Chairman's Statement

Chairman's Statement

Highlights for the Year Ended 31 March 2022

Business

1. On 8 March 2022, the Group had successfully completed the disposal of the subsidiaries that held Hotel sáv in Hong Kong for a consideration of about HK\$1,651.2 million, and a net gain of approximately HK\$405.0 million was recorded before the year ended 31 March 2022. The disposal has brought in considerable net gain and substantial cash inflow to the Group, which has further strengthened its cash position.
2. In May 2021, the Group had completed the disposal of the subsidiaries that held the Panyu property project in the People's Republic of China with an aggregate consideration of about RMB1,574.9 million (equivalent to approximately HK\$1,896.7 million), and a net gain of approximately HK\$1,036.9 million (before deducting non-controlling interests of about HK\$407.4 million) was recorded during the year. The Group has further received the deferred consideration of about RMB99.9 million (equivalent to approximately HK\$122.9 million) pursuant to the agreement subsequent to the year end date. The disposal has enabled the Group to accelerate the return on this investment at a considerable profit and generate substantial cash inflow to the Group.
3. The Group had also disposed of Greenview Garden, the Vietnam project, for a consideration of about US\$25.6 million (equivalent to approximately HK\$198.9 million). The transaction was completed in May 2021 and a net profit of approximately HK\$84 million was recorded during the year. This disposal has further strengthened the financial position of the Group.
4. As announced on 15 June 2022, the Group had entered into an agreement to dispose of the land and factory building of Sintex in Singapore for a consideration of S\$21 million (equivalent to approximately HK\$118.4 million), and it is expected that a net gain of S\$15.2 million (equivalent to approximately HK\$85.7 million) will be recorded upon completion. This disposal helps to unlock the stored value in the property and is in line with the Group's strategy to offload investment in non-core assets.

Chairman's Statement (continued)

5. For ONE SOHO, the joint venture project at Mongkok, development is proceeding as scheduled. Superstructure works are nearly completed which will be followed by exterior works and interior works. Occupation permit is targeted to be obtained in the first quarter of 2023. Pre-sale consent of the 322 residential units was obtained in April 2021 and pre-sale has commenced accordingly. Up-to-date, a total of 191 units have been pre-sold at aggregate amount of about HK\$1.36 billion. According to the current marketing and sales plan, the targeted total sales proceeds of the residential portion of this project are estimated to be about HK\$2.3 billion.
6. For Po Shan Road joint venture project, the Group is developing the property into one vertical house with 8 storeys over the podium. The 8-storey house will include a luxury living and dining area with 6m floor-to-floor height, an entertainment floor and 6 residential suite floors with at least 3.5m floor-to-floor height. The proposed GFA for the house is about 44,913 sq. ft., with an additional area of about 5,200 sq. ft. for garden and about 2,200 sq. ft. for roof. Superstructure works are proceeding as scheduled with podium works in progress. It is expected that the overall superstructure works will be completed by the end of 2023. Marketing to promote this project has commenced. A marketing consultant has been engaged to advise on marketing strategy on this project and prepare marketing materials for promotion.
7. For the redevelopment project at Gage Street, the Group has successfully consolidated this project with a total site area of about 3,600 sq. ft.. General building plans of the project to develop a 26-storey residential/commercial building comprising clubhouse facilities and retail units with GFA of about 34,871 sq. ft. have been approved. Foundation works are currently in progress and are expected to be completed in the second quarter of 2023. With the prime location at Central, the Group is optimistic about the prospect of this project.
8. For Ap Lei Chau project, general building plans of the project have been approved to develop a 27-storey residential/commercial building with clubhouse facilities and retail units at the podium levels. Foundation work has been completed. Superstructure work is currently in progress. Preparation works for pre-sale have also been commenced, which is expected to be launched in the third quarter of 2022.

Financial

- Total cash resources of the Group (including bond and securities investments) amounted to HK\$5.17 billion, in which the cash and bank balances increased by 82% to HK\$4.18 billion.
- Net assets attributable to equity holders of the Company amounted to HK\$10,717.5 million.
- Net debt to equity ratio of the Group improved to 2.2% (2021: 12.9%).
- On top of an interim dividend of 2.0 HK cents per share and a special dividend of 6.0 HK cents per share paid for the year, a final dividend of 2.0 HK cents per share was recommended and the second special dividend of 18.0 HK cents per share was also declared by the Board, totalling 20.0 HK cents per share. Thus the total dividends for the year amounted to 28.0 HK cents (2021: 3.0 HK cents) per share, increased by about 8.3 times over that of the last year.

Financial Review

In the first half of this financial year, the Group had successfully completed the disposals of the property projects in Panyu, the People's Republic of China (the "PRC") and Vietnam with cash consideration of about RMB1,574.9 million and US\$25.6 million respectively. Although there is the fifth wave of the Omicron outbreak during the second half of this financial year, the Group had grasped the opportunity to conclude and complete the hotel disposal in Hong Kong with consideration of about HK\$1,651.2 million just before the financial year end date. All these transactions with substantial realized gains have helped the Group to strengthen its foundation as well as its financial position. However, the prolonged unfavourable and high volatile high yield bond market, which has lasted for nearly the whole financial year and still has not yet been ended up to the date of this report, had adversely affected the performance of the bond investments held by the Group. This had offsetted all the realized gains from the disposals and had led to a net loss position of the Group for this financial year. Nevertheless, with the substantial cash proceeds received from the aforesaid disposal transactions, the business operation and the financial position of the Group remain healthy and sound.

For the year ended 31 March 2022, revenues of the Group decreased to HK\$666.4 million (2021: HK\$2,089.5 million) mainly due to the decrease in recognition of completed sales of The Esplanade, Tuen Mun in Hong Kong. Revenues of the Group comprised revenues from sales of properties of HK\$271.8 million (2021: HK\$1,651.6 million) which included the sales of the Vietnam project, revenues from rental and other income of investment properties of HK\$159.2 million (2021: HK\$184.7 million), revenues from cemetery business of HK\$41.0 million (2021: HK\$25.7 million), revenues from sales of goods and merchandises of HK\$16.7 million (2021: HK\$16.2 million), revenues from money lending business of HK\$1.6 million (2021: HK\$3.6 million), and revenues from securities investment and trading business of HK\$176.1 million (2021: HK\$207.7 million).

As a result of the decrease in revenues, gross profit during the year decreased to HK\$441.9 million (2021: HK\$976.5 million). Gross profit margin increased to 66.3% (2021: 46.7%), which was mainly due to the decrease in proportion of revenues generated from sales of properties segment which had a relatively lower profit margin than the other revenue segments of the Group.

Other income and net loss amounted to a net loss of HK\$1,747.9 million (2021: net gain of HK\$324.3 million) mainly due to the unrealized fair value loss of bond investments recorded during the year under review. A breakdown of other income and net (loss)/gain is shown in note 7A on page 181 of this report. Gain from disposal of subsidiaries of HK\$1,178.9 million (2021: loss of HK\$10.3 million for disposal of subsidiary holding property at United Kingdom) during the year represented the gain on disposal of property holding subsidiaries that held the property project in Panyu, the PRC. Gain from change in fair value of investment properties of the Group amounted to HK\$36.1 million (2021: loss of HK\$442.1 million) mainly due to the increase in fair value of the investment properties of the Group. There is a profit from

discontinued operation of HK\$316.2 million (2021: loss of HK\$85.5 million), which represented the gain on disposal of the subsidiaries that held the hotel in Hong Kong during the year with the amount of HK\$405.0 million, and offsetted by the net loss of HK\$88.8 million (2021: HK\$85.5 million) on operation of the hotel business during the year before disposal.

On the costs side, selling and marketing expenses decreased to HK\$32.2 million (2021: HK\$110.9 million) principally due to the decrease in sales commission of The Esplanade in Tuen Mun recorded upon the sales recognition during the year. Administrative and other operating expenses increased to HK\$357.0 million (2021: HK\$323.5 million) mainly due to the increase in business activities and general overheads of the Group. Finance costs decreased to HK\$104.5 million (2021: HK\$134.0 million) mainly due to the decrease in interest rates and the decreased level of bank borrowings of the Group. Share of loss of associated companies amounted to HK\$9.1 million (2021: HK\$2.2 million) mainly due to the increase in loss of the associated companies caused by Covid-19 and renovation activities. Share of loss of joint ventures amounted to HK\$23.1 million (2021: HK\$3.4 million) mainly due to the increase in loss of the joint ventures caused by revaluation loss on investment properties as well as selling and marketing activities driven by the pre-sale of property units. Taxation charge amounted to HK\$133.9 million (2021: taxation credit of HK\$10.7 million) mainly due to the tax charge for the disposal of the subsidiaries holding the Panyu project during the year.

Taking into account the above, loss attributable to equity holders of the Company for the year ended 31 March 2022 amounted to HK\$523.1 million (2021: profit of HK\$37.5 million). Loss per share was 31.28 HK cents (2021: earnings per share of 2.24 HK cents).

Dividends

The board of Directors (the "Board") has resolved to recommend for the shareholders' approval at the forthcoming annual general meeting of the Company (the "AGM") the payment of a final dividend of 2.0 HK cents (2021: 1.5 HK cents) per share for the year ended 31 March 2022. The final dividend, if approved, will be paid on or before Tuesday, 27 September 2022 to the shareholders whose names appear on the Company's register of members on Wednesday, 14 September 2022.

Furthermore, after taking into account the overall performance and the working capital requirements of the Group, the Board had on 29 June 2022 also resolved to pay the second special dividend of 18.0 HK cents (2021: nil) per share on or before Tuesday, 27 September 2022 to the shareholders whose names appear on the Company's register of members on Wednesday, 14 September 2022.

An interim dividend of 2.0 HK cents (2021: 1.5 HK cents) per share and a special dividend of 6.0 HK cents (2021: nil) per share have been paid in respect of the current financial year. Total dividends for the year amount to 28.0 HK cents (2021: 3.0 HK cents) per share, representing an increase of about 8.3 times. Total dividend amount in respect of the current financial year will be about HK\$468.3 million (2021: HK\$50.2 million).

Business Review

A. Investment Properties

Chuang's Tower

Nos. 30–32

Connaught Road Central,

Hong Kong

(100% owned)

The property is a commercial/office building and is strategically located at the heart of Central District and close to the exits of both the Central Station of the Mass Transit Railway and the Hong Kong Station of the Airport Express Line. The property has a site area of about 3,692 sq. ft. and a total gross floor area ("GFA") of about 55,367 sq. ft.. During the year, rental and other income from this property amounted to about HK\$45.9 million. Renovation work has been carried out at the entrance for upgrading the esthetics of the property. With the prime and central location of the property linked with convenient public transportation nearby, the Group is optimistic about the market in this district.

Chuang's London Plaza

No. 219 Nathan Road,
Tsim Sha Tsui, Kowloon
(100% owned)

Strategically located at the heart of shopping centres in Tsim Sha Tsui, Kowloon, and near the exits of the Mass Transit Railway and the Guangzhou-Shenzhen-Hong Kong Express Rail Link Hong Kong Section, the property is a shopping and entertainment complex. The property has a site area of about 9,145 sq. ft. and a total GFA of about 103,070 sq. ft.. During the year, rental and other income from this property amounted to about HK\$42.3 million. The Group continues to carry out lease restructuring with tenants and reshuffle the tenant mix of the property to mitigate the impact of Covid-19. The entries of fitness and leisure centres have helped to increase the customer flow to the plaza. The Group would be flexible on tenant selection and would explore more marketing ideas on promotion and leasing in order to increase the occupancy rate of the plaza.

A. Investment Properties

Posco Building

No. 165 Un Chau Street,
Sham Shui Po, Kowloon
(100% owned)

The property is a commercial/industrial building located in between the Cheung Sha Wan (approximately 0.4 kilometre) and the Sham Shui Po (approximately 0.5 kilometre) Mass Transit Railway Stations, enjoying the convenience of good transportation network. The property has a site area of about 3,920 sq. ft. and a total GFA of about 47,258 sq. ft.. During the year, rental and other income from this property amounted to about HK\$9.1 million. Currently, the property is for commercial (G/F to 3/F and 12/F) and industrial (4/F to 11/F) use. Building plans to redevelop the property into a commercial/residential property with a total GFA of about 35,280 sq. ft. have been approved by the Buildings Department, and taking into account the current mass residential property market, the Group will evaluate the best timing to carry out such redevelopment (if any).

House A*

No. 37 Island Road,
Deep Water Bay, Hong Kong
(100% owned)

Located at Deep Water Bay, a prestigious residential area, the property enjoys a glamorous sea-view. Interior renovation works for upgrading the house are being carried out. Marketing work for leasing the house is in progress. The Group will also adopt flexible strategy in considering other options such as disposal in order to maximize return from this investment.

* Residential property for lease

1st to 3rd Floors of Peng Building

Luohu District,
Shenzhen, the PRC
(100% owned)

This property is located next to an exit of Honghu Station of Line 7, Shenzhen Metro, and it is for commercial use with a total gross area of about 5,318 sq. m.. The property was subject to a rental guarantee from the vendor of the property for 36 months starting from November 2018 to November 2021. All income under the guarantee is received, in which the total amount of rental income for the year ended 31 March 2022 is HK\$13.7 million. In order to continue to generate rental income from the property, the Group

leased out the property in March 2022 to an independent third party to operate it as a medical centre with tenancy of 10 years at initial monthly rental of RMB680,000, with a step up by 5% for every 2 years thereafter.

A. Investment Properties

International Finance Centre

Sukhbaatar District,
Ulaanbaatar, Mongolia
(100% owned)

The project has a site area of about 3,269 sq. m. and is located within the central business district. It is planned that a 26-storey retail/office building with GFA of about 40,000 sq. m., comprising office units and carparking spaces with shopping units at the podium levels will be developed, and upon completion, the property will become one of the highest office buildings in Mongolia. Superstructure works have been topped off. However,

as Mongolia had imposed strict quarantine measures for inbound workers/travelers since the beginning of year 2020 due to Covid-19, internal structural works and external cladding works of the property have been halted. The Group has continued to monitor the status of country lockdown, and has adopted a flexible approach in coordinating with contractors. Marketing works for leasing have commenced.

B. Hotels and Serviced Apartments

Hotel sáv

No. 83 Wuhu Street,
Hungghom, Kowloon
(100% owned before being disposal)

Hotel sáv is located at the heart of Hungghom and comprises 388 rooms together with shopping units and restaurants on the ground and first floors. Just before this financial year end, the Group had successfully concluded and completed the disposal of the subsidiaries that held Hotel sáv for a consideration of about HK\$1,651.2 million. Completion of the disposal generated a net gain of about HK\$405.0 million in this

financial year. Details of the disposal were announced by the Company on 20 December 2021 and published in the circular of the Company on 21 January 2022. The disposal has brought in considerable net gain and substantial cash inflow to the Group, which has further strengthened its cash position.

Chairman's Statement (continued)

B. Hotels and Serviced Apartments

Pacific Cebu Resort

Cebu, Philippines
(40% owned)

Pacific Cebu Resort, which is 40% owned by the Group, is a resort established in 1992 with 134 rooms (comprising 114 hotel rooms and 20 villas) and abundant diving facilities. It is located at Lapu-Lapu City, Mactan Island in Cebu of Philippines occupying a site area of about 64,987 sq. m..

Although recently the local government has relaxed the Covid international traveling policy and the mandated regulation on hotel occupancy as well as social distancing policy for food and beverage outlets, the

business of the resort is just slowly resuming. Coupled with the damage from a super typhoon which hit Cebu badly in December 2021 and led to certain renovation in the resort, the business of the resort continues to be affected seriously. Revenue of the resort for the year remained at low level and a loss of about HK\$13.5 million (2021: HK\$5.5 million) was recorded. The Group's 40% share of loss was about HK\$5.4 million (2021: HK\$2.2 million). The resort is currently operating with minimal manpower to reduce cost.

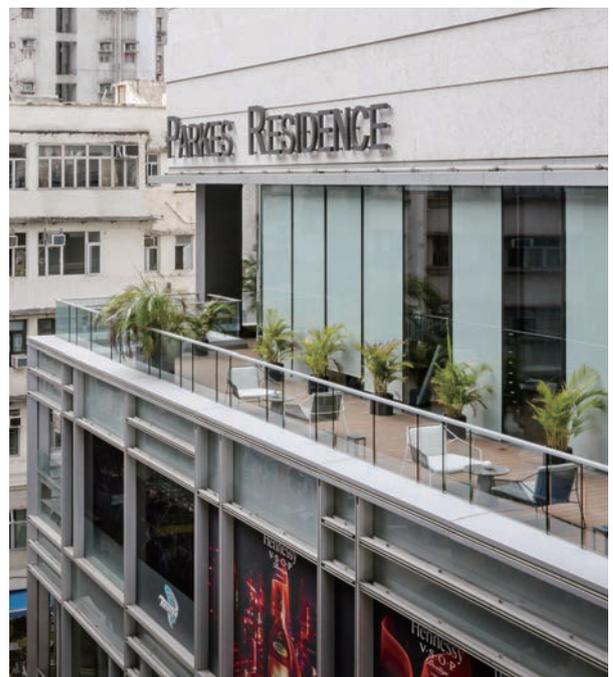

Parkes Residence*

No. 101 Parkes Street, Kowloon,
Hong Kong
(100% owned)

The property is close to the Jordan Station of the Mass Transit Railway and had been developed by the Group into a 25-storey commercial/residential building comprising 114 fully furnished studio units with clubhouse facilities and shopping units at the podium levels (G/F to 2/F). The Group still owns 18 residential units of this property (recorded as properties for sale) and they are operating as serviced apartments to generate income. Rental income from the serviced apartments during the year amounted to approximately HK\$2.8 million. The Group will closely monitor the market opportunity and adopt a flexible approach to sell these 18 units in order to cash out from this investment.

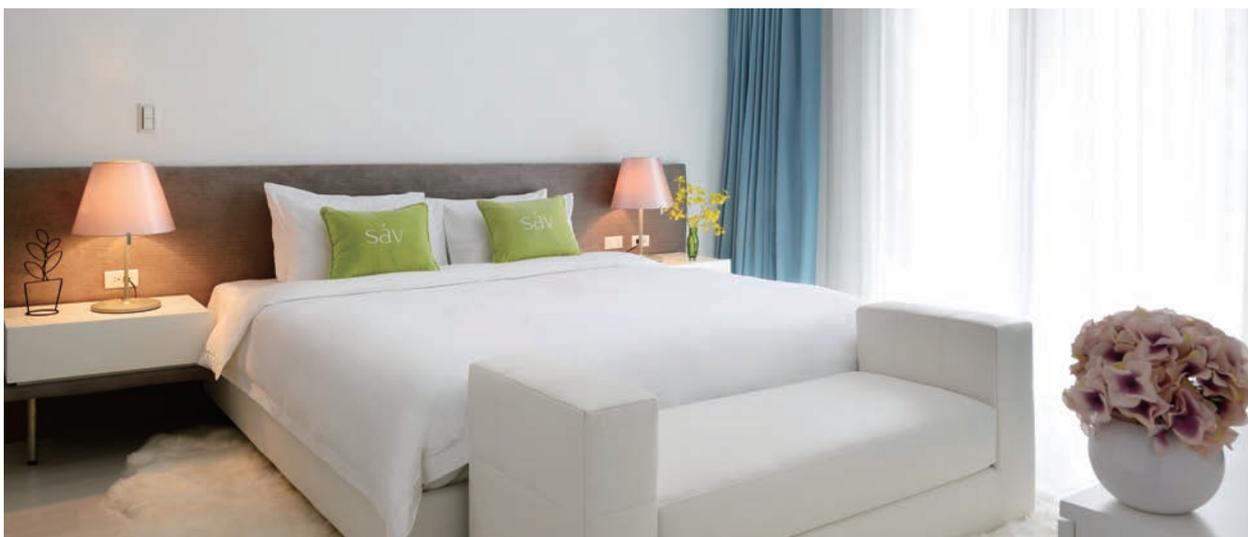

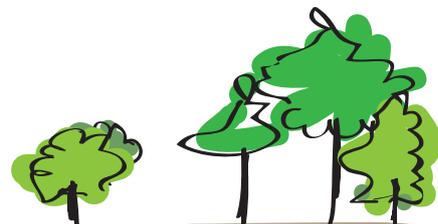

* Residential property for lease

Chairman's Statement (continued)

B. Hotels and Serviced Apartments

sáv Residence

Xinyi District,
Taipei City, Taiwan
(100% owned)

In Taiwan, the Group owns sáv Residence which is located nearby the city centre of Taipei City. The property is a residential complex developed by the Group and comprises a fully furnished villa and 6 serviced apartments (of which 2 are duplex) with a

total GFA of about 20,600 sq. ft.. The serviced apartments have been leased out with rental income amounting to approximately HK\$2.1 million for the year under review. Marketing work for leasing the villa is in progress.

Sav Plaza

Sukhbaatar District,
Ulaanbaatar, Mongolia
(100% owned)

The project is located in the city centre within the embassy district and has a site area of about 3,431 sq. m.. This 19-storey serviced apartment/office complex comprises 142 units with clubhouse facilities, a ground floor shop with a total GFA of about 19,000 sq. m. and 48 carparking spaces. Internal and external finishing works have been completed during the year. Application for the issuance of occupation permit of the project has been submitted to the relevant authorities for approval in the first quarter of 2020. However, as Mongolia has imposed strict lockdown arrangement for a long time during the last 2 years due to Covid-19, the approval process has been significantly delayed. The Group has engaged local professional experts to follow up the case who are in the process of negotiating with the relevant authorities in order to issue the occupation permit expeditiously. Marketing works for leasing have commenced.

C. Development Properties

Nos. 16-20 Gage Street,

Central, Hong Kong
(100% owned)

The Group has successfully consolidated this project with a total site area of about 3,600 sq. ft.. General building plans of the project to develop a 26-storey residential/commercial building comprising clubhouse facilities and retail units with GFA of about 34,871 sq. ft. have been approved. Foundation works are currently in progress and are expected to be completed in the second quarter of 2023. The Group targets to achieve BEAM Plus Silver Rating for the property development from the green building perspective. With the prime location at Central, the Group is optimistic about the prospect of this project.

(50% owned)

▲ Perspective

This project is owned as to 50% by the Group and 50% by a wholly-owned subsidiary of K. Wah International Holdings Limited (stock code: 173), and the Group is the project manager of the development. The property, with a site area of about 10,000 sq. ft., is located in a prestigious mid-level area that enjoys a glamorous sea-view. The Group is developing the property into one vertical house with 8 storeys over the podium, and targets to achieve LEED Silver Rating for the property development from the green building perspective. The 8-storey house will include a luxury living and dining area with 6m floor-to-floor height, an entertainment floor and 6 residential suite floors with at least 3.5m

floor-to-floor height. The proposed GFA for the house is about 44,913 sq. ft., with an additional area of about 5,200 sq. ft. for garden and about 2,200 sq. ft. for roof.

Superstructure works are proceeding as scheduled with podium works in progress. It is expected that the overall superstructure works will be completed by the end of 2023. In the meantime, both joint venture partners are also exploring other options (including disposal) to accelerate return on this investment. A marketing consultant has been engaged to advise on marketing strategy on this project and prepare marketing materials for promotion.

residential GFA of about 112,200 sq. ft. and commercial GFA of about 22,400 sq. ft. and, upon completion, the commercial portion will be retained by the Urban Renewal Authority. It is planned that a residential/commercial building comprising 322 residential units, clubhouse facilities, commercial podium and carparking spaces will be developed.

▲ Perspective

General building plans of the project were approved by the relevant authorities. Superstructure works are nearly completed which will be followed by exterior works and interior works. The project has already obtained "Provisional Gold" Green Building Certificate and "WELL Precertification" under the Well Building Standard respectively for project development. Occupation permit is targeted to be obtained in the first quarter of 2023. Pre-sale consent of the 322 residential units of ONE SOHO was obtained in April

▲ Perspective

2021 and pre-sale has commenced accordingly. Up-to-date, a total of 191 units have been pre-sold at aggregate amount of about HK\$1.36 billion, and aggregate deposits amounted to about HK\$400.5 million have been received. According to the current marketing and sales plan, the targeted total sales proceeds of the residential portion of this project are estimated to be about HK\$2.3 billion, and the Group's share of the 40% portion will be about HK\$900 million.

Greenview Garden

Thu Duc District,
Ho Chi Minh City, Vietnam
(100% owned before being disposed)

During the year under review, the Group had disposed of the project for a consideration of about US\$25.6 million (equivalent to approximately HK\$198.9 million). The transaction was completed in May 2021 and a net profit of approximately HK\$84 million was recorded in the current financial year. This disposal has further strengthened the financial position of the Group.

D. Chuang's China Investments Limited ("Chuang's China", stock code: 298) (61.15% owned)

Chuang's China and its subsidiaries (the "Chuang's China Group") are principally engaged in, inter alia, property development and investment. For the year ended 31 March 2022, the Chuang's China Group recorded profit attributable to equity holders of HK\$227.8 million (2021: HK\$419.0 million) and revenues of HK\$204.5 million (2021: HK\$1,779.7 million) (which comprised revenues from sales of properties of HK\$72.8 million (2021: HK\$1,651.6 million), revenues from rental and management fee of HK\$25.9 million (2021: HK\$39.9 million), revenues from cemetery assets of HK\$41.0 million (2021: HK\$25.7 million) and revenues from securities investment and trading of HK\$64.8 million (2021: HK\$62.5 million)).

(i) Investment Properties

The Chuang's China Group holds the following portfolio of investment properties in Hong Kong, the PRC and Malaysia for steady recurring rental income.

The Esplanade Place

Yip Wong Road, Tuen Mun,
New Territories, Hong Kong
(100% owned by Chuang's China)

The Esplanade Place is developed by the Chuang's China Group in Tuen Mun which comprises a two-storey commercial podium having a total GFA of about 25,813 sq. ft.. There are about 16 commercial units and 12 commercial carparking spaces, of which 10 commercial units are leased to independent third parties with an aggregate annual rental income of about HK\$2.6 million. The Chuang's China Group will continue to market the remaining units and carparking spaces in order to generate rental income. As at 31 March 2022, the property was recorded at valuation of about HK\$175.9 million.

