## CHAIRMAN'S STATEMENT

Dear Shareholders,

On behalf of the board of Directors (the "**Board**"), I would like to present the annual results for Tasty Concepts Holding Limited (the "**Company**") and its subsidiaries (collectively the "**Group**") for the year ended 31 March 2022.

For the year ended 31 March 2022, the Group's total revenue was approximately HK\$41.9 million (2021: approximately HK\$51.9 million), representing a year-to-year decline of approximately 19.3%. The drop is mainly attributed to the closure of certain restaurants due to the expiration of tenancy agreements in relation to properties occupied for business as well as the worldwide on-going coronavirus disease 2019 ("**COVID-19**") pandemic throughout the year, especially the 5th wave of local COVID-19 pandemic happened during the fourth quarter of the financial year 2022.

Loss for the year was approximately HK\$15.8 million (2021: approximately HK\$13.4 million). The increase in loss was mainly due to (i) the decrease in government grants received by the Group under the "Anti-epidemic Fund" and "Employment Support Scheme" from the Government of the Hong Kong Special Administrative Region (the "**Hong Kong Government**"); (ii) the decrease in customers visited during the fourth quarter in the financial year 2022 due to the 5th wave of local COVID-19 epidemic; (iii) closure of profitable restaurants in Hong Kong; and (iv) the decrease in rental concessions received from landlords.

Despite that the local COVID-19 pandemic in Hong Kong seems gradually alleviating with the raise of the public epidemic prevention awareness during the first half of financial year 2022, the catering sector in Hong Kong was still facing continuous challenges with the negative impacts from the waves of business closures and the increasing unemployment rates triggered by the local COVID-19 pandemic. Although there was relaxation of the COVID-19 anti-pandemic measures imposed by the Hong Kong Government for lengthy periods during the first to third quarter of financial year 2022, with the 5th wave of local COVID-19 pandemic commenced since the fourth quarter of the financial year 2022, tighter restrictions and social distancing measures in dining locations resumed, aggravating the uncertainty of recovery of inbound visitors, adversely affecting the number of customer visited and also weakening consumers' sentiments and spending propensity.

With the gloomy economic prospectus, customers are more budget conscious and price sensitive and expecting the value for money of what they spend for, in this regard, value set meal bundle have been launching throughout the year. Also, in order to enhance customer's spending sentiment, a series of promotion activities and various payment methods were introduced by the Group followed by the launch of the Consumption Voucher Scheme by the Hong Kong Government in August 2021.

Besides, the Group continuously to work closely with different independent online delivery platforms and provide attractive discount on self-pickup items as well as prepacked frozen ramen ordered from our webpage, in order to compensate the drop in revenue from dine-in services and cater for the changing customer spending patterns. Our customers can enjoy our ramen at home without worry about the risk of cross infection caused by dining in the restaurants.

During the year ended 31 March 2022, several restaurants located in Hong Kong operated by the Group were closed due to the expiration of tenancy contracts, whereas a Hong Kong style restaurant under a newly established brand developed by the Group and experts with extensive experiences has been opened in Central in January 2022, which is aimed to provide affordable but distinctive dishes to office workers around and to develop different markets by broadening and diversifying the Group's customer base.

## CHAIRMAN'S STATEMENT

Despite challenges can be expected ahead given to the uncertainty surrounding the COVID-19 pandemic lingered, the Group believes in the silver lining behind the dark. The COVID-19 pandemic offers rooms for the management to identify new economies, develop new products, and be flexible in responding to the changing situation. In the future, the management would be continuously striving for new opportunities to broaden the Group's source of income and meanwhile, adopting various cost control and cut-loss measures in order to maintain the competitiveness and to return to profitability.

The Group maintained its focus on serving high quality "Hakata-Style" Japanese ramen and providing excellent customer services. Our management team will be continuously emphasis on the quality control of ingredients sourcing, food processing and seasoning and services provided and to bring our customers unforgettable dining experiences.

Lastly, on behalf of the Board, I wish to extend my sincere appreciation to the management team and our employees for their hard work and dedication, and to express my gratitude to all shareholders, customers and business partners for their utmost and unremitting support. We will continue to strive for the greatest interest for the Group and offering better dining experiences to our valuable customers.

## MANAGEMENT DISCUSSION AND ANALYSIS

### BUSINESS REVIEW

During the year ended 31 March 2022 and up to the date of this report, the Group has been principally engaged in operating ramen restaurants in Hong Kong, generating revenue from provision of catering services.

Besides, the Group also generates revenue from (i) franchising its own brand to franchisees to operate ramen restaurants in the People's Republic of China (the "PRC") and Macau Special Administrative Region of the PRC ("Macau") and the PRC and receive royalty fee and consultancy services income and income from sales of food and accessories products to franchisees; and (ii) granting an exclusive licence to a licensee to use the Group's trademarks on licensed products, license fee income is charged based on the production volume.

As at 31 March 2022 and up to the date of this report, the Group operated 6 ramen restaurants and 1 Hong Kong style restaurant respectively in Hong Kong.

### PRINCIPAL RISKS AND UNCERTAINTIES

The Directors believe that there are certain risks and uncertainties involved in the operations, some of which are beyond the Group's control. The Directors believe the relatively significant risks relating to the Group's business are as follows:

- If the Group fails to maintain effective quality control system of the restaurants' daily operation, it could materially impact the Group's operations, business and reputation;
- The Group's future development business operation and operation results could be affected by labour shortages or increase in staff costs;
- The Group is exposed to risks relating to the commercial real estate rental market, including unpredictable and potentially high occupancy costs; and
- The Group rely on the central kitchen of the Group to supply some of the semi-processed or processed food ingredients used in the restaurants and any disruption of operation at the central kitchen of the Group could adversely affect the operations, business and reputation.

### COMPLIANCE WITH LAWS AND REGULATIONS

As far as the Directors are aware, there was no material breach of non-compliance with the applicable laws and regulation by the Group during the year ended 31 March 2022.

### ENVIRONMENTAL POLICIES AND PERFORMANCE

The Board has overall responsibility for the Group's environmental, social and governance ("ESG") strategy and reporting. The Board is responsible for the Group's ESG risk management and internal control systems to ensure that the ESG strategies and reporting requirements are met.

The details of ESG performance of the Group are set out in the ESG report, which can be viewed or downloaded from the website of the Stock Exchange and the Company's official website no later than five months after the end of the financial year.

## MANAGEMENT DISCUSSION AND ANALYSIS

### RELATIONSHIP WITH CUSTOMERS, SUPPLIERS AND EMPLOYEES

The Group maintains a good relationship with its employees and certain policies have been implemented to ensure that its employees are provided with competitive remuneration, good welfare benefits and continuous professional training. The Group also maintains good relationships with its customers and suppliers, without whom success in the Group's production and operation would be at risk.

### FINANCIAL REVIEW

#### REVENUE

The revenue of the Group decreased by approximately 19.3% from approximately HK\$51.9 million for year ended 31 March 2021 to approximately HK\$41.9 million for the year ended 31 March 2022. Revenue generated from operating restaurants by the Group in both Hong Kong and the PRC decreased during the year ended 31 March 2022 because of the closure of restaurants due to the expiration of tenancy agreements in relation to the properties occupied for business during the year ended 31 March 2022. Moreover, all the restaurants located in the PRC were switched from self-operated to franchise arrangement by only receiving royalty and consultancy services income. Furthermore, the 5th wave of local COVID 19 pandemic in Hong Kong during the fourth quarter of the financial year 2022 also led to a significant decline in customers visited due to the restricted operating hours enforced by the Hong Kong Government among restaurants, forming rigorous challenges to the catering industry.

Information about the Group's revenue from external customers presented based on the location of the customers is detailed below:

	Year ended 31 March	
	2022 HK\$'000	2021 HK\$'000
Hong Kong	<b>37,347</b>	46,553
The PRC (Note (i))	<b>621</b>	2,209
Macau (Note (ii))	<b>3,908</b>	3,110
	<b>41,876</b>	51,872

Note:

(i) The revenue is derived from operation of restaurants in the PRC, sales of food and related products to and the royalty fee and consultancy services income from a franchisee which is located in the PRC.

(ii) The revenue is derived from the sales of food and related products to and royalty fee income from a franchisee which is located in Macau.

## MANAGEMENT DISCUSSION AND ANALYSIS

### COST OF INVENTORIES

Cost of inventories decreased by approximately HK\$1.9 million, or approximately 15.8%, from approximately HK\$12.1 million for the years ended 31 March 2021 to approximately HK\$10.2 million for the year ended 31 March 2022. The drop in cost of inventories sold in line with the decrease of the Group's revenue and amounted to approximately 23.3% and 24.3% of the Group's total revenue for the year ended 31 March 2021 and 2022, respectively. The ratio increased as compared to financial year 2021, which is mainly attributed to several value set meal bundles have been launched at preferential price during the year ended 31 March 2022, which led to a higher cost of inventories to revenue ratio.

### OTHER INCOME

Other income mainly comprised of subsidies granted by the Hong Kong Government, rental concessions received, imputed interest income, bank interest income and other miscellaneous income. Other income of the Group decreased by approximately HK\$9.3 million, or approximately 84.8%, from approximately HK\$11.0 million for the year ended 31 March 2021 to approximately HK\$1.7 million for the year ended 31 March 2022. The decrease in amount was mainly attributed to (i) the decrease in government grants received under the "Anti-epidemic Fund" and "Employment Support Scheme" amounted to approximately HK\$7.0 million and (ii) the decrease in rental concessions received from landlords amounted to approximately HK\$2.3 million during the year ended 31 March 2022.

### OTHER GAINS AND LOSSES

Other gains and losses mainly represented the gain on termination of lease contracts, written-off of trade receivables, net exchange gains and the gain on disposal of property and equipment. For the year ended 31 March 2022, approximately HK\$7.9 million (2021: approximately HK\$0.6 million) of the gain on termination of a lease contract was recognised after Directors' assessment in accordance to the legal advises given by the Company's legal advisor about the latest development of the pending litigations related to the rental and other related expenses arrears to a landlord; whereas approximately HK\$1.2 million (2021: Nil) of the Group's trade receivables had been written off after the consideration of the history in settlement or recurring overdue records of the counter parties and the forward-looking factors by the management.

### STAFF COSTS

Staff costs decreased by approximately 9.9% from approximately HK\$22.5 million for the year ended 31 March 2021 to approximately HK\$20.2 million for the year ended 31 March 2022. Given to less restaurants were operated by the Group during the year ended 31 March 2022, the staff costs dropped accordingly. Staff costs were the most significant portion of the operating costs, as a percentage of revenue, staff costs amounted to approximately 43.3% for the year ended 31 March 2021 and approximately 48.3% for the year ended 31 March 2022.

The Group understands the importance of recruiting the skilled personnel and retaining experienced staff in the highly competitive labour market in order to properly manage the Group's restaurants and interact with the customers, which is critical to maintaining the quality and consistency of the Group's services as well as the brand reputation.

## MANAGEMENT DISCUSSION AND ANALYSIS

### RENTAL AND RELATED EXPENSES

Rental and related expenses represents (i) building management fee, (ii) government rent and rates, (iii) rental for machineries, (iv) contingent rents and (v) other leases for which the lease term ends within twelve months or leases of which the underlying assets are of low value. The rental and related expenses decreased by approximately HK\$1.4 million or 36.0% from approximately HK\$3.8 million for the year ended 31 March 2021 to approximately HK\$2.5 million for the year ended 31 March 2022, which was mainly because less tenancy agreements were entered by the Group during the year ended 31 March 2022 since certain restaurants were closed due to the expiration of tenancy agreements.

### DEPRECIATION AND AMORTISATION

Depreciation and amortisation represents depreciation charges for (i) leasehold improvements, (ii) fixtures and equipment, (iii) right-of-use assets and (iv) amortisation expenses of intangible assets of the Group. For the year ended 31 March 2022, the Group has recorded depreciation of right-of-use assets amounted to approximately HK\$4.6 million (2021: approximately HK\$8.4 million) and depreciation charges for property and equipment and amortisation expenses of intangible assets amounted to approximately HK\$1.8 million (2021: approximately HK\$2.7 million). The decrease in depreciation and amortisation expenses amounted to approximately HK\$4.7 million or 42.6% mainly owing to the impairment losses recognised for certain of the Group's property and equipment and right-of-use assets as at 31 March 2021.

### OTHER EXPENSES

Other expenses mainly consist of water, electricity, gas and other utilities expenses, repair and maintenance fees, audit and professional fees, business and product development expenses, cleaning expenses, handling charges for electronic payment and delivery platforms and motor vehicle and logistics expenses. Other expenses decreased from approximately HK\$16.4 million to approximately HK\$14.2 million from the year ended 31 March 2021 to the year ended 31 March 2022, representing a decrease of approximately 13.6%. The decrease was mainly attributed to variable operating expenses decreased following with the drop in revenue as well as various cost control measures implemented by the Group.

## MANAGEMENT DISCUSSION AND ANALYSIS

The breakdown of the Group's other expenses are set out as below:

	Year ended 31 March	
	2022 HK\$'000	2021 HK\$'000

Provisions for surcharge and penalty for litigations (Note i)	13	520
Others (Note ii)	1,036	1,434
	<b>14,213</b>	<b>16,447</b>

Note:

(i) The Group has been involved in several claims in relation to rental and other related expenses arrears during the years ended 31 March 2021 and 2022, of which corresponding rental deposit paid amounted to approximately HK\$1,121,000 was expected not refundable and written-off as a loss recognised during the year ended 31 March 2021. Moreover, provisions for estimated surcharge and penalty that might be borne by the Group from the litigations amounted to approximately HK\$13,000 was recognised in accordance to the latest development of the litigations during the year ended 31 March 2022 (2021: approximately HK\$520,000). The Group had obtained legal advice from the lawyer and it is advised that sufficient provisions have been recorded in relation to the claims arose from the litigations as at 31 March 2022.

