REASONS FOR AND BENEFITS OF THE DISPOSAL

The Company is an investment holding company, the Group mainly engages in mining, processing, trading and sales of marble stones and trading of commodities. The Target Company Group is principally engaged in investment properties holding for earning rental income which is not a core business of the Group. As indicated in the Company's 2020 annual results announcement and 2021 interim results announcement, the Group's overall business was also adversely affected by the pandemic and not yet fully recovered. The Group has since then aligned its business strategy toward its core business after successfully renewed the mining license for its largest marble mine in 2020. The Directors considered that it is beneficial to the Group and its shareholders as a whole to monetise non-core assets in order to generate immediate liquidity and also help in lowering the Group's debt level and

strengthening its financial position. The Directors also considered that the Disposal is an appropriate opportunity to realise certain its investment in the Target Company Group and that the Disposal would not have any material adverse impact on the business of the Group as a whole. The Board is of the view that the terms of the Agreement are fair and reasonable, and the Disposal is in the interests of the Company and its Shareholders as a whole.

FINANCIAL EFFECT OF THE DISPOSAL AND USE OF PROCEEDS

Based on the Consideration of RMB45 million, the Group is expected to recognise a net loss of approximately RMB2.9 million upon Completion. Such potential loss represents the discount of the Consideration of RMB45 million over the unaudited adjusted net assets value of the Target Company Group attributable to the Sale Interest of approximately RMB47.9 million as at 30 June 2021.

Shareholders should note that the above figures are for illustrative purpose only. The actual amount of gain or loss as a result of the Disposal to be recorded by the Group will be subject to the review and final audit by the auditors of the Company.

The Group intends to use the net proceeds from the Disposal for repayment of debts of the Group and general working capital.

LISTING RULES IMPLICATIONS

Since the highest applicable percentage ratio (as defined under Rule 14.07 of the Listing Rules) in respect of the Disposal exceeds 5% but falls below 25%, the Disposal constitutes a discloseable transaction of the Company under Chapter 14 of the Listing Rules and is therefore subject to the reporting and announcement requirements under Chapter 14 of the Listing Rules.

Completion of the Disposal is subject to the fulfillment or waiver of the conditions precedent (as the case may be) set out in the Agreement and therefore may or may not proceed to Completion. Shareholders and potential investors of the Company are advised to exercise caution when dealing in the Shares of the Company.