C. Development Properties

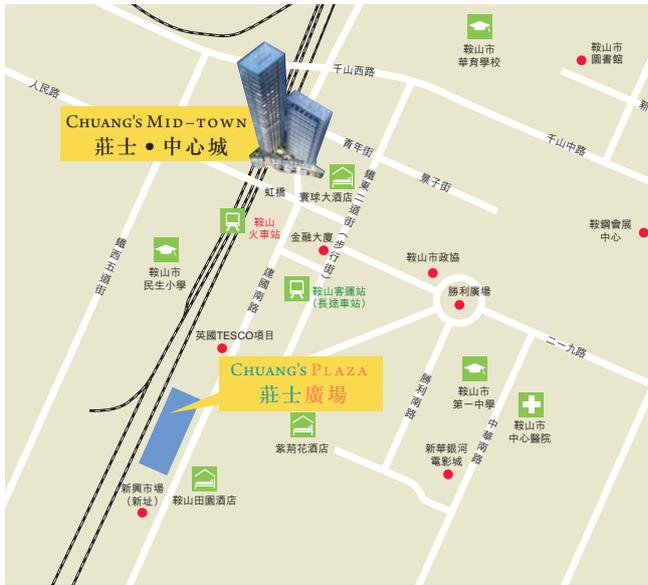

Chuang's Mid-Town

Anshan, Liaoning

(100% owned by Chuang's China)

Chuang's Mid-town consists of a 6-level commercial podium providing an aggregate GFA of about 29,600 sq. m.. Above the podium stands a twin tower (Block AB and C) with 27 and 33-storey respectively, offering a total GFA of about 62,700 sq. m.. Occupation permit has been obtained.

The weak economy in Anshan is adversely affected by Covid-19, thus business activities and leasing are progressing slowly. During the year under review, the Chuang's China Group has leased certain residential units to multi tenants with aggregate rental income of about RMB0.4 million (equivalent to approximately HK\$0.5 million). The Chuang's China Group will explore more marketing ideas on promotion and leasing of the commercial podium as well as the units of the twin tower. The valuation of the property was approximately RMB666.6 million (equivalent to approximately HK\$820.5 million) as at 31 March 2022, comprising RMB261.3 million for the commercial podium and RMB405.3 million for the twin tower.

Hotel and resort villas

Xiamen, Fujian

(59.5% owned by Chuang's China)

During the year under review, the hotel building together with 3 villas are leased to 廈門侂家鷺江酒店 (Xiamen Mega Lujiang Hotel) and is operated as “鷺江•侂家酒店” (Mega Lujiang Hotel). As announced on 15 October 2021, the Chuang's China Group entered into an amendment agreement for the reduction of rent for the hotel building and 3 villas for the period up to January 2024 in view of the operational difficulty of Xiamen Mega Lujiang Hotel under the poor business environment in Xiamen. Besides, as announced on 15

October 2021 and 26 January 2022, the Chuang's China Group entered into two additional tenancy agreements to lease further 16 villas and 4 villas respectively to Xiamen Mega Lujiang Hotel with a term of about 10 years in order to increase the recurrent income. The remaining 7 villas are leased to independent third parties. The aggregate annual rental income of this hotel complex amounted to about RMB18.8 million (equivalent to approximately HK\$23.1 million).

Guangdong
(100% owned by Chuang's China)

The Chuang's China Group holds a 4-storey commercial building in Shatian, Dongguan, providing a total GFA of about 4,167 sq. m. for commercial, retail and office usage. As at 31 March 2022, valuation of the property was RMB36.4 million (equivalent to approximately HK\$44.8 million). One storey was leased to 中國人壽東莞分公司 (China Life Dongguan branch)

for office use since years ago, and subsequent to this year end, the ground floor was leased to an independent party in June 2022 for retail use. The aggregate annual rental income is about RMB0.8 million (equivalent to approximately HK\$1.0 million). Marketing is in progress for leasing of the remaining units of the property.

Wisma Chuang

Jalan Sultan Ismail,
Kuala Lumpur, Malaysia
(100% owned by Chuang's China)

Wisma Chuang is located within the prime city centre, situated right next to the landmark shopping complex, Pavilion KL, the heart of central business district and prestigious shopping area of Kuala Lumpur. It is built on a freehold land and is a 29-storey high rise office building having retail and office spaces of approximately 254,000 sq. ft. (on total net lettable area basis is approximately 195,000 sq. ft.) and 298 carparking spaces. As at 31 March 2022, the valuation of this property was MYR167.7 million (equivalent to approximately HK\$312.3 million), which represents an average value of approximately MYR860 (equivalent to approximately HK\$1,602) per sq. ft. of net lettable retail and office area.

During the year under review, the occupancy rate was seriously affected by the lockdown imposed due to Covid-19 and fell to approximately 54% whereas rental rates was also decreased. Rental income was approximately MYR5.5 million (equivalent to approximately HK\$10.2 million). The Chuang's China Group will seek appropriate opportunity to dispose of the property to accelerate return from this investment.

Apart from the above investment properties, the Chuang's China Group will identify suitable opportunities to expand on investment properties portfolio to enhance the Chuang's China Group's recurring and steady income.

(ii) Property Development

Chuang's Le Papillon

Guangzhou, Guangdong

(100% owned by Chuang's China before disposal)

Chuang's Le Papillon is an integrated residential and commercial community and its development is implemented by phases. The Chuang's China Group has completed the development of Phase I and II, having a total GFA of approximately 260,800 sq. m.. It comprises 34 high-rise residential towers with a total of 2,077 flats and 22 villas, commercial properties, club houses and 1,497 carparking spaces. All residential units and 6 villas had been sold in previous years, furthermore, 1 villa was disposed of during the year under review. For the remaining development (Phase III), it comprises a land of over 92,000 sq. m. and its total plot ratio GFA is about 175,011 sq. m. and saleable GFA is about 162,958.64 sq. m..

On 9 February 2021, the Chuang's China Group entered into the conditional sale and purchase agreements with independent third parties for the disposal of the properties holding subsidiaries that hold this Phase III land site, together with 15 villas, 2 clubhouses and 369 carparks, for an aggregate consideration of about RMB1,574.9 million (equivalent to approximately HK\$1,896.7 million). Completion of the disposal took place on 14 May 2021, and a net gain of about HK\$1.04 billion (after net of the related taxation charge of HK\$142.1 million) was recognized for the year under

review. Consideration of about RMB1,350.1 million (equivalent to approximately HK\$1,628.0 million) was received at completion. Pursuant to the sale and purchase agreement, a deferred consideration of the remaining proceed is to be received after the expiry of 12 months from the date of completion, and such amount of RMB99.9 million (equivalent to approximately HK\$122.9 million) had been received in May 2022. In addition, a deferred tax amount capped at RMB25 million (equivalent to approximately HK\$30.1 million) shall be settled by the purchaser when the underlying tax losses are utilized, and any unpaid portion of the deferred tax amount shall be settled within four years from the date of completion. Details of the disposal were announced by the Company on 11 February 2021 and 14 May 2021 respectively, and published in the circular of the Company on 19 March 2021.

One villa and 14 carparks were retained by the Chuang's China Group from the abovementioned disposal, in which 10 carparks were disposed of during the year. The villa was recorded at valuation of RMB8.2 million (equivalent to approximately HK\$10.1 million) as at 31 March 2022. The Chuang's China Group will adopt a flexible approach to lease/sell this villa.

Changan

Dongguan, Guangdong
(100% owned by Chuang's China)

The Chuang's China Group owns a site area of about 20,000 sq. m. in the city centre of Changan (長安), Dongguan, on which an industrial building with GFA of about 39,081 sq. m. was erected. The property is currently leased to an independent third party until 2023, at gross rental income of about RMB7.2 million (equivalent to approximately HK\$8.9 million) per annum. As at 31 March 2022, the property was recorded at valuation of RMB189.8 million (equivalent to approximately HK\$233.6 million). On the basis of the annual rental income, the rental yield is approximately 3.8% based on valuation.

This site has been rezoned to "residential usage". Under existing requirements in the region, the site of 20,000 sq. m. is not sizable and has not reached the requisite size for applying for land usage conversion on its own. It will therefore be required to combine various adjacent sites for combined redevelopment. In view of the uncertainty and lengthy time for land usage conversion, the Chuang's China Group will seek for appropriate opportunity to dispose of the property.

Chuang's Plaza

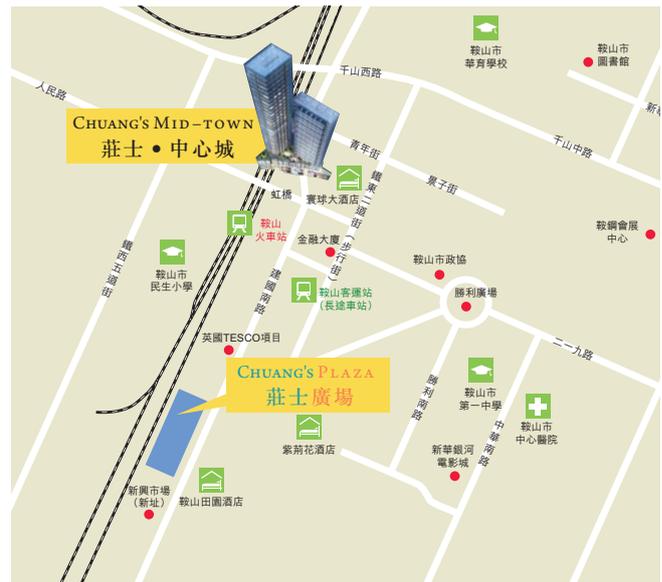

Anshan, Liaoning

(100% owned by Chuang's China)

Adjacent to Chuang's Mid-town, the Chuang's China Group acquired through government tender the second site located in the prime city centre of Tie Dong Qu (鐵東區) with a site area of about 39,449 sq. m.. As about 1,300 sq. m. of the land title has not yet been rectified by the government authorities with the local

railway corporation, the Chuang's China Group suffered a reduction in land area that was occupied by the local railway corporation. The Chuang's China Group is holding discussions with the local authorities and will identify opportunities to dispose of this project.

Changsha

Hunan

(69% owned by Chuang's China)

The Chuang's China Group owns an effective 69% interests in a property development project in Changsha, and the total historical investment cost incurred by the Chuang's China Group in the PRC project company was about HK\$26.6 million. The Chuang's China Group has obtained conclusive court ruling for winding up of the PRC project company. The voluntary liquidation is currently in progress. Based on the preliminary assessment by the liquidation team regarding the assets and liabilities of the PRC project company and as adversely affected by the weak market condition in Changsha, there may not be much distribution available to shareholders of the PRC project company, however, the actual outcome will still be subject to finalization of the liquidation process. Taking into account the estimated net liabilities of the PRC project company, its consolidated net value is nil in the consolidated financial statements of the Chuang's China Group.

Chengdu

Sichuan

(51% owned by Chuang's China)

The Chuang's China Group holds a 51% development interest in a project in Wuhou District, Chengdu. The Chuang's China Group's total historical investment costs in this project was about RMB146.8 million (equivalent to approximately HK\$180.7 million). As announced on 10 February 2021, the Chuang's China Group had received the final judgment from the court which had made a revision of the judgement payments in favour of the Chuang's China Group. The Chuang's China Group has made application to the court to enforce the final judgement. In August 2021, the Chuang's China Group had received a portion of judgement payments amounting to about RMB12.9 million (equivalent to approximately HK\$15.5 million). The Chuang's China Group will continue to explore ways in order to recover its investment.

As previously reported, the Chuang's China Group obtained a judgement from court in Beijing for the registered owners of the courtyard house to transfer the title to the designated nominee of the Chuang's China Group. The transfer of one courtyard house with original investment cost of about HK\$0.7 million was completed during the year under review, whereas procedure for the transfer of another courtyard house with original investment cost of about HK\$7.8 million implemented by court is in progress.

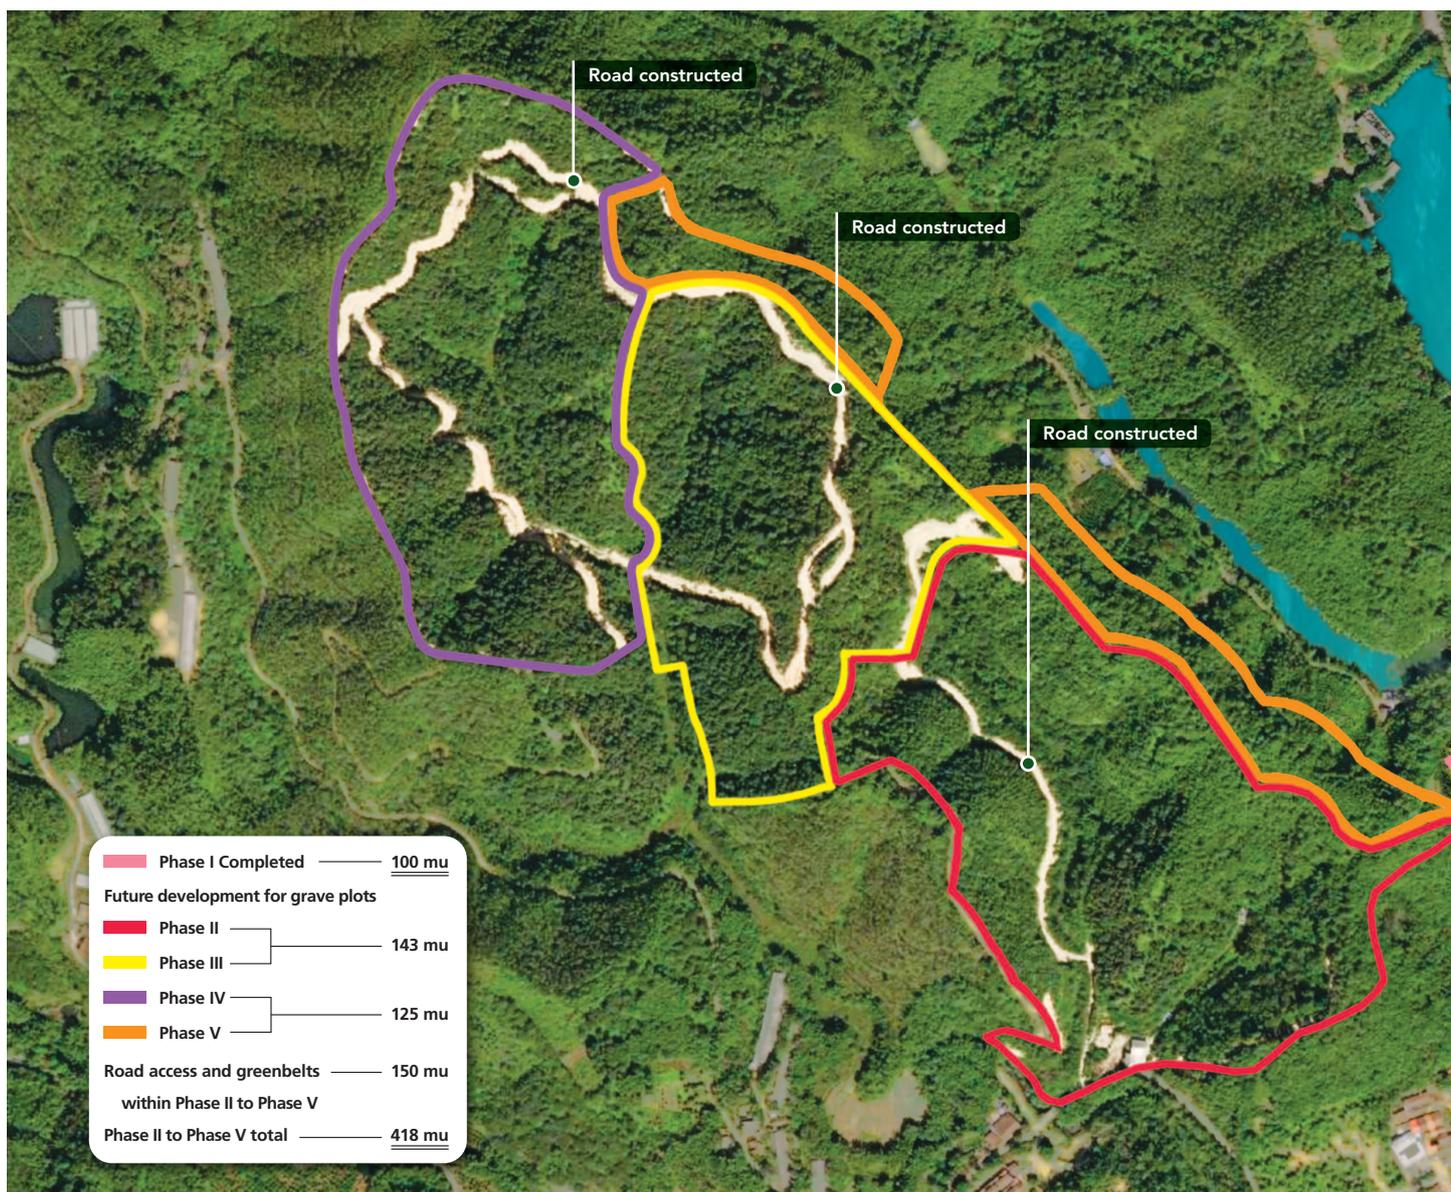

Besides, a handling agent had previously instituted a legal proceeding against the designated nominee of the Chuang's China Group regarding the appointment of the handling agent for the aforesaid courtyard house. Based on the legal advice obtained by the Chuang's China Group, this claim is not supported by sufficient facts and/or legal basis, and the Chuang's China Group has sufficient grounds to contest this claim.

Fortune Wealth

Sihui, Guangdong
(86% owned by **Chuang's China**)

The Fortune Wealth Memorial Park operates a cemetery in Sihui with a site area of approximately 518 mu agreed by the local government authorities. Development of the project is conducted by phases. Phase I of about 100 mu has been completed with 5,485 grave plots, one mausoleum providing 550 niches, as well as an administrative and customer service building.

Development of the remaining 418 mu will be divided into Phase II to Phase V. Based on the existing master layout plan of Phase II to Phase V, about 41,815 grave plots will be constructed covering land area of 268 mu and 150 mu of road access and greenbelts. For Phase II to Phase III, land use rights of approximately 143 mu had been obtained, which will accommodate a total of about 22,569 grave plots. For Phase IV to Phase V, land use rights of approximately 5.2 mu had been obtained and additional land quota of about 119.8 mu shall be required for the construction of a total of about 19,246 grave plots. As for the 150 mu of road access and greenbelts, Fortune Wealth will ascertain the arrangement required by the local authorities.

Upon obtaining of the aforesaid land use rights, site formation works have commenced on parts of the land but residents on parts of the site refused to vacate and demanded for compensation to be paid by the local government. In July 2021, Fortune Wealth had entered into a supplemental agreement with 四會市自然資源局 and obtained approval from the local government for the extension for commencement of works by January 2022, and Fortune Wealth has commenced the works accordingly.

As at 31 March 2022, the cemetery assets (including non-controlling interests) were recorded based on the book cost of about RMB620.8 million (equivalent to approximately HK\$764.1 million).

Fortune Wealth has full license for sale not only in the PRC, but also includes overseas Chinese as well as residents of Hong Kong, Macau and Taiwan. As at 31 March 2022, about 2,972 grave plots and 531 niches were available for sale. Fortune Wealth will review its sales and marketing strategy and will take more proactive steps in its brand building and customer services.

(iii) Investments in CNT Group Limited ("CNT") and CPM Group Limited ("CPM")

As at 31 March 2022, the Chuang's China Group owned about 19.35% interests in CNT and about 0.6% interests in CPM, both of them are listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange"). CNT and its subsidiaries are principally engaged in the property business, and through its 75% owned subsidiary, CPM, is principally engaged in the manufacture and sale of paint products under its own brand names with focus on the PRC market.

With reference to the respective closing share prices of CNT and CPM as at 31 March 2022 of HK\$0.39 (31 March 2021: HK\$0.38) and HK\$0.40 (31 March 2021: HK\$0.48), the aggregate book value of the Chuang's China Group's investments in CNT and CPM is about HK\$146.2 million (31 March 2021: HK\$143.8 million). The change in book value is accounted for as "Reserve" in the financial statements.

E. Other Businesses

(i) Sintex Nylon and Cotton Products (Pte) Limited ("Sintex")

Sintex is engaged in the sales of home finishing products under its own brand names in Singapore and is 88.2% owned by the Group. During the year, Sintex recorded revenues of HK\$16.7 million (2021: HK\$16.2 million), and incurred a loss of HK\$2.5 million (2021: HK\$1.2 million). It is expected that Covid-19 would continue to have a negative impact on Sintex's business. As such, Sintex is adjusting its business model that has less reliance on in-store shopping and concentrate more resources for developing online business. Moreover, Sintex is taking steps to reduce significant amount of overhead, solidify its internal operation and further evaluate the effectiveness of its retail stores by reorganizing the retail store portfolio. As part of these efforts, the Group had entered into an agreement to dispose of the land and factory building of Sintex for a consideration of S\$21 million (equivalent to approximately HK\$118.4 million) in June 2022. Details of the disposal were announced by the Group on 15 June 2022 and it is expected that a net gain of S\$15.2 million (equivalent to approximately HK\$85.7 million) will be recorded upon completion. This disposal helps to unlock the stored value in the property and is in line with the Group's strategy of off-loading investment in non-core assets. The Group is strategically reviewing the development strategy and operation model of the business of Sintex following the disposal.

(ii) Securities Investment and Trading

During the year, the performance of the bond investments of the Group was continuously adversely affected by unfavorable and high volatile high yield bond market. As a result, securities investment and trading business of the Group recorded a net loss before tax and before deducting non-controlling interests of HK\$1,588.1 million, comprising dividend and interest income from investments of HK\$176.5 million, net realized loss on disposals and redemptions of bonds of HK\$35.7 million, and unrealized fair value loss on investments of HK\$1,728.9 million mainly as a result of mark to market valuations of the bond investments as at the balance sheet date.

As at 31 March 2022, investments of the Group amounted to HK\$1,153.2 million (HK\$564.5 million were held by the wholly-owned subsidiaries of the Group and HK\$588.7 million were held by the Chuang's China Group), and comprised as to HK\$989.2 million for investments in high yield bonds, HK\$1.6 million for investments in securities listed on the Stock Exchange and the balance of HK\$162.4 million for other investments in some FinTech companies, venture capital and funds which are not listed and/or just listed in the markets.

For reference and information only, subsequent to the year end and up to the date of this report, face value of approximately HK\$506.8 million of bond investments of the Group have been redeemed at par value upon maturity or disposed of in the open market with an aggregate consideration of approximately HK\$427.4 million, which represents a net realized gain before deducting non-controlling interests of approximately HK\$38.4 million when comparing with the aggregate market value of these bonds of approximately HK\$389.0 million as at 31 March 2022.

During the year and subsequent to the year end date, the Group has continuously slimmed down the portfolio size in high yield bond investments and the Group will continue to monitor the performance of its respective investment portfolios and make adjustments to them (with regard to the types and/or amounts of investments held) from time to time.

(iii) Money Lending Business

The Group had advanced loans to customers. Revenues generated from this business during the year amounted to HK\$1.6 million (2021: HK\$3.6 million). As at 31 March 2022, outstanding amount of loans due from customers amounted to about HK\$174.8 million (2021: HK\$169.6 million), which were mainly relating to mortgage loans. Among these mortgage loans, one borrower with outstanding loan amount of approximately HK\$117.5 million (the loan is secured by a property in Hong Kong with valuation higher than the outstanding loan amount) has failed to pay its monthly instalments since December 2019 with only HK\$3.0 million settlement thereafter, and as such the corresponding unreceived interest income is not recognized since then. The Group has taken legal action to recover the overdue amount in order to protect the Group's interest, and has successfully obtained vacant possession of the secured property in the capacity of mortgagee at the end of February 2022. The Group has further entered into a provisional agreement with an independent third party in April 2022 to dispose of the secured property with the amount of HK\$128 million. Formal agreement was signed in May 2022 and deposit with amount of HK\$12.8 million has been received, and the disposal is expected to be completed in July 2022. The whole proceeds will be retained by the Group for the repayment of the mortgage loan principal and the relevant interest thereof.

Financial Position

Net asset value

As at 31 March 2022, net assets attributable to equity holders of the Company was HK\$10,717.5 million (2021: HK\$11,311.2 million). Net asset value per share was HK\$6.41 (2021: HK\$6.76), which is calculated based on the book costs of the Group's properties for sale before taking into account their appreciated values.

Financial resources

As at 31 March 2022, the Group's cash, bank balances and bond and securities investments amounted to HK\$5,170.8 million (2021: HK\$5,633.4 million). Bank borrowings as at the same date amounted to HK\$5,404.5 million (2021: HK\$7,092.7 million). The Group's net debt to equity ratio, expressed as a percentage of bank borrowings net of cash, bank balances and bond and securities investments over net assets attributable to equity holders of the Company, was only 2.2% (2021: 12.9%).

Approximately 96.7% of the Group's cash, bank balances and bond and securities investments were denominated in Hong Kong dollar and United States dollar, 2.6% were in Renminbi and the balance of 0.7% were in other currencies. Approximately 97.4% of the Group's bank borrowings were denominated in Hong Kong dollar and United States dollar, and the balance of 2.6% were in Malaysian Ringgit.

Based on the agreed scheduled repayment dates in the loan agreements and ignoring the effect of any repayment on demand clause, approximately 25.5% of the Group's bank borrowings were repayable within the first year, 16.1% were repayable within the second year, 56.1% were repayable within the third to fifth years and the balance of 2.3% were repayable after the fifth year.

Chairman's Statement (continued)

Foreign exchange risk

As disclosed in the "Business Review" section of this report, the Group also conducts its businesses in other places outside Hong Kong, with the income and the major cost items in those places being denominated in their local foreign currencies. Therefore, it is expected that any fluctuation of these foreign currencies' exchange rates would not have material effect on the operations of the Group. However, as the Group's consolidated financial statements are presented in Hong Kong dollar, the Group's financial position is subject to exchange exposure to these foreign currencies. The Group would closely monitor this risk exposure from time to time.

Prospects

With the gradual relaxation of social distancing curbs and the resumption of quarantine-free travel abroad, it is expected that the property market and economy in Hong Kong will recover gradually. We will monitor the situation closely and will take appropriate steps to preserve the Group's competitiveness and grasp opportunities ahead. The Group will continue to look for opportunities to realize investments in various investment properties and offload investments in those non-core assets in order to further enhance the financial resources and capability of the Group to replenish its land bank in Hong Kong, especially for the luxury and mass residential market, for future property development and trading. We are confident that, with the implementation of the above strategies, the Group's profitability and financial position will be improved, and further value can be created for our shareholders.

Staff

The Group puts emphasis on training and cultivating elite talent. We are committed to providing a dynamic and enthusiastic working atmosphere and increase hiring talents of all fields. As at 31 March 2022, the Group (excluding the Chuang's China Group) employed 168 staff and the Chuang's China Group employed 112 staff. The Group provides its staff with other benefits including discretionary bonus, double pay, contributory provident fund, share options and medical insurance. Staff training is also provided as and when required.