(ii) Others include office expenses, sundry expenses and other miscellaneous expenses.

## MANAGEMENT DISCUSSION AND ANALYSIS

### IMPAIRMENT LOSSES

During the year ended 31 March 2022, certain restaurants of the Group incurred losses, giving rise to indicators of impairment of property and equipment and right-of-use assets. Impairment losses of approximately HK\$5.3 million and HK\$5.5 million in respect of property and equipment and right-of-use assets have been recognised respectively during the year ended 31 March 2022 (2021: approximately HK\$4.6 million and HK\$5.1 million).

The details of the recognition of impairment losses on property and equipment and right-of-use assets of the Group for the year ended 31 March 2022 are set out as below:

#### (I) ANALYSIS ON IMPAIRMENT LOSSES ON THE GROUP'S PROPERTY AND EQUIPMENT AND RIGHT-OF-USE ASSETS

For the year ended 31 March 2022, the Group recognised impairment losses on property and equipment and right-of-use assets amounting to approximately HK\$5.3 million and HK\$5.5 million respectively (2021: approximately HK\$4.6 million and HK\$5.1 million), in the view of the underperformance and loss-making of certain restaurants of the Group in Hong Kong, which together represented approximately 68.4% of the Group's net loss for the year ended 31 March 2022 (2021: approximately 72.4%).

Property and equipment of the Group mainly represents leasehold improvements, fixtures and equipment located in Hong Kong for the restaurants, central kitchen and office. During the year ended 31 March 2022, impairment losses on property and equipment amounted to approximately HK\$5.3 million (2021: approximately HK\$4.6 million) were recognised, including corporate assets such as leasehold improvement and other fixture and equipment from head office and central kitchen allocated and other assets directly attributed to the loss-making restaurants, representing approximately 61.1% (2021: approximately 31.1%) from the original aggregate carrying amount of the property and equipment as at year-end date as if no impairment losses had been recognised during the year ended 31 March 2022 and previous years.

Right-of-use assets of the Group mainly represents right-of-use on leased motor vehicles and properties in Hong Kong capitalised for the use as restaurants, central kitchen and offices. During the year ended 31 March 2022, impairment losses on right-of-use assets, including corporate right-of-use assets from the leased properties of head office and central kitchen allocated and other leased properties for the operation of loss-making restaurants amounted to approximately HK\$5.5 million (2021: approximately HK\$5.1 million) were recognised, representing approximately 60.0% (2021: approximately 28.2%) of the original aggregate carrying amount of the right-of-use assets as at year-end date as if no impairment losses had been recognised during the year ended 31 March 2022 and previous years.

#### (II) DETAILS OF THE REASONS FOR THE RECOGNITION OF IMPAIRMENT LOSSES

The on-going COVID-19 pandemic has been attributing huge negative impacts on the global and local economy throughout the year. For the year ended 31 March 2022, the Group's revenue had been decreased by approximately 19.3% and recorded a loss for the year before any impairment losses recognised of approximately HK\$5.0 million (2021: approximately HK\$3.7 million) accordingly. In order to control the spread of the pandemic, the Hong Kong Government launched several social distancing and anti-epidemic precautionary measures throughout the year, of which some of them are specifically related to the catering business, forming further challenges to the Group's operation. As a result, the management concluded there was an indication for impairment on the Group's assets and conducted impairment assessments on recoverable amounts of property and equipment and right-of use assets of relevant restaurants as at 31 March 2022.

## MANAGEMENT DISCUSSION AND ANALYSIS

### (III) THE METHOD, BASIS AND KEY ASSUMPTIONS USED IN DETERMINING THE AMOUNT OF THE RELEVANT IMPAIRMENT LOSSES

The management performed impairment review of the carrying amounts of the Group's property and equipment and right-of-use assets as at 31 March 2022 in accordance with Hong Kong Accounting Standard 36 "*Impairment of Assets*" ("**HKAS 36**").

HKAS 36 defines impairment loss as the amount by which the carrying amount of an asset or a cash generating unit ("**CGU**") exceeds its recoverable amount. Recoverable amount of an asset or a CGU is the higher of its fair value less costs of disposal and its value in use. Since there are insufficient comparable transactions in the market as at the year-end date, the management performed impairment review of the carrying amounts of each CGU as at 31 March 2022 according to HKAS 36 by estimating their value in use. The calculation of value in use of the relevant assets subjected to impairment testing are by reference to the present value of the estimated future cash flows expected to derive from the assets ("**Cash Flow Forecasts**").

HKAS 36 required to test the impairment by allocating the carrying amount of assets that can be attributed directly to each CGU or smallest group of CGU to which a portion of that carrying amount could be allocated on a reasonable and consistent basis. Thus, the management prepared the Cash Flows Forecasts by each restaurant (represented smallest CGU identified).

In addition, the management assessed whether there is indication that a corporate asset may be impaired and further allocated relevant corporate assets, such as leasehold improvements, fixture and equipment and right-of-use assets of the central kitchen and head office, to the CGU which they belonged to on a reasonable and consistent basis.

Based on the results of assessments, impairment losses were recognised on the restaurants which generated net cash inflow but recoverable amount is less than the CGU's carrying value; for those restaurants which would not generated a net cash inflow, all the relevant assets including corporate assets allocated have been fully impaired as at 31 March 2022. Impairment loss was recognised and allocated on a systematic basis over the carrying value of assets.

Where an impairment loss subsequently reverses, the carrying amount of the CGU is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the CGU in prior years. For the year ended 31 March 2022, there were no reversal of impairment losses recognised after management's assessments.

## MANAGEMENT DISCUSSION AND ANALYSIS

### CASH FLOW FORECASTS AS AT 31 MARCH 2022

The value in use calculations of relevant assets covering a 5 year cash flow projection period (Y1 to Y5), cash flows beyond the projection period were projected using a terminated growth rate of 1.7% (2021: 0%) per annum by extrapolating the cash flow projections onwards for restaurants which generated estimated positive net cash inflow.

A table summarised the key inputs, estimates and assumptions adopted in the Cash Flow Forecasts as follows:

#### For the year ended 31 March 2021:

	Cash Flow Forecasts for the year ended		
	31 March 2022 (Y1)	31 March 2023 (Y2)	31 March 2024 to 2026 (Y3 to Y5)
<b>Inputs:</b>			
Expected revenue growth rate	0% – 10.2% growth based on average revenue in financial year 2021 or constant with the actual revenue in April 2021 throughout Y1	3%	5% – 9%
Expected gross profit margins range	66.2% to 74.9%	66.2% to 74.9%	66.2% to 74.9%
Corporate tax rate	16.5%	16.5%	16.5%
Discount rate (Weighted average cost of capital ("WACC"))	21.8%	21.8%	21.8%

## MANAGEMENT DISCUSSION AND ANALYSIS

### For the year ended 31 March 2022:

	Cash Flow Forecasts for the year ended		
	31 March 2023 (Y1)	31 March 2024 (Y2)	31 March 2025 to 2027 (Y3 to Y5)
<b>Inputs:</b>			
Expected revenue growth rate	0% – 9.7% growth based on average revenue in financial year 2022 or consistent with the actual revenue in May 2022 throughout Y1	5.4% to 7.0%	5.0%
Expected gross profit margins range	60.5% to 75.0%	60.5% to 75.0%	60.5% to 75.0%
Corporate tax rate	16.5%	16.5%	16.5%
Discount rate (WACC)	13.1%	13.1%	13.1%

Key assumptions and estimates adopted for the value in use calculation above were determined based on the past performance of each restaurant (the smallest CGU identified), such as service capacity, table turnover rate, as well as management's expectations for the market development.

WACC is adopted as discount rate for the Cash Flow Forecasts with adjustment of tax effect when applying present value techniques in the value in use calculation, which is determined with reference to the findings by an independent valuer, who collected data from other comparable companies on market and considered adjustments to be made with specific risks to the Company.

## MANAGEMENT DISCUSSION AND ANALYSIS

### (IV) THE ASSESSMENT OF THE BOARD AND AUDIT COMMITTEE ON THE FAIRNESS AND REASONABLENESS OF THE IMPAIRMENT LOSSES

The Board and the audit committee of the Company (the “**Audit Committee**”) had paid close attention to the impairment assessments conducted by the management, especially considering that the food and beverage industry is facing challenges with global economy instability triggered by the outbreak of COVID-19 as well as different measures implemented for social distancing and restrictions in tourists over the world. In assessing the fairness and reasonableness of the impairment losses, the Board and Audit Committee had performed the followings:

1. *REVIEWED AND UNDERSTOOD THE ASSUMPTIONS, CALCULATION AND METHODOLOGY APPLIED IN THE CASH FLOW FORECASTS FOR THE VALUATION OF VALUE IN USE OF EACH CGU*

Impairment assessments on the Group’s property and equipment and right-of-use assets relies on the estimated value in use of the assets by discounting estimated future cash flows using appropriate discount rates. The Board and Audit Committee had reviewed the Cash Flow Forecasts and understood the assumptions, calculations and valuation methodology to arrive the amount of value in use of each CGU e.g. revenue growth rates, basis for the growth, economic life of assets, reference made by historical performance and market comparable data and critically assessed the fairness and reasonableness of all of the inputs applied in the Cash Flow Forecasts with their own knowledge of the business, the Group’s assets, the environment that the Group operates in, and the prospects of the business.

2. *ASSESSED IF THE INPUTS AND ASSUMPTIONS ADOPTED IN THE CASH FLOW FORECASTS REFLECTING THE LATEST BUSINESS DEVELOPMENT AND ECONOMIC TRENDS IN THE INDUSTRY*

The Board and Audit Committee had further assessed and confirmed that the inputs or assumptions adopted in the Cash Flow Forecasts had taken into account the latest economic and industrial trends as well as the current market conditions which were reflected in the financial projections and the discount rates. Sensitivity analysis performed for key assumptions were also reviewed by the Board and Audit Committee.

The Board have been continuously keeping track with the trend of the food and beverage industry and keep an eye on monitoring the economic development to ensure better capital management and strategic planning for the Group with the consideration of the risk of impairment on assets.

## MANAGEMENT DISCUSSION AND ANALYSIS

### FINANCE COSTS

Finance costs represent (i) interests on lease liabilities amounted to approximately HK\$0.6 million (2021: approximately HK\$0.7 million) and (ii) interests on bank borrowing amounted to approximately HK\$66,000 (2021: approximately HK\$0.1 million).

### TAXATION

Income tax expenses amounted to approximately HK\$1.0 million for the year ended 31 March 2022 (2021: approximately HK\$0.7 million), which is mainly due to deferred tax debited to profit or loss resulting from the assessment by the management that deferred tax assets may not be utilised given to the loss-making position of the Group and the tax impact in temporary difference between the tax base and the carrying amounts of the Group's property and equipment and right-of-use assets.

### LOSS FOR THE YEAR

The Group recorded a loss of approximately HK\$15.8 million for the year ended 31 March 2022 (2021: approximately HK\$13.4 million). The increase in loss was primarily due to (i) the decrease in government grants received under the "Anti-epidemic Fund" and "Employment Support Scheme"; (ii) the decrease in customers visited during the fourth quarter in the financial year 2022 due to the 5th wave of local COVID 19 epidemic; (iii) closure of profitable restaurants in Hong Kong; and (iv) the decrease in rental concessions received from landlords.

### LIQUIDITY AND FINANCIAL RESOURCES, CAPITAL STRUCTURE AND GEARING RATIO

The Group financed its business with internally generated cash flows, borrowings and the proceeds received from the initial listing of the issued shares on GEM of the Stock Exchange by way of public offer and placing in March 2019 (the "Listing"). As at 31 March 2022, the Group's bank balances and cash amounting to approximately HK\$11.6 million, representing a decrease of approximately HK\$17.5 million from approximately HK\$29.1 million as at 31 March 2021. Most of the Group's bank deposits and cash were denominated in Hong Kong dollars and Renminbi.

As at 31 March 2022, the Group recorded interest-bearing bank borrowing of approximately HK\$1.0 million (31 March 2021: approximately HK\$1.8 million) and lease obligation of approximately HK\$9.7 million (31 March 2021: approximately HK\$21.6 million). The interest-bearing bank borrowing is unsecured, repayable on demand and denominated in Hong Kong dollar and bore variable interest rate at Hong Kong dollar Best Lending Rate minus 0.5% per annum. The Group did not use any financial instrument for hedging purpose.

During the year, in respect of a bank borrowing with a carrying amount of HK\$1,016,000 as at 31 March 2022, the Group breached certain of the terms of the bank borrowing, which are primarily related to the tangible net worth of the Group. On discovery of the breach, the Directors informed the lender and commenced a renegotiation of the terms of the borrowing with the relevant banker. As at 31 March 2022, those negotiations had not been concluded. Since the lender has not agreed to waive its right to demand immediate payment as at the end of the reporting period, the borrowing has been classified as a current liability as at 31 March 2022. Up to the date of approval for issuance of the consolidated financial statements, the negotiations are still in progress. The Directors are confident that their negotiations with the lender will ultimately reach a successful conclusion. In any event, should the lender call for immediate repayment of the borrowing, the Directors believe that adequate alternative sources of finance are available to ensure that there is no threat to the continuing operations of the Group.

## MANAGEMENT DISCUSSION AND ANALYSIS

As at 31 March 2022, the Group's total current assets and current liabilities were approximately HK\$18.1 million (31 March 2021: approximately HK\$39.7 million) and approximately HK\$13.1 million (31 March 2021: approximately HK\$21.1 million) respectively. The Group's current ratio, calculated by dividing the total current assets over the total current liabilities, was approximately 1.4 times (31 March 2021: approximately 1.9 times). The Group's gearing ratio, calculated as percentage of bank borrowings to the total equity attributable to owners of the Company, was approximately 13.6% as at 31 March 2022 (31 March 2021: approximately 8.6%).

