LETTER FROM THE BOARD

Reasons for and benefits of the proposed grant of RSUs to each of the Connected Selected Persons

As disclosed in the announcement of the Company dated February 2, 2021, the purposes of the 2021 RSU Scheme are to (i) incentivize the existing and incoming directors, senior management and employees for their contributions to the Group; and (ii) attract, motivate and retain skilled and experienced personnel to strive for the future development and expansion of the Group by providing them with the opportunity to own equity interests in the Company.

As disclosed in the AGM Circular, the proposed grant of RSUs to Dr. Sidransky is part of the remuneration package under his letter of appointment with the Company (as approved by the shareholders of the Company at the annual general meeting of the Company held on May 10, 2021) which has been determined with reference to, among other things, (a) his duties and responsibilities within the Company; (b) the prevailing market conditions; and (c) the continuous expansion of the business scale and continuously heightening requirements on corporate governance of the Company over recent years.

As disclosed in the AGM Circular, in light of the continuous expansion of the business scale and continuously rising requirements on regulated corporate governance of the Company over recent years and in order to attract and retain independent non-executive Directors to serve the Company, the proposed grant of RSUs to each of Mr. Ye, Dr. Yin and Mr. Ren is part of the adjustment to their remuneration package under their letters of appointment with the Company (as approved by the shareholders of the Company at the annual general meeting of the Company held on May 10, 2021) which has been determined with reference to, among other things, (a) their duties and responsibilities within the Company; (b) the prevailing market condition; (c) their individual performance and contributions; and (d) the overall performance of the Company.

As disclosed in the announcement of the Company dated December 4, 2020, Mr. Zhu, the chief commercial officer of the Company, is comprehensively responsible for the Company's commercialization roadmap, the formulation of commercial operations strategies, the building of a commercialization team, and accelerating the launch of the commercialization of the Company's drug candidates under development. The proposed grant of RSUs to Mr. Zhu aims to provide sufficient incentives to attract, retain and motivate Mr. Zhu to participate in the continuing operation and long-term development of the Company and to recognise Mr. Zhu's contributions to the growth of the Company.

Furthermore, the dilution effect of the proposed grant of RSUs to each of the Connected Selected Persons to the interests of the existing public Shareholders is insignificant and there will not be substantial cash outflow by the Company under the proposed grant of RSUs to each of the Connected Selected Persons.

LETTER FROM THE BOARD

Implications under the Listing Rules

As each of Dr. Sidransky, Mr. Ye, Dr. Yin and Mr. Ren is an independent non-executive director of the Company, and Mr. Zhu is the chief commercial officer of the Company and thus a chief executive, each of the Connected Selected Persons is a connected person of the Company. Although the proposed grant of RSUs to each of Dr. Sidransky, Mr. Ye, Dr. Yin and Mr. Ren forms part of their remuneration package under their letters of appointment with the Company (as disclosed in the AGM Circular and as approved by the shareholders of the Company at the annual general meeting of the Company held on May 10, 2021), such grant involves the issuance of new Shares to each of Dr. Sidransky, Mr. Ye, Dr. Yin and Mr. Ren which does not fall within any of the exemptions as set out under Rule 14A.92 of the Listing Rules. As such, the proposed grant of RSUs to each of the Connected Selected Persons constitutes a non-exempt connected transaction of the Company under Chapter 14A of the Listing Rules and is subject to the reporting, announcement and independent shareholders' approval requirements. An ordinary resolution is being proposed at the EGM for the Independent Shareholders to consider and, if thought fit, approve the proposed grant of RSUs to the Connected Selected Persons.

The proposed grant of RSUs to Mr. Zhu has been unanimously approved by all members of the Remuneration Committee. None of the Directors has a material interest in the proposed grant of RSUs to Mr. Zhu and therefore none of them has abstained from voting on the relevant Board resolution. The Independent Board Committee A comprising Dr. Sidransky, Mr. Ye, Dr. Yin and Mr. Ren, being all the independent non-executive Directors, has been formed in accordance with Chapter 14A of the Listing Rules to advise the Independent Shareholders on the proposed grant of RSUs to Mr. Zhu.

The proposed grant of RSUs to Dr. Sidransky has been unanimously approved by all members of the remuneration committee of the Company. Save for Dr. Sidransky, no other Director has a material interest in the proposed grant of RSUs to Dr. Sidransky and therefore none of them other than Dr. Sidransky abstained from voting on the relevant Board resolution.

The proposed grant of RSUs to Mr. Ye has been unanimously approved by all members of the remuneration committee of the Company. Save for Mr. Ye, no other Director has a material interest in the proposed grant of RSUs to Mr. Ye and therefore none of them other than Mr. Ye abstained from voting on the relevant Board resolution.

Save for Dr. Yin, being the chairman of the Remuneration Committee, no other member of the Remuneration Committee has a material interest in the proposed grant of RSUs to Dr. Yin and therefore none of them other than Dr. Yin abstained from voting on the relevant resolution of the

LETTER FROM THE BOARD

Remuneration Committee. Save for Dr. Yin, no other Director has a material interest in the proposed grant of RSUs to Dr. Yin and therefore none of them other than Dr. Yin abstained from voting on the relevant Board resolution.

Save for Mr. Ren, being a member of the Remuneration Committee, no other member of the Remuneration Committee has a material interest in the proposed grant of RSUs to Mr. Ren and therefore none of them other than Mr. Ren abstained from voting on the relevant resolution of the Remuneration Committee. Save for Mr. Ren, no other Director has a material interest in the proposed grant of RSUs to Mr. Ren and therefore none of them other than Mr. Ren abstained from voting on the relevant Board resolution.

The following independent board committees have been formed in accordance with Chapter 14A of the Listing Rules:

- (i) the Independent Board Committee B comprising Mr. Ye, Dr. Yin and Mr. Ren to advise the Independent Shareholders on the proposed grant of RSUs to Dr. Sidransky;
- (ii) the Independent Board Committee C comprising Dr. Sidransky, Dr. Yin and Mr. Ren to advise the Independent Shareholders on the proposed grant of RSUs to Mr. Ye;
- (iii) the Independent Board Committee D comprising Dr. Sidransky, Mr. Ye and Mr. Ren to advise the Independent Shareholders on the proposed grant of RSUs to Dr. Yin; and
- (iv) the Independent Board Committee E comprising Dr. Sidransky, Mr. Ye and Dr. Yin to advise the Independent Shareholders on the proposed grant of RSUs to Mr. Ren.