Appreciation

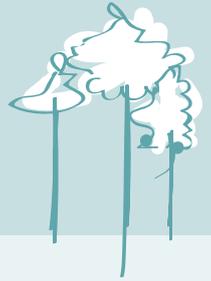

On behalf of the Board, I would like to thank my fellow Directors and our dedicated staff for their hard work and contribution during the year.

Corporate Governance

Report

Corporate Governance Report

Introduction

The Company is committed to achieving a high standard of corporate governance that properly protects and promotes the interests of its shareholders.

The Company has adopted the code provisions set out in the Corporate Governance Code (the "CG Code") as set out in Appendix 14 of the Rules Governing the Listing of Securities (the "Listing Rules") on The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

Report on corporate governance practices

(A) The Board

The board of Directors (the "Board") is responsible for overseeing the business and strategies of the Company and its subsidiaries (collectively as the "Group") with the objective of enhancing value for its shareholders.

A new Board diversity policy (the "Board Diversity Policy") and a nomination policy (the "Nomination Policy") have been approved by the Board with effect from 1 January 2019.

A summary of the Board Diversity Policy is extracted below:

The Company continuously seeks to enhance the effectiveness of its Board and to maintain high standards of corporate governance and recognizes and embraces the benefits of diversity in the boardroom. The Company recognizes and embraces the benefits of having a diverse Board to enhance the quality of its performance.

The Company endeavours to ensure that its Board has the appropriate balance of skills, experience and diversity of perspectives that are required to support the execution of its business strategy for sustainable and balanced development. In designing the Board's composition, Board diversity has been considered from a number of aspects, including but not limited to gender, age, cultural and educational background, professional experience and skills. All Board appointments will be based on meritocracy, and candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board.

Board selection of candidates will be based on a range of diversity perspectives, including but not limited to gender, age, cultural and educational background, professional experience and skills. The ultimate decision will be based on merit and contribution that the selected candidates will bring to the Board.

The Nomination Committee will report annually, in the Corporate Governance Report, on the Board's composition under diversified perspectives, and monitor the implementation of this Board Diversity Policy to ensure that recruitment and selection practices are appropriately structured so that a diverse range of candidates are considered.

Report on corporate governance practices (continued)

(A) The Board (continued)

The Nomination Committee will review this Board Diversity Policy, as appropriate, to ensure the effectiveness of this Board Diversity Policy. The Nomination Committee will discuss any revisions that may be required, and recommend any such revisions to the Board for consideration and approval.

A summary of the selection criteria and nomination procedures as set out in the Nomination Policy and adopted by the Nomination Committee is extracted below:

Selection Criteria

The factors listed below would be used as reference by the Nomination Committee in assessing the suitability of a proposed candidate.

- Reputation for integrity
- Accomplishment and experience in the industry which the Group operates
- Commitment in respect of available time and relevant interest
- Diversity in all its aspects, including but not limited to gender, age (18 years or above), cultural and educational background, professional experience and skills

These factors are for reference only, and not meant to be exhaustive and decisive. The Nomination Committee has the discretion to nominate any person, as it considers appropriate.

Nomination Procedures

The secretary of the Nomination Committee shall call a meeting of the Nomination Committee after receiving nominations of candidates from the management of the Company for consideration by the Nomination Committee by way of meeting or by way of resolution in writing of all members of the Nomination Committee.

- For filling a casual vacancy and/or as an addition to the Board, the Nomination Committee shall make recommendations for the Board's consideration and approval. For proposing candidates to stand for election at a general meeting, the Nomination Committee shall make nominations to the Board for its consideration and recommendation.
- Until the issue of the shareholder circular, the nominated persons shall not assume that they have been proposed by the Board to stand for election at the general meeting.
- In order to provide information of the candidates nominated by the Board to stand for election at a general meeting, a circular will be sent to shareholders. The names, brief biographies (including qualifications and relevant experience), independence, proposed remuneration and any other information, as required pursuant to the Listing Rules, applicable laws, rules and regulations, of the proposed candidates will be included in the circular to shareholders.

Report on corporate governance practices (continued)

(A) The Board (continued)

Nomination Procedures (continued)

- A shareholder can serve a notice to the Company Secretary within the lodgement period of its intention to propose a resolution to elect a certain person as a director, without the Board's recommendation or the Nomination Committee's nomination, other than those candidates set out in the shareholder circular in accordance with bye-law no. 89 of the Company. The particulars of the candidates so proposed will be sent to all shareholders for information by a supplementary circular, if necessary.
- A candidate is allowed to withdraw his candidature at any time before the general meeting by serving a notice in writing to the Company Secretary.
- The Board shall have the final decision on all matters relating to its recommendation of candidates to stand for election at any general meeting.

The Nomination Committee will monitor and review the Nomination Policy, as appropriate, to ensure that the Nomination Policy remains relevant to the Company's needs and reflects both current regulatory requirements and good corporate governance practice.

Report on corporate governance practices (continued)

(A) The Board (continued)

(A) The Board (continued)

(v) Chairman and Chief Executive Officer

Mr. Albert Chuang took up both roles as the Chairman and the Chief Executive Officer, being the Chairman and the Managing Director of the Company. The roles of the chairman and the chief executive officer are not separated pursuant to Code C.2.1 of the code provisions set out in the CG Code. However, the Board considers that this structure has the advantage of a strong and consistent leadership which is conducive to making and implementing decisions efficiently and consistently. Mr. Richard Hung is the Vice Chairman of the Company, and Mr. Edwin Chuang is the Deputy Managing Director of the Company.

(vi) Responsibilities of Directors

Each Director of the Company is required to keep abreast of his/her responsibilities as a Director of the Company and each Director is provided in a timely manner with appropriate information of the Group to enable him/her to make an informed decision and to discharge his/her duties and responsibilities as a Director of the Company. On appointment, new Directors will be given a comprehensive induction to the Group's business.

(vii) Directors' dealings in securities

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") contained in Appendix 10 of the Listing Rules. Having made specific enquiries of all Directors of the Company, the Company received confirmations from all Directors that they have complied with the required standard as set out in the Model Code.

(viii) Independence of Independent Non-Executive Directors

The Company has received, from each of the Independent Non-Executive Directors, an annual confirmation of his independence pursuant to Rule 3.13 of the Listing Rules. The Company considers all of the Independent Non-Executive Directors are independent.

(ix) Directors' training

According to the code provision C.1.4 of the CG Code, all Directors should participate in a programme of continuous professional development to develop and refresh their knowledge and skills to ensure that their contribution to the Board remains informed and relevant. The Company should be responsible for arranging and funding training, placing an appropriate emphasis on the roles, functions and duties of the Directors of the Company.

Report on corporate governance practices (continued)

(A) The Board (continued)

(B) Remuneration of Directors and senior management

(i) Remuneration policy of Executive Directors and senior management

The Group's remuneration policy seeks to provide a fair market remuneration so as to attract, retain and motivate high quality staff. The Group will set levels of remuneration to ensure comparability and competitiveness with companies competing within a similar talent pool.

(ii) Fees paid to Independent Non-Executive Directors

Each Independent Non-Executive Director of the Company entitles to an annual fee of HK\$150,000 from the Company. In determining such fee, the Board has taken into account the current market conditions. The Board is authorized to fix the remuneration of the Directors by the shareholders in annual general meetings.

(iii) Remuneration Committee

A Remuneration Committee was established by the Company with clear terms of reference and is responsible for making recommendations to the Board on the Company's policy and structure for all Directors' and senior management's remuneration and on the Company's establishment of a formal and transparent procedure for developing remuneration policy.

The Remuneration Committee comprises three Independent Non-Executive Directors, Mr. Abraham Shek, Mr. Fong and Mr. David Chu. The committee met once during the year to review the remuneration policy of the Group and the management's remuneration proposals with reference to the Board's corporate goals and objectives. The committee performs an advisory role to the Board with the Board retaining the final authority to approve the remuneration packages of Directors and senior management and the model (c)(ii) as stipulated in code provision E.1.2 of the CG Code was adopted.

The attendance record of each committee member is as follows:

Name	No. of meeting attended/held

(C) Accountability and audit

(i) Financial reporting

The Board acknowledges that it is its responsibility to prepare the consolidated financial statements and to present a balanced, clear and comprehensive assessment of the performance, position and prospects of the Group in the interim and annual reports of the Group.

The reporting responsibility of the Company's auditor on the consolidated financial statements of the Group is set out in the "Independent Auditor's Report" on pages 126 to 133 of this annual report.

(ii) Risk management and internal control

(a) Responsibilities of the Board and management

The Board acknowledges that it is responsible for maintaining an appropriate and effective risk management and internal control systems in the Group and reviewing the systems effectiveness to safeguard the Group's assets and shareholders' interests. These risk management and internal control systems can only reasonably, but do not absolutely ensure the non-occurrence of material misstatement, significant loss, error or fraud and they are designed to manage, rather than eliminate the risk of failure in the Group's operational systems to achieve its business objectives.

Management of the Company is responsible for designing, implementing and monitoring the risk management and internal control systems; and providing confirmation to the Audit Committee on the systems effectiveness through the completion of controls self-assessment on key business processes in the Group.

(b) Risk Management

To provide sound and effective risk management, the Board has established an enterprise risk management framework which includes the following key features:

o Risk Governance Structure

The Group's risk governance structure comprises of day-to-day operational management and control, risk and compliance oversight, and independent assurance. The Group has developed a risk management policy which outlines the principles and procedures for the Group to manage its risks and also clearly defines roles and responsibilities of each of the multiple layers of the structure, including the Board, the Audit Committee, department heads, staff at operational levels and the internal audit, in order to achieve the Group's strategic and operational goals and objectives.

(ii) Risk management and internal control (continued)

(b) Risk Management (continued)

o Risk Management Process

A robust risk management process is developed to identify, evaluate and manage significant risks. The risk management process includes the following elements:

- Risk identification – Identify the risks faced by the Group.
- Risk assessment and prioritization – Analyze the identified risks based on two dimensions: potential impact and likelihood of occurrence; prioritize key risks and confirm top risks.
- Risk treatment – Select an appropriate risk treatment and develop the relevant risk management strategies for identified key risks.
- Control activities – Controls must be designed, evaluated and implemented on the identified risks.
- Risk monitoring – Perform ongoing and periodic monitoring of risks to ensure the risk management strategies are operating effectively.
- Risk reporting – Consolidate the results from the risk assessment; establish detailed action plan; and report to management and the Audit Committee in a timely manner.

The Group maintains a risk register, which includes information of key enterprise-level risks, their potential consequences, likelihood, impact and overall risk rating. Risk owners will execute risk mitigation actions and respond to their assigned risks in the risk register based on the Board's risk tolerance. On an annual basis, the risks in the risk register are re-evaluated, with consideration of potential new or emerging risks. Also, depending on changes in circumstances and the external environment, risk tolerances and risk responses are adjusted accordingly.

(ii) Risk management and internal control (continued)

(c) Internal Control

The Group has implemented an internal control system in accordance with an integrated internal control framework established by the COSO (Committee of Sponsoring Organizations of the Treadway Commission), which comprises five main features and principal components of internal control: the control environment, risk assessment, control activities, information and communication, and monitoring activities.

The Group has an Internal Audit Department which used a risk-based approach to derive an internal audit plan and it is approved by the Audit Committee on an annual basis to assess the adequacy, effectiveness, efficiency and reliability of internal control procedures over financial, operational and compliance activities of the Group. The results of the independent reviews together with the recommended remedial actions, in the form of internal audit reports, are submitted to the Audit Committee and management on a regular basis. Follow-up reviews are performed to ensure that all identified issues have been resolved satisfactorily.

The Head of the Internal Audit Department reports directly to the Audit Committee. During the year, the Internal Audit Department conducted reviews and reported the status of implementation of follow-up actions on control deficiencies. Relevant recommendations reported by the Internal Audit Department will be implemented by management to enhance the Group's internal control policies, procedures and practices, and to resolve material internal control deficiencies in a timely manner.

The Group has also developed an Inside Information Disclosure Policy and internal controls for the handling and dissemination of inside information to ensure consistent and timely disclosure, and fulfilment of the Group's disclosure obligations. The Group has also established and implemented procedures to guide its staff on how to report, escalate and handle inside information, and strictly prohibit them from any unauthorized use of inside information.

Pursuant to the new requirements under the CG Code effective on 1 January 2022, the Board also established a whistleblowing policy and system for employees and those who deal with the Company and a code of conduct that promotes and supports anti-corruption laws and regulations.

(d) Review of Systems Effectiveness

Through the Audit Committee, the Board had conducted an annual review of the effectiveness and adequacy of the risk management and internal control systems by reviewing the work performed by the Internal Audit Department and the controls self-assessment on key business processes performed by management for the year ended 31 March 2022. The review covered all material controls, including financial, operational and compliance controls, and risk management functions. The scope and quality of ongoing monitoring of risks and the internal control systems have been assessed. The changes in the nature and extent of significant risks faced by the Group and response plans have been evaluated. The Board considered that the risk management and internal control systems are functioning effectively and adequately.

During the review, the Board also assessed and was satisfied with the adequacy of the resources, staff qualification and experience, training programmes and budget of the Group's accounting, financial reporting and internal audit functions. Qualified personnel throughout the Group maintains and monitors these internal control procedures on an ongoing basis.

The Board is satisfied that the Group has fully complied with the code provisions D.2 on risk management and internal control set out in the CG code as set forth in the Appendix 14 of the Listing Rules for the year ended 31 March 2022.

(iii) Audit Committee

An Audit Committee was established by the Company with clear terms of reference to review and supervise the financial reporting process, and the risk management and internal control of the Group. The Audit Committee comprises three Independent Non-Executive Directors, Mr. Abraham Shek, Mr. Fong and Mr. Yau. The committee held four meetings during the year to discuss the relationship with the external auditor, to review the consolidated interim financial information for the six months ended 30 September 2021 and the consolidated annual financial statements for the year ended 31 March 2022 of the Group, and to evaluate the risk management and internal control systems of the Group.

The attendance record of each committee member is as follows:

Name	No. of meetings attended/held
Mr. Abraham Shek*	4/4
Mr. Fong	4/4
Mr. Yau	4/4

* Chairman of the Audit Committee

(iv) Auditor's remuneration

During the year, the remuneration paid or payable to the principal auditor, PricewaterhouseCoopers, is set out as follows:

Services rendered	HK\$'000
Audit and audit related services	4,960
Non-audit services	7,965
	12,925

(D) Delegation by the Board

(i) Board Committees

The Company has established four committees, namely Audit Committee, Nomination Committee, Remuneration Committee and Corporate Governance Committee (the "CG Committee"). These committees were formed with specific clear written terms of reference which deal clearly with the committees' authorities and duties.

(ii) Management function

The Board has determined which matters are to be retained by the full Board sanction and which matters are to be delegated to the executive management. The executive management has been given clear terms of reference, in particular, circumstances where the executive management should report to and obtain prior approval from the Board. All delegations to executive management are reviewed periodically to ensure that they remain appropriate.

Report on corporate governance practices (continued)

(E) Corporate Governance

The Board delegated the corporate governance functions to the CG Committee which was established with clear terms of reference and is responsible for developing and reviewing the Company's policies and practices on corporate governance. The CG Committee is also delegated the responsibility to review any potential inside information of the Group and to make recommendations to the Board for any disclosure requirement or actions required.

The CG Committee comprised four Executive Directors, Mr. Albert Chuang, Mr. Edwin Chuang, Ms. Candy Chuang and Mr. Chan Chun Man. The committee met twice during the year to review the corporate governance matters of the Company to ensure that the Company has complied with the principles and applicable code provisions of the CG Code.

The attendance record of each committee member is as follows:

Name	No. of meetings attended/held
Mr. Albert Chuang*	2/2
Mr. Edwin Chuang	2/2
Ms. Candy Chuang	2/2
Mr. Chan Chun Man	2/2

* *Chairman of the CG Committee*

(F) Communication with shareholders (continued)

(iv) Corporate documents available in the websites of the Company and the Stock Exchange

The Company has placed on the websites of the Company and the Stock Exchange the announcements, circulars, annual/interim reports, notices of general meetings and other information of the Company as required by the Listing Rules.

(v) Shareholders' enquiries

Shareholders of the Company may direct their questions about their shareholdings to the Company's share registrar and all other questions to the Board.

(G) Shareholders' rights

(i) Convening a special general meeting

Pursuant to bye-law no. 58 of the Company, shareholders holding at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition to the Board or the secretary of the Company, to require a special general meeting ("SGM") to be called by the Board for the transaction of any business specified in such requisition; and such meeting shall be held within two months after the deposit of such requisition. If within twenty-one (21) days of such deposit the Board fails to proceed to convene such meeting, the requisitionists, or any of them representing more than one half of the total voting rights of all of them, may themselves convene a meeting, but any meeting so convened shall not be held after the expiration of three months from the said date. The written requisition must state the purposes of the general meeting and is signed by the shareholder(s) concerned and may consist of several documents in like form, each signed by one or more of those shareholders.

If the requisition is in order, the secretary of the Company will ask the Board to convene a SGM by serving sufficient notice in accordance with the statutory requirements to all the shareholders. On the contrary, if the requisition is invalid, the shareholders concerned will be advised of this outcome and accordingly, a SGM will not be convened as requested.

Report

Environmental, Social and Governance Report

About This Report

This Environmental, Social and Governance (“ESG”) report covers the Company and its subsidiaries (collectively as the “Group”) which are principally engaged in property development, investment and trading, hotel operation and management, development and operation of cemetery, manufacturing, sales and trading of goods and merchandises, securities investment and trading and money lending business.

The Group is committed to the long-term sustainability of its businesses, which is one of the key focuses of the Group’s development and growth strategy, and is committed to developing initiatives that will merit value and positive impact for the betterment of its stakeholders and the communities within which it operates and serves. This report places emphasis on the ESG achievements and challenges as well as initiatives undertaken for the financial year ended 31 March 2022 in respect of the Group’s key business operations, namely property development and investment businesses in Hong Kong, the People’s Republic of China (the “PRC”) and Malaysia covering key properties with principal businesses and operations, as well as the cemetery business of the Group in the PRC. In comparison to the previous reporting period, we have removed the operations in Panyu, the PRC and Hotel sáv in Hong Kong from the reporting boundary as they were disposed of during the reporting year.

The ESG report is prepared in accordance with the ESG Reporting Guide under Appendix 27 of the Main Board Listing Rules (the “Listing Rules”) issued by The Stock Exchange of Hong Kong Limited (the “Stock Exchange”).

The preparation of this ESG report adopts the following four reporting principles stated in the ESG Reporting Guide:

Materiality	Senior management conducts materiality review of ESG topics to identify ESG issues material to our business operations and stakeholders.
Quantitative	Quantitative metrics are collected and regularly monitored to review the progress and evaluate the effectiveness of our ESG initiatives.
Balance	ESG accomplishments are highlighted while areas for improvement are also drawn attention to, providing an unbiased picture of our ESG performance.
Consistency	Consistent methodologies are adopted to provide meaningful comparison of our ESG performance overtime. Any changes in data compilation and scope are disclosed.

Approach to Sustainability

Beyond delivering quality products and service excellence, we strive to create long-term value for our key stakeholders by keeping close communication with them and operating in a sustainable and responsible manner. While sustainability is believed to be one of the keys for the Group's development and growth strategy, we are committed to developing initiatives that will merit value and positive impact through our operations to our stakeholders. Through the implementation of ESG management systems and initiatives, we incorporate sustainability considerations in the way we grow and develop.

The Group recognizes the importance of establishing a robust governance structure to facilitate an effective management across our business operations, further ensuring compliance with applicable laws and regulations. To this end, the Group adopts a top-down approach to involve all levels of personnel in the Group in driving our sustainability visions into action. The board of Directors (the "Board") is responsible for overseeing the business and strategies of the Group, in which ESG-related risks are also assessed. The Board also reviews the material ESG topics annually to ensure important issues are dealt with according to their priorities. Moreover, the Group's ESG targets are reviewed and approved by the Board. Day-to-day operations are managed by corresponding operation sites and departments according to the policies and management approaches set out by the Group. Senior management reviews and monitors the on-going ESG performance of the Group, reviews the progress made against the Group's ESG targets set during the reporting year and reports to the Board to ensure effective ESG risk management and internal control system are in place.

Material Topics on Environmental, Social and Governance

To effectively manage ESG issues and determine appropriate management approach, we analyzed ESG topics that matter most to our stakeholders and our business operations through our on-going stakeholder engagement process. A materiality assessment was conducted during the reporting year in the form of a survey to identify material ESG issues, where both internal and external stakeholders were invited to participate. The material ESG issues were then reviewed and approved by senior management and the Board during the reporting year to ensure the relevancy and materiality to the Group. The list of material topics has been updated according to the assessment result and is summarized as follows. Moreover, the Group has been taking steps to enhance the process of collecting resource consumption data so that a more comprehensive picture of the Group's ESG performance can be provided.

Material ESG Topics	Our Responses
Environmental	
Climate change, energy consumption and carbon emissions	Buildings account for a significant amount of cities' electricity consumption. Through optimizing resource efficiency, acting on climate change and leveraging on innovative solutions, the Group seeks to contribute to building sustainable cities and communities.
Green buildings and green loans	The Group supports green building development and green loan financing as part of our strategy. Pledging to enhance our green building and green loan commitment, the Group has achieved or targets to achieve green building certification on our projects and to obtain green loan financing. For further details, please refer to the sections headed "Green Building Initiatives" and "Green Loan" below.
Social	
Employee welfare and benefits	Adopting fair and lawful labour practices are key to attracting and retaining top talents and safeguarding the rights and interests of our employees.
Occupational health and safety	Occupational health and safety of workers are of significant importance to the Group's operations, in particular to property development projects.
Corporate governance	Our robust corporate governance strategies and policies are the foundations of our sustainable development in safeguarding against the risk of corruption in our property development and investment businesses. We consider compliance with anti-corruption laws to manage such risks to be an important part of our operation.

Environmental

The Group is mindful of minimizing our impact on the environment and the use of natural resources. We have established environmental protection policies that include both emissions reduction and energy saving policies in order to achieve such an objective. The Group also has a procedure in place to ensure we have an up-to-date understanding of the environmental protection regulations set out by respective environmental protection bureaus of countries in which we operate.

The Group strictly adheres to all relevant environmental laws and regulations in Hong Kong, the PRC and Malaysia, including Waste Disposal Ordinance (Cap. 354), Air Pollution Control Ordinance (Cap. 311), Water Pollution Control Ordinance (Cap. 358), Noise Control Ordinance (Cap. 400) of the Laws of Hong Kong, the Environmental Protection Law of the PRC and Solid Waste and Public Cleansing Management Act 2007 (Act 672) of Malaysia, which cover regulations on controlling pollution to air, water and land during property development and construction stages. During the reporting year, the Group was not aware of any material non-compliance with the environmental laws and regulations.

Green Strategies

Green Building Initiatives

To achieve decarbonization, the Group has implemented green building initiatives through constructing certified green buildings and optimizing energy performance of existing buildings. One of our development properties, ONE SOHO in Hong Kong, has obtained "Provisional Gold" Green Building Certificate and "WELL Precertification" under the Well Building Standard respectively for project development. In addition, the Group targets to achieve BEAM Plus Silver Rating and LEED Silver Rating for our projects at Nos. 16–20 Gage Street and 28 Po Shan Road in Hong Kong, respectively which are currently under construction.

Green Loan

The Group is committed to integrating sustainability considerations into our financing mechanisms. During the reporting year, we have secured a green loan with Hang Seng Bank Limited for our joint venture residential development project at 28 Po Shan Road in Hong Kong. The proceeds will be used to fund various environmental initiatives during construction planning, execution and building maintenance stages of the project. The Group targets to have more green loans for our projects and properties in the future so as to enhance the green and sustainability initiatives.

Environmental, Social and Governance Report (continued)

Environmental (continued)

Emissions

Air and Greenhouse Gas ("GHG") Emissions

The Group is committed to promoting a green environment and being environmentally responsible. The Group has strict policies and procedures in place to achieve this. This includes:

- Developing and promoting the culture of an environmentally responsible company;
- Ensuring that environmental protection objectives and targets are achieved by providing adequate and appropriate resources; and
- Educating, training and encouraging employees to participate in environmental protection initiatives to cultivate a spirit of corporate social responsibility.

During project planning, design and construction stages of the Group's property development projects, the Group makes reference to industry best practices in constructing green buildings wherever possible. The Group applies different sustainability considerations, such as taking into account energy consumption and GHG emissions, to different projects according to their locations and customers' requirements. For example, the following measures have been included in our projects:

- Seasonal wind direction is considered and applied in residential architecture design to improve natural ventilation;
- Tinted and/or insulating glass curtain walls are double glazed and made with low emissive glass to increase visibility and control natural lighting which could save energy and/or reduce solar heat radiation;
- The oxide film of the surface area is used to minimize the reflectivity of the glass; and
- Natural, energy efficient and automatic control lighting systems are installed in our buildings to reduce the energy needed for lighting and to reduce overall running cost.

Environmental (continued)

Emissions (continued)

Air and GHG Emissions (continued)

Moreover, during the planning and design stages, the Group would ensure that our buildings can be seamlessly integrated into the neighbourhood and environment. The Group embeds our commitment to being environmentally responsible into day-to-day business activities. For example, as part of the procurement process, the Group prioritizes the selection of greener or environmentally-friendly materials and products in order to minimize carbon footprint. Some of the factors considered include:

- Use of materials and products with high reusability and proportion of recycled content;
- Business conduct which fosters the sustainable use of the earth's resources by minimizing waste and mitigating any adverse environmental impacts; and
- Use of "greener" alternatives and adoption of, or investment in, energy efficient practices and technologies.

The Group also encourages employees to participate in environmental protection initiatives. For example, the Group tries to reduce energy use and GHG emissions by adopting energy efficient technologies and by switching off lights, computers and copying machines whenever they are not required after work. In order to enhance our environmental performance, we target to replace existing lighting with energy-efficient lighting for our commercial and office buildings in order to reduce electricity consumption and GHG emission. We also target to upgrade the heating, ventilation and air conditioning (HVAC) systems and appliances progressively at Chuang's London Plaza in Hong Kong with higher energy-efficient models. In addition, we target to increase the number of properties with green building certifications for our development properties in Hong Kong. We will consider and explore quantitative targets setting in the future.

Waste Management

For hazardous waste, we understand the importance of minimizing waste and mitigating any adverse environmental impacts; and recognize the benefits of doing so. Hence, we consider environmental responsibility throughout the procurement process. While paper and other office materials are our major non-hazardous waste sources, we implemented waste-reduction measures ranging from using double-sided printing, issuing memos in electronic form across offices; collecting and recycling used ink cartridges.

Environmental, Social and Governance Report (continued)

Environmental (continued)

Use of Resources

The Group strives to drive sustainable business growth through effective and efficient utilization of the resources, including energy, water and other raw materials. This objective is made aware of across our management and staffs, and a number of “green office practices” have been implemented.

