REASONS FOR AND BENEFITS OF ENTERING INTO THE TENANCY AGREEMENTS

The entering into of the Tenancy Agreements 1 to 5 for the lease of Premises 1 to 5 can provide the business unit of the Group with enhanced and necessary office and warehouse facilities in the same building for operational efficiency and effectiveness as well as the expansion of business operation in our medical business of the Group.

Having considered the availability and prevailing market rent for similar properties in the vicinity for months, the relocation cost of offices and cash flow of the Group, the Company considers it to be commercially necessary and beneficial to enter into the Tenancy Agreements 1 to 5 so that all non wholly-owned subsidiaries can use the Premises 1 to 5 in the same building for operational efficiency and effectiveness.

The terms (including the monthly rents) of the above Tenancy Agreements 1 to 5 were determined upon arm's length negotiations with reference to the market rates at the same or similar type of premises in the vicinity. The Directors (including the independent non-executive Directors) are of the view that: (i) the terms of the Tenancy Agreements 1 to 5 are on normal commercial terms that are fair and reasonable; and (ii) the connected transactions contemplated under each of the Tenancy Agreements 1 to 5 are conducted in the ordinary and usual course of business of the Group, and in the interests of the Company and the Shareholders as a whole.
