# Chairman's Statement

Dear Shareholders,

On behalf of the board of directors (the "**Board**") of Ching Lee Holdings Limited (our "**Company**", together with our subsidiaries, our "**Group**"), I have the pleasure to present to you the annual results for the year ended 31 March 2022.

## OVERVIEW

During the year, the Group was in a window period and affected by the COVID-19 pandemic ("**COVID-19**"), leading to a decrease in revenue and gross profit margin. However, the Group managed to maintain a healthy financial status and the foundations of our core business remain robust since we continue to capture different business opportunities with potential construction projects from our long established customers network.

## FINANCIAL RESULTS

Hong Kong economy experienced unprecedented challenges due to the COVID-19 pandemic since January 2020. Affected by the local economic downturn and unstable environment, the total revenue of the Group decreased by approximately HK\$372.3 million or 41.0% from approximately HK\$908.8 million for the year ended 31 March 2021 to approximately HK\$536.5 million for the year ended 31 March 2022. In general, the decrease in revenue was mainly due to the decrease from superstructure building works services and repair, maintenance, alteration and addition for an existing structure ("**RMAA**") works services amount to approximately HK\$252.7 million and HK\$115.1 million respectively. Basic loss per share for the year ended 31 March 2022 was HK1.79 cents as compared with basic earning per share was HK1.14 cents per share for the year ended 31 March 2021.

## FORWARD

Looking forward, we expect the downward pressure of the economy in Hong Kong will remain for a certain period with the five wave of COVID-19. However the Group is confident with the economic outlook and the prospects of the construction market in Hong Kong. The Company believed that the Group will have a better performance in the coming fiscal year with the projects that the Company has engaged and will kick-start them in the coming fiscal year. The Group will continuously focus on its core businesses in providing (i) substructure building works services, (ii) superstructure building works services, and (iii) RMAA works services as a main contractor in Hong Kong; and, at the same time, explore new opportunities as well as new merger and acquisition targets that will benefit the shareholders as a whole.

Furthermore, in the view of our comprehensive skills and experience in the construction industry, the Group feels excited to explore the opportunities in property development projects in the future.

## APPRECIATION

On behalf of the Board, I wish to take this opportunity to express my sincere gratitude to all our customers, shareholders and business partners for their continuous care and support. I would also like to thank all of our employees for their commitment and loyalty they have shown throughout the years.

By Order of the Board  
**Ng Choi Wah**  
*Chairman*

Hong Kong, 24 June 2022

# Management Discussion and Analysis

## BUSINESS REVIEW AND OUTLOOK

We are a main contractor in Hong Kong principally engaged in providing (i) substructure building works services; (ii) superstructure building works services; and (iii) RMAA works services.

In general, substructure and superstructure building works refer to building works in relation to the parts of the structure below or above the ground level respectively, while RMAA works are for existing structures. The scope of our substructure building works projects consisted of demolition and hoarding, site formation and foundation works. The scope of our superstructure building works projects consisted of development and redevelopment of educational, residential, and commercial buildings, and the scope of our RMAA works consisted of improvement, fitting-out works, renovation works, restoration works and external works.

The Group's revenue for the year ended 31 March 2022 was recorded at approximately HK\$536.5 million which represented a decrease of approximately HK\$372.3 million or 41.0% from approximately HK\$908.8 million for the year ended 31 March 2021.

	Year ended 31 March		Increase/ (Decrease) %
	2022 HK\$'000	2021 HK\$'000	
Substructure building works services	20,320	24,792	(18.0)
Superstructure building works services	497,126	749,831	(33.7)
RMAA works services	19,056	134,186	(85.8)
	536,502	908,809	(41.0)

### (i) Substructure building works services

For the year ended 31 March 2022, revenue recorded in this segment amounted to approximately HK\$20.3 million (2021: approximately HK\$24.8 million). The decrease by approximately HK\$4.5 million was mainly due to less substructure building works projects were engaged with revenue recognised during the year ended 31 March 2022.

### (ii) Superstructure building works services

For the year ended 31 March 2022, revenue recorded in this segment amounted to approximately HK\$497.1 million (2021: approximately HK\$749.8 million). The decrease by approximately HK\$252.7 million was mainly due to less revenue recognised for the projects in the completion/substantial completion stage during the year ended 31 March 2022 and the new projects are still in an early stage which substantial portion of works were not performed during the year ended 31 March 2022.

### (iii) RMAA works services

For the year ended 31 March 2022, revenue recorded in this segment amounted to approximately HK\$19.1 million (2021: approximately HK\$134.2 million). The decrease by approximately HK\$115.1 million was mainly due to less RMAA projects were engaged with revenue recognised when compared to the year ended 31 March 2021.

# Management Discussion and Analysis

## FINANCIAL REVIEW

### Revenue

The Group's revenue for the year ended 31 March 2022 recorded at approximately HK\$536.5 million which represented a decrease of approximately HK\$372.3 million or 41.0% from approximately HK\$908.8 million for the year ended 31 March 2021. The decrease in total was mainly due to a decrease from superstructure building works services and RMAA works services amount to approximately HK\$252.7 million and HK\$115.1 million respectively.

### Gross Profit and Gross Profit Margin

Our gross profit decreased by approximately HK\$37.1 million or 60.5%, from approximately HK\$61.3 million for the year ended 31 March 2021 to approximately HK\$24.2 million for the year ended 31 March 2022. During the year ended 31 March 2022, the gross profit margin was approximately 4.5%, which is lower than the gross profit margin of prior year of approximately 6.7%. The decrease was mainly due to COVID-19 pandemic which leading the increase in the material costs.

### Other Income and Gains, net

Other income and gains, net decreased by approximately HK\$5.6 million or 59.1% from approximately HK\$9.6 million for the year ended 31 March 2021 to approximately HK\$3.9 million for the year ended 31 March 2022. The decrease was mainly due to no more government grants obtained from ESS launched by the Hong Kong SAR Government for the year ended 31 March 2022.

### Administrative and Other Operating Expenses

Administrative and Other Operating Expenses decreased by approximately HK\$8.4 million or 15.7% from approximately HK\$53.7 million for the year ended 31 March 2021 to approximately HK\$45.3 million for the year ended 31 March 2022.

Administrative and other operating expenses mainly consist of staff cost (including salaries, allowances, other benefits and contribution to defined contribution retirement plan), legal & professional fee, business development cost, depreciation and others. The decrease was mainly attributable by (i) the decrease in staff cost of approximately HK\$5.3 million and (ii) the decrease in business development cost of approximately HK\$2.6 million.

### Finance Costs

Finance Costs decreased by approximately HK\$1.7 million or 33.2% from approximately HK\$5.0 million for the year ended 31 March 2021 to approximately HK\$3.3 million for the year ended 31 March 2022, which was mainly due to a decrease in average bank borrowings during the year ended 31 March 2022.

### Income Tax

Income tax changed from approximately HK\$1.3 million tax expense for year ended 31 March 2021 to approximately HK\$2.7 million tax credit for the year ended 31 March 2022.

# Management Discussion and Analysis

## Loss/Profit and Total Comprehensive Income for the Year Attributable to the Owners of the Company

The Group recognized net loss of approximately HK\$18.2 million for the year ended 31 March 2022 as opposed to the net profit of approximately HK\$11.5 million for the year ended 31 March 2021.

Such decrease was mainly due to (i) the decrease in gross profit of approximately HK\$37.1 million, (ii) the decrease in administrative and other operating expenses of approximately HK\$8.4 million, (iii) the decrease in other income and gains of approximately HK\$5.6 million and (iv) the increase in income tax credit of approximately HK\$3.9 million.

## MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES AND AFFILIATED COMPANIES

During the year ended 31 March 2022, there was no significant investment, material acquisition and disposal of subsidiaries and associated companies by the Company.

## EMPLOYEES AND REMUNERATION POLICIES

As at 31 March 2022, the Group employed a total of 94 employees (31 March 2021: 120 employees). The staff costs of our Group (including salaries, allowances, other benefits and contribution to defined contribution retirement plan) for the year ended 31 March 2022 were approximately HK\$51.2 million (31 March 2021: approximately HK\$70.4 million).

The remuneration package for our employees generally includes salary and bonuses. Our employees also receive welfare benefits, including exam leave, retirement benefits, occupational injury insurance, medical insurance and other miscellaneous items. We conduct annual review of the performance of our employees for determining the level of bonus, salary adjustment and promotion of our employees. Our executive Directors will also conduct research on the remuneration packages offered for similar positions in the Hong Kong construction main contracting industry in order to keep our remuneration packages at a competitive level. We have also adopted the Share Option Scheme which is designed to provide incentives and rewards to our employees.

# Management Discussion and Analysis

The Group will continue to monitor the development and react actively to its impact on the financial position and operating results of the Group.

# Management Discussion and Analysis

## PRINCIPAL RISKS AND UNCERTAINTIES

The Group believes that the risk management practices are important and use its best effort to ensure it is sufficient to mitigate the risks present in our operations and financial position as efficiently and effectively as possible.

- I. Our revenue is mainly derived from projects which are not recurring in nature and any significant decrease in the number of our projects would affect our operations and financial results;
- II. We depend on our suppliers for concrete, steel and other construction materials, and any shortage or delay of supply, or deterioration in the quality, of the same could materially and adversely affect our operations, and we may not be able to identify an alternative source of stable supply with acceptable quality and price;
- III. We may be involved in construction and/or labour disputes, legal and other proceedings arising from our operations from time to time and may face significant legal liabilities as a result;
- IV. We determine our tender price based on the estimated time and costs to be involved in a project, yet the actual time and costs incurred may deviate from our estimate due to unexpected circumstances, thereby adversely affecting our operations and financial results;
- V. We rely on our Board members and senior management staff, and their departure would adversely affect our operations and financial results;
- VI. Our works are labour intensive. If we or our subcontractors experience any shortage of labour, industrial actions, strikes or material increase in labour costs, our operations and financial results would be adversely affected;
- VII. Expiry, withdrawal, revocation, downgrading and/or failure to renew any of our various registrations and certifications would adversely affect our operations and financial results; and
- VIII. There is no guarantee that we would not be subject to any claims in relation to defects of our works, which may result in further costs to make good the defects, and/or deduction of the retention monies to be released and/or claims from our customers against us.

# Corporate Governance Report

## INTRODUCTION

We are committed to achieving and maintaining high standards of corporate governance, as our Board believes that good and effective corporate governance practices are key to obtaining and maintaining the trust of the shareholders of the Company and other stakeholders, and are essential for encouraging accountability and transparency so as to sustain the success of the Group and to create long-term value for the shareholders of the Company.

## CORPORATE GOVERNANCE PRACTICE

Pursuant to the code provision A.2.1 of the CG Code, the roles of Chairman and CEO should be separate and should not be performed by the same individual. The division of responsibilities between the chairman and chief executive should be clearly established.

Mr. Ng Choi Wah currently assumes the role of both chairman of the Company and chief executive of the Company. In view that Mr. Ng has been assuming day-to-day responsibilities in operating and managing our Group since 1998 and the rapid development of our Group, the Board believes that with the support of Mr. Ng's extensive experience and knowledge in the business of the Group, vesting the roles of both Chairman and chief executive officer of our Company in Mr. Ng strengthens the solid and consistent leadership and thereby allows for efficient business planning and decision which is in the best interest to our Group. Mr. Ng delegates the role and responsibilities including operations, management, business development and strategy planning of the Group to other Executive Directors. The Board will review the need of appointing suitable candidate to assume the role of chief executive when necessary.

In the opinion of the Board, the Company has complied with the principles and code provisions in the CG as set out in Appendix 14 to the Listing Rules with the exception for code provision A.2.1 as disclosed above for the year ended 31 March 2022.

## MODEL CODE FOR SECURITIES TRANSACTIONS

The Company has adopted the Model Code as set out in Appendix 10 of the Rules Governing the Listing of Securities on the Stock Exchange (the "Listing Rules") as a code of conduct regarding directors' securities transactions.

All the directors have confirmed, following specific enquiry by the Company that they have complied with the required standard as set out in the Model Code for the year ended 31 March 2022 and up to the date of this report.

# Corporate Governance Report

## INDEPENDENT NON-EXECUTIVE DIRECTORS

The Company has appointed three independent non-executive Directors representing more than one-third of the board and at least one of whom has appropriate professional qualifications, or accounting or related financial management expertise.

Each of the Independent non-executive Director has made an annual confirmation of independence pursuant to Rule 3.13 of the Listing Rules. The Company is of the view that all Independent non-executive Directors meet the independence guidelines set out in Rule 3.13 of the Listing Rules and are independent in accordance with the terms of the guidelines. The Company considers that all Independent non-executive Directors to be independent.

## FUNCTIONS OF THE BOARD AND MANAGEMENT

The Board supervises the management of the business and affairs of the Company and ensures that it is managed in the best interests of the shareholders as a whole while taking into account the interest of other stakeholders. The Board is primarily responsible for formulating the business strategy, reviewing and monitoring the business performance of the Group, approving the financial statements and annual budgets as well as directing and supervising the management of the Company. Execution of operational matters and the powers thereof are delegated to the management by the Board with clear directions. The Board is regularly provided with management update report to give a balanced and understandable assessment of the performance, position, recent development and prospect of the Group in sufficient details.

The Board is also responsible for the corporate governance functions under code provision D.3.1 of the Code. The Board has reviewed and discussed the corporate governance policy of the Group and is satisfied with the effectiveness of the corporate governance policy.

With the various experience of both the executive Directors and the independent non-executive Directors and the nature of the Group's business, the Board considered that the directors have a balance of skills and experience for the business of the Group.

## TERMS OF APPOINTMENT AND RE-ELECTION OF DIRECTORS

Each of our Executive Directors has entered into a service contract with our Company on 10 March 2016 and we signed letters of appointment with each of our Independent non-executive Directors on the same day. The service contracts with our Executive Directors are for an initial term of three years commencing from 29 March 2016 and can be terminated by either party giving not less than three months' notice in writing. The letter of appointment with each of our Independent non-executive Directors are for one year until 31 March 2022 commencing from 1 April 2021 and can be terminated by either party giving not less than one month's notice in writing.

The service contracts and letters of appointment are subject to termination in accordance with their respective terms. The service contracts can be renewed in accordance with our articles of association and the applicable Listing Rules.

According to our articles of association, one-third of the Directors for the time being shall retire from office by rotation at every annual general meeting of the Company, provided that every Director shall retire from office by rotation and are subject to re-election at annual general meeting at least once every three years. Directors who are appointed to fill casual vacancies shall hold office only until the next following general meeting after their appointment, and are subject to re-election by shareholders of the Company.

The Company has taken out directors and officers liability insurance to cover liabilities arising from legal action against the Directors.

## DIRECTORS' TRAINING AND PROFESSIONAL DEVELOPMENT

To assist Directors' continuing professional development, the Company recommends Directors to attend relevant seminars to develop and refresh their knowledge and skills. Directors also participate in continuous professional development programmes such as external seminars organised by qualified professionals, to develop and refresh their knowledge and skills in relation to their contribution to the Board.

All the Directors also understand the importance of continuous professional development and are committed to participate any suitable training to develop and refresh their knowledge and skills.

The Company Secretary from time to time updates and provides written training materials on the latest developments of applicable Listing Rules and regulations to the Directors.

## CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Pursuant to the code provision A.2.1 of the Code, the roles of Chairman and CEO should be separate and should not be performed by the same individual. The division of responsibilities between the chairman and chief executive should be clearly established.

Mr. Ng Choi Wah currently assumes the role of both chairman of the Company and chief executive of the Company. In view that Mr. Ng has been assuming day-to-day responsibilities in operating and managing our Group since 1998 and the rapid development of our Group, the Board believes that with the support of Mr. Ng's extensive experience and knowledge in the business of the Group, vesting the roles of both Chairman and chief executive officer of our Company in Mr. Ng strengthens the solid and consistent leadership and thereby allows for efficient business planning and decision which is in the best interest to our Group. Mr. Ng delegates the role and responsibilities including operations, management, business development and strategy planning of the Group to other Executive Directors. The Board will review the need of appointing suitable candidate to assume the role of chief executive when necessary.

## BOARD COMMITTEE

The Board has established three Board committees, namely, the Audit Committee, the Remuneration Committee and the Nomination Committee, for overseeing particular aspects of the Company's affairs. All Board committees have been established with defined written terms of reference, which are posted on the Company's website at [www.chingleeholdings.com](http://www.chingleeholdings.com). All the Board committees should report to the Board on their decisions or recommendations made. The practices, procedures and arrangements in conducting meetings of Board committees follow in line with, so far as practicable, those of the Board meetings set out above.

All Board committees are provided with sufficient resources to perform their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstance, at the Company's expense.

The Board is responsible for performing the corporate governance duties set out in the Code which included developing and reviewing the Company's policies and practices on corporate governance, training and continuous professional development of Directors, and reviewing the Company's compliance with the code provision in the Code and disclosures in this report.

### Audit Committee

The Audit Committee currently consists of all three of our Independent non-executive Directors, namely Dr. Wai Wing Hong Onyx, Mr. Tong Hin Sum Paul and Mr. Chau Kam Wing Donald. Mr. Chau Kam Wing Donald who has the appropriate accounting and financial related management expertise, is the chairman of the Audit Committee. The primary duties of our Audit Committee are (i) to make recommendations to our Board on the appointment and removal of external auditors, (ii) to review the financial statements and material advice in respect of financial reporting process of our Group and (iii) to oversee the internal control systems of our Group. The Committee's authority and duties are set out in written terms of reference which are posted on the websites of the Company and the Stock Exchange.

The Company has established an audit committee with the written terms of reference in compliance with the Corporate Governance Code (the "CG Code") as set out in Appendix 14 of the Listing Rules. The Group's consolidated financial statements for the year ended 31 March 2022 have been reviewed by the Audit Committee. The Audit Committee is of the opinion that the consolidated financial statements of the Group for the year ended 31 March 2022 comply with applicable accounting standards, the Listing Rules and that adequate disclosures have been made.

### Remuneration Committee

The Remuneration Committee currently consists of an Executive Director, namely Mr. Ng, and two of our Independent non-executive Directors, namely Dr. Wai Wing Hong Onyx and Mr. Chau Kam Wing Donald. Dr. Wai Wing Hong Onyx is the chairman of our Remuneration Committee. The Remuneration Committee has reviewed the remuneration packages and emoluments of Directors and senior management and considered that they are fair and reasonable during the year ended 31 March 2022. The primary duties of our Remuneration Committee are (i) to review and make recommendations to our Board on the overall remuneration policy and structure relating to all Directors and senior management of our Group; (ii) to review and approve other remuneration-related matters, including benefits-in-kind and other compensation payable to our Directors and senior management; and (iii) to review and approve performance-based remuneration and to establish a formal and transparent procedure for developing policy in relation to remuneration. The Committee's authority and duties are set out in written terms of reference which are posted on the websites of the Company and the Stock Exchange.

# Corporate Governance Report

## Remuneration of directors and senior management

Our Directors and senior management receive compensation in the form of salaries, allowances, bonuses and other benefits-in-kind, including our contribution to the pension scheme. Our Remuneration Committee determines the salaries of our Directors based on each Director's qualification, position and seniority.