Eco-friendly measures are being introduced to a substantial portfolio of properties that the Group managed. Such measures include but not limited to the reduction in the use of paper. Examples on how we reduce the use of paper include closely monitoring total amount of paper printed by every employee, enforcing the use of recycled paper and use of electronic memo across offices. In addition, Wisma Chuang has installed a smart gadget on the wash basins of all restrooms in the property and adopted ticketless parking solution to reduce excessive use of water and paper respectively.

To further reduce the negative environmental impacts associated with our businesses, our cemetery operation is taking steps to reduce waste generation. We actively encourage visitors to minimize waste disposal such as those respective offerings while honouring and commemorating the ancestors.

Climate Change

Climate change is being recognized globally as an emerging risk potentially impacting all businesses and communities. As a responsible corporate organization, we are conscious of the environmental impact of our operations and seek to identify and mitigate the significant climate-related issues relevant to our business. During the reporting year, the Group has engaged a third-party consultant to identify the material climate-related risks, including physical and transition risks, for our major properties in Hong Kong, the PRC and Malaysia.

Physical Risks

Among the relevant acute and chronic climate hazards, extreme wind events, such as typhoon, have been identified as the most material physical risk to our operations considering both likelihood and impact, especially to our properties in Hong Kong and Xiamen, the PRC. Extreme wind events could potentially impact the safety of our employees and tenants while they commute to work and cause damages to our properties, resulting in operation disruption and financial loss. To minimize such risk, the Group has put in place countermeasures, including flexible working arrangements and precautions in the event of severe or extreme weather conditions, as well as taking out insurance policies against property loss and damage.

Transition Risks

In line with the targets committed by the governments of Hong Kong and Malaysia to achieve carbon neutrality by 2050, and in 2060 for the PRC, the Group anticipates regulatory, technological and market changes resulting from the transition to a low carbon economy. The vision of carbon neutrality may lead to amendments to national policies and the Listing Rules and the introduction of environmental-related taxes, potentially incurring additional compliance costs. To address the policy and legal risks, the Group continuously monitors any changes in laws or regulations and global trends in climate change to avoid increased costs, fines for non-compliance, or reputational risks. In addition, the Group has implemented comprehensive environmental measures, including measures aimed at reducing GHG emissions, to achieve relevant targets set.

Employment and Labour Practices

The Group is an equal opportunity employer, offering equal employment and advancement opportunities to all candidates and employees as well as implementing fair and consistent human resource policies and programmes in relation to recruitment, compensation and dismissal, promotion, working hours, resting periods, equal opportunity, diversity and anti-discrimination. We adhere to all applicable labour laws and regulations including the Employment Ordinance (Cap. 57) and anti-discrimination legislation of the Laws of Hong Kong, the Labour Law and the Labour Contract Law of the PRC, and the relevant employment laws in Malaysia¹. The Group dismisses employees and compensates them in accordance with the relevant laws and regulations including the Employees' Compensation Ordinance (Cap. 282) and Minimum Wage Ordinance (Cap. 608) of the Laws of Hong Kong, the Labour Law and the Labour Contract Law of the PRC, and the Minimum Wages Order of Malaysia.

As of 31 March 2022, the Group had 264 employees in total under the reporting boundary, including 151 employees in Hong Kong, 86 in the PRC, and 27 in other regions. The Group believes that its human resource is the most valuable asset because it recognizes that it is the people that delivers business growth and success. The Group is committed to retaining and empowering talent through various measures. The Group believes that continued workforce satisfaction is critical in order to achieve sustained outstanding business outcomes. As a measure of this, the Group is passionately committed to providing a safe and healthy working environment for all employees and site staff.

As part of its core strategy to create an open and harmonious workplace, the Group seeks to provide its employees with the most competitive compensation and benefits. These include:

- Entitlement to paid marriage leave and paid leaves beyond those required by the law including compassionate leave;
- Financial allowance for external training, as well as entitlement to training leave for eligible employees to pursue their learning and development;
- To allow better work-life balance, employees can apply to leave the workplace early to handle their family affairs; and
- Early retirement schemes for eligible employees.

¹ The major employment regulations in Malaysia include Employment Act 1955, Minimum Wages Order, Children and Young Persons (Employment) Act 1966, Employment Regulations 2010, Industrial Relations Act 1967, Employees Provident Fund Act 1991, Employees' Social Security Act 1969 and Employment Insurance System 2017.

Employment and Labour Practices (continued)

To maintain a strong and diverse workforce, the Group nurtures its employees through its retention policy:

- **Excellent culture:** The Group advocates an open and trusting working relationship amongst its employees.
- **Competitive package:** The Group offers full-time employees compensation such as discretionary bonus, double pay, contributory provident fund, share options and medical insurance to employees and their family members.
- **Emotional care:** The Group understands the importance of family values and culture and encourages celebration of international and national holidays and events such as Chinese New Year, Dragon Boat Festival, Mid-Autumn Festival and Christmas, and complement these festivities with gift packages to the staff, lunch gatherings and early leave, as well as other privileges such as birthday leave.
- **Employee referral programme:** The Group uses various recruitment channels to attract and retain talents. It launched an employee referral programme to encourage its employees to refer talents to the Group to maintain its culture and would provide employee referral rewards for the successful cases.

Furthermore, the Group emphasizes in building employee engagement, striving to enrich both their work and personal lives. Various kinds of activities ranging from movie nights, yoga classes to bread-spread-making classes were regularly organized for employees for enjoyment and relaxation and promoting teambuilding and bonding.

Health and Safety

The Group is committed to providing a safe and secure workplace for employees, contractors and site staff across its entire operations. With its core businesses in property development, safety at construction sites is of utmost importance. We adhere to all applicable laws and regulations including the Occupational Safety and Health Ordinance (Cap. 509) of the Laws of Hong Kong, the Labour Law of the PRC, Production Safety Law of the PRC, Law of the PRC on the Prevention and Control of Occupational Diseases and Occupational Safety and Health Act 1994 of Malaysia. Over the past three reporting years, zero cases of work-related fatalities have been reported.

To achieve this, the Group has adopted a number of health and safety initiatives and requirements, including:

- Fulfilment of all relevant and applicable legal obligations;
- Systematic framework for identifying and reviewing safety responsibilities;
- Management of the health and safety risks arising from work activities;
- Communication of relevant policies and procedures to employees and other stakeholders as appropriate;
- Adequate and sufficient personal protective equipment and tools required for the job;
- Adequate training and motivation of team members to observe health and safety preventive measures at workplace;
- Communication of applicable health and safety requirements to employees and contractors;
- Regular fire drills and emergency evacuation simulations in place to prepare employees for handling real emergencies;
- Corporate flu vaccination programme offered on a free of charge basis to employees to promote a safe and healthy workplace; and
- Continuous improvement of corporate policies, procedures, programmes and work performance.

Health and Safety (continued)

In response to the outbreak of Covid-19, the following preventive measures have been implemented to provide a safe and hygienic working environment:

- Implemented a vaccination incentive scheme to encourage employees to get vaccinated to lower the risk of Covid-19 exposure;
- Implemented large-scale work-from-home arrangements, diversion of flexible work and meal breaks;
- Arranged nucleic acid tests for all employees in the office and the Group's properties during office hours and weekends;
- Distributed Rapid Antigen Test kits for employees to use before going to work;
- Installed face recognition temperature measuring machine and intelligent disinfection station;
- Arranged weekly office disinfection and comprehensive cleaning every quarter; and
- Installed partition boards in the workplace to reduce the risk of droplet spread.

Development and Training

The Group believes that the development of employees and enhancement of their skills and knowledge will contribute significantly to the growth and success of the business. As such, the Group is committed to developing and implementing a number of comprehensive training programmes for its people. These programmes seek to advance the employees' professional development based on identified areas of growth, while ensuring that the credibility of the Group's workforce meets current business needs. The Group's commitment to this is demonstrated through the following programmes:

- On-boarding programme – this programme seeks to enable employees, especially new hires to learn and understand about the mission, vision, values and service culture of the Group;
- Compliance programme – this programme is designed for all staff, such as anti-corruption training in order to avoid bribery, extortion and fraud activities;
- Operations and job skills programme – the aim of this programme is to develop employees to obtain the essential skills and competencies required for their jobs. In addition to participation in on-the-job training programmes, employees are also encouraged to attend external seminars and workshops to keep themselves on the cutting edge of the industry development; and

- Manager and leadership programme – this includes the accelerated development programme and leader programme, which assists employees in creating personal management plans to progress their careers and achieve higher levels of responsibility. For the directors of the Group, they are offered various programmes for continuous development to constantly enhance their skills and knowledge in leading the Group. With an emphasis on developing the directors' understanding of their roles, functions and duties, their contribution to the Group can be assured to be informed and relevant.

Through these programmes, the Group ensures that all employees receive full support in their development and progress in the Group. These initiatives help differentiate the Group to attract, retain, and prepare the workforce for greater personal and organizational success while achieving employee satisfaction and gratification.

Labour Standards

The Group is against and prohibits the employment of child and forced labour and strictly adheres with applicable laws and regulations. The human resources department of the Group would examine the identification documents of the applicants to make sure that they are qualified as lawful hiring.

Supply Chain Management

The Group has a diverse range of supply chain relationships. The Group recognizes the critical role supply chain management plays in running an efficient business operation and to provide quality services in accordance with the highest ethical, social and environmental standards. The Group is committed to being a responsible corporation to include a good management of its suppliers so as to maintain the high standard of products delivered to its customers.

The Group is committed to developing initiatives to manage environmental and social risks of the supply chain. This includes the implementation of strict standards and policies to select and provide services, adhering to and exceeding where practicable, all relevant legal obligations and codes of practice ensuring that, where possible:

- Minimal to negligible adverse impact on the environment; and
- Prevention of pollution, reduction of waste production and efficient utilization of resources.

Supply Chain Management (continued)

Embedded within its supplier selection process, the Group considers the following key aspects:

- The environmental values and commitments of suppliers;
- The environmental certification and memberships of suppliers;
- Supplier's compliance with international environmental laws and regulations; and
- Supplier's commitment to meeting the Group's environmental specification.

The Group's policy also encourages contractors to use locally manufactured materials to reduce the environmental impacts arising from transportation. Specifically on timber resources, the Group has set up clear guidance on using certified wood for contractors in order to avoid using virgin forest products and tropical hardwood.

The Group remains in close contact with its suppliers, monitoring their performance to ensure alignment with its commitments.

Product Responsibility

As part of the Group's operating practices, we employ group-wide quality assurance procedures to protect the health and safety of its employees, contractors and customers while providing high quality products and services.

These are strictly imposed across all business operations, employees and third parties under the Group. For example, to ensure high quality service delivery and performance, all new employees must undergo:

- Induction training which instils the mission and vision of the Group;
- Training in relation to proper product knowledge and customer service standards;
- Buddy training in order to identify areas for improvement of the new team member; and
- Refresher and additional training to develop in areas of improvement.

Product Responsibility (continued)

In light of Covid-19, we have carried out a wide array of measures at our properties to safeguard the health and safety of our employees and customers in Hong Kong, the PRC and Malaysia. These include but not limited to:

- Conduct temperature checks at the entrance of buildings/offices/property sites;
- Require visitors of buildings to fill in personal details on a website for contact tracing purpose;
- Provide alcohol-based hand sanitizers at the entrance of buildings/offices/property sites;
- Regularly clean and disinfect space at buildings/offices/property sites;
- Demand building users and visitors to wear face masks and perform personal hand hygiene at our buildings/offices/property sites;
- Assign designated lifts to building floors with medical clinics to minimize contact with visitors and those who may have potentially contracted the disease;
- Divide the elevators in buildings into four squares to limit four people per elevator;
- Request identification and declaration of relevant travel history from contractors; and
- Enhance cleaning and disinfection of building premises including common areas.

The Group commits to providing high quality products and services to customers. The Group keeps good relationships and maintains effective communication mechanisms with its customers. This is to ensure that the Group is well aware of all customers' requirements or feedbacks on a timely basis and provide high quality services to its customers.

The Group believes that providing accurate and complete information about its products and services is vital for customers to make informed decisions. To ensure compliance with the Residential Properties (First-hand Sales) Ordinance (Cap. 621) of the Laws of Hong Kong, the Law of the PRC on Protection of Consumer Rights and Interests, and Standards of Malaysia Act 1996 (Act 549) of Malaysia, products are required to be labelled and advertised with due care for the sake of customer interest.

Product Responsibility (continued)

The Group pays high attention to privacy, protecting the data of its customers, staff and potential recruits. All job applicants had agreed to the personal information collection statement, while the data the Group collected from all employees would not be released to any third party without the prior consent from the employees. All customers' and employees' data are protected by the Personal Data (Privacy) Ordinance (Cap. 486) of the Laws of Hong Kong, whereas in the other countries the Group followed all relevant local and national regulations. Well-established procedures and training programmes are in place to guide employees on how to handle customer personal information.

Anti-corruption

The Group embraces and enforces rules, regulations and procedures in accordance with the Group's code of business conduct to ensure that the business is conducted in full compliance with all applicable laws and regulations including the Prevention of Bribery Ordinance (Cap. 201) of the Laws of Hong Kong, Unfair Competition Law of the PRC, the Criminal Law of the PRC, the Anti-Money Laundering, Anti-Terrorism Financing and Proceeds of Unlawful Activities Act 2001 and the Malaysian Anti-Corruption Commission (Amendment) Act 2018 of Malaysia. In recognition of the importance of anti-corruption, a 'Code of Conduct' which includes strict standards and policies, is in place to prevent bribery, corruption, extortion, money laundering and fraud. These standards and practice expectations are imposed on all employees, contracted independent third parties, as well as the Group's business partners. Training on relevant laws and regulations is also provided to directors and senior management in an ongoing basis.

The Group has maintained a whistle-blowing system to allow whistle-blowers to disclose information in relation to any misconduct, malpractice or irregularity through a confidential reporting channel. All reported cases would be investigated in a fair and proper manner by the Audit Committee of the Company. The Audit Committee classifies the reported cases according to their nature and reports the cases directly to the Board on a regular basis.

Community

Community Investments

The Group advocates the philosophy of “what is taken from the community is to be used for the good of the community”. It continuously aims to incorporate this idea as part of its business strategy in helping to meet the needs of society.

Staff members are encouraged to play an active role in charity projects, organized either by the Group or other organizations. The Group is dedicated to fostering volunteerism as part of its corporate culture of giving back to the community. During the reporting year, the Group donated a total of approximately HK\$8,160,000 to a large variety of organizations. We showed our support towards cultural organizations including the Association for the Promotion of Global Chinese Trader Fraternity Limited and the Chinese General Chamber of Commerce, Hong Kong, and also charitable organizations such as Caritas Hong Kong, Médecins Sans Frontières and Love Family Foundation. We spared no effort in giving our helping hand to victims affected by natural disasters. Among others, the Group donated a total of about HK\$1,612,000 for flood-control and disaster-relief activities in Henan through several charities.

During the reporting year, the Group also participated in different charitable events. In October 2021, we promoted social responsibility among our staff and supported Orbis and Médecins Sans Frontières, two international charities dedicated to well-being, through participating the Dress Down Day at our office. In December 2021, we supported the Love Teeth Day organized by The Community Chest of Hong Kong as a Group event to promote oral health care and raised fund to support the needy.

Results and appropriations (continued)

The Board has resolved to recommend for the shareholders' approval at the forthcoming annual general meeting of the Company (the "AGM") the payment of a final dividend of 2.0 HK cents (2021: 1.5 HK cents) per share for the year ended 31 March 2022. The final dividend, if approved, will be paid on or before Tuesday, 27 September 2022 to the shareholders whose names appear on the Company's register of members on Wednesday, 14 September 2022.

Furthermore, after taking into account the overall performance and the working capital requirements of the Group, the Board had on 29 June 2022 also resolved to pay the second special dividend of 18.0 HK cents (2021: nil) per share on or before Tuesday, 27 September 2022 to the shareholders whose names appear on the Company's register of members on Wednesday, 14 September 2022.

An interim dividend of 2.0 HK cents (2021: 1.5 HK cents) per share and a special dividend of 6.0 HK cents (2021: nil) per share have been paid in respect of the current financial year. Total dividends for the year amount to 28.0 HK cents (2021: 3.0 HK cents) per share, representing an increase of about 8.3 times. Total dividend amount in respect of the current financial year will be about HK\$468.3 million (2021: HK\$50.2 million).

Dividend policy

The Company strives for generating steady returns to the shareholders of the Company (the "Shareholders"). It is the policy of the Company, in considering the payment of dividends, to allow the Shareholders to participate in the Company's profits whilst retaining adequate reserves for the Group's future growth.

The dividend payout ratio shall be determined by the Board at its absolute discretion after taking into account of, among others, the following factors:

- the Group's financial performance;
- retained earnings and distributable reserves of the Company and each of the subsidiaries of the Group;
- the Group's working capital requirements, capital expenditure requirements and future expansion plans;
- the Group's liquidity position;
- general economic environment; and
- other factors that the Board deems relevant.

The payment of the dividend by the Company is also subject to any restrictions under the applicable laws and regulations, including the Companies Act 1981 of Bermuda (as amended from time to time) and the memorandum of association and bye-laws of the Company.

Save as disclosed, during the year, none of the Directors and chief executive of the Company nor their spouses or children under 18 years of age were granted or had exercised any right to subscribe for any securities of the Company, its specified undertaking or any of its associated corporations.

Other than as disclosed herein, as at 31 March 2022, none of the Directors and chief executive of the Company had any interests or short positions in shares, underlying shares and debentures of the Company or any of its associated corporations (within the meaning of Part XV of the SFO) which had to be notified to the Company and the Stock Exchange pursuant to the provisions of Divisions 7 and 8 of Part XV of the SFO (including interests and short positions which they were taken or deemed to have under such provisions of the SFO) or which were required, pursuant to Section 352 of Part XV of the SFO, to be entered in the register referred to therein or which were required, pursuant to the Model Code, to be notified to the Company and the Stock Exchange.

Directors' service contracts

None of the Directors has any service contract with the Company or any of its subsidiaries not terminable by the employing company within one year without payment of compensation (other than statutory compensation).

Directors' material interests in transactions, arrangements and contracts that are significant in relation to the Group's business

Save as disclosed, no transactions, arrangements and contracts of significance in relation to the Group's business to which the Company or any of its subsidiaries was a party and in which a Director of the Company and the Director's connected party had a material interest, whether directly or indirectly, subsisted at the end of the year or at any time during the year.

Directors' interests in competing business

Pursuant to Rule 8.10 of the Listing Rules, the Company discloses that Mr. Albert Chuang, Mr. Edwin Chuang, Ms. Candy Chuang and Mr. Geoffrey Chuang hold equity interests and directorships in certain private companies which are engaged in the businesses of luxurious residential property investment in Hong Kong and securities investment and trading. As the properties owned by the private companies are of different types and/or in different locations from those of the Group, and the compositions of the respective boards of directors of the private companies are different from that of the Group, the Group operates its businesses independently of, and at arm's length from, the businesses of the private companies.

Management contracts

No contracts concerning the management and administration of the whole or any substantial part of the business of the Company were entered into or existed during the year.

Substantial shareholders

So far as is known to any Directors or chief executive of the Company and save as disclosed in the section headed "Directors' interests and short positions in shares, underlying shares and debentures" above, as at 31 March 2022, the interests and short positions of person in the shares and underlying shares of the Company which would fall to be disclosed to the Company pursuant to the provisions of Divisions 2 and 3 of Part XV of the SFO or which were required, pursuant to Section 336 of Part XV of the SFO, to be entered in the register referred to therein were as follows:

Mrs. Chong Ho Pik Yu	907,453,332	Note 2	54.26

Note 1: Such interests in the Company are owned by Evergain, a company which is 60% beneficially owned by Mr. Alan Chuang. Mr. Albert Chuang, Mr. Edwin Chuang, Ms. Candy Chuang and Mr. Geoffrey Chuang are directors and shareholders of Evergain.

Note 2: Such interests arose by attribution through her spouse, Mr. Alan Chuang, whose interests have been mentioned in Note 1 above.

Save as disclosed above, as at 31 March 2022, there was no other person who was recorded in the register of the Company as having interests or short positions in the shares or underlying shares of the Company which would fall to be disclosed to the Company pursuant to the provisions of Divisions 2 and 3 of Part XV of the SFO or which was required, pursuant to Section 336 of Part XV of the SFO, to be entered in the register referred to therein.

Controlling shareholders' interests in contracts

There was no contract of significance between the Company or any of its subsidiaries and the controlling shareholders or any of its subsidiaries at the balance sheet date or at any time during the year and up to the date of this report.

Purchase, sale or redemption of the Company's listed securities

The Company had not redeemed any of its shares during the year. Neither the Company nor any of its subsidiaries had purchased or sold any of the Company's listed shares during the year.

Major suppliers and customers

The aggregate purchases attributable to the largest supplier and the five largest suppliers of the Group accounted for approximately 12% and 43% of the total purchases of the Group for the year respectively.

The aggregate revenues attributable to the largest customer and the five largest customers of the Group accounted for approximately 30% and 42% of the total revenues of the Group for the year respectively.

None of the Directors, their associates, or any shareholder (which to the knowledge of the Directors owns more than 5% of the share capital of the Company) had any interest in the five largest suppliers and the five largest customers of the Group respectively.

Relationships with suppliers and customers

The Group establishes long-term cooperation relationships with reputable suppliers within the industries. The Group implements a series of procurement management systems and control procedures so as to select suppliers in a prudent manner.

The Group keeps good relationship and maintains effective communication mechanisms with its customers. This is to ensure that the Group is well aware of all customers' requirements or feedbacks on a timely basis and provides high quality services to its customers.

Compliance with the relevant laws and regulations

During the year under review, the Group had complied with all the relevant laws and regulations that have significant impacts on the businesses and operations of the Group. As far as the Board and management are aware, there was no material breach of or non-compliance with the applicable laws and regulations by the Group that has a significant impact on the businesses and operations of the Group.

Retirement schemes

Details of retirement schemes of the Group are set out in note 9 to the consolidated financial statements.

Permitted indemnity provision

Under bye-law no. 166(1) of the Company's bye-laws, the Directors for the time being acting in relation to any of the affairs of the Company, shall be indemnified and secured harmless out of the assets and profits of the Company from and against all actions, costs, charges, losses, damages and expenses which they or any of them, their or any of their heirs, executors or administrators, shall or may incur or sustain by or by reason of any act done, concurred in or omitted in or about the execution of their duty, or supposed duty, in their respective offices or trusts, provided that this indemnity shall not extend to any matter in respect of any wilful negligence, wilful default, fraud or dishonesty which may attach to any of said persons. During the year under review, the Company had taken out and maintained an insurance in respect of the Directors' liabilities.

Share option schemes

Pursuant to the ordinary resolutions passed in the annual general meeting of the Company held on 31 August 2012, a share option scheme of the Company (the "Scheme") has been adopted, and the share option scheme adopted by Chuang's China on 31 August 2012 (the "Chuang's China Scheme") has been approved.

(a) A summary of the Scheme is set out as follows:

8. The remaining life of the Chuang's China Scheme: Valid until 30 August 2022 unless otherwise terminated under the terms of the Chuang's China Scheme

Share option schemes (continued)

(b) (continued)

The Chuang's China Scheme adopted by Chuang's China on 31 August 2012 is for a period of 10 years and is also expiring on 30 August 2022. As at the date of this report, Chuang's China did not have any share option scheme other than the Chuang's China Scheme and there were no options granted under the Chuang's China Scheme which remained valid or exercisable. As the Chuang's China Scheme is due to expire in August 2022, the directors of Chuang's China proposes to recommend to the shareholders of Chuang's China at the forthcoming annual general meeting of Chuang's China to approve the adoption of a new share option scheme of Chuang's China (the "New Chuang's China Scheme"). As the Company is a holding company of Chuang's China whose shares are listed on the Stock Exchange, the New Chuang's China Scheme is subject to the approval of the shareholders of the Company as required under the Listing Rules. Relevant resolution(s) will be proposed at the AGM to seek the approval of the shareholders of the Company to approve the adoption of the New Chuang's China Scheme.

Update on information of Directors pursuant to Rule 13.51B(1) of the Listing Rules

Save as disclosed in other sections of this annual report, other changes in the information of Directors during the year and up to the date of this report which are required to be disclosed pursuant to Rule 13.51B(1) of the Listing Rules are set out below:

Opinion

What we have audited

The consolidated financial statements of Chuang's Consortium International Limited (the "Company") and its subsidiaries (the "Group"), which are set out on pages 134 to 241, comprise:

- the consolidated balance sheet as at 31 March 2022;
- the consolidated income statement for the year then ended;
- the consolidated statement of comprehensive income for the year then ended;
- the consolidated cash flow statement for the year then ended;
- the consolidated statement of changes in equity for the year then ended; and
- the notes to the consolidated financial statements, which include significant accounting policies and other explanatory information.

Our opinion

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

Basis for Opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSAs") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Independence

We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants (the "Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Key audit matters identified in our audit are summarised as follows:

- Valuation of investment properties; and
- Recoverability of properties for/under development, properties for sale and cemetery assets.

Key Audit Matter

How our audit addressed the Key Audit Matter

Valuation of investment properties

Refer to Notes 4(a), 16 and 22 to the consolidated financial statements

As at 31 March 2022, the investment properties held by the Group's subsidiaries were carried at fair value of HK\$8,832 million and the Group's non-wholly-owned subsidiary's proportionate share of fair value of investment properties was HK\$296 million in the interest in a joint venture. Net fair value changes in investment properties held by subsidiaries amounting to gain of HK\$36 million and the share of fair value loss of investment properties of a joint venture of HK\$37 million were recorded during the year ended 31 March 2022. The Group's investment property portfolio comprises commercial and residential properties in Hong Kong, the People's Republic of China, Taiwan, Malaysia and Mongolia.

Our procedures in relation to the key assumptions used in management's valuation of investment properties held by the Group's subsidiaries and a joint venture included:

- Understanding management's controls and processes for determining the valuation of investment properties and assessing the inherent risk of material misstatement by considering the degree of estimation uncertainty and the judgments involved in determining assumptions to be applied.
- Evaluating the independent valuers' competence, capabilities and objectivity.
- Obtaining the valuation reports and meeting with the independent valuers to discuss the valuation methodologies.
- Involving our internal valuation expert in assessing the valuations and the key assumptions of certain selected investment properties with the valuers.
- Evaluating the appropriateness of the related disclosures made in the consolidated financial statements.

