2. BASIS OF PREPARATION AND PRINCIPAL ACCOUNTING POLICIES

The unaudited condensed consolidated financial statements have been prepared in accordance with Hong Kong Accounting Standard 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants as well as with the applicable disclosure requirements of Chapter 18 of the GEM Listing Rules.

The unaudited condensed consolidated financial statements are presented in Hong Kong dollars (“**HK\$**”), which is different from the functional currency of the Company, United States Dollars (“**US\$**”). The Directors consider that presenting the unaudited condensed consolidated financial statements in HK\$ is preferable as the Company’s shares are listed on GEM of the Stock Exchange.

The accounting policies and basis of preparation adopted in the preparation of these unaudited condensed consolidated financial statements for the three months ended 31 March 2022 are consistent with those followed in the preparation of the Group’s annual financial statements for the year ended 31 December 2021, which have been prepared in accordance with Hong Kong Financial Reporting Standards (“**HKFRSs**”), except for the adoption of the following new and amendments to HKFRSs effective from 1 January 2022, as noted below.

Amendments to HKFRS 3	Reference to Conceptual Framework
Amendments to HKAS 16	Property, plant and Equipment: Proceeds before Intended Use
Amendments to HKAS 37	Onerous Contracts — Cost of Fulfilling a Contract
Amendment to HKFRS 16	COVID-19-Related Rent Concessions beyond 30 June 2021
Amendment to HKFRSs	Annual Improvements to HKFRSs 2018–2020 cycle

The application of the new and amendments to HKFRSs in the current period has had no significant financial effect on these unaudited condensed consolidated financial statements for the three months ended 31 March 2022.

The Group has not early applied those new and revised HKFRSs that have been issued but are not yet effective.

The Directors anticipate that the application of those new standard(s), amendments and interpretation(s) will have no material impact on the unaudited condensed consolidated financial statements.

Management Discussion and Analysis

BUSINESS REVIEW

Our Group is based in Hong Kong and generates revenue mainly from (i) the sales of apparel and related products with the provision of SCM services to customers, delivering one-stop solution to customers in Europe and Asia; and (ii) the agency fees from the sales of construction and related materials to the construction materials sourcing agents in South East Asia.

As a well-established apparel SCM services provider, we have developed a vertically integrated business model with services ranging across market trend analysis, product design and development, sourcing of suppliers, production management, logistics services and quality control. Through engaging us for apparel SCM services, our customers are able to focus their resources on their retail businesses and respond quickly to the fast-evolving changes of the fashion industry, as they do not have to separately engage different suppliers for various types of services throughout the apparel supply chain.

Besides, during the three months ended 31 March 2022, our Group leveraged on our experience in SCM and extended our business to the supply of construction materials in order to diversify our income stream. Our customers for construction materials are primarily construction materials sourcing agents in Cambodia.

Management Discussion and Analysis

FINANCIAL REVIEW

Revenue

The Group's revenue increased by 5.9% from HK\$24.5 million for the three months ended 31 March 2021 to HK\$25.9 million for the three months ended 31 March 2022. The increase was mainly attributable to the increased revenue from customers in Hong Kong for apparels and related products.

Cost of sales

Our cost of sales mainly consists of purchase costs, import duty and other cost of sales. Purchase cost represents the cost of apparel products purchased from our suppliers mainly located in the People's Republic of China, Madagascar and Cambodia, and the cost of construction materials purchased from our suppliers located in Malaysia.

Cost of sales increased by 14.0% from HK\$21.5 million for the three months ended 31 March 2021 to HK\$24.5 million for the three months ended 31 March 2022, which was in line with the increase in sales for the three months ended 31 March 2022.

Gross profit and gross profit margin

Gross profit was HK\$2.9 million and HK\$1.4 million for the three months ended 31 March 2021 and 2022, respectively. Gross profit margin dropped from 12.0% for the three months ended 31 March 2021 to 5.3% for the three months ended 31 March 2022, which was mainly attributable to the decrease in gross profit margin of the apparel and related products business due to the pessimistic sentiment on the global retail markets, which made our customers tend to make orders with lower average selling prices that led to a tumble in the gross profit margin.

Other income

Other income increased from HK\$33,000 for the three months ended 31 March 2021 to HK\$45,000 for the three months ended 31 March 2022, mainly due to the increase in sample sales income.

Other gains and losses

Other gains and losses mainly represent the net foreign exchange difference resulted from fluctuations in the exchange rate of the foreign currency incurred in our operation.

Management Discussion and Analysis

Selling and distribution expenses

Selling and distribution expenses mainly include staff costs, customer service fee, freight and transportation cost, travelling expenses, exhibition fees, design fee, sample and development cost and other selling and distribution expenses.

