To the Shareholders

Dear Sir or Madam,

ANNUAL GENERAL MEETING

1. INTRODUCTION

The purpose of this circular is to (i) provide you with information in respect of the resolutions to be proposed at the Annual General Meeting relating to, amongst others, the proposed renewal of the Issuing Mandate and the Repurchase Mandate and the re-election of Directors; and (ii) give you the notice of the Annual General Meeting.

2. BUSINESS REPORT* (事業報告) AND AUDITED FINANCIAL REPORT

The business report* (事業報告) and audited financial report (prepared in accordance with JGAAP) of the Company for the year ended 31 March 2021, which have been prepared pursuant to the Japan Companies Act, are set out in Appendices III and IV to this circular. The audited financial report (prepared in accordance with JGAAP) has been reviewed by the audit committee of the Company.

* for identification purpose only

LETTER FROM THE BOARD

3. THE AUDITED CONSOLIDATED FINANCIAL STATEMENTS AND THE REPORTS OF THE DIRECTORS AND THE AUDITOR

The annual report 2021 incorporating the audited consolidated financial statements of the Company and the reports of the Directors and the auditor for the year ended 31 March 2021 have been sent together with this circular to the Shareholders. The audited consolidated financial statements have been reviewed by the audit committee of the Company.

4. ISSUING MANDATE

In order to ensure flexibility and give discretion to the Directors, in the event that it becomes desirable for the Company to issue any new Shares, a resolution to renew the Issuing Mandate to the Board to allot, issue and deal with additional Shares not exceeding 20% of the number of issued Shares as at the date of passing of the relevant resolution will be proposed at the Annual General Meeting.

As at the Latest Practicable Date, the total number of issued Shares was 1,195,850,460 Shares. If there is no allotment or repurchase of Shares between the Latest Practicable Date and the date of the Annual General Meeting, the Issuing Mandate shall not exceed 239,170,092 Shares.

Under the Articles and the Japan Companies Act, the Issuing Mandate is only enforceable when:

- i. the total number of issued Shares will not exceed 2,000,000,000 Shares, which is the total number of Shares authorised to be issued by the Company, as a result of the issue and allotment made under the Issuing Mandate; and
- ii. the allotments under the Issuing Mandate are not made at a price or term especially favourable to the allottees, in which case a special resolution in a general meeting is required.

For the avoidance of doubt, the Issuing Mandate grants power to the Board to issue, allot and deal with Shares only and does not grant authority to issue SARs and dispose of treasury stock* (自己株式). The Directors have undertaken to the Stock Exchange that they will not exercise the Issuing Mandate if any of conditions (i) to (ii) set out above has not been fulfilled, in which case they will seek specific approval from the Shareholders in order to issue and allot new Shares.

As to the term “especially favourable” referred to in (ii) above, the Directors have been advised that there is no clear definition under Japan law as to the circumstances where the terms of an allotment may be deemed as especially favourable to the proposed allottees. Under the internal rules of The Japan Securities Dealers Association, an allotment may be taken as especially favourable to the proposed allottees when less than 90% of the market value of the Shares so allotted is set as consideration from the proposed allottees. The Board may from time to time appoint an independent expert to determine whether an allotment is especially favourable.

5. REPURCHASE MANDATE

A resolution will be proposed at the Annual General Meeting to approve the renewal of the Repurchase Mandate to the Board to exercise the powers of the Company to repurchase Shares representing up to 10% of the number of issued Shares as at the date of passing of the relevant resolution in relation to the Repurchase Mandate. The Repurchase Mandate will continue in force until the conclusion of the next annual general meeting of the Company or any earlier date as referred to in Resolution 11B of the notice of the Annual General Meeting.

An explanatory statement required under the Listing Rules to be sent to the Shareholders in connection with the proposed Repurchase Mandate is set out in Appendix I to this circular. The explanatory statement contains all information reasonably necessary to enable the Shareholders to make an informed decision on whether to vote for or against the relevant resolution at the Annual General Meeting.

Under the Articles and the Japan Companies Act, repurchases under the Repurchase Mandate must be market transactions etc.* (市場取引等) as defined under the Japan Companies Act. There is no judicial precedent or interpretation confirming that a repurchase through the Stock Exchange, which is not a securities exchange in Japan, is a market transaction etc.* (市場取引等). Given the lack of judicial precedent, the Directors have undertaken to the Stock Exchange that they will not exercise the Repurchase Mandate to repurchase the Shares on the Stock Exchange unless there is clear judicial authority allowing the Company to make repurchases on the Stock Exchange thereunder.

