The Group is (i) a contractor of foundation works in Hong Kong capable of foundation jobs which mainly include excavation and lateral support (ELS) works, sheet piling, pipe piling, pre-boring, pre-bored H-piling, mini-piling, and bored piling; and (ii) a subcontractor for site formation works and other geotechnical engineering works such as slope works and other minor geotechnical works such as shotcreting.

### **Outlook**

The Directors are of the view that the general outlook of the industry and the business environment in which the Group operates remain difficult and challenging. Since January 2020, the outbreak of COVID-19 has had a drastic effect on the Hong Kong economy and imposed negative impacts to the construction industry, including supply chain disruptions, workforce shortages due to illness and preventative quarantines and work stoppages due to measures imposed by the Government of the Hong Kong Special Administrative Region. The Group has not encountered or experienced any material difficulty and/or delay in completion of the projects to the customers and from the subcontractors and any material supply chain disruptions of the suppliers due to the outbreak of COVID-19. The Group will also closely monitor the projects' progress and communicate with suppliers and subcontractors, maintain close communication with customers on the latest project works schedules and arrangements, proactively follow up with potential customers on the tenders and quotations submitted, and actively respond to any business enquiries, tender and quotation invitations to maintain market competitiveness. The Group will continue to strive to improve its operational efficiency and business profitability and will also proactively seek for potential business opportunities that can broaden the sources of income of the Group and enhance value to the Shareholders.