Independent Auditor's Report (continued)

Key Audit Matters (continued)

Key Audit Matter	How our audit addressed the Key Audit Matter
Valuation of investment properties (continued) Management has engaged independent valuers to determine the valuation of the Group's investment properties held by the Group's subsidiaries and a joint venture as at 31 March 2022. There are significant judgments and estimates involved in the valuation which mainly include: <ul style="list-style-type: none">Completed investment properties: The valuation was arrived at using the income capitalization method by considering the capitalized income derived from existing tenancies and the reversionary potential, including capitalization rates and prevailing market rents, of the properties, and wherever appropriate, the direct comparison method by reference to market evidence of recent transaction prices of comparable properties.Investment properties under development: The valuation was arrived at using residual method by making reference to estimated selling prices as available in the relevant market. The estimated costs to complete the development and estimated developer's profit as at the date of valuation were also taken into account. Due to the existence of inherent estimation uncertainty on significant judgments and estimates of the assumptions involved in the valuation of investment properties held by the Group's subsidiaries and a joint venture, we considered this a key audit matter.	<p>For completed investment properties,</p> <ul style="list-style-type: none">Checking the accuracy of the input data used by the independent valuers in the valuation of properties, on a sample basis, including rental rates and lease terms from existing tenancies, by agreeing them to underlying agreements with the tenants and management's record.Assessing the appropriateness of the key assumptions used in the valuation of properties by comparing published market yields for capitalization rates, prevailing market rents of leasing transactions of comparable properties and recent market transaction prices of properties with comparable conditions and locations, where appropriate. <p>For investment properties under development,</p> <ul style="list-style-type: none">Assessing the reasonableness of key assumptions used in the valuation of properties by comparing:<ul style="list-style-type: none">estimated selling prices to recent market transaction prices of properties with comparable nature and locations;estimated developer's profit to published market data of properties with comparable conditions and locations; andestimated costs to complete, to the latest approved budgets on total construction costs and tested, on a sample basis, the construction costs to supporting documentation such as quantity surveyor reports and signed contracts. <p>Based on the procedures performed, we found the key assumptions used in management's valuation of investment properties were supported by the available evidence.</p>

Key Audit Matters (continued)

Key Audit Matter

Recoverability of properties for/under development, properties for sale and cemetery assets

Refer to Notes 4(c), 18, 19 and 25 to the consolidated financial statements

The Group had HK\$505 million, HK\$1,635 million and HK\$764 million of properties for/under development, properties for sale and cemetery assets respectively as at 31 March 2022.

Management assessed the recoverability of properties for/under development, properties for sale and cemetery assets based on an estimation of the net realizable value of the underlying properties and cemetery assets. This involves estimation of anticipated costs to completion based on existing plans for properties for/under development and cemetery assets and applicable variable selling expenses and expected future sales price based on prevailing market conditions such as current market prices of properties and cemetery assets with comparable conditions and locations or reference to the valuation reports from the independent valuers, if applicable.

How our audit addressed the Key Audit Matter

Our procedures in relation to management's assessment of recoverability of properties for/under development, properties for sale and cemetery assets (the "properties") included:

- Understanding management's control and processes for determining the net realizable value of the properties and assessing the inherent risk of material misstatement by considering the degree of estimation uncertainty on the judgments involved in determining key assumptions to be applied.
- Testing the key controls around the construction cycle of the properties with particular focus on, but not limited to, controls over cost budgeting and periodic review, sources of recoverability assessment data and calculation of provision.
- Evaluating the independent valuers' competence, capabilities and objectivity.
- Obtaining the valuation reports and meeting with the independent valuers to discuss the valuation methodologies for properties.

Key Audit Matters (continued)

Key Audit Matter

How our audit addressed the Key Audit Matter

Recoverability of properties for/under development, properties for sale and cemetery assets (continued)

If the actual net realizable values of the underlying stock of properties and cemetery assets are significantly different from those values estimated as a result of changes in market condition and/or significant variation in the budgeted development costs, material reversal of or provision for net realizable value may result.

Due to the existence of inherent estimation uncertainty on the net realizable values and management judgment, we considered this a key audit matter.

- Assessing the reasonableness of key assumptions and estimates in management's assessment, on a sample of properties selected, including:
 - expected future sales prices which we compared to contracted sales prices of the underlying properties or current market prices of properties with comparable conditions and locations, where applicable;
 - anticipated costs to completion which we compared to latest approved budgets on total construction costs and checked to supporting documentation such as quantity surveyor reports and signed contracts.
- Evaluating the appropriateness of the related disclosures made in the consolidated financial statements.

Based on the procedures performed, we found the key assumptions used in management's assessment of recoverability of the properties were supported by the available evidence.

Other Information

The directors of the Company are responsible for the other information. The other information comprises all of the information included in the annual report other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Directors and the Audit Committee for the Consolidated Financial Statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The audit committee is responsible for overseeing the Group's financial reporting process.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. We report our opinion solely to you, as a body, in accordance with Section 90 of the Companies Act 1981 of Bermuda and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements (continued)

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the audit committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the audit committee with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the audit committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Tsang Nga Kwan.

Notes to the Consolidated Financial Statements

For the year ended 31 March 2022

1. General information

Chuang's Consortium International Limited (the "Company") is a limited liability company incorporated in Bermuda and listed on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange"). The address of its registered office is Clarendon House, 2 Church Street, Hamilton HM 11, Bermuda and its principal place of business in Hong Kong is 25th Floor, Alexandra House, 18 Chater Road, Central.

The principal activities of the Company and its subsidiaries (collectively as the "Group") are property development, investment and trading, hotel operation and management, development and operation of cemetery, manufacturing, sales and trading of goods and merchandises, securities investment and trading and money lending business. During the year, the Group disposed of the hotel in Hong Kong (the "Hotel Disposal") and afterwards there is no more hotel operation of the Group at the moment. Accordingly the result of the hotel operation together with the related net gain on disposal have been presented as discontinued operation in the consolidated income statement for the year in accordance with HKFRS 5 "Non-current Assets Held for Sale and Discontinued Operations" (note 39). The comparative figures have been restated to conform to the current year's presentation.

2. Summary of significant accounting policies

The significant accounting policies adopted for the preparation of the consolidated financial statements are set out below, which have been consistently applied to all the years presented, unless otherwise stated.

(a) Basis of preparation

The consolidated financial statements have been prepared under the historical cost convention, as modified by the revaluation of investment properties, financial assets at fair value through other comprehensive income and financial assets at fair value through profit or loss at fair value, and in accordance with all applicable Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants.

The preparation of the consolidated financial statements in conformity with HKFRSs requires the use of certain critical accounting estimates. It also requires management to exercise its judgment in the process of applying the accounting policies of the Group. The areas involving a higher degree of judgment or complexity, or areas where assumptions and estimates are significant to the consolidated financial statements, are disclosed in note 4.

2. Summary of significant accounting policies (continued)

(a) Basis of preparation (continued)

(i) Effect of adopting amendments to standards

For the year ended 31 March 2022, the Group adopted the following amendments to standards that are effective for the accounting periods beginning on or after 1 April 2021 and relevant to the operations of the Group:

HKFRS 16 (Amendment)	Covid-19-Related Rent Concessions
HKFRS 16 (Amendment)	Covid-19-Related Rent Concessions beyond 30 June 2021
HKAS 39, HKFRS 4, HKFRS 7, HKFRS 9 and HKFRS 16 (Amendments)	Interest Rate Benchmark Reform – Phase 2

The Group has assessed the impact of the adoption of these amendments to standards and concluded that there was no significant impact on the Group's results and financial position nor any substantial changes in the Group's accounting policies and presentation of the consolidated financial statements.

Notes to the Consolidated Financial Statements (continued)

For the year ended 31 March 2022

2. Summary of significant accounting policies (continued)

(a) Basis of preparation (continued)

(ii) New standard, amendments to standards, practice statement, revised accounting guideline and interpretation that are not yet effective

The following new standard, amendments to standards, practice statement, revised accounting guideline and interpretation have been published which are relevant to the Group's operations and are mandatory for the Group's accounting periods beginning on or after 1 April 2022, but have not yet been early adopted by the Group:

HKAS 1 (Amendment)	Classification of Liabilities as Current or Non-current (effective from 1 January 2023)
HKAS 1 (Amendment) and HKFRS Practice Statement 2	Disclosure of Accounting Policies (effective from 1 January 2023)
HKAS 8 (Amendment)	Definition of Accounting Estimates (effective from 1 January 2023)
HKAS 12 (Amendment)	Deferred Tax related to Assets and Liabilities Arising from a Single Transaction (effective from 1 January 2023)
HKAS 16 (Amendment)	Property, Plant and Equipment: Proceeds before Intended Use (effective from 1 January 2022)
HKAS 37 (Amendment)	Onerous Contracts – Cost of Fulfilling a Contract (effective from 1 January 2022)
HKFRS 3 (Amendment)	Reference to the Conceptual Framework (effective from 1 January 2022)
HKAS 10 and HKAS 28 (Amendments)	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (no mandatory effective date)
HKFRS 17 and HKFRS 17 (Amendments)	Insurance Contracts (effective from 1 January 2023)
HKFRSs (Amendments)	Annual Improvements to HKFRSs 2018–2020 Cycle (effective from 1 January 2022)
Accounting Guideline 5 (Revised)	Merger Accounting for Common Control Combinations (effective from 1 January 2022)
Hong Kong Interpretation 5 (2020)	Presentation of Financial Statements – Classification by the Borrower of a Term Loan that Contains a Repayment on Demand Clause (effective from 1 January 2023)

2. Summary of significant accounting policies (continued)

(a) Basis of preparation (continued)

(ii) **New standard, amendments to standards, practice statement, revised accounting guideline and interpretation that are not yet effective (continued)**

The Group will adopt the above new standard, amendments to standards, practice statement, revised accounting guideline and interpretation as and when they become effective. The Group has commenced a preliminary assessment of the likely impact of adopting the above new standard, amendments to standards, practice statement, revised accounting guideline and interpretation, and expects the adoption will have no significant impact on the Group's results and financial position or any substantial changes in the Group's accounting policies and presentation of the consolidated financial statements. The Group will continue to assess the impact in more detail.

(b) Consolidation

The consolidated financial statements include the financial statements of the Company and its subsidiaries made up to 31 March and include the share of post-acquisition results and reserves of its associated companies and joint ventures attributable to the Group.

Results attributable to subsidiaries, associated companies and joint ventures acquired or disposed of during the financial period are included in the consolidated income statement from the date of acquisition or up to the date of disposal as applicable.

The gain or loss on disposal of subsidiaries, associated companies or joint ventures is calculated by reference to the share of net assets at the date of disposal including the attributable amount of goodwill not yet written off.

(c) Subsidiaries

A subsidiary is an entity (including a structured entity) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity.

Subsidiaries are fully consolidated from the date on which control is transferred to the Group and are de-consolidated from the date that control ceases.

Intra-group transactions, balances and unrealized gains on transactions between group companies are eliminated. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the transferred assets. When necessary, amounts reported by subsidiaries have been adjusted to conform with the Group's accounting policies.

Notes to the Consolidated Financial Statements (continued)

For the year ended 31 March 2022

2. Summary of significant accounting policies (continued)

(c) Subsidiaries (continued)

(i) Business combinations

The Group uses the acquisition method of accounting to account for business combinations. The consideration transferred for the acquisition of a subsidiary is the fair values of the assets transferred, the liabilities incurred to the former owners of the acquiree and the equity interests issued by the Group. The consideration transferred includes the fair value of any asset or liability resulting from a contingent consideration arrangement. Acquisition-related costs are expensed as incurred. Identifiable assets acquired and liabilities and contingent liabilities assumed in a business combination are measured initially at their fair values at the acquisition date. The Group recognizes any non-controlling interest in the acquiree on an acquisition-by-acquisition basis. Non-controlling interests in the acquiree that are present ownership interests and entitle their holders to a proportionate share of the entity's net assets in the event of liquidation are measured at either fair value or the present ownership interests' proportionate share in the recognized amounts of the acquiree's identifiable net assets. All other components of non-controlling interests are measured at their acquisition date fair values, unless another measurement basis is required by HKFRSs.

If the business combination is achieved in stages, the acquisition-date carrying value of the acquirer's previously held equity interest in the acquiree is re-measured to fair value at the acquisition date; any gains or losses arising from such remeasurement are recognized in the consolidated income statement.

Any contingent consideration to be transferred by the Group is recognized at fair value at the acquisition date. Subsequent changes to the fair value of the contingent consideration that is deemed to be an asset or liability is recognized in accordance with HKFRS 9 either in the consolidated income statement or as a change to other comprehensive income. Contingent consideration that is classified as equity is not remeasured, and its subsequent settlement is accounted for within equity.

The excess of the consideration transferred, the amount of any non-controlling interest in the acquiree and the acquisition-date fair value of any previous equity interest in the acquiree over the fair value of the identifiable net assets acquired is recorded as goodwill. If the total of consideration transferred, non-controlling interest recognized and previously held interest measured is less than the fair value of the net assets of the subsidiary acquired in the case of a bargain purchase, the difference (negative goodwill) is recognized directly in the consolidated income statement.

2. Summary of significant accounting policies (continued)

(c) Subsidiaries (continued)

(ii) Disposal of subsidiaries

When the Group ceases to have control, any retained interest in the subsidiary is remeasured to its fair value at the date when control is lost, with the change in carrying amount recognized in the consolidated income statement. The fair value is the initial carrying amount for the purpose of subsequently accounting for the retained interest as an associated company, a joint venture or a financial asset. In addition, any amounts previously recognized in other comprehensive income in respect of that subsidiary are accounted for as if the Group had directly disposed of the related assets or liabilities. This means that amounts previously recognized in other comprehensive income are reclassified to the consolidated income statement or transferred to another category of equity as specified/permitted by applicable HKFRSs.

(iii) Separate financial statements

In the balance sheet of the Company, investments in subsidiaries are carried at cost less impairment losses. The results of subsidiaries are accounted for by the Company on the basis of dividend received and receivable.

Impairment testing of the investments in subsidiaries is required upon receiving a dividend from these investments if the dividend exceeds the total comprehensive income of the subsidiary in the period the dividend is declared or if the carrying amount of the investment in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

(d) Changes in ownership interests in subsidiaries without change of control

Transactions with non-controlling interests that do not result in a loss of control are accounted for as equity transactions – that is, as transactions with the owners of the subsidiary in their capacity as owners. The difference between the fair value of any consideration paid and the relevant share acquired of the carrying value of net assets of the subsidiary is recorded in equity. Gains or losses on disposals to non-controlling interests are also recorded in equity.

2. Summary of significant accounting policies (continued)

(e) Associated companies

An associated company is an entity over which the Group has significant influence but not control, generally accompanying a shareholding of between 20% and 50% of the voting rights.

Investments in associated companies are accounted for under the equity method of accounting. Under the equity method, the investments are initially recognized at cost, and the carrying amount is increased or decreased to recognize the investor's share of the profit or loss of the investee after the date of acquisition. The Group's investments in associated companies include goodwill identified on acquisition. Upon the acquisition of the ownership interest in an associated company, any difference between the cost of the associated company and the Group's share of the net fair value of the associated company's identifiable assets and liabilities is accounted for as goodwill.

If the ownership interest in an associated company is reduced but significant influence is retained, only a proportionate share of the amounts previously recognized in other comprehensive income are reclassified to the consolidated income statement where appropriate.

The share of post-acquisition profits or losses of associated companies attributable to the Group is recognized in the consolidated income statement, and the share of post-acquisition movements in other comprehensive income is recognized in other comprehensive income. The cumulative post-acquisition movements are adjusted against the carrying amount of the investment. When the share of losses of the Group in an associated company equals or exceeds its interest in the associated company (which includes any long-term interests that, in substance, form part of the Group's net investment in the associated company), the Group does not recognize further losses, unless it has incurred legal or constructive obligations or made payments on behalf of the associated company.

The Group determines at each balance sheet date whether there is any objective evidence that the investment in associated company is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associated company and its carrying value and recognizes the amount adjacent to "share of results of associated companies" in the consolidated income statement.

Unrealized gains on transactions between the Group and its associated companies are eliminated to the extent of the interest in the associated companies held by the Group. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of associated companies have been changed where necessary to ensure consistency with the accounting policies adopted by the Group. Dilution gains and losses arising from investments in associated companies are recognized in the consolidated income statement.

2. Summary of significant accounting policies (continued)

(f) Joint arrangements

Investments in joint arrangements are classified as either joint operations or joint ventures depending on the contractual rights and obligations of each investor, rather than the legal structures of the joint arrangements. The Group has assessed the nature of its joint arrangements and applied HKFRS 11 in preparing the consolidated financial statements.

Joint operation

A joint arrangement which does not involve the establishment of a separate entity but involves the joint control and ownership by the Group and other parties of assets contributed to, or acquired for the purpose of, the joint arrangement is accounted for as a joint operation. The Group's share of joint operation and any liabilities incurred jointly with other joint operation partners are recognized and classified according to the nature of the relevant items. Income from the sale or use of the Group's share of the output of joint operation is recognized when it is probable that the economic benefits associated with the transaction will flow to the Group, while the Group's share of expenses in respect of joint operation is recognized as incurred.

Joint venture

Under the equity method of accounting, interests in joint ventures are initially recognized at cost and adjusted thereafter to recognize the Group's share of the post-acquisition profits or losses and movements in other comprehensive income. The Group's investments in joint ventures include goodwill identified on acquisition. Upon the acquisition of the ownership interest in a joint venture, any difference between the cost of the joint venture and the Group's share of the net fair value of the joint venture's identifiable assets and liabilities is accounted for as goodwill. When the Group's share of losses in a joint venture equals or exceeds its interest in the joint venture (which includes any long-term interests that, in substance, form part of the Group's net investment in the joint venture), the Group does not recognize further losses, unless it has incurred obligation or made payments on behalf of the joint venture.

Unrealized gains on transactions between the Group and its joint venture are eliminated to the extent of the interest in the joint venture held by the Group. Unrealized losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of joint venture have been changed where necessary to ensure consistency with the accounting policies adopted by the Group.

(g) Goodwill

Goodwill represents the excess of the cost of an acquisition over the fair value of the share of the net identifiable assets of the acquired subsidiaries, associated companies or joint ventures attributable to the Group at the effective date of acquisition, and in respect of an increase in holding in a subsidiary, it is regarded as a transaction with non-controlling interest. The cost of an acquisition is measured at the fair value of the assets given, equity instruments issued and liabilities incurred or assumed at the date of exchange.

Goodwill on acquisitions of subsidiaries is included in intangible assets while goodwill on acquisitions of associated companies or joint ventures is included in investments in associated companies or joint ventures respectively. If the cost of acquisition is less than the fair value of the net assets acquired, the difference is recognized directly in the consolidated income statement.

Goodwill is tested for impairment at least annually and whenever there is an indication for impairment, and is carried at cost less accumulated impairment losses. Impairment losses on goodwill are not reversed. Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination in which the goodwill arose has been identified according to operating segment.

Impairment testing of the investments in subsidiaries, associated companies and joint ventures is required upon receiving dividends from these investments if the dividend exceeds the total comprehensive income of the subsidiaries, associated companies and joint ventures in the period the dividend is declared or if the carrying amount of the investments in the separate financial statements exceeds the carrying amount in the consolidated financial statements of the investee's net assets including goodwill.

2. Summary of significant accounting policies (continued)

(h) Property, plant and equipment

Property, plant and equipment are stated at historical cost less accumulated depreciation and impairment losses. Historical cost includes expenditure that is directly attributable to the acquisition of the assets. Subsequent costs are included in the carrying amount of the asset or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the asset will flow to the Group and the cost of the asset can be measured reliably. The carrying amount of the replaced part is derecognized. All other repairs and maintenance costs are expensed in the consolidated income statement during the financial period in which they are incurred.

Depreciation of property, plant and equipment is calculated using the straight-line method to allocate their costs to their residual values over their estimated useful lives at the following annual rates:

Buildings	2.0% to 5.0%
Plant and machinery	10.0% to 20.0%
Furniture and fixtures	10.0% to 30.0%
Other assets	10.0% to 33.3%

The residual values and useful lives of the assets are reviewed, and adjusted if appropriate, at each balance sheet date. Where the estimated recoverable amounts have declined below their carrying amounts, the carrying amounts are written down to their estimated recoverable amounts.

Gain or loss on disposal is determined as the difference between the net sales proceeds and the carrying amount of the relevant assets, and is recognized in the consolidated income statement.

(i) Investment properties

Properties that are held for long-term rental yields or for capital appreciation or both, and that are not occupied by the Group, are classified as investment properties. Investment properties also include properties that are being constructed or developed for future use as investment properties.

All leases that meet the definition of investment properties are classified as investment properties and measured at fair value.

Investment property is measured initially at its cost, including related transaction costs and borrowing costs. Borrowing costs incurred for the purpose of acquiring, constructing or producing a qualifying investment property are capitalized as part of its cost. Borrowing costs are capitalized while acquisition or construction is actively underway and will be ceased once the asset is substantially completed, or suspended if the development of the asset is suspended.

2. Summary of significant accounting policies (continued)

(i) Investment properties (continued)

Investment property that is obtained through a lease is measured initially at the lease liability amount adjusted for any lease payments made at or before the commencement date (less any lease incentives received), and any initial direct costs incurred by the Group.

After initial recognition, investment property is carried at fair value. Fair value is based on valuations carried out by professional valuers who hold recognized and relevant professional qualifications and have recent experience in the location and category of the investment property being valued. These valuations form the basis of the carrying amounts in the consolidated financial statements. Investment property that is being redeveloped for continuing use as investment property or for which the market has become less active continues to be measured at fair value.

Fair value measurement on property under construction is only applied if the fair value is considered to be reliably measurable.

It may sometimes be difficult to determine reliably the fair value of the investment property under construction. In order to evaluate whether the fair value of an investment property under construction can be determined reliably, management considers the following factors, among others:

- The provisions of the construction contract
- The stage of completion
- Whether the project/property is standard (typical for the market) or non-standard
- The level of reliability of cash inflows after completion
- The development risk specific to the property
- Past experience with similar constructions
- Status of construction permits

The fair value of investment property reflects, among other things, rental income from current leases and assumptions about rental income from future leases in the light of current market conditions. The fair value also reflects, on a similar basis, any cash outflows that could be expected in respect of the property. Some of those outflows are recognized as liabilities, including lease liabilities in respect of right-of-use assets classified as investment property; others, including contingent rent payments, are not recognized in the consolidated financial statements. The fair value of investment property also reflects the market values of comparable properties which have been recently transacted, adjusted for any qualitative differences that may affect the price such as location, floor area, quality and the finishes of the building and other related factors.

Subsequent expenditure is capitalized to the carrying amount of the property only when it is probable that future economic benefits associated with the property will flow to the Group and the cost can be measured reliably. All other repairs and maintenance costs are expensed in the consolidated income statement during the financial period in which they are incurred.

2. Summary of significant accounting policies (continued)

(i) Investment properties (continued)

Changes in fair values of investment properties are recognized in the consolidated income statement. Investment property is derecognized either when it has been disposed of or when the investment property is permanently withdrawn from use and no future economic benefit is expected from its disposal.

Investment properties under construction have been valued at the balance sheet date. All fair value gains or losses are recognized in the consolidated income statement as fair value gains or losses.

If an investment property becomes owner-occupied, it is reclassified as property, plant and equipment. Its fair value at the date of reclassification becomes its cost for subsequent accounting purposes.

Where an investment property undergoes a change in use, evidenced by commencement of development with a view to sale, the property is transferred to inventories. A property's deemed cost for subsequent accounting as inventories is its fair value at the date of change in use.

If an owner-occupied property becomes an investment property because its use has changed, any difference resulting from the carrying amount and the fair value of this property at the date of transfer is recognized in other comprehensive income as revaluation reserve of property, plant and equipment. However, if the fair value gives rise to a reversal of a previous impairment, this amount is recognized in the consolidated income statement. This revaluation reserve shall remain and be transferred to retained profits upon disposal of this property.

If a property for/under development or a property for sale becomes an investment property when there is a change in use, any difference resulting from the fair value of the property at that date and its previous carrying amount is recognized in the consolidated income statement.

The investment properties are classified under non-current assets except for those properties which are expected to be disposed of within one year and are classified under current assets. Investment properties are reclassified as assets of disposal group held for sale when their carrying amount is to be recovered principally through a sale transaction and a sale is considered highly probable.

2. Summary of significant accounting policies (continued)

(j) Cemetery assets

Cost of cemetery assets comprises the right-of-use assets and costs of development expenditures incurred for the grave plots and niches for cremation urns. Cemetery assets are classified as current assets unless the construction period of the relevant grave plots or niches for cremation urns is expected to complete beyond the normal operating cycle.

Grave plots and niches for cremation urns are stated at the lower of cost and net realizable value. Net realizable value represents the estimated selling price for cemetery assets less all estimated costs of completion and applicable variable selling expenses.

(k) Properties for/under development

Properties for/under development are stated at the lower of cost and net realizable value. Costs include right-of-use assets, development and construction expenditures incurred and any borrowing costs capitalized and other direct costs attributable to the development. Net realizable value is determined on the basis of anticipated sales proceeds less applicable variable selling expenses and costs to complete.

Properties for/under development are classified as properties for sale under current assets unless the construction period of the relevant development project is expected to complete beyond the normal operating cycle.

(l) Properties for sale

Properties for sale which include properties under development (note 2(k)) and completed properties are classified under current assets and comprise right-of-use assets, development and construction expenditures, any borrowing costs capitalized and other direct costs attributable to the development. Properties for sale are carried at the lower of cost and net realizable value. Net realizable value is determined on the basis of anticipated sales proceeds less applicable variable selling expenses and costs to complete.

2. Summary of significant accounting policies (continued)

(m) Financial assets

(i) Classification

The Group classifies its financial assets in the measurement categories of those to be measured subsequently at fair value (either through other comprehensive income ("OCI") or through profit or loss) and those to be measured at amortized cost.

The classification depends on the Group's business model for managing the financial assets and the contractual terms of the cash flows.

For assets measured at fair value, gains and losses will either be recorded in OCI or profit or loss. For investments in equity instruments that are not held for trading, this will depend on whether the Group has made an irrevocable election at the time of initial recognition to account for the equity investment at fair value through other comprehensive income ("FVOCI").

The Group reclassifies debt investments when and only when its business model for managing those assets changes.

(ii) Recognition and derecognition

Regular purchases and sales of financial assets are recognized on trade-date, the date on which the Group commits to purchase or sell the asset. Financial assets are derecognized when the rights to receive cash flows from the financial assets have expired or have been transferred and the Group has transferred substantially all the risks and rewards of ownership.

(iii) Measurement

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss ("FVPL"), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in consolidated income statement.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payment of principal and interest.

