Such increase in revenue was primarily due to the slight increase in revenue generated from both the provision of building protection works and the supply of building protection products.

### Provision of building protection works

Revenue recognised:

	Three months ended 30 June	
	2022 HK\$'000 (Unaudited)	2021 HK\$'000 (Unaudited)
Public sector projects	11,919	9,833
Private sector projects	20,401	21,864
Total	<u>32,320</u>	<u>31,697</u>

## MANAGEMENT DISCUSSION AND ANALYSIS

Number of projects by the range of revenue recognised:

	Three months ended 30 June	
	2022	2021
HK\$1,000,000 or above	12	4
HK\$100,000 to below HK\$1,000,000	31	29
Below HK\$100,000	254	218
Total	297	251

The Group's revenue recognised from the provision of building protection works increased from approximately HK\$31.7 million for the three months ended 30 June 2021 to approximately HK\$32.3 million for the three months ended 30 June 2022. Such increase was mainly attributable to the increase in number of projects taken up by the Group and the increase in revenue derived from relatively large projects during the three months ended 30 June 2022.

### Supply of building protection products

The following table sets forth the breakdown of the Group's revenue by types of building protection products for the period indicated:

	Three months ended 30 June			
	2022		2021	
	HK\$'000 (Unaudited)	%	HK\$'000 (Unaudited)	%
Waterproofing products	8,158	46.6	10,518	61.5
Tiling products	8,707	49.8	6,215	36.3

The Group's revenue recognised from the supply of building protection products increased from approximately HK\$17.1 million for the three months ended 30 June 2021 to approximately HK\$17.5 million for the three months ended 30 June 2022. Such increase was mainly attributable to the increase in demand from customers in Hong Kong for tiling, flooring and other products.

### Cost of Sales and Services

Cost of sales and services increased from approximately HK\$33.8 million for the three months ended 30 June 2021 to approximately HK\$37.3 million for the three months ended 30 June 2022, representing an increase of approximately HK\$3.5 million, or 10.4%. Such increase in cost of sales and services was mainly due to the increase in material costs and direct staff costs for new projects.

# MANAGEMENT DISCUSSION AND ANALYSIS

## *Gross Profit and Gross Profit Margin*

Gross profit decreased from approximately HK\$15.0 million for the three months ended 30 June 2021 to approximately HK\$12.6 million for the three months ended 30 June 2022, representing a decrease of approximately HK\$2.4 million, or 16.0%. Gross profit margin decreased from approximately 30.7% for the three months ended 30 June 2021 to approximately 25.2% for the three months ended 30 June 2022. Such decrease in gross profit margin was mainly due to (i) the increase in number of workers hired by the Group for relatively large projects; (ii) the overall increase in construction costs; and (iii) some of the Group's building protection work projects on hand with relatively high gross profit margin were at their ending phase, with revenue already recognised in prior years.

## *Other Income, Gains and Losses*

Other income increased from approximately HK\$42,000 for the three months ended 30 June 2021 to approximately HK\$577,000 for the three months ended 30 June 2022, which was mainly due to the subsidy received from the Hong Kong government under the Employment Support Scheme launched in April 2022. Other gains, on a net basis, decreased from approximately HK\$202,000 for the three months ended 30 June 2021 to approximately HK\$34,000 for the year ended 30 June 2022. Such decrease in other gains and losses was mainly attributable to the increase in exchange loss for the three months ended 30 June 2022.

## *Selling and Distribution Costs*

Selling and distribution costs decreased from approximately HK\$2.8 million for the three months ended 30 June 2021 to approximately HK\$1.9 million for the three months ended 30 June 2022, representing a decrease of approximately HK\$0.9 million, or 32.1%. Such decrease in selling and distribution costs was mainly attributable to the decrease in storage cost.

## *Administrative Expenses*

Administrative expenses increased from approximately HK\$8.2 million for the three months ended 30 June 2021 to approximately HK\$9.7 million for the three months ended 30 June 2022, representing an increase of approximately HK\$1.5 million, or 18.3%. Such increase in administrative expenses was mainly attributable to the increase in staff costs and the increase in depreciation arising from a property acquired during the year ended 31 March 2022.

## *Finance Costs*

Finance costs increased from approximately HK\$37,000 for the three months ended 30 June 2021 to approximately HK\$139,000 for the three months ended 30 June 2022. Such increase was mainly due to the increase in bank borrowings.

## *Income Tax Expenses*

Income tax expenses decreased from approximately HK\$970,000 for the three months ended 30 June 2021 to approximately HK\$798,000 for the three months ended 30 June 2022, which was in line with the decrease in profit before income tax.

