CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and the Stock Exchange take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

FINANCIAL REVIEW

Revenue

The Group's revenue is generated from the contract revenue from provision for comprehensive architectural and structural engineering consultancy services in Hong Kong, including licensing consultancy, alternation and addition works and minor works consultancy, inspection and certification and other architectural related consultancy.

The Group's total revenue for the three months ended 30 June 2022 was approximately HK\$15.8 million (2021: approximately HK\$8.0 million), which represents an approximately HK\$7.8 million or 97.5% increase compared to the corresponding period in 2021. Such increase was mainly attributable to the revenue contribution from a project with relatively large contract sum.

The gross profit margin was lowered from approximately 22.4% in the three months ended 30 June 2021 to approximately 7.9% in the three months ended 30 June 2022. Such decrease was mainly due to the revenue contribution from projects with lower profit margin during the three months ended 30 June 2022 compared to the corresponding period in 2021.

Administrative expenses

The total administrative expenses for the three months ended 30 June 2022 was approximately HK\$1.6 million (2021: approximately HK\$2.1 million). Such change was mainly due to the decrease in legal and professional fees on handling various compliance and legal issues.

Income tax expenses

The income tax expenses for the three months ended 30 June 2022 was HK\$nil (2021: HK\$nil). Since there is no estimated assessable profits for the three months ended 30 June 2022, no provision is made.

Loss for the period

The Group recorded a net loss attributable to owners of the Company of approximately HK\$0.3 million for the three months ended 30 June 2022 (2021: approximately HK\$0.5 million). Such decrease in the loss was mainly due to the decrease in legal and professional fee for the three months ended 30 June 2022.

LIQUIDITY, FINANCIAL RESOURCES AND CAPITAL STRUCTURE

During the three months ended 30 June 2022, the Group financed its operations by cash flow from operating activities.