2. Summary of significant accounting policies (continued)

(m) Financial assets (continued)

(iii) Measurement (continued)

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are three measurement categories into which the Group classifies its debt instruments:

- **Amortized cost:** Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortized cost. Interest income from these financial assets is included in the consolidated income statement using the effective interest rate method. Any gain or loss arising on derecognition is recognized directly in consolidated income statement and presented in other income and net gains/losses together with foreign exchange gains and losses. Impairment losses, if material, are presented as separate line item in the consolidated income statement.
- **FVOCI:** Assets that are held for collection of contractual cash flows and for selling the financial assets, where the assets' cash flows represent solely payments of principal and interest, are measured at FVOCI. Movements in the carrying amount are taken through OCI, except for the recognition of impairment gains or losses, interest income and foreign exchange gains and losses which are recognized in consolidated income statement. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified from equity to profit or loss and recognized in other income and net gains/losses. Interest income from these financial assets is included in other income and net gains/losses using the effective interest rate method. Foreign exchange gains and losses are presented in other income and net gains/losses and impairment losses, if material, are presented as separate line item in the consolidated income statement.
- **FVPL:** Assets that do not meet the criteria for amortized cost or FVOCI are measured at FVPL. A gain or loss on a debt investment that is subsequently measured at FVPL is recognized in consolidated income statement.

Equity instruments

The Group subsequently measures all equity investments at fair value. Where the Group's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to profit or loss following the derecognition of the investment. Dividends from such investments continue to be recognized in consolidated income statement when the Group's right to receive payments is established.

2. Summary of significant accounting policies (continued)

(n) Impairment of financial assets

The Group assesses on a forward looking basis the expected credit losses ("ECL") associated with its debt instruments carried at amortized cost and FVOCI. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade debtors, the Group applies the simplified approach permitted by HKFRS 9, which requires expected lifetime losses to be recognized from initial recognition of the receivables.

The Group's other financial assets carried at amortized cost include loans and receivables, other receivables, amounts due from associated companies and joint ventures. The impairment loss of other financial assets carried at amortized cost is measured based on twelve months expected credit loss. The twelve months expected credit loss is the portion of lifetime expected credit loss that results from default events on a financial instrument that are possible within twelve months after the reporting date. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime expected credit loss.

(o) Offsetting financial instruments

Financial assets and liabilities are offset and the net amount is reported in the balance sheet when there is a legally enforceable right to offset the recognized amounts and there is an intention to settle on a net basis or realize the asset and settle the liability simultaneously. The legally enforceable right must not be contingent on future events and must be enforceable in the normal course of business and in the event of default, insolvency or bankruptcy of the company or the counterparty.

(p) Inventories

Inventories, which mainly comprise home finishing products, merchandises and hotel consumables, are stated at the lower of cost and net realizable value. Cost is calculated on the first-in first-out basis or specific identification basis. The cost of finished goods comprises raw materials, direct labour, other direct costs and related production overheads (based on normal operating capacity). Net realizable value is the estimated selling price in the ordinary course of business less applicable variable selling expenses.

Notes to the Consolidated Financial Statements (continued)

For the year ended 31 March 2022

2. Summary of significant accounting policies (continued)

(q) Trade and other debtors

Trade and other debtors are amounts due from customers for properties and goods and merchandises sold or services performed in the ordinary course of business. If collection of trade and other debtors is expected within one year or less (or in the normal operating cycle of the business if longer), they are classified as current assets. If not, they are presented as non-current assets.

Trade and other debtors are recognized initially at the amount of consideration that is unconditional and subsequently measured at amortized cost using the effective interest method, less provision for impairment, as the Group holds the trade and other debtors with the objective to collect the contractual cash flows and those cash flows represent solely payments of principal and interest. The Group's impairment policies are set out in note 2(n). The carrying amount of trade and other debtors is reduced through the use of an allowance account and the amount of the provision is recognized in the consolidated income statement within administrative and other operating expenses. When a debtor is uncollectible, it is written off against the allowance account for trade and other debtors. Subsequent recoveries of amounts previously written off are credited in the consolidated income statement.

(r) Impairment of non-financial assets

Assets are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognized for the amount by which the carrying amount of the asset exceeds its recoverable amount, which is the higher of the fair value of an asset less costs to sell and value-in-use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows (cash-generating units). Assets other than goodwill that suffered an impairment are reviewed for possible reversal of the impairment at each balance sheet date.

(s) Creditors and accruals

Creditors and accruals are obligations to pay for goods or merchandises or services that have been acquired in the ordinary course of business from suppliers. Creditors and accruals are classified as current liabilities if payment is due within one year or less (or in the normal operating cycle of the business if longer). If not, they are presented as non-current liabilities.

Creditors and accruals are recognized initially at fair value and subsequently measured at amortized cost using the effective interest method.

2. Summary of significant accounting policies (continued)

(t) Provisions

Provisions are recognized when there is a present legal or constructive obligation as a result of past events, and it is probable that an outflow of resources will be required to settle the obligation, and a reliable estimate of the amount can be made. Where a provision is expected to be reimbursed, the reimbursement is recognized as a separate asset but only when the reimbursement is virtually certain. Restructuring provisions comprise lease termination penalties and employee termination payments. Provisions are not recognized for future operating losses.

Where there are a number of similar obligations, the likelihood that an outflow will be required in settlement is determined by considering the class of obligations as a whole. A provision is recognized even if the likelihood of an outflow with respect to any one item included in the same class of obligations may be small.

Provisions are measured at the present value of the expenditures expected to be required to settle the obligation using a pre-tax rate that reflects current market assessments of the time value of money and the risks specific to the obligation. The increase in the provision due to passage of time is recognized as interest expense.

(u) Share capital

Ordinary shares are classified as equity.

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

Where any group company purchases the Company's equity share capital, the consideration paid, including any directly attributable incremental costs (net of income taxes) is deducted from equity attributable to owners of the Company. Where such ordinary shares are subsequently reissued, any consideration received, net of any directly attributable incremental transaction costs and the related income tax effects, is included in equity attributable to owners of the Company.

Notes to the Consolidated Financial Statements (continued)

For the year ended 31 March 2022

2. Summary of significant accounting policies (continued)

(v) Borrowings

Borrowings are recognized initially at fair value, net of transaction costs incurred. Transaction costs are incremental costs that are directly attributable to the acquisition, issue or disposal of a financial liability, including fees and commissions to agents, advisers, brokers and dealers, levies by regulatory agencies and securities exchanges, and transfer taxes and duties. Borrowings are subsequently stated at amortized cost; any difference between the proceeds, net of transaction costs, and the redemption value is recognized in the consolidated income statement over the period of the borrowings using the effective interest method.

Fees paid on the establishment of loan facilities are recognized as transaction costs of the loan to the extent that it is probable that some or all of the facilities will be drawn down. In this case, the fee is deferred until the drawdown occurs. To the extent there is no evidence that it is probable that some or all of the facilities will be drawn down, the fee is capitalized as a prepayment for liquidity services and amortized over the period of the facility to which it relates.

Borrowings are classified as current liabilities unless the Group has an unconditional right to defer settlement of the liability for at least twelve months after the balance sheet date.

(w) Current and deferred taxation

The tax expenses for the year comprise current and deferred taxes. Tax is recognized in the consolidated income statement, except to the extent that it relates to items recognized in other comprehensive income or directly in equity. In this case, the tax is also recognized in other comprehensive income or directly in equity respectively.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the balance sheet date in the countries where the Group, its associated companies and joint ventures operate and generate taxable income. Management periodically evaluates positions taken in tax returns with respect to situations in which applicable tax regulation is subject to interpretation. It establishes provisions where appropriate on the basis of amounts expected to be payable to the tax authorities.

Deferred taxation is recognized, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the consolidated financial statements. However, deferred taxation liabilities are not recognized if they arise from the initial recognition of goodwill, the deferred taxation is not accounted for if it arises from initial recognition of an asset or liability in a transaction other than a business combination that at the time of the transaction affects neither accounting nor taxable profit or loss. Deferred tax is determined using tax rates and laws that have been enacted or substantively enacted at the balance sheet date and are expected to apply when the related deferred income tax asset is realized or the deferred income tax liability is settled.

2. Summary of significant accounting policies (continued)

(w) Current and deferred taxation (continued)

Deferred taxation assets are recognized to the extent that it is probable that future taxable profit will be available against which the temporary differences can be utilized.

Deferred taxation liabilities are provided on taxable temporary differences arising from investments in subsidiaries, associated companies and joint arrangements, except for deferred taxation liability where the timing of the reversal of the temporary difference is controlled by the Group and it is probable that the temporary difference will not reverse in the foreseeable future.

Deferred taxation assets are recognized on deductible temporary differences arising from investments in subsidiaries, associated companies and joint arrangements only to the extent that it is probable the temporary difference will reverse in the future and there is sufficient taxable profit available against which the temporary difference can be utilized.

Deferred taxation assets and liabilities are offset when there is a legally enforceable right to offset current tax assets against current tax liabilities and when the deferred taxation assets and liabilities relate to income taxes levied by the same taxation authority on either the taxable entity or different taxable entities where there is an intention to settle the balances on a net basis.

(x) Leases

Leases are recognized as a right-of-use asset and a corresponding liability at the date at which the leased asset is available for use by the Group.

Assets and liabilities arising from a lease are initially measured on a present value basis. Lease liabilities include the net present value of fixed payments (including in-substance fixed payments), less any lease incentives receivables.

The lease payments are discounted using the lessee's incremental borrowing rate.

Lease payments are allocated between the principal and finance cost. The finance cost is charged to the consolidated income statement over the lease period so as to produce a constant period rate of interest on the remaining balance of the liability for each period.

Right-of-use assets are measured at cost comprising the following:

- The amount of the initial measurement of lease liability, and
- any lease payments made at or before the commencement date less any lease incentives received.

Notes to the Consolidated Financial Statements (continued)

For the year ended 31 March 2022

2. Summary of significant accounting policies (continued)

(x) Leases (continued)

Right-of-use assets are generally depreciated over the shorter of the asset's useful life and the lease term on a straight-line basis.

When the right-of-use assets meet the definition of investment properties, they are presented in investment properties, and are initially measured at cost and subsequently measured at fair value, in accordance with the Group's accounting policy.

The Group also has interests in leasehold lands and land use rights for use in its operations. Lump sum payments were made upfront to acquire these land interests from their previous registered owners or governments in the jurisdictions where the land is located. There are no ongoing payments to be made under the term of the land leases, other than insignificant lease renewal costs or payments based on rateable value set by the relevant government authorities. These payments are stated at cost and are amortized over the term of the lease which includes the renewal period if the lease can be renewed by the Group without significant cost.

Payments associated with short-term leases are recognized on a straight-line basis as an expense in the consolidated income statement. Short-term leases are leases with a lease term of twelve months or less.

Lease liabilities are classified as non-current liabilities unless payments are made within twelve months from the end of the reporting period.

Rental income from operating leases where the Group is a lessor is recognized as income on a straight-line basis over the lease term (note 2(y)). Initial direct costs incurred in obtaining an operating lease are added to the carrying amount of the underlying asset and recognized as expense over the lease term on the same basis as rental income. The respective leased assets are included in the consolidated balance sheet based on their nature.

2. Summary of significant accounting policies (continued)

(y) Revenue and income recognition

Revenue comprises the fair value of the consideration received or receivable for goods supplied, and is shown, net of value-added taxes, returns, rebates and discounts, allowances for credit and other revenue reducing factors.

Revenue is recognized when it is probable that future economic benefits will flow to the Group and specific criteria for each of the Group's activities as described below have been met. Estimates are based on historical results, taking into consideration the type of customers, the type of transactions and the specifics of each arrangement.

- (i) Revenue from sales of properties is recognized when or as the control of the asset is transferred to the customer. Depending on the terms of the contract and laws that apply to the contract, control of the properties under development may transfer over time or at a point in time. If properties have no alternative use to the Group contractually and the Group has an enforceable right to payment from the customers for performance completed to date, the Group satisfies the performance obligation over time and therefore, recognizes revenue over time in accordance with the input method for measuring progress. Otherwise, revenue is recognized at a point in time when the customer obtains control of the completed property.

For property development and sales contract for which the control of the property is transferred at a point in time, revenue is recognized when the customer obtains the physical possession or the legal title of the completed property and the Group has present right to payment and the collection of the consideration is probable.

In determining the transaction price, the Group adjusts the promised amount of consideration for the effect of a financing component if it is significant.

Contract acquisition costs incurred to obtain contracts are capitalized and amortized when the related revenue is recognized.

- (ii) Rental income, net of incentives given to lessees, is recognized on a straight-line basis over the period of the respective leases.
- (iii) Income from hotel operation and management is recognized when the services are rendered.
- (iv) Sales of cemetery assets are recognized when the control of the asset is transferred to the customer, which are when the customer obtains the physical possession or the legal title of the relevant cemetery assets and the Group has present right to payment and the collection of the consideration is probable.

Notes to the Consolidated Financial Statements (continued)

For the year ended 31 March 2022

2. Summary of significant accounting policies (continued)

(y) Revenue and income recognition (continued)

- (v) Sales of goods and merchandises are recognized when the control of the asset is transferred to the customer, which generally coincide with the time when goods and merchandises are delivered to the customers and legal title has been passed.
- (vi) Gain or loss from securities investment and trading is recognized on the transaction date when the relevant sale and purchase contracts are entered into.
- (vii) Service and management fees are recognized when the services are rendered.
- (viii) Interest income is recognized on a time proportion basis, using the effective interest method, taking into account the principal amounts outstanding and the interest rates applicable.
- (ix) Dividend income is recognized when the right to receive payment is established.

(z) Borrowing costs

Interest and related costs on borrowings attributable to the construction or acquisition of an asset that necessarily takes a substantial period of time to complete and prepare for its intended use or sale are capitalized as part of the cost of their assets. All other borrowing costs are charged to the consolidated income statement in the financial period in which they are incurred.

Investment income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

(aa) Employee benefits

Contributions to defined contribution retirement schemes such as the Mandatory Provident Fund Scheme in Hong Kong and the respective government employee retirement benefit schemes in the People's Republic of China (the "PRC") and other countries are charged to the consolidated income statement in the financial period to which the contributions relate. The Group has no further payment obligations once the contributions have been paid. Prepaid contributions are recognized as an asset to the extent that a cash refund or a reduction in the future payments is available.

Employee entitlements to annual leaves are recognized when they accrue to employees. A provision is made for the estimated liability for annual leave as a result of services rendered by employees up to the balance sheet date. Employee entitlements to sick and maternity leaves are not recognized until the time of leaves.

Provisions for bonus entitlements are recognized when the Group has a present legal or constructive obligation as a result of services rendered by employees and a reliable estimate of the obligation can be made. Such bonuses are payable within twelve months from the balance sheet date.

2. Summary of significant accounting policies (continued)

(ab) Cash and cash equivalents

Cash and cash equivalents comprise cash and bank balances, deposits with banks and financial institutions with maturity within three months from the date of placement.

(ac) Translation of foreign currencies

Transactions included in the financial statements of each of the entities of the Group are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Hong Kong dollar, which is the functional and presentation currency of the Company.

Foreign currency transactions are translated into the functional currency using the exchange rates prevailing at the dates of the transactions. Foreign exchange gains and losses resulting from the settlement of such transactions and from the translation of monetary assets and liabilities denominated in foreign currencies at the exchange rates ruling at the balance sheet date are recognized in the consolidated income statement.

The results and financial position of all the entities in the Group that have a functional currency different from the presentation currency are translated into the presentation currency as follows:

- (i) assets and liabilities for each balance sheet presented are translated at the rate of exchange ruling at the date of that balance sheet;
- (ii) income and expenses for each income statement are translated at average exchange rates unless this average is not a reasonable approximation of the cumulative effect of the rates prevailing on the transaction dates, in which case income and expenses are translated at the dates of the transactions; and
- (iii) all resulting exchange differences are recognized in other comprehensive income.

Goodwill and fair value adjustments arising on the acquisition of a foreign entity are treated as assets and liabilities of the foreign entity and translated at the rate of exchange ruling at the balance sheet date. Exchange differences arising are recognized in other comprehensive income.

On the disposal of a foreign operation (that is, a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation), all of the exchange differences accumulated in equity in respect of that operation attributable to the equity holders of the Company are reclassified to the consolidated income statement.

In the case of a partial disposal that does not result in the Group losing control over a subsidiary that includes a foreign operation, the proportionate share of accumulated exchange differences are re-attributed to non-controlling interests and are not recognized in the consolidated income statement.

2. Summary of significant accounting policies (continued)

(ad) Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision maker (the "CODM"). The CODM, who is responsible for allocating resources and assessing performance of the operating segments, has been identified as the Executive Directors and senior management.

(ae) Dividend distribution

Dividend distribution to the shareholders of the Company is recognized as a liability in the consolidated financial statements in the financial period in which the dividends are approved by the Company's shareholders or Directors as applicable.

(af) Financial guarantee liabilities

The Group provides financial guarantees to banks for mortgage loans made by the banks to certain purchasers of the Group's properties in the PRC.

Financial guarantees are recognized as a financial liability at the time the guarantee is issued. The liability is initially measured at fair value and subsequently at the higher of (1) the amount determined in accordance with the expected credit loss model under HKFRS 9; and (2) the amount initially recognized less, where appropriate, the cumulative amount of income recognized in accordance with the principles of HKFRS 15.

The fair value of financial guarantees is determined based on the present value of the difference in cash flows between the contractual payments required under the debt instrument and the payments that would be required without the guarantee, or the estimated amount that would be payable to a third party for assuming the obligations.

Where guarantees in relation to loans or other payables of associated companies or joint ventures are provided for no compensation, the fair values are accounted for as contributions and recognized as part of the cost of the investment.

(ag) Government grants

Grants from governments are recognized at fair value when there is a reasonable assurance that the grant will be received and that the Group will comply with all attached conditions.

Government grants relating to costs are deferred and recognized in the consolidated income statement over the period necessary to match them with costs that are intended to compensate and offset with related expenses.

2. Summary of significant accounting policies (continued)

(ah) Non-current assets (or disposal groups) held for sale and discontinued operation

Non-current assets (or disposal groups) are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell, except for assets such as deferred tax assets, assets arising from employee benefits and investment property that are carried at fair value, which are specifically exempted from their requirement.

An impairment loss is recognized for any initial or subsequent write-down of the asset (or disposal group) to fair value less costs to sell. A gain is recognized for any subsequent increases in fair value less costs to sell of an asset (or disposal group), but not in excess of any cumulative impairment loss previously recognized. A gain or loss not previously recognized by the date of the sale of the non-current asset (or disposal group) is recognized at the date of derecognition.

Non-current assets (including those that are part of a disposal group) are not depreciated or amortized while they are classified as held for sale. Interest and other expenses attributable to the liabilities of disposal group classified as held for sale continue to be recognized.

Non-current assets classified as held for sale and the assets of a disposal group classified as held for sale are presented separately from the other assets in the balance sheet. The liabilities of a disposal group classified as held for sale are presented separately from other liabilities in the balance sheet.

A discontinued operation is a component of the entity that has been disposed of or is classified as held for sale and that represents a separate major line of business or geographical area of operations, is part of a single co-ordinated plan to dispose of such a line of business or area of operations, or is a subsidiary acquired exclusively with a view to resale. The results of discontinued operations are presented separately in the consolidated income statement.

3. Financial risk management

(a) Financial risk factors

The activities of the Group expose it to a variety of financial risks including credit risk, liquidity risk, cash flow and fair value interest rate risk, foreign exchange risk and price risk. The overall risk management programme of the Group focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance of the Group.

Financial risk management is carried out by the finance department under policies approved by the board of Directors (the "Board"). The Board provides principles for overall risk management, as well as written policies covering specific areas.

(i) Credit risk

The maximum exposure to credit risk is represented by the carrying amount of each financial assets (other than financial assets at fair value through profit or loss and financial assets at fair value through other comprehensive income) after deducting any impairment provision in the consolidated balance sheet. The Group's exposure to credit risk arising from debtors is set out in note 27.

Credit risk of the Group is primarily attributable to deposits with banks and financial institutions and non-current loans and receivables, as well as credit exposures to customers and other debtors. The Group has credit policies in place and exposures to these credit risks are monitored on an ongoing basis.

The Group applies the HKFRS 9 simplified approach in measuring expected credit losses which uses a lifetime expected loss allowance for all trade debtors.

To measure the expected credit losses, trade debtors are grouped based on shared credit risk characteristics and the days past due. The expected loss rates are based on the historical payment profiles and the corresponding historical credit losses. The historical loss rates are adjusted to reflect current and forward-looking information on macroeconomic factors and industry trends affecting the ability of the debtors to settle the outstanding balance.

Management considered the credit risk of loans and receivables, other receivables and amounts due from associated companies and joint ventures is low, as counterparties have a strong capacity to meet their contractual cash flow obligations in the near term, except for loans and receivables relating to amounts which are long overdue with significant amounts or known insolvencies or non-response to collection activities, they are assessed individually for impairment allowance which have taken into account the expected recoveries from the collateral on the mortgaged property, if any.

3. Financial risk management (continued)

(a) Financial risk factors (continued)

(i) Credit risk (continued)

The Group has assessed that the expected credit losses for these loans and receivables, other receivables and amounts due from associated companies and joint ventures were nil (2021: nil) under 12 months expected losses method and no provision was recognized (2021: nil).

The Group manages its deposits with banks and financial institutions by monitoring credit ratings and only places deposits with banks and financial institutions with no history of defaults. As at 31 March 2022, the monies placed with banks and financial institutions in Hong Kong, the PRC and other countries amounted to approximately HK\$4,030 million (2021: HK\$2,216 million), HK\$134 million (2021: HK\$64 million) and HK\$16 million (2021: HK\$17 million), respectively.

In respect of credit exposures to customers, the Group normally receives deposits or progress payments from customers prior to the completion of sales of properties or goods or merchandises transactions. Customers are assessed and rated individually based on the credit quality by taking into account their financial position, credit history and other factors. Rentals in respect of investment properties are payable in advance by tenants in accordance with the lease agreements. The Group has policies in place to ensure that rental deposits are required from tenants prior to commencement of leases. Loans and receivables and other deposits are generally supported by the respective underlying assets. Sales of hotel rooms are made either in cash, via credit cards or to customers with appropriate credit history.

In addition, the Group has other monitoring procedures to ensure that follow up action is taken to recover overdue debts. The Group reviews regularly the recoverable amount of each individual debtor to ensure that adequate impairment provision are made for irrecoverable amounts. The Group has no significant concentrations of credit risk as the receivables consist of a large number of customers.

In respect of the other debtors, amounts due from associated companies and joint ventures and loans and receivables, the Group monitors the recovery of the balances closely and ensures that adequate impairment provision has been made for the estimated irrecoverable amounts.

The Group has provided guarantees in respect of mortgage loans made by certain banks to certain purchasers of the Group's properties in the PRC. Since the Group is able to retain the purchasers' deposits and sell the properties to recover any amounts paid by the Group to the banks, the management considers that the Group's credit risk is minimal (see also note 37).

(a) Financial risk factors (continued)

(ii) Liquidity risk

Liquidity risk is the risk that the Group is unable to meet its current obligations when they fall due. The Group measures and monitors its liquidity through the maintenance of prudent ratios regarding the liquidity structure of the overall assets, liabilities, loans and commitments of the Group. The Group has put in place a policy of obtaining long-term banking facilities to match its long-term investments in Hong Kong, the PRC and other countries. The Group also maintains a conservative level of liquid assets to ensure the availability of sufficient cash flows to meet any unexpected and material cash requirements in the ordinary course of business. In addition, as at 31 March 2022, the Group has standby banking facilities to provide contingent liquidity support which amounted to approximately HK\$1,815 million (2021: HK\$1,245 million). Details of the bank borrowings are disclosed in note 33.

The table below analyzes the Group's financial liabilities that will be settled in relevant maturity groupings based on the remaining period at the balance sheet date to the contractual maturity date. Specifically, bank borrowings with a repayment on demand clause are included in the earliest time band regardless of the probability of the banks choosing to exercise their rights. The amounts disclosed in the table are the contractual undiscounted cash flows including interest payment. It excludes the financial guarantees provided by the Group (note 37) as management considers the likely crystallization of the guarantees to be minimal.

(iii) Cash flow and fair value interest rate risk

Interest rate risk is the risk that the position of the Group may be adversely affected by the changes in market interest rate. The policy of the Group involves close monitoring of interest rate movements and replacing and entering into new banking facilities when favourable pricing opportunities arise.

The interest rate risk of the Group mainly arises from interest-bearing loans and receivables, bank deposits, bank borrowings and bond investments in the financial assets at fair value through profit or loss. Loans and receivables, bank deposits and bank borrowings issued at variable rates expose the Group to cash flow interest rate risk. Bond investments at fixed rates expose the Group to fair value interest rate risk. The Group currently does not have any interest rate hedging policy in relation to interest rate risk. The Board monitors the Group's exposure on an ongoing basis and will consider hedging interest rate risk should the need arise.

As at 31 March 2022, in respect of cash flow interest rate risk, if interest rates had been 0.5% (2021: 0.5%) higher/lower with all other variables held constant, the pre-tax result of the Group would have decreased/increased by approximately HK\$18,084,000 (2021: HK\$23,492,000).

3. Financial risk management (continued)

(a) Financial risk factors (continued)

(iv) Foreign exchange risk

Foreign exchange risk arises on monetary assets and liabilities being denominated in a currency that is not the functional currency; differences resulting from the translation of financial statements into the presentation currency of the Group are not taken into consideration.

The Group mainly operates in Hong Kong, the PRC, Singapore, Malaysia, Vietnam, Mongolia, Taiwan and Philippines. The Group has no significant foreign exchange risk due to limited foreign currency transactions other than the functional currencies of the respective entities.

(v) Price risk

The Group is exposed to securities and bonds investments price risk because investments held by the Group are classified as financial assets at fair value through other comprehensive income and financial assets at fair value through profit or loss. Unrealized gains and losses arising from the change in the fair value of financial assets at fair value through other comprehensive income and financial assets at fair value through profit or loss are recognized in other comprehensive income and the consolidated income statement respectively. To manage its price risk arising from investments in securities and bonds investments, the Group diversifies its portfolio. Diversification of the portfolio is done in accordance with the limits set by the Group.

The table below summarizes the impact of increase/decrease of the market price of the Group's publicly-traded investments by 5% (2021: 5%) with all other variables held constant:

	Impact on pre-tax result		Impact on investment revaluation reserve	
	2022	2021	2022	2021
	HK\$'000	HK\$'000	HK\$'000	HK\$'000
5% change in market price	49,540	166,835	4,471	4,364

3. Financial risk management (continued)

(b) Capital risk management

The objectives of the Group when managing capital are to safeguard the ability of the Group to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends paid to shareholders, issue new shares or sell assets to reduce debt.