6. EXTENSION OF THE GENERAL MANDATE

A resolution will be proposed at the Annual General Meeting that any Shares of the Company repurchased under the Repurchase Mandate (up to a maximum of 10% of the number of issued Shares as at the date of passing of the relevant resolution) will be added to the total number of Shares which may be allotted and issued under the Issuing Mandate.

7. RE-ELECTION OF DIRECTORS

Under the Articles and the Japan Companies Act, the term of office of all Directors will expire at the conclusion of the Annual General Meeting. A separate resolution will be proposed at the Annual General Meeting for the re-election of each of Mr. Hisanori TANIGUCHI, Mr. Akinori OHISHI, Mr. Masataka WATANABE, Mr. Hiroshi BANNAI, Mr. Michio MINAKATA, Mr. Yoshihiro KOIZUMI, Mr. Kuraji KUTSUWATA and Mr. Akihito TANAKA as Directors under the recommendation of the nomination committee of the Company.

Details of the above Directors who are subject to re-election at the Annual General Meeting are set out in Appendix II to this circular in accordance with the relevant requirements under the Listing Rules.

LETTER FROM THE BOARD

8. RE-APPOINTMENT OF ACCOUNTING AUDITOR

The Board (which agreed with the recommendation of the audit committee of the Company) recommended that, subject to the approval of the Shareholders at the Annual General Meeting, PricewaterhouseCoopers Aarata LLC be re-appointed as the accounting auditors of the Company for the year ending 31 March 2022 pursuant to the requirements under the Japan Companies Act.

9. RE-APPOINTMENT OF AUDITOR

The Board (which agreed with the recommendation of the audit committee of the Company) recommended that, subject to the approval of the Shareholders at the Annual General Meeting, PricewaterhouseCoopers be re-appointed as the auditor of the Company for the year ending 31 March 2022 pursuant to the requirements under the Listing Rules.

10. VOTING BY POLL

All the resolutions set out in the notice of the Annual General Meeting would be decided by poll in accordance with the Listing Rules and the Articles. The chairman of the Annual General Meeting would explain the detailed procedures for conducting a poll at the commencement of the Annual General Meeting.

The poll results will be published on the Company's website at www.ngch.co.jp and the Stock Exchange's website at www.hkexnews.hk after the conclusion of the Annual General Meeting.

11. ANNUAL GENERAL MEETING

A notice convening the Annual General Meeting together with a form of proxy for use at the Annual General Meeting are enclosed with this circular. Shareholders who are unable to attend the Annual General Meeting in person should complete and return the accompanying form of proxy in accordance with the instructions printed thereon and set out on pages 9 to 10 of this circular.

To the best of the Director's knowledge, information and belief, having made all reasonable enquiries, (i) no Shareholder is required to abstain from voting on the resolutions to be proposed at the AGM; and (ii) as at the Latest Practicable Date, there was no voting trust or other agreement or arrangement or understanding (other than an outright sale) entered into by or binding upon any Shareholder and there was no obligation or entitlement of any Shareholder whereby he has or may have temporarily or permanently passed control over the exercise of the voting right in respect of his Shares to a third part, either generally or on a case-by-case basis.

LETTER FROM THE BOARD

12. RECOMMENDATION

The Directors believe that the proposed grant of the resolutions to be proposed at the Annual General Meeting are in the best interests of the Company and the Shareholders as a whole. Accordingly, the Directors recommend the Shareholders to vote in favour of all the resolutions set out in the notice of the Annual General Meeting.

13. GENERAL INFORMATION

Your attention is drawn to the additional information set out in the Appendices to this circular.

This circular, for which the Directors collectively and individually accept full responsibility, includes particulars given in compliance with the Listing Rules for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this circular is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this circular misleading.

On behalf of the Board of
株式会社ニラク・ジー・シー・ホールディングス
NIRAKU GC HOLDINGS, INC.*
Hisanori TANIGUCHI
Chairman, Executive Director and Chief Executive Officer

* For identification purpose only

The following is the explanatory statement required to be sent to the Shareholders under Listing Rules to enable them to make an informed decision on whether to vote for or against the resolution in relation to the Repurchase Mandate to be proposed at the Annual General Meeting.