Altus Capital Limited, a corporation licensed to carry out Type 4 (advising on securities), Type 6 (advising on corporate finance) and Type 9 (asset management) regulated activities under the SFO, has been appointed as the Independent Financial Adviser to advise (i) the Independent Board Committee A and the Independent Shareholders in respect of the proposed grant of RSUs to Mr. Zhu; and (ii) the Independent Board Committee B, the Independent Board Committee C, the Independent Board Committee D and the Independent Board Committee E, as well as the Independent Shareholders, in respect of the proposed grant of RSUs to each of Dr. Sidransky, Mr. Ye, Dr. Yin and Mr. Ren, respectively.

The Board does not consider that the proposed grant of RSUs to each of Dr. Sidransky, Mr. Ye, Dr. Yin and Mr. Ren would affect or hinder the independence of each of the independent non-executive Directors pursuant to Rule 3.13(1) of the Listing Rules.

LETTER FROM THE BOARD

3. PROPOSED GRANT OF WARRANT SPECIFIC MANDATE TO ISSUE UNLISTED WARRANTS AND WARRANT SHARES

Background

Reference is made to the announcements of the Company dated July 14, 2021 and July 23, 2021. On July 14, 2021, (i) Ascentage HK, Ascentage GZ and Innovent Suzhou entered into the HQP1351 Collaboration and License Agreement, pursuant to which Ascentage agreed to grant to Innovent Suzhou the right to develop HQP1351 in the Field in the Licensed Territory and the right to commercialize HQP1351 in the cities within the Licensed Territory being allocated to Innovent Suzhou; and (ii) Ascentage Suzhou and Innovent Suzhou entered into the APG-2575 Combination Therapy Strategic Collaboration and Clinical Trial Agreement, pursuant to which Ascentage Suzhou and Innovent Suzhou agreed to exclusively undertake the Combination Therapy Studies in the Field in the Licensed Territory. Further, in recognition of the Company's research and development capabilities, as well as the Company's growth potential, Innovent decided to make strategic equity investment in the Company by way of the Share Subscription and the Warrant Subscription. As such, on July 14, 2021, the Company and Innovent also entered into (i) the Share Subscription Agreement, pursuant to which the Company agreed to issue, and Innovent agreed to subscribe, a total of 8,823,863 Subscription Shares at the aggregate consideration of US\$50.00 million (equivalent to approximately HK\$388.25 million) subject to the terms and conditions of the Share Subscription Agreement (the completion of the Share Subscription took place on July 23, 2021); and (ii) the Warrant Subscription Deed, pursuant to which the Company agreed to issue to Innovent 6,787,587 Warrants at the Warrant Exercise Price of HK\$57.20 per Warrant Share (subject to adjustment). Please refer to the abovementioned announcements for further details of the HQP1351 Collaboration and License Agreement, the APG-2575 Combination Therapy Strategic Collaboration and Clinical Trial Agreement and the Share Subscription Agreement.

LETTER FROM THE BOARD

The principal terms and conditions of the Warrant Subscription Deed and the Warrants

Issuer The Company

Warrant holder Innovent

To the best of the Directors' knowledge, information and belief, having made all reasonable enquiries, Innovent and its ultimate beneficial owners are third parties independent of the Company and its connected persons.

**Number of Warrants and
Warrant Shares**

The Company agreed to issue 6,787,587 Warrants to Innovent, conferring the rights to subscribe for an aggregate of 6,787,587 Warrant Shares (subject to adjustment). The number of Warrant Shares represents approximately 2.58% of the existing issued share capital of the Company as at the Latest Practicable Date and approximately 2.51% of the enlarged issued share capital of the Company immediately following the full exercise of the subscription rights attaching to the Warrants (assuming there is no change in the issued share capital of the Company between the Latest Practicable Date and the date on which such subscription rights are exercised in full). The aggregate nominal value of the Warrant Shares is US\$678.7587.

Ranking

The Warrant Shares shall, when fully paid, rank *pari passu* in all respects with the other Shares in issue or to be issued by the Company on the relevant date of registration of the name of the relevant holder(s) of the Warrants on the register of members of the Company as holder of such Warrant Shares.

LETTER FROM THE BOARD

Issue price

Innovent will be exempt from paying a nominal consideration for the Warrants, which was determined on arm's length basis between the Company and Innovent with reference to, among other things, the following factors:

- (i) the issuance of Warrants to Innovent at nil consideration is a commercial arrangement in view of the strategic collaboration relationship between the Group and Innovent and its subsidiaries, which would enhance the commercial relationship established by the transactions under the HQP1351 Collaboration and License Agreement, the APG-2575 Combination Therapy Strategic Collaboration and Clinical Trial Agreement and the Share Subscription Agreement; and
- (ii) given the Warrants are issued for the purpose of strengthening the strategic collaboration relationship between the Group and Innovent and its subsidiaries, the Warrants are private to Innovent and are not transferable by Innovent. The Warrants are also not expected to have liquid market as they are unlisted Warrants.

Warrant Exercise Price

The initial subscription price of each Warrant Share upon exercise of the Warrants is HK\$57.20 (subject to customary adjustments in certain events such as consolidation or subdivision of the Shares, capitalization of reserves or issuance of Shares for cash).

The Warrant Exercise Price set out above represents:

- (i) a premium of approximately 8.03% to the closing price of HK\$52.95 per Share as quoted on the Stock Exchange on July 14, 2021, being the date of the Warrant Subscription Deed;

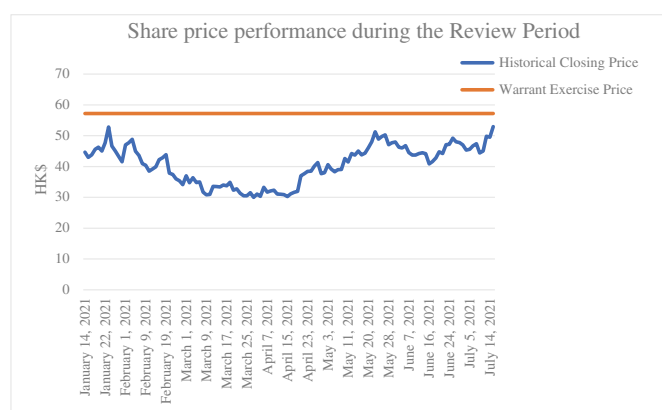

LETTER FROM THE BOARD

- (ii) a premium of approximately 21.11% to the average closing price of HK\$47.23 per Share as quoted on the Stock Exchange for the five consecutive trading days of the Shares immediately prior to the date of the Warrant Subscription Deed; and
- (iii) a premium of approximately 46.29% to the closing price of HK\$39.10 per Share as quoted on the Stock Exchange on the Latest Practicable Date.