The Group monitors capital on the basis of the net debt to equity ratio. The Group's net debt to equity ratio, expressed as a percentage of bank borrowings net of cash, bank balances and bonds and securities investments of financial assets at fair value through profit or loss over net assets attributable to equity holders of the Company, was 2.2% (2021: 12.9%).

(c) Fair value estimation

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. The quoted market price used for financial assets held by the Group is the current price within the bid-ask spread which is the most representative of the fair value in the given circumstances.

The fair values of long-term loans and receivables and bank borrowings are estimated using the expected future payments discounted at market interest rates. The carrying values of the long-term loans and receivables and bank borrowings approximate their fair values since they are floating interest rate loans and receivables and borrowings.

The carrying values less any estimated credit adjustments for financial assets and liabilities with a maturity of less than one year, including debtors and prepayments, cash and bank balances, creditors and accruals and current bank borrowings approximate their fair values.

The Group adopted the amendment to HKFRS 7 for financial instruments that are measured in the balance sheet at fair value. This requires disclosure of fair value measurements by level in the following fair value measurement hierarchy:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1)
- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2)
- Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs) (level 3)

3. Financial risk management (continued)

(c) Fair value estimation (continued)

The fair value of financial instruments traded in active markets is based on quoted market prices at the balance sheet date. A market is regarded as active if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis. The quoted market price used for these financial assets held by the Group, which are listed securities and bonds investments, is the current price within the bid-ask spread in stock market and bond market. These instruments are included in level 1 which comprise primarily investments classified as financial assets at fair value through other comprehensive income (listed securities) and financial assets at fair value through profit or loss (listed securities and bonds).

The fair value of financial instruments that are not traded in an active market (for example, over-the-counter derivatives) is determined by using valuation techniques. These valuation techniques maximize the use of observable market data where it is available and rely as little as possible on entity specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3 which comprises primarily unlisted investments classified as financial assets at fair value through other comprehensive income and financial assets at fair value through profit or loss.

Specific valuation techniques used to value financial instruments include:

- Quoted market prices or dealer quotes for similar instruments
- Other techniques, such as market approach and discounted cash flow analysis, are used to determine fair value for the remaining financial instruments

There was no transfer of financial assets among fair value hierarchy classifications for the years ended 31 March 2022 and 2021.

4. Critical accounting estimates and judgments

Estimates and judgments used in preparing the consolidated financial statements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The Group makes estimates and assumptions concerning the future. The estimates and assumptions that may have a significant effect on the carrying values of assets and liabilities are discussed below:

(a) Estimate of fair value of investment properties

The valuation of investment properties is mainly performed in accordance with “The HKIS Valuation Standards 2020 Edition” published by the Hong Kong Institute of Surveyors and other prevailing international valuation standards. Details of the judgment and assumptions have been disclosed in note 16.

(b) Classification of investment properties

In making the judgment to determine whether a property qualifies as investment property, the Group considers whether the property (land or building) is held to earn rental or for capital appreciation rather than for use in the production or supply of goods and services or sale and the Group has the financing capability to hold the property for long-term strategic investment.

To transfer a property to an investment property, there must be a change in use. To conclude if a property has changed its use, management assesses whether the property meets the definition of investment property as aforementioned and the change must be supported by evidence.

In addition, in making the judgment to determine whether a completed investment property was qualified as asset of disposal group held for sale, the Group considered whether the sale transaction was highly probable (i.e. the sale should be expected to qualify for recognition as a completed sale within one year from the date of classification).

The Group considers each property separately in making its judgment.

Notes to the Consolidated Financial Statements (continued)

For the year ended 31 March 2022

4. Critical accounting estimates and judgments (continued)

(c) Recoverability of properties for/under development, properties for sale and cemetery assets

The Group assesses the carrying values of properties for/under development, properties for sale and cemetery assets according to their estimated recoverable amounts or net realizable values based on assessment of the realizability of these properties/assets, taking into account costs to completion and applicable variable selling expenses based on past experience and net sales value based on prevailing market conditions. Provision for impairment is made when events or changes in circumstances indicate that the carrying values may not be realized. The assessment requires the use of judgment and estimates.

For recoverability assessment purpose, the valuation of certain properties for/under development, properties for sale and cemetery assets is mainly performed in accordance with "The HKIS Valuation Standards 2020 Edition" published by the Hong Kong Institute of Surveyors and other prevailing international valuation standards.

(d) Income taxes, land use taxes, land appreciation taxes and deferred taxes

The Group is subject to income taxes, land use taxes, land appreciation taxes and deferred taxes mainly in Hong Kong, the PRC and other countries. Significant judgment is required in determining the provision for taxation for each entity of the Group. There are transactions and calculations for which the ultimate tax determination is uncertain during the ordinary course of business. Where the final tax outcome of these estimates is different from the amounts that are initially recorded, such differences will impact the current and deferred taxation in the financial period in which such determination is made.

The Group has rebutted the presumption that the carrying amount of the investment properties located in the PRC and Mongolia measured at fair value will be recovered entirely through sale. These investment properties are held within a business model whose objective is to consume its economic benefit over time.

Deferred taxation assets relating to tax losses are recognized when management considers to be probable that future taxation profit will be available against which the tax losses can be utilized. The outcome of their actual utilization may be different.

(e) Fair value of financial instruments

The fair value of financial assets at fair value through other comprehensive income and through profit or loss traded in active markets is based on the quoted market prices at the end of the reporting period. The details are set out in note 3(c).

6. Segment information

(a) Segment information by business lines

The CODM has been identified as the Executive Directors and senior management. The CODM reviews the Group's internal reporting in order to assess performance and allocate resources. Management has determined the operating segments based on these reports.

The CODM considers the business from a business perspective, including property development, investment and trading, development and operation of cemetery, sales of goods and merchandises, securities investment and trading and money lending business. The CODM assesses the performance of the operating segments based on the measure of earning/(loss) before interest, tax, depreciation and amortization (the "EBITDA/(LBITDA)") and segment result. During the year, the Group disposed of the hotel operation and the result of such operation together with the related net gain on disposal have been presented as discontinued operation in segment information. The comparative figures have been restated to conform to the current year's presentation.

9. Employee retirement benefits

The Group participates in defined contribution schemes in Hong Kong for all eligible employees. Contributions to these schemes are calculated based on certain percentages of the applicable payroll costs or pre-determined fixed sums. The assets of the schemes are held separately from those of the Group in independently administered funds. Among these schemes, one scheme allows contributions to it to be reduced by contributions forfeited by those employees who leave that scheme prior to vesting fully in those contributions.

The Group participates in respective government retirement benefit schemes in the PRC, Singapore, Malaysia, Vietnam and Mongolia pursuant to the relevant regulations whereby the Group is required to contribute to the schemes to fund the retirement benefits of the eligible employees. Contributions made to the schemes are calculated either based on certain percentages of the applicable payroll costs or fixed sums as stipulated under the requirements in the respective countries. The governments of the respective countries are responsible for the entire retirement benefit obligations payable to the retired employees. The Group has no other obligations apart from making ongoing contributions under the schemes.

The retirement benefit costs represent the contributions by the Group to the above schemes. During the year, contributions forfeited of HK\$396,000 (2021: HK\$939,000) were utilized by the Group in Hong Kong, and the balance of such forfeited contributions as at 31 March 2022 was HK\$1,023,000 (2021: nil).

Over-provision in prior years	–	(41,149)
Deferred taxation	(31,729)	(31,293)
	133,931	(10,673)

Hong Kong profits tax has been provided at the rate of 16.5% (2021: 16.5%) on the estimated assessable profits for the year. PRC corporate income tax and overseas profits tax have been calculated on the estimated assessable profits for the year at the rates of taxation prevailing in the PRC and the countries in which the Group operates respectively. PRC withholding corporate income tax in 2022 represents the relevant tax on disposal of subsidiaries arising from the Panyu Disposal as mentioned in note 7B(a). PRC land appreciation tax is levied at progressive rates ranging from 30% to 60% on the appreciation of land value, being the proceeds of sales of properties less deductible expenditures including costs of land and development expenditures. The over-provision in 2021 was mainly related to taxation charges, including PRC land appreciation tax, in respect of the sales of properties in the PRC in prior years upon final clearance with the local tax authorities.

Share of taxation charge of associated companies for the year ended 31 March 2022 of HK\$9,000 (2021: HK\$11,000) is included in the consolidated income statement as "Share of results of associated companies". Share of deferred taxation credit arising from the fair value loss of the investment properties of the joint ventures for the year ended 31 March 2022 of HK\$9,313,000 (2021: nil, as they either had sufficient tax losses brought forward to set off against the estimated assessable profits for that year or had no estimated assessable profits for that year) is included in the consolidated income statement as "Share of results of the joint ventures".

13. Dividends

	2022 HK\$'000	2021 HK\$'000
Interim dividend of 2.0 HK cents (2021: 1.5 HK cents) per share	33,451	25,088
Special dividend of 6.0 HK cents (2021: nil) per share	100,353	–
Final dividend of 2.0 HK cents (2021: 1.5 HK cents) per share	33,451	25,088
Second special dividend of 18.0 HK cents (2021: nil) per share	301,060	–
	468,315	50,176

On 29 June 2022, the Board proposed a final dividend of 2.0 HK cents (2021: 1.5 HK cents) per share amounting to HK\$33,451,000 (2021: HK\$25,088,000). The amount is calculated based on 1,672,553,104 issued shares as at 29 June 2022. The proposed dividend is not reflected as a dividend payable in the consolidated financial statements, but will be reflected and accounted for as an appropriation of reserves in the year ending 31 March 2023 upon the approval by shareholders.

Furthermore, on 29 June 2022, the Board also declared the second special dividend of 18.0 HK cents (2021: nil) per share amounting to HK\$301,060,000 (2021: nil). The amount is calculated based on 1,672,553,104 issued shares as at 29 June 2022. This second special dividend is not reflected as a dividend payable in the consolidated financial statements, but will be reflected and accounted for as an appropriation of reserves in the year ending 31 March 2023.

14. (Loss)/earnings per share

The calculation of the (loss)/earnings per share is based on the following (loss)/profit attributable to equity holders and the weighted average number of 1,672,553,104 (2021: 1,672,553,104) shares in issue during the year:

	2022			2021		
	Continuing operations HK\$'000	Discontinued operation HK\$'000	Total HK\$'000	Continuing operations HK\$'000 (Restated)	Discontinued operation HK\$'000 (Restated)	Total HK\$'000 (Restated)
(Loss)/profit attributable to equity holders	(839,308)	316,159	(523,149)	122,966	(85,514)	37,452

The diluted (loss)/earnings per share is equal to the basic (loss)/earnings per share since there are no dilutive potential shares in issue during the years.

16. Investment properties (continued)

- (b) Investment properties in Hong Kong, Mongolia, Taiwan, the PRC, and Malaysia were revalued at 31 March 2022 on an open market value basis by Colliers International (Hong Kong) Limited, Cushman & Wakefield Limited ("C&W") and JS Valuers Property Consultants Sdn. Bhd. (2021: Appraisal (Malaysia) Sdn. Bhd.), independent professional property valuers, respectively.
- (c) Investment properties of HK\$6,783,585,000 (2021: HK\$7,005,455,000) have been pledged as securities for the borrowing facilities granted to the Group (note 33).
- (d) During the year ended 31 March 2021, investment properties of HK\$1,001,255,000 were reclassified from investment properties under development to completed investment properties upon completion of the development.

(e) Valuation processes of the Group

The Group's investment properties were revalued at 31 March 2022 by independent professional valuers who hold recognized relevant professional qualifications and have recent experience in the locations and segments of the investment properties valued. Except for a completed property in Hong Kong which has future redevelopment potential (note 16(f)), for all other investment properties, their current use equates to the highest and best use.

The Group's finance department and property department review the valuations performed by the independent valuers for financial reporting purposes and report directly to the senior management of the Group. Discussions of valuation processes and results are held between the management and valuers at least once every six months, in line with the Group's interim and annual reporting processes. The finance department and property department:

- verify all major inputs to the independent valuation reports;
- assess property valuations movements when compared to the prior year valuation reports; and
- hold discussions with the independent valuers.

16. Investment properties (continued)

(f) Valuation techniques

Fair value of completed properties in Hong Kong, Mongolia, Taiwan, the PRC and Malaysia is generally derived using the income capitalization method or direct comparison method, wherever appropriate and for cross-checking. Income capitalization method is based on the capitalization of the net income and reversionary potential by adopting appropriate capitalization rates, which are derived from analysis of sale transactions and valuers' interpretation of prevailing investor requirements or expectations. The prevailing market rents adopted in the valuation have reference to recent lettings, within the subject properties and other comparable properties. Direct comparison method is based on comparing the property to be valued directly with other comparable properties, which have recently transacted. However, given the heterogeneous nature of real estate properties, appropriate adjustments are usually required to allow for any qualitative differences that may affect the price likely to be achieved by the property under consideration.

Fair value of a completed property in Hong Kong and other properties under development in the PRC and Mongolia is generally derived using the residual method. This valuation method is essentially a mean of valuing the completed properties by reference to its development potential by deducting development costs to completion together with developer's profit and risk from the estimated capital value of the proposed development assuming completed as at the date of valuation.

There were no changes to the valuation techniques during the year. In 2021, the valuation technique of the completed investment properties in the PRC and Mongolia was changed from residual method to direct comparison method upon the completion of the development, and the one of certain completed investment properties in the PRC was changed from income capitalization method to direct comparison method upon the change of the independent professional property valuer after the reclassification of these investment properties to assets of disposal group classified as held for sale (note 7B(a)).

The Group's policy is to recognize transfers into and transfers out of fair value hierarchy levels as of the date of the event or change in circumstances that caused the transfer.

Notes to the Consolidated Financial Statements (continued)

For the year ended 31 March 2022

16. Investment properties (continued)

(g) Significant unobservable inputs used to determine fair value

Prevailing market rents are estimated based on valuers' view of recent lettings, within the subject properties and other comparable properties. The lower the rents, the lower the fair value. Capitalization rates are estimated by valuers based on the risk profile of the investment properties being valued. The higher the rates, the lower the fair value.

The following rental values and capitalization rates are used for the completed properties in respective locations valued under income capitalization method:

	Hong Kong	Taiwan	The PRC	Malaysia
2022				
Rental values used for (HK\$/sq. ft./month):				
Commercial properties	17–73	N/A	3–4	11–19
Residential properties	N/A	15	N/A	N/A
Capitalization rates used for:				
Commercial properties	2.4%–3.3%	N/A	3.5%–4.5%	4.5%
Residential properties	N/A	1.6%	N/A	N/A
2021				
Rental values used for (HK\$/sq. ft./month):				
Commercial properties	19–138	N/A	4	5–18
Residential properties	42	14	N/A	N/A
Capitalization rates used for:				
Commercial properties	2.4%–3.3%	N/A	3.5%–4.5%	6.0%
Residential properties	2.6%	1.6%	N/A	N/A

16. Investment properties (continued)

(g) Significant unobservable inputs used to determine fair value (continued)

Estimated costs to completion, developer's profit and estimated selling prices are estimated by valuers based on market conditions at 31 March 2022 and 2021 respectively for investment properties under development in Hong Kong, the PRC and Mongolia. The estimates are largely consistent with the budgets developed internally by the Group based on management's experience and knowledge of market conditions. The higher the costs, the lower the fair value.

(h) The completed investment properties disposed of represented the rental operation of the commercial portion of the hotel in Hong Kong under the Hotel Disposal, and they were also included in and be part of the Hotel Disposal which were reclassified under discontinued operation of the Group (note 39(c)).

20. Subsidiaries

Particulars of the principal subsidiaries which, in the opinion of the Directors, materially affect the results or net assets of the Group are set out in note 43 to the consolidated financial statements.

Set out below are the summarized consolidated financial information for Chuang's China (a listed subsidiary of the Group) and its subsidiaries, the Chuang's China Group, that has non-controlling interest of 38.8% (2021: 39.3%) and is material to the Group.

During the year ended 31 March 2022, the Company purchased 9,240,000 (2021: nil) shares of Chuang's China on the Stock Exchange with a total amount of approximately HK\$3,671,000 (2021: nil). During the same year ended, Chuang's China repurchased 1,800,000 (2021: nil) shares of its own shares on the Stock Exchange with a total amount of approximately HK\$695,000 (2021: nil). The repurchased shares were cancelled after their repurchase. As a result of the Company's purchase of shares of Chuang's China and the Chuang's China's repurchase of its own shares, the Group's effective interest in Chuang's China increased from 60.7% to 61.2% as at 31 March 2022, and the respective effect was recognized within equity (note 32), and thus the non-controlling interest was decreased from 39.3% to 38.8% correspondingly.

Summarized consolidated balance sheet as at 31 March 2022 and 2021:

22. Joint ventures (continued)

Share of loss of joint ventures of HK\$23,063,000 (2021: HK\$3,382,000) in the consolidated income statement included the share of fair value loss of the investment properties of a joint venture of HK\$37,252,000 (2021: nil), with net share amount of HK\$27,939,000 (2021: nil) after deducting the related deferred taxation.

As at 31 March 2022, the investment properties held by the joint venture were carried at fair value of RMB404,000,000 (equivalent to approximately HK\$497,243,000) (2021: RMB447,800,000, equivalent to approximately HK\$529,837,000) and the Group's non-wholly-owned subsidiary's effective proportionate share of fair value of these investment properties was approximately HK\$295,860,000 (2021: HK\$315,253,000). The rental values (per sq. ft. per month) and capitalization rates used in the income capitalization method for the valuation of these investment properties ranged from approximately HK\$9 to HK\$17 (2021: HK\$10 to HK\$20) and was 5.5% (2021: 2.0%) respectively as at 31 March 2022. Details of the valuation processes and techniques are set out in note 16.

Amounts due from joint ventures are unsecured, interest free and not receivable within the next twelve months from the balance sheet date.

On 19 January 2017, Xiamen Mingjia as landlord entered into a tenancy agreement with Lujiang Hotel, a non-wholly-owned subsidiary of the joint venture partner at that time and a related party of the Group, as tenant for the lease of the hotel held by Xiamen Mingjia for a term of nearly ten years from 24 March 2017 to 19 January 2027 with rental at RMB9 million per annum for years 1 to 5 and RMB10 million per annum for years 6 to 10. Details of the transaction were announced by Chuang's China on 19 January 2017. The tenancy agreement was subsequently assigned by Lujiang Hotel to its wholly-owned subsidiary, Xiamen Mingjia Lujiang Hotel Limited ("Mingjia Lujiang Hotel").

On 30 April 2018, additional three villas situated right next to the hotel were leased to Mingjia Lujiang Hotel for a term of nearly 8.7 years from 1 May 2018 to 19 January 2027 (coterminous with the tenancy agreement of hotel) with rental at RMB159,348 per month for years 1 to 5 and RMB175,282.8 per month for year 6 onwards. Details of the transaction were announced by Chuang's China on 30 April 2018.

22. Joint ventures (continued)

On 15 October 2021, additional sixteen villas were leased to Mingjia Lujiang Hotel for a term of 10 years from 15 October 2021 to 14 October 2031 with rental at RMB380,900 per month for years 1 to 3, RMB399,945 per month for years 4 to 6, RMB419,942 per month for years 7 to 9 and RMB440,933 per month for year 10. Furthermore, certain terms of the tenancy agreement for the lease of the hotel and three villas situated right next to the hotel were amended as follows: the monthly rental for the hotel was reduced from RMB750,000 to RMB480,000 for the period from 20 October 2021 to 19 January 2022; and from approximately RMB833,333 to approximately RMB533,333 for the period from 20 March 2022 to 19 December 2023 (in which the period from 20 January 2022 to 19 March 2022 remained as rent-free period); and the monthly rental for the three villas was reduced from approximately RMB159,348 to approximately RMB101,983 for the period from 1 November 2021 to 30 April 2023 (in which the period from 1 May 2022 to 31 July 2022 remained as rent-free period); and from approximately RMB175,283 to approximately RMB112,181 for the period from 1 May 2023 to 31 January 2024. For the remaining periods thereafter up to 19 January 2027, monthly rental for the hotel and three villas will resume to the original level. Details of these transactions were announced by Chuang's China on 15 October 2021 and 20 October 2021 respectively.

On 26 January 2022, additional four villas were leased to Mingjia Lujiang Hotel for a term of 10 years from 1 February 2022 to 31 January 2032 with rental at RMB128,000 per month for years 1 to 3, RMB134,400 per month for years 4 to 6, RMB141,120 per month for years 7 to 9, and RMB148,176 per month for year 10. Details of the transaction were announced by Chuang's China on 26 January 2022.

Thus total rental income received by Xiamen Mingjia from Mingjia Lujiang Hotel for the year ended 31 March 2022 amounted to approximately HK\$15,162,000 (2021: HK\$12,683,000) and was included in the "Share of results of joint ventures" in the consolidated income statement.

As at 31 March 2022, the Group's commitments in the joint ventures were HK\$275,513,000 (2021: HK\$172,172,000).

As at 31 March 2022, the Company had provided guarantees of HK\$411,131,000 (2021: HK\$419,945,000) for the banking facilities granted to the joint ventures.

There is no single joint venture material to the Group for both years.

Loans and receivables and other deposits	284,855	419,879

- (a) Loans receivable include a mortgage loan with carrying amount of HK\$117,544,000 (2021: HK\$117,544,000) provided to an independent third party to purchase the Group's property in Hong Kong amounting to HK\$220,000,000 during the year ended 31 March 2016 at the prevailing market rate. The mortgage loan is secured by the aforesaid property and details of the mortgage loan were announced by the Company on 24 March 2016.

In view of the slow/no payment on the instalments of this mortgage loan receivable, the Group took legal action and had successfully obtained the vacant possession of the aforesaid secured property in the capacity of mortgagee in February 2022. Subsequent to the year ended 31 March 2022, the Group entered into an agreement with an independent third party to dispose of the secured property at a consideration of HK\$128 million. The disposal is expected to be completed in July 2022 and the whole proceeds will be retained by the Group for the repayment of this mortgage loan receivable and the relevant interest thereof. Thus this whole carrying amount of HK\$117,544,000 has been reclassified to the current portion under current assets in view of the latest recoverability status.

Loans receivable also include other mortgage loans with aggregate carrying amount of HK\$56,751,000 (2021: HK\$51,229,000) provided to independent third parties to purchase properties in Hong Kong and a loan with carrying amount of HK\$480,000 (2021: HK\$800,000) to another independent third party in Hong Kong at the prevailing market rates. The mortgage loans are secured by the aforesaid properties and the remaining loan is secured by the guarantees from independent third parties.

24. Loans and receivables and other deposits (continued)

- (b) Loans to the joint venture partner were provided for financing the property project in the PRC and carry interest at prevailing lending rate quoted by the People's Bank of China. The principal of the loans were repaid by the joint venture partners using their own resources during the year ended 31 March 2022. The relevant interest was not settled by the joint venture partners, in which the Group did not recognize such interest income before in view of the recoverability.
- (c) Other deposits are deposits paid for acquisition of right-of-use assets in the PRC. In 2021, other deposits also included deposits for the acquisition of the other assets of the Group, which had been transferred to property, plant and equipment (note 15(e)) during the year ended 31 March 2022 after further assessment on the completion and operating status of the assets.
- (d) Pursuant to the sale and purchase agreement of the Panyu Disposal (note 7B(a)), there is a deferred consideration which represented a deferred tax receivable capped at RMB25 million (equivalent to approximately HK\$30.8 million as at 31 March 2022) which shall be settled by the purchaser when the underlying tax losses are utilized, and any unpaid portion of the deferred tax receivable shall be settled within four years from the date at completion on 14 May 2021.

- (c) Properties for sale of HK\$1,413,322,000 (2021: HK\$1,353,760,000) have been pledged as securities for the borrowing facilities granted to the Group (note 33).
- (d) During the year ended 31 March 2021, upon the change of intended use, the Group had transferred certain commercial properties in Hong Kong of approximately HK\$167,730,000 from properties for sale to investment properties at fair value of HK\$175,920,000 (note 16). Fair value gain on transfer of these properties of approximately HK\$8,190,000 and the related taxation of approximately HK\$37,000 were recorded respectively.
- (e) As at 31 March 2021, completed properties of HK\$33,481,000 and properties for/under development of HK\$410,514,000 relating to Panyu Disposal were reclassified as assets of disposal group held for sale (note 7B(a)).
- (f) As at 31 March 2022, properties for/under development amounting to approximately HK\$1,191,762,000 (2021: HK\$1,228,358,000) are expected to be completed after more than twelve months from the balance sheet date.
- (g) In view of the respective market conditions, the management performed impairment assessment on properties for sale and a provision for impairment of HK\$1,355,000 (2021: nil) was recorded for completed properties for the year ended 31 March 2022. The recoverable amount was determined based on the valuation performed by C&W, an independent professional property valuer.
- (h) The amount represented the disposal of the Vietnam's properties under development to an independent third party by the Group during the year ended 31 March 2022 (2021: nil).

	2022 HK\$'000	2021 HK\$'000
Trade debtors (note a)	23,035	16,635
Other debtors and prepayments (notes b and c)	325,836	232,988
Utility and other deposits (note d)	21,736	38,986
	370,607	288,609

- (a) Receivables from sales of properties and cemetery assets are settled in accordance with the terms of respective contracts. Rental income and management fees are received in advance. Credit terms of sales of goods and merchandises mainly range from 30 days to 90 days (2021: same, included credit terms of hotel income ranged from 30 days to 45 days).

The aging analysis of the trade debtors of the Group is as follows:

	2022 HK\$'000	2021 HK\$'000
Below 30 days	6,224	4,003
31 to 60 days	3,054	3,184
61 to 90 days	2,258	2,349
Over 90 days	11,499	7,099
	23,035	16,635

Notes to the Consolidated Financial Statements (continued)

For the year ended 31 March 2022

27. Debtors and prepayments (continued)

(a) (continued)

The Group applies the HKFRS 9 simplified approach to measure expected credit losses which use a lifetime expected loss allowance for all trade debtors. Trade debtors are grouped based on shared credit risk characteristics and the days past due as follows:

	2022 HK\$'000	2021 HK\$'000
Below 30 days	5,716	3,412
31 to 60 days	2,888	2,761
61 to 90 days	2,087	2,069
Over 90 days	11,499	7,099
	22,190	15,341

The Group determines the provision for expected credit losses by grouping together trade debtors with similar credit risk characteristics and collectively assessing them for likelihood of recovery, taking into account prevailing economic conditions. For trade debtors relating to amounts which are long overdue with significant amounts or known insolvencies or non-response to collection activities, they are assessed individually for impairment allowance. During the year ended 31 March 2022, trade debtors of HK\$269,000 (2021: HK\$1,560,000) had been written off against impairment allowance provision. As at 31 March 2022, after the reversal of provision for impairment of HK\$475,000 (2021: nil) upon subsequent recoveries of amounts previously impaired, trade debtors of HK\$3,334,000 (2021: HK\$3,883,000) were impaired but not yet written off.