## Nomination Committee

The Nomination Committee currently consists of one Executive Director, namely Mr. Ng, and two of our Independent non-executive Directors, namely Dr. Wai Wing Hong Onyx and Mr. Tong Hin Sum Paul. Mr. Ng is the chairman of the Nomination Committee. The primary duties of our Nomination Committee are (i) to review the structure, size and composition of our Board on a regular basis; (ii) to identify individuals suitably qualified to become Board members and to select or make recommendations to our Board on the selection of individuals for nomination of directorships of the Company; (iii) to assess the independence of Independent non-executive Directors; and (iv) to make recommendations to our Board on relevant matters relating to the appointment or re-appointment of Directors. The Committee's authority and duties are set out in written terms of reference which are posted on the websites of the Company and the Stock Exchange.

## Board Diversity Policy

The Board has adopted a board diversity policy which sets out the approach to achieve a sustainable and balanced development of the Company and also to enhance the quality of performance of the Company.

In designing the Board's composition, Board diversity has been considered from a number of perspectives, including but not limited to gender, age, cultural and educational background, industry experience, technical and professional skills and/or qualifications, knowledge, length of services and time to be devoted as a director. The Company will also take into account factors relating to its own business model and specific needs from time to time. The ultimate decision is based on merit and contribution that the selected candidates will bring to the Board.

## NOMINATION POLICY

The Board has delegated its responsibilities and authority for selection and appointment of Directors to the Nomination Committee of the Company.

The Company has adopted a Nomination Policy which sets out the selection criteria and process in relation to nomination and appointment of Directors of the Company and aims to ensure that the Board members have a balance of skills, experience and diversity of perspectives appropriate to the Company and the continuity of the Board and appropriate leadership at Board level.

The Nomination Policy sets out the factors for assessing the suitability and the potential contribution to the Board of a proposed candidate, including but not limited to the following:

- Reputation for integrity;
- Accomplishment, experience and reputation in the business and industry;

# Corporate Governance Report

- Commitment in respect of available time and relevant interest;
- Compliance with the criteria of independence, in case for the appointment of an independent non-executive director, as prescribed under Rule 3.13 of the Rules Governing the Listing of Securities on the Stock Exchange;
- Diversity in all its aspects, including but not limited to gender, age (18 years or above), cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service; and
- Any other relevant factors as may be determined by the Nomination Committee or the Board from time to time as appropriate.

The Nomination Policy also sets out the procedures for the selection and appointment of new Directors and re-election of Directors at general meetings. During the year ended 31 March 2022, there was no change in the composition of the Board.

The Nomination Committee will review the Nomination Policy, as appropriate, to ensure its effectiveness.

## DIRECTORS' AND AUDITOR'S RESPONSIBILITIES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

All Directors acknowledge their responsibility to prepare the Group's consolidated financial statements for the year ended 31 March 2022 to give a true and fair view of the state of affairs of the Group and of the results and cash flows for that year. The Directors continue to adopt the going concern approach in preparing the consolidated financial statements and are not aware of any material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern.

The responsibilities of the external auditors about their financial reporting are set out in the independent auditor's report attached to the Company's financial statements for the year ended 31 March 2022 set out in this annual report.

## INTERNAL CONTROLS AND RISK ASSESSMENT

The Board is responsible for the establishment, maintenance and review of the Group's system of internal controls and risk assessment. Reviews of internal controls systems of different operations were conducted by an independent external risk advisory firm to ensure the effectiveness and adequacy internal controls system.

The Board considered the internal controls system of the Group to be adequate and effective for the year ended 31 March 2022. The Board also conducted a review of the adequacy of resources, qualifications and experience of staff of the Group's accounting and financial reporting function, and their training programs and budget which are considered to be adequate for the year ended 31 March 2022.

The Board has conducted a review of the implemented system and procedures, covering financial, operational and legal compliance controls and risk management functions. The Directors consider that the Group has implemented appropriate procedures safeguarding the Group's assets against unauthorised use or misappropriation, maintaining proper accounting records, execution with appropriate authority and compliance of the relevant laws and regulations.

The Group also recognises that good risk management is essential for the long-term development on the Group's business. The Group has developed and adopted various risk management procedures and guidelines with defined authority for implementation by key business processes and office functions, including project management, financial reporting, human resources and information technology. All employees are committed to implement the risk management framework into the daily operation.

## OBJECTIVES OF RISK MANAGEMENT AND INTERNAL CONTROL

The Group has adopted a three-tier risk management approach to identify, assess, mitigate and handle risks. At the first line of defence, department staff/employees are responsible for identifying, assessing and monitoring risks associated with each business or transactions. The management, as the second line of defence, provides independent oversight of the risk management activities of the first line of defence. It ensures that risks are within the acceptable range and that the first line of defence is effective. As the final line of defence, the audit committee of the Company, with the professional advices and opinions from the external professional company by whom internal audit work of the Group was conducted on annual basis, ensures that the first and second lines of defence are effective through constant inspection and monitoring.

## COMPANY SECRETARY

Mr. Tsui Wing Tak, was appointed by the Board as the Company Secretary on 14 August 2017. The biographical details of Mr. Tsui are set out under the section headed "Biographical Details of Directors and Senior Management".

The primary duties of the Company Secretary include, but are not limited to, the following: (i) to ensure the Board procedures are followed and that the activities of the Board are carried out efficiently and effectively; (ii) to assist the chairman to prepare agendas and Board papers for meetings and disseminate such documents to the Directors and Board committees in a timely manner; (iii) to timely disseminate announcements and information relating to the Group; and (iv) to maintain formal minutes of the Board meetings and other Board committee meetings.

- Designated persons authorised to act as spokespersons and respond to external enquiries.

## SHAREHOLDERS' RIGHT

The general meetings of the Company provide an opportunity for communication between the shareholders and the Board. An annual general meeting of the Company shall be held in each year and at the place as may be determined by the Board. Each general meeting, other than an annual general meeting, shall be called an extraordinary general meeting ("**EGM**").

### Procedures and right for shareholders to convene EGM

The following procedures for shareholders to convene an extraordinary general meeting are subject to the Articles of Association (as amended from time to time), and the applicable legislation and regulation, in particular the GEM Listing Rules (as amended from time to time):

- (a) Pursuant to Article 58 of the articles of association, any one or more Members holding at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company (the "**Eligible Shareholder(s)**") carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition to the Board or the Secretary of the Company, to require an EGM to be called by the Board for the transaction of any business specified in such requisition; and such meeting shall be held within two months after the deposit of such requisition;
- (b) The written requisition must state the purposes of the meeting, signed by the Eligible Shareholder(s) and deposit it to the Board or the company secretary of the Company at the Company's principal place of business at Room 203-204, 2nd Floor, Hang Bong Commercial Centre, 28 Shanghai Street, Jordan, Kowloon, Hong Kong, and such may consist of several documents in like form, each signed by one or more requisitionists;
- (c) the Requisition must state clearly the name of the Eligible Shareholder(s) concerned, his/her/their shareholding, the reason(s) to convene an EGM and the details of the business(es) proposed to be transacted in the EGM, and must be signed by the Eligible Shareholder(s) concerned together with a deposit of a sum of money reasonable sufficient to meet the Company's expenses in serving the notice of the resolution and circulating the statement submitted by the shareholders concerned in accordance with the statutory requirements to all the registered shareholders;

# Corporate Governance Report

- (d) the Requisition will be verified with Hong Kong branch share registrar and transfer office of the Company and upon their confirmation that the Requisition is proper and in order, the Board will convene an EGM by serving sufficient notice in accordance with the requirements under the Articles to all the registered Shareholders. On the contrary, if the Requisition has been verified as not in order or the Shareholders concerned have failed to deposit sufficient money to meet the Company's expenses for the said purposes, the Eligible Shareholder(s) concerned will be advised of this outcome and accordingly, the Board will not call for an EGM; and
- (e) If within 21 days of such deposit the Board fails to proceed to convene such meeting the Eligible Shareholder(s) himself/herself/themselves may do so in the same manner, and all reasonable expenses incurred by the Eligible Shareholder(s) as a result of the failure of the Board shall be reimbursed to the Eligible Shareholder(s) by the Company.

## Right to put enquiries to the Board

For putting forward any enquiries to the Board, shareholders may send written enquiries to the Company. Shareholders may send their enquiries or requests in respect of their rights to the Company's principal place of business in Hong Kong.

## Procedures for shareholders to put forward proposals at shareholders' meetings

There are no provisions allowing shareholders to move new resolutions at the general meetings under the Companies Law (Revised) of Cayman Islands. However, pursuant to the Articles, shareholders who wish to move a resolution may by means of Requisition convene an EGM following the procedures set out above.

## COMMUNICATION WITH SHAREHOLDERS AND INVESTOR RELATIONS

The Company has established a range of communication channels between itself and its shareholders, investors and other stakeholders. These include the annual general meeting, the annual report, interim report and quarterly reports, notices, announcements and circulars that are available on Company's website at [www.chingleeholdings.com](http://www.chingleeholdings.com).

For the year ended 31 March 2022, there had been no significant change in the Company's constitutional documents.

## APPROACH

Ching Lee Holdings Limited (“**Ching Lee**” or “**the Company**”) and its subsidiaries (collectively, “**the Group**” or “**we**”) are committed to providing high-quality substructure building work services, superstructure building work services and repair, maintenance, alteration and addition works services (“**RMAA**”) as a main contractor. Various factors, including business related challenges, work ethics, global trends, laws and regulations, etc., are taken into account in order to constantly promote business growth and achieve sustainability. We are constantly capturing opportunities to create long-term value for the shareholders and environment.

The Group recognizes its responsibility to be accountable to all its stakeholders, including clients, potential investors and shareholders, employees, non-governmental organizations (NGOs) and local community. Understanding the needs and expectations of the stakeholders is the key to the Group’s success. As each stakeholder requires a different engagement approach, at Ching Lee, we have established a tailor-made communication method in order to better meet each stakeholder’s expectations.

Within the Group, we are continuously monitoring the risks and exploring potential opportunities. For the sake of striking a balance among business needs, social demands, and environmental impacts, we are committed to continuously monitoring the risks and opportunities that existed in our daily operation and embracing transparent corporate culture to ensure our sustainability strategies are well communicated to our employees, clients, the communities, and other stakeholders.

To implement sustainability strategies to all levels of the Group, the top-down approach is adopted for the following sustainability strategies:

1. To achieve environmental sustainability
2. To respect human rights and social culture
3. To engage with stakeholders
4. To support our employees
5. To sustain local communities

# Environmental, Social and Governance Report

## ABOUT THIS REPORT

The Group is pleased to present our Environmental, Social and Governance (“ESG”) Report (the “Report”). The content contained herein focuses on providing an overview of the environmental, social and governance performance of our major operations in Hong Kong from 1 April 2021 to 31 March 2022 (the “Reporting Year” or “FY2021/22”). It allows us to conduct thorough performance review and evaluation for enhanced results in the future. The Reporting Year is consistent with our financial year.

## Scope of the Report

This Report has been prepared in accordance with the disclosure requirements of the “comply or explain” provisions set out in the “Environmental, Social and Governance Reporting Guide” in Appendix 27 to the Main Board Listing Rules (the “Listing Rules”) on the Stock Exchange of Hong Kong Limited (the “Stock Exchange”). The two ESG subject areas, namely Environmental and Social, are disclosed separately, highlighting the impacts of the operations of the Group in Hong Kong for the Reporting Year. This report summarises the ESG implementation of Ching Lee Engineering Limited, the main business unit of the Group, which helps to evaluate the ESG performance of the Group’s business operations in the Hong Kong.

## Reporting Principle

This Report complies with the requirements of the ESG Reporting Guide in Appendix 27 of the Main Board Listing Rules issued by the Stock Exchange, covering the reporting principles of materiality, quantification and consistency. Details are set out as follows:

### Materiality

Apart from internal factors such as company value, business strategies, and core competencies, the Group also values both internal and external communication with its stakeholders, while considering the ESG strategies of its competitors in achieving sustainable development.

For the Reporting Year, the material ESG issues are those which have or may have a significant impact on:

- The Hong Kong construction industry;
- The global construction market;
- The current or future environment or society in which we operate;
- Our financial performance or operations; and/or
- Our stakeholders’ assessments, decisions and actions.

### Quantification

The data and information used in this report are referenced from our archived documents, records, statistics and research. The key performance indicators (“KPIs”) disclosed in this report are supported by quantitative data and measurable standards. The sources of all applicable data, calculation tools, methodologies, references and conversion factors applied are disclosed when presenting emissions data.

# Environmental, Social and Governance Report

## Consistency

To facilitate the comparison of ESG performance between years, consistent reporting and calculation methods are adopted as far as reasonable, any significant changes in methodologies are also detailed in relevant sections. The intensities in the Report were calculated based on the number of facilities of the Group.

In the preparation of this Report, the Group has referenced various international, local and industry standards or best practices, including the ESG Reporting Guide issued by the Stock Exchange, together with other relevant accounting and financial reporting standards in Hong Kong.

## Feedback

The Group values and welcomes all stakeholders to provide feedback and suggestions concerning this Report and on our sustainability performance by mail or email:

## ABOUT CHING LEE

### Our Business

Ching Lee was listed on the Main Board of the Stock Exchange with stock code 3728. The principal operating activities of the Group are the provision of construction and consulting works and project management services in Hong Kong. We are a main contractor in Hong Kong principally engaged in providing (i) substructure building works services; (ii) superstructure building works services; and (iii) RMAA works services.

### Our Vision

To maintain the leading position in the construction market in Hong Kong.

### Our Mission

To provide high-quality services based on our experienced and dedicated management team with extensive knowledge of the construction main contracting industry and project management experience.

### Board of Directors (“the Board”)

As at the date of this announcement, the Board consists of:

#### Executive Directors

Mr. Ng Choi Wah (*Chairman*)  
Mr. Lui Yiu Wing  
Mr. Lam Ka Fai

#### Independent Non-Executive Directors

Dr. Wai Wing Hong Onyx  
Mr. Tong Hin Sum Paul  
Mr. Chau Kam Wing Donald

## BOARD STATEMENT

The Group understands that the importance of efficient ESG governance to corporate sustainability. Therefore, the Board is actively involved in overseeing ESG related matters for ensuring the effective implementation of relevant ESG policies in its operations. The Board is primarily responsible for supervising ESG governance matters of the Group. For instance, determining the Group's ESG approach, managing ESG related risks, as well as supervising the management and relevant departments in formulating relevant policies with appropriate measures. The board also requires the management of the group to report ESG-related matters and provide follow-up developments in a timely manner, such as when ESG performance indicators deviate significantly from pre-set targets, serious ESG incidents, and changes in regulatory requirements.

### The Board is responsible for:

- appointing key personnel in charge of the Group's ESG matters;
- approving ESG strategies, action plans and targets;
- approving the resources required to implement ESG-related measures;
- monitoring the progress and performance of ESG initiatives; and
- reviewing and approving the annual ESG reports.

### Management is responsible for:

- identifying and assessing ESG-related risks and opportunities and report to the Board;
- developing ESG strategies, action plans, targets and arranging works accordingly;
- ensuring appropriate and effective ESG risk management and internal control systems are in place;
- reporting to the Board on the progress and performance of ESG work; and
- reviewing and submitting annual ESG report to the Board for approval.

### Functional departments are responsible for:

- coordinate and implement specific ESG policies and measures;
- report to the management on ESG work regularly;
- collecting information and data in relation to ESG performance of the Group; and
- preparing annual ESG reports and reporting to the management.

The Board will continue to observe the ESG-related work and keep up on the latest ESG disclosure requirements of the Hong Kong Stock Exchange. The Board will also ensure close collaboration between all departments to achieve the goal of operational compliance, shoulder on social responsibility and develop clearer ESG objectives and targets for the Group in the future for striving better performances and better aligning with stakeholders' expectations.

## OUR STAKEHOLDERS

Ching Lee actively strives to better understand and engage our stakeholders to ensure continuous improvements. We strongly believe that our stakeholders play a crucial role in sustaining the success of our business in the challenging market. The following table shows the means of communication with the stakeholders and the Group's response to the possible concerned issues of different stakeholders.

Stakeholders	Possible concerned issues	Communication and responses
<b>HKEx</b>	Compliance with listing rules, timely and accurate announcements.	Meetings, training, roadshows, workshops, programs, website updates and announcements.
<b>Government</b>	Compliance with laws and regulations, prevention of tax evasion, social welfare and assist in governments' anti-epidemic work.	Interaction and visits, government inspections, tax returns, keep tracking of the government's anti-epidemic policy and establishing related measures.
<b>Suppliers/ Subcontractors</b>	Payment schedule, stable demand, and workplace safety.	Site visits, project meetings, supplier/ subcontractor performance evaluation, safety policy, trainings and on-site safety commissioner.
<b>Shareholders/ Investors</b>	Corporate governance system, business strategies and performance, investment returns and information transparency.	Organizing and participating in seminars, interviews, shareholders' meetings, issuing of financial reports and/or operation reports for investors, media and analysts.
<b>Media &amp; Public</b>	Corporate governance, environmental protection and human right.	Issue of newsletters on the Company's website.
<b>Customers</b>	Service quality, delivery times, reasonable prices, service value, labour protection and work safety.	Site visits, project meetings, after-sales services.
<b>Employees</b>	Rights and benefits, employee compensation, training and development, work hours and health and workplace safety.	Union activities, trainings, interviews for employees, employee handbooks, internal memos, performance appraisal and employee suggestion boxes.
<b>Community</b>	Community environment, employment and community development, and social welfare.	Community activities, employee voluntary activities, community welfare subsidies and charitable donations.
<b>Industry associations</b>	Improve the works' standard and quality, promote safety awareness, and enhance the contribution of the construction industry in the society.	Company's website, industry association activities and conferences.

## MATERIALITY ASSESSMENT

For the Reporting Year, the Group has undertaken its materiality assessment exercise. This involved conducting surveys with internal and external stakeholders including the management, employees, customers and suppliers to identify the most significant operating, environmental and social impacts towards the Group’s business. Stakeholders were invited to review the importance of emerging ESG issues to the Group’s businesses, and the assessment was conducted in three steps, namely identification of ESG issues, prioritization of questionnaire results, and validation.

With reference to the reporting scope and the consideration towards the corporate business characteristics, the Group has identified 26 related material topics. All responses of both stakeholders’ groups were weighted equally, and the result is detailed in the materiality matrix below:

**ESG Materiality Matrix**

# Environmental, Social and Governance Report

No. Environmental Issues ESG Topics	No. Social Issues ESG Topics	No. Operational Issues ESG Topics
1 Greenhouse gas emission/global warming	10 Anti-COVID 19 epidemic	18 Supply chain management
2 Exhaust air emission	11 Employee rights and welfare	19 Customers' satisfaction
3 Energy consumption	12 Inclusion, equal opportunities and anti-discrimination	20 Customers' privacy
4 Water consumption	13 Talent attraction and retention	21 Service quality
5 Hazardous waste/sewage	14 Occupational health and safety	22 Intellectual property
6 Non-hazardous waste/sewage	15 Training and development	23 Economic performance
7 Paper consumption	16 Preventive measures for child and forced labour	24 Operational compliance
8 Climate change	17 Community investment and engagement	25 Corporate governance
9 Compliance with environmental laws and regulations		26 Anti-corruption

As shown in the diagram above, the material ESG topics of the Group covers issues in the environmental, social and operational aspects, in which the most important ESG issues identified are namely occupational health and safety, as well as service quality. While the internal stakeholders prioritized on the issues such as occupational health and safety, as well as service quality, external stakeholders' concerns were placed towards a broader range of issues. In particular, as the Group's business centres on providing the services regarding construction and consulting works, as well as project management, the importance of service quality is especially emphasized for upholding its standards in quality management. Moreover, the importance of occupational health and safety is stressed as per the Group's principle in maintaining a high standard regarding the safety and health of employees.