The Warrant Exercise Price was determined on arm's length basis between the Company and Innovent, and with reference to the prevailing market price of the Shares, the recent trading volume of the Shares and the prospects of the Group.

When determining the Warrant Exercise Price, the Directors have reviewed the closing prices of the Shares during the period from January 14, 2021 and up to and including the date of the Warrant Subscription Deed, being the six-month period immediately prior to the date of the Warrant Subscription Deed (the “**Review Period**”).

The following chart illustrates the trend of the closing prices of the Shares during the Review Period:

Source: the website of the Stock Exchange

LETTER FROM THE BOARD

As shown in the chart above, the closing prices of the Shares fluctuated within the range from HK\$30.00 to HK\$52.95. The average closing price of the Shares was approximately HK\$40.71 during the Review Period. The Warrant Exercise Price of HK\$57.20 represents a premium of approximately 40.51% to the average closing price of the Shares during the Review Period.

In addition, the Directors also reviewed the trading volume of the Shares during the Review Period in determining the Warrant Exercise Price. The following table sets out (a) the average daily trading volume of the Shares during the Review Period; and (b) the percentage of the average daily trading volume of the Shares in proportion to the total number of issued Shares as at the end of the month/period during the Review Period:

| Month/period | Total trading volume of the Shares <i>Number of Shares</i> | Number of trading days | Average daily trading volume of the Shares <i>Number of Shares</i> | Percentage of average daily trading volume to total number of issued Shares as at the end of the month/period % |
|--------------------------------------|---|---------------------------|---|--|
| January 2021 (from January 14, 2021) | 36,027,811 | 12 | 3,002,318 | 1.33 |
| February 2021 | 99,804,742 | 18 | 5,544,708 | 2.19 |
| March 2021 | 36,632,084 | 23 | 1,592,699 | 0.63 |
| April 2021 | 28,183,261 | 19 | 1,483,330 | 0.59 |

| June 2021 | 35,480,538 | 21 | 1,689,549 | 0.67 |
| July 2021 (up to July 14, 2021) | 16,467,902 | 9 | 1,829,767 | 0.72 |

LETTER FROM THE BOARD

As illustrated above, the average daily trading volume for the respective month/period during the Review Period ranged from approximately 1,483,330 Shares to 5,544,708 Shares, representing approximately 0.59% to approximately 2.19% of the total number of issued Shares as at the end of the relevant month/period during the Review Period. The Directors noted that excluding the exceptionally high trading volume of the Shares in February 2021, the average daily trading volume during the Review Period was approximately 2,581,489 Shares, representing approximately 0.98% of the total number of issued Shares as at the Latest Practicable Date.

In addition, the Directors also took into account the subscription prices of the new Shares issued pursuant to the 2020 Placing and the 2021 Placing, being HK\$46.80 and HK\$44.20, respectively, and concluded that setting the Warrant Exercise Price at a premium to the abovementioned price points should be merited.

In light of the above, the Board (including the independent non-executive Directors) considers that the Warrant Exercise Price and the terms of the Warrant Subscription Deed are fair and reasonable and that the issuance of the Warrants is in the interests of the Company and the Shareholders as a whole.

LETTER FROM THE BOARD

Adjustment

As agreed between the Company and Innovent, the Warrant Exercise Price shall be adjusted in each of the following cases (the “**Adjustment Events**”):

- (i) an alteration of the nominal amount of each Share by reason of any consolidation or subdivision, the Warrant Exercise Price in force immediately prior thereto shall be adjusted by multiplying it by the following fraction:

$$\frac{A}{B}$$

where:

A = the nominal amount of one Share immediately after such alteration; and

B = the nominal amount of one Share immediately before such alteration

Each such adjustment shall be effective from the close of business on the Business Day immediately preceding the date on which the relevant consolidation or subdivision (as the case may be) becomes effective.

LETTER FROM THE BOARD

- (ii) an issue by the Company of Shares credited as fully paid by way of capitalization of profits or reserves (including any share premium account fund), the Warrant Exercise Price in force immediately prior to such issue shall be adjusted by multiplying it by the following fraction:

$$\frac{C}{C+D}$$

where:

C = the aggregate nominal amount of the Shares in issue immediately before such issue; and

D = the aggregate nominal amount of the Shares issued in connection with and as a result of such capitalization.

Each such adjustment shall be effective from the commencement of the day next following the record date for such issue.

LETTER FROM THE BOARD

- (iii) a capital distribution being made by the Company, whether on a reduction of capital or otherwise, to Shareholders (in their capacity as such), or a grant by the Company to Shareholders (in their capacity as such) of rights to acquire for cash assets of the Company or any of its Subsidiaries, the Warrant Exercise Price in force immediately prior to such capital distribution or grant shall be adjusted by multiplying it by the following fraction:

$$\frac{E-F}{E}$$

where:

E = the closing price per Share on the Stock Exchange on the dealing day immediately preceding the date on which the capital distribution or, as the case may be, the grant is publicly announced; and

F = the amount calculated by dividing the fair market value on the day of such announcement or (as the case may require) the day immediately preceding the date on which the Share is traded ex such capital distribution or, as the case may be, the grant, as determined in good faith by either an approved merchant bank or the auditors (at the option of the Company), of such capital distribution or of such rights by the number of Shares participating in such capital distribution or, as the case may be, in the grant of such rights.

Each such adjustment shall be effective from the commencement of the day next following the record date for the relevant capital distribution or grant.

LETTER FROM THE BOARD

- (iv) an offer of new Shares for subscription by way of rights, or a grant of options or warrants to subscribe new Shares, being made by the Company to holders of Shares (in their capacity as such), the Warrant Exercise Price shall be adjusted by multiplying the Warrant Exercise Price in force immediately before the date of the announcement of such offer or grant by the following fraction:

$$\frac{G+H}{G+I}$$

where:

G = the number of Shares in issue immediately before the date of such announcement;

H = the number of Shares which the aggregate of the two following amounts would purchase at the closing price of the Shares on the date of such announcement:

(a) the total amount (if any) payable for the rights, options or warrants being offered or granted; and

(b) the total amount payable for all of the new Shares being offered for subscription or comprised in the options or warrants being granted; and

I = the aggregate number of Shares being offered for subscription or comprised in the options or warrants being granted.

