RENEWAL OF CONTINUING CONNECTED TRANSACTIONS FRAMEWORK PURCHASE AGREEMENTS

FRAMEWORK PURCHASE AGREEMENTS

References are made to the announcements of the Company dated 25 November 2020, 28 July 2021 and 29 September 2021 relating to, among others, the Previous Framework Purchase Agreements entered into between Hunan Shengli, a non wholly-owned subsidiary of the Company, and certain members of the Valin Group, for the purchases of steel plates and steel coils, which have all expired on 24 November 2021. On 25 November 2021, Hunan Shengli entered into the Framework Purchase Agreements with certain members of the Valin Group, pursuant to which (i) Hunan Xiangtan agreed to supply certain steel plates to Hunan Shengli; (ii) Valin International and Valin E-commerce agreed to supply certain steel plates and steel coils to Hunan Shengli; and (iii) Hunan Lianyuan agreed to supply certain steel coils to Hunan Shengli. The terms of the Framework Purchase Agreements are from 25 November 2021 to 30 June 2022.

IMPLICATIONS UNDER THE LISTING RULES

Hunan Xiangtan, Hunan Lianyuan and Valin E-Commerce are wholly-owned subsidiaries of Hunan Valin, which is owned as to approximately 39.1%, 10.7% and 0.7% by Valin Steel, Lianyuan Steel and Hunan Hengyang, respectively, and Lianyuan Steel and Hunan Hengyang are both wholly-owned by Valin Steel. Hunan Valin is therefore a subsidiary of Valin Steel, which in turn is the holder of the entire equity in Xiangtan Steel, the substantial shareholder of Hunan Shengli. Hunan Shengli is a non wholly-owned subsidiary of the Company. Therefore, Hunan Xiangtan, Hunan Lianyuan and Valin E-Commerce are all associates of Xiangtan Steel pursuant to the Listing Rules, and are connected persons of the Company at the subsidiary level. As regards Valin International, it is wholly-owned by Hunan Xiangtan and is therefore a connected person of the Company at the subsidiary level pursuant to the Listing Rules. Accordingly, the transactions under the Framework Purchase Agreements constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules.

Although one or more of the applicable percentage ratios for the transactions under the Framework Purchase Agreements exceeds 5%, on an annual basis, as such transactions are continuing connected transactions at the subsidiary level and the Board (including all the independent non-executive Directors) had approved the transactions and confirmed that such transactions are on normal commercial terms and conducted in the usual course of business of the Group, fair and reasonable and in the interests of the Company and the Shareholders as a whole, pursuant to Rule 14A.101 of the Listing Rules, the transactions under the Framework Purchase Agreements are subject to the reporting and announcement requirements, but are exempted from the circular, independent financial advice and independent shareholders' approval requirements under Chapter 14A of the Listing Rules.

References are made to the announcements of the Company dated 25 November 2020, 28 July 2021 and 29 September 2021 relating to, among others, the Previous Framework Purchase Agreements entered into between Hunan Shengli, a non wholly-owned subsidiary of the Company, and certain members of the Valin Group, for the purchase of steel plates and steel coils, which have all expired on 24 November 2021.

On 25 November 2021, Hunan Shengli entered into the Framework Purchase Agreements with certain members of the Valin Group, pursuant to which (i) Hunan Xiangtan agreed to supply certain steel plates to Hunan Shengli; (ii) Valin International and Valin E-commerce agreed to supply certain steel plates and steel coils to Hunan Shengli; and (iii) Hunan Lianyuan agreed to supply certain steel coils to Hunan Shengli. The terms of the Framework Purchase Agreements are from 25 November 2021 to 30 June 2022.

PRINCIPAL TERMS OF FRAMEWORK PURCHASE AGREEMENTS

Date: 25 November 2021

Parties:

- i. For the Framework Purchase Agreement I, the parties are Hunan Shengli and Hunan Xiangtan;
- ii. For the Framework Purchase Agreement II, the parties are Hunan Shengli and Valin International;
- iii. For the Framework Purchase Agreement III, the parties are Hunan Shengli and Hunan Lianyuan; and
- iv. For the Framework Purchase Agreement IV, the parties are Hunan Shengli and Valin E-commerce.

Subject: Pursuant to the Framework Purchase Agreement I, Hunan Xiangtan agreed to supply approximately 10,000 tons of steel plates to Hunan Shengli of various quality and specifications for the period from 25 November 2021 to 30 June 2022.

Pursuant to the Framework Purchase Agreement II, Valin International agreed to supply approximately 45,000 tons of steel plates and steel coils to Hunan Shengli of various quality and specifications for the period from 25 November 2021 to 30 June 2022.

Pursuant to the Framework Purchase Agreement III, Hunan Lianyuan agreed to supply approximately 4,000 tons of steel coils to Hunan Shengli of various quality and specifications for the period from 25 November 2021 to 30 June 2022.

Pursuant to the Framework Purchase Agreement IV, Valin E-commerce agreed to supply approximately 21,000 tons of steel plates and steel coils to Hunan Shengli of various quality and specifications for the period from 25 November 2021 to 30 June 2022.

Term: The Framework Purchase Agreements shall respectively take effect from 25 November 2021 and shall expire on 30 June 2022.

Pricing basis:

With reference to the market condition as of November 2021, the price range of the steel plates and/or steel coils to be supplied under the Framework Purchase Agreements is between RMB5,500 to RMB8,500 per ton.

