, it also encourages its employees, the public, patients and their families to report non-compliance through means such as mail, telephone and the Internet. Apart from that, the Board has the right to review and discuss any suspicious incidents. It has adopted a zero-tolerance attitude to all forms of bribery, extortion, corruption and collusion.

During the reporting period, the Group did not receive or handle any report on crimes such as corruption, bribery and extortion within the Group, and there were no related litigation or legal cases regarding corruption, bribery and extortion brought against its employees.

### III. EMPLOYMENT RESPONSIBILITY

The Group attaches great importance to its relationship with employees and cares about their interests, benefits and well-being. It strives to become their employer of choice.

#### (I) Recruitment

Taking into account its strategic development and business needs, the Group streamlines its workforce, formulates the recruitment plan, and sets out recruitment requirements and standards to hire the right talents every year. As a responsible employer, we adhere to the principles of “openness, justice and fairness”. In terms of open recruitment, we comprehensively review and select job applicants based on their knowledge, integrity, capability, experience and fitness to the position. At the same time, we strictly examine their certificates in the screening process. Before the formal appointment, we also conduct background checks on employees proposed to be recruited, so that we can ensure they meet the recruitment requirements.

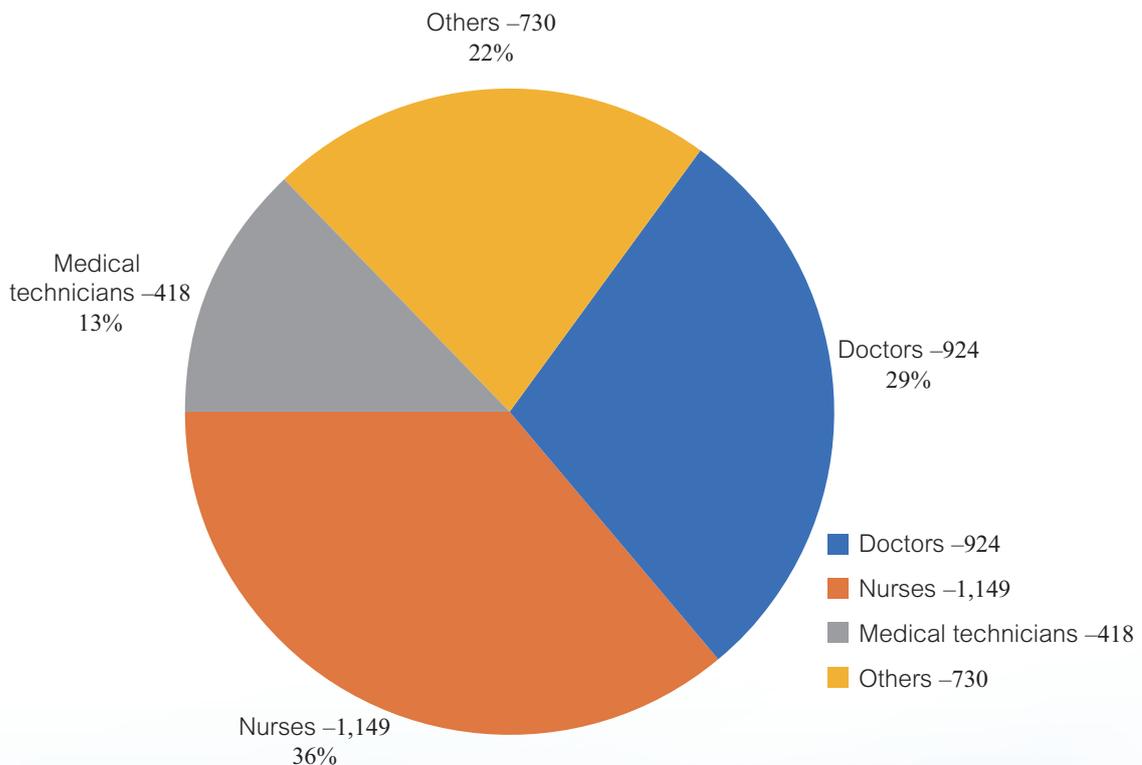

## (II) Employment Responsibility

We regard all employees, including medical staff, healthcare staff, technicians, back office and administrative staff, as our most important assets and the heroes behind the medical and healthcare industry. We commit ourselves to create an equal and diverse workplace free from discrimination on the grounds of gender, sexual orientation, disability or other factors. Apart from competitive remuneration and benefits, we also offer a safe and healthy working environment to our staff of whom the respective rights are respected. Meanwhile, we maintain strict compliance with the relevant laws and regulations in our place of business, including but not limited to, the Labor Law of the PRC (《中華人民共和國勞動法》), the Employment Contract Law of the PRC (《中華人民共和國勞動合同法》), the Law of the Prevention and Treatment of Occupational Diseases of the PRC (《中華人民共和國職業病防治法》) and the Provisions on the Prohibition of Using Child Labor (《禁止使用童工規定》).

As of December 31, 2020, the Group Hospitals had a total of 3,221 employees. Below sets forth the composition of employees by categories:

The Group conducts exit interviews with employees who are leaving, with the view of understanding their reason for resignation and identifying specific improvement measures. In case of termination of labor contracts, the Group will offer appropriate compensation as required by laws and regulations.

Employee composition by categories

### (III) Employee remuneration and benefits

The Group upholds the people-oriented approach and respects its employees. It safeguards and protects their legal rights and adopts an equal and non-discriminatory employment policy. In order to create a fair and harmonious workplace, it has optimized the remuneration and benefit system. For employee remuneration and appraisal, we have developed a comprehensive remuneration management system to recognize and reward outstanding employees. We enhance staff management, incentives and supervision by evaluating their capabilities and achievements in a holistic, objective, fair and standardized manner.

The Group strictly complies with laws and regulations in respect of working hours and day-offs. Our employees can enjoy all statutory leaves in China, annual leaves and two day-offs per week. In regard to workforce diversity, staff benefits and welfare, the Group offers all employee benefits and welfare as required by the local government in the place where it operates, which include making contributions to five social insurances and one housing fund for employees and providing meal allowance, holiday allowance and annual medical checks.

### (IV) Communication with employees

The Group aims to improve the internal communication mechanism. In order to communicate its strategy and goals, it holds regular meetings and conveys the messages of the meetings to the headquarters and its Group Hospitals, so that its employees share and understand its mission and key work plans. The Group also puts emphasis on enhancing the connection and communication among staff as well as between staff and the management.

### (V) Training and development

To provide all employees room for growth and development, we have developed a comprehensive training system to ensure they stay competitive and relevant. The Group and its subordinated medical institutions are jointly responsible for staff training. The Group has held training sessions on professional, management, general and other development.

The Group and its hospitals value the nurture and development of talents. They have entered into clinical internship agreements with local medical and healthcare institutions to establish student internship bases, thereby developing a win-win mechanism for hospitals and academic institutions. During the year, they offered internship and training opportunities for over 150 students. Meanwhile, Jinhua Hospital has become one of the first standardized training bases for resident doctors in Zhejiang province. The Group has adopted various measures to upgrade its facilities and management as it strengthens the support to the healthy development of young doctors.

## IV. ENVIRONMENTAL RESPONSIBILITY

The Group is always committed to promoting environmental sustainability and reducing the negative impact of its daily operations on the environment. The Group and the Group Hospitals are required to comply with various laws, rules and regulations relating to environmental protection, which include the Environmental Protection Law of the PRC (《中華人民共和國環境保護法》), the Atmospheric Pollution Prevention and Control Law of the PRC (《中華人民共和國大氣污染防治法》), the Water Pollution Prevention and Control Law of the PRC (《中華人民共和國水污染防治法》), the Regulations on Medical Waste Management (《醫療廢物管理條例》), the Measures for Medical Wastes Management of Medical and Health Institutions (《醫療衛生機構醫療廢物管理辦法》), the Regulation on the Safety and Protection of Radioisotopes and Radiation Devices (《放射性同位素與射綫裝置安全和防護條例》) and other PRC laws, rules and regulations applicable to the disposal of medical waste and the discharge of sewage, pollutants and radioactive substances.

During the reporting period, the Group did not receive or handle any report on major non-compliance with environmental laws and regulations.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### (I) Emissions management

Medical waste and sewage are the main waste generated and discharged by the Group in its daily operation. During the reporting period, the Group generated 562.8 tonnes of medical waste. The measures in respect of medical waste management and sewage treatment implemented by the Group include, but are not limited to:

1. formulating and strictly implementing the Medical Waste Management System (《醫療廢棄物管理制度》), the Emergency Plan for Unexpected Medical Waste Incident (《醫療廢物突發事故應急處理預案》) and other systems as appropriate at all Group Hospitals in accordance with the relevant hospital management requirements, and establishing the management standards for all aspects of medical waste sorting, collection, storage, transport and handover, so as to prevent the leakage and spreading of waste and protect the safety of patients and staff;
2. establishing and specifying the management duties of the leading group for medical waste management at all Group Hospitals, while ensuring the effectiveness of all measures;
3. categorizing medical wastes into infectious waste, sharps waste, pathological waste, pharmaceutical waste and chemical waste, which are collected separately and stored in corresponding special containers, and sterilizing the special containers and transportation tools upon disposal of medical waste;
4. delivering medical waste to specially designated sites for centralized disposal, in which highly hazardous waste is sterilized before being delivered to the specially designated sites;
5. cleaning and sterilizing the disposal site and the related surrounding facilities timely upon disposal of medical waste;
6. obtaining the Sewage Disposal Drainage License (污水排入排水管網許可證) before discharging sewage into urban drainage facilities;
7. engaging sewage experts in setting up and managing the sewage treatment system;
8. providing strict pre-job training and assessment to sewage treatment staff, who are required to hold the relevant certifications; and
9. sterilizing the sewage and conducting regular checks on certain indicators in the sewage in accordance with the relevant laws, rules and regulations.

### (II) Use of Resources

#### 1. *Energy*

We continue to promote various energy-saving measures in the workplace including the installation of the energy-saving lighting system, setting the optimal temperature for air-conditioning, and switching off the lighting and air-conditioning after office hours. Meanwhile, we encourage our employees to switch off their computers and other office equipment when not in use. We regularly inspect and maintain the vehicles under the Group to ensure their normal operation, improve fuel efficiency and reduce fuel consumption.

In addition to the above energy-saving and consumption reduction measures, the Group also endeavors to promote environmental protection and energy-saving education, and publicizes the significance of energy saving and feasible energy-saving measures to employees through different promotion channels and forms.

During the reporting period, the Group consumed 16,674,131kWh of electricity and 378,129 m3 of natural gas in total. In the future, it will continue to monitor and control its electricity consumption and natural gas consumption in business operations.

#### 2. *Water resources*

The Group always reviews its water consumption habits and adopts water-saving measures, including reminding users to turn off the tap properly and only use water when needed. At the same time, the Group focuses on the daily maintenance and management of water equipment, and regularly checks for leakages of water pipes to repair them promptly.

During the reporting period, the Group consumed approximately 421,261 m3 of water in total. In the future, it will continue to monitor and control its water consumption in business operations.

### 3. Paper

The Group continues to promote green and paperless office groupwide by increasing the share of electronic business to reduce paper usage. Printing and copying of patients' medical records and inspection reports account for a large portion of the paper consumption of the Group's business. The Group has been striving to transform to paperless medical records. Medical records are stored electronically and can be accessed by medical staff whenever necessary. The Group will print relevant medical records at the request of patients or their families.

During the reporting period, the Group consumed approximately 13,775 packs (500 sheets/pack) of paper in total. In the future, it will continue to monitor and control its paper consumption in business operations and actively encourage paperless office practice.

### (III) Protection of environment and natural resources

The Group incorporates the concept of environmental protection into the daily operation of the Company and the Group Hospitals. We monitor and record resource consumption on an ongoing basis, track and analyze abnormal data in a timely manner and propose effective and practicable solutions.

In accordance with the Regulations on Medical Waste Management (《醫療廢物管理條例》), the Administrative Regulation on Radiotherapy (《放射診療管理規定》) and the Regulation on the Safety and Protection of Radioisotopes and Radiation Devices (《放射性同位素與射線裝置安全和防護條例》), the Group has been optimizing the systems, procedures and emergency plans of the Group Hospitals to strengthen strict hospital management, implement the concept of green medical care and ensure that there are no incidents of environmental crises. The specific measures taken by the Group include, but are not limited to, enhancing the safety management of biological and radioactive sources, regulating operations in the use, storage and disposal of radioactive sources and liquid waste across the Group Hospitals, setting up a radioactive liquid waste treatment facility in radiology and radiotherapy rooms across the Group Hospitals, and performing radiation protection treatment beforehand and professional testing afterwards. These measures aim to minimize the impact on the environment and ensure that there are no incidents of infectious disease transmissions or environmental radiation pollution.

### V. SOCIAL RESPONSIBILITY

The Group is always grateful and firmly believes in giving back to the society by actively fulfilling its social responsibilities. It carries out series of public welfare activities, improves community welfare, organizes social service activities, and promotes the harmonious progress of its various works.

The Group has developed and rolled out a series of community and charity activities which cover areas including public healthcare consultation, children healthcare services, nursing home care for the elderly, public health education and poverty alleviation. The goals of such community activities align with the value and mission of the Group. During the reporting period, the Group organized the following charity activities:

#### (I) Pandemic prevention and relief

During the year, the Group led the Group Hospitals to complete various tasks for pandemic prevention in line with the local governments, which has won wide recognition of the public. These accolades demonstrate the social reputation and the commitment to the responsibilities of the Group and its hospitals, the benevolence and professionalism of our medical staff, and our dedication to social responsibility as a medical group.