Such adjustment shall become effective from the commencement of the day next following the record date for the relevant offer or grant.

LETTER FROM THE BOARD

- (v) an issue wholly for cash being made by the Company of any securities convertible into or exchangeable for or carrying rights of subscription for new Shares, or the conversion, exchange or subscription rights of any such issue are altered, the Warrant Exercise Price shall be adjusted by multiplying the Warrant Exercise Price in force immediately prior to such issue by the following fraction:

$$\frac{J+K}{J+L}$$

where:

J = the number of Shares in issue immediately before the date of the issue of such securities;

K = the number of Shares which the total effective consideration receivable for such securities would purchase at the closing price of the Shares on the date of such announcement; and

L = the maximum number of new Shares to be issued upon full conversion or exchange of, or the exercise in full of the subscription rights conferred by, such securities at their relative initial conversion or exchange rate or subscription price.

Such adjustment shall become effective from the relevant security issue date.

LETTER FROM THE BOARD

- (vi) an issue wholly for cash being made by the Company of any Shares, the Warrant Exercise Price shall be adjusted by multiplying the Warrant Exercise Price in force immediately prior to such issue by the following fraction:

$$\frac{M+N}{M+O}$$

where:

M = the number of Shares in issue immediately before the date of the announcement of such issue;

N = the number of Shares which the aggregate amount payable for such issue would purchase at the closing price of the Shares on the date of such announcement; and

O = the number of Shares allotted pursuant to such issue.

Such adjustment shall become effective on the date of the issue.

LETTER FROM THE BOARD

Subsequent to the adjustment to the Warrant Exercise Price pursuant to the formulas as set out above, the number of Warrant Shares issuable by the Company upon the exercise of the Warrants will increase proportionally by the following fraction:

$$\frac{P_o}{P_I}$$

where:

P_o = the Warrant Exercise Price prior to the relevant adjustment; and

P_I = the Warrant Exercise Price subsequent to the relevant adjustment.

No adjustment referred to in the Adjustment Events set out in paragraphs (ii) to (vi) above shall be made in respect of an issue by the Company of Shares or securities convertible into or exchangeable for or carrying rights of subscription for Shares pursuant to the Pre-IPO Share Option Scheme, the Post-IPO Share Option Scheme or the 2021 RSU Scheme.

In the event that the outstanding Shares increase due to the Adjustment Events, the Warrant Exercise Price will decrease proportionally in accordance with the aforementioned formulas. In no event shall an adjustment be made (otherwise than upon the consolidation of Shares into shares of a larger nominal amount each) which would increase the Warrant Exercise Price.

LETTER FROM THE BOARD

Any adjustment to the Warrant Exercise Price shall be made to the nearest one-thousandth of a cent (HK\$0.00000005 being rounded up) and in no event shall any adjustment be made to the Warrant Exercise Price in any case in which the amount by which the same would be reduced would be less than one-thousandth of a cent and any adjustment which would otherwise then be required shall not be carried forward.

In the event of other dividend and distribution payable in securities (other than those set out in Adjustment Events) or assets (other than cash dividends or payable solely out of retained earnings), if any, Innovent shall receive the securities or assets of the Company to which Innovent would have been entitled to if it had exercised any Warrant immediately prior to the record date or effective date of such dividend or distribution.

In the event of any reclassification of Shares, Innovent shall be entitled to receive the shares or other securities to which Innovent would have been entitled upon consummation of the classification if it had exercised such Warrants immediately prior to the reclassification.

LETTER FROM THE BOARD

In the event of the Adjustments Events, the Warrant Exercise Price will be adjusted in accordance with the foregoing formulas and the number of Warrant Shares issuable by the Company upon the exercise of the Warrants will increase proportionally as abovementioned; in the event of any dividend and distribution or classification of Shares other than an Adjustment Event, the number of underlying Warrant Shares will be adjusted proportionally, and the proportion of the underlying Warrant Shares to which Innovent is entitled as to the total outstanding issued Shares will remain the same immediately before and after such dividend and distribution or classification of Shares, ensuring that Rule 15.02(1) of the Listing Rules, which requires the Warrant Shares to be issued on exercise of the Warrants must not, when aggregated with all other equity securities of the Company which remain to be issued on exercise of any other subscription rights, if all such rights were immediately exercised, whether or not such exercise is permissible, exceed 20% of the total issued share capital of the Company at the time the Warrants are issued (options granted under employee or executive share schemes which comply with Chapter 17 of the Listing rules are excluded for the purpose of this limit), will be complied with.

Every adjustment to the Warrant Exercise Price shall be certified by the auditors of the Company, an approved financial adviser or an approved merchant bank, and the adjusted Warrant Exercise Price so certified shall form the basis for the proportional increase in the number of Warrant Shares issuable by the Company upon the exercise of the Warrants as abovementioned.

LETTER FROM THE BOARD

The Board is of the view that the aforementioned adjustment mechanism is agreed between the Company and Innovent to ensure the proportion of the underlying Warrant Shares to which Innovent is entitled as to the total outstanding issued Shares will not be further diluted due to the occurrence of Adjustment Events or other dividend, distribution or reclassification of Shares, and the aforementioned adjustment mechanism will not result in Innovent being entitled to rights to vote or receive dividends or distributions by virtue of them being the holders of the Warrants. Therefore, the adjustment mechanisms are fair and reasonable and in the interests of the Company and the Shareholders as a whole.

Conditions precedent

The Warrant Subscription Completion shall be subject to the satisfaction or, if applicable, waiver of the Warrant Subscription Conditions Precedent which include:

- (i) there not having occurred at any time before completion of the Warrant Subscription,
 - (a) any material adverse change, or any development reasonably likely to have a material adverse effect, in the condition, financial or otherwise, or in the earnings, assets, business, operations or prospects of the Group taken as a whole; or
 - (b) any event or the existence of any circumstance which renders any of the representations, warranties and undertakings given by the Company pursuant to the Warrant Subscription Deed untrue, inaccurate or misleading;
- (ii) the listing of the Shares not having been revoked and the Shares continuing to be listed on the Stock Exchange;

LETTER FROM THE BOARD

- (iii) if required by the Listing Rules or other applicable laws, the approval of the Warrant Subscription Deed and the transactions contemplated thereunder at a general meeting of the Shareholders in accordance with the requirements of the Listing Rules;
- (iv) the granting of the Warrant Specific Mandate by the Shareholders;
- (v) the approval of issuance of the Warrants and the listing of, and permission to deal in, the Warrants Shares having been granted by the Stock Exchange and such listing and permission not subsequently being revoked prior to the Warrant Subscription Completion; and
- (vi) all the authorizations, approvals, consents, waivers and permits of the relevant authorities of and filings with the relevant jurisdictions (including without limitation the Stock Exchange) which are necessary for the entering into of the Warrant Subscription Deed and/or the performance of the obligations thereunder or otherwise to give effect to the issuance of the Warrants as required by applicable laws having been granted, received, obtained and completed.