Looking forward, the Group will continue to maintain communication with various stakeholders and collect opinions through different channels more extensively for making substantive analysis. Meanwhile, the Group will also review the priorities of ESG issues from time to time for ensuring their relative significance to the business and our stakeholders are well defined and identified. At the same time, the Group will also revise the reporting principles of materiality, quantification, and consistency to better align with the expectations of stakeholders and reporting requirements regarding the content of the ESG report and the presentation of the information when necessary.

# Environmental, Social and Governance Report

## SECTION A: ENVIRONMENTAL

The Group is committed to leading by example, inspiring others to strive for environmental sustainability, and minimizing our environmental impacts from operations. We have implemented eco-friendly measures to reduce carbon and emission footprints in our business operations. To present a comprehensive emission overview, the Group compared the emission figures and relevant intensities from 1 April 2021 to 31 March 2022 to the financial year ended 31 March 2021 (the “**Previous Financial Year**” or “**FY2020/21**”). The intensities in this section were calculated per number of facilities<sup>1</sup>.

The Group dedicated efforts to preserving natural habitats within and around project boundaries. In addition to paying attention to environmental compliance on our project sites, the Group is also committed to taking steps to reduce our impacts on the environment. Since 2009, the Group has adopted the ISO 14001:2015 Environmental Management System into our operations and continually improve our ability to efficiently identify, minimize, prevent and manage our impacts on the environment. The Group incorporate environmental protection and soil and water conservation measures when conducting project feasibility study to minimize the potential environmental impacts during the construction, develop pollution control program and implementation plans during the preparation of construction, assigns designated personnel at each construction site to perform regular inspection in order to ensure all sub-contractors strictly follow the Group’s environmental policies in the course of project construction and avoid any illegal behavior that might bring significant impacts on the environment.

During the Reporting Year, there was no material non-compliance issue with relevant laws and regulations related to the environment. The Group will continue to contribute to future sustainable development and be alert to any non-compliance behavior relating to critical environmental problems.

### A1 Emissions

#### Air Pollutants Emission

During the Reporting Year, the material pollutants came from the usage of gasoline and diesel oil in the stationary machines and automobiles, which causes air emissions, including nitrogen oxides (“**NO<sub>x</sub>**”), sulphur oxides (“**SO<sub>x</sub>**”) and particulate matter (“**PM**”). The air emission from the operation of diesel generator has been included as per the adoption of a more precise data collection methodology for raising the overall comprehensiveness of the air emission disclosure of the Group. As such, the total weight of air emission for the Reporting Year and the Previous Finance Year has been updated as per the addition of the emission data from diesel oil generators. The total weight of air emission amounted to 17,823.3 kg (FY2020/21: 22,482.8 kg), which was approximately 990.2 kg per facility (FY2020/21: 1,405.2 kg per facility), with a decrease of approximately 20.7% in the total emission weight and a decrease of approximately 29.5% in the relevant intensity compared to the Previous Financial Year. The decrease was mainly due to the reason that most projects were in the completion or substantial completion stage and that the new projects are still in an early stage which substantial portion of works were not performed during the Reporting Year.

<sup>1</sup> During the Reporting Year, there were 17 project sites (FY2020/21: 15 project sites) and a headquarter located in Hong Kong, with a total of 18 facilities (FY2020/21: 16 facilities) include in the calculation of intensities.

# Environmental, Social and Governance Report

The Group has implemented an environmental policy to reduce the air pollutant emissions. All machineries and vehicles were under frequent and regular checks and maintenance to ensure no energy inefficiency occurred and reduce fuel consumption and exhaust air emission due to parts failures. Besides, for transportation logistics, the drivers of the Group are required to plan the route ahead with the shortest distance and follow the statutory requirement of HKSAR to prohibit idling of automobile engines to reduce unnecessary consumption of fuel. Please refer to the following table for the details of the air pollutant emissions:

Air Emissions	Pollutants	Emission for the FY2020/21 (kg)	Emission for the FY2021/22 (kg)
<b>Usage of gasoline and diesel oil</b>	Nitrogen oxides ("NO <sub>x</sub> ")	22,468.8	17,812.7
	Sulphur oxides ("SO <sub>x</sub> ")	0.4	0.4
	Particulate matter ("PM")	13.6	10.2
<b>Total air emissions</b>		<b>22,482.8</b>	<b>17,823.3</b>
<b>Air emission intensity (Per the number of facilities)</b>		1,405.2	990.2

## Greenhouse Gases Emission

By definition, Greenhouse Gas Emission refers to heat trapping gases in the atmosphere, which includes Carbon Dioxide (CO<sub>2</sub>), Methane (CH<sub>4</sub>), Nitrous Oxide (N<sub>2</sub>O) and several Fluorinated gases (F-gases). Greenhouse gas emissions can be classified into three scopes in accordance to "Appendix 2: Reporting Guidance on Environmental KPIs" from the Stock Exchange, namely Scope 1 "concerning the direct emissions from operations that are owned or controlled by the company"; Scope 2 "concerning the energy indirect emissions from purchased electricity, heating, cooling and steam consumed within the company"; and Scope 3 "concerning all other indirect emissions, including emissions from both upstream and downstream activities, that occur outside the company".

The Group's operation of machineries and vehicles directly contribute to the emission of greenhouse gases, which is the main culprit of global warming. Alongside the direct emission sources, there are also several indirect emission sources noted as the purchase of electricity from electricity providers<sup>2</sup>, electricity used in producing freshwater<sup>3</sup>, sewage<sup>4</sup> processing and paper waste disposal at landfills.

<sup>2</sup> The latest carbon emission factors announced in the Sustainability Report 2020/21 issued by CLP Holdings Limited and HK Electric Investments Limited were 0.39 kgCO<sub>2</sub>e/kWh and 0.71 kgCO<sub>2</sub>e/kWh respectively.

<sup>3</sup> The latest unit electricity consumption factor of freshwater processing announced in the Annual Report 2019/20 issued by Hong Kong Water Supply Department was 0.596 kWh/m<sup>3</sup>.

<sup>4</sup> The latest unit electricity consumption factor of sewage processing announced in the Sustainability Report 2020/21 issued by Hong Kong Drainage Services Department was 0.29 kWh/m<sup>3</sup>.

# Environmental, Social and Governance Report

During the Reporting Year, the amount of total greenhouse gas emission was approximately 642.0 tonnes (FY2020/21: 901.6<sup>5</sup> tonnes), which was approximately 35.7 tonnes per facility (FY2020/21: 56.3 tonnes per facility). Compared to the last year emissions, the total amount of greenhouse gas emission decreased by approximately 28.8%, with a decrease of approximately 36.6% in the relevant intensity. The reason of the decrease was mainly due to the reason that most projects were in the completion or substantial completion stage and that the new projects are still in an early stage which substantial portion of works were not performed during the Reporting Year. With respect of this reason, the total direct greenhouse gases emission from stationary combustion sources (i.e. the electricity generators) decreased from 408.2 tonnes to 316.5 tonnes, with a decrease of approximately 22.5% compared to last year. On the other hand, the total direct greenhouse gases emission from mobile combustion sources (i.e. vehicle usage) slightly increased from 70.8 tonnes to 74.2 tonnes which was mainly due to the Group has commenced a project that located further away from the office, in which required relatively long distance travel from vehicles inevitably increased the gasoline consumption. Besides, the total indirect greenhouse gases emission from electricity purchased have decreased from 383.8 tonnes to 225.2 tonnes, with a significant decrease of approximately 41.3% compared to Previous Financial Year. This is mainly due to the reason that most projects were in the completion or substantial completion stage and that the new projects are still in an early stage which substantial portion of works were not performed during the Reporting Year.

Given the reduced electricity consumption generated from diesel generators and purchased from power companies, the total greenhouse gas emissions of the Group have noticeably reduced for approximately 28.8% compared to the Previous Financial Year. The change in proportion of respective emission sources was illustrated in below charts. The Group will continue to monitor the carbon footprints during our business operations in order to reduce the adverse impact on environment.

Several measures to reduce our greenhouse gas emissions have been implemented to demonstrate the Group's determination of maintaining environmental sustainability. To foster the reduction of indirect emissions from electricity consumption, the Group encourages its staff to switch off all idle appliances to avoid wastage. Besides, electricity saving labels were posted at the office to advocate the reduction of energy consumption. In hopes of these measures, the Group believed that the carbon emissions could be further reduced in the upcoming future.

<sup>5</sup> Adjustment has been made on the total weight of greenhouse gas for the year ended 31 March 2021 in this Report when compared with the same figures in the Previous Financial Year's ESG report. This is due to the estimation method of the greenhouse gas has been updated.

# Environmental, Social and Governance Report

## **Air Emission and GHG Emission Reduction Target**

As both the air emission and greenhouse gas emissions are highly subjected to the business operation of the Group, fluctuations may be resulted in response to the changes in the Group's business growth and performance. Nonetheless, the Group aims to continue implementing the aforementioned practices and actively keep track of its performance for allowing better management plans and strategy formulation. Additionally, the Group will also continue to promote the idea of environmental protection among its employees for raising the overall effectiveness and participation in engaging environmentally friendly measures. In hopes of the aforementioned measures and visions, the Group strives to reduce its air emission and greenhouse emissions in the future as far as possible for lowering its environmental impact from its operation.

## **Waste Management**

The Group implements waste management plan in all sites. The plan sets out procedures to confirm that all wastes generated during the construction phase are managed on-site, transported and disposed of in environmentally friendly manners and in full compliance with statutory requirements.

As the Group's operations focus on the provisions of construction and consulting services, there was no hazardous waste is involved during the Reporting Year. The non-hazardous waste produced by the Group was mainly the construction waste, including both inert and non-inert waste, and paper waste. The construction waste will be handled by the approved sanitary service providers to dispose at landfills, as well as recycling for further usage. The Group strictly follows the "Construction Waste Disposal Charging Scheme" by the Environment Protection Department to handle the wastes generated from construction projects in a responsible manner and implement waste control and recycling measures to reduce unnecessary wastes generated.

The total weight of the non-hazardous waste disposed during the Reporting Year was recorded as 24,376.0 tonnes (FY2020/21: 32,937.0 tonnes), with an intensity of 1,354.2 tonnes per facility (FY2020/21: 2,058.5 tonnes per facility). Compared to the Previous Financial Year, there was a decrease of approximately 26.0% in terms of the amount of non-hazardous waste disposed, while there was an approximately 34.2% decrease on the relevant intensity. The reduction of non-hazardous waste disposed during the Reporting Year was mainly due to the reason that most projects were in the completion or substantial completion stage and that the new projects are still in an early stage which substantial portion of works were not performed, consequently resulting in the notable decrease.

In terms of managing non-hazardous waste generation, the Group encourages the reuse of single-side printed paper. Recycling bins are also placed in construction sites to collect recyclable wastes. In addition, the collection of inert wastes would be centralized in the specified areas in the construction sites for the sake of easy monitoring and handling. The Group will continue to strive for whittling down the waste produced and hence further reduce the negative impact on the environment.

# Environmental, Social and Governance Report

In addition to the waste reduction measures implemented on the construction site, the Group also implemented the following waste reduction measures in the office to reduce the environmental impact of the group's operations at all levels:

- Set up microwaves in the office and encourage employees to bring their own lunch and reduce ordering takeaway food;
- Reduce the use of disposable consumables, such as food packaging boxes, paper cups, paper plates, plastic bags, etc.;
- Encourage employees to use environmental friendly shopping bags, water bottles and metal tableware instead of disposable product;
- Encourage employees to use electronic communication as far as possible, do not print out the documents unless necessary.

## Waste Reduction Target

Although waste production is inevitable to the operation of the Group, the Group aims to optimize and promote resource saving practices for limiting the production of waste, such as reusing materials and refer to applicable practice of the Material Waste aspect from BEAM Plus as applicable. The purpose of BEAM Plus is to set out a series of best practices that are above the statutory requirements for encouraging the building industry to create more sustainable buildings that fosters the health and wellbeing of human beings while also caring for the local and global environments. Given that the BEAM Plus standards aims to boost the efficiency and sustainability of building projects throughout its whole life cycle, adhering to the applicable best practices allows the Group to better manage its waste production during project constructions. Although the amount of construction waste is highly subjected to the project intensity of the Group, the Group will strive for better performance through the adoption of best practices in a bid to reduce the accompanied environmental impacts from its operations as much as possible.

## Sewage Treatment

The Group highlights the significance on the sewage water management to control the water pollution, in which a sewage management system was established at all its project sites. Sewage was centrally collected and placed for purification. The clean water after purification will be reused on the construction process. The Group targets to minimize the water pollution to the lowest level, as well as enhance the water consumption efficiency. By these means, it is hoped that the greenhouse gas emissions level for sewage processing could be reduced in the foreseeable future.

Due to technical limitations, no water meters are installed to the sewage outlets at the construction sites, it is difficult to collect data for the amount of sewage discharged. Therefore, the amount of sewage discharged of the Group was not able to be disclosed in the Report due to the aforementioned technical limitation. Notwithstanding, the Group has always abided by the "Water Pollution Control Ordinance" and other applicable laws and regulations to ensure the sewage discharged complies with relevant laws and regulations. Before commencing any construction projects, the Group will ensure that a sewage discharge permit from the Environment Protection Department is obtained, and it is strictly forbidden to pour any chemicals or hazardous substances into the sewage system at the project sites to prevent any secondary pollution on the environment.

# Environmental, Social and Governance Report

## A2 Use of Resources

The resources used by the Group for its business operation are mainly gasoline, diesel oil, electricity, water and paper. The Group has been committed to becoming a resource-saving and environmental-friendly enterprise to promote environmental protection and minimize its environmental impact from its operation. The Group has been working actively to reduce its usage of resources, as well as its emissions.

### Electricity Consumption

The electricity consumed in the Group's office and construction sites was one of the major contributors to the greenhouse gas footprint. During the Reporting Year, the total units of electricity purchased from electricity providers was 517.2 MWh (FY2020/21: 1,006.5 MWh), with an intensity of 28.7 MWh per facility (FY2020/21: 62.9 MWh per facility). Compared to the Previous Financial Year, the electricity purchased from electricity providers significantly decreased by approximately 48.6%, with a significant decrease of approximately 54.4% in the relevant intensity. The significant drop was mainly due to the reason that most projects were in the completion or substantial completion stage and that the new projects are still in an early stage which substantial portion of works were not performed during the Reporting Year.

To reduce the Group's electricity consumption, the Group has posted the energy conservation reminders in place, cleaned the air-conditioners' filter to ensure efficiency, ensured that computers and office lights are switched off during non-business hours to minimize light pollution and reduce energy consumption. Looking ahead, the Group would continue making efforts in reducing our energy consumption and keep up the pace of energy conservation.

### Fuel consumption

The Group's fuel consumption mainly attributed from the operations of machineries at its construction sites and automobiles. During the Reporting Year, for machinery usage including the aforementioned electricity generators, the total consumption of fuels amounted to 120,969.0 liters of diesel oil (FY2020/21: 155,986.0 liters). On the other hand, for automobiles usage including private cars and crane truck, the total consumption of fuels amounted to 10,946.3 liters of gasoline (FY2020/21: 8,176.6 liters) and 17,015.3 liters of diesel oil (FY2020/21: 18,329.8 liters) respectively. As aforementioned in the previous sections, due to the less amount of diesel-based generator used in some projects, the consumption of diesel oil in the generator has decreased by approximately 22.4%.

### Energy Consumption

Aside from electricity consumption, the energy consumption of the Group was also attributed from its fuel consumption from vehicle usage and machineries. With reference to the fuel consumption of the Group and the adoption of a more precise data collection methodology, the energy consumption of the Group is disclosed for raising the comprehensiveness of its resource consumption disclosure. During the Reporting Year, the total energy consumption from fuel usage was approximately 1,583.0 MWh (FY2020/21: 1,945.0), with 1,476.9 MWh from diesel consumption and 106.1 MWh from gasoline consumption respectively. The relevant energy consumption intensity has notably decreased approximately 36.7% to 116.7 MWh per facility (FY2020/21: 184.5 MWh per facility). The energy consumption has decreased approximately 18.6% comparing to the previous year mainly because of that most projects were in the completion or substantial completion stage and that the new projects are still in an early stage which substantial portion of works were not performed during the Reporting Year.

# Environmental, Social and Governance Report

## Energy Use Efficiency Target

In the future, the Group will continue to actively implement the above-mentioned resource saving plans and measures aiming to raise the overall efficiency in energy consumption and avoid unnecessary wastages as much as possible. Additionally, the Group will also strive to better keep track of its performance for developing more specific quantitative environmental goals and corresponding measures to keep up with the pace of energy conservation and reducing its energy consumption.

## Water Consumption

Since water is one of the most precious resources in the world, cherishing water resource is a fundamental target of the Group. The Group has always encouraged the avoidance of unnecessary water consumption to reduce wastages. During the Reporting Year, the total units of water consumed was 12,621.0 cubic metres (FY2020/21: 17,891.9 cubic metres), in which the water consumption intensity was 701.2 cubic metres per facility (FY2020/21: 1,118.2 cubic metres per facility). Compared with Previous Financial Year, the total consumption level has decreased by approximately 29.5%, with a decrement of approximately 37.3% in the relevant intensity. The reduction in the total water consumption level of the Group was mainly due to the reason that most projects were in the completion or substantial completion stage and that the new projects are still in an early stage which substantial portion of works were not performed during the Reporting Year.

In order to effectively reduce the indirect energy consumption from water supply as well as sewage processing, the Group has installed the sewage purification system to obtain and reuse clean water from the sewage produced during the construction process. Not only could the sewage purification system helps to reduce the direct consumption of water resource, but it can also concurrently contribute to whittling down the carbon footprints of the emissions from water and sewage processing. As the water was sourced from the government bodies and the sewage purification system of the Group, there was no water sourcing issue identified during the Reporting Year.

## Water Use Efficiency Target

In the future, the Group will continue to actively implement the above-mentioned water saving initiatives and measures while also looking to further its water management plans. The Group aims to reinforce its promotion and education towards water conservation so that the employees of the Group can build the habit of saving resources amongst its daily work routine, in which the overall water efficiency can be raised.

## Packaging Materials

As the Group's operations mainly focus on providing construction work services to customers, no packaging material consumption can be identified during the Reporting Year.

# Environmental, Social and Governance Report

## A3 The Environmental and Natural Resources

The Group believes that business and corporate development should not come at the expense of the environment. Given that stakeholders continue to pay more attention to ESG-related aspects, the Group also actively refers to international standards to establish our ESG strategy and policy. At the same time, the Group also regularly monitors the performance of various ESG areas and makes timely optimization and improvement plans. With our well-established governance structure, as well as a team of experienced employees and professional subcontractors, the Group is affirmative that its potential negative effects to the environment from its business operations could be greatly reduced.

By integrating environmental consideration into the business strategies of the Group, it aims to be an environmentally sustainable enterprise. In the coming years, the Group would continue promoting greenhouse gas emission reduction, energy and water resource conservation, as well as the efficient use of natural resources. The Group would also refer to the guidelines of the international environmental management system to enhance its internal environmental management system for enriching its comprehensiveness, which in turn can save various natural resources and costs while also can further reduce the environmental impact from its business operations. The Group believes that not only can raising environmental awareness and reinforcing the positive behavioral changes bring benefits to its financial situation, but also to the future generations.