In addition to the pledge of implementing effective pandemic prevention measures at hospitals, all Group hospitals participated in the inspection of pandemic prevention measures within their local areas to ensure the safety of the community. In particular, Yangsi Hospital was named as “Advanced Unit in Shanghai Non-government Medical Institutions in Fighting Against COVID-19 Pandemic (上海市社會醫療機構抗擊新冠肺炎疫情先進集體)” and two of its employees were honored as “Advanced Individual in Shanghai Non-government Medical Institutions in Fighting Against COVID-19 Pandemic (上海市社會醫療機構抗擊新冠肺炎疫情先進個人)”. Furthermore, Jinhua Hospital was recognized as “Advanced Unit in Fighting Against COVID-19 Pandemic (抗擊新型冠狀病毒肺炎疫情先進單位)” by the Zhejiang Social Medical Group Association. To support pandemic prevention, it sent 4 medical personnel to Wuhan and 1 medical personnel to Xinjiang respectively, who completed their medical missions with great success and won the honor title of “Zhejiang Advanced Individual in Fighting Against COVID-19 Pandemic (浙江省抗疫先進個人)”.

### (II) Community service

All Group Hospitals have established the pattern of resource sharing, complementary advantages and coordinated development with their communities, where they expand the depth and breadth of medical services and solve social problems. All hospitals actively launch promotion and education programs to integrate disease prevention and treatment.

Meanwhile, the Group Hospitals provide free medical consultations after considering the actual situation of the communities where they operate. During the year, Jinhua Hospital, which is a Group Hospital, sent 184 medical personnel to organize 30 free medical consultations and 17 seminars for 6,050 people. Besides, it offered free medical checks to elderly people aged over 70, regular home-based medical services, and free screening for five types of cancers to 116 people. At the same time, Yongkang Hospital has entered into hospital-village health cooperation agreements with 59 village party committees and commenced joint health programs in six communities. It also sent medical personnel to organize 55 health seminars and 38 free medical consultations, which benefitted a total of more than 9,000 people in 32 remote rural villages. In parallel to this, Jiande Hospital has entered into green medical service agreements with 22 enterprises, signed medical and geriatrics agreements with 4 nursing homes, and provided free medical transport for over 300 elderly people.

### (III) Assistance and technical guidance for primary medical care

As an active response to the nation's call for the establishment of the regional medical unities (醫療聯合體) to promote a hierarchical diagnosis and treatment pattern, the Group provides different medical assistance and technical guidance in accordance with different regional characteristics and needs of primary medical institutions to improve and develop the scope of continuous services of hospitals. Jinhua Guangfu Hospital, which is a Group Hospital, sent 29 specialists to provide regular medical services at 23 basic-level hospitals and served 1,202 people. It also sent 25 medical personnel to launch 10 medical protection campaigns. Furthermore, Cixi Union Hospital has entered into contracts with 9 primary healthcare partners, cooperated with over 230 rural doctors and offered 9 free medical consultations, which served more than 1,000 people in total.

### (IV) Charity and donation

The Group regards public welfare and charitable activities as an important initiative to fulfill its social responsibilities, improve the social image of the hospitals continuously, and promote comprehensive, continuous and coordinated development of the Group Hospitals.

During the year, Yangsi Hospital, which is one of the Group Hospitals, provided free pneumonia vaccines to 833 elderly people aged over 60 with a Shanghai household registration. Apart from that, it established a children rehabilitation base with the Children's Hospital of Fudan University to treat 145 pediatric patients in 2020. At Jinhua Hospital, 315 employees participated in blood donation activities and donated over 9,000 ml of blood to help fight against the pandemic with love. Yongkang Hospital joined hands with Yongkang Red Cross to establish the "Yongkang Hospital Special Medical Assistance Fund", which relieved the burden of 589 disadvantaged patients in 2020. Jiande Hospital prepared and sent warming Chinese medicine as gifts to over 200 flood control personnel and helped the government to relocate 38 solitary elderly people whose nursing homes were submerged by the flood. Cixi Union Hospital has entered into village co-construction agreements with 21 villages, and extended the medical assistance and poverty alleviation campaign to help households under minimum living standard guarantee. It has granted a total of RMB450,000 to impoverished cardholders.

## INDEPENDENT AUDITOR'S REPORT

To the Shareholders of Hospital Corporation of China Limited

*(incorporated in the Cayman Islands with limited liability)*

### OPINION

#### *What we have audited*

The consolidated financial statements of Hospital Corporation of China Limited (the "Company") and its subsidiaries (the "Group") set out on pages 112 to 220, which comprise:

- the consolidated balance sheet as at December 31, 2020;
- the consolidated statement of comprehensive income for the year then ended;
- the consolidated statement of changes in equity for the year then ended;
- the consolidated statement of cash flows for the year then ended; and
- the notes to the consolidated financial statements, which include a summary of significant accounting policies.

#### *Our opinion*

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at December 31, 2020, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRSs") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

### BASIS FOR OPINION

We conducted our audit in accordance with International Standards on Auditing ("ISAs"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### *Independence*

We are independent of the Group in accordance with the International Code of Ethics for Professional Accountants (including International Independence Standards) issued by the International Ethics Standards Board for Accountants ("IESBA Code"), and we have fulfilled our other ethical responsibilities in accordance with the IESBA Code.

## KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters identified in our audit are summarised as follows:

- Assessment of goodwill impairment
- Fair value estimation of convertible bonds

### Key Audit Matter

### How our audit addressed the Key Audit Matter

#### Assessment of goodwill impairment

Refer to note 2.7(i), 4(i) and 16 to the consolidated financial statements.

Goodwill of RMB1,617,767,000 was resulted from acquisitions of subsidiaries in 2014 and 2018, among which RMB1,306,506,000, RMB301,995,000 and RMB9,266,000 were historically allocated to segments of hospital management services, general hospital services and sale of pharmaceutical products respectively. Management reviews the business performance and monitors goodwill on operating segment level.

Goodwill impairment reviews were undertaken annually or more frequently if events or changes in circumstances indicated a potential impairment. The recoverable amount of each cash-generating unit was determined based on the higher of fair value less costs of disposal and value in use. These calculations required the use of estimates and judgements.

We obtained an understanding of the management's internal controls assessment process of goodwill impairment, evaluated and tested relevant controls. We assessed the inherent risk of material misstatement by considering the degree of estimation uncertainty and level of other inherent risk factors.

We assessed the independence, competence, capabilities and objectivity of the professional valuer who was involved in management's impairment assessment.

With the support of our internal valuation experts, we assessed the appropriateness of valuation model applied and parameters selected by the external valuation expert.

We further assessed the relevant key assumptions used in determining the recoverable amount of each operating segment as follows:

- compound growth rate of revenue within forecast period by reference to management's research and analysis based on industry information and data;

## INDEPENDENT AUDITOR'S REPORT

### KEY AUDIT MATTERS – *continued*

#### Key Audit Matter

##### Assessment of goodwill impairment

Management assessed and determined the recoverable amount of each operating segment with the assistance from an independent valuer. The key assumptions used in the calculations were: compound growth rate of revenue within forecast period, long-term growth rate and post-tax discount rate.

Due to the drastic changes in macroeconomic conditions as a result of the outbreak of Coronavirus Disease 2019 ('the COVID-19 outbreak'), for the year ended December 31, 2020 the operating results of certain abovementioned subsidiaries historically acquired were below management's previous forecasts. Based on the management's assessment with updated forecasts, goodwill impairment losses of RMB223,583,000 and RMB243,500,000 have been recognised in each of hospital management services and general hospital services segments respectively.

We focused on auditing the impairment of goodwill because the estimation of recoverable amount is subject to high degree of estimation uncertainty. The inherent risk in relation to the impairment assessment of goodwill is considered significant due to the subjectivity of significant assumptions used and the significant judgements involved in selecting data.

#### How our audit addressed the Key Audit Matter

- long-term growth rate by reference to the long-term inflation rate of China;
- post-tax discount rate by reference to the cost of equity of comparable companies.

We also checked the mathematical accuracy of the calculations of methods and impairment losses performed by management and independent valuer on sample basis.

We discussed with management and independent valuer regarding the sensitivity analysis performed by management and independent valuer on the above key assumptions to further understand the extent to which adverse changes, either individually or in aggregate, would result in the goodwill being impaired.

We also considered whether the judgements made in selecting the significant assumptions and data would give rise to indicators of possible management bias.

We assessed the adequacy of the disclosures in relation to goodwill impairment in the context of the applicable financial reporting framework.

In light of the above work conducted, we found the significant judgements and estimates made by management on relevant key assumptions and assessment were supported by the evidences we gathered.

### KEY AUDIT MATTERS – *continued*

#### Key Audit Matter

##### Fair value estimation of convertible bonds

Refer to notes 4(iv) and 33 to the consolidated financial statements.

The convertible bonds issued by the Company are designated as financial liabilities at fair value through profit or loss. The fair value of these convertible bonds was determined by management with reference to the valuation report issued by an independent professional valuer, using valuation techniques. Judgements and estimates were applied in determining valuation method and assumptions.

The key assumptions included risk-free rate of interest, volatility, dividend yield and time to expiration.

We focused on auditing the fair value of convertible bonds because the fair value determination of convertible bonds is subject to high degree of estimation uncertainty. The inherent risk in relation to the fair value estimation of convertible bonds is considered significant due to the relevant key assumptions applied in valuation involved significant judgements and estimates.

#### How our audit addressed the Key Audit Matter

We obtained an understanding of the management's internal controls and assessment process of fair value estimation of convertible bonds. We assessed the inherent risk of material misstatement by considering the degree of estimation uncertainty and level of other inherent risk factors.

We assessed the independence, competence, capabilities and objectivity of the external professional valuer.

We assessed the valuation methods applied and the relevant key assumptions with the assistance from internal valuation experts as follows:

- risk free rate of interest by reference to the market yield of Hong Kong government bond with a term close to time to maturity of the convertible bonds as of the valuation date;
- volatility by reference to the annualized standard deviation of the daily return embedded in historical stock prices of the Company with a time horizon close to the expected term;
- dividend yield by reference to the dividend policy of the Group;
- time to expiration by reference to the terms of convertible bond instruments.

We also checked the mathematical accuracy of the calculation of fair value of the convertible bonds with the assistance from our internal valuation experts.

We also considered whether the judgements made in selecting the significant assumptions and data would give rise to indicators of possible management bias.

## INDEPENDENT AUDITOR'S REPORT

### KEY AUDIT MATTERS – *continued*

#### Key Audit Matter

Fair value estimation of convertible bonds

#### How our audit addressed the Key Audit Matter

We assessed the adequacy of the relevant disclosures in relation to the fair value estimation of convertible bonds in the context of the applicable financial reporting framework.

In light of the above work conducted, we found the significant judgements and estimates made by management on relevant key assumptions were supported by the evidences we gathered.

### OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### RESPONSIBILITIES OF DIRECTORS AND THE AUDIT COMMITTEE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRSs and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The Audit Committee is responsible for overseeing the Group's financial reporting process.

## INDEPENDENT AUDITOR'S REPORT

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

– *continued*

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Tsun NG.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## 1 GENERAL INFORMATION

Hospital Corporation of China Limited ('the Company') was incorporated in the Cayman Islands on February 21, 2014 as an exempted company with limited liability under the Companies Law (Cap.22, Law 3 of 1961 as consolidated and revised) of the Cayman Islands. The address of the Company's registered office is PO Box 309, Ugland House, Grand Cayman, KY1-1104, Cayman Islands.

The Company, together with its subsidiaries (collectively referred to as 'the Group'), are principally engaged in (i) operation and management of its privately owned hospital; (ii) provision of management and consultation services to three not-for-profit hospitals; and (iii) sale of pharmaceutical products in the People's Republic of China (the 'PRC').

The Company is controlled by Vanguard Glory Limited ('Vanguard Glory'), a subsidiary of Hony Capital Fund V, L.P., which is considered as the ultimate holding company of the Company.

The ordinary shares of the Company were listed on the Main Board of the Stock Exchange of Hong Kong Limited ('the Listing') on March 16, 2017.

The consolidated financial statements is presented in Renminbi ('RMB') and rounded to nearest thousand yuan, unless otherwise stated.

## 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

This note provides a list of the significant accounting policies adopted in the preparation of these consolidated financial statements. These policies have been consistently applied to all the years presented, unless otherwise stated. The financial statements are for the Group consisting of the Company and its subsidiaries.

### 2.1 Basis of preparation

#### (i) *Compliance with IFRS and Hong Kong Companies Ordinance*

The consolidated financial statements of Hospital Corporation of China Limited have been prepared in accordance with International Financial Reporting Standards (IFRS) and disclosure requirements of the Hong Kong Companies Ordinance Cap. 622.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.1 Basis of preparation – *continued*

##### (ii) *Historical cost convention*

The financial statements have been prepared on a historical cost basis, except for the following:

- Certain financial assets and liabilities (including derivative instruments) – measured at fair value, and
- Convertible bonds – measured at fair value.

##### (iii) *New and amended standards adopted by the Group*

The Group has applied the following standards and amendments for the first time for their annual reporting period commencing 1 January 2020:

- Definition of Material – amendments to IAS 1 and IAS 8
- Definition of a Business – Amendments to IFRS 3
- Interest Rate Benchmark Reform – amendments to IFRS 9, IAS 39 and IFRS 7
- Revised Conceptual Framework for Financial Reporting

The amendments listed above did not have any impact on the amounts recognised in prior periods and are not expected to significantly affect the current or future periods.