1. APPROVAL

All repurchases of Shares by the Company (whether on or outside of the Stock Exchange) must be approved in advance by a resolution of the Company either by way of a general mandate or by a specific approval to the Board.

2. SHARE REPURCHASE PROPOSAL

Exercise in full of the Repurchase Mandate, on the basis of 1,195,850,460 Shares issued by the Company as at the Latest Practicable Date, would result in up to 119,585,046 Shares being repurchased by the Company during the period up to the earliest of: (i) the conclusion of the next annual general meeting of the Company; (ii) the expiration of the period within which the next annual general meeting of the Company is required by the Articles or any applicable law of Japan to be held; and (iii) the revocation or variation or renewal of the Repurchase Mandate by a resolution of the Shareholders in a general meeting of the Company, subject to the passing of the Repurchase Mandate resolution and on the basis that no further Shares are issued prior to the Annual General Meeting and ignoring other restrictions.

Under the Listing Rules, Shares proposed to be repurchased by the Company must be fully paid up. The total number of Shares which the Company is authorised to repurchase is Shares representing up to a maximum of 10% of the total number of issued Shares as at the date of passing of the Repurchase Mandate. The Company may not issue or announce an issue of new shares for a period of 30 days immediately following a repurchase of Shares, whether on the Stock Exchange or otherwise (other than an issue of Shares pursuant to an exercise of warrants, share options or similar instruments requiring the Company to issue Shares which were outstanding prior to such repurchase), without the prior approval of the Stock Exchange. In addition, the Company shall not repurchase the Shares if the purchase price is higher by 5% or more than the average closing market price for the five preceding trading days on which the Shares were traded on the Stock Exchange. The Listing Rules also prohibit the Company from making repurchases of its own Shares on the Stock Exchange if the repurchase would result in the number of the Company's listed Shares which are in the hands of the public falling below the relevant prescribed minimum percentage for the Company as required by the Stock Exchange, which is currently 25%.

The Listing Rules further prohibit the Company from purchasing its own Shares on the Stock Exchange for a consideration other than cash or for settlement otherwise than in accordance with the trading rules of the Stock Exchange prevailing from time to time.

The Company shall procure that any broker appointed by it to effect the purchase of its Shares shall disclose to the Stock Exchange such information with respect to purchases made on behalf of the Company as the Stock Exchange may request.

3. REASON FOR REPURCHASE

The Directors believe that it is in the best interests of the Company and the Shareholders for the Board to have a general authority from the Shareholders to enable the Company to repurchase Shares in the market. Repurchases of Shares will only be made when the Board believes that such repurchases will benefit the Company and the Shareholders. Such repurchases may, depending on market conditions and funding arrangements at the time, lead to an enhancement of the net asset value of the Company and its assets and/or its earnings per Share.

4. FUNDING OF REPURCHASE

In repurchasing Shares, the Company may only apply funds legally available for such purpose in accordance with the Articles of the Company and the applicable laws of Japan. Pursuant to the Repurchase Mandate, repurchases will be made out of funds of the Company legally permitted to be utilised in this connection, including profits of the Company or out of the proceeds of a fresh issue of Shares made for the purpose of the repurchase or, subject to the Articles and the applicable laws in Japan.

Taking into account the current working capital position of the Company, the Directors consider that, if the Repurchase Mandate were to be exercised in full, it might have a material adverse effect on the working capital and/or the gearing position of the Company as compared with the position as at 31 March 2021, being the date of its latest published audited financial statements. However, the Directors do not intend to make any repurchases to such an extent as would, in the circumstances, have a material adverse effect on the working capital requirements or the gearing position of the Company which in the opinion of the Directors are from time to time appropriate for the Company.

5. DIRECTORS' UNDERTAKING

None of the Directors nor, to the best of their knowledge, having made all reasonable enquiries, any of their respective close associates (as defined in the Listing Rules), has any present intention, if the Repurchase Mandate is approved by the Shareholders, to sell any Shares to the Company or its subsidiaries.

The Board has undertaken to the Stock Exchange that, so far as the same may be applicable, they will exercise the Repurchase Mandate in accordance with the Listing Rules, the applicable laws of Japan and the Articles.