Moreover, the Group has also been adopting and complying with the BEAM Plus standards by the Hong Kong Green Building Council. The purpose of BEAM Plus is to set out a series of best practices that are above the statutory requirements for encouraging the building industry to create more sustainable buildings that fosters the health and wellbeing of human beings while also caring for the local and global environments. As BEAM Plus includes various aspects such as site planning, site emissions, material use, waste management, energy use, water use, and indoor environmental quality, recognition and certification would be granted upon meeting the prerequisite and additional requirements to the scheme. Given that the BEAM Plus standards aims to boost the efficiency and sustainability of building projects throughout its whole lifecycle, it is expected that there is a gradual trend for adoption of BEAM practices. Adhering to the applicable best practices allows the Group to achieve resource efficiency while limiting the environmental impacts during project constructions.

Additionally, with the formulation of Environmental Management Plan and Waste Management Plan as per the BEAM Plus standards for each BEAM Plus projects, it allows the Group to monitor the progress and performance of projects to specific concerns. Hence, the environmental impact for the projects at its initial construction stage and throughout the construction progress can be better-managed and controlled, and that the Group can take action upon the notice of any discrepancy, so that the Group can continue to contribute in constructing sustainable buildings.

# Environmental, Social and Governance Report

## A4 Climate Change

Fossil fuel consumptions and human activities are largely responsible for climate change due to the increasing heat trapping gases like carbon dioxide into the atmosphere. The Group understands that there is an urgent need to transitioning into a more sustainable and low-carbon economy for curbing global warming and its accompanying detrimental effects.

As the primary business of the Group centers on providing construction and consulting works and project management services, it is important to understand its corporate role in addressing climate change threats, for which they could impact the Group in terms of its business profitability, resilience, and sustainability in a long run. Hence, integrating climate considerations into the Group's decision-making process and strategic business planning is vital to develop an effective action plan to adapt its operation to the uncertainties brought by climate change. Thus, the Group also shares the responsibility in reducing its emissions and limit the impact from climate change as far as possible.

The physical risks faced by the Group includes a higher frequency and intensity of severe weather events, with extreme precipitation and tropical cyclones being the most dominant threat faced by the Group and its employees. Not only do these events endanger the safety of employees working at the project sites, project progress may also be disrupted due to the unideal weather conditions from the storms that obstructs carrying normal project duties. To safeguard employee's safety, the Group has already established guidelines and procedures regarding work arrangements under bad weather conditions so as to minimize the potential risk of injuries and accidents. On the other hand, long-term temperature shift may result in sustained high temperature or extreme heat events, resulting in higher potential for employees working at construction site suffering heat stress-related illness and reduced productivity due to temperature limitation. In view of this, the Group ensures that projects sites are equipped with sufficient drinking facilities and shelters to prevent workers suffering from heat stroke, as well as to arranging appropriate schedules so that adequate breaks are provided in between works.

On the other hand, with more climate-related policies and initiatives expected in the future, an increase in operational costs and changes to regulations may be expected. For instance, the price of construction materials and cost of construction projects may be raised due to the cost shifting from service providers from rising material and processing costs and resource taxes. Additionally, market risks such as customers shift towards the demand for greener building technologies may be projected. Nevertheless, the Group has been carrying various environmentally friendly practices to lower its environmental footprint as much a possible. For example, the Group started to reduce its reliance on generating electricity in construction sites with fuel oil by lending temporary electricity generator from electricity companies as a better alternative for the environment. Besides, it is ensured that related licenses are acquired before all the waste water and chemical wastes are treated for their subsequent discharge and disposal. Additionally, with reference to the BEAM Plus standards and keeping track with the latest regulations, the Group is sought to adopting the applicable best practice to comply with the environmental standards to avoid non-compliance for mitigating the potential market risks at large.

Ultimately, by continuing to adopt best practices and seeking for better alternatives as far as possible, the Group strives to be an environmentally responsible company in the construction industry, so that the corporate strength could be enhanced along with its reputation while pursuing sustainability concurrently.

## SECTION B: SOCIAL

### B1 Employment

It is gratifying to receive recognitions for our contribution and achievement from customers. The Group takes pride in the dedication and the effort by its employees, and hence aims to grow with its employees and groom them into future leaders. The Group considers its employees as valuable assets and strives to provide a nondiscrimination, equal, harmonious and safe workplace, the Group aspires its employees to feel that they are contributing to its purpose and believe that the organization supports them. As such, the Group advocates equal opportunity and adopt employee-oriented approach in attracting, developing and retaining the best people to support its business development.

#### Employees Benefits

The Group has established comprehensive Human Resources management policies and procedures to manage the staff recruitment, remuneration, promotion, performance appraisal, working period, leave entitlement, pay rate, and compensation matters and procedures.

For recruitment and dismissal process, the Group will go through the procedures according to the policies stated internally. For recruitment, equal opportunities are provided to all applicants with regards of the considerations of their experience, knowledge and skills. For dismissal, those employees acting improperly or breaching of contract terms and code of conduct will be terminated. Compensations are provided when applicable.

The Group offers competitive employee benefits packages for all employees regardless of the form of employee. Pay rate and benefits packages are benchmarked, by our Executive Directors, against the market standard to ensure fair and equitable compensation practice and maintaining competitive salaries. Our employees also receive welfare benefits, including study fund, marriage leave, maternity leave, paternity leave, compassionate leave, retirement benefits, occupational injury insurance, medical and dental scheme and other miscellaneous items. Subcontracting workers are also eligible to participate in the Contractor All Risk Insurance provided by the Group. The Group will conduct annual review of the performance of our employees for determining the level of bonus, salary adjustment and promotion. The Group even adopts the Share Option Scheme which is designed to provide incentives and rewards to our employees.

The Group strictly abides with the “Employment Ordinance (Chapter 57 of the Laws of Hong Kong)”, the “Mandatory Provident Fund Schemes Ordinance (Chapter 485)” and other relevant laws and regulations which cover all employment protection and benefits. During the reporting period, the Group did not involve in any confirmed violations that are related to employment and have significant impact on the Group.

## Our Employees

To meet the future challenges of our business, the Group believes that it must continue to attract qualified applicants who share its vision and values. The Group hires people based on experience, expertise and values, regardless of race, color, creed, national origin, ancestry, sex, marital status, disability, religious or political affiliation, age or sexual orientation. The Group formulates equal opportunities and diversity policies for all employees. As of 31 March 2022, the male-to-female ratio was approximately 6.5:3.5, for a total of 94 employees (FY2020/21: 120 employees), of which all employees were under long-term contract and from Hong Kong. Among our 94 employees, there were 48.9%, 31.9% and 19.1% of front-line staff, middle management staff and top management staff respectively.

## Employees Work-life Balance

The Group strives for the work-life balance of employees, providing them five working days per week with 8 working hours every day. Overtime compensation hours and pays are in line with the local laws and regulations. Employees are entitled to 7 to 14 days of annual leave according to their job positions. To foster harmonious work culture, the Group also organises employees activities regularly, such as friendly football matches and badminton matches.

## Talent Retention

The aforementioned employee benefit and the harmonious working environment contribute to the healthy monthly average turnover rate of approximately 3.2% (FY2020/21: 3.2%). Since all employees are from Hong Kong, the monthly average turnover rate by geographical region is also 3.2%.

With respect of gender, the monthly average turnover rate of male staff and female staff were approximately 3.0% (2021: 3.2%) and approximately 3.8% (FY2020/21: 3.1%) respectively. With respect of age group, the monthly average turnover rate were approximately nil (18-25), 2.8% (26-35), 3.0% (36-45), 6.5% (46-55), 2.0% (56-65), and 2.1% (above 65). With respect of employee category, the monthly average turnover rate of frontline staffs, middle management and top management were approximately 5.5%, 2.9% and 0.6% respectively.

## B2 Health and Safety

As reflected in the materiality assessment, occupational health and safety is one of the most important concerns of the Group. The Group is committed to safeguard the safety, health and welfare of all employees, workers, and persons including subcontractors and the general public likely to be affected by the normal operations. To achieve our commitment, we maintain a high standard regarding safety and health. The implementation of Health and Safety Policy aims at reducing the number of fatal accident and dangerous occurrence case to zero and accident frequency rate to less than 0.45 per 100,000 man-hours.

During the Reporting Year, the number of reported cases of work injury was 4 (FY2020/21: 14 cases), with a total of 548 working hours lost, which is equivalent to 68.5 lost days (FY2020/21: 81.6 lost days). There were no fatal cases reported during the Reporting Year as well as the past two financial years. All the injured employees were given sick leave to ensure sufficient rest for recovery. They were also compensated accordingly and adequately by either the subcontractor concerned, our Group or insurance company. The Group has purchased sufficient employees' compensation insurance and group medical insurance that cover all its employees under different projects, while maintaining a list of effective insurance to keep track of all the insurances. This helps to ensure adequate coverage of the employees' compensation and make necessary updates in a timely manner to safeguard the interests of all our employees. In the meantime, the Group maintains a work injury register to keep track of all reported cases of work injury, ensuring that all cases are attended to appropriately.

The Group provides healthy and safe environment in office. Air purifiers are placed in workplace to improve air circulation. First aid kit is also placed in the office in case of injuries and emergencies. The Group also understands the importance of preparedness in disaster management, so there is sufficient emergency lighting, fire exits, and fire extinguishers equipped at the office. To ensure that every employee can proactively react to emergency, fire drills of Head Office will be arranged by Administration Manager regularly.

The Group also maintains healthy and safe environment in the construction sites. Similar to the practice in Head Office, emergency drills on sites will be arranged by Project Manager and Construction Manager, with fire exit plans posted around project sites. There are registered ambulance men in every construction site to guide emergency team for first aid work. For every project site, there are assigned at least one Safety Officer and one Safety Supervisor to monitor the safety issue and handle emergency incidents if any. The Safety Officer and Supervisor also check the wearing of labor supplies of the workers to ensure that they are equipped with appropriate safety equipment. In order to ensure the high safety standard, frequent detailed safety inspections and equipment tests are conducted in sites. If there are any dissatisfactions or violations on the safety policies, Safety Improvement Notice with warnings and administrative penalties will be sent to the responsible subcontractors.

The Group also maintains a Safety Card Renewal Checklist in order to monitor the qualifications of the subcontractor workers during the construction process. If any of those safety cards are nearly expired, the Safety officer of the site is responsible to urge the relevant workers for renewal. Besides, site safety reports are prepared regularly to ensure that all these measures have been implemented appropriately, while helping the management to stay alert of the safety condition of all construction sites and manage the potential hazards at sites.

In addition, safety induction trainings and regular safety trainings are provided to our staff and the subcontracted workers to help them familiarize with the machine operations and site safety guidelines. Posters are also posted at our construction sites to remind workers of the safety protocols and potential hazards.

# Environmental, Social and Governance Report

The Group follows strictly to the Section 15 of the "Employees' Compensation Ordinance" to report any accident to the Commissioner for Labor. The Group also strictly complied with others relevant health and safety laws and regulations, such as the local fire services regulations, to provide a safe work environment to its employees by protecting them from occupational hazards. The Group will continue to strive for providing a safe and healthy work environment for its employees and subcontracted workers for minimizing potential occupational hazards at large.

Although the continued impact from coronavirus ("COVID-19") has disrupted the society and the economy of our main operating location (Hong Kong), the Group has timely implemented numbers of preventive measures to ensure the control over projects progress and health and safety of our employees are well controlled and protected. The Group provided anti-epidemic supplies (such as masks, alcohol based hand rub, RAT Test Kit and Anti-Epidemic Chinese Medicines) for our employees, applied social distancing to avoid any possible infection event, measured body temperature and recorded personal health status for employees daily, performed sterilisation at the operating area, etc.

Besides, employees working at office are required to take the Nucleic Acid Test twice a week while daily RAT test are required for personnel under the high-risk groups (i.e. project director, manager, foreman), and that regular inspections are conducted to ensure that all site staff has a negative test result when entering construction site for work. The Group also required our employees to take the COVID-19 vaccine for minimizing the risk of Covid-19 infection, hoping that the epidemic in Hong Kong to be disappeared as soon as possible. During the Reporting Year, except for the period during the 5th wave and a short period of suspension due to a few confirmed cases from employees, there were no major suspension or disruption to projects.

## B3 Development and Training

Empowering employees is of the number one priority of the Group. Not only do we aim at sharpening the skills set and knowledge of our employees, but also eager to shape our every single employee into future leaders.

During the Reporting Year, our employees, including front-line staff, middle management and top management, received a total number of approximately 245 hours (FY2020/21: 640 hours) of training. The proportion of employees joining training courses this year was at around 42.2% (FY2020/21: 53.3%). The percentage of employees trained by gender was 58% and 42% for male and female respectively, while by employee category was 32%, 58% and 10% for front-line staff, middle management and top management respectively. On the other hand, the average training hours completed per employee by gender was 2.7 hours for male and 2.4 hours for female, while by employee category was 2.1 hours for front-line staff, 2.4 hours for middle management, and 3.5 hours for top management.

Alongside our internal staff, we also provide one hour induction training course on safety and health to every new subcontracting worker in construction sites. The induction training focuses on the safety standards in the sites, the guidelines when emergency events occur and the environmental protection requirements regarding pollutant-handling. Specific safety training courses will also be provided to workers on occasional basis.

For every six months, the Safety Officers will evaluate the safety performance of each internal staff and subcontracting worker to see if they need to retake any safety training. Apart from safety training, advanced training, such as Building Information Modelling Course, is also provided to the management to equip them with the necessary skills and knowledge in the industry, while our clerical staff are also engaged in external continuous development and training.

## B4 Labor Standards

With reference to the relevant law and regulations in Hong Kong and the principles of United Nations Global Compact, the Group adopted strict procedures to safeguard human rights. No employee is paid less than the minimum wage specified by the government regulations. In addition, monthly salary payments and mandatory provident fund scheme payments are made on time. The Group is delighted to announce that it has not encountered major risks in human rights matters so far. The Group guarantees that no employee is made to work against his/her will, or work as forced labor, or subject to coercion related to work. Recruitment of child labor is strictly prohibited as stated in the Staff Handbook. The Human Resources Department will verify the actual age of the applicants by checking their identification documents upon recruitment process. Through the whistle-blowing mechanism, employees are able to voice out any injustice they face. For any reported cases, the Management will investigate into the case immediately, and take further follow-up actions if necessary.

## B5 Supply Chain Management

The Group places great emphasis on the procurement principles. In purchasing materials, equipment and services, the Group promotes fair and open competition based on established procurement policies and procedures to ensure that the price, quality, delivery and services are in line with the best economic benefits. As a responsible organization, the Group adheres to the spirit of contract and abides by the principle, purpose and content of the contract with the supplier.

As a construction and building work provider, the Group recognizes the importance of subcontractors and suppliers for ensuring the projects are carried out in an efficiently and up to statutory standards. It is crucial to ensure that all the subcontractors and suppliers comply with both statutory and contractual requirements regarding site, materials and equipment safety. The Group selects reputable and reliable subcontractors and suppliers to provide high quality, reasonably priced and sustainable products and services. The Group has a transparent and independent procurement process with the goal of promoting competitiveness, which also serves the interests of its shareholders and other stakeholders. The Group expects to establish a vertically integrated supply chain management system by integrating procurement resources, promoting supplier screening and management mechanisms, and proactively providing comprehensive solutions to meet customer needs.

In this regard, a list of approved subcontractors and suppliers has been established and reviewed regularly. As of 31 March 2022, the Group worked with a total of 641 approved suppliers and subcontractors (FY2020/21: 982), of which 633 were from Hong Kong, 7 were from China and 1 was from the United Kingdom. Regular appraisals are conducted semi-annually to the approved suppliers and subcontractors, by the representatives of Site Quality Assurance. Updates or eliminations will be made to the approved list if any suppliers or subcontractors are not up to our required standards. If there are any amendments made to the safety and health requirements, the Purchasing Manager will proactively notice the subcontractors and suppliers for alerting them about the new updates.

The Group also encourages subcontractors and suppliers to promote corporate social responsibility activities and comply with corporate social responsibility codes for their business ethics, workplace operations, marketing activities, social contacts and environmental responsibility. All business transactions should maintain a high standard of ethics; bribes or other improper interests cannot be provided or accepted; according to applicable laws and regulations, information about the business activities, structure, financial status, and performance should be regularly disclosed.

The potential environmental and social issues associated with the operations of the Group includes environmental degradation, hazards to occupational health and safety, impacts on communities and compliance with the environmental-related and social-related laws and regulations. In this respect, the Group requires its subcontractors and suppliers to comply with relevant laws and regulations.

# Environmental, Social and Governance Report

Moreover, the Group also takes into account if suppliers comply with relevant environmental laws, so that the products and services provided meet the standards of environmental regulations and the Group. With reference to the BEAM Plus standards, the Group also considers if the suppliers and subcontractors can meet and fulfill applicable requirements to the particulars by project basis, so that the potential environmental risks related to supply chain management can be minimized. For example, if the BEAM Plus project involves the use of timbers for temporary works, only sustainably sourced timber such as from the Forest Stewardship Certified ("FSC") or the Programme for Endorsement of Forest Certification ("PEFC") will be used for relevant works to prohibit the use of any virgin forest products. Besides, the Group also encourages the use of recycled materials and green products for effective cost-control and lowering potential environmental risks. In the future, the Group may look into more applicable green procurement practices as far as possible to further its commitment in lowering the environmental impact from its operations.

In addition, the Group also attempted to integrate the supply chain vertically by investing in both the upper stream of land development and the lower stream as a subcontractor. The Group believed that this strategic alliance could help the Group consolidate its market shares as well as facilitate the supply chain management.

## B6 Product Responsibility

The Group is committed to providing better services to the citizens and creating higher return for the stakeholders as per the emphasis put towards maintaining service quality. As a construction main contractor, the Group addresses the significance of public health and safety during the construction work.

### Noise Control

The Group strictly abides with the "Noise Control Ordinance". To reduce the harm on the surrounding areas, especially the residential and commercial areas, soundproof canvas and noise barriers are set up in construction sites. Regular noise-level evaluations are made by the Site Managers to ensure that noise produced during construction process does not exceed 85 decibels.

### Dust Control

For the sake of minimizing the negative effects of dust produced, tight control is implemented by the Group. Frequent watering and cleaning, covering construction waste by canvas and using over 2.4 meters barriers effectively reduce the impacts of suspended dust. Besides, the transportation of construction wastes was properly covered to prevent any dust pollution.

### Chemicals Control

The Group recognizes the danger of chemicals. Therefore, chemicals are handled under rigorous means. For site and public safety, all chemicals, with proper labels, are stored under good ventilation. Volatile chemicals are separately placed, and flammable chemicals must be stored with "No Smoking" warning sign. All chemicals must be handled by well-trained workers. All used chemicals are immediately removed from the sites to keep the amount of chemicals at a low level.

### Quality Assurance

To pursue business sustainability, the Group adopts a comprehensive quality management system to ensure the provided products and services fulfill the contractual requirements concerning quality, safety and efficiency while abide by statutory and governing obligations.

# Environmental, Social and Governance Report

The Group gives the highest priority to safety, and it takes a proactive role in ensuring the safety of construction workers with an aim to achieve zero safety incidents at every construction site. As mentioned in the *Health and Safety* section, for every project site, there are assigned at least one Safety Officer and one Safety Supervisor to monitor the safety issue and handle emergency incidents if any. In order to ensure the high safety standard, frequent and detailed safety inspections and equipment tests are conducted in sites. If there are any dissatisfactions or violations on the safety policies, Safety Improvement Notice with warnings and administrative penalties will be sent to the responsible subcontractors. As of the strict standards of these safety inspection and monitoring procedures, the Group is confident that the service quality is of the best-in-kind.