##### (iv) *New standards and interpretations not yet adopted by the Group*

		Effective Date
Amendments to IAS 16	Property, Plant and Equipment: Proceeds before intended use	January 1, 2022
Amendments to IFRS 3	Reference to the Conceptual Framework	January 1, 2022
Amendments to IAS 37	Onerous Contracts – Cost of Fulfilling a Contract	January 1, 2022
Annual Improvements	Annual Improvements 2018–2020 cycle	January 1, 2022
IFRS 17	Insurance Contracts	January 1, 2023
Amendments to IAS 1	Classification of Liabilities as Current or Non-current	January 1, 2023

Certain new accounting standards and interpretations have been published that are not mandatory for 31 December 2020 reporting periods and have not been early adopted by the Group. These standards are not expected to have a material impact on the entity in the current or future reporting periods and on foreseeable future transactions.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.2 Principles of consolidation

##### (i) *Subsidiaries*

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset. Accounting policies of subsidiaries have been changed where necessary to ensure consistency with the policies adopted by the Group.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of comprehensive income, statement of changes in equity and balance sheet respectively.

#### 2.3 Separate financial statements

Investments in subsidiaries are accounted for at cost less impairment. Cost includes direct attributable costs of investment. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving a dividend from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

#### 2.4 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker, who is responsible for allocating resources and assessing performance of the operating segments and making strategic decisions. The chief operating decision-maker has been identified as executive directors.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.5 Foreign currency translation

(i) *Functional and presentation currency*

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ('the functional currency'). Since the majority of the operations of the Group are located in the PRC, the consolidated financial statements are presented in RMB, which is the Group's functional currency and presentation currency.

(ii) *Transactions and balances*

Foreign currency transactions are translated into the functional currency using the exchange rates at the dates of the transactions or valuation where items are re-measured. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the consolidated statement of comprehensive income.

Foreign exchange gains and losses that relate to cash and cash equivalents and borrowings are presented in the consolidated statement of comprehensive income within 'finance income and cost – net'. All other foreign exchange gains and losses are presented in the consolidated statement of comprehensive income within 'other gains/(losses) – net'.

#### 2.6 Property, plant and equipment

Property, plant and equipment is stated at historical costs less accumulated depreciation and accumulated impairment charge. Historical cost includes expenditure that is directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of any component accounted for as a separate asset is derecognised when replaced. All other repairs and maintenance are charged to the consolidated statement of comprehensive income during the financial period in which they are incurred.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.6 Property, plant and equipment – *continued*

Depreciation of property, plant and equipment is calculated using the straight-line method to allocate the cost or revalued amounts of the assets, net of their residual values, over their estimated useful lives or, in the case of leasehold improvements, as follows:

– Buildings	20-50 years
– Medical equipment	5-10 years
– Vehicles	5 years
– Office equipment and furniture	3-10 years
– Leasehold improvements	Shorter of remaining lease term or estimated useful lives

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount (Note 2.9).

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised within 'other gains/(losses)- net' in the consolidated statement of comprehensive income.

Construction-in-progress (the 'CIP') represents buildings under construction and is stated at cost less accumulated impairment losses, if any. Cost includes the costs of construction and acquisition and capitalised borrowing costs. No provision for depreciation is made on CIP until such time as the relevant assets are completed and ready for intended use. When the assets concerned are available for use, the cost are transferred to buildings and depreciated in accordance with the policy as stated above.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.7 Intangible assets

(i) *Goodwill*

The excess of the consideration transferred, amount of any non-controlling interest and acquisition-date fair value of any previous equity interest in the acquired entity over the fair value of the net identifiable assets acquired in business combination is recorded as goodwill. Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units ('CGUs') for the purpose of impairment testing. The allocation is made to those CGUs or groups of CGUs that are expected to benefit from the business combination in which the goodwill arose. The units or groups of units are identified at the lowest level at which goodwill is monitored for internal management purposes, being the operating segments (Note 5).

(ii) *Medical licences*

Medical licences acquired in a business combination are recognised at fair value at the acquisition date. These medical licences have a finite useful life and are carried at cost less accumulated amortisation. Amortisation is calculated using the straight-line method to allocate the cost of licences over their estimated useful lives.

(iii) *Contractual rights to provide management services*

Contractual rights to provide management services are the rights to provide management services to three not-for-profit hospitals. These contractual rights acquired in a business combination are recognised at fair value at the acquisition date. These contractual rights have finite useful life and are carried at cost less accumulated amortisation. Amortisation is calculated using the straight-line method to allocate the cost of contractual rights over their estimated useful lives.

(iv) *Computer software*

Acquired computer software licenses are capitalised on the basis of the costs incurred to acquire and bring the specific software into usage. These costs are amortised using the straight-line method over their estimated useful lives of 5 or 10 years. Costs associated with maintaining computer software programmes are recognised as expense as incurred.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.8 Right-of-use assets – land use right

Right-of-use assets – land use right are up-front payments to acquire long-term interest in land. These payments are stated at cost and charged to the consolidated statement of comprehensive income on a straight-line basis over the remaining period of the lease.

#### 2.9 Impairment of non-financial assets

Goodwill and intangible assets that have an indefinite useful life are not subject to amortisation and are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Other assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or groups of assets (cash-generating units). Non-financial assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

#### 2.10 Investments and other financial assets

##### (i) *Classification*

The Group classifies its financial assets in the following measurement categories:

- Those to be measured subsequently at fair value (either through other comprehensive income ('OCI') or through profit or loss), and
- Those to be measured at amortised cost.

The classification depends on the entity's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will be recorded either in profit or loss or OCI. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income ('FVOCI').

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.10 Investments and other financial assets – *continued*

##### (ii) *Recognition and derecognition*

Regular way purchases and sales of financial assets are recognised on trade date, the date on which the Group commits to purchase or sell the asset. Financial assets are derecognised when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

##### (iii) *Measurement*

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss ('FVPL'), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

##### Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- **Amortised cost:** Assets that are held for collection of contractual cash flows, where those cash flows represent solely payments of principal and interest, are measured at amortised cost. Interest income from these financial assets is included in finance income using the effective interest rate method. Any gain or loss arising on derecognition is recognised directly in profit or loss and presented in other gains/(losses) together with foreign exchange gains and losses. Impairment losses are presented as separate line item in the consolidated statement of comprehensive income.
- **FVOCI:** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses, which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in other gains/(losses). Interest income from these financial assets is included in finance income using the effective interest rate method. Foreign exchange gains and losses are presented in other gains/(losses) and impairment expenses are presented as separate line item in the consolidated statement of comprehensive income.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.10 Investments and other financial assets – *continued*

##### *(iii) Measurement – continued*

###### Debt instruments – *continued*

- FVPL: Assets that do not meet the criteria for amortised cost or FVOCI are measured at FVPL. A gain or loss on a debt investment that is subsequently measured at FVPL is recognised in profit or loss and presented net within other gains/(losses) in the period in which it arises.

###### Equity instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognised in profit or loss as other income when the Group's right to receive payments is established.

Changes in the fair value of financial assets at FVPL are recognised in other gains/(losses) in the consolidated statement of comprehensive income as applicable. Impairment losses (and reversal of impairment losses) on equity investments measured at FVOCI are not reported separately from other changes in fair value.

##### *(iv) Impairment*

The Group assesses on a forward-looking basis the expected credit losses associated with its debt instruments carried at amortised cost and its receivables. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables and amounts due from related parties (trade in nature), the Group applies the simplified approach permitted by IFRS 9, which requires expected lifetime losses to be recognised from initial recognition of the receivables, see Note 3.1(ii) for further details.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.11 Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis or realise the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the Company or the counterparty.

#### 2.12 Inventories

Inventories are stated at the lower of cost and net realisable value. Cost of inventories is determined on first-in-first-out method. Net realizable value represents the estimated selling price in the ordinary course of business less all estimated costs of completion and costs necessary to make the sale.

#### 2.13 Trade and other receivables

Trade receivables are amounts due from patients and customers for goods sold or services performed and governments' social insurance schemes rendered in the ordinary course of business. If collection of trade and other receivables is expected in one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade and other receivables are recognised initially at the amount of consideration that is unconditional unless they contain significant financing components, when they are recognised at fair value. The Group holds the trade and other receivables with the objective to collect the contractual cash flows and therefore measures them subsequently at amortised cost using the effective interest method. See Note 18 for further information about the Group's accounting for trade receivables and Note 3.1(ii) for a description of the Group's impairment policies.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.14 Cash and cash equivalents

For the purpose of presentation in the consolidated statement of cash flows and consolidated balance sheet, cash and cash equivalents includes cash on hand, deposits held at call with banks, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

#### 2.15 Share capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Where any entity within the Group purchases the Company's equity share capital (treasury shares), the considerations paid, including any directly attributable incremental costs, is deducted from equity attributable to the owners of the Company until the shares are cancelled or reissued. Where such shares are subsequently reissued, any consideration received (net of any directly attributable incremental transaction costs) is included in equity attributable to the owners of the Company.

#### 2.16 Trade and other payables

These amounts represent liabilities for goods and services provided to the Group prior to the end of financial year which are unpaid. Trade and other payables are presented as current liabilities unless payment is not due within 12 months after the reporting period. They are recognised initially at their fair value and subsequently measured at amortised cost using the effective interest method.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.17 Borrowings

Borrowings are initially recognised at fair value, net of transaction costs incurred. Borrowings are subsequently measured at amortised cost. Any difference between the proceeds (net of transaction costs) and the redemption amount is recognised in profit or loss over the period of the borrowings using the effective interest method. Fees paid on the establishment of loan facilities are recognised as transaction costs of the loan to the extent that it is probable that some or all of the facility will be drawn down. In this case, the fee is deferred until the draw-down occurs. To the extent there is no evidence that it is probable that some or all of the facility will be drawn down, the fee is capitalised as a prepayment for liquidity services and amortised over the period of the facility to which it relates.

The convertible bonds were designated as financial liabilities at FVPL by management, the amount of change in fair value of the financial liabilities that is attributable to change in the credit risk of that liabilities shall be presented in other comprehensive income, the remaining amount of change in the fair value of liabilities shall be presented in profit or loss.

Borrowings are removed from the balance sheet when the obligation specified in the contract is discharged, cancelled or expired. The difference between the carrying amount of a financial liability that has been extinguished or transferred to another party and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognised in profit or loss as other income or finance costs.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least 12 months after the end of the reporting period.

#### 2.18 Borrowing costs

General and specific borrowing costs directly attributable to the acquisition, construction or production of qualifying assets are capitalised during the period of time that is required to complete and prepare the asset for its intended use or sale. Qualifying assets are assets that necessarily take a substantial period of time to get ready for their intended use or sale.

Investment income earned on the temporary investment of specific borrowings, pending their expenditure on qualifying assets, is deducted from the borrowing costs eligible for capitalisation.

Other borrowing costs are expensed in the period in which they are incurred.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.19 Current and deferred income tax

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and liabilities attributable to temporary differences and to unused tax losses.

##### *Current income tax*

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period in the countries where the Company's subsidiaries operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be paid to the tax authorities.

##### *Deferred income tax*

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred tax liabilities are not recognised if they arise from the initial recognition of goodwill. Deferred income tax is also not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that, at the time of the transaction, affects neither accounting nor taxable profit or loss. Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised only if it is probable that future taxable amounts will be available to utilise those temporary differences and losses.

Deferred tax liabilities and assets are not recognised for temporary differences between the carrying amount and tax bases of investments in foreign operations where the Company is able to control the timing of the reversal of the temporary differences and it is probable that the differences will not reverse in the foreseeable future.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.20 Employee benefits

(i) *Short-term obligations*

Liabilities for wages and salaries, including non-monetary benefits and accumulating sick leave that are expected to be settled wholly within 12 months after the end of the period in which the employees render the related service are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liabilities are presented as current employee benefit obligations in the balance sheet.

(ii) *Pension obligations*

The subsidiaries of the Group which are companies incorporated in the PRC contribute based on certain percentage of the salaries of the employees to a defined contribution retirement benefit plan organised by relevant government authorities in the PRC on a monthly basis. The government authorities undertake to assume the retirement benefit obligations payable to the existing and future retired employees under these plans and the Group has no further obligation for post-retirement benefits beyond the contributions made. Contributions to these plans are expensed as incurred. Assets of the plans are held and managed by government authorities and are separate from those of the Group. The Group did not have any forfeited contribution and defined benefit plan.

(iii) *Termination benefits*

Termination benefits are payable when employment is terminated by the Group before the normal retirement date, or when an employee accepts voluntary redundancy in exchange for these benefits. The Group recognises termination benefits at the earlier of the following dates: (a) when the Group can no longer withdraw the offer of those benefits; and (b) when the entity recognises costs for a restructuring that is within the scope of IAS 37 and involves the payment of terminations benefits. In the case of an offer made to encourage voluntary redundancy, the termination benefits are measured based on the number of employees expected to accept the offer. Benefits falling due more than 12 months after the end of the reporting period are discounted to present value.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.21 Share-based payments

##### *(i) Equity-settled share-based payment transactions*

The Group operates a number of equity-settled share-based compensation plans, under which the entity receives services from employees as consideration for equity instruments (including shares or share options) of the Group. The fair value of the employee services received in exchange for the grant of the equity instruments is recognised as an expense. The total amount to be expensed is determined by reference to the fair value of the equity instruments granted:

- Including any market performance conditions;
- Excluding the impact of any service and non-market performance vesting conditions (for example, remaining an employee of the entity over a specified time period); and
- Including the impact of any non-vesting conditions (for example, the requirement for employees to save or holding shares for a specified period of time).

