## **BUSINESS OVERVIEW AND OUTLOOK**

In terms of financial performance, we recorded a revenue of approximately RMB91.5 million in the first quarter of 2022, representing a year-on-year increase of approximately 7.8% as compared to the first quarter of 2021, and a quarter-on-quarter increase of approximately 4.4% as compared to the fourth quarter of 2021. The increase in revenue was primarily due to the Group's holding of certain online operational activities and continuous optimization of the gaming products and gameplay during the Reporting Period.

In the first quarter of 2022, we recorded an unaudited non-IFRS adjusted net profit of approximately RMB16.4 million, whereas we recorded an unaudited non-IFRS adjusted loss of approximately RMB16.1 million for the same period in 2021. The change in the position of unaudited non-IFRS adjusted net profit in the first quarter of 2022 as compared to the position of unaudited non-IFRS adjusted loss for the same period in 2021, was mainly due to a year-on-year increase in revenue and the smaller extent of the decrease in the fair value of financial assets such as equity investment partnerships as compared to the same period in 2021, excluding the impact of non-operating one-off factors such as a decrease in fair value of financial assets such as equity investment partnerships, the unaudited non-IFRS adjusted net profit in the first quarter of 2022 represented a year-on-year increase of approximately 31.0%, which was mainly due to a year-on-year increase in revenue. The unaudited non-IFRS adjusted net profit in the first quarter of 2022 represented a quarter-on-quarter increase of approximately 21.4% as compared to the fourth quarter of 2021, which was mainly due to a quarter-on-quarter increase in revenue and a quarter-on-quarter decrease in employee compensation and benefits.

In terms of operating data performance, we recorded an increase in the number of paying players and users during the first quarter of 2022 as compared to the fourth quarter of 2021. In particular, the number of paying players increased by approximately 8.5% from approximately 0.2 million in the fourth quarter of 2021 to approximately 0.3 million in the first quarter of 2022. The number of DAUs increased by approximately 6.2% from approximately 1.3 million in the fourth quarter of 2021 to approximately 1.4 million in the first quarter of 2022. The number of MAUs increased by approximately 9.5% from approximately 4.0 million in the fourth quarter of 2021 to approximately 4.4 million in the first quarter of 2022. The ARPPU grew in both mobile versions of Texas Hold'em and other card and board games.

The Company will continue to intensify in-depth market research, enrich and innovate the contents and rules of the games, and explore the domestic and overseas operational models for card and board games on an ongoing basis, while striving to improve the players' gaming experience, further refine our products and diversify our operation to improve the game quality in an all-round way and make every effort to build our brand for online and offline competition series. On top of consolidating our existing market, more efforts will be made to further expand our overseas market as well as other card and board games business. The Company will strictly comply with various laws and regulations of the People's Republic of China (the "PRC") and develop high-quality intellectual and competitive games and competition products. We will continue the journey to forge a century-old brand for card and board games.

## **MANAGEMENT DISCUSSION AND ANALYSIS**

### **Revenue**

Our revenue for the three months ended 31 March 2022 amounted to approximately RMB91.5 million, representing an increase of approximately 7.8% from approximately RMB84.9 million recorded in the same period in 2021. The year-on-year increase was primarily due to the Group's holding of certain online operational activities during the Reporting Period, and continuous optimization of its gaming products and gameplay. For the three months ended 31 March 2022, revenue generated from our mobile games and web-based games accounted for approximately 68.0% and 32.0% of our total revenue, respectively, as compared with approximately 59.2% and 40.8%, respectively, for the three months ended 31 March 2021.

### **Cost of revenue**

Our cost of revenue for the three months ended 31 March 2022 amounted to approximately RMB31.3 million, representing a year-on-year increase of approximately 14.6% from approximately RMB27.3 million recorded for the same period in 2021. The year-on-year increase was primarily due to the increase in revenue and commission fees paid to our payment collection channels attributable to the increase in the average rate of commission.