The Group also conducts regular project site visit to ensure project progress and quality. Site progress reports are prepared regularly for various sites which keep track of the statutory form submission, site progress, schedule of works in the coming weeks, site safety, complaint received, and instruction received from architects and engineers. By this means, we can ensure that all aspects of the project are up to standard and that project plans are being executed in timely manner. With reference to the business nature of the Group's operation in the provision of construction and consulting works and project management services, there were no projects subject to recalls due to health and safety reasons. The Group maintained ISO14001:2015 certification on Environmental Management System and ISO9001:2015 on Quality Management System respectively for its construction contracting business. The construction works delivered to customers had fulfilled the specifications and requirements under the contracts, applicable statutory and regulatory requirements.

## Customer Privacy

The Group believes that trust is one of the key elements of our success, on top of providing professional and quality services to our valued customers, we also attach great importance to protecting their privacy. The Group has established the internal policy on handling customers' information, which stipulated the procedures for collecting, transferring, using, and keeping customer property. All employees strictly follow the Group's policy and Code of Conduct and require handling all types of customer information confidentially with integrity.

During the Reporting Year, the Group has not received any complaint from our customers. The Group will continue to place the quality and safety of our products and services at top priority so as to deliver the best to our customers.

## Intellectual Property Rights

The Group respects the intellectual property rights of others and itself while endeavours to comply with all applicable laws regarding intellectual property. The Group discourages any infringement of third-party copyrights and is committed to safeguard its own by communicating its expectations to employees. As the Group's core business involves in the provision of construction and consulting works and project management services, there was no intellectual property rights registered during the Reporting Year.

## Relevant Laws and Regulations

Actively identifying compliance issues and remediating the findings of investigations can prevent problems from escalating. Therefore, we keep a close eye on the updates of "Buildings Ordinance", "Construction Industry Council Ordinance" and other relevant regulations to revise our policies and operations accordingly to prevent any malpractice. In addition, the Group strictly complied with the relevant laws and regulations relating to health and safety, advertising, labeling and privacy matters relating to services provided and methods of redress.

# Environmental, Social and Governance Report

## B7 Anti-corruption

It is the long-standing attitude of the Group to combat corruption and money laundering with integrity. Corruption and bribery are not entirely the question of morals and ethics, but also questions of legal litigation and the reputation damage. As part of the commitment, all forms of bribery and corruptions are unacceptable and will not be tolerated. To uphold the highest standards and commitment, all staff are abided by the Code. The Code has stated that:

- a) Employees shall not accept gifts and benefits that are beyond common business hospitality;
- b) Always act honestly and impartially;
- c) Employees should not offer bribe to any person for the purpose of obtaining or retaining business;
- d) Illegal to offer advantages to influence public servants and bribes in relations to public contracts, tenders and auctions; and
- e) Falsifying documents and furnishing false accounting records are strictly prohibited.

During the Reporting Year, there was no concluded legal case regarding corruption brought against the Group or its employees. In the future, the Group will consider offering anti-corruption trainings to employees if necessary, for further extending the importance of anti-corruption to reinforce the importance of integrity within the company.

In addition to bribery and corruption, our employees are strictly prohibited from engaging in any illegal acts, including extortion, fraud, money laundering, etc.

## Whistleblowing Procedures

The Group values and welcomes our employees to report any suspected malpractices through various channels (i.e. emails, website or in person). The management will take immediate action to investigate on the issue and take follow-up actions if necessary. It is the Group's core values for reminding its employees to uphold their integrity and professionalism as aforementioned.

# Environmental, Social and Governance Report

## B8 Community Investment

We have long practiced corporate social and environmental responsibility, contributing to the well-being of communities. The Group is particularly interested in advocating public health and youth education.

During the Reporting Year, the Group has donated a total of HK\$1.8 million (FY2020/21: HK\$0.9 million) to various organizations including the Twinkle Stars, Hong Kong Breast Cancer Foundation and Vocational Training Council and other beneficiary organizations to help those in need and sponsoring students to pursue higher education. Our area of contribution of the reporting year mainly covers education. Apart from monetary contribution, the Group's employees have also taken part in continuously delivering medical supplies to local communities in light of the outbreak of coronavirus. During the Reporting Year, 45 of our employees (FY2020/21: 5) have participated in community services with a total of 219 hours (FY2020/21: 45 hours) of service. ## SHARE OPTION SCHEME

The Company adopted a share option scheme on 10 March 2016. On 21 November 2017, the Group announced the granting of a total of 32,500,000 share options to selected employees and directors under the Share Option Scheme. The exercise price of the granted options is HK\$0.40 per share. No share options were exercised or forfeited during the year ended 31 March 2022. Details of accounting policies adopted for the share options are described in Note 26 to the consolidated financial statements.

### (a) Purpose of the Share Option Scheme

The purpose of the Share Option Scheme enables our Company to grant Options to the Eligible Persons as incentives or rewards for their contributions to our Group.

### (b) Participants

The Board may, at its discretion, invite any Eligible Persons to take up Options.

### (c) Total number of Shares available for issue under the Share Option Scheme

The maximum number of Shares in respect of which options may be granted under the Share Option Scheme shall not in aggregate exceed 10% of all the Shares in issue as at the Date of Listing (i.e. a total of 100,000,000 Shares representing 10% of the issued share capital of the Company as at the date of this report).

### (d) Maximum entitlement of each participant

The total number of Shares issued and to be issued upon exercise of options granted to each participant (including both exercised and outstanding options) under the Share Option Scheme or any other share option schemes of the Company, in any 12-month period up to the date of grant shall not exceed 1% of the Shares in issue. Any further grant of share options in excess of this limit is subject to shareholders' approval in general meeting.

### (e) Term of subscription of Shares upon exercise of the options

An option may be exercised in accordance with the terms of the Share Option Scheme at any time during a period as the Board may determine which shall not exceed ten years from the date of grant.

### (f) Minimum period for which an option must be held before it can be exercised

The Board may in its absolute discretion set a minimum period for which an option must be held before an option can be exercised.

### (g) Time of acceptance and the amount payable on acceptance of the option

An offer for the grant of options must be accepted within twenty eight days from the date on which the option is granted. The amount payable by the grantee of an option to the Company on acceptance of the offer for the grant of an option is HK\$1.

# Report of Directors

## (h) Basis for Determination the Exercise Price

The exercise price for any share under the Share Option Scheme shall be a price determined by the Board and notified to each grantee (in the letter containing the offer of the grant of the option) and shall not be less than the highest of:

- (i) the closing price per Share as stated in the Stock Exchange's daily quotations sheet on the date of grant;
- (ii) the average closing price per Share as stated in the Stock Exchange's daily quotations for the five business days immediately preceding the date of grant; and
- (iii) the nominal value of a Share at the date of grant.

## (i) The Remaining Life of the Scheme

Approximately 5 years (expiring on 20 November 2027).

On 21 November 2017, the Group announced the granting of a total of 32,500,000 share options to selected employee and directors under the Share Option Scheme. The exercise price of the granted options is HK\$0.40 per share. No share options were exercised or forfeited during the year ended 31 March 2022. # Independent Auditor's Report

## To the Shareholders of Ching Lee Holdings Limited

*(Incorporated in the Cayman Islands with limited liability)*

### OPINION

We have audited the consolidated financial statements of Ching Lee Holdings Limited (the "Company") and its subsidiaries (together the "Group") set out on pages 68 to 133, which comprise the consolidated statement of financial position as at 31 March 2022, and the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

### BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the "Auditor's Responsibilities for the Audit of the Consolidated Financial Statements" section of our report. We are independent of the Group in accordance with the HKICPA's "Code of Ethics for Professional Accountants" (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

### KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

# Independent Auditor's Report

## Recognition of revenue from construction contracts

The Group is engaged in provision of construction and consultancy works and project management services in Hong Kong (the "Construction Works"). The Group recognised revenue on provision of the Construction Works of approximately HK\$536,502,000 for the year ended 31 March 2022. The Group's revenue from Construction Works is recognised over time using the input method of which the progress towards satisfaction of the performance obligations is measured based on the Group's inputs incurred up to the year end as a percentage of total estimated inputs for each contracts.

As disclosed in Note 5 to the consolidated financial statements, the management prepared total budgeted contract cost and profit margin on the basis of quotations, from time to time, provided by the subcontractors or suppliers of contract materials involved. In order to keep the budget accurate and up-to-date, the management conducts periodic reviews and revisions of the budgets of contracts by comparing the budgeted amounts to the actual amounts incurred. Such estimate may have impact on the revenue and profit recognised in each period.

We have identified recognition of revenue from construction contracts as a key audit matter because of its significance to the Group's consolidated financial statements and involvement of significant management estimates in determining estimated outcomes of the construction contracts and value of works completed.

Refer to summary of significant accounting policies in Note 4(j), critical accounting estimates and judgements in Note 5(i) and disclosure of revenue in Note 7 in notes to the consolidated financial statements.

### Our response:

Our principal procedures in relation to the recognition of revenue from construction contracts included:

- Obtaining an understanding from management and project managers about how the approved budgets were prepared and the progress towards complete satisfaction of the performance obligations was determined;
- Agreeing the contract sum and variation orders, if any, to respective signed contracts and correspondence with customers, on a sample basis;
- Checking the estimated budgeted contract costs against underlying contracts, quotations, and payment certificates from subcontractors or suppliers, on a sample basis. Obtain understanding on significant revisions of estimated budgeted contract costs, if any;
- Assessing the accuracy of the actual costs incurred for the year by inspecting signed contracts, invoices from subcontractors and suppliers, payment evidences such as payment certificates, on sample basis; and
- Assessing the reliability of the approved budgeted contract costs by comparing to the actual costs against on completed contracts, on a sample basis.

# Independent Auditor's Report

## Impairment assessment on trade and other receivables and contract assets

As at 31 March 2022, the Group had trade and other receivables and contract assets amounting to HK\$37,975,000 and HK\$142,257,000, respectively, net of expected credit losses ("ECL") of HK\$4,862,000 and HK\$1,299,000, respectively, which were significant to the Group's consolidated financial statements.

The measurement of impairment on the Group's trade and other receivables and contract assets under the ECL approach was estimated by management through the application of judgements and use of highly subjective assumptions. Management uses the simplified approach to calculate ECLs for trade receivables and contract assets and the general approach to calculate ECLs for other receivables. As disclosed in Note 36(a) to the consolidated financial statements, management estimates the amount of loss allowance for trade and other receivables and contract assets based on the credit risk of receivables, repayment history and management's industrial knowledge and experience. The impact of current economic factors and forward-looking factors specific to the debtors were also considered in management's assessment of the likelihood of recovery on receivables and contract assets.

We have identified impairment assessment on trade and other receivables and contract assets as a key audit matter because of its significance to the Group's consolidated financial statements and due to considerable amount of judgement being required and high level of estimation uncertainty involved in conducting impairment assessment as mentioned in the forgoing paragraphs.

Refer to summary of significant accounting policies in Note 4(h), critical accounting estimates and judgements in Note 5(ii), disclosure of trade and other receivables and contract assets in Notes 19 and 20(i) and impairment under ECL model in Note 36(a) in notes to the consolidated financial statements.

### Our response:

Our principal procedures in relation to the impairment assessment on trade and other receivables and contract assets included:

- Understanding the processes and controls on how the management estimates the credit loss allowance for trade and other receivables and contract assets;
- Evaluating the methodologies, inputs and assumptions used by management in their impairment assessment and their calculation of the impairment allowance under the ECL approach;
- Testing the accuracy of information used by the management to assess ECL including ageing analysis as at 31 March 2022, on a sample basis, by comparing individual items in the analysis with the relevant contracts, invoices on progress payments of contract work and other supporting evidences;
- Challenging management's basis and judgement in determining credit loss allowance on trade and other receivables and contract assets as at 31 March 2022, including reasonableness of loss given default rates, discount rates and the estimation of loss rates for debtors that are assessed individually etc.; and
- Testing subsequent settlements on a sample basis by inspecting supporting documents in relation to cash receipt subsequent to the end of the reporting period.

## OTHER INFORMATION IN THE ANNUAL REPORT

The directors are responsible for the other information. The other information comprises the information included in the Company's annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

## DIRECTORS' RESPONSIBILITIES FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of the consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are also responsible for overseeing the Group's financial reporting process. The Audit Committee assists the directors in discharging their responsibilities in this regard.

## AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with the terms of our engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

# Independent Auditor's Report

As part of an audit in accordance with HKSAAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

# Independent Auditor's Report

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## 1. GENERAL INFORMATION

Ching Lee Holdings Limited (the “Company”) is a limited liability company incorporated in the Cayman Islands on 16 November 2015. Its shares are listed on Main Board of the Stock Exchange. The address of its registered office and principal place of business are disclosed in the corporate information section in the annual report.

The principal activities of the Company and its subsidiaries (collectively referred to as the “Group”) are provision of construction and consultancy works and project management services in Hong Kong (the “Construction Works”).

The directors of the Company consider the Company’s ultimate parent is JT Glory Limited, a company incorporated in the British Virgin Islands (“BVI”).

## 2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

### (a) Adoption of new or amended HKFRSs

The Hong Kong Institute of Certified Public Accountants (“HKICPA”) has issued a number of new or amended HKFRSs that are first effective for the current accounting period of the Group:

Amendments to HKFRS 9, HKAS 39,  
HKFRS 7, HKFRS 4 and HKFRS 16

Interest Rate Benchmark Reform — Phase 2

None of these new or amended HKFRSs has a material impact on the Group’s results and financial position for the current or prior period. The Group has not early applied any new or amended HKFRSs that is not yet effective for the current accounting period.

## 2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (CONTINUED)

### (b) New or amended HKFRSs that have been issued but are not yet effective

The following new or amended HKFRSs, potentially relevant to the Group’s financial statements, have been issued, but are not yet effective and have not been early adopted by the Group. The Group’s current intention is to apply these changes on the date they become effective.

Amendments to HKFRS 3	Reference to the Conceptual Framework <sup>2</sup>
Amendments to HKAS 16	Property, Plant and Equipment: Proceeds before Intended Use <sup>2</sup>
Amendments to HKAS 37	Onerous Contracts — Cost of Fulfilling a Contract <sup>2</sup>
Amendments to HKFRS 1, HKFRS 9, Illustrative Examples accompanying HKFRS 16, and HKAS 41	Annual Improvements to HKFRSs 2018–2020 <sup>2</sup>
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) <sup>3</sup>
HKFRS 17	Insurance Contracts and the related Amendments <sup>3</sup>
Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies <sup>3</sup>
Amendments to HKAS 8	Definition of Accounting Estimates <sup>3</sup>
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction <sup>3</sup>
Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture <sup>1</sup>

<sup>1</sup> No mandatory effective date yet determined but available for adoption.

<sup>2</sup> Effective for annual periods beginning on or after 1 January 2022.

<sup>3</sup> Effective for annual periods beginning on or after 1 January 2023.

### Amendments to HKFRS 3, Reference to the Conceptual Framework

The amendments update HKFRS 3 so that it refers to the revised Conceptual Framework for Financial Reporting 2018 instead of the version issued in 2010. The amendments add to HKFRS 3 a requirement that, for obligations within the scope of HKAS 37, an acquirer applies HKAS 37 to determine whether at the acquisition date a present obligation exists as a result of past events. For a levy that would be within the scope of HK(IFRIC)-Int 21 Levies, the acquirer applies HK(IFRIC)-Int 21 to determine whether the obligating event that gives rise to a liability to pay the levy has occurred by the acquisition date. The amendments also add an explicit statement that an acquirer does not recognise contingent assets acquired in a business combination.

The directors of the Company do not anticipate that the application of these amendments in the future will have an impact on the Group’s consolidated financial statements.

## 2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (CONTINUED)

### (b) New or amended HKFRSs that have been issued but are not yet effective (Continued)

#### **Amendments to HKAS 16, Property, Plant and Equipment: Proceeds before Intended Use**

The amendments prohibit deducting from the cost of an item of property, plant and equipment any proceeds from selling items produced while bringing that asset to the location and condition necessary for it to be capable of operating in the manner intended by management. Instead, the proceeds from selling such items, and the cost of producing those items, is recognised in profit or loss.

The directors of the Company do not anticipate that the application of these amendments will have an impact on the Group’s consolidated financial statements.

#### **Amendments to HKAS 37, Onerous Contracts — Cost of Fulfilling a Contract**

These amendments specify that the ‘cost of fulfilling’ a contract comprises the ‘costs that relate directly to the contract’. Costs that relate directly to a contract can either be incremental costs of fulfilling that contract (e.g. direct labour and materials) or an allocation of other costs that relate directly to fulfilling contracts (e.g. the allocation of the depreciation charge for an item of property, plant and equipment used in fulfilling the contract). General and administrative costs do not relate directly to a contract and are excluded unless they are explicitly chargeable to the counterparty under the contract.

The directors of the Company do not anticipate that the application of these amendments will have an impact on the Group’s consolidated financial statements.

#### **Annual Improvements to HKFRSs 2018–2020**

The Annual Improvements to HKFRSs 2018–2020 amends a number of standards, including:

- HKFRS 1, First-time Adoption of Hong Kong Financial Reporting Standards, which permit a subsidiary that applies paragraph D16(a) of HKFRS 1 to measure cumulative translation differences using the amounts reported by its parent, based on the parent’s date of transition to HKFRSs.
- HKFRS 9, Financial Instruments, which clarify the fees included in the ‘10 per cent’ test in paragraph B3.3.6 of HKFRS 9 in assessing whether to derecognise a financial liability, explaining that only fees paid or received between the entity and the lender, including fees paid or received by either the entity or the lender on other’s behalf are included.
- HKFRS 16, Leases, which amend Illustrative Example 13 to remove the illustration of reimbursement of leasehold improvements by the lessor in order to resolve any potential confusion regarding the treatment of lease incentives that might arise because of how lease incentives are illustrated in that example.
- HKAS 41, Agriculture, which remove the requirement to exclude taxation cash flows when measuring the fair value of a biological asset using a present value technique.

The directors of the Company do not anticipate that the application of these amendments in the future will have an impact on the consolidated financial statements.

## 2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (CONTINUED)

### (b) New or amended HKFRSs that have been issued but are not yet effective (Continued)

#### **Amendments to HKAS 1, Classification of Liabilities as Current or Non-current and Hong Kong Interpretation 5 (2020), Presentation of Financial Statements — Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause**

The amendments clarify that the classification of liabilities as current or non-current is based on rights that are in existence at the end of the reporting period, specify that classification is unaffected by expectations about whether an entity will exercise its right to defer settlement of a liability and explain that rights are in existence if covenants are complied with at the end of the reporting period. The amendments also introduce a definition of ‘settlement’ to make clear that settlement refers to the transfer to the counterparty of cash, equity instruments, other assets or services.

Hong Kong Interpretation 5 (2020) was revised as a consequence of the Amendments to HKAS 1 issued in August 2020. The revision to Hong Kong Interpretation 5 (2020) updates the wordings in the interpretation to align with the Amendments to HKAS 1 with no change in conclusion and do not change the existing requirements.

The directors of the Company do not anticipate that the application of these amendments and revision in the future will have an impact on the consolidated financial statements.

#### **HKFRS 17, Insurance Contracts and the related Amendments**

The new standard establishes the principles for the recognition, measurement, presentation and disclosure of insurance contracts and supersedes HKFRS 4, Insurance Contracts. The standard outlines a ‘General Model’, which is modified for insurance contracts with direct participation features, described as the ‘Variable Fee Approach’. The General Model is simplified if certain criteria are met by measuring the liability for remaining coverage using the Premium Allocation Approach.