### TREASURY POLICY

The Directors will continue to follow a prudent policy in managing the Group's bank balances and maintain a strong and healthy liquidity to ensure that the Group is well placed to take advantage of future growth opportunities.

### FOREIGN CURRENCY RISK

During the year ended 31 March 2022, most of the transactions of the Group were denominated and settled in Hong Kong dollar and Renminbi. The Renminbi is not a freely convertible currency. Future exchange rates of the Renminbi could vary significantly from the current or historical exchange rates as a result of the capital controls that could be imposed by the PRC government. The exchange rates may also be affected by economic developments and political changes both domestically and internationally, and also from the demand and supply of the Renminbi. The appreciation or devaluation of the Renminbi against the Hong Kong dollar may have an impact on the Group's results. The Group has currently not implemented any foreign currency hedging policy but the management will closely monitor the exposure and consider hedging against significant foreign exchange exposure should the need arise.

### CONTINGENT LIABILITIES

The Group has been served a number of litigations and claims during the year ended 31 March 2022 and 2021. These claims and litigations are arisen from arrears rental and other related expenses of the Group and has been recognised in the other payables and accruals, lease liabilities and provisions. Additional interest, surcharge and penalty might be incurred due to the delay in settlement of such payables.

Nevertheless, the management of the Company obtained legal advice, and considered no additional interest, surcharge and penalty required apart from the amounts stated in the other payables and accruals, lease liabilities and provisions. As at 31 March 2022, the related amounts included in other payables and accruals, lease liabilities and provisions are HK\$1,867,000, nil and HK\$104,000 (2021: HK\$444,000, HK\$8,784,000 and HK\$520,000) respectively.

The management and the legal advisor of the Company have taken collective efforts to resolve these cases. As at the reporting date, the corresponding cases are open and might affect the Group in future.

Except as disclosed above or elsewhere in this report, the Group did not have any material contingent liabilities, guarantees or any litigations or claims of material importance, pending or threatened against any member of the Group that is likely to have a material and adverse effect on the Group's business, financial condition or results of operations.

## MANAGEMENT DISCUSSION AND ANALYSIS

### CHARGE OF ASSETS

As at 31 March 2022, motor vehicles with carrying amounts of approximately HK\$1.4 million (31 March 2021: approximately HK\$2.2 million) were acquired under lease arrangements of which the rights to the leased asset are reverted to the lessors in the event of default of lease liabilities by the Group.

## OUTLOOK

The Group's objective is to provide premium quality "Hakata-Style" Japanese ramen and unforgettable excellent service to the customers. The Group always strive for every possible opportunity to enhance the operation efficiency and profitability of its business.

With the enhanced awareness of hygiene and effective preventive measures taken by the public, the 5th wave local COVID-19 pandemic in Hong Kong seems alleviated and under control since May 2022. However, as advised by experts, the risk of explosive community outbreak is still considered at high level, and it is difficult to predict the timeframe for next massive community outbreak, difficulties and challenges for catering industry are still foreseeable ahead.

However, since early 2022, various countries and cities have loosened the inbound travelling restriction measures and the requirement of the quarantine duration have been or tended to be shortened. This can reveal that people around the world have been gradually adapting to the new normal triggered by the COVID-19, and hopefully the global travelling as well as the economic will rebound after a lengthy recession.

The management will keep on monitor the market development and to react in a timely basis. Meanwhile, we will be endeavoring to enhance the quality of the food and providing excellent services to our customers. As the Group understands that throughout the good times or bad times, quality of food and service matter to our customers.

The Group will also proactively seek potential business opportunities or cooperation with different potential parties to broaden the sources of income and bringing better return on investment for the shareholders.

- taxation considerations;

## DIRECTORS' REPORT

- statutory and regulatory restrictions;
- general business conditions and strategies;
- general economic conditions, business cycle of the Group's business and other internal or external factors that may have an impact on the business or financial performance and position of the Company; and
- other factors that the Board deems appropriate.

The Board may propose the payment of dividends, if any, with respect to the Company's shares on a per share basis.

In addition to cash, dividends may be distributed in the form of shares subject to and in accordance with the procedures set out in the Company's memorandum and articles of association.

Except for interim dividend, any dividends declared by the Company must be approved by an ordinary resolution of shareholders at the general meeting and must not exceed the amount recommended by the Board. The Board may from time to time pay to the shareholders such interim dividends as appear to the Directors to be justified by the profits of the Company available for distribution.

The Company will continually review the Dividend Policy and reserves the right in its sole and absolute discretion to update, amend and/or modify the Dividend Policy at any time, and this Dividend Policy shall in no way constitute a legally binding commitment by the Company that dividends will be paid in any particular amount and/or in no way obligate the Company to declare a dividend at any time or from time to time.

Pursuant to the Code Provision F.1.1 under Appendix 15 Corporate Governance Code and Corporate Governance Report, the Company should disclose the policy on payment of dividend in the annual report.

### RESULTS AND DIVIDENDS

The results of the Group for the year ended 31 March 2022 are set out in the consolidated statement of profit or loss and other comprehensive income of this report. The state of affairs of the Group and the Company as at 31 March 2022 are set out in the consolidated statement of financial position and Note 35 to the consolidated financial statements respectively. The Directors do not recommend the payment of a final dividend for the year ended 31 March 2022.

## CORPORATE GOVERNANCE REPORT

### INTRODUCTION

The Company is committed to the maintenance of good corporate governance practices and procedures. The Company believes that good corporate governance provides a framework that is essential for effective management, a healthy corporate culture, successful business growth and enhancing shareholders' value. The corporate governance principles of the Company emphasise a quality Board, sound internal controls, and transparency and accountability to all shareholders.

### CORPORATE GOVERNANCE PRACTICE

The Company acknowledges the need and importance of corporate governance as one of the key elements in creating shareholders' value. The Company is also committed to achieving high standard of corporate governance that can protect and promote the interests of all shareholders and to enhance corporate value and accountability of the Company. For corporate governance purpose, the Company has adopted the Corporate Governance Code (the "CG Code") set out in Appendix 15 of the GEM Listing Rules. During the year ended 31 March 2022, to the best knowledge of the Board, the Company has complied with the code provisions set out in the CG Code except for the deviation from Code Provision C.2.1 of the CG Code as set out in the sub-section "Chairman and Chief Executive Director" in "Corporate Governance Report" on page 41.

### DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the required standard of dealing, as set out in Rules 5.48 to 5.68 of the GEM Listing Rules as the code of conduct for securities transactions by the Directors in respect of the shares of the Company (the "Required Standard of Dealing"). Having made specific enquiry of all Directors, all Directors have confirmed that they have complied with the Required Standard of Dealing and there was no event of non-compliance during the year ended 31 March 2022.

### DIRECTORS' RESPONSIBILITIES

The Board takes the responsibility to oversee all major matters of the Company, including but not limited to formulating and approving the overall strategies and business performance of the Company, monitoring the financial performance and internal control as well as overseeing the risk management system of the Company and monitoring the performance of senior executives. The Board is also responsible for performing the corporate governance duties including the development and reviewing the Company's policies and practices on corporate governance.

Liability insurance for Directors and senior management officers of the Company was maintained by the Company with coverage for any legal liabilities which may arise in the course of performing their duties.

### DELEGATION BY THE BOARD

Daily operation and managing of the business of the Group, inter alia, the implementation of strategies are delegated to the executive Director along with other senior executives. They report periodically to the Board of their work and business decisions.

## CORPORATE GOVERNANCE REPORT

### BOARD COMPOSITION

The composition of the Board as the date of at this report is set out as follows:

#### EXECUTIVE DIRECTORS

Mr. Tang Chun Ho Chandler (*Chairman and Chief Executive Officer*) <sup>Note 1</sup>

Ms. Sung Kwan Wun <sup>Note 2</sup>

The three independent non-executive Directors represent more than one-third of the Board and at least one of whom has appropriate professional qualifications, or accounting or related financial management expertise. With the various experience of both the executive Directors and the independent non-executive Directors and the nature of the Group's business, the Board considered that the Directors have a balance of skills and experience for the business of the Group.

### BOARD DIVERSITY POLICY

The Board has adopted a board diversity policy (the "**Board Diversity Policy**") before Listing Date, which sets out the basis to achieve diversity on the Board. Details of this Board Diversity Policy is disclosed as below.

#### 1. PURPOSE

This Board Diversity Policy aims to set out the approach to achieve diversity on the Board.

#### 2. POLICY STATEMENT

The Company recognises and embraces the benefits of having a diverse Board to enhance the quality of its performance. All Board appointments will be based on meritocracy, and candidates will be considered against selection criteria.

#### 3. SELECTION CRITERIA

Selection of candidates will be based on a range of diversity perspectives, which would include but not be limited to gender, age, cultural and educational background, professional experience, skills, knowledge and length of service. The ultimate decision will be based on merit and contribution that the selected candidates will bring to the Board. The Board's composition is disclosed in this annual report of the Company.

## CORPORATE GOVERNANCE REPORT

### 4. MONITORING AND REVIEW OF THE BOARD DIVERSITY POLICY

- 4.1 The Nomination Committee will monitor the implementation of the Board Diversity Policy.
- 4.2 The Nomination Committee will from time to time review the Board Diversity Policy, as appropriate, to ensure the effectiveness of the policy.

### 5. DISCLOSURE OF THE BOARD DIVERSITY POLICY

A summary of the Board Diversity Policy is disclosed in this annual corporate governance report of the Company.

- (e) Reputation for integrity;
- (f) Potential contributions that the individual(s) can bring to the Board; and
- (g) Commitment to enhance and maximize shareholders’ value.

## CORPORATE GOVERNANCE REPORT

### 3. RE-ELECTION OF DIRECTOR AT GENERAL MEETING

3.1 The Nomination Committee will evaluate and recommend retiring Director(s) to the Board for re-appointment by giving due consideration to the criteria including but not limited to:

- (a) the overall contribution and service to the Company of the retiring director including his attendance of Board meetings and, where applicable, general meetings, and the level of participation and performance on the Board; and
- (b) whether the retiring Director(s) continue(s) to satisfy the Criteria in section 2.

3.2 The Nomination Committee and/or the Board shall then make recommendation to shareholders in respect of the proposed re-election of director at the general meeting.

### 4. NOMINATION PROCESS

The Nomination Committee will recommend to the Board for the appointment of a Director in accordance with the following procedures and process:

- (a) The Nomination Committee will, giving due consideration to the current composition and size of the Board, develop a list of desirable skills, perspectives and experience at the outset to focus the search effort;
- (b) The Nomination Committee may consult any source it deems appropriate in identifying or selecting suitable candidates, such as referrals from existing Directors, advertising, recommendations from an independent agency firm and proposals from shareholders of the Company with due consideration given to the Criteria;
- (c) The Nomination Committee may adopt any process it deems appropriate in evaluating the suitability of the candidates, such as interviews, background checks, presentations and third-party reference checks;
- (d) Upon considering a candidate suitable for the directorship, the Nomination Committee will hold a meeting and/or by way of written resolutions to, if thought fit, approve the recommendation to the Board for appointment;
- (e) The Nomination Committee will thereafter make the recommendation to the Board in relation to the proposed appointment and the proposed remuneration package; and
- (f) The Board will have the final authority on determining the selection of nominees and all appointment of Directors will be confirmed by the filing of the consent to act as Director of the relevant Director (or any other similar filings requiring the relevant Director to acknowledge or accept the appointment as Director, as the case may be) to be filed with the Companies Registry of Hong Kong.

### 5. RESPONSIBILITY

The Board will be ultimately responsible for the selection, appointment and re-appointment of Directors.

### 6. MONITORING AND REPORTING

The Nomination Committee will assess and report annually, in the corporate governance report, on the composition of the Board, and launch a formal process to monitor the implementation of this policy as appropriate.

## CORPORATE GOVERNANCE REPORT

### 7. REVIEW OF THE NOMINATION POLICY

The Nomination Committee will launch a formal process to review the Nomination Policy periodically to ensure that it is transparent and fair, remains relevant to the Company's needs and reflects the current regulatory requirements and good corporate governance practice. The Nomination Committee will discuss any revisions that may be required and recommend any such revisions to the Board for consideration and approval.

### 8. DISCLOSURE OF THE NOMINATION POLICY

8.1 A summary of the Nomination Policy including the nomination procedures and the process and Criteria adopted by the Nomination Committee to select and recommend candidates for directorship during the year are disclosed in this annual corporate governance report of the Company.

8.2 In the circular to shareholders for proposing a candidate as an independent non-executive Director, it should also set out:

- the process used for identifying the candidate and why the Board believes the candidate should be elected and the reason why it considers the candidate to be independent;
- if the proposed independent non-executive Director will be holding their seventh (or more) listed company directorship, the reason the board believes the candidate would still be able to devote sufficient time to the Board;
- the perspectives, skills and experience that the candidate can bring to the Board; and
- how the candidate can contribute to the diversity of the Board.

## INDEPENDENT NON-EXECUTIVE DIRECTORS

The independent non-executive Directors play a significant role in the Board as they bring an impartial view on the Company's strategies, performance and control, as well as ensure that the interests of all shareholders are taken into account. All independent non-executive Directors possess appropriate academic, professional qualifications or related financial management experience. None of the independent non-executive Directors held any other offices in the Company or any of its subsidiaries or is interested in any shares of the Company.

The Company has received from each independent non-executive Director an annual confirmation of his independence, and the Company considers such Directors to be independent in accordance with the criteria set out in Rule 5.09 of the GEM Listing Rules.