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.21 Share-based payments – *continued*

##### (i) *Equity-settled share-based payment transactions – continued*

At the end of each reporting period, the Group revises its estimates of the number of share options that are expected to vest based on the non-marketing performance and service conditions. It recognises the impact of the revision to original estimates, if any, in the consolidated statement of comprehensive income, with a corresponding adjustment to equity.

##### (ii) *Cash-settled share-based payment transactions*

The Group operates a number of cash-settled share-based compensation plans, under which the entity receives services from employees by incurring liabilities for amounts that are based on the price (or value) of the entity's shares or other equity instruments of the entity (the share appreciation rights). The employee services received and the liability incurred is measured at the fair value of the liability.

The liability shall be measured, initially and at the end of each reporting period until settled, at the fair value of the share appreciation rights, by applying an option pricing model, taking into account the terms and conditions on which the share appreciation rights were granted, and the extent to which the employees have rendered service to date.

At the end of each reporting period and at the date of settlement, the Group re-measures the fair value of the liability, with any changes in fair value recognized in profit or loss for the period.

##### (iii) *Share-based payment transactions among group entities*

The Company settling a share-based payment transaction when another entity in the Group receives the goods or services shall recognize the transaction as an equity-settled share-based payment transaction only if it is settled in the Company's own equity instruments. Otherwise, the transaction shall be recognized as a cash settled share-based payment transaction. In its separate financial statements, the Company records a debit, recognizing an increase in the investment in subsidiaries as a capital contribution from the parent and a credit to equity as no goods or services are received by the Company.

##### (iv) *Modification and cancellation*

If the terms of an equity-settled award are modified, at a minimum an expense is recognised as if the terms had not been modified. An additional expense is recognised for any modification that increases the total fair value of the share-based payment arrangement, or is otherwise beneficial to the employee, as measured at the date of modification.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.22 Revenue recognition

Revenues are recognised when or as the control of the goods or services is transferred to the customer. Depending on the terms of the contract and the laws that apply to the contract, control of the goods and services may be transferred over time or at a point in time. Control of the goods and services is transferred over time if the Group's performance:

- Provides all of the benefits received and consumed simultaneously by the customer;
- Creates and enhances an asset that the customer controls as the Group performs; or
- Does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If control of the goods and services transfers over time, revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of the performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the goods or services.

The progress towards complete satisfaction of performance obligation is measured based on one of the following methods that best depicts the Group's performance in satisfying the performance obligation:

- Direct measurements of the value of individual services transferred by the Group to the customer; or
- The Group's efforts or inputs to the satisfaction of the performance obligation.

If contracts involve the sale of multiple goods, goods followed by related services, or multiple services, the transaction price will be allocated to each performance obligation based on their relative stand-alone selling prices. If the stand-alone selling prices are not directly observable, they are estimated based on expected cost plus a margin or adjusted market assessment approach, depending on the availability of observable information.

When either party to a contract has performed, the Group presents the contract in the consolidated balance sheet as a contract asset or a contract liability, depending on the relationship between the entity's performance and the customer's payment.

If a customer pays consideration or the Group has a right to an amount of consideration that is unconditional, before the Group transfers a good or service to the customer, the Group presents the contract as a contract liability when the payment is made or a receivable is recorded (whichever is earlier). A contract liability is the Group's obligation to transfer goods or services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.22 Revenue recognition – *continued*

A receivable is recorded when the Group has an unconditional right to consideration. A right to consideration is unconditional if only the passage of time is required before payment of that consideration is due.

The following is a description of the accounting policy for the principal revenue streams of the Group.

##### (i) *Hospital Management Services*

Revenue from provision of hospital management services is recognised in the accounting period in which the services are rendered.

For the hospital management services in relation to various aspects of daily operations of not-for-profit hospitals, the contracts include multiple deliverables. Considering such services have the same pattern and are all highly relevant, it is therefore regarded as one performance obligation.

Relevant revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. The progress towards the complete satisfaction of performance obligation is measured by direct measurements of the value to the customer of service transferred by the Group.

The Group receives the payment according to the contracts. Any unconditional rights to consideration of the contract is presented as a receivable. If the Group performs by transferring services to the customer before the customer pays consideration or before payments is due, the Group presents the contract as a contract asset, excluding any amounts presented as a receivable. If a customer pays consideration before the Group transfer services to the customer, the Group presented the contract as a contract liability when the payment is made or the payment is due.

Estimates of revenues, costs or extent of progress toward completion are revised if circumstances change. Any resulting increases or decreases in estimated revenues or costs are reflected in profit or loss in the period in which the circumstances that give rise to the revision become known by management.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.22 Revenue recognition – *continued*

##### *(ii) General hospital services*

Revenue from provision of general hospital services is recognised when the related services have been rendered to customers.

For inpatient service, the customers normally receive inpatient treatment which contains various treatment components that are all highly relevant and regarded as one performance obligation. The usual period of inpatient is within two weeks. Relevant revenue of inpatient treatment is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. The progress towards the complete satisfaction of performance obligation is measured by direct measurements of the value of individual services transferred by the Group to the customer.

Relevant revenue of outpatient services is recognized at a point in time.

The Group usually receives the payment from customers in advance before the hospital services are rendered. Customers normally do not ask for a refund of payment and the services not yet rendered are recorded as contract liability. The contract liability is recognised as revenue when the related services are rendered.

For the cost to be borne by the relevant social security authority, the Group usually receives the payment based on a payment schedule. If the services rendered by the Group exceed the payment, the trade receivable is recognised.

##### *(iii) Sale of pharmaceutical products*

Revenue from sale of pharmaceutical products is recognised when control of the products has transferred, being when the products are delivered to the customer and there is no unfulfilled obligation that could affect the customer's acceptance of the products. Delivery occurs when the products have been shipped to the specific location, the risks of obsolescence and loss have been transferred to the customer, and either the customer has accepted the products in accordance with the sales contract, the acceptance provisions have lapsed, or the Group has objective evidence that all criteria for acceptance have been satisfied.

A receivable is recognised when the goods are delivered as this is the point in time that the consideration is unconditional because only the passage of time is required before the payment is due.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.23 Interest income

Interest income from financial assets at FVPL is included in the net fair value gains on these assets, see Note 8 below. Interest income on financial assets at amortised cost and financial assets at FVOCI calculated using the effective interest method is recognised in the consolidated statement of comprehensive income as part of other income.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset except for financial assets that subsequently become credit-impaired. For credit-impaired financial assets, the effective interest rate is applied to the net carrying amount of the financial asset (after deduction of the loss allowance).

Interest income is presented as finance income where it is earned from financial assets that are held for cash management purposes, see Note 10 below. Any other interest income is included in other income.

#### 2.24 Leases

Leases are recognised as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Group.

Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor. Leased assets may not be used as security for borrowing purposes.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of the following lease payments:

- Fixed payments (including in-substance fixed payments), less any lease incentives receivable
- Variable lease payment that are based on an index or a rate, initially measured using the index or rate as at the commencement date
- Amounts expected to be payable by the Group under residual value guarantees
- The exercise price of a purchase option if the Group is reasonably certain to exercise that option, and
- Payments of penalties for terminating the lease, if the lease term reflects the Group exercising that option.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.24 Leases – *continued*

Lease payments to be made under reasonably certain extension options are also included in the measurement of the liability.

The lease payments are discounted using the interest rate implicit in the lease. If that rate cannot be readily determined, which is generally the case for leases in the Group, the lessee's incremental borrowing rate is used, being the rate that the individual lessee would have to pay to borrow the funds necessary to obtain an asset of similar value to the right-of-use asset in a similar economic environment with similar terms, security and conditions.

To determine the incremental borrowing rate, the Group:

- where possible, uses recent third-party financing received by the individual lessee as a starting point, adjusted to reflect changes in financing conditions since third party financing was received
- uses a build-up approach that starts with a risk-free interest rate adjusted for credit risk for leases held by the Group, which does not have recent third-party financing, and
- makes adjustments specific to the lease, e.g. term, country, currency and security.

If a readily observable amortising loan rate is available to the individual lessee (through recent financing or market data) which has a similar payment profile to the lease, then the Group use that rate as a starting point to determine the incremental borrowing rate.

The Group is exposed to potential future increases in variable lease payments based on an index or rate, which are not included in the lease liability until they take effect. When adjustments to lease payments based on an index or rate take effect, the lease liability is reassessed and adjusted against the right-of-use asset.

Lease payments are allocated among principal and finance cost. The finance cost is charged to profit or loss over the lease period so as to produce a constant periodic rate of interest on the remaining balance of the liability for each period.

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.24 Leases – *continued*

Right-of-use assets are measured at cost comprising the following:

- the amount of the initial measurement of lease liability
- any lease payments made at or before the commencement date less any lease incentives received
- any initial direct costs, and
- restoration costs.

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis. If the Group is reasonably certain to exercise a purchase option, the right-of-use asset is depreciated over the underlying asset's useful life. While the Group revalues its land and buildings that are presented within property, plant and equipment, it has chosen not to do so for the right-of-use buildings held by the Group.

Payments associated with short-term leases of equipment and vehicles and all leases of low-value assets are recognised on a straight-line basis as an expense in profit or loss. Short-term leases are leases with a lease term of 12 months or less without a purchase option.

Lease income from operating leases where the Group is a lessor is recognised in income on a straight-line basis over the lease term. Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognised as expense over the lease term on the same basis as lease income. The respective leased assets are included in the balance sheet based on their nature. The Group did not need to make any adjustments to the accounting for assets held as lessor as a result of adopting the new leasing standard.

#### 2.25 Dividends distribution

Provision is made for the amount of any dividend declared, being appropriately authorised and no longer at the discretion of the entity, on or before the end of the reporting period but not distributed at the end of the reporting period.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – *continued*

#### 2.26 Government grants

Grants from the government are recognised at their fair value where there is a reasonable assurance that the grant will be received and the Group will comply with all attached conditions. Government grants relating to costs are deferred and recognised in the profit or loss over the period necessary to match them with the costs that they are intended to compensate. Note 7 provides further information on how the Group accounts for government grants.

#### 2.27 Earnings per share

##### (i) *Basic earnings per share*

Basic earnings per share is calculated by dividing:

- the profit attributable to owners of the Company, excluding any costs of servicing equity other than ordinary shares
- by the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year and excluding treasury shares.

##### (ii) *Diluted earnings per share*

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after-income tax effect of interest and other financing costs associated with dilutive potential ordinary shares, and
- the weighted average number of additional ordinary shares that would have been outstanding assuming the conversion of all dilutive potential ordinary shares.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 3 FINANCIAL RISK MANAGEMENT

#### 3.1 Financial risk factors

The Group's activities expose it to a variety of financial risks: market risk (including foreign exchange risk and cashflow and fair value interest rate risk), credit risk and liquidity risk. The Group's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance. Risk management is carried out by the senior management of the Group and approved by the executive directors.

##### (i) Market risk

##### (a) Foreign exchange risk

Foreign currency risk is the risk that the value of a financial instrument fluctuates because of the changes in foreign exchange rates.

The Group mainly operates in the PRC with most of the transactions settled in RMB. Foreign exchange rate risk arises when recognized assets and liabilities are denominated in a currency that is not the entity's functional currency.

As at December 31, 2020, the Group was exposed to foreign exchange risk arising from foreign currency transactions, primarily with respect to the US dollars (USD) and HK dollars (HKD).

The Group will constantly review the economic situation and its foreign exchange risk profile, and will consider appropriate hedging measures in the future, as may be necessary.

The amounts denominated in the currency other than the functional currency of the Group were as follows:

	As at December 31, 2020		As at December 31, 2019	
	USD RMB' 000	HKD RMB' 000	USD RMB' 000	HKD RMB' 000
Amounts due from related parties	—	348	—	410
Cash and cash equivalents	3,682	628,487	5,447	614,650
Term deposits	—	—	—	134,370
Borrowings	—	(91,695)	—	(174,402)
Convertible bonds	—	(1,558,245)	—	(1,693,430)
Accruals, other payables and provisions	(1,236)	(2,388)	(1,543)	(2,541)
Amounts due to related parties	(1,419)	(7)	(1,517)	—
	<u>1,027</u>	<u>(1,023,500)</u>	<u>2,387</u>	<u>(1,120,943)</u>

As at December 31, 2020, if RMB had weakened/strengthened by 5% against USD, with all other variable held constant, post-tax profit for the year of the Group would have been RMB40,000 higher/lower (2019: RMB107,000 higher/lower).

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 3 FINANCIAL RISK MANAGEMENT – *continued*

#### 3.1 Financial risk factors – *continued*

##### (i) Market risk – *continued*

###### (a) Foreign exchange risk – *continued*

As at December 31, 2020, if RMB had weakened/strengthened by 5% against HKD, with all other variable held constant, post-tax profit for the year of the Group would have been RMB51,175,000 lower/higher (2019: RMB56,047,000 lower/higher).

###### (b) Cash flow and fair value interest rate risk

The Group's main interest rate risk arises from borrowings with variable rates, which expose the Group to cash flow interest rate risk.

The Group's borrowings and receivables are carried at amortised cost. The borrowings are periodically contractually repriced (see below) and to that extent are also exposed to the risk of future changes in market interest rates.