6. CORE CONNECTED PERSONS

The Listing Rules prohibit the Company from knowingly repurchasing its Shares on the Stock Exchange from a core connected person (as defined under the Listing Rules), that is, a Director, chief executive or substantial Shareholder of the Company or any of its subsidiaries or their respective close associates (as defined in the Listing Rules), and a core connected person (as defined under the Listing Rules) shall not knowingly sell Shares to the Company on the Stock Exchange.

Save as disclosed herein, no core connected person (as defined in the Listing Rules) of the Company has notified the Company that he or she or it has a present intention to sell any Shares to the Company, or has undertaken not to do so, if the Repurchase Mandate is exercised.

7. TAKEOVERS CODE

If, as a result of a repurchase of Shares pursuant to the Repurchase Mandate, a Shareholder's proportionate interest in the voting rights of the Company increases, such increase will be treated as an acquisition for the purposes of the Takeovers Code. Accordingly, a Shareholder, or a group of Shareholders acting in concert (within the meaning of the Takeovers Code), depending on the level of increase in the Shareholders' interest, could obtain or consolidate control of the Company and become obliged to make a mandatory offer in accordance with Rule 26 of the Takeovers Code as a result of a repurchase of Shares made immediately after the listing of the Shares on the Stock Exchange.

11. JAPAN LAW IMPLICATION

Shareholders should note that based on the provisions under the Articles and relevant Japan laws repurchases under the Repurchase Mandate must be market transactions etc.* (市場取引等) as defined under the Companies Act* (会社法) of Japan (Act No. 86 of 2005). There is no judicial precedent or interpretation confirming that a repurchase through the Stock Exchange, which is not a securities exchange in Japan, is a market transaction etc.* (市場取引等). Given the lack of judicial precedent, the Directors have undertaken to the Stock Exchange that they will not exercise the Repurchase Mandate to repurchase the Shares on the Stock Exchange unless there is clear judicial authority allowing us to make repurchases on the Stock Exchange thereunder.

12. GENERAL

The Listing Rules provide that the listing of all repurchased Shares (whether on the Stock Exchange or otherwise) shall be automatically cancelled upon repurchase and the certificates of such repurchased Shares must be cancelled and destroyed as soon as reasonably practicable following settlement of any such repurchase. Under the Articles, the Company shall without delay cancel any treasury Shares acquired by the Company through the resolution of the Board or decision of its executive officer(s)* (執行役) authorised by the board of Directors, if such cancellation is required under the Listing Rules. Hence, in compliance with Rule 10.06(5) of the Listing Rules, the listing of all repurchased Shares (whether effected on the Stock Exchange or otherwise) will be cancelled without undue delay and the certificates for those securities will be cancelled and destroyed. The total number of Shares issued by the Company shall also be reduced accordingly.

The Listing Rules provide that the Company shall not purchase its Shares on the Stock Exchange at any time after a price sensitive development has occurred or has been the subject of a decision until the price sensitive information has been made publicly available. In particular, during the period of one month immediately preceding the earlier of (i) the date of the board meeting (as such date is first notified to the Stock Exchange in accordance with the Listing Rules) for the approval of the Company's results for any year, half-year, quarterly or any other interim period (whether or not required under the Listing Rules); and (ii) the deadline for an announcement of the Company's annual or interim results under the Listing Rules, or quarterly or any other interim period (whether or not required under the Listing Rules), and ending on the date of the results announcement, the Company may not purchase its Shares on the Stock Exchange unless the circumstances are exceptional. The Directors' report is also required to contain reference to the repurchases made during the year and the Directors' reasons for making such repurchases.

The following is the texts of the business report* (專業報告) of the Company for the year ended 31 March 2021 prepared pursuant to and in accordance with the requirements under the Japan Companies Act.

1. MATTERS RELATED TO CURRENT SITUATION OF THE COMPANY

(1) Business Analysis

“Providing happy times for people by making the world cheerful, fun and entertaining” — this philosophy applies not only to our core pachinko hall business, but is also a shared philosophy for the business portfolio of the entire Group. Moreover, this philosophy is not limited to a specific country or region, but has universal meaning. In order to develop not only our core pachinko business but also with an eye to the future, we will build a more robust and future-oriented foundation for business.