The directors of the Company do not anticipate that the application of this standard in the future will have an impact on the consolidated financial statements.

#### **Amendments to HKAS 1 and HKFRS 2 Practice Statement 2, Disclosure of Accounting Policies**

The amendments to Disclosure of Accounting Policies require entities to disclose their material accounting policy information rather than their significant accounting policies. Accounting policy information is material if, when considered together with other information included in an entity’s financial statements, it can reasonably be expected to influence decisions that their primary users of general purpose financial statements make on the basis of those financial statements. Amendments to HKFRS Practice Statement 2 provide non-mandatory guidance on how to apply the concept of materiality to accounting policy disclosures.

The directors of the Company do not anticipate that the application of these amendments in the future will have an impact on the consolidated financial statements.

## 2. ADOPTION OF HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (CONTINUED)

### (b) New or amended HKFRSs that have been issued but are not yet effective (Continued)

#### **Amendments to HKAS 8, Definition of Accounting Estimates**

These amendments clarify the distinction between changes in accounting estimates and changes in accounting policies. Accounting estimates are defined as monetary amounts in financial statements that are subject to measurement uncertainty. The amendments also clarify how entities use measurement techniques and inputs to develop accounting estimates.

The directors of the Company do not anticipate that the application of these amendments in the future will have an impact on the consolidated financial statements.

#### **Amendments to HKAS 12, Deferred Tax related to Assets and Liabilities arising from a Single Transaction**

These amendments narrow the scope of the initial recognition exception so that it does not apply to transactions that give rise to equal and offsetting temporary differences. Therefore, entities are required to recognise a deferred tax asset and a deferred tax liabilities for temporary differences arising from these transactions.

The directors of the Company do not anticipate that the application of these amendments in the future will have an impact on the consolidated financial statements.

#### **Amendments to HKFRS 10 and HKAS 28, Sale or Contribution of Assets between an Investor and its Associate or Joint Venture**

The amendments clarify with situations where there is a sale or contribution of assets between an investor and its associate or joint venture. When the transaction with an associate or joint venture that is accounted for using the equity method, any gains or losses resulting from the loss of control of a subsidiary that does not contain a business are recognised in the profit or loss only to the extent of the unrelated investors’ interests in that associate or joint venture. Similarly, any gains or losses resulting from the remeasurement of retained interest in any former subsidiary (that has become an associate or a joint venture) to fair value are recognised in the profit or loss only to the extent of the unrelated investors’ interests in the new associate or joint venture.

The directors of the Company do not anticipate that the application of these amendments in the future will have an impact on the consolidated financial statements.

## 3. BASIS OF PREPARATION

### (a) Statement of compliance

These consolidated financial statements have been prepared in accordance with all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations (hereinafter collectively referred to as the “HKFRSs”) and the disclosure requirements of the Hong Kong Companies Ordinance. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange (the “Listing Rules”).

### (b) Basis of measurement

These consolidated financial statements have been prepared under the historical cost basis except for certain financial instruments, which are measured at fair values as explained in the accounting policies set out below.

### (c) Functional and presentation currency

These consolidated financial statements are presented in Hong Kong dollars (“HK\$”), which is the same as the functional currency of the Company.

## 4. SIGNIFICANT ACCOUNTING POLICIES

### (a) Basis of consolidation

These consolidated financial statements comprise the financial statements of the Company and its subsidiaries. Inter-company transactions and balances between group companies together with unrealised profits are eliminated in full in preparing the consolidated financial statements. Unrealised losses are also eliminated unless the transaction provides evidence of impairment on the asset transferred, in which case the loss is recognised in profit or loss.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated statement of comprehensive income from the dates of acquisition or up to the dates of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with those used by other members of the Group.

Changes in the Group’s interests in a subsidiary that do not result in a loss of control of the subsidiary are accounted for as equity transactions. The carrying amount of the Group’s interests and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the Company.

When the Group loses control of a subsidiary, the gain or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to that subsidiary are accounted for on the same basis as would be required if the relevant assets or liabilities were disposed of.

## 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (b) Subsidiaries

A subsidiary is an investee over which the Company is able to exercise control. The Company controls an investee if all three of the following elements are present: (i) power over the investee, (ii) exposure, or rights, to variable returns from the investee, and (iii) the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

In the Company's statement of financial position, investments in subsidiaries are stated at cost less impairment loss, if any. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

### (c) Associates

An associate is an entity over which the Group has significant influence and that is neither a subsidiary nor a joint arrangement. Significant influence is the power to participate in the financial and operating policy decisions of the investee but not control or joint control over those policies.

Associates are accounted for using the equity method whereby they are initially recognised at cost and thereafter, their carrying amount are adjusted for the Group's share of the post-acquisition change in the associates' net assets except that losses in excess of the Group's interest in the associate are not recognised unless there is an obligation to make good those losses.

Profits and losses arising on transactions between the Group and its associates are recognised only to the extent of unrelated investors' interests in the associate. The investor's share in the associate's profits and losses resulting from these transactions are eliminated against the carrying value of the associate. Where unrealised losses provide evidence of impairment of the asset transferred, they are recognised immediately in profit or loss.

Any premium paid for an associate above the fair value of the Group's share of the identifiable assets, liabilities and contingent liabilities acquired is capitalised and included in the carrying amount of the associate. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of investment, after reassessment, is recognised immediately in profit or loss. Where there is objective evidence that the investment in an associate has been impaired, the carrying amount of the investment is tested for impairment in the same way as other non-financial assets.

The Group discontinues the use of the equity method from the date when the investment ceases to be an associate. When the Group retains an interest in the former associate and the retained interest is a financial asset, the Group measures the retained interest at fair value at that date and the fair value is regarded as its fair value on initial recognition in accordance with HKFRS 9. The difference between the carrying amount of the associate at the date the equity method was discontinued, and the fair value of any retained interest and any proceeds from disposing a part interest in the associate is included in the determination of the gain or loss on disposal of the associate. In addition, all amounts previously recognised in other comprehensive income in relation to that associate are recognised on the same basis as would be required if that associate had directly disposed of the related assets or liabilities.

# Notes to the Consolidated Financial Statements

For the year ended 31 March 2022

## 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (c) Associates (Continued)

When the Group reduces its ownership interest in an associate but the Group continues to use the equity method, the Group reclassifies to profit or loss the proportion of the gain or loss that had previously been recognised in other comprehensive income relating to that reduction in ownership interest if that gain or loss would be reclassified to profit or loss on the disposal of the related assets or liabilities.

### (d) Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any.

The cost of property, plant and equipment includes its purchase price and the costs directly attributable to the acquisition of the items.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other repairs and maintenance are recognised as expense in profit or loss during the financial period in which they are incurred.

Property, plant and equipment are depreciated so as to write off their cost net of expected residual value over their estimated useful lives on a straight-line basis. The useful lives, residual value and depreciation method are reviewed, and adjusted if appropriate, at the end of each reporting period. The useful lives are as follows:

Leasehold improvements	over the shorter of 4 years or the term of land leases
Furniture and equipment	4 years
Motor vehicles	4–5 years
Machineries	4 years

An asset is written down immediately to its recoverable amount if its carrying amount is higher than the asset's estimated recoverable amount.

An item of property, plant and equipment is derecognised upon disposal or when no future economic benefits are expected from the continued use of the asset.

The gain or loss on disposal of an item of property, plant and equipment is the difference between the net sale proceeds and its carrying amount, and is recognised in profit or loss on disposal.

### (e) Government grant

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable and are recognised as other income and gains, rather than reducing the related expense.

## 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (f) Leases — the group as a lessee

All leases are required to be capitalised in the consolidated statement of financial position as right-of-use assets and lease liabilities, but accounting policy choices exist for an entity to choose not to capitalise leases which are short-term leases. The Group has elected not to recognise right-of-use assets and lease liabilities for leases for which at the commencement date have a lease term of 12 months or less. The lease payments associated with those leases have been expensed on straight-line basis over the lease term.

#### Right-of-use assets

The right-of-use asset is initially recognised at cost and would comprise:

- (i) the amount of the initial measurement of the lease liability (see below for the accounting policy to account for lease liability);
- (ii) any lease payments made at or before the commencement date, less any lease incentives received;
- (iii) any initial direct costs incurred by the lessee; and
- (iv) an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

The Group measures the right-of-use assets applying a cost model. Under the cost model, the Group measures the right-to-use at cost, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liability.

The Group has leased a number of land, buildings and motor vehicles under tenancy agreements which are held for own use. Right-of-use assets of the Group are depreciated on a straight-line basis over the shorter of the lease terms and the estimated useful lives of the assets as follows:

Leasehold land and buildings	Over the lease terms
Motor vehicles	4 years

The Group presents right-of-use assets in “property, plant and equipment”, the same line item within which the corresponding underlying assets would be presented if they were owned.

# Notes to the Consolidated Financial Statements

For the year ended 31 March 2022

## 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (f) Leases — the group as a lessee (Continued)

#### Lease liability

The lease liability is recognised at the present value of the lease payments that are not paid at the date of commencement of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses the lessee's incremental borrowing rate.

The following payments for the right-to-use the underlying asset during the lease term that are not paid at the commencement date of the lease are considered to be lease payments:

- (i) fixed lease payments less any lease incentives receivable;
- (ii) variable lease payments that depend on an index or a rate, initially measured using the index or rate as at commencement date;
- (iii) amounts expected to be payable by the lessee under residual value guarantees;
- (iv) exercise price of a purchase option, if the lessee is reasonably certain to exercise that option; and
- (v) payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

Subsequent to the commencement date, the Group measures the lease liability by:

- (i) increasing the carrying amount to reflect interest on the lease liability;
- (ii) reducing the carrying amount to reflect the lease payments made; and
- (iii) remeasuring the carrying amount to reflect any reassessment or lease modification, or to reflect revised in-substance fixed lease payments.

When the Group revises its estimate of the term of any lease (because, for example, it re-assesses the probability of a lessee extension or termination option being exercised), it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted using a revised discount rate. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised, except the discount rate remains unchanged. In both cases, an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortised over the remaining (revised) lease term. If the carrying amount of the right-of-use asset is adjusted to zero, any further reduction is recognised in profit or loss.

# Notes to the Consolidated Financial Statements

For the year ended 31 March 2022

## 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (f) Leases — the group as a lessee (Continued)

#### Lease liability (Continued)

When the Group renegotiates the contractual terms of a lease with the lessor, if the renegotiation results in one or more additional assets being leased for an amount commensurate with the standalone price for the additional rights-of-use obtained, the modification is accounted for as a separate lease, in all other cases, where the renegotiated increases the scope of the lease (whether that is an extension to the lease term, or one or more additional assets being leased), the lease liability is remeasured using the discount rate applicable on the modification date, with the right-of-use asset being adjusted by the same amount. With the exception to which the practical expedient for Covid-19-Related Rent Concessions applies, if the renegotiation results in a decrease in the scope of the lease, both the carrying amount of the lease liability and right-of-use asset are reduced by the same proportion to reflect the partial or full termination of the lease with any difference recognised in profit or loss. The lease liability is then further adjusted to ensure its carrying amount reflects the amount of the renegotiated payments over the renegotiated term, with the modified lease payments discounted at the rate applicable on the modification date and the right-of-use asset is adjusted by the same amount.

#### Short-term leases

The Group applies the short-term lease recognition exemption to its short-term leases. Lease payments on short-term leases are recognised as expense on a straight-line basis over the lease term.

### (g) Intangible assets (other than goodwill)

Intangible assets are measured on initial recognition at cost. The useful lives of intangible assets are assessed to be either finite or indefinite. Intangible assets with finite lives are subsequently amortised over the useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation period and the amortisation method for an intangible asset with a finite useful life are reviewed at least at each financial year end.

Intangible asset, representing club membership, with indefinite useful life is tested for impairment annually either individually or at the cash-generating unit level. This intangible asset is not amortised. The useful life of an intangible asset with an indefinite life is reviewed annually to determine whether indefinite life assessment continues to be supportable. If not, the change in the useful life assessment from indefinite to finite is accounted for on a prospective basis.

# Notes to the Consolidated Financial Statements

For the year ended 31 March 2022

## 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (h) Financial instruments

#### (i) Financial assets

A financial asset (unless it is a trade receivable without a significant financing component) is initially measured at fair value plus, for an item not at fair value through profit or loss ("FVTPL"), transaction costs that are directly attributable to its acquisition or issue. Trade receivable without a significant financing component is initially measured at the transaction price.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

#### *Debt instruments*

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset.

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets at amortised cost are subsequently measured using the effective interest method. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain on derecognition is recognised in profit or loss.

#### *Equity instruments*

On initial recognition of an equity investment that is not held for trading, the Group could irrevocably elect to present subsequent changes in the investment's fair value in other comprehensive income. This election is made on an investment-by-investment basis. Equity investments at FVOCI are measured at fair value. Dividend income are recognised in profit or loss unless the dividend income clearly represents a recovery of part of the cost of the investments. Other net gains and losses are recognised in other comprehensive income and are not reclassified to profit or loss. All other equity instruments are classified as FVTPL, whereby changes in fair value, dividends and interest income are recognised in profit or loss.

## 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (h) Financial instruments (Continued)

#### (ii) Impairment loss on financial assets

The Group recognises loss allowances for expected credit losses (“ECLs”) on trade receivables, contract assets and financial assets measured at amortised cost. ECLs are measured on either of the following bases:

- 12-month ECLs: these are ECLs that result from possible default events within the 12 months after the reporting date; and
- Lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. The shortfall is then discounted at an approximation to the assets’ original effective interest rate.

The Group measured loss allowances for trade receivables and contract assets using HKFRS 9 simplified approach and has calculated ECLs based on lifetime ECLs. The Group has established a provision matrix that is based on the Group’s historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For other debt financial assets, ECLs are based on lifetime ECLs except when there has not been a significant increase in credit risk since initial recognition, in which case the allowance will be based on the 12-months ECLs.

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information analysis, based on the Group’s historical experience and informed credit assessment and including forward-looking information.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due unless the Group has reasonable and supportable information that demonstrate otherwise.

The Group considers a financial asset to be credit-impaired when: (1) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (2) the financial asset is more than 90 days past due.

Interest income on credit-impaired financial assets is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset. For non-credit-impaired financial assets, interest income is calculated based on the gross carrying amount.

#### (iii) Financial liabilities

The Group classifies its financial liabilities, depending on the purpose for which the liabilities were incurred. Financial liabilities at amortised costs are initially measured at fair value, net of directly attributable costs incurred.

##### *Financial liabilities at amortised cost*

Financial liabilities at amortised cost including trade and other payables and bank borrowings are subsequently measured at amortised cost, using the effective interest method. The related interest expense is recognised in profit or loss.

Gains or losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

#### (iv) Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income or interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or liability, or where appropriate, a shorter period.

#### (v) Equity instruments

Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

#### (vi) Financial guarantee contracts

A financial guarantee contract is a contract that requires the issuer to make specified payments to reimburse the holder for a loss it incurs because a specified debtor fails to make payment when due in accordance with the original or modified terms of a debt instrument. A financial guarantee contract issued by the Group and not designated as at FVTPL is recognised initially at its fair value less transaction costs that are directly attributable to the issue of the financial guarantee contract. Subsequent to initial recognition, the Group measures the financial guarantee contract at the higher of: (i) the amount of the loss allowance, being the ECL provision measured in accordance with the accounting policy set out in Note 4(h)(ii); and (ii) the amount initially recognised less, when appropriate, cumulative amortisation recognised in accordance with the principles of HKFRS 15.

## 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (h) Financial instruments (Continued)

#### (vii) Derecognition

The Group derecognises a financial asset when the contractual rights to the future cash flows in relation to the financial asset expire or when the financial asset has been transferred and the transfer meets the criteria for derecognition in accordance with HKFRS 9.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires.

Where the Group issues its own equity instruments to a creditor to settle a financial liability in whole or in part as a result of renegotiating the terms of that liability, the equity instruments issued are the consideration paid and are recognised initially and measured at their fair value on the date the financial liability or part thereof is extinguished. If the fair value of the equity instruments issued cannot be reliably measured, the equity instruments are measured to reflect the fair value of the financial liability extinguished. The difference between the carrying amount of the financial liability or part thereof extinguished and the consideration paid is recognised in profit or loss for the year.

#### (i) Cash and cash equivalents

Cash and cash equivalents comprise cash on hand, demand deposits and short-term, highly liquid investments with original maturities of three months or less that are readily convertible into known amount of cash and which are subject to an insignificant risk of changes in value.

#### (j) Recognition of revenue and other income

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services, excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

Depending on the terms of the contract and the laws that apply to the contract, control of the goods or service may be transferred over time or at a point in time. Control of the goods or service is transferred over time if the Group's performance:

- provides all of the benefits received and consumed simultaneously by the customer;
- creates or enhances an asset that the customer controls as the Group performs; or
- does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If control of the goods or services transfers over time, revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the goods or service.

## 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (j) Recognition of revenue and other income (Continued)

When the contract contains a financing component which provides the customer a significant benefit of financing the transfer of goods or services to the customer for more than one year, revenue is measured at the present value of the amounts receivable, discounted using the discount rate that would be reflected in a separate financing transaction between the Group and the customer at contract inception.

Where the contract contains a financing component which provides a significant financing benefit to the Group, revenue recognised under that contract includes the interest expense accreted on the contract liability under the effective interest method.

For contracts where the period between the payment and the transfer of the promised goods or services is one year or less, the transaction price is not adjusted for the effects of a significant financing component, using the practical expedient in HKFRS 15.

Revenue from Construction Works is recognised over time when the Group creates or enhances an asset that the customer controls as the asset is created or enhanced. The Group measures progress towards complete satisfaction of a performance obligation at end of the reporting period using input method by reference to the contract costs incurred to date as a proportion of the total estimated contract costs that best depict the Group's performance in transferring control of goods or services. Credit terms granted to customers vary from contract to contract, which are generally within 30 days from the date of issuance of the interim certificate.

For construction contracts that contain variable consideration, the Group estimates the amount of consideration to which it will be entitled using either (a) the expected value method or (b) the most likely amount, depending on which method better predicts the amount of consideration to which the Group will be entitled. The estimated amount of variable consideration will be included in the transaction price only to the extent that it is highly probable that a significant reversal in the amount of cumulative revenue recognised will not occur when the uncertainty associated with the variable consideration is subsequently resolved.

Interest income is recognised on a time proportion basis by reference to the principal outstanding using the effective interest method.

### (j) Recognition of revenue and other income (Continued)

#### **Contract assets and liabilities**

A contract asset represents the Group's right to consideration in exchange for services that the Group has transferred to a customer that is not yet unconditional. In contrast, a receivable represents the Group's unconditional right to consideration, i.e. only the passage of time is required before payment of that consideration is due.

A contract liability represents the Group's obligation to transfer services to a customer for which the Group has received consideration (or an amount of consideration is due) from the customer.

Contract asset is recognised when (i) the Group completes the Construction Works under such services contracts but yet certified by architects, surveyors or other representatives appointed by customers, or (ii) the customers retain retention money to secure the due performance of the contracts. Any amount previously recognised as a contract asset is reclassified to trade receivables at the point at which it is invoiced to the customer. If the considerations (including advances received from customers) exceeds the revenue recognised to date under the input method then the Group recognises a contract liability for the difference.