The exposure of the Group's borrowing to interest rate changes and the contractual re-pricing dates of the borrowings at the end of the reporting period are as follows:

	As at December 31, 2020		As at December 31, 2019	
	RMB' 000	% of total loans	RMB' 000	% of total loans
Fixed rate borrowings	40,000	30%	40,000	19%
Other borrowings				
– repricing dates:				
3 months or less	<u>91,695</u>	<u>70%</u>	<u>174,402</u>	<u>81%</u>
	<u><u>131,695</u></u>	<u><u>100%</u></u>	<u><u>214,402</u></u>	<u><u>100%</u></u>

An analysis by maturities is provided in Note 3.1(iii). The percentage of total loans shows the proportion of loans that are currently at fixed and variable rates in relation to the total amount of borrowings.

At December 31, 2020, if interest rates on borrowings with variable interest rates had been 100 basis points higher/lower with all other variables held constant, post-tax profit for the year would have been RMB1,739,000 (2019: RMB2,246,000) lower/higher.

### 3 FINANCIAL RISK MANAGEMENT – *continued*

#### 3.1 Financial risk factors – *continued*

##### (ii) *Credit risk*

Credit risk mainly arises from cash and cash equivalents, term deposit, financial assets at FVPL, amounts due from related parties and trade and other receivables. The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the consolidated balance sheet.

The credit risk of cash and cash equivalents, term deposit, financial assets at FVPL is limited because the counterparties are mainly state-owned or public listed commercial banks which are high-credit-quality financial institutions in the PRC.

##### (a) Impairment of financial assets

The Group has three types of financial assets that are subject to the expected credit loss model:

- Trade receivables from the provision of general hospital services and sales of pharmaceutical products and amounts due from related parties (trade in nature);
- Debt investments carried at amortised cost; and
- Debt investments carried at FVPL.

While cash and cash equivalents and term deposit are also subject to the impairment requirements of IFRS 9, the identified impairment loss was immaterial.

##### *Trade receivables and amounts due from related parties (trade in nature)*

The Group applies the IFRS 9 simplified approach to measuring expected credit losses which uses a lifetime expected loss allowance for all trade receivables and amounts due from related parties (trade in nature).

To measure the expected credit losses, trade receivables and amounts due from related parties (trade in nature) have been grouped based on shared credit risk characteristics and the days past due.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 3 FINANCIAL RISK MANAGEMENT – *continued*

#### 3.1 Financial risk factors – *continued*

##### (ii) Credit risk – *continued*

##### (a) Impairment of financial assets – *continued*

##### *Trade receivables and amounts due from related parties (trade in nature) – continued*

The expected loss rates are based on the payment profiles of sales over a period of 24 month before December 31, 2020 or December 31, 2019 respectively and the corresponding historical credit losses experienced within this period. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors affecting the ability of the customers to settle the receivables. The Group has identified the Gross Domestic Product (GDP), Consumer Price Index (CPI) and Producer Price Index (PPI) of the countries in which it sells its goods and services to be the most relevant factors, and accordingly adjusts the historical loss rates based on expected changes in these factors.

On that basis, the loss allowance of trade receivable and amounts due from related parties (trade in nature) as at December 31, 2020 and 2019 was determined as follows:

	Lifetime expected credit loss rate	Gross carrying amount	Lifetime expected credit loss	Net carrying Amount
<b>December 31, 2020</b>				
Provision on trade receivables	8.12%	36,945	(3,000)	33,945
Provision on amounts due from related parties (trade in nature)	3.34%	<u>279,703</u>	<u>(9,345)</u>	<u>270,358</u>
		<u><b>316,648</b></u>	<u><b>(12,345)</b></u>	<u><b>304,303</b></u>
<b>December 31, 2019</b>				
Provision on trade receivables	3.19%	31,332	(1,000)	30,332
Provision on amounts due from related parties (trade in nature)	–	<u>217,044</u>	<u>–</u>	<u>217,044</u>
		<u><b>248,376</b></u>	<u><b>(1,000)</b></u>	<u><b>247,376</b></u>

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 3 FINANCIAL RISK MANAGEMENT – *continued*

#### 3.1 Financial risk factors – *continued*

##### (ii) Credit risk – *continued*

##### (a) Impairment of financial assets – *continued*

##### *Trade receivables and amounts due from related parties (trade in nature) – continued*

The loss allowances for trade receivables and amounts due from related parties (trade in nature) as at December 31, 2020 and 2019 reconcile to the opening loss allowances as follows:

	Trade receivables	
	2020	2019
	RMB' 000	RMB' 000
Opening loss allowance as at January 1	1,000	1,000
Increase in trade receivables loss allowance recognised in profit or loss during the year	5,732	1,581
Receivables written off during the year as uncollectible	(3,732)	(1,581)
Closing loss allowance as at December 31	<u>3,000</u>	<u>1,000</u>

	Amounts due from related parties (trade in nature)	
	2020	2019
	RMB' 000	RMB' 000
Opening loss allowance as at January 1	–	–
Increase in amounts due from related parties (trade in nature) loss allowance recognised in profit or loss during the year	9,345	–
Receivables written off during the year as uncollectible	–	–
Closing loss allowance as at December 31	<u>9,345</u>	<u>–</u>

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 3 FINANCIAL RISK MANAGEMENT – *continued*

#### 3.1 Financial risk factors – *continued*

##### (ii) Credit risk – *continued*

###### (a) Impairment of financial assets – *continued*

###### *Trade receivables and amounts due from related parties (trade in nature) – continued*

Trade receivables and amounts due from related parties (trade in nature) are written off when there is no reasonable expectation of recovery. Indicators that there is no reasonable expectation of recovery include, amongst others, the failure of a debtor to engage in a repayment plan with the Group.

Impairment losses on trade receivables and amounts due from related parties (trade in nature) are presented as net impairment losses within operating profit. Subsequent recoveries of amounts previously written off are credited against the same line item.

###### *Debt investments*

All of the Group's debt investments at amortised cost and FVPL are considered to have low credit risk, and the loss allowance recognised during the period was therefore limited to 12 months' expected losses. The investment instruments are considered to be low credit risk where they have a low risk of default and the issuer has a strong capacity to meet its contractual cash flow obligations in the near term.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 3 FINANCIAL RISK MANAGEMENT – *continued*

#### 3.1 Financial risk factors – *continued*

##### (ii) Credit risk – *continued*

###### (a) Impairment of financial assets – *continued*

###### *Other financial assets at amortised cost*

Other financial assets at amortised cost include other receivables, deposits and prepayment and amounts due from related parties (others).

###### *Debt investments carried at FVPL*

Debt investments carried at FVPL include investment in monetary funds and call option to acquire subsidiaries' remaining interests. The directors of the Group do not expect any losses from non-performance by the counterparties of the debt investments carried at FVPL. Thus no loss allowance provision was recognised.

The directors of the Group do not expect any losses from non-performance by the counterparties of the debt investment. Thus no loss allowance provision was recognised.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 3 FINANCIAL RISK MANAGEMENT – *continued*

#### 3.1 Financial risk factors – *continued*

##### (iii) Liquidity risk

The Group aims to maintain sufficient cash and cash equivalents to meet operating capital requirements.

The table below analyses the Group's financial liabilities into relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. The amounts disclosed in the table are the contractual undiscounted cash flows.

	Less than 1 year RMB' 000	Between 1 and 2 years RMB' 000	Between 2 and 5 years RMB' 000	Over 5 years RMB' 000	Total RMB' 000
<b>At December 31, 2020</b>					
Borrowing and interests	103,263	36,164	—	—	139,427
Lease liabilities	370	57	171	805	1,403
Trade payables	16,762	—	—	—	16,762
Accruals, other payables and provisions (excluding accrued employee benefits, share-based payments and other tax liabilities)	24,366	—	—	—	24,366
Amounts due to related parties	22,843	—	—	—	22,843
Convertible bonds	—	—	1,558,245	—	1,558,245
Other financial liability at amortised cost	237,100	—	—	—	237,100

### 3 FINANCIAL RISK MANAGEMENT – *continued*

#### 3.1 Financial risk factors – *continued*

##### (iv) *Price risk*

The Group is mainly exposed to price risk in respect of convertible bonds held by the Group. The significant inputs in the valuation model related to convertible bonds were listed in Note 33.

The sensitivity analysis is performed by the management. If the fair values of convertible bonds held by the Group had been 5% higher/lower, the profit before income tax for the year ended December 31, 2020 would have been approximately RMB77,912,000 lower/higher.

Fair value of convertible bonds is affected by changes in share price of the Company. If the Company's share price had increased/decreased by 5% with all other variables held constant, the profit before income tax for the year ended December 31, 2020 would have been approximately RMB12,121,000 lower or 13,546,000 higher.

#### 3.2 Capital Risk Management

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns to the shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

The Group actively and regularly reviews and manages its capital structure to maintain a balance between the higher equity shareholders returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position, and makes adjustments to the capital structure in light of changes in economic conditions.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

The Group monitors its capital structure on the basis of liability-to-asset ratio, which is calculated as total liabilities divided by total assets. The liability-to-asset ratio of the Group as at December 31, 2020 was 63% (2019: 59%).

There were no changes in the Group's approach to capital management for the years ended December 31, 2020 and 2019.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 3 FINANCIAL RISK MANAGEMENT – *continued*

#### 3.3 Fair value estimation

##### (i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standards. An explanation of each level follows underneath the table.

The following table presents the Group's financial assets that are measured at fair value at December 31, 2020 and 2019.

At December 31, 2020	Level 1 RMB' 000	Level 2 RMB' 000	Level 3 RMB' 000	Total RMB' 000
<b>Assets</b>				
Financial assets at FVPL				
– Monetary funds with floating rates	—	90,737	—	90,737
<b>Total assets</b>	<u>—</u>	<u>90,737</u>	<u>—</u>	<u>90,737</u>
<b>Liabilities</b>				
Financial liabilities at FVPL				
– Convertible bonds	—	—	1,558,245	1,558,245
<b>Total liabilities</b>	<u>—</u>	<u>—</u>	<u>1,558,245</u>	<u>1,558,245</u>
At December 31, 2019	Level 1 RMB' 000	Level 2 RMB' 000	Level 3 RMB' 000	Total RMB' 000
<b>Assets</b>				
Financial assets at FVPL				
– Monetary funds with floating rates	—	36,229	—	36,229
– Call option to acquire subsidiaries' remaining interests	—	—	600	600
<b>Total assets</b>	<u>—</u>	<u>36,229</u>	<u>600</u>	<u>36,829</u>
<b>Liabilities</b>				
Financial liabilities at FVPL				
– Convertible bonds	—	—	1,693,430	1,693,430
<b>Total liabilities</b>	<u>—</u>	<u>—</u>	<u>1,693,430</u>	<u>1,693,430</u>

### 3 FINANCIAL RISK MANAGEMENT – *continued*

#### 3.3 Fair value estimation – *continued*

##### (i) *Fair value hierarchy – continued*

There were no transfers between level 1, 2 and 3 for recurring fair value measurements during the year.

The Group's policy is to recognise transfers into and out of fair value hierarchy levels as at the end of the reporting period.

Level 1: The fair value of financial instruments traded in active markets (such as publicly traded derivatives, and equity securities) is based on quoted market prices at the end of the reporting period. The quoted market price used for financial assets held by the Group is the current bid price. These instruments are included in level 1.

Level 2: The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined using valuation techniques which maximise the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted equity securities.

##### (ii) *Valuation techniques used to determine fair values*

Specific valuation techniques used to value financial instruments include:

- the use of quoted market prices or dealer quotes for similar instruments, and
- for call option and convertible bonds – option pricing models (e.g. binomial model).

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 3 FINANCIAL RISK MANAGEMENT – *continued*

#### 3.3 Fair value estimation – *continued*

(iii) *Fair value measurements using significant observable inputs (level 2)*

The following table presents the changes in level 2 instruments for the years ended December 31, 2020 and 2019, respectively.

	Monetary funds with floating rates RMB' 000
Opening balance as at January 1, 2019	248,567
Additions	103,000
Settlements	(320,964)
Gains recognised in other gains/(losses) – net*	<u>5,626</u>
Closing balance as at December 31, 2019	<u><u>36,229</u></u>
Opening balance as at January 1, 2020	36,229
Additions	502,320
Settlements	(450,365)
Gains recognised in other gains/(losses) – net*	<u>2,553</u>
Closing balance as at December 31, 2020	<u><u>90,737</u></u>
* Includes unrealised gains recognised in profit or loss attributable to balance held at the end of the reporting period	
2020	<u>1,403</u>
2019	<u>648</u>

Financial instruments in level 2 were monetary funds with floating rates treated as financial assets at FVPL held by the Group. The fair value changes resulting from the change of the monetary funds' value held by the Group is RMB2,553,000 during the year ended December 31, 2020 and was recognised in other gains/(losses) – net (2019: RMB5,626,000).

(Losses)/gains recognised in other gains/(losses) – net	(600)	135,185	134,585
<b>Closing balance as at December 31, 2020</b>	<b>—</b>	<b>(1,558,245)</b>	<b>(1,558,245)</b>

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

#### (i) Estimation of goodwill impairment

The Group tests whether goodwill has suffered any impairment on an annual basis. The recoverable amount of a CGU or a group of CGU is determined based on fair value less costs of disposal calculations which require the use of assumptions. The calculations use cash flow projections based on financial budgets approved by management covering an eight-year period for general hospital services segment, hospital management services segment and sale of pharmaceutical products segment ('Forecast Period'). When applying valuation technique, the Group relies on a number of factors and judgements, including, among others, historical results, business plans, forecasts and market data.

