## MANAGEMENT DISCUSSION AND ANALYSIS

### BUSINESS REVIEW

Despite the Group's efforts to expand into the markets of Southeast Asia, its overall performance was hampered by the COVID-19 pandemic, which significantly slowed down the advertising industry in all the markets it operates in. The Group has recorded approximately 21.7% decrease in revenue to approximately HK\$18,320,000 (2021: approximately HK\$23,408,000) for the Relevant Year.

Gross profit (after reversal of JAG points, i.e. the points which the Group awards to its members to participate in the Group's advertising campaigns) decreased by approximately 37.2% to approximately HK\$7,072,000 (2021: approximately HK\$11,265,000) for the Relevant Year. The Group recorded a loss for the Relevant Year of approximately HK\$13,128,000 (2021: loss of approximately HK\$9,535,000).

The Group principally engages in the provision of online advertising services, which mainly consist of social viral service, engager service and mass blogging service. It primarily operates in Hong Kong, Taiwan, Malaysia, Indonesia, the Philippines and Singapore. The Group's services are delivered via its self-developed platforms, which allow clients to match their advertising campaigns or contents with the Group's relevant members based on their demographic details and behaviours, such as consumption patterns of certain products and services and brand preferences.

#### **By geographical market**

During the Relevant Year, approximately 69.2% of the Group's revenue (2021: approximately 62.5%) was generated from clients in Hong Kong, while approximately 21.4% (2021: approximately 25.3%) of the Group's revenue was generated from clients in Taiwan. Southeast Asia regions contribute approximately 9.4% (2021: approximately 12.2%) of the revenue to the Group.

#### *Hong Kong*

During the Relevant Year, revenue from Hong Kong decreased from approximately HK\$14,629,000 for the Previous Year to approximately HK\$12,674,000 for the Relevant Year, representing approximately 13.4% decrease. Hong Kong business was severely affected in the last quarter of the Relevant Year amidst the fifth wave of COVID-19 outbreak. Some of our clients either suspended, postponed or cancelled their campaigns in light of the unstable economic environment. Increasing competition from other online advertising service providers also make the business environment even more challenging. The Group will continue to adjust the service mix to better meet clients' needs.

## *Taiwan*

During the Relevant Year, the operating environment in Taiwan continued to be challenging, mainly attributable to the changing behaviour of internet users, increasing competition from other online advertising service providers, instability of economy and the impact of COVID-19 pandemic. The Group is dealing with the change with a shift of focus on service type. We also encountered clients withdrawing campaigns due to the COVID-19 pandemic which caused significant impact to the business. With the various challenges encountered, the revenue for Taiwan for the Relevant Year decreased to approximately HK\$3,920,000 (2021: approximately HK\$5,920,000).

## *Southeast Asia*

The COVID-19 pandemic continues to affect daily business in Southeast Asian countries. Malaysia, Indonesia and the Philippines experienced varying levels of lockdown measures, which affected the advertising industry as well. During the Relevant Year, revenue contribution from Southeast Asian markets fell to approximately HK\$1,726,000 from approximately HK\$2,859,000 in the Previous Year.

## **PROSPECTS**

It is anticipated that the COVID-19 pandemic will continue to affect the advertising industry in the near future. Nevertheless, as soon as those governments in our operating markets ease lockdown measures, the Group remains confident in its ability to rejuvenate sales with our experienced sales team, differentiated advertising services, our strengthened member base, our upgraded mobile application and our extensive relationship with reputable clients in various industries. Leveraging on the good relations with media agencies, the Group also expects substantial opportunities such as referrals by media agencies with extensive client base, which will ensure stable and continuous demands for the Group's services. The Group's self-developed platforms have also served as an excellent tool for realising clients' performance targets while driving business growth. Looking ahead, the Group will focus on developing our new operations to maturity and driving our business in core markets to new heights.

To accomplish these objectives, the Group also plans to recruit more talents, especially for the business development segment, to strengthen its workforce. This will enable the Group to better cater for the ever-changing needs of various industries, as well as those of the existing and potential clients. In addition, the Group will focus on enriching its member base from different segments such as age group, interest and lifestyle to enhance the diversity of the Group's membership base and thereby attract more clients.

With years of experience and well-established reputation, the Group will leverage on such strengths to reinforce its leading position in the industry. At the same time, by further developing these attributes, the Group remains committed to its vision of becoming the preferred online marketing partner for advertising agencies and brand owners.