## APPOINTMENT AND RE-ELECTION OF DIRECTORS

Each of the executive Director and independent non-executive Directors has entered into a service contract with the Company on 31 January 2020, 1 February 2022 and 15 March 2022, respectively. The service contracts with the executive Director and independent non-executive Directors are for an initial fixed term of three years commencing from 31 January 2020, 1 February 2022 and 15 March 2022, respectively. The service contracts are subject to termination in accordance with their respective terms. The service contracts may be renewed in accordance with the memorandum and articles of association of the Company and the applicable GEM Listing Rules.

## CORPORATE GOVERNANCE REPORT

According to the Article 108 of the memorandum and articles of association of the Company, one-third of the Directors for the time being shall retire from office by rotation at every annual general meeting of the Company, provided that every Director shall retire from office by rotation and are subject to re-election at annual general meeting at least once every three years. Article 112 of the memorandum and articles of association of the Company provides that any Directors who are appointed to fill casual vacancies shall hold office only until the next following general meeting after their appointment, and are subject to re-election by shareholders of the Company.

Ms. Sung, Mr. Ho and Mr. Lee will retire from office at the forthcoming annual general meeting of the Company to be held on 8 August 2022. Ms. Sung, Mr. Ho and Mr. Lee, being eligible, will offer themselves for re-election.

At the forthcoming annual general meeting of the Company, separate ordinary resolutions will be put forward to the shareholders of the Company in relation to the proposed re-election of Ms. Sung, Mr. Ho and Mr. Lee.

### CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Code Provision C.2.1 of CG Code stipulates that the roles of chairman and chief executive officer should be separate and should not be performed by the same individual. As Mr. C Tang performs the roles of chairman and chief executive officer of the Company, the Company has deviated from this Code Provision from 1 February 2022. However, the Board believes that it is appropriate and in the interests of the Company for Mr. C Tang to take up both roles at the present stage as it helps to ensure consistent leadership within the Group and enable more effective and efficient overall strategic planning for the Group. The Board also believes that the balance of power and authority for the present arrangement will not be impaired and is adequately ensured by the current Board which comprises experienced and high calibre individuals with not less than half the number thereof being independent non-executive Directors. However, it is the long-term objective of the Company to have these two roles performed by separate individuals when suitable candidates are identified.

### DIRECTORS' TRAINING AND PROFESSIONAL DEVELOPMENT

The Group acknowledges the importance of adequate and ample continuing professional development for the Directors for a sound and effective internal control system and corporate governance. In this regard, the Group has always encouraged the Directors to attend relevant training courses to receive the latest news and knowledge regarding corporate governance.

During the year ended 31 March 2022, the Company has provided and all Directors have attended training courses on the updates of the GEM Listing Rules concerning good corporate governance practices. The Company will, if necessary, provide timely and regular trainings to the Directors to ensure that they keep abreast with the current requirements under the GEM Listing Rules.

### BOARD COMMITTEES

The Board has established three Board committees, namely, the Remuneration Committee, the Nomination Committee and the Audit Committee, for overseeing particular aspects of the Company's affairs. All Board committees have been established with defined written terms of reference, which are posted on the website of the Stock Exchange at [www.hkexnews.hk](http://www.hkexnews.hk) and the Company's website at [www.butaoramen.com](http://www.butaoramen.com). All the Board committees responsibly report to the Board on their decisions or recommendations made.

## CORPORATE GOVERNANCE REPORT

The practices, procedures and arrangements in conducting meetings of Board committees follow in line with, so far as practicable, those of the Board meetings set out above.

All Board committees are provided with sufficient resources to perform their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstance, at the Company's expense.

The Board is responsible for performing the corporate governance duties set out in the CG Code which included developing and reviewing the Company's policies and practices on corporate governance, training and continuous professional development of Directors, and reviewing the Company's compliance with the code provision in the CG Code and disclosures in this report.

### REMUNERATION COMMITTEE

The Remuneration Committee was established on 21 February 2019. The chairman of the Remuneration Committee is Mr. Ho, the independent non-executive Director, and other members includes Mr. Lee, the independent non-executive Director and Mr. C Tang, the executive Director. The written terms of reference of the Remuneration Committee are posted on the website of the Stock Exchange and the Company's website.

The Remuneration Committee has been charged with the responsibility of making recommendations to the Board on the appropriate policy and structures for all aspects of Directors' and senior management's remuneration. The Remuneration Committee considers factors such as salaries paid by comparable companies, time commitment and responsibilities of the Directors, employment conditions elsewhere in the Group and desirability of performance-based remuneration. The Remuneration Committee held three meetings to review the bonus distribution, the remuneration packages and emoluments of Directors and senior management and considered that they are fair and reasonable during the year ended 31 March 2022. No Director or any of his associates is involved in deciding his own remuneration.

### NOMINATION COMMITTEE

The Nomination Committee was established on 21 February 2019. The chairman of the Nomination Committee is Mr. C Tang, the Chairman and executive Director, and other members included Mr. Lee and Mr. Ho, the independent non-executive Directors. The written terms of reference of the Nomination Committee are posted on the website of the Stock Exchange and on the Company's website.

The primary duties of the Nomination Committee are to review and assess the composition of the Board and independence of the independent non-executive Directors and makes recommendations to the Board on appointment of new Directors of the Company. In recommending candidates for appointment to the Board, the Nomination Committee considers candidates on merit against objective criteria and with due regards to the benefits of diversity on the Board.

In designing the Board's composition, Board diversity has been considered from a number of perspectives, including but not limited to gender, age, cultural and educational background, industry experience, technical and professional skills and/or qualifications, knowledge, length of services and time to be devoted as a director. The Company will also take into account factors relating to its own business model and specific needs from time to time. The ultimate decision is based on merit and contribution that the selected candidates will bring to the Board.

During the year ended 31 March 2022, the Nomination Committee held two meetings to review and recommend the appointment and re-election of Directors.

## CORPORATE GOVERNANCE REPORT

### AUDIT COMMITTEE

The Audit Committee was established on 21 February 2019. The chairman of the Audit Committee is Mr. Lee, the independent non-executive Director, and other members included Mr. Ho and Mr. Lai, the independent non-executive Directors. The written terms of reference of the Audit Committee are posted on the website of the Stock Exchange and on the Company's website.

The Company has complied with Rule 5.28 of the GEM Listing Rules in that at least one of the members of the Audit Committee (which must comprise a minimum of three members and must be chaired by an independent non-executive Director) is an independent non-executive Director who possesses appropriate professional qualifications or accounting related financial management expertise.

The primary duties of the Audit Committee are mainly to review the financial information and reporting process, internal control procedures and risk management system, audit plan and relationship with external auditors and arrangements to enable employees of the Company to raise, in confidence, concerns about possible improprieties in financial reporting, internal control or other matters of the Company.

During the year, the Audit Committee held four meetings to review and comment on the Company's 2021 annual results, 2021/22 interim results, quarterly results, as well as the Company's internal control procedures and risk management system.

The Group's consolidated financial statements for the year ended 31 March 2022 have been reviewed by the Audit Committee. The Audit Committee is of the opinion that the consolidated financial statements of the Group for the year ended 31 March 2022 comply with applicable accounting standards, GEM Listing Rules and that adequate disclosures have been made.

### ATTENDANCE RECORDS OF MEETINGS

The Board meet regularly for considering, reviewing and/or approving matters relating to, among others, the financial and operating performance, as well as, the overall strategies and policies of the Company. Additional meetings are held when significant events or important issues are required to be discussed and resolved.

During the year, the Chairman held a meeting with the independent non-executive Directors without the executive Director present.

## CORPORATE GOVERNANCE REPORT

## COMPANY SECRETARY

The company secretary of the Company (the "Company Secretary") assists the Board by ensuring the Board policy and procedures are followed. The Company Secretary is also responsible for advising that Board on corporate governance matters.

The Company engages an external service provider, Ms. Yim as its Company Secretary. Ms. Yim possesses the necessary qualification and experience, and is capable of performing the functions of the company secretary. Mr. C Tang, the executive Director, is the primary contact person who Ms. Yim contacts.

For the year ended 31 March 2022, Ms. Yim undertook no less than 15 hours of relevant professional training to update her skill and knowledge. The biography of Ms. Yim is set out in the section headed "Biographical Details of the Directors and Senior Management" of this report.

## INDEPENDENT AUDITORS' REMUNERATION

The fee paid and payable in respect of audit services and non-audit services amounted to approximately HK\$0.5 million and nil respectively for the year ended 31 March 2022 (2021: approximately HK\$0.5 million and nil).

## CORPORATE GOVERNANCE REPORT

### SHAREHOLDERS' RIGHT

As one of the measures to safeguard shareholders' interest and rights, separate resolutions are proposed at shareholders' meetings on each substantial issue, including the election of individual Directors, for shareholders' consideration and voting. All resolutions put forward at shareholders' meeting will be voted by poll pursuant to the GEM Listing Rules and the poll voting results will be posted on the website of the Stock Exchange and the Company's website after the relevant shareholders' meeting.

Extraordinary general meeting may be convened by the Board on requisition of shareholders holding not less than one-tenth of the paid up capital of the Company or by such shareholders who made the requisition (the "Requisitionists") (as the case may be) pursuant to Article 64 of the memorandum and articles of association of the Company. Such requisition must state the object of business to be transacted at the meeting and must be signed by the Requisitionists and deposited at the registered office of the Company or the Company's principal place of business in Hong Kong. Shareholders should follow the requirements and procedures as set out in such Article for convening an extraordinary general meeting. Shareholders may put forward proposals with general meeting of the Company by sending the same to the Company at the principal office of the Company in Hong Kong.

For putting forward any enquiries to the Board, shareholders may send written enquiries to the Company. Shareholders may send their enquiries or requests in respect of their rights to the Company's principal place of business in Hong Kong.

### RISK MANAGEMENT AND INTERNAL CONTROL

The Directors acknowledge that they have overall responsibility for overseeing the Company's internal control, financial control and risk management system and shall monitor its effectiveness on an ongoing basis. A review of the effectiveness of the risk management and internal control systems has been conducted by the Board at least annually.

Aimed at providing reasonable assurance against material errors, losses or fraud, the Company has established a risk management procedures which comprised the following steps:

- Identify risks: Identify major and significant risks that could affect the achievement of goals of the Group;
- Risk assessment: Assess and evaluate the identified risk according to its likely impact and the likelihood of occurrence;
- Risk mitigation: Develop effective control activities to mitigate the risks.

Risk identification and assessment is performed or updated annually, and the results of risk assessment, evaluation and mitigation of each functions or operation are documented in the risk registry to communicate to the Board and management for reviews.

## CORPORATE GOVERNANCE REPORT

The Group's risk management and internal control systems are, however, designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

A review on the internal control systems of the Company, including financial, operational and compliance controls and risk management functions has been carried out by an independent consultancy company with staff in possession of relevant expertise to conduct an independent review.

The Audit Committee reviewed the internal control review report issued by the independent consultancy company and the Company's risk management and internal control systems in respect of the year ended 31 March 2022 and considered that they are effective and adequate. The Board assessed the effectiveness of internal control systems by considering the internal control review report and reviews performed by the Audit Committee and concurred the same.

Under Code Provision D.2.5, the Group should have an internal audit function. The Company has no internal audit function because the Company has maintained an internal control system and its implementation has been considered effective by the Audit Committee and the Board. In addition, the Audit Committee has communicated with external auditor of the Company to understand if there is any material control deficiency. Nevertheless, the Company will review the need for one on an annual basis.

### DISCLOSURE OF INSIDE INFORMATION

The Group has in place a policy on disclosure of inside information which sets out the procedures and internal controls for handling and dissemination of inside information.

The policy provides guidelines to the Directors, officers and all relevant employees of the Group to ensure proper safeguards exist to prevent the Company from breaching the statutory disclosure requirements. It also includes appropriate internal control and reporting systems to identify and assess potential inside information.

Key procedures in place include:

- define the requirements of periodic financial and operational reporting to the Board and Company Secretary to enable them to assess inside information and make timely disclosures, if necessary;
- controls the access to inside information by employees on a need-to-know basis, and safeguarding the confidentiality of the inside information before it is properly disclosed to public;
- procedures of communicating with the Group's stakeholders, including shareholders, investors, analysts, etc. in ways which are in compliance with the GEM Listing Rules.

## CORPORATE GOVERNANCE REPORT

The Group has also established and implemented procedures to handle enquiries from external parties related to the market rumours and other Group's affairs.

To avoid uneven dissemination of inside information, the dissemination of inside information of the Company shall be conducted by publishing the relevant information on the Stock Exchange's website and the Company's website.

### COMMUNICATION WITH SHAREHOLDERS AND INVESTOR RELATIONS

The Company has adopted shareholders communication policy with objective of ensuring that the shareholders and potential investors are provided with ready, equal and timely access to balanced and understandable information about the Company.

The Company has established several channels to communicate with the shareholders as follows:

- (i) Corporate communications such as annual reports, quarterly reports, interim reports and circulars are issued in printed form and are available on the website of the Stock Exchange "www.hkexnews.hk" and the Company's website at "www.butaoramen.com";
- (ii) Periodic announcements are made through the Stock Exchange and published on the respective websites of the Stock Exchange and the Company;
- (iii) Corporate information is made available on the Company's website;
- (iv) Annual and extraordinary general meetings provide a forum for the shareholders to make comments and exchange views with the Directors and senior management; and
- (v) The Hong Kong share registrar of the Company serves the shareholders in respect of share registration, dividend payment and related matters.

The Company keeps on promoting investor relations and enhancing communication with the existing shareholders and potential investors. It welcomes suggestions from investors, stakeholders and the public. Enquires to the Board or the Company may be sent by post to the Company's principal place of business in Hong Kong.

During the year ended 31 March 2022, there is no significant change in the memorandum and articles of association of the Company.