Cash flows beyond the forecast period are extrapolated using the estimated growth rates stated in Note 16. These growth rates are consistent with management's research and analysis based on industry information and data specific to the industry in which each CGU operates.

Details of impairment charge, key assumptions and impact of possible changes in key assumptions are disclosed in Note 16.

#### (a) Revenue (% compound growth rates)

The revenue compound growth rates over the Forecast Period is based on the Group's forecast of its average revenue growth rate. The Group considers the business transition strategy and other market forecasts in estimating this growth rate.

#### (b) Cost and operation expenses (% of revenue)

The cost and operation expenses (% of revenue) for the Forecast Period are determined on the basis of management's past experience.

#### (c) Long-term growth rate

The long-term growth rate after the Forecast Period is estimated on the basis of the inflation rate of China. It is a commonly used valuation assumption that the long-term growth rate of a company will converge with the long-term growth rate of the country in which it operates.

### 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS – *continued*

#### (i) Estimation of goodwill impairment – *continued*

##### (d) *Discount rates*

The discount rates for the Forecast Period and after that period are determined by reference to discount rates provided by an independent valuer. Discount rates were estimated based on the weighted average cost of capital (“WACCs”) with reference to the industry risk premium and the debt to equity ratio of some guideline companies in China healthcare sector.

Changes in the conditions for these estimates and assumptions can significantly affect the assessed result of goodwill impairment test.

For the sensitivity analysis and other details, please refer to Note 16.

The goodwill impairment charged during the year ended December 31, 2020 was RMB467,083,000 (2019:nil) (Note 16).

#### (ii) Estimation of current and deferred income tax

There are many transactions and events for which the ultimate tax determination is uncertain during the ordinary course of business. Significant judgement is required from the Group in determining the provision for income taxes in each of these jurisdictions. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the income tax and deferred tax provisions in the period in which such determination is made.

The Group recognises deferred tax assets based on estimates that it is probable to generate sufficient taxable profits in the foreseeable future against which the deductible losses will be utilised. The recognition of deferred tax assets mainly involves management’s judgements and estimations about the timing and the amount of taxable profits of the companies who had tax losses.

#### (iii) Assessment of control over not-for-profit hospitals

Certain not-for-profit hospitals (“Relevant Not-for-profit Hospitals”) were founded by subsidiaries of the Company. Despite the fact that the subsidiaries founded the Relevant Not-for-profit Hospitals, the subsidiaries are not entitled to the dividend of the Relevant Not-for-profit Hospitals in accordance with relevant PRC rules and regulation. The subsidiaries have entered into agreements with the Relevant Not-for-profit Hospitals in which the subsidiaries obtained contractual rights to provide management services for certain periods and were entitled to receive performance-based management fees for the years ended December 31, 2020 and 2019.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS – *continued*

#### (iii) Assessment of control over not-for-profit hospitals – *continued*

The Group has exercised significant judgements in determining whether the Group has control over the Relevant Not-for-profit Hospitals. In exercising such judgement, the Group considers the purpose and design of the Relevant Not-for-profit Hospitals, what the relevant activities are and how decisions about those activities are made, whether the rights of the Group gives the current ability to direct the relevant activities, whether rights exercisable by other parties as internal governance body members are substantive, whether the Group is exposed, or has rights, to variable returns from its involvement with the Relevant Not-for-profit Hospitals, and whether the Group has the ability to use its power over the Relevant Not-for-profit Hospitals to affect the amount of the Group's returns.

After assessment, the management has concluded that when the Group does not have the decision making power over internal governance body to direct the relevant activities of the Relevant Not-for-profit Hospitals, the Group does not control and thus does not consolidate the Relevant Not-for-profit Hospitals. Instead, relevant agreements are considered as management contracts to generate management services income.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 4 CRITICAL ACCOUNTING ESTIMATES AND JUDGEMENTS – *continued*

#### (iv) Convertible bonds

The fair values of the convertible bonds were determined by using valuation techniques. The Group applied judgements to select a variety of methods and made assumptions that were mainly based on market conditions existing at the end of each reporting period. If there was any change in methods or assumptions, the gains or losses relating to fair value changes could be changed. For the details of the valuation method and key assumptions used, please refer to Note 33.

### 5 SEGMENT INFORMATION

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-maker ('CODM'). The CODM, who is responsible for allocating resources and assessing performance of the operating segment, has been identified as the executive directors of the Company that make strategic decisions.

The CODM considers the business from both the service and product perspective. When the Group companies have similar economic characteristics, and the segments are similar in each of the following respects: (i) the nature of the products and services; (ii) the nature of the production processes; (iii) the type or class of customer for their products and services; (iv) the methods used to distribute their products or provide their services; and (v) if applicable, the nature of the regulatory environment, the Group's operating segments are aggregated. In the view of CODM, the Group is principally engaged in three different segments which are subject to different business risks and different economic characteristics.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 5 SEGMENT INFORMATION – *continued*

The Group assesses the performance of the operating segments based on a measure of earnings before interests, income tax, depreciation and amortisation ('EBITDA'). The Group's operating and reportable segments for segment reporting purpose are as follows:

#### (i) General hospital services

Revenue from this segment is generated in the PRC and derived from hospital services provided by Jiande Hospital of Traditional Chinese Medicine Co., Ltd. ('Jiande Hospital'), Jiande Dajia Chinese Medicines Pharmaceutical Technology Co., Ltd. ('DJ Pharmaceutical Technology') and Jiande Xinlin Pharmacy Co., Ltd. ('Xinlin Pharmacy').

For general hospital services, revenue primarily derives from highly diversified individual patients and no single patient contributed 1% or more of the Group's respective revenue for the years ended December 31, 2020 and 2019, respectively.

#### (ii) Hospital management services

Revenue from this segment is generated in the PRC and derived from providing comprehensive management services and receiving management service fee by the Relevant Not-for-profit Hospitals in accordance with relevant hospital management agreement.

#### (iii) Sale of pharmaceutical products

Revenue from this segment is generated in the PRC and is derived from wholesale of pharmaceutical products by Zhejiang Dajia Medicines Co., Ltd. ('DJ Medicines') and retail of pharmaceutical products by Honghe (Jinhua) Pharmaceutical Co., Ltd..

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 12 INCOME TAX (CREDIT)/EXPENSE

Subsidiaries established and operating in Mainland China are subject to the PRC corporate income tax at the rates of 25% or 15% for the year ended December 31, 2020 (2019: 25% or 15%).

	Year ended December 31,	
	2020 RMB' 000	2019 RMB' 000
Current income tax:		
– PRC corporate income tax	35,454	27,025
Deferred income tax credit (Note 32)	<u>(50,208)</u>	<u>(905)</u>
	<u><u>(14,754)</u></u>	<u><u>26,120</u></u>

The taxation on the Group's profit before income tax differs from the theoretical amount that would arise using the taxation rate of the PRC, the principal place of the Group's operations, as follows:

	Year ended December 31,	
	2020 RMB' 000	2019 RMB' 000
Profit before income tax	(435,823)	195,566
Calculated at taxation rate of 25%	(108,956)	48,892
Effect of different tax rates available to different subsidiaries of the Group	(11,690)	(35,794)
Expenses not tax deductible	94,301	8,532
Tax effect of unrecognized tax losses	1,754	3,444
Utilization of tax losses in previous years	(822)	(3,193)
Withholding tax	8,998	4,239
Others	<u>1,661</u>	<u>—</u>
Income tax (credit)/expense	<u><u>(14,754)</u></u>	<u><u>26,120</u></u>

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 12 INCOME TAX (CREDIT)/EXPENSE – *continued*

#### (i) Cayman Islands Income Tax

The Company is incorporated in the Cayman Islands as an exempted company with limited liability under the Companies Law of Cayman Islands and accordingly, is exempted from Cayman Islands income tax.

#### (ii) Hong Kong Profits Tax

Hong Kong profits tax rate was 16.5% for the year ended December 31, 2020 (2019: 16.5%). No Hong Kong profit tax was provided for as there was no estimated assessable profit that was subject to Hong Kong profits tax for the years ended December 31, 2020 and 2019.

#### (iii) PRC Corporate Income Tax ('CIT')

The income tax rate of Tibet Honghe Zhiyuan Business Management Co., Ltd. ('Honghe Zhiyuan') and Honghe Ruixin was 15% for the year ended December 31, 2020 (2019: 15%). The income tax rate of other subsidiaries was 25% for the year ended December 31, 2020 (2019: 25%).

#### (iv) Withholding Tax

The withholding tax rate of Bliss Success Holdings Limited and Impeccable Success Limited was 10% pursuant to the PRC Enterprise Income Tax based on the remittance of dividends from subsidiaries in the PRC in the foreseeable future.

New Pride Holdings Limited ('New Pride') has obtained the Certificate of Resident Status of Hong Kong Special Administrative Region and its subsidiary, Weikang Investment, completed the tax filing as the withholding agent of New Pride from 2017 to 2019. After the tax filing, New Pride can get the tax treaty benefits with the preferential tax rate of 5% for the dividends declared by Weikang Investment. As at December 31, 2019, Weikang Investment has settled all declared dividends and withholding tax with the tax rate of 5%. Since January 1, 2020, the withholding tax rate for the dividends declared by Weikang Investment has returned to 10%.

The withholding tax rate of the dividends from other New Pride's subsidiaries has been 10%.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 13 (LOSS)/EARNINGS PER SHARE

#### (i) Basic (loss)/earnings per share

Basic (loss)/earnings per share is calculated by dividing:

- The (loss)/profit attributable to owners of the Company, excluding any costs of servicing equity other than ordinary shares.
- By the weighted average number of ordinary shares outstanding during the financial year, adjusted for bonus elements in ordinary shares issued during the year excluding shares held for employee share scheme.

	Year ended December 31,	
	2020	2019
Total (loss)/profit attributable to owners of the Company (RMB' 000)	(404,342)	150,900
Weighted average number of ordinary shares in issue (in thousands)	138,194	138,158
Basic (loss)/earnings per share (in RMB)	(2.926)	1.092

#### (ii) Diluted (loss)/earnings per share

The Group had potential dilutive shares during the year ended December 31, 2020 related to the convertible bonds. Mainly due to the Group's negative financial results during the year ended December 31, 2020, relative convertible bonds have anti-dilutive effect on the Group's loss per share. Thus, diluted loss per share is equivalent to the basic loss per share in 2020.

Diluted (loss)/earnings per share is calculated by adjusting the (loss)/profit attributable to owners of the Company to assume conversion of the convertible bonds issued at March 5, 2018 and August 7, 2018 which are dilutive and adjusting the weighted average number of ordinary shares in issue considering conversion of the convertible bonds during the year ended December 31, 2019.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 14 PROPERTY, PLANT AND EQUIPMENT – *continued*

Depreciation expense of RMB8,232,000 (2019:RMB7,613,000) was charged in ‘cost of revenue’, and RMB2,535,000 (2019: RMB2,599,000) in ‘administrative expenses’ for the year ended December 31, 2020.

Some land and buildings of the Group have certain title defects. The Group does not hold the land use right certificates or building ownership certificates for the relevant properties, nor the construction work planning permits, commencement permits or completion inspection certificates. The Group has not yet obtained properties title certificates and is in the process of obtaining ownership certificates for all its properties.

Furthermore, PRC legal advisors of the Group have advised that the title defects on the land and buildings will not create any substantive legal obstacle for the Group to continue using the land and the buildings located on it or cause suspension to the operations of the Group. The management of the Group reasonably and firmly believes that the risk of the Group being required to suspend using the land and buildings is extremely remote. Moreover, the management has considered and assessed the feasibility of relocation and made a relocation plan accordingly. In addition, the controlling shareholder have confirmed to the management of the Group that they have sufficient financial resources (including capital commitments of the limited partners of Hony Fund V and assets of Hony Fund V) to fully indemnify the Group for any damages or costs incurred in relation to the title defects.

Based on the aforementioned facts, the directors of the Company are of the view that:

- (i) The title defects of the land and buildings did not have a significant impact on the operation and going concern issue related to the basis of preparation of the financial information of the Group during the periods; and
- (ii) Any damages or costs incurred in relation to the title defects of the land and building will be indemnified by the controlling shareholder of the Company, thus there will be no significant financial impact on the financial information of the Group.

The acquisition cost of buildings is comprising of the land and its building cost. According to an independent valuer, due to the title defects, it is infeasible and impractical to separately evaluate the fair value of the land and the buildings, which would be required to split the value between land and building cost. The directors of the Company consider as there is no reasonable basis to allocate the consideration to the land and the buildings located thereon, respectively, the total consideration has been recognized in the ‘Property, Plant and Equipment’ as buildings and depreciated over the estimated useful lives of 20 to 50 years. The directors of the Company is of the view that the reclassification of non-current assets in the balance sheet and the difference between depreciation and amortization charges resulting from different useful lives is immaterial.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 15 LEASES

This note provides information for leases where the Group is a lessee.

#### (i) Amounts recognised in the balance sheet

The balance sheet shows the following amounts relating to leases:

	As at December 31, 2020 RMB' 000	As at December 31, 2019 RMB' 000
<b>Right-of-use assets</b>		
Properties	1,276	3,467
Land use right	37,599	38,544
	<u>38,875</u>	<u>42,011</u>
<b>Lease Liabilities</b>		
Current	266	2,412
Non-current	692	650
	<u>958</u>	<u>3,062</u>

Additions to the right-of-use assets during the 2020 financial year were RMB739,000 (2019: RMB4,219,000).