#### **Contract costs**

The Group recognises an asset from the costs incurred to fulfil a contract when those costs meet all of the following criteria:

- (a) the costs relate directly to a contract or to an anticipated contract that the entity can specifically identify;
- (b) the costs generate or enhance resources of the entity that will be used in satisfying (or in continuing to satisfy) performance obligations in the future; and
- (c) the costs are expected to be recovered.

The asset recognised is subsequently amortised to profit or loss on a systematic basis that is consistent with the transfer to the customer of the goods or services to which the cost relate. The asset is subject to impairment review.

## 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (k) Income taxes

Income taxes for the year comprise current tax and deferred tax.

Current tax is based on the profit or loss from ordinary activities adjusted for items that are non-assessable or disallowable for income tax purposes and is calculated using tax rates that have been enacted or substantively enacted at the end of reporting period. The amount of current tax payable or receivable is the best estimate of the tax amount expected to be paid or received that reflects any uncertainty related to income tax.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for tax purposes. Except for taxable temporary differences arising on investments in subsidiaries and associates where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future, deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised, provided that the deductible temporary differences are not arises from initial recognition of assets and liabilities in a transaction other than in a business combination that affects neither taxable profit nor the accounting profit. Deferred tax is measured at the tax rates appropriate to the expected manner in which the carrying amount of the asset or liability is realised or settled and that have been enacted or substantively enacted at the end of reporting period, and reflects any uncertainty related to income taxes.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income tax levied by the same taxation authority and the Group intends to settle its current tax assets and liabilities on a net basis.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered.

Income taxes are recognised in profit or loss except when they relate to items recognised in other comprehensive income in which case the taxes are also recognised in other comprehensive income or when they relate to items recognised directly in equity in which case the taxes are also recognised directly in equity.

## 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (I) Employee benefits

#### (i) Short-term employee benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service.

Employee entitlements to annual leave are recognised when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the end of the reporting period.

Non-accumulating compensated absences such as sick leave and maternity leave are not recognised until the time of leave.

#### (ii) Defined contribution retirement plan

The Group's subsidiaries which operates in Hong Kong operate a defined contribution Mandatory Provident Fund retirement benefit scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance for its employees. Contributions are made based on a percentage of the employees' basic salaries and are charged to the statement of profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

Contributions to defined contribution retirement plans are recognised as an expense in profit or loss when the services are rendered by the employees. For forfeited contributions that are not vest fully, if any, may be used to reduce the existing level of contributions.

#### (iii) Share-based payments

The fair value of share options granted to employees is recognised as an employee cost with a corresponding increase in share option reserve within equity. The fair value is measured at grant date using the binomial option pricing model, taking into account the terms and conditions upon which the options were granted. Where the employees have to meet vesting conditions before becoming unconditionally entitled to the options, the total estimated fair value of the options is spread over the vesting period, taking into account the probability that the options will vest.

During the vesting period, the number of share options that is expected to vest is reviewed. Any resulting adjustment to the cumulative fair value recognised in prior years is charged/credited to the profit or loss for the year, unless the original employee expenses qualify for recognition as an asset, with a corresponding adjustment to the share option reserve. On vesting date, the amount recognised as an expense is adjusted to reflect the actual number of options that vest (with a corresponding adjustment to the share option reserve) except where forfeiture is only due to not achieving vesting conditions that relate to the market price of the Company's shares. The equity amount is recognised in the share option reserve until either the option is exercised (when it is included in the amount recognised in share capital for the shares issued) or the option expires (when it is released directly to retained profits).

## 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (l) Employee benefits (Continued)

#### (iv) Termination benefits

Termination benefits are recognised on the earlier of when the Group can no longer withdraw the offer of those benefits and when the Group recognises restructuring costs involving the payment of termination benefits.

### (m) Impairment of non-financial assets

At the end of each reporting period, the Group reviews the carrying amounts of property, plant and equipment, intangible assets, interests in subsidiaries and associates to determine whether there is any indication that those assets have suffered an impairment loss or an impairment loss previously recognised no longer exists or may have decreased.

If the recoverable amount (i.e. the greater of the fair value less costs of disposal and value in use) of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised in profit or loss immediately.

### (n) Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a legal or constructive obligation arising as a result of a past event, which it is probably result in an outflow of economic benefits that can be reasonably estimated.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, the existence of which will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

### (o) Related parties

- (a) A person or a close member of that person's family is related to the Group if that person:
  - (i) has control or joint control over the Company;
  - (ii) has significant influence over the Company; or
  - (iii) is a member of key management personnel of the Company or the Company's parent.

# Notes to the Consolidated Financial Statements

## 4. SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

### (o) Related parties (Continued)

- (b) An entity is related to the Group if any of the following conditions apply:
- (i) The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
  - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
  - (iii) Both entities are joint ventures of the same third party.
  - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
  - (v) The entity is a post-employment benefit plan for the benefit of the employees of the Group or an entity related to the Group.
  - (vi) The entity is controlled or jointly controlled by a person identified in (a).
  - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of key management personnel of the entity (or of a parent of the entity).
  - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Company or to the Company's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include (i) that person's children and spouse or domestic partner; (ii) children of that person's spouse or domestic partner; and (iii) dependents of that person or that person's spouse or domestic partner.

### (p) Borrowing costs

Borrowings costs attributable directly to the acquisition, construction or production of qualifying assets which require a substantial period of time to be ready for their intended use or sale, are capitalised as part of the cost of those assets. Income earned on temporary investments of specific borrowings pending their expenditure on those assets is deducted from borrowing costs capitalised. All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

# Notes to the Consolidated Financial Statements

## 5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, the directors are required to make judgement, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

### Key sources of estimation uncertainty

In addition to information disclosed elsewhere in these consolidated financial statements, other key sources of estimation uncertainty that have significant risks of resulting in material adjustments to the carrying amounts of assets and liabilities within next financial year are as follows:

#### (i) Construction contract

Construction contract revenue is recognised over time using the input method of which the progress towards satisfaction of the performance obligations is measured based on the Group's inputs incurred up to the year end as a percentage of total estimated inputs for each contracts.

The management prepared total budgeted contract cost and profit margin on the basis of quotations, from time to time, provided by the subcontractors or suppliers of contract materials involved. In order to keep the budget accurate and up-to-date, the management conducts periodic reviews and revisions of the budgets of contracts by comparing the budgeted amounts to the actual amounts incurred. Such estimate may have impact on the revenue and profit recognised in each period.

#### (ii) Impairment of trade and other receivables and contract assets

Management estimates the amount of loss allowance for trade and other receivables and contract assets based on the credit risk of receivables, repayment history and management's industrial knowledge and experience. The impact of current economic factors and forward-looking factors specific to the debtors were also considered in management's assessment of the likelihood of recovery on receivables and contract assets. The information about the ECLs on the Group's trade and other receivables and contract assets are disclosed in Note 36(a) to the consolidated financial statements.

# Notes to the Consolidated Financial Statements

## 5. CRITICAL ACCOUNTING JUDGEMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY (CONTINUED)

### Key sources of estimation uncertainty (Continued)

#### (iii) Impairment of non-financial assets

Management assesses impairment by evaluating conditions specific to the Group that may lead to impairment of non-financial assets. When an impairment trigger exists, the recoverable amount of the asset is determined. Value in use calculations performed in assessing recoverable amounts incorporate a number of key estimates and assumptions about future events, which are subject to uncertainty and might materially differ from the actual results. In making these key estimates and judgements, the directors take into consideration assumptions that are mainly based on market conditions existing at the reporting date and approximate market and discount rates. These estimates are regularly compared to actual market data and actual transactions entered into by the Group.

#### (iv) Fair value measurement of financial assets at FVTPL

The fair value assessment of financial assets at FVTPL that are measured at level 3 fair value hierarchy requires significant estimates, which include risk-free rates, expected volatility, relevant underlying financial projections, market information of recent transactions and other assumptions. Changes in these assumptions and estimates could materially affect the respective fair value of these financial assets. Further details of fair value measurement are disclosed in Note 35(b).

## 6. SEGMENT REPORTING

The executive directors of the Company, who are the chief operating decision-makers of the Group, review the Group's internal reporting in order to assess performance and allocate resources. Management has determined the operating segments based on reports reviewed by the executive directors of the Company that are used to make strategic decisions.

Management regularly reviews the operating results from a project-based perspective. The reportable operating segment derives revenue primarily from provision of construction and consultancy works. Business segment information is not considered necessary.

As the executive directors consider the Group's revenue and results are all derived from provision of construction and consultancy works and project management services in Hong Kong and no consolidated assets of the Group are located outside Hong Kong, geographical segment information is not considered necessary.

## 6. SEGMENT REPORTING (CONTINUED)

### Information about major customers

Revenue from major customers, each of them accounted for 10% or more of the Group's revenue, are set out below:

	2022 HK\$'000	2021 HK\$'000
Customer I	186,606	N/A <sup>1</sup>
Customer II	117,396	N/A <sup>1</sup>
Customer III	N/A <sup>1</sup>	151,082
Customer IV	N/A <sup>1</sup>	101,917
Customer V	–	99,909

<sup>1</sup> The corresponding revenue did not contribute over 10% of the total revenue of the Group for the respective period.

## 7. REVENUE

Revenue, which is also the Group's turnover, represents construction work income. Revenue recognised from the principal activities during the year is as follows:

	2022 HK\$'000	2021 HK\$'000
<b>Revenue from contract with customers by major services:</b>		
Substructure building works services	20,320	24,792
Superstructure building works services	497,126	749,831
Repair, maintenance, alteration and addition services	19,056	134,186
	<b>536,502</b>	<b>908,809</b>

During the years, primary geographical market on the Group's revenue from contract with customers is Hong Kong.

During the years, all revenue from contract with customers are recognised over time.

As at 31 March 2022, the aggregate amount of the transaction price allocated to the remaining performance obligations under the Group's existing contracts is HK\$677,453,000 (2021: HK\$950,148,000). This amount represents revenue expected to be recognised in the future from partially-completed construction contracts. The Group will recognise the expected revenue in future when or as the work is completed, which is expected to occur in the next 12 months.

	5,880	2,776	6,036	54	14,746

During the years ended 31 March 2022 and 2021, no emoluments were paid by the Group to the directors as an inducement to join or upon joining the Group or as compensation for loss of office. In addition, none of the directors waived or agreed to waive any emoluments during the years ended 31 March 2022 and 2021.

Discretionary bonus is determined primarily based on the performance of each director and the profitability of the Group.

### (b) Five highest paid individuals

The five individuals whose emoluments were the highest in the Group during the year included three (2021: three) directors and the following two (2021: two) non-director individuals whose emoluments are as follows:

	2022 HK\$'000	2021 HK\$'000
Salaries, allowances and other benefits	3,374	4,406
Contribution to pension scheme	36	36

## 12. DIRECTORS' EMOLUMENTS, HIGHEST PAID INDIVIDUALS AND SENIOR MANAGEMENT'S EMOLUMENTS (CONTINUED)

### (c) Senior management's emoluments

Emoluments paid or payable to members of senior management who are not directors were within the following bands:

	2022	2021
HK\$Nil–HK\$1,000,000	2	2
HK\$1,000,001–HK\$1,500,000	1	1
HK\$1,500,001–HK\$2,000,000	1	–
HK\$2,000,001–HK\$2,500,000	–	1

## 13. DIVIDEND

	2022 HK\$'000	2021 HK\$'000
Interim dividend declared and paid	–	3,546
Final dividend proposed	–	3,039

The board of directors did not declare an interim dividend (2021: HK\$0.0035 per share) during the year. The board of directors did not recommend the payment of any final dividend for the year ended 31 March 2022 (2021: HK\$0.003 per share). The proposed final dividend for the year ended 31 March 2021 at HK\$0.003 per share was approved by the Company's shareholders at the annual general meeting during the year.

## 14. (LOSS)/EARNINGS PER SHARE

The calculation of the basic and diluted (loss)/earnings per share attributable to the owners of the Company is based on the following data:

	2022 HK\$'000	2021 HK\$'000
<b>(Loss)/earnings</b>		
(Loss)/earnings for the purpose of basic and diluted (loss)/earnings per share	<b>(18,161)</b>	11,538
	<b>2022</b>	<b>2021</b>
<b>Number of shares</b>		
Weighted average number of ordinary shares for the purpose of basic (loss)/earnings per share	<b>1,013,000,000</b>	1,013,000,000
Effect of dilutive potential ordinary shares:		
— Share options (Note)	<b>N/A</b>	N/A
Weighted average number of ordinary shares for the purpose of diluted (loss)/earnings per share	<b>1,013,000,000</b>	1,013,000,000

Note: For the years ended 31 March 2022 and 2021, the computation of diluted (loss)/earnings per share does not assume the exercise of the Company's share options because the exercise price of the Company's share options was higher than the average market price for shares.

## 15. PROPERTY, PLANT AND EQUIPMENT (CONTINUED)

### The Group as lessee

#### Right-of-use assets (included in the property, plant and equipment)

The Group has lease contracts for various items of buildings and motor vehicles used in its operations. Leases of owned land and buildings generally have remaining lease terms of 16 years, buildings generally have lease terms between 2 to 3 years and motor vehicles generally have lease terms of 4 years.

The Group also has certain leases of buildings with lease terms of 12 months or less. The Group applies the 'short-term lease' recognition exemptions for these leases.

The right-of-use assets in relation to owned leasehold land and buildings are situated in Hong Kong as at 31 March 2022 and 2021, of which HK\$24,666,000 (2021: HK\$26,200,000) were pledged as securities for the bank facilities of the Group (Note 24).

Set out below are the net carrying amounts of right-of-use assets recognised and the movements during the year:

	<b>Owned leasehold land and buildings</b>	<b>Leased buildings</b>	<b>Motor vehicles</b>	<b>Total</b>

## 17. INTEREST IN AN ASSOCIATE

	2022 HK\$'000	2021 HK\$'000
Non-current:		
Interest in an associate, including goodwill	<b>12,683</b>	14,670

As at 31 March 2022 and 2021, the amount due from an associate is unsecured, interest-free and repayable on demand.

Movements in the expected credit loss in respect of amount due from an associate during the year are as follows:

	2022 HK\$'000	2021 HK\$'000
At beginning of year	<b>306</b>	–
Expected credit loss (reversed)/recognised during the year	<b>(216)</b>	306
At end of year	<b>90</b>	306

Further details of the Group's credit policy and credit risk arising from amount due from an associate are set out in Note 36(a).

Details of the Group's associate are as follows:

Name	Place of incorporation	Operation and principal activity	Percentage of equity interest held by the Group
New Bright Engineering Limited ("New Bright")	Hong Kong	Provision of air-conditioning and electrical engineering installation and alteration works in Hong Kong	30%

During the year ended 31 March 2019, the Group entered into a share purchase agreement to acquire 30% equity interest in New Bright for consideration comprising HK\$9,930,000 in cash and issue of 13,000,000 shares of the Company to the vendor. The transaction was completed during the year ended 31 March 2019.

The Group was granted the right to require the vendor to purchase 30% equity interest in New Bright at a cash consideration of HK\$15,000,000 together with interest of 10% per annum accrued from the acquisition date until the date of full payment by the vendor if the net profit after income tax of New Bright for any of the years ended 31 March 2018, 2019 and 2020 is less than HK\$7,000,000 (the "Put Option").

# Notes to the Consolidated Financial Statements

For the year ended 31 March 2022

## 17. INTEREST IN AN ASSOCIATE (CONTINUED)

During the year ended 31 March 2021, the Group entered into a supplemental agreement (the “Supplemental Agreement”) to prolong the put option arrangement with the vendor. Accordingly, a renewed put option was granted of which the Group has the right to require the vendor to purchase 30% equity interest in New Bright at a cash consideration of HK\$15,000,000 if the accumulated net profit after income tax of New Bright for the years ended 31 March 2021, 2022 and 2023 is less than HK\$15,000,000 (the “Renewed Put Option”). The fair value of the Renewed Put Option (Note 18) as at 31 March 2022 and 2021 were estimated with reference to valuation performed by an independent firm of professionally qualified valuers using the Binomial Option Pricing Model.

Summarised financial information of the associate is as follows:

	2022 HK\$'000	2021 HK\$'000
Current assets	22,421	37,055

## 19. TRADE AND OTHER RECEIVABLES (CONTINUED)

The ageing analysis of trade receivables, based on invoice date, as at the end of reporting period is as follows:

	2022 HK\$'000	2021 HK\$'000
Within 30 days	11,866	26,078
31–60 days	4,945	3,625
61–90 days	–	–
91–180 days	–	–
181–365 days	9,282	–
	<b>26,093</b>	<b>29,703</b>

As at 31 March 2022, the Group's trade receivables of HK\$2,712,000 (2021: HK\$22,512,000) were pledged as securities for the bank facilities of the Group (Note 24).

Further details of the Group's credit policy and credit risk arising from trade and other receivables are set out in Note 36(a).

## 20. CONTRACT ASSETS AND CONTRACT LIABILITIES

### (i) Contract assets

	2022 HK\$'000	2021 HK\$'000
Related to provision of Construction Works	143,556	213,590
Less: Expected credit loss	(1,299)	(445)
	<b>142,257</b>	<b>213,145</b>

The Group's contract assets represent the Group's right to consideration for construction works completed but not yet billed to customers at the reporting date. The contract assets are transferred to trade receivables when the rights become unconditional, that is, when the Group issues progress billings to customers based on certified amount agreed with customer. All contract assets are expected to be recovered/settled within one to three years. As at 31 March 2022, the decrease (2021: decrease) in contract assets was resulted from the decrease (2021: decrease) in the provision of construction works at end of the year.

As at 31 March 2022, contract assets include retention receivables held by customers for construction works amounting to HK\$74,660,000 (2021: HK\$102,877,000). The Group typically agrees a one-year retention period for 5% to 10% of the contract sum, which is included in contract assets until the end of the retention period as the Group's entitlement to it is conditional on the Group's work satisfactorily passing inspection.

As at 31 March 2022, retention receivables of HK\$5,496,000 (2021: HK\$50,753,000) were expected to be recovered beyond twelve months after the end of the reporting period.

Further details of the Group's credit policy and credit risk arising from contract assets are set out in Note 36(a).

## 20. CONTRACT ASSETS AND CONTRACT LIABILITIES (CONTINUED)

### (ii) Contract liabilities

	2022 HK\$'000	2021 HK\$'000
Related to provision of Construction Works	8,036	3,068

As at 31 March 2022 and 2021, all contract liabilities are expected to be recognised as revenue within one year.

Movements in contract liabilities:

	2022 HK\$'000	2021 HK\$'000
At beginning of year	3,068	4,211
Decrease in contract liabilities as a result of recognising revenue during the year that was included in the contract liabilities at the beginning of the year	(3,068)	(4,211)
Increase in contract liabilities as a result of billing in advance of construction works	8,036	3,068
At end of year	8,036	3,068

## 21. BANK BALANCES AND CASH AND PLEDGED BANK DEPOSITS

Cash at banks earns interest at floating rates based on daily bank deposit rates. Short term time deposits are made for varying periods of between one day and three months depending on the immediate cash requirements of the Group, and earn interest at the respective short term time deposit rates. The bank balances and pledged deposits are deposited with creditworthy banks with no recent history of default.

As at 31 March 2022 and 2021, pledged bank deposits were pledged to secure bank facilities of the Group (Note 24).

## 22. TRADE AND OTHER PAYABLES

	2022 HK\$'000	2021 HK\$'000
Trade payables (Note)	81,802	129,416
Retention payables	44,461	59,731
Other payables, accruals and deposits received	12,562	12,449
	<b>138,825</b>	201,596

Note: The credit period granted by suppliers and contractors is normally 30 to 60 days.