Any adjustment to the price range and/or other term of the Framework Purchase Agreements due to, among others, the fluctuations of the raw materials shall be made in writing and signed by the parties.

Pursuant to the Framework Purchase Agreements, there are two methods for fixing the price for a transaction which Hunan Shengli may select from. These methods are:

1. The price of the steel plates and/or steel coils is fixed on a monthly basis and adjusted on the 1st, 11th and 21st day of a month with reference to the prevailing market price. If the price of the steel plates and/or steel coils is fixed on a monthly basis, the settlement sum will be determined based on the price record of the relevant member of the Valin Group for that particular 10-day period less volume discount. This method however does not apply to Framework Purchase Agreement III; and
2. The price of the steel plates and/or steel coils is fixed with reference to the prevailing market price at the time when the transaction occurs. If the price of the steel plates and/or steel coils is fixed at the time when the transaction occurs, the settlement sum will be determined according to the price fixed at the time when the transaction occurs.

Payment terms: Pursuant to the Framework Purchase Agreements I, II and III, the steel plates and/or steel coils shall be delivered upon full payment of the relevant total contract price and the payment may be settled by way of cash, bank draft or acceptance bill, among which at least 35% of the total contract price of the relevant purchase order under each of the Framework Purchase Agreements I, II and III shall be settled by way of cash (any shortfall of which shall be subject to discount charges at the rate of the month when the transaction occurs). The remaining balance of up to 65% of the relevant total contract price of the relevant purchase order under each of the Framework Purchase Agreements I, II and III may be settled by way of acceptance bill. The acceptance bill will be free of discount charges for the first 90 days, after which discount charges at the rate of the month when the transaction occurs will be imposed.

Pursuant to the Framework Purchase Agreements IV, the steel plates and/or steel coils shall be delivered upon full payment of the relevant total contract price and the payment may be settled by way of cash, bank draft or acceptance bill. If payment is to be settled by way of cash and bank draft, at least 10% to 30% of the total contract price shall be paid upon execution of the relevant purchase order, and the remaining balance shall be settled within four to six months thereafter. If payment is to be settled by way of acceptance bill, the payment terms (including discount charges) of the relevant transaction will be further determined by arms length negotiations between the parties with reference to, among others, the amount of contract price payable and the prevailing market rate.

PROPOSED ANNUAL CAPS UNDER THE FRAMEWORK PURCHASE AGREEMENTS

The following sets forth the Group's Annual Caps under the Framework Purchase Agreements:

	For the year ending 31 December	
	2021 (Note)	2022 (Note)
	RMB	RMB
	(thousand)	(thousand)
Annual Caps	66,300	613,700

Note: The figures are rounded to the nearest thousand.

BASIS OF CAPS

The proposed Annual Caps under the Framework Purchase Agreements are determined with reference to, among others, (i) the historical transaction amounts for the purchases of steel plates and/or steel coils from the Valin Group; (ii) the expected purchase planning under the Framework Purchase Agreements taking into account, among others, the purchase orders received by the Group from its customers; and (iii) the prevailing market price of steel.

As mentioned above, the price of the steel plates and/or steel coils under the Framework Purchase Agreements will be determined with reference to the prevailing market prices. These market prices are not a fixed price but are in a range of prices. To determine the exact purchase prices for each transaction and to ensure that the price charged by the Valin Group would not be less favourable than the price charged by the independent third parties in the market for similar products, Hunan Shengli will obtain price quotations from at least three independent third party suppliers in the market selected from the list of steel plates and/or steel coils suppliers maintained by Hunan Shengli to determine the prices of the required quality and specification of steel plates and/or steel coils. The price quotations include unit price of the required quality and specification of steel plates and/or steel coils, the expected transportation cost and the expected delivery time. These potential suppliers will be selected based on Hunan Shengli's experience from previous transactions which they believe will be able to supply the required quality and specification of steel plates and/or steel coils at a competitive prices and terms. Hunan Shengli will not proceed to decide the choice of supplier(s) and agree the prices without first obtaining any price quotations from independent third party supplier(s). All these prices and terms will be finally assessed and approved by the internal management of Hunan Shengli to ensure that the actual purchase prices of steel plates and/or steel coils will be in accordance with the pricing policy under the Framework Purchase Agreements and that the transaction will be conducted on normal commercial terms and will not be prejudicial to the interests of the Group and the Shareholders as a whole.

REASONS FOR AND BENEFIT OF THE FRAMEWORK PURCHASE AGREEMENTS

By entering into the Framework Purchase Agreements, it is expected that Hunan Shengli will be able to secure a stable source of steel plates and steel coils of satisfactory quality, such that it can supply submerged-arc helical welded pipes (“**SAWH pipes**”) and submerged-arc longitudinal welded pipes (“**SAWL pipes**”) to its customers on time. Further, the Valin Group has a proven track record as demonstrated from its previous transactions with the Group, as it has been able to supply high quality steel plates and/or steel coils in a timely manner at more favorable terms. Accordingly, the Directors consider that it is in the interest of the Group and the Shareholders as a whole to enter into the Framework Purchase Agreements with the Valin Group.

The Directors (including all the independent non-executive Directors) had approved the Framework Purchase Agreements and confirmed that they are on normal commercial terms and entered into in the ordinary and usual course of business of the Group and their terms are fair and reasonable and in the interest of the Shareholders as a whole.

As no Director has a material interest in the transaction under the Framework Purchase Agreements, none of the Directors has abstained from voting on the relevant board resolutions approving the Framework Purchase Agreements.