#### (ii) Amounts recognised in the consolidated statement of comprehensive income

The consolidated statement of comprehensive income shows the following amounts relating to leases:

	Year ended December 31,	
	2020 RMB' 000	2019 RMB' 000
Depreciation charge of right-of-use assets – properties	2,138	1,861
Amortisation charge of right-of-use assets – land use right	944	943
Interest expense (included in finance cost)	100	87
Expense relating to short-term leases (included in cost of revenue and administrative expenses)	866	1,304
Expense relating to leases of low-value assets (included in administrative expenses)	16	33

The total cash outflow for leases in 2020 was RMB3,129,000 (2019: RMB3,643,000).

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 15 LEASES – *continued*

#### (iii) The Group's leasing activities and how these are accounted for

The Group leases a warehouse, two retail stores, various equipment, offices, apartments and lands. Rental contracts are typically made for fixed periods of 3 months to 50 years.

Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. The lease agreements do not impose any covenants other than the security interests in the leased assets that are held by the lessor. Leased assets may not be used as security for borrowing purposes.

#### (iv) Extension and termination options

Extension and termination options are included in a number of property leases across the Group. These are used to maximise operational flexibility in terms of managing the assets used in the Group's operations. The majority of extension and termination options held are exercisable only by the Group and not by the respective lessor.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 16 INTANGIBLE ASSETS – *continued*

#### (i) Impairment tests for goodwill

Goodwill of RMB1,617,767,000 is mainly resulted from the acquisitions of subsidiaries, among which RMB950,916,000 was arising from the acquisition of Weikang Investment on September 30, 2014, RMB308,854,000 was arising from the acquisition of Jiande Hexu Enterprise Management Co., Ltd. ('Jiande Hexu') on January 11, 2018, RMB166,613,000 was arising from the acquisition of Cixi Hongai Medical Management Company Limited ('Cixi Hongai') on March 14, 2018, RMB188,977,000 was arising from the acquisition of Oriental Ally Holdings Limited ('Oriental Ally') on August 7, 2018, RMB2,407,000 was arising from the acquisition of Xinlin Pharmacy on August 31, 2018.

Management reviews the business performance and monitors goodwill resulted from each acquisition on operating segment level respectively. Goodwill arising from the acquisition of Weikang Investment was allocated to general hospital services segment and hospital management services segment. Goodwill arising from the acquisition of Jiande Hexu was allocated to general hospital services segment and sale of pharmaceutical products. Goodwill arising from the acquisition of Cixi Hongai and Oriental Ally was fully allocated to hospital management services segment. Goodwill arising from the acquisition of Xinlin Pharmacy was allocated to general hospital services segment.

The following is a summary of goodwill allocation for each operating segment:

	Opening RMB' 000	Addition RMB' 000	Impairment RMB' 000	Disposal RMB' 000	Closing RMB' 000
<b>Year ended December 31, 2020</b>

	<u>1,617,767</u>	<u>—</u>	<u>—</u>	<u>—</u>	<u>1,617,767</u>

### 16 INTANGIBLE ASSETS – *continued*

#### (i) Impairment tests for goodwill – *continued*

As at December 31, 2020, the management of the Group had set up a cash flow forecasts including future investments covering an eight-year period based on reasonable and supportable assumptions. These assumptions and estimates are considered reliable and are supported by management's research and analysis based on industry information and data specific to the industry in which each CGU operates. Cash flows beyond the eight-year period are extrapolated using the estimated growth rates stated below.

Management reviews business performance of each CGU or a group of CGUs. The recoverable amount of each CGU or a group of CGUs is determined based on fair value less cost of disposal (FVLCO) calculations. These calculations use cash flow projections based on financial budgets approved by management covering an eight-year-forecast-period since January 1, 2021. The management considers that the eight-year-forecast-period financial budget that has been used in the goodwill impairment test is appropriate because the investment cycle in the healthcare industry is longer than other industries, and the useful lives of the licenses of related subsidiaries are longer than eight years. Cash flows beyond the eight-year period are extrapolated using the estimated long-term growth rate of 3% by reference to the long-term inflation rate of China as at December 31, 2020 and 2019.

Due to the drastic changes in macroeconomic conditions as a result of the outbreak of Coronavirus Disease 2019 ('the COVID-19 outbreak'), for the year ended December 31, 2020 the operating results of general hospital services contributed by Jiande Hospital operating CGU as well as hospital management services contributed by Cixi Honghe and Zhejiang Honghe Zhiyuan operating CGUs were below the management's previous forecasts.

Based on the updated forecasts and assumptions approved by management, the recoverable amount of each CGU as at year end was determined by assessing the FVLCO of the underlying assets with reference to a valuation report issued by an independent valuer. The valuation is considered to be level 3 in the fair value hierarchy due to unobservable inputs used in the valuation.

Goodwill impairment losses of RMB243,500,000, RMB130,153,000 and RMB93,430,000 were recognised for Jiande Hospital, Cixi Honghe and Zhejiang Honghe Zhiyuan operating CGUs ("the three CGUs") respectively during the year ended December 31, 2020, reducing the carrying amount of the goodwill to RMB56,088,000, RMB36,460,000 and RMB95,548,000 respectively as at December 31, 2020.

### 16 INTANGIBLE ASSETS – *continued*

#### (i) Impairment tests for goodwill – *continued*

##### (a) Goodwill arising from the acquisition of Weikang Investment

###### Hospital Management Service Segment

As at December 31, 2020 and 2019, the recoverable amount of hospital management services segment was determined based on FVLCO. The key assumptions used were as follows:

	Hospital management services segment	
	2020	2019
Revenue (% compound growth rate)	9.36%	8.66%
Post-tax discount rate	13.50%	13.00%
Recoverable amount of operating segment (RMB' 000)	1,592,000	1,608,000

The table below sets forth each key assumption for the eight-year forecast period as of each year end (estimates based on the operations for the periods indicated) used in goodwill impairment testing and the breakeven point of such key assumptions:

	Year ended December 31, 2020	
	Key Assumption	Breakeven Point
Percentage of the compound growth rate of revenue	9.36%	7.80%
Percentage of the post-tax discount rate	13.50%	14.55%

	Year ended December 31, 2019	
	Key Assumption	Breakeven Point
Percentage of the compound growth rate of revenue	8.66%	7.18%
Percentage of the post-tax discount rate	13.00%	14.34%

No impairment was charged for Weikang Investment and Honghe Ruixin group operating CGUs during the years ended December 31, 2020 and 2019.

##### (b) *Goodwill arising from the acquisition of Jiande Hexu*

###### General Hospital Services Segment

As at December 31, 2020 and 2019, the recoverable amount of general hospital services segment was determined based on FVLCO. The key assumptions used were as follows:

	General hospital services segment	
	2020	2019
Revenue (% compound growth rate)	11.98%	14.65%
Post-tax discount rate	15.00%	14.50%
Recoverable amount of operating segment (RMB' 000)	372,000	717,000

The table below sets forth each key assumption for the eight-year forecast period as of the year end (estimates based on the operation for the period indicated) used in goodwill impairment testing and the breakeven point of such key assumptions:

	Year ended December 31, 2020	
	Key Assumption	Breakeven Point
Percentage of the compound growth rate of revenue	11.98%	9.48%
Percentage of the post-tax discount rate	15.00%	16.28%

	Year ended December 31, 2019	
	Key Assumption	Breakeven Point
Percentage of the compound growth rate of revenue	14.65%	14.12%
Percentage of the post-tax discount rate	14.50%	14.83%

Impairment loss of RMB243,500,000 was charged for Jiande Hospital operating CGU during the year ended December 31, 2020 (2019: nil).

##### (b) Goodwill arising from the acquisition of Jiande Hexu – continued

###### Sale of Pharmaceutical Products Segment

As at December 31, 2020, the recoverable amount of sale of pharmaceutical products segment was determined based on FVLCO. The key assumptions used were as follows:

	Sale of pharmaceutical products segment	
	2020	2019
Revenue (% compound growth rate)	19.95%	45.90%
Post-tax discount rate	15.00%	14.50%
Recoverable amount of operating segment (RMB' 000)	19,000	15,000

The table below sets forth each key assumption for the eight-year forecast period as of the year end (estimates based on the operation for the period indicated) used in goodwill impairment testing and the breakeven point of such key assumptions:

	Year ended December 31, 2020	
	Key Assumption	Breakeven Point
Percentage of the compound growth rate of revenue	19.95%	19.29%
Percentage of the post-tax discount rate	15.00%	17.50%

	Year ended December 31, 2019	
	Key Assumption	Breakeven Point
Percentage of the compound growth rate of revenue	45.90%	45.07%
Percentage of the post-tax discount rate	14.50%	14.79%

No impairment was charged for DJ Medicine operating CGU during the years ended December 31, 2020 and 2019.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 26 SHARE-BASED PAYMENTS

#### (i) Share Subscription Agreement

On March 31, 2016, the Company entered into a share subscription agreement (the 'Share Subscription Agreement') with certain members of the management (collectively, the 'Management Subscribers'), their respective investment holding companies, Midpoint Honour Limited (a shareholder of the Company, which was collectively owned by the investment holding companies of the Management Subscribers) ('Midpoint Honour'), Hony Capital 2008 Management Limited ('Hony Management'), a management company established by Hony Capital, and Vanguard Glory, the immediate parent company of the Company.

The Share Subscription Agreement was subsequently amended on December 4, 2016 and January 23, 2017, respectively (the 'Amendment Agreements').

Pursuant to the Share Subscription Agreement, the Company allotted and issued 300 new ordinary shares to Midpoint Honour (the 'Subscription Shares'), representing 3% of the Company's then issued ordinary shares for RMB31,152,000, and such Subscription Shares were treated as treasury shares. On December 4, 2016, the Company repurchased 14 Subscription Shares at a price of HKD1,787,000 and subsequently cancelled these shares. Pursuant to the Amendment Agreements, the Subscription Shares with par value amounting to RMB2,000 were treated as treasury shares. On March 16, 2017, the remaining 286 Subscription Shares were divided into 2,860,000 shares of a par value of HKD0.001 each upon the capitalization issue.

Pursuant to the Share Subscription Agreement and the Amendment Agreements, Midpoint Honour is subject to lock-up restrictions and shall put back the Subscription Shares to the Company, when a Management Subscribers resigns with the Company's consent, with a consideration equal to the subscription consideration plus interests where available (the "Put Back Consideration"). As a result, it is accounted as a share option scheme in accordance with relevant accounting standards, under which the Management Subscribers were granted 300 share options and the Group receives services from the Management Subscribers. Options are conditional on the employees completing the first year and second year's services, which are the vesting period. The options are exercisable starting 12 months (the 'First Batch Share Options') or 24 months (the 'Second Batch Share Options') from the Listing date. The exercise price of the granted options is equal to the Put Back Consideration. The granted share options were considered as equity-settled share-based payment to the subscriber.

On March 15, 2018, pursuant to the Share Subscription Agreement and the Amendment Agreements, the First Batch Share Options of unlocked treasury shares were vested to the respective Management Subscribers. In 2018, one of the Management Subscriptions resigned and the Company agreed not to exercise its right to repurchase the relevant shares attributable to him that were subject to lock-up restrictions.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 26 SHARE-BASED PAYMENTS – *continued*

#### (i) Share Subscription Agreement – *continued*

On March 15, 2019, pursuant to the Share Subscription Agreement and the Amendment Agreements, the Second Batch Share Option of unlocked treasury were vested to the respective Management Subscribers. In 2019, one of the remaining Management Subscribers resigned and the Company agreed not to exercise its right to repurchase the relevant shares attributable to him that were subject to lock-up restrictions.

As of December 31, 2019, pursuant to the Share Subscription Agreement and the Amendment Agreements, the granted share options have been finally settled when the options were vested or repurchased. Share-based compensation expenses related to the Share Subscription Agreement of nil was recognized as ‘cost of revenue’ for the year ended December 31, 2020 (2019: RMB311,000).

#### (ii) Pre-IPO Share Appreciation Rights Scheme

On November 28, 2016, the Board of the Company approved a share appreciation rights scheme prior to the initial public offering (the “Pre-IPO SARs Scheme”) which enables the Company to grant share appreciation rights to certain members of management (collectively referred to as the “Pre-IPO SARs Grantees”).

Pursuant to the Pre-IPO SARs Scheme, the Company granted 2,500,000 notional shares to the Pre-IPO SARs Grantees entitling them to receive cash payments based on the appreciation of the notional shares over a vesting period starting from June 30, 2016.

The fair value of the notional shares granted to the Pre-IPO SARs Grantee as at December 31, 2020, as determined using the Black-Scholes model by a professional valuation firm, was RMB1,458,000. The significant inputs in the valuation model were listed as below:

	As at December 31, 2020			
	First Batch Share Options	Second Batch Share Options	Third Batch Share Options	Fourth Batch Share Options
Volatility	25.60%	25.60%	25.60%	25.60%
Dividend yield	0.00%	0.00%	0.00%	0.00%
Expected option life (month)	20.50	32.50	44.50	56.50
Annual risk-free interest rate	1.07%	1.07%	1.07%	1.07%
Carrying amount of liability	459,000	459,000	276,000	264,000

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 26 SHARE-BASED PAYMENTS – *continued*

#### (ii) Pre-IPO Share Appreciation Rights Scheme – *continued*

Pursuant to the lock-up restrictions provided in the Pre-IPO SARs Scheme, from March 15, 2018, the first batch, which is 25% of the total notional shares were free to be vested. In 2018, one of the Pre-IPO SARs Grantees resigned and remaining 75% locked-up notional shares granted to him lapsed pursuant to the Pre-IPO SARs Scheme.