Pursuant to the Warrant Subscription Deed, Innovent may in its absolute discretion waive the Warrant Subscription Conditions Precedent (i) and (ii) above.

As at the Latest Practicable Date, the Warrant Subscription Conditions Precedent have not yet been satisfied.

Exercise Period

The subscription rights attaching to the Warrants may be exercised during the period commencing on the date of issuance of the Warrants and ending on the date that is 24 months after the date of issuance of the Warrants (the **“Exercise Period”**).

LETTER FROM THE BOARD

Transferability

The Warrants are not transferrable by Innovent without the prior written consent of the Company. The Company will not provide its consent to any proposed transfer of the Warrants by Innovent to any connected person of the Company.

Voting rights

Innovent shall not have any right to (i) attend or vote at any meeting of the Company by virtue of being holders of the Warrants; and (ii) participate in any distributions and/or offers of further securities made by the Company by virtue of it being a holder of the Warrants.

Rights of Innovent on the liquidation of the Company

If the Company is liquidated, dissolved, wound up before the end of the Exercise Period, all subscription rights attached to the Warrants which have not been exercised prior to the commencement of the liquidation, dissolution or winding-up shall lapse and the Warrants will cease to be valid for the purpose of exercising any such subscription rights.

Redemption

Pursuant to the conditions of the Warrants, if the closing price of the Shares as quoted on the Stock Exchange stays above the then applicable Warrant Exercise Price for each day during a period of six months (the “**Relevant Period**”) within the Exercise Period, the Company may redeem all of the outstanding Warrants for nil consideration by giving not less than 14 days’ prior written notice to Innovent. If there shall occur any event giving rise to any adjustment to the Warrant Exercise Price during the Relevant Period, the Company may only exercise the aforementioned redemption right if the closing price of the Shares as quoted on the Stock Exchange for each day during the remainder of the Relevant Period continues to be higher than the Warrant Exercise Price (as adjusted).

LETTER FROM THE BOARD

Completion

The Warrant Subscription Completion shall take place on the third Business Day after satisfaction or waiver (as the case may be) of the last in time of the Warrant Subscription Conditions Precedent (other than any such condition (or any part thereof) which may only be satisfied at Completion), or such other time as the Company and Innovent may agree in writing.

Lock-up arrangements of the Company

Pursuant to the Warrant Subscription Deed, the Company undertook to Innovent that for a period from the date of the Warrant Subscription Deed up to two months after the date of completion of the Warrant Subscription, neither the Company nor any person acting on its behalf will, except for the Warrant Shares and save for (i) the issue of new Shares or grant of options pursuant to the exercise of share options granted under the Pre-IPO Share Option Scheme or the Post-IPO Share Option Scheme; (ii) the grant of any awards pursuant to the 2018 RSU Scheme or the 2021 RSU Scheme; or (iii) any Shares that may be issued by the Company to Innovent:

- (a) sell, transfer, dispose, allot or issue or offer to sell, transfer, dispose, allot or issue or grant any option, right or warrant to subscribe (either conditionally or unconditionally, or directly or indirectly, or otherwise) any Shares or any interests in Shares or any securities convertible into or exercisable or exchangeable for or substantially similar to any Shares or interest in Shares;
- (b) agree (conditionally or unconditionally) to enter into or effect any such transaction with the same economic effect as any of the transactions described in (i) above; or
- (c) announce any intention to enter into or effect any such transaction described in (i) or (ii) above without first having obtained the written consent of Innovent.

LETTER FROM THE BOARD

Termination

The Warrant Subscription Deed shall automatically terminate with immediate effect if, among other things, (i) any of the representations, warranties and undertakings given by the Company pursuant to the Warrant Subscription Deed is or becomes untrue or misleading or has been breached in any respect; and (ii) the Company is in breach of any material term of the Warrant Subscription Deed.

Implications under the Listing Rules

Pursuant to Rule 13.36(7) of the Listing Rules, the Company may not issue warrants to subscribe for (i) any new Shares or (ii) any securities convertible into new Shares, for cash consideration pursuant to a general mandate given under Rule 13.36(2)(b) of the Listing Rules. Therefore, the Warrants and the Warrant Shares (to be issued upon exercise of the Warrants) will be allotted and issued pursuant to the Warrant Specific Mandate to be sought from the Shareholders at the EGM.

The proposed issuance of the Warrants and the Warrant Shares upon the exercise thereof under the Specific Mandate is in compliance with the requirements under Rule 15.02 of the Listing Rules.

Warrant Specific Mandate to issue the unlisted Warrants and the Warrant Shares

The Company will seek the approval of the Warrant Specific Mandate from the Shareholders at the EGM to issue the Warrants and the Warrant Shares upon the exercise thereof.

No listing of the Warrants will be sought on the Stock Exchange or any other stock exchanges.

Reasons for and benefits of the entry into of the Warrant Subscription Deed

The strategic equity investment in the Company by Innovent by way of the Warrant Subscription (together with the Share Subscription) signifies Innovent's recognition of the Company's research and development capabilities, as well as the Company's growth potential. The equity investment is also expected provide further financial support to the Company's global clinical development programs. In addition, in view of the strategic collaboration relationship

LETTER FROM THE BOARD

between the Company and Innovent, the Share Subscription and Warrant Subscription allows Innovent to further share the Company's prospects, whereby strengthening the business cooperation between the two groups. Besides, the issuance of the Warrants will not have immediate impact on the cash flow of the Company and is without immediate dilution of the shareholdings of the existing Shareholders, and if the subscription rights attaching to the Warrants are exercised, it will benefit the long term business diversification development of the Company by broadening the capital base of the Company.

In view of the above, the Directors (including the independent non-executive Directors) consider that the terms and conditions of the Warrant Subscription Deed, as well as the transactions contemplated thereunder, are fair and reasonable and on normal commercial terms based on arm's length negotiations between the Company and Innovent, and are in the interests of the Company and the Shareholders as a whole.

