The Board considers that the net profit for the six months ended 30 June 2021 is mainly attributable to the (i) increase in revenue and gross profit of the Group for the six months ended 30 June 2021 of more than 130% and 110% respectively as compared with the six months ended 30 June 2020, and (ii) the sales orders have rebounded from the impact of the COVID-19 epidemic since the second half of 2020, and continued through the first half of 2021.

As the Company is still in the process of finalising the results for the six months ended 30 June 2021, the information contained in this announcement is based on the management’s preliminary review on the unaudited consolidated management accounts of the Group for the six months ended 30 June 2021 and current information available to the Board and has not been reviewed by the audit committee of the Board. Shareholders and potential investors of the Company are advised to read carefully the interim results announcement of the Company for the six months ended 30 June 2021 which is expected to be published by the end of August 2021.