The ageing analysis of trade payables, based on invoice date, as of the end of reporting period, is as follows:

	2022 HK\$'000	2021 HK\$'000
Within 30 days	34,836	75,555
31–60 days	18,108	27,897
61–90 days	6,906	12,489
91–180 days	8,602	5,607
181–365 days	6,359	2,123
Over 365 days	6,991	5,745
	<b>81,802</b>	129,416

As at 31 March 2022, included in trade payables was an amount of approximately HK\$9,156,000 (2021: HK\$9,910,000) due to an associate which is repayable on credit term similar to those offered to the suppliers of the Group.

As at 31 March 2022, retention payables of HK\$28,215,000 (2021: HK\$20,405,000) were expected to be settled beyond twelve months after the end of the reporting period.

Other payables, accruals and deposits received mainly represented accruals for daily operating expenses including accrued salaries and professional fees.

## 23. LEASE LIABILITIES

Set out below are the carrying amounts of lease liabilities and the movements during the year:

	2022 HK\$'000	2021 HK\$'000
At beginning of year	3,762	5,815
Additions	–	695
Interest expense	191	366
Lease payments	(2,223)	(2,719)
Effect of lease modifications	–	(386)
Covid-19-related rent concessions	–	(9)
At end of year	1,730	3,762

Note:

During the year ended 31 March 2021, the Group has received rent concessions in the form of rent forgiveness from lessors. The Group has elected to apply the practical expedient introduced by the amendment to HKFRS 16 to all rent concessions that satisfy the criteria. All of the rent concessions entered into during the year ended 31 March 2021 satisfy the criteria to apply the practical expedient. The application of the practical expedient has resulted in the reduction of total lease liabilities of HK\$9,000 (2022: HK\$Nil). The effect of this reduction has been recorded in profit or loss in the period in which the event or condition that triggers those payments occurs.

Future lease payments are due as follows:

As at 31 March 2022	Minimum lease payments HK\$'000	Interest HK\$'000	Present value HK\$'000
Not later than one year	1,321	52	1,269
Later than one year and not later than two years	468	7	461
	1,789	59	1,730

As at 31 March 2021	Minimum lease payments HK\$'000	Interest HK\$'000	Present value HK\$'000
Not later than one year	2,247	192	2,055
Later than one year and not later than two years	1,765	58	1,707

## 23. LEASE LIABILITIES (CONTINUED)

The present value of future lease payments are analysed as:

	2022 HK\$'000	2021 HK\$'000
Current liabilities	1,269	2,055
Non-current liabilities	461	1,707
	<b>1,730</b>	<b>3,762</b>
Aggregate undiscounted commitments for short-term leases	49	154

## 24. BANK BORROWINGS, SECURED

	2022 HK\$'000	2021 HK\$'000
<b>Current liabilities</b>		
<b>Secured and interest-bearing bank borrowings</b>		
Bank loans subject to repayment on demand clause or repayable within one year (Note (a))		
— Bank loans due for repayment within one year	66,382	87,285
— Bank loans due for repayment after one year (Note (b))	2,090	2,246
	<b>68,472</b>	<b>89,531</b>

Notes:

- (a) Bank loans are interest-bearing at floating rates. The interest rates of the Group's bank loans as at 31 March 2022 granted under banking facilities ranged from 2.06% to 3.06% (2021: 2.39% to 4.75%) per annum.
- (b) The current liabilities as at 31 March 2022 and 2021 include such bank loans that are not scheduled to be repaid within one year after the end of the reporting periods. They are classified as current liabilities as the related loan agreements contain a clause that provides the lenders with an unconditional right to demand repayment at any time at their own discretion. None of the portion of these bank loans due for repayment after one year which contain a repayment on demand clause and that are classified as current liabilities are expected to be settled within one year.
- (c) As at 31 March 2022 and 2021, the banking facilities of the Group were secured by certain trade receivables (Note 19), certain right-of-use assets of the Group (Note 15), pledged bank deposits (Note 21) and corporate guarantee of the Company.

## 24. BANK BORROWINGS, SECURED (CONTINUED)

As at 31 March 2022 and 2021, the Group's bank borrowings were scheduled to be repaid as of the end of reporting period as follows:

	2022 HK\$'000	2021 HK\$'000
On demand or within one year	66,382	87,285
More than one year, but not exceeding two years	159	156
More than two years, but not exceeding five years	503	490
More than five years	1,428	1,600
	<b>68,472</b>	89,531

Note: The amounts due are based on the scheduled repayment dates in the loan agreements and no effect of any repayment on demand clause is taken into account.

## 25. SHARE CAPITAL

The share capital as at 31 March 2022 and 2021 represented the issued share capital of the Company as detailed below:

	Number	HK\$'000
<b>Ordinary shares of HK\$0.01 each</b>

## 26. SHARE OPTION SCHEME

On 10 March 2016, the Company adopted a share option scheme (the "Scheme"). The Board of the Company may, at its discretion, invite any eligible persons who have made contributions to the Group to take up share options. The terms of the Scheme are in accordance with the provisions of the Listing Rules.

The maximum number of shares in respect of which options may be granted under the Scheme shall not in aggregate exceed 10% of all the shares in issue as at 29 March 2016 (i.e. a total of 100,000,000 shares). Moreover, the total number of shares issued and to be issued upon exercise of options granted to each participant (including both exercised and outstanding options) under the Scheme, shall not exceed 1% of the shares in issue in any 12-month period up to the date of grant. Any further grant of share options in excess of this limit is subject to shareholders' approval in general meeting.

The Board may, at its discretion, set a minimum period for which an option must be held before it can be exercised. Participant under the Scheme shall exercise the granted share options within a period the Board may determine, which shall not exceed ten years from the date of grant.

On 21 November 2017, 32,500,000 share options were granted with a vesting period of 1 year upon date of grant. As at 31 March 2022 and 2021, the Company had 32,500,000 share options outstanding under the Scheme. The exercisable period is from 21 November 2018 to 20 November 2027.

All outstanding share options are exercisable with exercise price of HK\$0.40. The remaining contractual life of all outstanding share options was 5.6 years (2021: 6.6 years).

No share options were granted nor exercised during the years ended 31 March 2022 and 2021.

## 30. RELATED PARTY TRANSACTIONS

Save for those disclosed elsewhere in these consolidated financial statements, the Group has the following significant transactions with related parties.

- (a) During the year ended 31 March 2022, the Group paid subcontracting charges and secondment charge of approximately HK\$41,167,000 (2021: HK\$45,915,000) and HK\$438,000 (2021: HK\$Nil) respectively to New Bright, an associate of the Group.
- (b) During the year ended 31 March 2021, the Group received consultancy income of approximately HK\$192,000 (2022: HK\$Nil) from New Bright, an associate of the Group.
- (c) During the year ended 31 March 2022, the Group rented certain car parks from a director in the aggregate amount of HK\$192,000 (2021: HK\$192,000). The directors are of the opinion that the rent was determined with reference to market price.
- (d) **Compensation of key management personnel**  
Remuneration of key management personnel, who are executive directors of the Company, during the years were disclosed in Note 12.

## 31. GUARANTEES

The Group provided guarantees in respect of the surety bonds issued in favour of the customers of certain construction contracts. Details of these guarantees as of the end of the reporting periods are as follows:

	2022 HK\$'000	2021 HK\$'000
Aggregate value of the surety bonds issued in favour of customers	<b>58,665</b>	68,338

The directors are of the opinion that it is not probable that the insurance companies would claim the Group for losses in respect of the guarantee contracts as it is unlikely that the Group is unable to fulfil the performance requirements of the relevant contracts. Accordingly, no provision for the Group's obligations under the guarantees has been made as at 31 March 2022 and 2021.

As at 31 March 2022 and 2021, the Group's surety bonds were secured by the Company's corporate guarantee.

## 32. LITIGATION

Lawsuits and claims arising from the normal course of business were lodged against the Group mostly relating to work-related injury claims from staff of subcontractors which remain outstanding as of the end of reporting period. In the opinion of the directors, sufficient insurance coverage is maintained to cover the losses, if any, arising from most of these lawsuits and claims, or based on opinion from legal counsel, it is difficult at this stage to estimate the possible outflow of economic benefits for certain lawsuits or has meritable and arguable case to defeat the plaintiff's claims, and therefore the ultimate liability under these lawsuits and claims would not have a material adverse impact on the consolidated financial position of the Group or no provision should be made.

### (a) Financial instruments not measured at fair value

The financial instruments are not measured at fair value due to their short term nature, the carrying values of such financial instruments approximate their fair values.

### (b) Financial instruments measured at fair value

The following table presents financial assets and liabilities measured at fair value in the consolidated statement of financial position in accordance with the fair value hierarchy. The hierarchy groups financial assets and liabilities into three levels based on the relative reliability of significant inputs used in measuring the fair value of these financial assets and liabilities. The fair value hierarchy has the following levels:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3: Inputs for the asset or liability that are not based on observable market data (unobservable inputs).

The level in the fair value hierarchy within which the financial asset or liability is categorised in its entirety is based on the lowest level of input that is significant to the fair value measurement.

## 36. FINANCIAL RISK MANAGEMENT AND CAPITAL MANAGEMENT

The Group is exposed to a variety of financial risks which comprise credit risk, interest rate risk and liquidity risk. The Group's overall risk management focuses on the unpredictability of financial markets and seeks to minimise potential adverse effects on the Group's financial performance. Risk management is carried out by the key management under the policies approved by the board of directors. The Group does not have written risk management policies. However, the directors meet regularly to identify and evaluate risks and to formulate strategies to manage financial risks.

Generally, the Group employs a conservative strategy regarding its financial risk management. As the directors consider that the Group's exposure to financial risk is kept at a minimum level, the Group has not used any derivatives or other instruments for hedging purposes. The most significant risks to which the Group is exposed to are described below:

### (a) Credit risk

Credit risk refers to the risk that the counterparty to a financial instrument would fail to discharge its obligation under the terms of the financial instrument and cause a financial loss to the Group.

The maximum exposure to credit risk is represented by the carrying amount of each financial asset in the consolidated statement of financial position after deducting any impairment allowance.

The Group's credit risk is primarily attributable to its trade and other receivables, contract assets, amount due from an associate, pledged bank deposits and bank balances. Management has a credit policy in place and the exposures to credit risk are monitored on an ongoing basis.

In respect of bank balances and pledged bank deposits, the credit risk is limited because majority of the deposits are placed with reputable banks and financial institutions.

In respect of trade and other receivables, it is the Group's policy to only deal with creditworthy counterparties. In order to minimise credit risk, management has formulated a credit policy and delegated a team responsible for determination of credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. Normally, the Group does not obtain collateral from the counterparties.

As at 31 March 2022, the Group has concentration of credit risk as the top five trade debtors accounted for approximately 100% (2021: 100%) of the trade receivables. In addition to the ECL assessment performed, in view of their good payment records and long established relationships with the Group, management does not consider the Group's credit risk with the top five trade debtors to be significant.

## 36. FINANCIAL RISK MANAGEMENT AND CAPITAL MANAGEMENT (CONTINUED)

### (a) Credit risk (Continued)

#### Impairment under ECLs model

The Group recognises loss allowance for ECLs on debt instruments carried at amortised cost. The Group applies simplified approach to measure ECLs on trade receivables and contract assets; and general approach to measure ECLs on other receivables, amount due from an associate, pledged bank deposits and bank balances. Under the simplified approach, the Group measures the loss allowance at an amount equal to lifetime ECLs. Under the general approach, the Group applies the “3-stage” impairment model for ECLs measurement based on change in credit risk since initial recognition as follows:

- Stage 1: If the credit risk of the financial instrument has not increased significantly since initial recognition, the financial instrument is included in Stage 1.
- Stage 2: If the credit risk of the financial instrument has increased significantly since its initial recognition but is not deemed to be credit-impaired, the financial instrument is included in Stage 2.
- Stage 3: If the financial instrument is credit-impaired, the financial instrument is included in Stage 3.

The ECLs for financial instruments in Stage 1 are measured at an amount equivalent to 12-month ECLs whereas the ECLs for financial instruments in Stage 2 or Stage 3 are measured at an amount equivalent to lifetime ECLs.

When determining whether the risk of default has increased significantly since initial recognition, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information and analysis, based on the Group’s historical experience and informed credit risk assessment and including forward-looking information.

At the end of each reporting period, the Group assesses whether a financial asset is credit-impaired. A financial asset is considered as credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred. Evidence that a financial asset is credit-impaired include observable data about the following events:

- (a) significant financial difficulty of the debtor;
- (b) a breach of contract, such as a default or past due event;
- (c) granting a concession to the debtors that the lender would not otherwise consider for economic or contractual reasons relating to the debtor’s financial difficulty; or
- (d) it becoming probable that the debtor will enter bankruptcy or other financial reorganisation.

## 36. FINANCIAL RISK MANAGEMENT AND CAPITAL MANAGEMENT (CONTINUED)

### (a) Credit risk (Continued)

#### Impairment under ECLs model (Continued)

The measurement of ECLs is a function of the probability of default, loss given default (i.e. the magnitude of the loss if there is a default) and the exposure of default. The assessment of the probability of default and loss given default is based on historical data such as actual loss experience over the past 3 years and adjusted for forward-looking information through the use of industry trend and experienced credit judgement to reflect the qualitative factors, and through the use of multiple probability-weighted scenarios.

The Group has elected to measure loss allowances for trade receivables and contract assets using HKFRS 9 simplified approach and has calculated ECLs based on lifetime ECLs. The Group has established a provision matrix that is based on the Group's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

The provision made against the gross amount of trade receivables is as follows:

<b>At 31 March 2022</b>	<b>ECL rate %</b>	<b>Gross carrying amount HK\$'000</b>	<b>Loss allowance HK\$'000</b>
Current (not past due)	<b>0.89</b>	<b>11,973</b>	<b>107</b>
0–60 days past due	<b>0.92</b>	<b>4,991</b>	<b>46</b>
61–90 days past due	<b>N/A</b>	<b>–</b>	<b>–</b>
91–180 days past due	<b>3.08</b>	<b>130</b>	<b>4</b>
181–365 days past due	<b>3.79</b>	<b>9,517</b>	<b>361</b>
Over 365 days past due	<b>100.00</b>	<b>350</b>	<b>350</b>
		<b>26,961</b>	<b>868</b>

As at 31 March 2021, the ECL rates of trade receivables was assessed to be minimal. The directors of the Company believe that there is no loss allowance required for trade receivables as at 31 March 2021.

## 36. FINANCIAL RISK MANAGEMENT AND CAPITAL MANAGEMENT (CONTINUED)

### (a) Credit risk (Continued)

#### Impairment under ECLs model (Continued)

The provision made against the gross amount of contract assets is as follows:

	ECL rate %	Gross carrying amount HK\$'000	Loss allowance HK\$'000
At 31 March 2022	<b>0.90</b>	<b>143,556</b>	<b>1,299</b>
At 31 March 2021	0.21	213,590	445

The movements in the expected credit loss in respect of trade receivables and contract assets are as follows:

	Trade receivables HK\$'000	Contract assets HK\$'000	Total HK\$'000
Balance as at 1 April 2020	–	–	–
Expected credit loss recognised during the year	–	445	445

Expected credit loss recognised during the year	<b>868</b>	<b>854</b>	<b>1,722</b>
Balance as at 31 March 2022	<b>868</b>	<b>1,299</b>	<b>2,167</b>

The Group makes periodic collective assessments as well as individual assessment on the recoverability of other receivables and amount due from an associate based on historical settlement records and past experience as well as ECL assessment, including the quantitative and qualitative information that is reasonable and supportive forward-looking information. As at 31 March 2022, included in other receivables was an amount of HK\$3,483,000 (2021: HK\$3,483,000) representing advanced payments to a subcontractor of the Group. The directors identified that the debtor is in financial difficulty and determined that the amount is credit-impaired. Accordingly, as at 31 March 2022, the accumulated lifetime expected credit loss of HK\$3,483,000 (2021: HK\$3,483,000) was recognised under Stage 3 of ECLs model. Save as disclosed above, the Group has considered that credit risk on other receivables and amount due from an associate has not increased significantly since initial recognition and has assessed the ECL rate under 12-month ECLs method based on the Group's assessment in the risk of default of the respective counterparties.

### (b) Interest rate risk

Interest rate risk relates to the risk that the fair value or cash flows of a financial instrument will fluctuate because of changes in market interest rate. The Group's interest rate risk mainly arises from bank borrowings. Borrowings arranged at variable rates expose the Group to cash flow interest rate risk.

All of the Group's bank borrowings as at 31 March 2022 and 2021 bore interest at floating rates. Details of bank loans are disclosed in Note 24.

The Group currently does not have an interest rate hedging policy. However, the management closely monitors interest rate exposure and will consider hedging significant interest rate exposure should the need arise.

Changes in interest rate		
+1%	<b>(685)</b>	(895)
-1%	<b>685</b>	895

The changes in interest rates do not affect the Group's other component of equity. The above sensitivity analysis is prepared based on the assumption that the borrowing period of the bank borrowings outstanding at the end of each of the reporting periods resembles that of the corresponding financial years. The assumed changes in interest rate are considered to be reasonably possible based on observation of current market conditions and represents management's assessment of a reasonably possible change in interest rate over the period until the next annual reporting period.

### (c) Liquidity risk

Liquidity risk relates to the risk that the Group will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Group is exposed to liquidity risk in respect of settlement of trade and other payables and its financing obligations, and also in respect of its cash flow management. The Group's policy is to regularly monitor its liquidity requirements to ensure that it maintains sufficient reserves of cash and adequate committed lines of funding from major financial institutions to meet its liquidity requirements in the short and longer term. The liquidity policy has been followed by the Group for years and is considered to have been effective in managing liquidity risks.

The following tables summarise the remaining contractual maturities of the Group's financial liabilities including bank loans with repayment on demand clause, based on undiscounted cash flows (including interest payments computed using contractual rates or if floating, based on rates ruling at the end of the reporting period) and the earliest date the Group can be required to pay.

Specifically, for bank borrowings which contain repayment on demand clause which can be exercised at bank's sole discretion, the analysis shows the cash outflow based on the earliest period in which the Group can be required to pay, that is if the lenders were to invoke their unconditional rights to call the loans with immediate effect.

The following tables summarise the maturity analysis of the Group's bank borrowings with repayment on demand clause based on the agreed scheduled repayments set out in the loan agreements. The amounts include interest payments computed using contractual rates. As a result, these amounts were greater than the amounts disclosed in the "on demand" time banding in the maturity analysis contained above. Taking into account the Group's financial position, the directors do not consider that it is probable that the banks will exercise their discretion to demand immediate repayment. The directors believe that such bank borrowings will be repaid in accordance with the scheduled repayment dates set out in the loan agreements.

### (d) Capital management

The Group's capital management objectives are to safeguard the Group's ability to continue as a going concern in order to provide returns to shareholders and benefits for other stakeholders, to maintain an optimal capital structure, to reduce the cost of capital and to support the Group's stability and growth.

The Group monitors capital using gearing ratio, which is total debts to equity. Total debts include bank borrowings and lease liabilities. Equity represents total equity of the Group.

The directors of the Company actively and regularly review and manage the Group's capital structure, taking into consideration the future capital requirements of the Group, to ensure optimal shareholders' returns. The Group manages the capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, return capital to shareholders, issue new shares, raise new debts or sells assets to reduce debts.

The gearing ratios as at the end of reporting period were as follows:

	2022 HK\$'000	2021 HK\$'000
Bank borrowings, secured	<b>68,472</b>	89,531