In the pachinko hall industry, the market is shrinking and it is still difficult to see any signs of improvement. Under such circumstances, in April 2020, the Japanese government declared a state of emergency due to COVID-19, and in response to a request by local governments to refrain from doing business, we decided to temporarily close all halls of the Group. Although we resumed the operations after the state of emergency was lifted in May of the following year, the hall traffic has not recovered to the level before the coronavirus crisis, and the impact of COVID-19 become increasingly prolonged. It is expected that the decrease in sales due to these factors will further accelerate the withdrawal from the market of business operators who are not able to withstand this challenge and changes.

In order to cope with such an industrial environment, the Group has promoted a series of cost-efficiency measures such as adjusting the replacement timing of machines, thorough labor costs management, review of sales promotion expenses, and conducting previously outsourced operations in-house. Furthermore, in line with the Group’s medium and long-term strategy, 7 pachinko halls were closed during the period, while in August 2020, the Group opened a large-scale hall in the center of Koriyama City, which is a major city in Fukushima Prefecture, and succeeded in increasing the share of existing halls in Koriyama City through operations leveraging strengths in local areas.

In the future, we will continue to work on improving product mix in line with regional characteristics, the gaming environment and service from the view point of customers, as well as the whole company as a united force will further put in effort on promoting efficiency by further improving the management structure, and creating pachinko halls supported by customers.

Dream Games, which we acquired in November 2017, operates arcade game centers mainly in shopping malls with strong ability to attract customers including Aeon Mall in Vietnam and Cambodia. We established 3 new arcade game centers in Vietnam for the year ended 31 March 2021, but closed 3 arcade game centers due to the impact of COVID-19. As of March 2021, Dream Games is currently operating total of 13 arcade game centers, comprised of 11 and 2 arcade game centers located in Vietnam and Cambodia respectively.

By carefully assessing the impact of behavior change due to COVID-19 on market trends continuously, we will accurately grasp the current trends in the expansion of the leisure markets in both countries and lead to our business expansion by making the necessary capital investments.

In the restaurant business, as a franchisee of the “Lizarran” Spanish restaurant, developed by the Spain-based Comess Group, which principally operates restaurants in Europe, we currently operate three restaurants in three locations — Shinbashi, Takadanobaba and Sangenchaya (Restaurant in Nishi-Shinjuku Otakibashi-dori was closed at the end of June 2020).

On the other hand, in July 2019, we opened the Shenzhen Upper Hills YOKOCHO Japanese food court in the large-scale Shenzhen Upper Hills urban complex commercial facility in Shenzhen, China. In this fiscal year, the Japanese food court is temporarily closed since February 2020 due to the impact of COVID-19. We are currently preparing for resumption of operations in the first half of Year 2021.

In November 2018, we entered the e-sports business centered on the Pan-Asian region by establishing the Yes! E-Sports Asia Holdings Limited (YEAH) joint venture in Hong Kong in collaboration with Hong Kong capital. In the fiscal year ended March 2021, we had no choice but to suspend the business activities due to the chaos caused by the so-called Hong Kong democratic movement and the impact of COVID-19.