As at the Latest Practicable Date, the Company did not have any concrete plan for any contemplated acquisitions, disposals or other matters that may have a material impact on the Company which is necessary for the Shareholders and the public to appraise the position of the Company for the issuance of the Warrants. However, the Company will review its business plan from time to time and may consider potential business expansion or investment opportunities when the opportunities arise.

To the best of the Directors' knowledge, information and belief having made all reasonable enquiries, as at the Latest Practicable Date, other than the HQP1351 Collaboration and License Agreement, the APG-2575 Combination Therapy Strategic Collaboration and Clinical Trial Agreement, the Share Subscription Agreement and the Warrant Subscription Deed, the Company has not entered, or contemplated to enter, into any other arrangements, agreements or understanding (whether formal or informal and whether express or implied) with Innovent or its associates.

Use of proceeds

Assuming all the 6,787,587 Warrants are exercised, the gross proceeds to be raised from the Warrant Subscription will be approximately HK\$388.25 million (being approximately US\$50 million) and the net proceeds (after deducting all applicable costs and expenses, including commission and levies) arising from the Warrant Subscription are estimated to be approximately HK\$388.06 million (being approximately US\$49.98 million). On this basis, the net price per Warrant Share will be approximately HK\$57.17.

LETTER FROM THE BOARD

The net proceeds from the Warrant Subscription will be used for the development and commercialization of the product candidates in the Company's pipeline. Since the amount of proceeds that may be raised will depend on the exercise of the subscription rights attaching to the Warrants and the price of the Shares, which may be out of control of the Company, the proceeds that will actually be raised therefrom may not match with the Company's capital requirements. The Company shall review its business plan from time to time and shall not rule out the possibility of alternative fund raising methods if the subscription rights attaching to the Warrants are not exercised in full or if the Warrant Exercise Price of the Warrants does not reach expected levels and the net proceeds does not match the future capital needs of the Company.

FY2020 vs FY2019

The Group has not commercialised any of its product candidates and therefore did not generate any revenue from sale of drug products in FY2019 and FY2020. The revenue generated during FY2019 and FY2020 mainly represented license fee income from licensing out a drug candidate. For FY2020, the Group’s revenue amounted to approximately RMB12.5 million, as compared to approximately RMB14.5 million for FY2019, representing a decrease of approximately 14.2%.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

For FY2020, the research and development expenses of the Group increased by approximately RMB100.7 million, or 21.7% to approximately RMB564.6 million from approximately RMB463.9 million for FY2019. The increase was primarily attributable to additional clinical trials of the Company's drug candidates, increased research and development headcount, and increased expenses in intellectual properties for FY2020.

The Group's loss for the year decreased from approximately RMB1,480.7 million for FY2019 to approximately RMB677.6 million for FY2020, representing a decrease of approximately 54.2%. The significant decrease in net loss was primarily attributable to the fair value loss on convertible redeemable preferred shares of approximately RMB836.7 million recorded for FY2019 while there was no such loss accounted for FY2020.

Total assets of the Group amounted to approximately RMB1,731.0 million as at 31 December 2020, representing an increase of approximately 43.6%, as compared to approximately RMB1,205.1 million as at December 31, 2019, mainly due to the construction progress of a research and development centre. Despite the increase in total assets, net assets of the Group decreased from approximately RMB890.5 million as at December 31, 2019 to approximately RMB846.6 million as at December 31, 2020, which was primarily attributable to (i) the increase in long-term interest-bearing bank and other borrowings from approximately RMB9.2 million as at December 31, 2019 to approximately RMB479.1 million as at December 31, 2020; and (ii) the increase in payables for construction cost from nil as at December 31, 2019 to approximately RMB119.4 million as at December 31, 2020.

6MFY2021 vs 6MFY2020

The Group's revenue for 6MFY2021 and 6MFY2020 represented license fee income from licensing out a drug candidate. For 6MFY2021, the Group's revenue amounted to approximately RMB13.0 million, representing an increase of approximately 396.2% as compared with approximately RMB2.6 million for 6MFY2020.

For 6MFY2021, the research and development expenses of the Group increased by approximately RMB66.0 million, or 26.3% to approximately RMB317.5 million from approximately RMB251.5 million for 6MFY2020. The increase was primarily attributable to additional clinical trials of the Company's drug candidates, the expansion of research and development headcount, and increased expenses in intellectual properties for 6MFY2021.

The Group's loss for the period increased from approximately RMB319.2 million for 6MFY2020 to approximately RMB376.7 million for 6MFY2021, representing an increase of approximately 18.0%. The increase in net loss was primarily attributable to the increase in research and development expenses.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Total assets of the Group amounted to approximately RMB2,408.2 million as at June 30, 2021, representing an increase of approximately 39.1%, as compared to approximately RMB1,731.0 million as at December 31, 2020, mainly due to the construction progress of a facility in Suzhou for research and development and manufacturing. As a result of the increase in total assets, the net assets of the Group increased from approximately RMB846.6 million as at December 31, 2020 to approximately RMB1,449.9 million as at June 30, 2021.

Therefore, the Management considers, and we concur that, having Dr. Sidransky, Mr. Ye, Dr. Yin and Mr. Ren as independent non-executive Directors are beneficial to the Group's business and development, and it is fair and reasonable for the Group to provide incentives to attract, retain and motivate them to contribute to the long-term development of the Group by way of Proposed Grants.

Proposed Grant to Mr. Zhu

Given that (i) the Group is in the clinical-stage in anticipation of multiple product candidates to be commercialised, in particular, the Group's core product, HQP1351, which is currently under priority review for commercialisation by the National Medical Products Administration of the People's Republic of China; and (ii) the Group intends to capture additional commercialisation opportunities in oncology pharmaceutical markets through actively pursuing strategic partnerships with distributors for cooperation over its pipeline assets, the Management believes, and we concur, that the role and responsibilities of Mr. Zhu as the chief commercial officer of the Group are essential for the Group's preparation work for upcoming product commercialisation.

As discussed under section 2 above, Mr. Zhu possesses extensive experience in leading commercialisation operations of international pharmaceutical giants. According to the Management, since Mr. Zhu has joined the Company, he has carried out sales, marketing, market access, distribution, customer services and other related functions for preparing the commercialisation of the Group's pipeline products.