### **Gross profit and gross profit margin**

As a result of the foregoing, our gross profit for the three months ended 31 March 2022 amounted to approximately RMB60.2 million, representing a year-on-year increase of 4.6% from approximately RMB57.6 million recorded for the same period in 2021.

For the three months ended 31 March 2022 and the same period in 2021, our gross profit margin were approximately 65.8% and 67.8%, respectively.

### **Selling and marketing expenses**

For the three months ended 31 March 2022, our selling and marketing expenses amounted to approximately RMB8.9 million, representing a year-on-year increase of 9.8% from approximately RMB8.1 million recorded for the same period in 2021. The year-on-year increase was mainly attributable to the slight increase in advertising and promotional activities expenses.

## **Administrative expenses**

For the three months ended 31 March 2022, our administrative expenses amounted to approximately RMB22.6 million, representing a year-on-year increase of 3.9% from approximately RMB21.7 million recorded for the same period in 2021. For the three months ended 31 March 2022, we recorded other losses, net of approximately RMB12.3 million, compared to other losses, net of approximately RMB41.3 million recorded for the same period in 2021. The reduction in other losses, net for the three months ended 31 March 2022 as compared to same period in 2021 is due to the reduction in loss in fair value on investment at fair value through profit or loss. The other losses, net primarily consisted of fair value changes on non-quoted investments in equity investment partnerships and certain wealth management products we purchased included in investments at fair value through profit or loss, net foreign exchange gain/(loss), dividend income and government subsidies.

## **Finance income – net**

For the three months ended 31 March 2022, our net finance income was approximately RMB5.4 million compared to approximately RMB4.8 million recorded for the same period of 2021. The change was primarily due to a slight increase in interest income compared to the same period in 2021.

To supplement our consolidated financial statements which are presented in accordance with IFRS, we also use unaudited non-IFRS adjusted net profit/(loss) as an additional financial measure to evaluate our financial performance by eliminating the impact of items that we do not consider indicative of the performance of our business. The term “adjusted net profit/(loss)” is not defined under IFRS. Other companies in the industry which the Group operates in may calculate such non-IFRS items differently from the Group. The use of adjusted net profit/(loss) has material limitations as an analytical tool, as adjusted net profit/(loss) does not include all items that impact our profit/loss for the reporting period and should not be considered in isolation or as a substitute for the analysis of the Group’s results as reported under IFRS.

Our unaudited non-IFRS adjusted net profit for the three months ended 31 March 2022 was approximately RMB16.4 million was derived from our unaudited profit for the same period excluding share-based compensation expenses of approximately RMB0.2 million included in administrative expenses, as compared to our unaudited non-IFRS adjusted net loss for the three months ended 31 March 2021 of approximately RMB16.1 million.

## **Cash and cash equivalents**

As at 31 March 2022, we had cash and cash equivalents of approximately RMB305.8 million (31 December 2021: approximately RMB248.3 million), which primarily consisted of cash at bank and in hand and short-term bank deposits, which were mainly denominated in Renminbi (as to 19.8%), USD (as to 42.4%) and other currencies (as to 37.8%). We currently do not hedge transactions undertaken in foreign currencies. Due to our persistent efforts in managing our exposure to foreign currencies through constant monitoring to limit as much as possible the amount of foreign currencies held by us, fluctuations in currency exchange rates do not have any material adverse impact on our financial results.

As at 31 March 2022, the total amount of the net proceeds from our initial public offering had been fully utilised.

## **Equity investments at fair value through other comprehensive income**

We accounted for equity investments at fair values through other comprehensive income at their respective fair values. As at 31 March 2022, the fair value of our listed and unlisted investments classified as equity investments at fair values through other comprehensive income amounted to approximately RMB20.9 million (31 December 2021: approximately RMB27.6 million). These equity investments at fair value through other comprehensive income mainly consisted of both listed and unlisted equity securities, which are mainly represented by our equity investments in Xiaomi Corporation (Hong Kong Stock Exchange: 1810) and Qudian Inc. (New York Stock Exchange: QD).