## INDEPENDENT AUDITOR'S REPORT

**TO THE SHAREHOLDERS OF TASTY CONCEPTS HOLDING LIMITED**

(incorporated in the Cayman Islands with limited liability)

### OPINION

We have audited the consolidated financial statements of Tasty Concepts Holding Limited (the “**Company**”) and its subsidiaries (collectively referred to as “**the Group**”) set out on pages 54 to 113, which comprise the consolidated statement of financial position as at 31 March 2022, and the consolidated statement of profit or loss and other comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“**HKFRSs**”) issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

### BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“**HKSAs**”) issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (the “**Code**”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## INDEPENDENT AUDITOR'S REPORT

### KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matter	How our audit addressed the key audit matter
<p><b>Revenue from operation of restaurants</b></p> <p>We identified revenue from operation of restaurants as a key audit matter, due to its magnitude and the characteristics of the Group's industry nature. The recording of revenue involves high volume of small amount transactions from operation of restaurants to the consolidated statement of profit or loss and other comprehensive income.</p> <p>The accounting policy for revenue recognition in relation to revenue from operation of restaurants is disclosed in note 4 to the consolidated financial statements. For the year ended 31 March 2022, revenue from operation of restaurants amounted to HK\$37,326,000 (2021: HK\$47,695,000) with details set out in note 6 to the consolidated financial statements.</p> <p>As the vast majority of revenue was settled in cash, electronic or mobile payments, we focused on the reconciliation of daily sales report to cash receipts and electronic or mobile settlements.</p>	<p>Our procedures in relation to revenue from operation of restaurants included:</p> <ul style="list-style-type: none"> <li>• Obtaining an understanding of the Group's revenue recognition policy for the operation of restaurants;</li> <li>• Obtaining an understanding of the revenue business processes and key controls, and testing the key manual and information technology controls for revenue recognition in relation to revenue from operation of restaurants; and</li> <li>• Testing the revenue from operation of restaurants by tracing revenue recognised for restaurant operations to daily sales reports and cash receipts and electronic or mobile settlements, on a sample basis.</li> </ul>

## INDEPENDENT AUDITOR'S REPORT

### Key audit matter

#### Impairment of property and equipment and right-of-use assets

We identified the impairment of property and equipment and right-of-use assets as a key audit matter due to significant management judgements involved in the impairment assessment.

During the year ended 31 March 2022, certain restaurants of the Group underperformed and incurred losses, which indicated that property and equipment and right-of-use assets of those restaurants may be impaired.

Determining whether property and equipment and right-of-use assets were impaired required an estimation of the value in use of each cash-generating unit ("CGU") to which the property and equipment and right-of-use assets belong. The management considers each restaurant as an individual CGU as each restaurant generates independent cash flows, which are largely independent of the cash flows generated by other assets. The value in use of each CGU was determined by the management based on the operating cash flows forecast of the individual CGU. The evaluation process is inherently subjective, and dependent on a number of estimates such as the revenue growth rate and discount rate.

During the year ended 31 March 2022, impairment losses of HK\$5,341,000 and HK\$5,465,000 (2021: HK\$4,562,000 and HK\$5,124,000) in respect of property and equipment and right-of-use assets have been recognised respectively.

The significant accounting judgements and estimates and disclosure of balance of property and equipment and right-of-use assets are included in notes 5, 15 and 16 respectively to the consolidated financial statements.

### How our audit addressed the key audit matter

Our procedures in relation to the impairment of property and equipment and right-of-use assets included:

- Understanding how management performs impairment assessment on property and equipment and right-of-use assets;
- Evaluating the reasonableness of the operating cash flows forecast and the key assumptions used, including evaluating the reasonableness of the budgeted revenue, budgeted gross margins, expected growth rate with reference to the past performance and management's expectation, and evaluating the suitability of the discount rate used;
- Evaluating the historical accuracy of the cash flow forecast and actual performance for the year and future prospect from the CGU; and
- Evaluating the potential impact of the impairment assessment based on sensitivity analysis of the budgeted revenue.

## INDEPENDENT AUDITOR'S REPORT

### OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

## INDEPENDENT AUDITOR'S REPORT

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

## INDEPENDENT AUDITOR'S REPORT

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Wong Ho Fung.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2022

## 1. GENERAL

The Company was incorporated in the Cayman Islands as an exempted company with limited liability on 23 July 2018 under the Companies Law, Cap 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands. The shares of the Company were listed on GEM of The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”) on 15 March 2019 (the “**Listing**”). As at 31 March 2022, the immediate holding company of the Company is Brilliant Trade Enterprises Limited (“**Brilliant Trade**”), which was incorporated in the British Virgin Islands (“**BVI**”), and 35%, 35%, 15% and 15% owned by Mr. C Tang, Mr. Tang Hing Chee (“**Mr. HC Tang**”), father of Mr. C Tang, Ms. Tai Shiu Bun, Mariana (“**Ms. Tai**”), mother of Mr. C Tang, and Ms. Tang Wing Shan, Ariel (“**Ms. A Tang**”), sister of Mr. C Tang (hereinafter Mr. C Tang, Mr. HC Tang, Ms. Tai and Ms. A Tang are collectively referred to as the “**Controlling Shareholders**”). The addresses of the registered office and the principal place of business of the Company are Windward 3, Regatta Office Park, PO Box 1350, Grand Cayman KY1-1108, Cayman Islands and 6th Floor, Goldsland Building, 22-26 Minden Avenue, Tsim Sha Tsui, Kowloon, Hong Kong respectively.

The Company acts as an investment holding company and its subsidiaries are principally engaged in operation of restaurants in Hong Kong. Details of the principal activities of its subsidiaries are set out in note 36.

The consolidated financial statements are presented in Hong Kong Dollar (“**HK\$**”), which is also the functional currency of the Company.

## 2. BASIS OF PREPARATION AND PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS

The consolidated financial statements for the year ended 31 March 2022 have been prepared in accordance with the accounting principles generally accepted in Hong Kong and comply with Hong Kong Financial Reporting Standards (“**HKFRSs**”) issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”). In addition, the consolidated financial statements include the applicable disclosure provisions of Chapter 18 of the GEM Listing Rules and the Companies Ordinance (Chapter 622 of the laws of Hong Kong).

### GOING CONCERN ASSUMPTION

In preparing the consolidated financial statements, the directors of the Company have given careful consideration to the future liquidity and performance of the Group and the Company in light of the fact that:

- (i) The Group incurred a loss attribute to the owners of the Company of HK\$13,833,000 (2021: HK\$13,384,000) for the year ended 31 March 2022.
- (ii) Since the outbreak of the COVID-19 in January 2020 (“**COVID-19**”), the Group’s operations are significantly affected by the prevention and control policies imposed by the local government. During the year ended 31 March 2022, several restaurants of the Group had recorded operating losses and negative cash flows.

During the year ended 31 March 2022, the Group had suspended the operation of two restaurants.

### 2. BASIS OF PREPARATION AND PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS *(Continued)*

#### GOING CONCERN ASSUMPTION *(Continued)*

- (iii) As disclosed in note 22, the Group had breached the covenants of the bank borrowing pursuant to the loan agreement, that the Group had failed to maintain its tangible net worth as stated in the loan agreement entered with the Group's banker.
- (iv) As disclosed in note 37, the Group served a number of claims as result of arrears rent and related expenses. These claims are legal proceedings and the outcomes might have a significant impact on the continuity of the Group and the Company.

In view of such circumstances, which indicate the existence of uncertainties that may cast doubt about the Group's and the Company's ability to continue as a going concern.

The consolidated financial statements have been prepared on the assumptions that the Group will continue to operate as a going concern notwithstanding the conditions prevailing as at 31 March 2022 and subsequently thereto up to the date when the consolidated financial statements are authorised for issue. In order to improve the Group's financial position, immediate liquidity and cash flows, and otherwise to sustain the Group as a going concern, the directors of the Company have adopted several measures together with other measures in progress at the date when the consolidated financial statements are authorised for issue, but not limited to, the followings:

- (a) Management of the Company believes the catering businesses will be recovered upon the COVID-19 is being properly managed.

The directors will continue to explore new business opportunity and may set-up new restaurants during the recovery of economy if they see suitable. The directors of the Company believe that having the potential new business will enhance the Group's efficiency of operations and allows a better leverage of human resources and implementation of the operation strategies of the Group;

- (b) Management of the Company is working closely with the Group's lawyers to settle the claims and litigations arisen from arrears rent and related expenses for the benefits of the Group. As at the date of this report, provision has been recorded in relation to the claims, and details of the claims are disclosed in note 37;
- (c) Implementing comprehensive polices to monitor cash flows through cutting costs and capital expenditure; and

### 2. BASIS OF PREPARATION AND PRESENTATION OF CONSOLIDATED FINANCIAL STATEMENTS *(Continued)*

#### GOING CONCERN ASSUMPTION *(Continued)*

- (d) Mr. C Tang, the chairman and director of the Group, has committed to provide continuous financial support to the Group as is necessary to enable the Group to meet its financial obligations as they fall due.

The directors of the Company, based on a cash flow forecast of the Group covering a period up to 31 March 2023 which has taken into account the abovementioned plans and measures, consider that the Group would have sufficient working capital to finance its operations and to meet its financial obligations as and when they fall due within the next twelve months from the date of the consolidated financial statements. Accordingly, the directors of the Company are of the opinion that it is appropriate to prepare the consolidated financial statements for the year ended 31 March 2022 on a going concern basis of accounting.

Should the going concern basis of accounting become inappropriate, adjustments might have to be made to reflect the situation that assets may need to be realised at the amounts other than which they are currently recorded in the consolidated statement of financial position at 31 March 2022, to provide for any further liabilities which might arise, and to reclassify non-current assets and non-current liabilities as current assets and current liabilities, respectively. The effects of these adjustments have not been reflected in these consolidated financial statements.

### 3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

#### APPLICATION OF AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

##### AMENDMENTS TO HKFRSs THAT ARE MANDATORILY EFFECTIVE FOR THE CURRENT YEAR

In the current year, the Group has applied the amendments to HKFRSs issued by the HKICPA for the first time, which are mandatorily effective for the annual period beginning on or after 1 January 2021 for the preparation of the consolidated financial statements:

Amendments to HKFRS 16	Covid-19-Related Rent Concessions
Amendments to HKFRS 9, HKAS 39, HKFRS 7, HKFRS 4 and HKFRS 16	Interest Rate Benchmark Reform – Phase 2
Amendment to HKFRS 16	Covid-19-Related Rent Concessions Beyond 30 June 2021

In addition, the Group applied the agenda decision of the IFRS Interpretations Committee (the “Committee”) of the International Accounting Standards Board issued in June 2021 which clarified the costs an entity should include as “estimated costs necessary to make the sale” which determining the net realisable value of inventories.

Except as described below, the application of the amendments to HKFRSs in the current year had no material impact on the Groups’ financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

#### IMPACTS ON APPLICATION OF THE AGENDA DECISION OF THE COMMITTEE – COST NECESSARY TO SELL INVENTORIES (HKAS 2 INVENTORIES)

In June 2021, the Committee, through its agenda decision, clarified the costs an entity should include as “estimated costs necessary to make the sale” when determining the net realisable value of inventories. In particular, whether such costs should be limited to those that are incremental to the sale. The Committee concluded that the estimated costs necessary to make the sale should not be limited to those that are incremental but should also include costs that an entity must incur to sell its inventories including those that are not incremental to a particular sale.

The Group’s accounting policy prior to the Committee’s agenda decision was to determine the net realisable value of inventories taking into consideration incremental costs only. Upon application of the Committee’s agenda decision, the Group changed its accounting policy to determine the net realisable value of inventories taking into consideration both incremental costs and other cost necessary to sell inventories. The new accounting policy has been applied retrospectively.

The application of the Committee’s agenda decision has had no material impact on the Group’s financial positions and performance.

### 3. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS ("HKFRSs") (Continued)

#### ISSUED BUT NOT YET EFFECTIVE HKFRSs

The Group has not applied the following new and revised HKFRSs, that have been issued but are not yet effective, in these financial statements.

HKFRS 17	Insurance Contracts and related amendments <sup>2, 5</sup>
Amendments to HKFRS 3	Reference to the Conceptual Framework <sup>4</sup>
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture <sup>3</sup>
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current <sup>2</sup>
Amendments to HKAS 16	Property, Plant and Equipment – Proceeds before Intended Use <sup>1</sup>
Amendments to HKAS 37	Onerous Contracts – Cost of Fulfilling a Contract <sup>1</sup>
Amendments to HKFRSs	Annual Improvements to HKFRS Standards 2018–2020 <sup>1</sup>
HK Interpretation 5 (2020)	Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause <sup>2</sup>
Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies <sup>2</sup>
Amendments to HKAS 8	Definition of Accounting Estimates <sup>2</sup>
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction <sup>2</sup>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2022.

<sup>2</sup> Effective for annual periods beginning on or after 1 January 2023.

<sup>3</sup> Effective date not yet determined.

<sup>4</sup> Effective for business combinations for which the acquisition date is on or after the beginning of the first annual period beginning on or after 1 January 2022.

<sup>5</sup> As a consequence of the amendments to HKFRS 17 issued in October 2020, HKFRS 4 was amended to extend the temporary exemption that permits insurers to apply HKAS 39 rather than HKFRS 9 for annual periods beginning before 1 January 2023.

The Group is in the process of making an assessment of the impact of these new and revised HKFRSs upon initial application but is not yet in a position to state whether these new and revised HKFRSs would have a significant impact on the Group's financial performance and financial position.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

*For the year ended 31 March 2022*

### 4. SIGNIFICANT ACCOUNTING POLICIES

The consolidated financial statements have been prepared on the historical cost basis and in accordance with HKFRSs issued by the HKICPA. In addition, the consolidated financial statements include the applicable disclosures required by the Rules Governing the Listing of Securities on GEM of the Stock Exchange and by the Hong Kong Companies Ordinance.

Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such a basis, except for share-based payment transactions that are within the scope of HKFRS 2 "Share-based Payment", leasing transactions that are accounted for in accordance with HKFRS 16 (since 1 April 2019) or HKAS 17 (before application of HKFRS 16), and measurements that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 "Inventories" or value in use in HKAS 36 "Impairment of Assets".

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2022

### 4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

The principal accounting policies adopted are set out below.

#### BASIS OF CONSOLIDATION

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each item of other comprehensive income are attributed to owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with the Group's accounting policies.

All intra-group assets, liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

Non-controlling interests in subsidiaries are presented separately from the Group's equity therein, which represent present ownership interests entitling their holders to a proportionate share of net assets of the relevant subsidiaries upon liquidation.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

*For the year ended 31 March 2022*

### 4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### CHANGES IN THE GROUP'S INTERESTS IN EXISTING SUBSIDIARIES

Changes in the Group's interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the Group's relevant components of equity and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries, including re-attribution of relevant reserves between the Group and the non-controlling interests according to the Group's and the non-controlling interests' proportionate interests.

Any difference between the amount by which the non-controlling interests are adjusted, and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

#### REVENUE FROM CONTRACTS WITH CUSTOMERS

The Group recognises revenue when (or as) a performance obligation is satisfied, i.e. when "control" of the goods or services underlying the particular performance obligation is transferred to the customer.

A performance obligation represents a good or service (or a bundle of goods or services) that is distinct or a series of distinct goods or services that are substantially the same.

Control is transferred over time and revenue is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation if one of the following criteria is met:

- the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs;
- the Group's performance creates or enhances an asset that the customer controls as the Group performs; or
- the Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

Otherwise, revenue is recognised at a point in time when the customer obtains control of the distinct good or service.

Revenue is measured based on the consideration specified in a contract with a customer. The Group recognises revenue when it transfers control of a product or service to a customer.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2022

### 4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### REVENUE FROM CONTRACTS WITH CUSTOMERS *(Continued)*

##### *REVENUE FROM OPERATION OF THE RESTAURANTS*

The Group recognises revenue from the operation of the restaurants which provides catering services. Revenue from catering services is recognised at a point in time when the services are rendered. A receivable is recognised by the Group when the services are rendered to the customers at which the right to consideration becomes unconditional, as only the passage of time is required before payment is due.

##### *SALES OF FOOD AND RELATED PRODUCTS TO A FRANCHISEE*

Revenue from food and related products to a franchisee is recognised at a point in time when control of the goods has been transferred, being when the goods have been shipped to the franchisee's specific location. Payment of the transaction price is due immediately at the point the customer purchases the goods.

##### *LICENSE FEE INCOME FROM A LICENSEE*

License fee income from a licensee is recognised as a performance obligation satisfied over time using output method. The Group recognises revenue for a usage-based license promised in exchange for a licence of trademark only when (or as) the later of the following events occurs:

- (a) the subsequent usage occurs; and
- (b) the performance obligation to which some or all of the usage-based license has been allocated has been satisfied (or partially satisfied).

##### *ROYALTY FEE INCOME FROM FRANCHISEES*

Royalty fee income from a franchisee is recognised as a performance obligation satisfied over time using output method. The Group recognises revenue for a sales-based royalty promised in exchange for the license of trademark when the later of the following events occurs:

- (a) the subsequent sale occurs; and
- (b) the performance obligation to which the sales-based royalty has been allocated has been satisfied (i.e. granting the use of sales-based royalty to the franchisee).

##### *OVER TIME REVENUE RECOGNITION: MEASUREMENT OF PROGRESS TOWARDS COMPLETE SATISFACTION OF PERFORMANCE OBLIGATION*

The progress towards complete satisfaction of a performance obligation is measured based on output method, which is to recognise revenue on the basis of direct measurements of the value of the goods or services transferred to the customer to date relative to the remaining goods or services promised under the contract, that best depict the Group's performance in transferring control of goods or services.

*For the year ended 31 March 2022*

### 4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### LEASES

##### *DEFINITION OF A LEASE*

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified or arising from business combinations on or after the date of initial application, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

##### *THE GROUP AS A LESSEE*

###### *Allocation of consideration to components of a contract*

For a contract that contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

Non-lease components are separated from lease component on the basis of their relative stand-alone prices.

###### *Short-term leases and leases of low-value assets*

The Group applies the short-term lease recognition exemption to leases of some restaurants, warehouses, office and director's quarter that have a lease term of 12 months or less from the commencement date and do not contain a purchase option. The Group also applies the recognition exemption for lease of low-value assets. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight line basis or another systematic basis over the lease term.

###### *Right-of-use assets*

The cost of right-of-use asset includes:

- the amount of the initial measurement of the lease liability;
- any lease payments made at or before the commencement date, less any lease incentives received;
- any initial direct costs incurred by the Group; and
- an estimate of costs to be incurred by the Group in dismantling and removing the underlying assets, restoring the site on which it is located or restoring the underlying asset to the condition required by the terms and conditions of the lease.

Right-of-use assets are measured at cost, less any accumulated depreciation and impairment losses, and adjusted for any remeasurement of lease liabilities.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2022

### 4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### LEASES *(Continued)*

##### THE GROUP AS A LESSEE *(Continued)*

##### *Right-of-use assets (Continued)*

Right-of-use assets in which the Group is reasonably certain to obtain ownership of the underlying leased assets at the end of the lease term are depreciated from commencement date to the end of the useful life. Otherwise, right-of-use assets are depreciated on a straight-line basis over the shorter of its estimated useful life and the lease term.

When the Group obtains ownership of the underlying leased assets at the end of the lease term, upon exercising purchase options, the cost of the relevant right-of-use assets and the related accumulated depreciation and impairment loss are transferred to property and equipment.

The Group presents right-of-use assets as a separate line item on the consolidated statement of financial position.

##### *Refundable rental deposits*

Refundable rental deposits paid are accounted under HKFRS 9 "Financial Instruments" ("HKFRS 9") and initially measured at fair value. Adjustments to fair value at initial recognition are considered as additional lease payments and included in the cost of right-of-use assets.

##### *Lease liabilities*

At the commencement date of a lease, the Group recognises and measures the lease liability at the present value of lease payments that are unpaid at that date. In calculating the present value of lease payments, the Group uses the incremental borrowing rate at the lease commencement date if the interest rate implicit in the lease is not readily determinable.

The lease payments include:

- fixed payments (including in-substance fixed payments) less any lease incentives receivable;
- variable lease payments that depend on an index or a rate, initially measured using the index or rate as at the commencement date;
- amounts expected to be payable by the Group under residual value guarantees;
- the exercise price of a purchase option if the Group is reasonably certain to exercise the option; and
- payments of penalties for terminating a lease, if the lease term reflects the Group exercising an option to terminate the lease.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2022

### 4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### LEASES *(Continued)*

##### THE GROUP AS A LESSEE *(Continued)*

##### Lease liabilities *(Continued)*

Variable lease payments that reflect changes in market rental rates are initially measured using the market rental rates as at the commencement date. Variable lease payments that do not depend on an index or a rate are not included in the measurement of lease liabilities and right-of-use assets, and are recognised as expense in the period in which the event or condition that triggers the payment occurs.

After the commencement date, lease liabilities are adjusted by interest accretion and lease payments.

The Group remeasures lease liabilities (and makes a corresponding adjustment to the related right-of-use assets) whenever the lease term has changed or there is a change in the assessment of exercise of a purchase option, in which case the related lease liability is remeasured by discounting the revised lease payments using a revised discount rate at the date of reassessment.

The Group presents lease liabilities as a separate line item on the consolidated statement of financial position.

##### Lease modifications

The Group accounts for a lease modification as a separate lease if:

- the modification increases the scope of the lease by adding the right to use one or more underlying assets; and
- the consideration for the leases increases by an amount commensurate with the stand-alone price for the increase in scope and any appropriate adjustments to that stand-alone price to reflect the circumstances of the particular contract.

For a lease modification that is not accounted for as a separate lease, the Group remeasures the lease liability based on the lease term of the modified lease by discounting the revised lease payments using a revised discount rate at the effective date of the modification.

The Group accounts for the remeasurement of lease liabilities by making corresponding adjustments to the relevant right-of-use asset. When the modified contract contains a lease component and one or more additional lease or non-lease components, the Group allocates the consideration in the modified contract to each lease component on the basis of the relative stand-alone price of the lease component and the aggregate stand-alone price of the non-lease components.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2022

### 4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### COVID-19-RELATED RENT CONCESSIONS

In relation to rent concessions that occurred as a direct consequence of the Covid-19 pandemic, the Group has elected to apply the practical expedient not to assess whether the change is a lease modification if all of the following conditions are met:

- the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- any reduction in lease payments affects only payments originally due on or before 30 June 2021; and
- there is no substantive change to other terms and conditions of the lease.

A lessee applying the practical expedient accounts for changes in lease payments resulting from rent concessions the same way it would account for the changes applying HKFRS 16 if the changes are not a lease modification. Forgiveness or waiver of lease payments are accounted for as variable lease payments. The related lease liabilities are adjusted to reflect the amounts forgiven or waived with a corresponding adjustment recognised in the profit or loss in the period in which the event occurs.

#### *AMENDMENT TO HKFRS 16, COVID-19-RELATED RENT CONCESSIONS BEYOND 30 JUNE 2021*

The amendment extends the practical expedient available to lessees in accounting for COVID-19 related rent concessions by one year. The reduction in lease payments could only affect payments originally due on or before 30 June 2021 is extended to 30 June 2022. The amendment is effective for annual reporting periods beginning on or after 1 April 2021, with earlier application permitted.

#### BORROWING COSTS

Borrowing costs are recognised in profit or loss in the period in which they are incurred.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

*For the year ended 31 March 2022*

### 4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### RETIREMENT BENEFITS COSTS

Payments to defined contribution plans including state-managed benefit scheme and the Mandatory Provident Fund Scheme ("**MPF Scheme**") are recognised as an expense when employees have rendered service entitling them to the contributions.

#### SHORT-TERM EMPLOYEE BENEFITS

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries and annual leave) after deducting any amount already paid.

#### GOVERNMENT GRANTS

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable.

#### TAXATION

Income tax expense represents the sum of tax currently payable and deferred tax.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from "profit before taxation" as reported in the consolidated statement of profit or loss and other comprehensive income because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in these consolidated financial statements and the corresponding tax bases used in the computation of taxable profits. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future. Deferred tax assets arising from deductible temporary differences associated with such investments are only recognised to the extent that it is probable that there will be sufficient taxable profits against which to utilise the benefits of the temporary differences and they are expected to reverse in the foreseeable future.

#### TAXATION *(Continued)*

The carrying amount of deferred tax assets is reviewed at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period when the liability is settled or the asset is realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax assets and liabilities reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred tax for leasing transactions in which the Group recognises the right-of-use assets and the related lease liabilities, the Group first determines whether the tax deductions are attributable to the right-of-use assets or the lease liabilities.

For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group applies HKAS 12 "Income Taxes" requirements to the leasing transaction as a whole. Temporary differences relating to right-of-use assets and lease liabilities are assessed on a net basis. Excess of depreciation on right-of-use assets over the lease payments for the principal portion of lease liabilities resulting in net deductible temporary differences.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied to the same taxable entity by the same taxation authority.

Current and deferred tax are recognised in profit or loss.

#### PROPERTY AND EQUIPMENT

Property and equipment are tangible assets that are held for use in the production or supply of goods or services, or for administrative purposes other than assets under installation and construction in progress. Property and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses, if any.

Assets under installation and construction in progress for production, supply and administrative purposes are carried at cost, less any recognised impairment loss. Costs include any costs directly attributable to bringing the asset to the location and condition necessary for it to be capable of operating in the manner intended by management and, for qualifying assets, borrowing costs capitalised in accordance with the Group's accounting policy. Assets under installation and construction in progress are classified to the appropriate categories of property and equipment when completed and ready for intended use. Depreciation of these assets, on the same basis as other property and equipment, commences when the assets are ready for their intended use.

### 4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### PROPERTY AND EQUIPMENT *(Continued)*

Depreciation is recognised so as to write off the cost of assets over their estimated useful lives, using the straight-line method. The estimated useful lives and depreciation method are reviewed at the end of the reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

An item of property and equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in profit or loss.

#### INTANGIBLE ASSETS

##### *INTANGIBLE ASSETS ACQUIRED SEPARATELY*

Intangible assets with finite useful lives that are acquired separately are carried at cost less accumulated amortisation and any accumulated impairment losses. Amortisation for intangible assets with finite useful life is recognised on a straight-line basis over their estimated useful lives. The estimated useful life and amortisation method are reviewed at the end of each reporting period, with the effect of any changes in estimate being accounted for on a prospective basis.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains and losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

##### IMPAIRMENT LOSS ON PROPERTY AND EQUIPMENT AND RIGHT-OF-USE ASSETS

At the end of the reporting period, the Group reviews the carrying amounts of its property and equipment and right-of-use assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss (if any).

The recoverable amount of property and equipment and right-of-use assets are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the CGU to which the asset belongs.