## *Profit and Total Comprehensive Income for the Period*

As a result of the foregoing, profit and total comprehensive income decreased from approximately HK\$3.2 million for the three months ended 30 June 2021 to approximately HK\$577,000 for the three months ended 30 June 2022.

## MANAGEMENT DISCUSSION AND ANALYSIS

### DIVIDEND

The Board does not recommend the payment of any dividend for the three months ended 30 June 2022 (three months ended 30 June 2021: Nil).

### USE OF PROCEEDS

The Company's shares were successfully listed on GEM of the Stock Exchange on 23 April 2020. The net proceeds after deducting the underwriting commission and related listing expenses payable by the Company (the "Net Proceeds") were approximately HK\$21.6 million.

The table below sets forth the breakdown of the intended use and the timeline for utilisation of the Net Proceeds as at the date of this report:

	Intended use of Net Proceeds HK\$'000	Approximate percentage of Net Proceeds %	Amount utilised as at the date of this report HK\$'000	Remaining balance as at the date of this report HK\$'000	Expected timetable
Acquire additional machinery and equipment for building protection works	2,110	9.8	2,110	—	—
Expand workforce	6,280	29.1	6,280	—	—
Strengthen the Group's financial position for payment of upfront cost	6,700	31.0	6,700	—	—
Expand the Group's building protection product mix and continue to develop its own-brand "DP ChemTech" and "DP" products	6,510	30.1	1,584	4,926	From Listing Date to 31 March 2023
	<u>21,600</u>	<u>100.0</u>	<u>16,674</u>	<u>4,926</u>	

As disclosed in the table above, approximately HK\$16.7 million of the Net Proceeds from the Listing had been utilised as at 30 June 2022. The unutilised Net Proceeds from the Listing have been placed with a licensed bank in Hong Kong.

As at the date of this report, save as the delay in the planned use of unutilised Net Proceeds in relation to the purchase of additional machinery and equipment as previously disclosed in the annual report of the Company for the year ended 31 March 2021, whereby such unutilised Net Proceeds have been fully utilised as at 31 March 2022, there was no change in the intended use of the Net Proceeds and the expected timetable as previously disclosed in the Prospectus.

The implementation plans for business strategies and the use of net proceeds as stated in the Prospectus were based on the best estimation and assumption of future market conditions made by the Group at the time of preparing the Prospectus. The Group implemented its business strategies and applied the Net Proceeds based on the actual developments of the Group's business and industry, as well as market conditions.

# MANAGEMENT DISCUSSION AND ANALYSIS

## PROSPECTS

The impacts of COVID-19 epidemic (the “**Epidemic**”) have caused pressure worldwide and dampened the development of various industries, with no exception for the construction industry. Due to the recent outbreak of COVID-19 Omicron variant, a series of enhanced precautionary and control measures have been undertaken by the governments across the world including Hong Kong. The significant reduction of social and business activities and the subsequent quarantine measures have adversely affected the economy in Hong Kong, including the slowdown in the progress of construction projects. As a result, some of the Group’s building protection works in the construction sites have been held up or delayed, such influences might continue until the Epidemic is contained and this would affect the operational and financial performance of the Group.

The Group estimates that the degree of COVID-19 impact would be dependent on the outcome of various preventive measures and the duration of the Epidemic, and the economic recovery can be uneven across different industries and the lingering effects of the Epidemic may continue to affect the general economy of Hong Kong and Macau. Given the unpredictability of future development of COVID-19, the impacts to the Group could not be reasonably and accurately estimated at this stage. However, for the time being, the Group’s building protection work projects on hand are in steady progress and the Group did not experience any shortages or difficulties in the supply of building protection products.

Since the outbreak of the Epidemic, the Group has implemented effective measures, including frequent workspace cleaning with disinfectant, ensuring the wearing of surgical masks of all staff at work, and conducting body temperature test to protect the health and safety of the employees so as to minimise the impact of the Epidemic on the Group’s operating and financial performance. The Group will continue to closely monitor the development of the Epidemic and will take necessary actions to control costs and drive efficiency to maintain profitability and competitiveness in the market.

Going forward, the Group will stay vigilant and continue to strengthen its market position by expanding its workforce and competing for more building protection work projects in Hong Kong. The Directors remain confident in the prospect of the Group and are committed in creating long-term and sustainable value for the Company and its shareholders.

## ENVIRONMENT POLICIES AND PERFORMANCE