We consider that, none of the other listed and unlisted investments classified as equity investments at fair value through other comprehensive income in our investment portfolio is a significant investment as none of such investments have a carrying amount that accounts for more than 5.0% of our total assets as at 31 March 2022.

## **Investments at fair value through profit or loss**

As at 31 March 2022, we also recorded investments at fair value through profit or loss of approximately RMB427.1 million (31 December 2021: approximately RMB454.5 million), which consisted of non-quoted investments in asset management plans, equity investment partnerships and wealth management products. As at 31 March 2022, the fair values of the investments in asset management plans were determined by an independent professional valuer engaged by the Company using discount cash flows model; the fair values of the investments in equity investment partnerships were determined by an independent professional valuer engaged by the Company using market approach and discount cash flows model; and the fair values of investments in wealth management products, which have no initial terms, were determined based on the estimated rate of return of investments. For the three months ended 31 March 2022, we recorded fair value losses on investments at fair value through profit or loss of approximately RMB16.1 million (fair value losses for the three months ended 31 March 2021: approximately RMB39.9 million).

The investments in wealth management products under investments at fair value through profit or loss were made in line with our treasury and investment policies, after taking into account, among others, the level of risk, return on investment, liquidity and the term to maturity. Generally, the Company has in the past selected wealth management products that are principal guaranteed and relatively low risk products. Prior to making an investment, the Company had also ensured that there remains sufficient working capital for the Company's business needs even after the investments in wealth management products. During the three months ended 31 March 2022, each of the investments made by the Company does not constitute a notifiable transaction or a connected transaction of the Company under the Listing Rules. As agreed with the financial institutions, the underlying investment portfolio of the wealth management products of the Company were primarily represented by inter-bank loan market instruments and exchange traded fixed-income financial instruments, such as inter-bank loans, government bonds, central bank bills and similar products, which were highly liquid with a relatively short term of maturity, and which were considered to be akin to placing deposits with banks whilst enabling the Group to earn an attractive rate of return.

On 28 December 2016, the Group, through Shenzhen Dong Fang Bo Ya Technology Co., Limited\* (深圳市東方博雅科技有限公司), established a limited partnership namely Jiaying Boyaa ChunLei Equity Investments Limited Partnership Enterprise\* (嘉興博雅春雷股權投資合夥企業(有限合夥)) (“**Jiaying Boyaa**”) with Shanghai Tailai Tianji Asset Management Co., Limited\* (上海泰來天濟資產管理有限公司). During the three months ended 31 March 2022, the Group’s accumulated contribution of RMB300.0 million represented 99.0% of the total capital contribution of Jiaying Boyaa. The fair value of the investment in Jiaying Boyaa as at 31 March 2022 was approximately RMB17.3 million. Jiaying Boyaa was established for carrying out equity investments, venture capital investments and investments in securities, subject to certain investment restrictions. We will continue to closely monitor the performance of Jiaying Boyaa on an on-going basis.

On 25 October 2018, the Group, through Boyaa On-line Game Development (Shenzhen) Co., Ltd\* (博雅網絡遊戲開發(深圳)有限公司), had subscribed for one RMB wealth management product issued by Industrial and Commercial Bank of China at the amount of RMB200.0 million (the “**Wealth Management Product**”). As at 31 March 2022, the fair value of the Wealth Management Product was approximately RMB224.0 million. The Wealth Management Product was assessed by the Company as very low-risk product. The Board considered that the Wealth Management Product would provide a good short-term investment opportunity for the Group and enhance the funds utilisation efficiency and bring extra investment returns. As at 31 March 2022, the bank accounts which holds the Wealth Management Product had been frozen. For details as to the circumstance leading to the freezing of the accounts, please refer to Note 21 under the section headed “Notes to the Condensed Consolidated Financial Statements” of this announcement and the announcements of the Company dated 1 September 2019, 13 December 2019, 3 January 2020, 6 January 2020, 9 November 2020, 3 September 2021, 30 November 2021, 24 March 2022 and 29 March 2022 respectively.