In view of the above, we concur with the Management's view that it is fair and reasonable for the Group to provide incentives to attract, retain and motivate Mr. Zhu to participate in the product commercialisation work and long-term development of the Group and to recognise Mr. Zhu's contributions by way of the Proposed Grant.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

Based on the above, we are of the view that the Proposed Grants are fair and reasonable, are in the ordinary and usual course of business of the Group and in the interests of the Company and the Shareholders as a whole.

4. Principal terms of the Proposed Grants

The Company proposed to grant an aggregate of 10,641 RSUs, 8,964 RSUs, 8,964 RSUs, 8,964 RSUs and 55,157 RSUs under the 2021 RSU Scheme, representing 10,641 Shares, 8,964 Shares, 8,964 Shares, 8,964 Shares and 55,157 Shares, to the Connected Selected Persons, being Dr. Sidransky, Mr. Ye, Dr. Yin, Mr. Ren and Mr. Zhu respectively.

Based on the closing Share price as at the respective dates of Proposed Grants, the market value of the underlying Shares in relation to the RSUs proposed to be granted to each of Dr. Sidransky, Mr. Ye, Dr. Yin, Mr. Ren and Mr. Zhu amounts to approximately HK\$0.5 million, HK\$0.5 million, HK\$0.5 million, HK\$0.5 million and HK\$2.4 million respectively.

The RSUs to be granted to each of the Connected Selected Persons shall vest in accordance with the vesting criteria, conditions and time schedule as determined by the Board in its sole and absolute discretion with reference to, among other things, the location at which each of the Connected Selected Persons is based and the commencement date or duration of their employment. For details, please refer to section 4.2 below.

In order to assess the fairness and reasonableness of the terms of the Proposed Grants, we have reviewed recent comparable transactions and conducted a market comparable analysis. The market comparables which we selected are companies that (i) are listed on the Main Board of the Stock Exchange; (ii) are principally engaged in the development of pharmaceutical, biopharmaceuticals, drugs and/or biologics; and (iii) had announced connected transactions in relation to the granting of share awards or restricted share units to grantees who are directors or senior management of the company, since May 17, 2020 (twelve months immediately prior to the first grant date of the Proposed Grants) and up to July 23, 2021 (the latest grant date of the Proposed Grants) (the “**Review Period**”). On such basis, we have identified 82 comparable grants (the “**Comparable Grants**”, excluding any outliers) made by eleven comparable companies which we consider to be an exhaustive list of relevant comparable grants based on the abovementioned criteria and a fair and representative list of samples for our analysis. We are of the view that a period of most recent twelve months before the relevant grant dates of the Proposed Grants is adequate to conduct a reasonable comparison between the Proposed Grants and the Comparable Grants, and therefore, the Review Period is fair and representative for our analysis.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

It should be noted that these comparable companies have different principal activities, revenue, market capitalisation, profitability and financial position as compared with those of the Company. Circumstances leading to the Comparable Grants may not be identical to those of the Company. The analysis is therefore meant to be used as a general reference to similar types of transactions in Hong Kong to reflect recent market practice.

We have compared the Proposed Grants with the Comparable Grants in terms of the size, vesting period and conditions as follows:

4.1. Size of grant

The RSUs to be granted to each of Dr. Sidransky, Mr. Ye, Dr. Yin, Mr. Ren and Mr. Zhu for the Proposed Grants would be satisfied upon exercise by the allotment and issuance of 10,641 Shares, 8,964 Shares, 8,964 Shares, 8,964 Shares and 55,157 Shares to each of them, representing approximately 0.004%, 0.003%, 0.003%, 0.003% and 0.022% of the total issued share capital of the Company respectively.

Set out below is the table summarising the size of share awards or restricted shares granted by the comparable companies to their respective directors or senior management members during the Review Period.

Notes:

1. We consider such grant as an outlier which has been excluded in our analysis given the awarded shares represent a significantly large percentage of total issued share capital of the company and market value as compared with all other Comparable Grants. Such exclusion does not affect our view on the fairness and reasonableness of the Proposed Grants as detailed under sections 4.1.1 and 4.1.2 below.
2. The amount for each of these six senior management members was calculated based on the average of 842,542 awarded shares granted to them in total.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

4.1.1. Proposed Grants to independent non-executive Directors

To analyse whether the size of the Proposed Grants to each of Dr. Sidransky, Mr. Ye, Dr. Yin and Mr. Ren are fair and reasonable, we have compared the Proposed Grants with the Comparable Grants to independent non-executive directors of three companies we have identified, namely Beigene, Ltd., Innovent Biologics, Inc. and Wuxi Biologics (Cayman) Inc.

We noted that size, in terms of the percentage of the number of awarded shares or restricted share units to the total issued capital of companies as at the date on which the proposed grants were announced, of the Proposed Grants to each of Dr. Sidransky, Mr. Ye, Dr. Yin and Mr. Ren, of approximately 0.003% or 0.004% is larger than the size of grants to the independent non-executive directors of the three comparable companies, ranging from approximately 0.0001% to 0.001% with an average of approximately 0.0006%.

For further analysis, we have also reviewed the market value of the awarded shares or restricted share units of the grants as at the date of grant by the three comparable companies and we noted that (i) Beigene, Ltd granted restricted share units with then market value at US\$0.2 million (equivalent to approximately HK\$1.6 million) to each of its eight independent non-executive directors; (ii) Innovent Biologics, Inc. granted restricted shares with then market value at RMB0.1 million (equivalent to approximately HK\$0.1 million) to each of its three independent non-executive directors; and (iii) Wuxi Biologics (Cayman) Inc. granted restricted shares approximately HK\$0.4 million to each of its two independent non-executive directors and approximately HK\$0.2 million to one of its independent non-executive director.

Based on the above, despite the size of Proposed Grants, in terms of percentage of total share capital of companies, to each of Dr. Sidransky, Mr. Ye, Dr. Yin and Mr. Ren are larger than that of the Comparable Grants to independent non-executive directors, the market value of the RSUs proposed to be granted to each of these personnel as at the date of proposed grant, which amounted to approximately HK\$0.5 million, falls within the range of the Comparable Grants to independent non-executive directors. In addition, if we consider all Comparable Grants to directors and senior management, the Proposed Grants to each of Dr. Sidransky, Mr. Ye, Dr. Yin and Mr. Ren are within the range and lower than the average of the Comparable Grants in terms of both the percentage of total share capital of companies and market value of the RSUs proposed to be granted. Therefore, we are of the view that the size of Proposed Grants to each of Dr. Sidransky, Mr. Ye, Dr. Yin and Mr. Ren are on normal commercial terms and are fair and reasonable.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

4.1.2. Proposed Grant to Mr. Zhu

To analyse whether the size of the Proposed Grant to Mr. Zhu is fair and reasonable, we have compared the Proposed Grant to Mr. Zhu with the Comparable Grants to the executive directors and senior management, meaning excluding the grants to independent non-executive directors as such grants generally have a smaller size given that independent non-executive directors are generally not actively involved in the daily operations of the comparable companies.