- (ii) Other debtors of the Group also include receivables of HK\$124,951,000 (2021: HK\$36,132,000) from the current portions of the mortgage loans and the loan to another independent third party in Hong Kong at prevailing market rates (note 24(a)).
- (iii) Other debtors of the Group also include the following consideration receivables:
- (1) another deferred consideration of about HK\$122,918,000 (2021: nil) as at 31 March 2022 for the Panyu Disposal as mentioned in note 7B(a), which was received in May 2022 after the expiry of 12 months from the date of completion; and
 - (2) a consideration receivable of about HK\$5,119,000 (2021: nil) for the Hotel Disposal as mentioned in note 39 which represented the adjustment on consideration agreed by the buyer and will be received from the buyer in July 2022 in accordance with the sale and purchase agreement.
- (iv) Stamp duty receivables of HK\$125,684,000 were also included in other debtors of the Group in 2021, which represented the refundable stamp duty paid by the Group upon acquisition of certain development properties in Hong Kong in prior years, and were fully refunded during the year ended 31 March 2022.
- (c) As at 31 March 2021, prepayments of the Group included prepayments of sales commissions of HK\$2,541,000 which represented costs incurred to obtain property sale contracts. The Group had capitalized the amounts which were amortized when the related revenue was recognized. For the year ended 31 March 2022, the prepaid amount recognized to profit or loss was HK\$2,541,000 (2021: HK\$91,126,000).
- (d) Other deposits of the Group include net deposits of HK\$5,973,000 (2021: HK\$22,560,000) for acquisition of property projects, properties and right-of-use assets after the accumulated provision for impairment as at 31 March 2022.
- (e) The maximum exposure to credit risk at the balance sheet is the carrying value of each class of receivable mentioned above.

Debtors and prepayments are mainly denominated in Hong Kong dollar and Renminbi. The carrying values of debtors and prepayments approximate their fair values.

30. Creditors and accruals and sales deposits received (continued)

(a) Creditors and accruals (continued)

- (iv) In accordance with the terms and conditions of the sale and purchase agreement entered into by the Company and Midas International Holdings Limited ("Midas") (a listed subsidiary of the Group before its disposal, subsequently changed its name to Magnus Concordia Group Limited) on 6 July 2017 for the disposal of its wholly-owned subsidiaries which held investment properties in Hong Kong to Midas, the Group shall indemnify Midas (after its disposal) with the maximum amount of HK\$37,658,000 (2021: HK\$37,658,000) for any Hong Kong profits tax liabilities arising from the subsequent sales by Midas of those Hong Kong investment properties which were acquired by Midas from the Group on 24 August 2017. This provision represents the Group's estimated liabilities under this indemnity.
- (v) The balance represented the deposit received for the Panyu Disposal as mentioned in note 7B(a).
- (vi) Creditors and accruals are mainly denominated in Hong Kong dollar and Renminbi. The carrying values of creditors and accruals approximate their fair values.

(b) Sales deposits received

The Group receives payments from customers based on billing schedule as established in contracts. Payments are usually received in advance of the performance under the contracts.

Sales deposits of HK\$10,618,000 held as at 1 April 2021 and HK\$1,546,469,000 held as at 1 April 2020 were recognized as sales of properties for the years ended 31 March 2022 and 2021 respectively.

The aggregate amount of the transaction price allocated to the unsatisfied performance obligations resulting from property sales for contracts with an original expected duration of one year or more is as follows:

	2022 HK\$'000	2021 HK\$'000
Expected to be recognized within one year	–	61,370

Notes to the Consolidated Financial Statements (continued)

For the year ended 31 March 2022

33. Borrowings (continued)

The bank borrowings of the Group are secured by certain assets including investment properties, properties for/under development, properties for sale and financial assets at fair value through profit or loss with an aggregate carrying value of HK\$8,488,796,000 (2021: HK\$10,142,654,000, including property, plant and equipment and right-of-use assets), shares of certain subsidiaries, guaranteed by the Company and Chuang's China, and bank borrowings of HK\$4,177,538,000 (2021: HK\$5,062,826,000) are also secured by the assignment of rental income from the investment properties and other properties of the Group.

The bank borrowings are repayable in the following periods based on the agreed scheduled repayment dates set out in the loan agreements:

	2022 HK\$'000	2021 HK\$'000
Within the first year	1,378,957	5,713,880
Within the second year	872,072	457,492
Within the third to fifth years	3,028,867	775,174
After the fifth year	124,609	146,150
	5,404,505	7,092,696

The effective interest rates of the bank borrowings at the balance sheet date range from 1.29% to 4.44% (2021: 1.12% to 3.11%) per annum. The fair values of the bank borrowings, based on the cash flows discounted at the borrowing rates of 1.29% to 4.44% (2021: 1.12% to 3.11%) per annum, approximate their carrying values and are within level 2 of the fair value hierarchy. The exposure of the bank borrowings to interest rate changes and the contractual repricing dates are 6 months or less.

The bank borrowings are denominated in the following currencies:

	2022 HK\$'000	2021 HK\$'000
Hong Kong dollar	3,972,249	5,041,698
United States dollar	1,293,518	1,916,265

Deferred taxation liabilities for the fair value gains represent the deferred taxation on the differences between the carrying values of the properties and other assets as included in the consolidated financial statements and the carrying values of these properties and other assets as included in the financial statements of the relevant subsidiaries. The values were based on the date of acquisition of those subsidiaries by the Group.

Deferred taxation liabilities have been provided in full on temporary differences under the liability method using the applicable tax rates prevailing in the countries in which the Group operates and are expected to be settled after more than twelve months from the balance sheet date.

Notes to the Consolidated Financial Statements (continued)

For the year ended 31 March 2022

34. Deferred taxation (continued)

Deferred taxation assets of HK\$498.7 million (2021: HK\$448.1 million) arising from unused tax losses of HK\$3,002.6 million (2021: HK\$2,696.4 million, excluding those from disposal group classified as held for sale) have not been recognized in the consolidated financial statements. These tax losses have no expiry dates or will expire within five years for those from the PRC.

Deferred taxation liabilities of HK\$0.4 million (2021: HK\$0.5 million) arising from withholding tax on the unremitted earnings of certain PRC subsidiaries have not been recognized in the consolidated financial statements as these earnings are expected to be reinvested.

35. Loans and payables with non-controlling interests

Loans and payables with non-controlling interests of the Group are unsecured, interest free and not repayable within the next twelve months from the balance sheet date. The balances are denominated in Hong Kong dollar, Renminbi and Euro.

36. Commitments

(a) Capital commitments

36. Commitments (continued)

(b) Operating lease rental receivable

The future aggregate minimum lease rental income under non-cancellable operating leases in respect of properties is receivable in the following periods:

	2022 HK\$'000	2021 HK\$'000
Within the first year	96,633	103,308
Within the second year	40,514	57,901
Within the third year	11,913	13,977
Within the fourth year	71	135
	149,131	175,321

The Group leases properties under various agreements which will be terminated between 2022 and 2025 (2021: 2021 and 2024, excluding those from disposal group classified as held for sale).

37. Financial guarantees

	2022 HK\$'000	2021 HK\$'000
Guarantees for mortgage loans to purchasers of properties of the Group in the PRC (note)	9,409	15,159

Note: The financial guarantees provided by the Group represented the guarantees in respect of mortgage loans made by certain banks to certain purchasers of the Group's properties in the PRC. Pursuant to the terms of the guarantees, upon default in mortgage payments by these purchasers, the Group is responsible to repay the outstanding mortgage principals together with accrued interest and penalty owed by the defaulted purchasers to the banks and the Group is entitled to take over the legal title and possession of the related properties. Such guarantees will be terminated upon the earlier of (i) the issuance of the property ownership certificates which is generally available within six months to one year after the purchasers take possession of the relevant properties; or (ii) the satisfaction of mortgage loans by the purchasers of properties. Since the Group is able to retain the purchaser's deposits and sell the properties to recover any amounts paid by the Group to the banks, the estimated net amounts required to be settled by the Group and the fair value of the financial guarantees as calculated are not material and hence not recognized in the consolidated financial statements.

39. Discontinued operation

On 20 December 2021, the Group entered into a conditional sale and purchase agreement with an independent third party for the disposal of the subsidiaries that held a hotel in Hong Kong (the "Hotel Group") for an aggregate consideration of about HK\$1,651.2 million, i.e. the Hotel Disposal. The Hotel Disposal had been approved by the shareholders of the Company on 4 March 2022. Details of the Hotel Disposal were announced by the Company on 20 December 2021, and published in the circular of the Company on 21 January 2022. The Hotel Disposal was completed on 8 March 2022, and a gain on disposal of subsidiaries of about HK\$405.0 million was recorded in the year ended 31 March 2022, taking into account the net assets disposed of approximately HK\$1,216.4 million and related transaction costs.

The Hotel Group was principally engaged in the operation of the hotel in Hong Kong. After the Hotel Disposal, there is no more hotel operation of the Group at the moment. In accordance with HKFRS 5 "Non-current Assets Held for Sale and Discontinued Operations", the consolidated results of the Hotel Group have been presented as discontinued operation in the consolidated financial statements and the comparative figures of the consolidated income statement and consolidated statement of comprehensive income and corresponding notes have been restated to reflect the reclassifications between continuing operations and discontinued operation of the Group accordingly.

Notice of Annual General Meeting (continued)

(d) for the purpose of this Resolution:

"Relevant Period" means the period from the date of the passing of this Resolution until whichever is the earliest of:

- (i) the conclusion of the next annual general meeting of the Company;
- (ii) the expiry of the period within which the next annual general meeting of the Company is required by the bye-laws of the Company or the Companies Act 1981 of Bermuda or any other applicable law of Bermuda to be held; or
- (iii) the passing of an ordinary resolution by Shareholders in general meeting revoking, varying or renewing the authority given to the Directors of the Company by this Resolution; and

"Rights Issue" means an offer of Shares in the Company, or an offer of warrants, options or other securities giving rights to subscribe for Shares, open for a period fixed by the Directors of the Company, to holders of Shares whose names appear on the register of members of the Company (and, where appropriate, to holders of other securities of the Company entitled to be offered to them) on a fixed record date in proportion to their then holdings of Shares (or, where appropriate, such other securities), subject in all cases to such exclusions or other arrangements as the Directors of the Company may deem necessary or expedient in relation to fractional entitlements or having regard to any restrictions or obligations under the laws of, or the requirements of any recognized regulatory body or any stock exchange in, any territory outside Hong Kong."

(C) **"THAT** subject to the passing of Resolutions numbered 5(A) and 5(B), the general mandate granted to the Directors of the Company to allot, issue and deal with unissued Shares in the capital of the Company pursuant to Resolution numbered 5(B) be and is hereby extended by the addition thereto of the number of Shares of the Company repurchased by the Company under the authority granted pursuant to the general mandate to repurchase Shares (as referred to in Resolution numbered 5(A) set out in the notice convening this meeting), provided that such amount of securities so repurchased shall not exceed 10 per cent. of the number of the issued Shares of the Company at the date of the ordinary resolution approving the said general mandate to repurchase Shares."

(D) **"THAT** conditional upon the Listing Committee of the Stock Exchange granting the approval of the listing of, and permission to deal in, the Shares to be issued pursuant to the exercise of any options which may be granted under the new share option scheme of the Company, a copy of which has been tabled at the meeting marked "A" and signed by the chairman of this meeting for identification purpose (the "New Share Option Scheme"), the rules of the New Share Option Scheme be and are hereby approved and adopted and that the Directors of the Company be and are hereby authorized to grant options and to allot, issue and deal with the Shares which fall to be issued pursuant to the exercise of any option granted under the New Share Option Scheme and to take all such steps and do all such acts as may be necessary or expedient in order to give effect to the New Share Option Scheme."

Notice of Annual General Meeting (continued)

(E) **“THAT** conditional upon the Listing Committee of the Stock Exchange granting the approval of the listing of, and permission to deal in, the ordinary shares of HK\$0.05 each (“CC Shares”) in the capital of Chuang’s China Investments Limited (“Chuang’s China”) to be issued pursuant to the exercise of any options which may be granted under the new share option scheme of Chuang’s China, a copy of which has been tabled at the meeting marked “B” and signed by the chairman of this meeting for identification purpose (the “New CC Scheme”), the adoption of the rules of the New CC Scheme by Chuang’s China be and is hereby approved and the Directors of the Company be and are hereby authorized to approve any amendments to the rules of the New CC Scheme as may be acceptable to or not objected to by the Stock Exchange and to do take all such steps and do all such acts as may be necessary or expedient in order to give effect to the New CC Scheme.”

6. To consider and, if thought fit, pass with or without amendments the following resolution as special resolution of the Company:

Special Resolution

“THAT:

- (a) the proposed amendments to the existing bye-laws of the Company (“Proposed Amendments”), the details of which are set out in Appendix III to the circular despatched to the Shareholders on the same day as this notice, be and are hereby approved;
- (b) the new bye-laws of the Company (“New Bye-laws”), incorporating and consolidating the Proposed Amendments and all previous amendments to the bye-laws of the Company approved by the Company in compliance with the applicable laws, in the form of the printed document tabled at the meeting marked “C” and signed by the chairman of this meeting for identification purpose be and are hereby adopted, confirmed and approved as the new bye-laws of the Company in substitution for and to the exclusion of the existing bye-laws of the Company; and
- (c) any Director of the Company be and is hereby authorized to do all things necessary to implement, effect and record the adoption of the New Bye-laws.”

7. To transact any other business.

By order of the Board of
Chuang’s Consortium International Limited
Lee Wai Ching
Company Secretary

Hong Kong, 29 July 2022

Notice of Annual General Meeting (continued)

Notes:

1. Any member entitled to attend and vote at the annual general meeting of the Company (the "AGM") is entitled to appoint another person as his proxy to attend and vote instead of him. A proxy need not be a member of the Company.
2. To be valid, a proxy form, together with the power of attorney or other authority (if any) under which it is signed or a certified copy thereof, must be deposited at the Company's share registrar in Hong Kong, Tricor Standard Limited, at Level 54, Hopewell Centre, 183 Queen's Road East, Hong Kong (to be changed to 17/F., Far East Finance Centre, 16 Harcourt Road, Hong Kong with effect from 15 August 2022), not less than 48 hours before the time appointed for holding the AGM or any adjournment thereof.
3. For determining the entitlement to attend and vote at the AGM, the register of members of the Company will be closed from Tuesday, 30 August 2022 to Friday, 2 September 2022, both dates inclusive, during which period no transfer of shares will be effected. In order to be eligible to attend and vote at the AGM, all transfers of shares, accompanied by the relevant share certificates, must be lodged with the Company's share registrar in Hong Kong, Tricor Standard Limited, at Level 54, Hopewell Centre, 183 Queen's Road East, Hong Kong (to be changed to 17/F., Far East Finance Centre, 16 Harcourt Road, Hong Kong with effect from 15 August 2022), for registration not later than 4:30 p.m. on Monday, 29 August 2022.
4. The board of Directors has recommended a final dividend of 2.0 HK cents per share.
5. The proposed final dividend is subject to the approval of the Shareholders at the AGM. The record date for entitlement to the proposed final dividend is Wednesday, 14 September 2022. For determining the entitlement to the proposed final dividend, the register of members of the Company will be closed from Thursday, 8 September 2022 to Wednesday, 14 September 2022, both dates inclusive, during which period no transfer of shares will be effected. In order to qualify for the proposed final dividend, all transfers of shares, accompanied by the relevant share certificates, must be lodged with the Company's share registrar in Hong Kong, Tricor Standard Limited, at Level 54, Hopewell Centre, 183 Queen's Road East, Hong Kong (to be changed to 17/F., Far East Finance Centre, 16 Harcourt Road, Hong Kong with effect from 15 August 2022) (the "Branch Registrar"), for registration not later than 4:30 p.m. on Wednesday, 7 September 2022.
6. Concerning Resolutions numbered 3, 5 and 6 above, the information necessary to enable the Shareholders to make decisions on whether to vote for or against the Resolutions, as required by the Listing Rules, will be set out in a separate document from the Company to be enclosed with the 2022 Annual Report.
7. In light of the recent Covid-19 pandemic, the AGM will be conducted in a hybrid manner with the combination of a physical meeting and a virtual meeting online. Shareholders will have the option of joining the AGM either (a) through the physical meeting at Concentric, Shop 202, 2/F., Chater House, 8 Connaught Road, Central, Hong Kong; or (b) through the e-Meeting system by visiting the website at <https://spot-emeeting.tricor.hk/#/367> (the "e-Meeting System") by using their computers, tablet devices or smartphones. Shareholders attending the AGM using the e-Meeting System will be deemed to be present at, and will be counted towards the quorum of the meeting.

Registered Shareholders will be able to attend the AGM and vote through the e-Meeting System, and submit questions or comments online through the e-Meeting System or dial in the number (852) 2532 4290 to us and other Shareholders. Each registered Shareholder's personalized login and access code will be sent to him or her together with the dial-in details under separate copy around one week before the AGM. In the case of joint registered holders of any Share(s), only **ONE PAIR** of login and access code will be provided to the joint registered holders. Any one of such joint registered holders may attend or vote in respect of such share(s) as if he/she/it was solely entitled thereto. For corporate Shareholders who wish to attend the AGM and to vote online, please contact the Branch Registrar at (852) 2975 0928 on or before 29 August 2022 for arrangement.

Non-registered Shareholders whose shares are held in the Central Clearing and Settlement System through banks, brokers, custodians or Hong Kong Securities Clearing Company Limited may also be able to attend the AGM and vote through the e-Meeting System and submit questions or comments online through the e-Meeting System or dial in the number (852) 2532 4290 to us and other Shareholders. In this regard, they should consult directly with their banks, brokers or custodians (as the case may be) for the necessary arrangements.

Notice of Annual General Meeting (continued)

Given the evolving Covid-19 pandemic, in order to prevent the spreading of Covid-19 and safeguard the health and safety of the Shareholders, the Company strongly recommends the Shareholders to attend the AGM via the online option, or by appointing the chairman of the AGM as their proxy to vote at the AGM instead of attending in person. The Company will also be undertaking the following precautionary measures to safeguard the health and well-being of the Shareholders (or their proxies) who are attending the AGM in person, including compulsory temperature screening, requiring all participants to wear surgical face masks (please bring your own), plus safe distancing measures for queue management and seating at the meeting venue (including the attendees will be assigned seats in different rooms or partitioned areas at the meeting venue with telecommunications facilities, if appropriate). **To reduce close contact between attendees at the AGM physically, no food or beverages will be served at the venue and no corporate gifts would be distributed.** The Company may also deny any person who is subject to mandatory quarantine order imposed by the HKSAR Government or refuses to co-operate with the above precautionary measures or is detected to have a fever (i.e. over 37.3°C) or exhibiting flu-like symptoms from entering the meeting venue. **The Company also reserves the right to deny entry to the physical venue of the AGM if such attendance by the Shareholders in person would contravene the applicable laws in Hong Kong.**

For online voting at the AGM, the Shareholders can refer to our separate letter to be sent to you and the Online Meeting User Guide (by visiting the hyperlink or scanning the QR code as printed therein) for details. If you have any queries on the above, please contact the Branch Registrar via their hotline at (852) 2975 0928 from 9:00 a.m. to 5:00 p.m. (Monday to Friday, excluding Hong Kong public holidays).

Shareholders who wish to attend the AGM and exercise their voting rights can be achieved in one of the following ways:

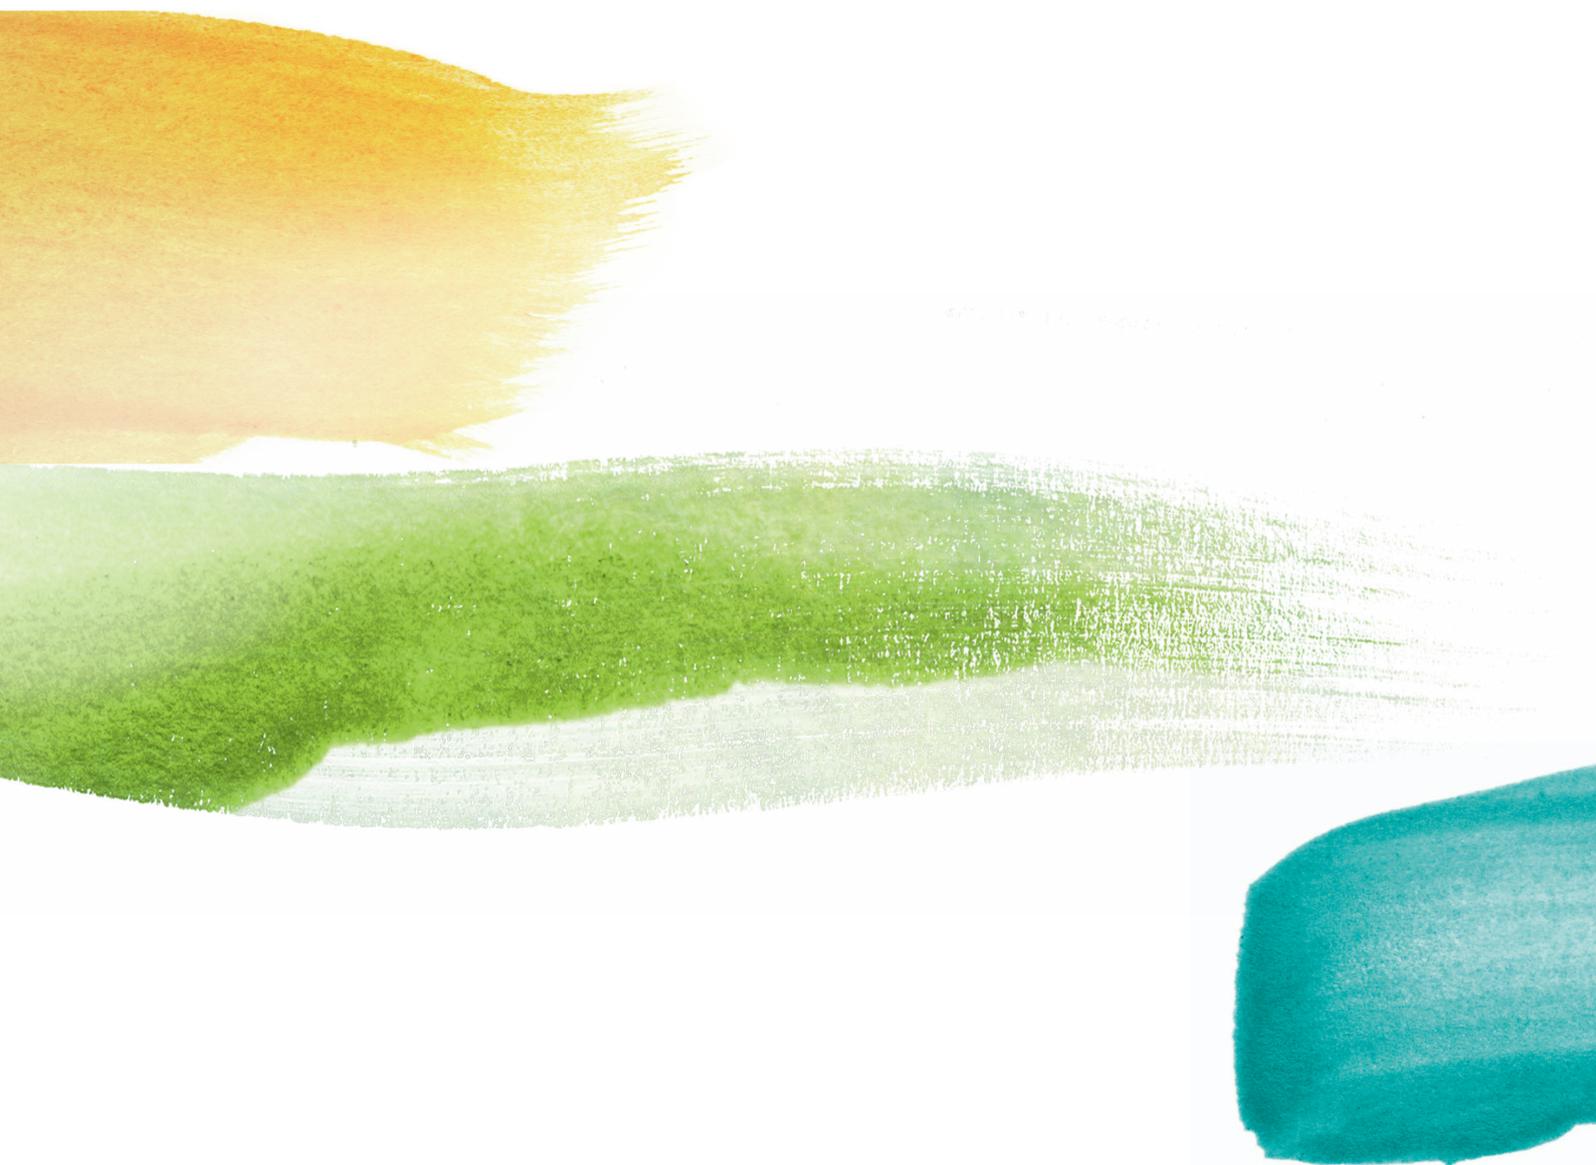

- (i) attend the AGM in person and vote via smartphones or designated mobile devices at the AGM venue; or
- (ii) attend the AGM via e-Meeting System which enables live streaming and interactive platform for questions and answers and submit their voting online; or
- (iii) appoint chairman of the AGM or other persons as your proxy to vote on your behalf.

A proxy form for use at the AGM is enclosed in the annual report of the Company for the year ended 31 March 2022 despatched together with the circular. Whether or not you intend to attend the AGM, you are requested to complete the said proxy form and return it to the Company's share registrar in Hong Kong, Tricor Standard Limited, at Level 54, Hopewell Centre, 183 Queen's Road East, Hong Kong (to be changed to 17/F., Far East Finance Centre, 16 Harcourt Road, Hong Kong with effect from 15 August 2022) as soon as possible and in any event not less than 48 hours before the time appointed for the holding of the AGM or any adjournment thereof.

Your proxy's authority and instruction will be revoked if you attend and vote in person at the AGM or via e-Meeting System.

Shareholders are strongly encouraged to appoint the chairman of the AGM as their proxy to vote according to their indicated voting instructions or attend the AGM online and vote via the e-Meeting System as an alternative to attending the AGM in person.

Subject to the development of Covid-19, the Company may implement further changes and precautionary measures to the arrangements in respect of the AGM and may issue further announcement(s) on such measures as appropriate.