We consider that, save for our subscription of the above Wealth Management Product, no other single investment that was designated as investments at fair value through profit or loss in our investment portfolio is a significant investment as none of such investments has a carrying amount that accounts for more than 5.0% of our total assets as at 31 March 2022.

**21. MATERIAL EVENTS**

In March 2019, the Company has come to the attention that the Group was not able to continue to use the idle cash reserves in its individual bank accounts (the “**Relevant Idle Cash Reserves**”) for fixed-term deposits or wealth management (the “**Incident**”). At 31 March 2022, the Group's investments at fair value through profit or loss of approximately RMB245,595,000 and restricted bank deposits of approximately RMB435,428,000 were frozen.

At the relevant time, the Company considered that the Incident may be implicated as a result of the Case (as defined below) involving individual Employees (as defined below), as such, the Company has engaged its PRC legal advisers (the “**PRC Legal Advisers**”) to advise on this matter. Upon engagement of the PRC Legal Advisers, the PRC Legal Advisers have submitted applications to the relevant PRC court and procuratorate on behalf of the Company in relation to the Incident, including an application to utilize the Relevant Idle Cash Reserves.

Upon advice of the PRC Legal Advisers, the Company filed another application (the “**Application**”) to the relevant PRC court on 21 August 2019 seeking to utilize the Relevant Idle Cash Reserves for wealth management. On 27 August 2019, the Company received a reply from the relevant PRC court that the Relevant Idle Cash Reserves were frozen due to a prosecution (the “**Case**”) made by the relevant PRC judicial authority against its then individual current or former employees (the “**Employees**”) for their alleged illegal activities conducted through one of the Company’s onshore online gaming platforms (the “**Alleged Crime**”). Therefore, the Application was rejected. As advised by the PRC Legal Advisers, if the relevant PRC judicial authority finds that the Employees are guilty of the Alleged Crime and some or all of the Relevant Idle Cash Reserves contain income generated as a result of such conduct, such income may be confiscated.

On 27 December 2019, the Intermediate People’s Court of Chengde City, Hebei Province (the “**Trial Court**”) delivered the judgment in relation to the Case (the “**Judgment**”). The Trial Court held that the Employees are guilty of the Alleged Crime and ordered an amount of approximately RMB943 million to be paid to the state treasury (the “**Judgment Amount**”).

The Company is not a party to the Case. As at the date of this announcement, none of the Company, its directors and its senior management had been subject to any prosecution or investigation by the relevant PRC judicial authorities in relation to the Alleged Crime. In addition, the Company had not received any notification from any relevant PRC judicial authority in relation to the Judgment Amount and so far as the Company is aware, the other bank accounts had not been frozen by the relevant PRC judicial authorities.

The Company is discussing with its PRC Legal Advisers as to the next step forward in relation to the Judgment, including the possibility to take appropriate legal actions as to the Judgment Amount to protect the interests of the Company and its shareholders. The Company is informed, on 3 September 2021, that the PRC court of second instance (the “**Appeal Court**”) had made a decision on the appeal hearing against the Judgement (the “**Appeal Hearing**”) to quash the Judgement and remanded the case to the Trial Court for a retrial (the “**Retrial**”) since it is of the view that certain facts under the Judgement is unclear. As advised by the PRC Legal Advisers, the Retrial was heard on 1 December 2021 and 2 December 2021. The Company was informed, on 23 March 2022, the Intermediate People’s Court of Chengde City, Hebei Province delivered the judgement of the Retrial (the “**Retrial Judgement**”). The Trial court had upheld that the Employees are guilty of the Alleged Crime. However, the Trial court had held that the amount of RMB291,696,677.62 and wealth management products in the amount of RMB350,000,000 and the relevant interests which had been frozen shall be paid to the state treasury (the “**Relevant Frozen Sum**”) which superseded the amount of RMB942,654,382.75 as original ordered by the Trial court to be paid to the state treasury. As informed by the PRC Legal Advisers, some Employees had applied for appeal against the Retrial Judgement up to 29 March 2022 and is waiting for the court to schedule a hearing. As at 31 March 2022, the Relevant Frozen Sum incurred amounted to approximately RMB681 million. As advised by the PRC Legal Adviser, if the Employees appeal against the Retrial Judgement, the Retrial Judgement will not be enforceable and the Trial court will not order the Relevant Frozen Sum to be paid until a final effective judgement from the PRC court has finally been handed down.