Selling and distribution expenses remained stable at approximately HK\$0.3 million for both the three months ended 31 March 2021 and 2022, respectively.

Administrative expenses

Administrative expenses mainly include professional fees, staff costs (including Directors' remuneration), amortisation of intangible assets, depreciation, rent and rates and other administrative expenses.

Administrative expenses amounted to HK\$2.4 million and HK\$1.8 million for the three months ended 31 March 2021 and 2022, respectively. The decrease was mainly due to the decrease in professional fees and staff salaries.

Finance costs

The Group's finance costs amounted to approximately HK\$0.1 million and HK\$0.3 million for the three months ended 31 March 2021 and 2022, respectively.

Income tax expense/credit

Income tax expense amounted to approximately HK\$24,000 and income tax credit amounted to approximately HK\$30,000 for the three months ended 31 March 2021 and 2022, respectively.

(Loss) profit for the period

Loss for the three months ended 31 March 2022 amounted to HK\$1,020,000 (profit for the three months ended 31 March 2021: HK\$49,000). Such decrease in profit was mainly attributable to the decrease in gross profit as explained above.

Charge on the Group's assets

As at 31 March 2022, the Group pledged the property comprising workshops 1–3 and 5–7 on 3rd Floor of China United Plaza, No. 1008 Tai Nan West Street, Kowloon, Hong Kong to a bank for the bank finance facility for the Group.

Management Discussion and Analysis

Pursuant to the ordinary resolutions passed at the extraordinary general meeting of the Company held on 3 August 2020, the Company implemented the share consolidation with effect from 5 August 2020, on the basis that every ten issued and unissued existing shares of the Company of HK\$0.01 each were consolidated into one consolidated share of HK\$0.1 each, ranked pari passu in all respects with each other. Upon completion of the share consolidation, the Company's share capital consists of 100,000,000 consolidated shares of HK\$0.1 each.

As at 31 March 2022, the Company's issued share capital was HK\$10,000,000 and the number of its issued shares was 100,000,000 of HK\$0.1 each.

Significant investment held

As at 31 March 2022, the Group did not hold any significant investment.

Contingent liabilities

The Group did not have any material contingent liabilities or guarantees as at 31 March 2022.

Foreign exchange exposure

The revenue of the Group is mainly denominated in US\$, while a certain amount of the revenue is denominated in HK\$ and Euro (“**EUR**”).

The Group considered that the foreign exchange risk with respect to US\$ is not significant as HK\$ is pegged to US\$.

For the transaction denominated in EUR during the three months ended 31 March 2022, the Group considers that there is no significant foreign exchange risk in respect of EUR.

Nevertheless, the Group will endeavour to manage the foreign exchange risk by closely monitoring the movement of foreign currency rates and will consider hedging significant foreign currency exposure should the need arise.

Management Discussion and Analysis

PROSPECTS

The global markets and economies are still struggling to recover in the midst of COVID-19 pandemic. The new wave of Omicron variant of COVID-19 weighs on the business sentiment. We expect the pessimistic sentiment is still hovering on, until more solid signs of progress that the pandemic situation is to be brought under control.

The Group's profitability has been severely affected by COVID-19. The travel restriction caused by COVID-19 has hindered our overseas customers from visiting us or us from visiting them for making sales orders. We expect the forthcoming business environment would remain challenging, as a number of customers are looking for longer credit period. Moreover, in view of the weakening retail markets, customers would tend to make orders with lower average selling prices, which led to a tumble in our gross profit margin of the apparel and related products business.

To cope with the lingering business downturn, our management has already taken cost-control measures since 2020 to reduce our operating costs. Going forward, the Group will continue to keep a close eye on the appropriate ways to apply such measures.

Moreover, in order to diversify the income stream of the Group, the Group has started exploring new business opportunities in the business of construction and related materials to ASEAN countries since 2020. The Directors are of the view that, the expansion into the construction and related materials business would bring more stable revenue to the Group, as the sales of construction materials is less affected by the COVID-19 pandemic and the US-China trade war.

Nevertheless, to confront the external uncertainties, we are closely monitoring our existing business operations and the possible impacts brought by the COVID-19 pandemic, and taking appropriate actions to tackle such impacts. On production side, measures are taken to make sure the impact on the production and shipment is mitigated as much as possible, such as more comprehensive planning on production schedules with suppliers and the logistics of raw materials and finished goods. On customer side, our team is following up proactively with our major customers via electronic means, in order to minimize the impact on the sales orders at our best endeavours.

Management Discussion and Analysis

The Group's cash and cash equivalent as at 31 March 2022 was HK\$0.4 million (31 March 2021: HK\$8.3 million).