In January 2019, one of the Pre-IPO SARs Grantees exercised the 25% of the total notional shares that were free to be vested.

From March 15, 2019, the second batch, which is 25% of the total notional shares were free to be vested. In 2019, one of the remaining Pre-IPO SARs Grantees resigned and the remaining 50% locked-up notional shares granted to him lapsed pursuant to the Pre-IPO SARs Scheme.

From March 15, 2020, the third batch, which is 25% of the total notional shares were free to be vested for the remaining Pre-IPO SARs Grantees.

Share-based compensation expenses related to the Pre-IPO SARs Scheme of RMB990,000 was derecognized as ‘cost of revenue’ for the year ended December 31, 2020 (2019: RMB2,862,000 was derecognized as ‘cost of revenue’).

#### (iii) Service Contract with Mr. Lu Wenzuo

Pursuant to a service contract between New Pride and Mr. Lu Wenzuo (the ‘Service Contract’), New Pride conditionally granted the following awards to Mr. Lu Wenzuo if he could work for Weikang Investment and provide hospital management services to Yangsi Hospital as the hospital administrator until December 31, 2017:

- (a) Certain share awards (the ‘Share Awards’) to acquire 1% equity interest in each of Weikang Investment and Honghe Ruixin from New Pride and Honghe Zhiyuan or receive a cash payment equivalent to the value of 1% equity interest in each of Weikang Investment and Honghe Ruixin for each of the three years ending December 31, 2017; and
- (b) Share appreciation rights (the ‘Mr. Lu’s SARs’) to receive a cash payment based on the appreciation of 1% of the notional equity interest in Weikang Investment and Honghe Ruixin.

On May 30, 2018, pursuant to an exercise notification from Mr. Lu Wenzuo to New Pride, Mr. Lu Wenzuo confirmed that he chose to settle the Share Awards in shares rather than in cash. Pursuant to the Service Contract, the fair value of the debt component of the Share Awards amounting to RMB40,500,000 was recognised as capital reserve upon the date of the exercise notification.

### 26 SHARE-BASED PAYMENTS – *continued*

#### (iii) Service Contract with Mr. Lu Wenzuo – *continued*

On January 25, 2019, Mr. Lu Wenzuo submitted an application to New Pride for the exercise of Mr. Lu's SARs amounting to RMB13,623,000. As at December 31, 2020 and 2019, the amount of Mr. Lu's SARs had not been settled.

Share-based compensation expenses related to the Mr. Lu's SARs of nil was derecognized as 'cost of revenue' for the year ended December 31, 2020 (2019: RMB277,000 was derecognized as 'cost of revenue').

#### (iv) Share Incentive Scheme

On October 24, 2017, Vanguard Glory entered into a share incentive scheme (the 'Share Incentive Scheme') with certain members of management (collectively referred to as the 'Share Incentive Grantees') respectively. Pursuant to the Share Incentive Scheme, Vanguard Glory granted 6,412,201 share awards to the Share Incentive Grantees entitling them to subscribe shares held by Vanguard Glory at the exercise price of HKD14.35 per share, subject to certain lock-up restrictions.

In 2018, two of the Share Incentive Grantees resigned, the Company agreed with one of the grantees that all of the share awards granted by Vanguard Glory to him would remain in effect after his resignation with an accelerated vesting schedule. Besides, another grantee as agreed by the Company, 25% of the share awards granted by Vanguard Glory to another grantee would be free to be vested after her resignation, the remaining 75% locked-up notional shares granted to her lapsed. The share-based compensation expenses in relation to the share awards granted to the resigned Share Incentive Grantee for the year ended December 31, 2018 was recognised as capital reserve upon her resignation.

In 2019, two of the share Incentive Grantees resigned, one of the grantees as agreed by the Company, 50% of the share awards granted by Vanguard Glory to one of the grantees would be released from the lock-up restrictions and free to be vested after his resignation, the remaining 50% locked-up notional shares granted to him lapsed. The share-based compensation expenses in relation to the share awards granted to the resigned Share Incentive Grantee for the year ended December 31, 2019 was recognised as capital reserve upon his resignation. Besides, pursuant to the Share Incentive Scheme, the share awards granted to another grantees resigned permitted to vest but not exercised terminated and the remaining locked-up notional shares granted to him lapsed.

In 2020, 50% of the share awards granted by Vanguard Glory to the remaining grantees had been released from the lock-up restrictions and free to be vested.

Share-based compensation expenses related to the Share Incentive Scheme of RMB1,392,000 was recognized as 'cost of revenue' for the year ended December 31, 2020 (2019: RMB5,182,000).

	Current	Non-current	Total	Current	Non-current	Total
	RMB' 000	RMB' 000	RMB' 000	RMB' 000	RMB' 000	RMB' 000
Bank borrowing						
Secured but unguaranteed (a)	57,309	34,386	91,695	74,744	99,658	174,402
Unsecured and unguaranteed (b)	40,000	—	40,000	40,000	—	40,000
<b>Total borrowings</b>	<b>97,309</b>	<b>34,386</b>	<b>131,695</b>	<b>114,744</b>	<b>99,658</b>	<b>214,402</b>

- (a) On December 11, 2017, the Company entered into a long-term loan agreement with China Merchants Bank Shanghai Zhangyang Branch. The bank loan commencing from December 12, 2017 will mature until 2022 and bear a floating interest rate with reference to Hong Kong Interbank Offer Rate plus 360 basis points per quarter. The bank loan was secured by the 100% equity interest of Jiande Hexu and Jiande Heyue Enterprise Management Co., Ltd. and 70% equity interest of Jiande Hospital, Jiande DJ Pharmaceutical Technology and DJ Medicines.
- (b) Jiande Hospital entered into seven one-year loan agreements with Agricultural Bank of China Jiande Branch on January 15, January 17, March 20, April 9, November 12, December 4 and December 17, 2020, respectively. The remaining amount of these loans was RMB40,000,000, which consist of the loans amounting to RMB3,000,000, RMB9,900,000, RMB9,900,000, RMB9,000,000 and RMB8,200,000 bore fixed interest rates of 4.437%, 4.350%, 4.300%, 4.300% and 4.300% respectively.

As at December 31, 2020, the Group's borrowings were repayable as follows:

	Bank borrowings	
	2020 RMB' 000	2019 RMB' 000
Within 1 year	97,309	114,744
Between 1 and 2 years	34,386	62,286
Between 2 and 5 years	—	37,372
	<b>131,695</b>	<b>214,402</b>

The fair value of the bank loans approximated the carrying amounts since the interest rates of the loans are close to current market rate.

Deferred income tax asset is recognised for provision for impairment of trade receivables, changes in fair value of financial assets at FVPL, unrealized profit resulted from changes in fair value of FVPL, internal transaction and donation to the extent that the realisation of the related tax benefit through the future taxable profits is probable.

The Group did not recognise deferred income tax assets of RMB4,027,000 in 2020 (2019:RMB6,996,000) in respect of tax losses amounting to RMB17,386,000 (2019:RMB32,396,000) which can be carried forward against future taxable income.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 32 DEFERRED INCOME TAX – *continued*

#### Deferred income tax liabilities – *continued*

The significant tax losses without recognising deferred income tax as at December 31, 2020 are mainly accumulated by Honghe Zhiyuan and DJ Pharmaceutical Technology based on management's forecast for their future taxable income.

The recognized deferred tax liabilities by the Group was RMB30,053,000 (2019: RMB21,055,000) as at the year ended December 31, 2020, in respect of the PRC dividend withholding tax on temporary differences relating to the undistributed profits of the PRC entities attributable to the Company amounting to RMB300,530,000 (2019:RMB210,550,000), as it was considered probable that these profits would be distributed in the foreseeable future.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 33 CONVERTIBLE BONDS – *continued*

#### (i) Convertible bonds issued on March 5, 2018 and extended on December 17, 2020

On December 17, 2020, in accordance with the terms and conditions of the convertible bonds by reference to latest capital market development, the Group and Vanguard Glory renegotiated and entered into the deed of amendment to alter certain terms of the convertible bonds (the “Deed of Amendment”), subject to and effective from fulfilment of the conditions precedent. Pursuant to the Deed of Amendment, (i) the maturity date of the convertible bonds issued on March 5, 2018 shall be extended from March 5, 2021 to December 29, 2023; and (ii) in the event that the shares cease to be listed or admitted to trading on the Stock Exchange, each bondholder shall have the right, at such bondholder’s option, to require the Company to redeem, in whole or in part (i.e. rather than in whole only), such bondholder’s convertible bonds. Save as revised by the Deed of Amendment, all of the terms and conditions of the convertible bonds remain unchanged and in full force.

None of convertible bonds was converted into ordinary shares of the Company during the year ended December 31, 2020.

As at December 31, 2020, the fair value of the convertible bonds is approximately HKD387,372,000, equivalent to approximately RMB326,028,000 (2019: HKD438,808,000, RMB393,077,000), which is determined by an independent qualified valuer.

The significant inputs in the valuation model related to convertible bonds extended on December 17, 2020 and issued on March 5, 2018 were listed as below:

	As at December 31,	
	2020	2019
Volatility	30%	30%
Time to expiration (years)	2.99	1.18
Risk free rate of interest	0.24%	1.87%
Dividend yield	0.00%	0.00%

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 33 CONVERTIBLE BONDS – *continued*

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 36 CONTINGENCIES

As of December 31, 2020, there was no material outstanding lawsuit of the Group and no significant lawsuit provision has been made based on directors' assessment.

### 37 COMMITMENTS

#### (i) Capital commitments

Significant capital expenditure contracted for at the end of the reporting period but not recognised as liabilities is as follows:

	Year ended December 31,	
	2020	2019
	RMB' 000	RMB' 000
Property, plant and equipment	851	—
Intangible assets	1,960	—
	<u>2,811</u>	<u>—</u>

#### (ii) Non-cancellable operating leases

The Group leases a warehouse, two retail stores, various equipment, offices, apartments and lands.

From January 1, 2019, the Group has recognised right-of-use assets for these leases, except for short-term and low-value leases, as described in Note 2.24 and Note 15.

Commitments for minimum lease payments in relation to non-cancellable operating leases are payable as follows:

	Year ended December 31,	
	2020	2019
	RMB' 000	RMB' 000
Within one year	<u>252</u>	<u>71</u>

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 38 SIGNIFICANT RELATED PARTY TRANSACTIONS

Parties are considered to be related if one party has the ability, directly or indirectly, to control the other party or exercise significant influence over the other party in making financial and operating decisions. As a result, Yangsi Hospital, Cixi Hospital, Jinhua Hospital, Dongyang Guangfu Hospital and Yongkang Hospital are considered to be related as the Group has participated in the internal governance body of them. Other parties are also considered to be related if they are subject to common control, common significant influence or joint control. Members of key management and their close family members of the Group are also considered as related parties.

The directors of the Company are of the view that the following parties that had transactions or balances with the Group are related parties:

Name	Relationship with the Group
Vanguard Glory Limited	Parent company
Yangsi Hospital	Certain employees or directors of the Group are Yangsi Hospital's internal governance body members
Cixi Hospital	Certain employees or directors of the Group are Cixi Hospital's internal governance body members
Jinhua Hospital	Certain employees or directors of the Group are Jinhua Hospital's internal governance body members
Midpoint Honour Limited	Related party which is owned by the Management Subscribers
Han Prestige Limited	Related party of parent company
Zhejiang Xinxiangli Investment Co., Ltd.	Related party which controlled by Mr. Hong Jiangxin
Dajia Medical Equipment Co., Ltd.	Related party which controlled by Mr. Hong Jiangxin
Zhejiang Zhongyouli Medicines Co., Ltd.	Related party which is controlled by a close family member of Mr. Hong Jiangxin

The following significant transactions were carried out between the Group and its related parties for the years ended December 31, 2020 and 2019. In the opinion of the directors of the Company, the related party transactions were carried out in the normal course of business and at terms negotiated between the Group and the respective related parties.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 38 SIGNIFICANT RELATED PARTY TRANSACTIONS – *continued*

#### (v) Provide guarantee for related party

As at December 31, 2020 and 2019, Impeccable Success has pledged its paid-up equity interests in Zhejiang Honghe Zhiyuan to Industrial and Commercial Bank of China Jinhua Economic Development Zone Branch to secure certain loans granted to Jinhua Hospital to maximum amount of RMB412.5 million.

As at December 31, 2020 and 2019, Zhejiang Honghe Zhiyuan has provided a joint liability guarantee to Industrial and Commercial Bank of China Jinhua Economic Development Zone Branch regarding the same loans granted to Jinhua Hospital to the maximum amount of RMB550 million.

### 39 EVENTS AFTER THE REPORTING PERIOD

Saved as disclosed elsewhere in this report, subsequent to December 31, 2020, the following subsequent events took place:

#### Adoption of Share Award Scheme

The Board has approved the adoption of the share award scheme on January 18, 2021 (the “Adoption Date”). The purposes of the scheme are (i) to encourage or facilitate the holding of shares by the selected participants; (ii) to encourage and retain the selected participants to work with the Group; and (iii) to provide additional incentive for the selected participants to achieve performance goals, with a view to achieving the objectives of increasing the value of the Company and aligning the interests of the selected participants with the shareholders through ownership of shares.

The scheme shall be valid and effective for a period of 10 years commencing from the Adoption Date but may be terminated earlier as determined by the Board. As of the date of this report, no share has been granted to any participants.