In addition, the Group assesses whether there is indication that corporate assets may be impaired. If such indication exists, corporate assets are also allocated to individual CGUs, when a reasonable and consistent basis of allocation can be identified, or otherwise they are allocated to the smallest group of CGUs for which a reasonable and consistent allocation basis can be identified.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a CGU) for which the estimates of future cash flows have not been adjusted.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2022

### 4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### IMPAIRMENT LOSS ON PROPERTY AND EQUIPMENT AND RIGHT-OF-USE ASSETS *(Continued)*

If the recoverable amount of an asset (or a CGU) is estimated to be less than its carrying amount, the carrying amount of the asset (or a CGU) is reduced to its recoverable amount. For corporate assets or portion of corporate assets which cannot be allocated on a reasonable and consistent basis to a CGU, the Group compares the carrying amount of a group of CGU, including the carrying amounts of the corporate assets or portion of corporate assets allocated to that group of CGU, with the recoverable amount of the group of CGU. In allocating the impairment loss, the impairment loss is allocated first to reduce the carrying amount of any goodwill (if applicable) and then to the other assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of CGU. The carrying amount of an asset is not reduced below the highest of its fair value less costs of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit or the group of CGU. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or a CGU or a group of CGUs) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a CGU or a group of CGUs) in prior years. A reversal of an impairment loss is recognised in profit or loss immediately.

#### INVENTORIES

Inventories are stated at the lower of cost and net realisable value. Costs of inventories are determined on a weighted average method. Net realisable value represents the estimated selling price for inventories less all estimated costs of completion and costs necessary to make the sale. Cost necessary to make the sale include incremental costs directly attributable to the sale and non-incremental costs which the Group must incur to make the sale.

#### PROVISIONS

Provisions are recognised when the Group has a present obligation (legal or constructive) as a result of a past event, it is probable that the Group will be required to settle the obligations, and a reliable estimate can be made of the amount of the obligation.

The amount recognised as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (where the effect of the time value of money is material).

#### REINSTATEMENT PROVISIONS

Provision for the costs to restore leased assets to their original conditions, as required by the terms and conditions of the lease, are recognised at the date of inception of the lease at the management's best estimate of the expenditure that would be required to restore the assets, estimate are regularly reviewed and adjusted as appropriate for new circumstances.

#### FINANCIAL INSTRUMENTS

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees or points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period to the net carrying amount on initial recognition.

#### *FINANCIAL ASSETS*

##### *Classification and subsequent measurement of financial assets*

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to hold the financial assets in order to collect contractual cash flows; and
- the contractual terms of the financial asset give rise on a specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at fair value through profit or loss ("**FVTPL**"), except that at the date of initial application/initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 "Business Combinations" applies.

##### *Amortised cost and interest income*

Interest income is recognised using the effective interest method for debt instruments measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired. For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset. If, in subsequent reporting periods, the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit impaired.

### 4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### FINANCIAL INSTRUMENTS *(Continued)*

##### FINANCIAL ASSETS *(Continued)*

##### *Impairment of financial assets*

The Group recognises a loss allowance under expected credit loss (“ECL”) model on financial assets which are subject to impairment under HKFRS 9 (including trade and other receivables, deposits and bank balances). The amount of ECL is updated at each reporting date to reflect changes in credit risk since initial recognition.

Lifetime ECL represents the ECL that will result from all possible default events over the expected life of the relevant instrument. In contrast, 12-month ECL (“12m ECL”) represents the portion of lifetime ECL that is expected to result from default events that are possible within 12 months after the reporting date. Assessment are done based on the Group’s historical credit loss experience, adjusted for factors that are specific to the debtors, general economic conditions and an assessment of both the current conditions at the reporting date as well as the forecast of future conditions.

The Group always recognise lifetime ECL for trade receivables and measures the lifetime ECL on individual basis as part of the Group’s refined credit risk management with consideration of factors that are specific to the debtors and general economic conditions.

For all other financial instruments, the Group measures the loss allowance equal to 12m ECL, unless when there has a significant increase in credit risk since initial recognition, the Group recognises lifetime ECL. The assessment of whether lifetime ECL should be recognised is based on significant increase in the likelihood or risk of a default occurring since initial recognition.

##### *(i) Significant increase in credit risk*

In assessing whether the credit risk has increased significantly since initial recognition, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition. In making this assessment, the Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

In particular, the following information is taken into account when assessing whether the credit risk has increased significantly:

- an actual or expected significant deterioration in the financial instrument’s external (if available) or internal credit rating;
- significant deterioration in external market indicators of credit risk, e.g. a significant increase in the credit spread and the credit default swap prices for the debtor;
- existing or forecast adverse changes in business, financial or economic conditions that are expected to cause a significant decrease in debtor’s ability to meet its debt obligations;
- an actual or expected significant deterioration in the operating results of the debtor; and
- an actual or expected significant adverse change in the regulatory, economic, or technological environment of the debtor that results in a significant decrease in the debtor’s ability to meet its debt obligations.

#### FINANCIAL INSTRUMENTS *(Continued)*

##### FINANCIAL ASSETS *(Continued)*

##### *Impairment of financial assets (Continued)*

##### *(i) Significant increase in credit risk (Continued)*

Irrespective of the outcome of the above assessment, the Group presumes that the credit risk has increased significantly since initial recognition when contractual payments are more than 30 days past due, unless the Group has reasonable and supportable information that demonstrates otherwise.

##### *(ii) Definition of default*

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that receivables that meet either of the following criteria are generally not recoverable.

- when there is a breach of financial covenants by the counterparty; or
- information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group).

The Group considers that default has occurred when the instrument is more than 90 days past due unless the Group has reasonable and supportable information to demonstrate that a more lagging default criterion is more appropriate.

##### *(iii) Credit-impaired financial assets*

A financial asset is "credit-impaired" when one or more events that have a detrimental impact on the estimated future cash flows of the financial assets have been occurred. Evidence that a financial asset is credit-impaired includes observable data about the following events:

- Significant financial difficulty of the issuer of the borrower; or
- A breach of contract, such as a default or past due event; or
- The lender(s) of the borrower, for economic or contractual reasons relating to the borrower's financial difficulty, having granted to the borrower a concession(s) that the lender(s) would not otherwise consider; or
- It is becoming probably that the borrower will enter bankruptcy or other financial reorganisation.

##### *(iv) Write-off policy*

The Group writes off a financial asset when there is information indicating that the counterparty is in severe financial difficulty and there is no realistic prospect of recovery, e.g. when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over one year past due, whichever occurs sooner. Financial assets written off may still be subject to enforcement activities under the Group's recovery procedures, taking into account legal advice when appropriate. A write-off constitutes a derecognition event. Any recoveries made are recognised in profit or loss.

#### FINANCIAL INSTRUMENTS *(Continued)*

##### FINANCIAL ASSETS *(Continued)*

##### *Impairment of financial assets (Continued)*

##### *(v) Measurement and recognition of ECL*

The measurement of ECL is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure at default. The assessment of the probability of default and loss given default is based on historical data adjusted by forward-looking information. As for the exposure at default, for financial assets, this is represented by the assets' gross carrying amount at the end of each reporting period.

Generally, the ECL is estimated as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive, discounted at the effective interest rate determined at initial recognition.

The Group recognises an impairment gain or loss in profit or loss for all financial instruments by adjusting their carrying amount with the exception of trade receivables where the correspondence adjustment is recognised through a loss allowance account.

If the Group has measured the loss allowance for a financial instrument at an amount equal to lifetime ECL in the previous reporting period, but determines at the current reporting date that the conditions for lifetime ECL are no longer met, the Group measures the loss allowance at an amount equal to 12-month ECL at the current reporting date.

##### *Derecognition of financial assets*

The Group derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another entity.

On derecognition of a financial asset, the difference between the asset's carrying amount and the consideration received and receivable is recognised in profit or loss.

#### FINANCIAL LIABILITIES AND EQUITY INSTRUMENTS

##### *Classification as debt or equity*

Debt and equity instruments issued by a group entity are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

#### EQUITY INSTRUMENTS

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

### 4. SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

#### FINANCIAL INSTRUMENTS *(Continued)*

##### FINANCIAL LIABILITIES AT AMORTISED COST

Financial liabilities including trade and certain other payables and accruals and bank borrowing are subsequently measured at amortised cost, using the effective interest method.

##### *Derecognition of financial liabilities*

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

### 5. KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 4, the management of the Group is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimates is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

#### ESTIMATED IMPAIRMENT OF PROPERTY AND EQUIPMENT

Property and equipment and right-of-use assets are stated at costs less accumulated depreciation and impairment, if any. In determining whether an asset is impaired, the Group has to exercise judgment and make estimation, particularly in assessing: (1) whether an event has occurred or any indicators that may affect the asset value; (2) whether the carrying value of an asset can be supported by the recoverable amount, in the case of value in use, the net present value of future cash flows which are estimated based upon the continued use of the asset; and (3) the appropriate key assumptions to be applied in estimating the recoverable amounts including cash flow projections and an appropriate discount rate. When it is not possible to estimate the recoverable amount of an individual asset including right-of-use assets, the Group estimates the recoverable amount of the CGU to which the assets belongs. Changing the assumptions and estimates, including the discount rates or the growth rate in the cash flow projections, could materially affect the net present value used in the impairment test and the recoverable amount based on value in use.

As at 31 March 2022, in view of impairment indicators, the Group performed impairment assessment on property and equipment with carrying amount of HK\$310,000 and right-of-use assets of HK\$1,778,000 (2021: HK\$3,047,000 and HK\$6,055,000), respectively. Impairment losses of HK\$5,341,000 and HK\$5,465,000 (2021: HK\$4,562,000 and HK\$5,124,000) in respect of property and equipment and right-of-use assets have been recognised respectively. Details of the impairment assessment of property and equipment and right-of-use assets are disclosed in note 15.

#### REVENUE *(Continued)*

Contracts for royalty fee income are under 3-year to 5-year non-cancellable term in which the Group bills at a fixed rate on the sales generated from the use of trademark by the franchisees or number of restaurants run by the franchisees under the trademark. The Group elected to apply the practical expedient by recognising revenue in the amount to which the Group has the right to invoice. As permitted under HKFRS 15, the transaction price allocated to these unsatisfied performance obligations is not disclosed.

Contracts for license fee income is under 2-year non-cancellable term in which the Group bills at a fixed amount for each licensing product produced by the licensee. The Group elected to apply the practical expedient by recognising revenue in the amount to which the Group has the right to invoice. As permitted under HKFRS 15, the transaction price allocated to these unsatisfied performance obligations is not disclosed.

Consultancy fee income to a franchisee is recognised over time as the Group provides consultancy services and the franchisee simultaneously receives and consumes the benefit provided by the Group. Consultancy fee income is charged at respective fixed amounts based on number of restaurants operated by the franchisee. Consultancy fee income is due on a quarterly basis.

#### SEGMENT INFORMATION

The Group is principally engaged in operation of Japanese ramen restaurants and Hong Kong style restaurant in Hong Kong. This operating segment has been identified on the basis of internal management reports prepared in accordance with the Group's accounting policies. The executive directors of the Company have been identified as the chief operating decision maker ("**CODM**"). The CODM reviews the Group's revenue analysis by geographical location in order to assess performance and allocation of resources.

Other than revenue analysis, no operating results or other discrete financial information is available for the assessment of performance and allocation of resources. The CODM reviews the results of the Group as a whole to make decisions. Accordingly, other than entity wide information, no analysis of this single operating segment is presented.

### 15. PROPERTY AND EQUIPMENT *(Continued)*

Depreciation is provided to write off the cost of items of property and equipment over their estimate useful lives, using the straight-line method, at the following rates per annum:

Leasehold improvements	Over the lease terms
Fixtures and equipment	20%
Motor vehicles	30%

During the year ended 31 March 2022 and 2021, as certain restaurants underperformed and incurred losses, the management of the Group concluded there was an indication for impairment and conducted impairment assessment on recoverable amounts of property and equipment and right-of-use assets of relevant restaurants. The Group estimated the recoverable amount of these restaurants, each represents an individual CGU, to which the asset belongs when it is not possible to estimate the recoverable amount individually. As the recoverable amount of certain CGUs are lower than the respective carrying amounts of property and equipment and right-of-use assets, a total impairment loss of HK\$5,341,000 and HK\$5,465,000 (2021: HK\$4,562,000 and HK\$5,124,000) were recognised in the consolidated income statement for the year ended 31 March 2022 so arising from these CGU, respectively.

The recoverable amount of the CGUs are determined based on a value in use calculation covering a 5-year period. The revenue growth rates during the 5-year period range from 0% – 9.7% (2021: 0% – 10.2%) which is based on the management's estimation regarding service capacity and existing table turnover rate of respective restaurants. Cash flows beyond the 5-year period are extrapolated using a 1.7% (2021: nil) growth rate and the cash flows are discounted using a discount rate of 13.1% (2021: 21.8%). The discount rate used is pre-tax and reflects specific risks relating to the CGUs. Other key assumptions for the value in use calculation relate to the estimations of cash inflows/outflows which include gross margin and operating expenses, such estimations are based on the CGUs' past performance and management's expectations for the market development.

Total cash outflow for leases		9,891	17,635
Additions to right-of-use assets		5,771	9,551

For both years, the Group leases various restaurants, central kitchen, warehouse, office premises, staff dormitories and a director's quarter for its operations. Except for short-term leases or leases of low-value assets, lease contracts are entered into for fixed term of 2 to 4 years, but may have extension options as described below. Lease terms are negotiated on an individual basis and contain a wide range of different terms and conditions. In determining the lease term and assessing the length of the non-cancellable period, the Group applies the definition of a contract and determines the period for which the contract is enforceable.

The Group regularly entered into short-term leases for equipments. As at 31 March 2022, the portfolio of short-term leases is similar to the portfolio of short-term leases to which the short-term expense included in rental and related expenses and disclosed in above.

### 16. RIGHT-OF-USE ASSETS (Continued)

As at 31 March 2022, one new lease contract has been entered by the Group which have not yet commenced (2021: nil).

Details of the impairment assessment of the Group's right-of-use assets are disclosed in note 15.