On this basis, it is noted that the size, in terms of percentage of the number of awarded shares or restricted share units to the total issued capital of companies, of the Proposed Grant to Mr. Zhu of approximately 0.022%, falls within the range of the Comparable Grants of approximately 0.0001% to 0.4704%, and is lower than the average of approximately 0.0480%.

We have also compared the Proposed Grant to Mr. Zhu to Comparable Grants to the senior management of the comparable companies only, meaning excluding the grants to executive directors as such grants are generally more sizeable due to the additional responsibilities of being a director, in addition to excluding independent non-executive directors.

On this basis, it is noted that the size, in terms of percentage of the number of awarded shares or restricted share units to the total issued capital of companies, of the Proposed Grant to Mr. Zhu of approximately 0.022%, also falls within the range of the Comparable Grants of approximately 0.0001% to 0.3932%, and is close to the average of approximately 0.0235%.

For further analysis, we have also reviewed the market value of the awarded shares or restricted share units as at the date of grant of the Comparable Grants to senior management only, and noted that the amounts ranged from approximately HK\$47,000 to HK\$84.4 million, with an average of approximately HK\$5.8 million. Therefore, the market value of the RSUs proposed to be granted to Mr. Zhu as at the date of proposed grant, which amounted to approximately HK\$2.4 million, is within the range and lower than the average of the Comparable Grants.

Considering (a) the size of Proposed Grant to Mr. Zhu in terms of percentage of total share capital of companies, falls within the both ranges of the Comparable Grants to (i) executive directors and senior management; (ii) senior management only; and (iii) all directors and senior management, and lower than or close to the average of the ranges; (b) the market value of the RSUs proposed to be granted to Mr. Zhu as at the date of proposed grant falls within the range and lower than the average of the Comparable Grants, we are of the view that the size of Proposed Grant to Mr. Zhu is on normal commercial terms and is fair and reasonable.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

4.2. Vesting period and conditions

Based on our review of the vesting schedules of the 2021 RSU Scheme provided by the Company, we noted that the vesting schedules of the RSUs proposed to be granted to Dr. Sidransky, Mr. Ye, Dr. Yin and Mr. Ren are as follows:

| Vesting date | Vesting proportion |
|---------------------|---------------------------|
| June 8, 2022 | 25% |
| June 8, 2023 | 25% |
| June 8, 2024 | 25% |
| June 8, 2025 | 25% |

The vesting schedule of the RSUs proposed to be granted to Mr. Zhu is as follows:

| Vesting date | Vesting proportion |
|---------------------|---------------------------|
| June 8, 2022 | 35% |
| June 8, 2023 | 15% |
| June 8, 2024 | 25% |
| June 8, 2025 | 25% |

We noted that the vesting schedules of the RSUs proposed to be granted to the Connected Selected Persons are in line with the RSUs granted to other independent selected persons under the 2021 RSU Scheme.

The Management also confirmed that apart from the vesting schedule above, there are no other vesting conditions for the RSUs proposed to be granted to Connected Selected Persons or for the RSUs granted to other independent selected persons under the 2021 RSU Scheme.

For further analysis, we have also compared with the vesting or unlocking periods and other vesting conditions of the Comparable Grants. Set out below is the summary on the vesting periods and vesting conditions of the Comparable Grants.

| Everest Medicines Limited | 1952 | 3 executive directors and 6 senior management | Not disclosed | Not disclosed |

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

As shown above, the vesting or unlocking periods of the Comparable Grants was up to five years and a majority of them ranged from three to five years, and therefore the vesting period of the Proposed Grants of up to approximately four years from the date of proposed grant is within the range of the Comparable Grants.

As regard to the vesting conditions, we noted that there were no vesting conditions for all the Comparable Grants to independent non-executive Directors. Whilst for the Comparable Grants to senior management, some of them also did not have vesting conditions.

Based on the above, we are of the view that the Proposed Grants are on normal commercial terms and are fair and reasonable in terms of vesting period and conditions.

4.3. Section summary

Having considered the factors mentioned above, we concur with the Management's view that the Proposed Grants are on normal commercial terms, the terms of the Proposed Grants are fair and reasonable and in the interests of the Company and Independent Shareholders as a whole.

5. Potential impact of the Proposed Grants

5.1 Potential financial impact

According to the 2020 Annual Report, the cost of the Group's equity-settled transactions with employees for grants is measured by reference to the fair value at the date at which they are granted. The cost of equity-settled transactions is recognised in employee benefit expense, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled. The Proposed Grants shall have no effect on the cash flow of the Group. The Management expects that there will be no material impact on the earnings and net asset value of the Company following the Proposed Grants.

5.2 Potential shareholding impact

As at the Latest Practicable Date, the Company had 263,288,872 Shares in issue. The aggregate underlying Shares of the Proposed Grants, being 92,690 Shares, represent approximately 0.04% of the total issued share capital of the Company as at the Latest Practicable Date, and approximately 0.04% of the enlarged total issued share capital of the Company (assuming there will be no change to the total issued share capital from the Latest Practicable Date up to the exercise of the RSUs proposed to be granted to each of the Connected Selected Persons other than the allotment and issuance of Shares by the Company to the Trustee for the purpose of exercising the RSUs proposed to be granted to the Connected Selected Persons). As such, the potential shareholding impact and dilution to the Independent Shareholders' shareholding is insignificant.

LETTER FROM THE INDEPENDENT FINANCIAL ADVISER

RECOMMENDATION

Having considered the above principal factors, we are of the view that the terms of the Proposed Grants are fair and reasonable and in the interests of the Company and the Shareholders as a whole, and the Proposed Grants are on normal commercial terms and in the ordinary and usual course of business of the Group. Accordingly, we recommend the Independent Shareholders, as well as the Independent Board Committees to advise the Independent Shareholders, to vote in favour of the relevant resolutions to be proposed at the EGM.

Yours faithfully,
For and on behalf of