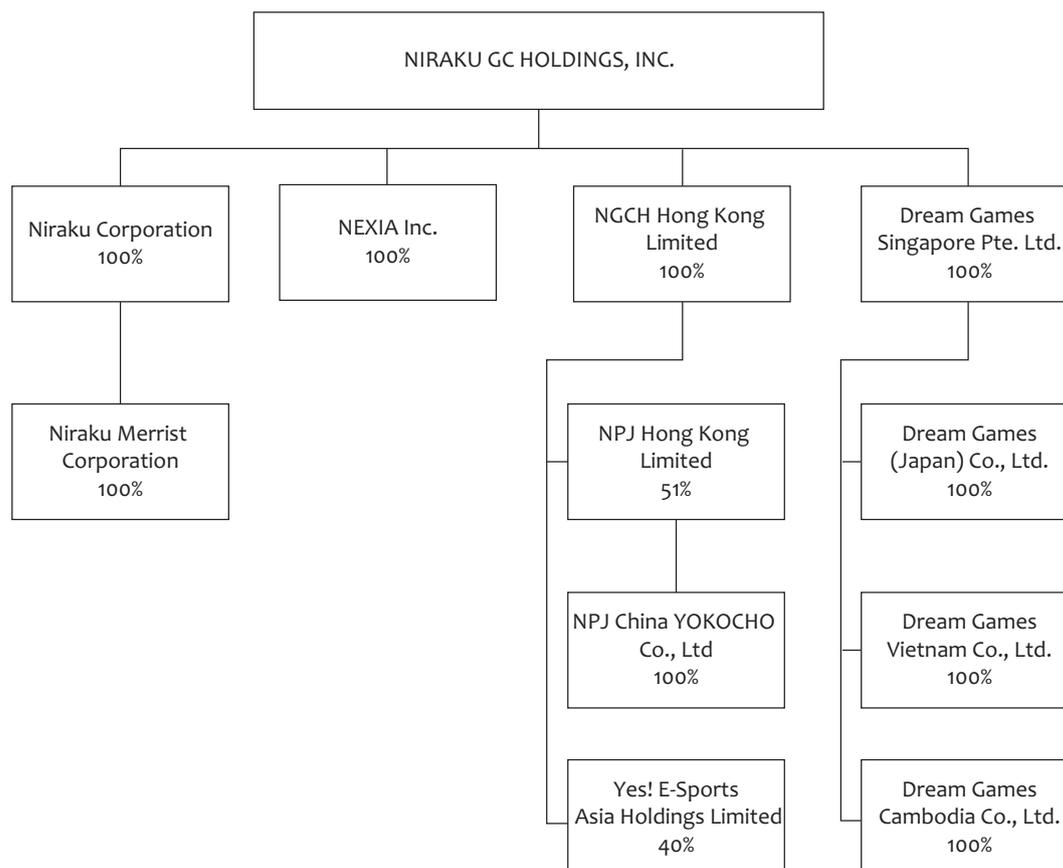

In the future, we will establish a unique platform of “E-sports + Entertainment” in Japan and aim to provide new entertainment.

Following is the financial highlight for the year:

- | | |
|-----------------------|--|
| (1) Operating revenue | Operating revenue amounted to ¥1,342,337 thousand due to increase in handling charges received from the subsidiary (100.4% of prior year). |
| (2) Operating profit | Operating profit amounted to ¥882,159 thousand as a result of increase in operating revenue and reduction in operating expenses (111.7% of prior year). |
| (3) Ordinary income | Ordinary income amounted to ¥864,988 thousand as a result of increase in operating profit (115.7% of prior year). |
| (4) Net profit | Despite an increase in profit before tax, net profit amounted to ¥455,167 thousand as a result of provision of allowance for doubtful accounts and the recognition of a loss on valuation of shares of subsidiaries (86.9% of prior year). |

The performance of Niraku Co., Ltd., a main subsidiary of the Group, in the fiscal year ended 31 March 2021 showed sales revenue of ¥95,055 million (-32.2% compared to the previous year) as a result of significant decrease in sales of pachinko business, restaurant and hotel business due to the impact of the period refraining from doing business followed by the declaration of state of emergency and the prolonged self-restraint on going out even after the declaration was lifted. Gross profit decreased due to the decrease in sales revenue. Although we tried to make efforts on trimming down selling, general and administrative expenses, due to the prolonged impact of the rebound of infection and the cost of opening new halls for pachinko business, the operating loss resulted in ¥1,458 million (operating income resulted in ¥1,687 million in the previous fiscal year). Ordinary loss was ¥1,487 million (ordinary income resulted in ¥1,728 million in the previous year) due to the decrease in operating income, and increase in interest expense resulting from the extraordinary borrowing carried out by the Group in anticipation of unforeseen circumstances. In addition to the impairment loss in pachinko business, due to the increase in extraordinary loss resulted from the recognition of loss caused by the earthquake occurred in the coast of Miyagi prefecture in February and the reversal of deferred tax assets, net loss for the year resulted in ¥8,058 million yen (net profit of ¥844 million yen in the previous fiscal year).

For derivatives, interest rate swap contracts are entered to manage interest rate risk, which are not for the purpose of speculation.

The Company is exposed to credit risk in relation to the loan receivables, which are mainly due from related companies. The Company frequently monitor the financial situation of the related companies in order to reduce credit risk.

Operating liabilities are payables and accrued expenses, and the amounts due are mainly within 1 year.

The Group's borrowings are for ensuring sufficient cash flow to meet capital expenditures of the Group. Some of these are in variable interest rates, therefore, they are exposed to the risk of interest rate fluctuation. However, they are hedged by using interest rate swap contracts.

Payables and borrowings under operating liabilities are exposed to liquidity risk. Finance department of the Group monthly prepares and updates the payables and borrowings data as a means of risk management.