#### EXTENSION OPTIONS

The Group has extension option in a number of leases for restaurants. These are used to maximise operational flexibility in terms of managing the assets used in the Group's operations. The majority of extension options held are exercisable only by the Group and not by the respective lessors.

The Group assesses at lease commencement date whether it is reasonably certain to exercise the extension options. The potential exposures to these future lease payments for extension options in which the Group is not reasonably certain to exercise are summarised below:

	Lease liabilities recognised as at 31 March 2022 HK\$'000	Potential future lease payments not included in lease liabilities (undiscounted) HK\$'000	Lease liabilities recognised as at 31 March 2021 HK\$'000	Potential future lease payments not included in lease liabilities (undiscounted) HK\$'000
Restaurants, office and factory	239	2,988	1,626	2,880

In addition, the Group reassesses whether it is reasonably certain to exercise an extension option, upon the occurrence of either a significant event or a significant change in circumstances that is within the control of the lessee. During the year ended 31 March 2022, there is no such triggering event (2021: Nil).

### 22. BANK BORROWING (Continued)

During the year, in respect of a bank borrowing with a carrying amount of HK\$1,016,000 as at 31 March 2022, the Group breached certain of the terms of the bank borrowing, which are primarily related to the tangible net worth of the Group. On discovery of the breach, the directors of the Company informed the lender and commenced a renegotiation of the terms of the borrowing with the relevant banker. As at 31 March 2022, those negotiations had not been concluded. Since the lender has not agreed to waive its right to demand immediate payment as at the end of the reporting period, the borrowing has been classified as a current liability as at 31 March 2022. Up to the date of approval for issuance of the consolidated financial statements, the negotiations are still in progress. The directors of the Company are confident that their negotiations with the lender will ultimately reach a successful conclusion. In any event, should the lender call for immediate repayment of the borrowing, the directors of the Company believe that adequate alternative sources of finance are available to ensure that there is no threat to the continuing operations of the Group.

(Credit)/charge to profit or loss (note 12)	(280)	54	(226)
At 31 March 2022	–	54	54

Note: For leasing transactions in which the tax deductions are attributable to the lease liabilities, the Group accounts for leasing transaction as a whole. Temporary differences relating to right-of-use assets and lease liabilities are assessed on a net basis.

At the end of the reporting period, the Group has unused tax losses of HK\$47,026,000 (2021: HK\$42,794,000) available for offset against future profits. No deferred tax asset has been recognised in respect of the tax losses of HK\$47,026,000 (2021: HK\$42,794,000) due to unpredictability of future profit streams. Included in unused tax losses of HK\$4,259,000 (2021: HK\$5,892,000) that can be carried forward for five years from the year in which the losses arose and HK\$42,767,000 (2021: HK\$36,902,000) may be carried forward indefinitely.

Under the EIT Law of PRC, withholding tax is imposed on dividends declared in respect of profits earned by PRC subsidiaries from 1 January 2008 onwards. Deferred taxation has not been provided for in respect of temporary differences attributable to accumulated profits of the PRC subsidiaries, as the Group is able to control the timing of the reversal of the temporary differences and it is probable that the temporary differences will not reverse in the foreseeable future.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 March 2022

### 28. RETIREMENT BENEFITS SCHEMES

The Group operates MPF Scheme for all qualified employees in Hong Kong. Contributions from employers and employees are 5% each of the employee's relevant income. The maximum mandatory contribution per employee is HK\$1,500 per month. The assets of the MPF Scheme are held separately from those of the Group, in funds under the control of an independent trustee. During the year ended 31 March 2022, the retirement benefit schemes contribution arising from the MPF Scheme charged to profit or loss is HK\$705,000 (2021: HK\$743,000).

The eligible employees of the Company's subsidiaries in PRC are members of pension schemes operated by local government of the PRC (the "PRC Scheme"). The subsidiaries in the PRC are required to contribute a certain percentage of the relevant cost of payroll of these employees to the pension schemes to fund the benefits.

During the year ended 31 March 2022, there was no retirement benefit schemes attribution to the PRC Scheme charged to profit or loss (2021: HK\$47,000).

At 31 March 2022 and 2021, there were no significant forfeited contributions which arose upon employees leaving the schemes before they are fully vested in the contributions and which are available to reduce the contributions payable by the Group in the future.

### 29. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that entities in the Group will be able to continue as a going concern while maximising the return to owners through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged for both years.

The capital structure of the Group consists of debt balances and equity balance. Debt balances include bank borrowing (note 22). Equity balance consists of equity attributable to the Owners of the Company, comprising share capital and reserves.

The management of the Group reviews the capital structure regularly. As part of this review, the management of the Group considers the cost of capital and the risk associated with each class of capital, and will balance its overall capital structure through payment of dividends, issue of new shares as well as the issue of new debts or the redemption of existing debts.

## FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's financial instruments include trade and other receivables, deposits, bank balances and cash, trade and other payables and accruals, bank borrowing and lease liabilities as at 31 March 2022 and 2021. Details of these financial instruments are disclosed in respective notes. The risks associated with these financial instruments include interest rate risk, credit risk and liquidity risk. The policies on how to mitigate these risks are set out below. The management of the Group manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

*INTEREST RATE RISK*

The Group is exposed to fair value interest rate risk which arise from lease liabilities (note 23). The Group is exposed to cash flow interest rate risk in relation to variable-rate bank balances (note 20) and bank borrowing (note 22) as at 31 March 2022 and 2021. The management of the Group considers the Group's exposures of the bank balances are not significant as interest bearing bank balances are within short maturity period and thus they are not included in sensitivity analysis. The Group currently does not have a policy on cash flow hedges of interest rate risk. However, the management of the Group monitors interest rate exposure and will consider hedging significant interest rate risk should the need arise.

The Group's cash flow interest rate risk is mainly concentrated on the fluctuation of interest rates on Hong Kong Dollar Best Lending Rate quoted by a bank in Hong Kong arising from the Group's bank borrowing.

### 30. FINANCIAL INSTRUMENTS *(Continued)*

#### FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES *(Continued)*

##### *INTEREST RATE RISK (Continued)*

###### *Sensitivity analysis*

The sensitivity analysis below has been determined based on the exposure to interest rates for its variable-rate bank borrowing. The analysis is prepared assuming the variable-rate bank borrowing at the end of the reporting period were outstanding for the whole year and 100 basis points (2021: 100 basis points) increase or decrease are used. The bank balances are excluded from the sensitivity analysis as the management of the Group considers that the exposure of cash flow interest rate risk arising from variable-rate bank balances is insignificant.

If interest rates have been 100 basis points (2021: 100 basis points) higher/lower for variable-rate bank borrowing and all other variables were held constant, the Group's loss for the year ended 31 March 2022 would increase/decrease by HK\$10,000 (2021: loss would increase/decrease by HK\$18,000).

##### *CREDIT RISK AND IMPAIRMENT ASSESSMENT*

As the end of the reporting period, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties arising from the carrying amount of the respective recognised financial assets as stated in the consolidated statement of financial position.

###### *Trade receivables*

In order to minimise the credit risk, the directors of the Company have delegated a team responsible for monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, under the Group's refined credit risk management, the Group applies the simplified approach in HKFRS 9 to measure lifetime ECL on trade receivables on individual basis at the end of the reporting period.

During the year ended 31 March 2022, no impairment allowance (2021: nil) was provided for trade receivables as the amount is insignificant.

### 30. FINANCIAL INSTRUMENTS *(Continued)*

#### FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES *(Continued)*

##### *CREDIT RISK AND IMPAIRMENT ASSESSMENT (Continued)*

###### *Other receivables and deposits*

For other receivables and deposits, the management of the Group makes periodic individual assessment on the recoverability of other receivables and deposits based on historical settlement records, past experience, and also available reasonable and supportive forward-looking information. The management of the Group believes that there is no material credit risk inherent in the Group's outstanding balance of other receivables and deposits. As at 31 March 2022, the gross carrying amount of other receivables and deposits is HK\$6,127,000 (2021: HK\$7,108,000). During the year ended 31 March 2022, no impairment allowance (2021: Nil) was provided for other receivables and deposits as the amount is insignificant.

###### *Bank balances*

The credit risk on liquid funds are limited as such amounts are placed in banks with high credit ratings assigned by international credit-rating agencies. The Group has balances with three banks, in which the latest available ratings are A1, Aa3 and Aa3 as at 31 March 2022 according to Moody's Rating Scaling. There has been no history of default in relation to these banks and thus the risk of default is regard as low. No loss allowance provision for bank balances was recognised upon application of HKFRS 9 and during the year ended 31 March 2022 (2021: nil) as the amounts are placed in banks with good reputation. As at 31 March 2022, the gross carrying amount of bank balances is HK\$11,408,000 (2021: HK\$28,844,000).

##### *LIQUIDITY RISK*

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management of the Group to finance the Group's operations and mitigate the effects of unexpected fluctuations in cash flows.

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities and lease liabilities based on the earliest date on which the Group can be required to pay. Specially, bank borrowing with a repayment on demand clause are included in the earliest time band regardless of the probability of the banks choosing to exercise their rights.

### 33. SHARE OPTION SCHEME

The Company's share option scheme was adopted pursuant to a resolution passed on 21 February 2019 ("**Share Option Scheme**") for the primary purpose of providing incentives to eligible participants for their contributions to the Group. Under the Share Option Scheme, the directors of the Company may grant options to employees (full-time and part-time), directors, consultants, advisers, distributors, contractors, suppliers, agents, customers, business partners or service providers.

An offer for the grant of options must be accepted within seven days inclusive of the day on which such offer was made. A nominal consideration of HK\$1 is payable by the grantee on acceptance of the grant of an option. The subscription price of a share in respect of any particular option granted under the Share Option Scheme shall be a price solely determined by the board of directors of the Company and notified to a participant and shall be at least the higher of: (i) the closing price of the shares as stated in the Stock Exchange's daily quotations sheet on the date of grant of the option, which must be a business day; (ii) the average of the closing prices of the shares as stated in the Stock Exchange's daily quotations sheets for the five business days immediately preceding the date of grant of the option; and (iii) the nominal value of a share on the date of grant of the option.

The maximum number of the shares that may be allotted and issued upon the exercise of all options (excluding, for this purpose, options which have lapsed in accordance with the terms of the Share Option Scheme and any other share option scheme of the Group) under the Share Option Scheme and any other share option scheme of the Group shall not exceed 10% of all the 500,000,000 shares in issue. The Company may seek approval of the shareholders in a general meeting to refresh the 10% limit provided that the total number of shares which may be allotted and issued upon exercise of all options to be granted under the Share Option Scheme and any other share option scheme of the Group shall not exceed 10% of the number of shares in issue as at the date of approval of the limit.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 33. SHARE OPTION SCHEME (Continued)

The total number of shares issued and which may fall to be issued upon the exercise of the options granted under the Share Option Scheme and any other share option scheme of the Group (including both exercised or outstanding options) to each grantee in any 12-month period shall not exceed 1% of the shares of the Company in issue. Any further grant of options in excess of the 1% limit in any 12-month period up to and including the date of such further grant must be separately approved by the shareholders in a general meeting of the Company with such grantee and his associates abstaining from voting. The number and terms (including the exercise price) of options to be further granted must be fixed before the approval of the shareholders and the date of the board meeting for proposing such further grant should be taken as the date of grant for the purpose of calculating the exercise price under the GEM Listing Rules.

An option may be exercised in accordance with the terms of the Share Option Scheme at any time during a period to be determined and notified by the directors to each grantee, which period may commence from the date of offer for the grant of options is made, but shall end in any event not later than 10 years from the date of grant of the option subject to the provisions for early termination thereof.

The Share Option Scheme will remain in force for a period of 10 years commencing on the date on which the Share Option Scheme is adopted (i.e. 21 February 2019).

During the year ended 31 March 2022 and 2021, the Group did not grant any share option under the Share Option Scheme of the Company.

Further details of the grant of share option after the year ended 31 March 2022 are disclosed in note 38.

### 38. EVENTS AFTER THE REPORTING PERIOD

- (i) As previously reported, the outbreak of COVID-19 has caused certain impact on the catering business of the Company due to the restrictions and suspension on restaurants. The Company's business operations have been disrupted by the outbreak of COVID-19 and the subsequent precautionary measures. The Company estimated that the degree of COVID-19 impact would depend on the pandemic preventive measures and the duration of the pandemic. Given the dynamic circumstance and uncertainties of COVID-19 situation, the Group will keep continuous attention on the development of COVID-19 situation and react actively to its impacts on the operation and financial position of the Group, and in the event that there are any significant financial impacts, the Company will reflect it in the Company's 2023 consolidated financial statements.
- (ii) Pursuant to the Group's announcement on 26 April 2022 (the "**Date of Grant**"), the Company had granted a total of 50,000,000 share options (the "**Share Option(s)**") to ten employees of the Group (the "**Grantee(s)**") under the Share Option Scheme adopted by the Company on 21 February 2019 to subscribe for an aggregate of 50,000,000 ordinary shares of HK\$0.01 each of the Company, subject to the acceptance by the Grantees. 5,000,000 Share Options were granted to each Grantee on the Date of Grant.
- (iii) Pursuant to the Group's announcement on 20 June 2022, the Company proposed to implement the share consolidation on the basis that every ten issued and unlisted shares of par value of HK\$0.01 each be consolidated into one consolidated share of par value of HK\$0.1 each (the "**Share Consolidation**"). Upon the Share Consolidation having become effective, the authorised share capital of the Company will be HK\$100,000,000 divided into 1,000,000,000 consolidated shares of HK\$0.1 each, of which 50,000,000 consolidated shares will be in issue.

The Share Consolidation is conditional upon, among other things, the approval of the shareholders of the Company at the forthcoming annual general meeting in August 2022.