In light of the fact that (i) the Company, its directors and senior management had not been subject to any prosecution by the relevant PRC judicial authority in relation to the Alleged Crime as at the date of this announcement; (ii) the Relevant Frozen Sum only form part of the idle cash reserve of the Company which is used for the purpose of idle fund management, and is the Company's general practice; (iii) the Company has sufficient cash reserves available in the other bank accounts for its day-to-day operations; (iv) the Company does not have any loan borrowing as at the date of this announcement; and (v) as at 31 March 2022, the Company recorded current assets and the Relevant Frozen Sum in the sum of approximately RMB2,097 million, the Relevant Frozen Sum accounted for approximately 32.5% of the Company's relevant funds, the Board is of the view that the Retrial Judgement would not have any material adverse impact on the business, operation and financial conditions of the Group.

The Independent Investigation Committee had held meetings in January, March, May, November 2020, March, May, August, September, November 2021, March and May 2022 to discuss various matters concerning the Case and the Incident. The senior management of the Company has been maintaining close contact with the Independent Investigation Committee to ensure that any updates of the Case and the Incident can be provided to the Independent Investigation Committee on a timely basis. The Independent Investigation Committee is in the course of preparing the report with details of their findings and their view on the Case and the Incident. After discussing with the Company and its legal advisors, the Independent Investigation Committee is of the view that it will be more appropriate for them to issue the report after they received the final enforceable judgement in respect of the case from the court. As at the date of this announcement, the Independent Investigation Committee was of the view that there were no material findings after conducting the independent investigation which have to bring to the attention of the shareholders and potential investors of the Company.

The Company will keep the shareholders and potential investors of the Company informed of any material development in connection with the Case, the Incident, the Relevant Frozen Sum and subsequent appeal (if any) as and when appropriate pursuant to the requirements under the Listing Rules.

For details, please refer to the announcements of the Company dated 1 September 2019, 4 September 2019, 13 December 2019, 3 January 2020, 6 January 2020, 9 November 2020, 3 September 2021, 30 November 2021, 24 March 2022 and 29 March 2022.

## EXTRACT OF INDEPENDENT AUDITOR’S REVIEW REPORT

The following is an extract of the independent auditor’s report on Review of Interim Condensed Consolidated Financial Information of the Group for the three months ended 31 March 2022:

### BASIS FOR QUALIFIED CONCLUSION

As disclosed in note 21, the Group’s investments at fair value through profit or loss of approximately RMB245,595,000 and restricted bank deposits of approximately RMB435,428,000 as at 31 March 2022 (the “**Relevant Idle Cash Reserves**”) were frozen. Due to the Relevant Idle Cash Reserves were still frozen and the outcome has yet to be determined, we were unable to obtain sufficient appropriate evidence to satisfy ourselves as to the recoverability of frozen investments at fair value through profit or loss and restricted bank deposits of RMB245,595,000 and RMB435,428,000 as at 31 March 2022 respectively and RMB243,873,000 and RMB434,143,000 as at 31 December 2021 respectively. Given the scope limitation, there were no other satisfactory procedures that we could perform to determine whether any adjustments to the carrying amounts of frozen investments at fair value through profit or loss and restricted bank deposits as at 31 March 2022 and 31 December 2021 were necessary.

### QUALIFIED CONCLUSION

Based on our review, except for the possible effects of the matter described in the Basis for Qualified Conclusion paragraph of our report, nothing has come to our attention that causes us to believe that the interim financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34 “Interim Financial Reporting”.

For further details in relation to the Qualified Conclusion, please refer to the Section headed “Details of the Qualified Opinion and its Potential Impact” of the annual report of the Company published on 28 April 2022.
