## **VOLUNTARY ANNOUNCEMENT OCTOBER 2022 DELIVERY UPDATE**

On November 1, 2022 (U.S. Eastern Time), Li Auto Inc. (“**Li Auto**” or the “**Company**”) (Nasdaq: LI; HKEX: 2015), a leader in China’s new energy vehicle market, announced that the Company delivered 10,052 vehicles in October 2022, up 31.4% year over year. The cumulative deliveries of Li Auto vehicles reached 221,067 as of the end of October.

“Since its launch, Li L8 has received positive user feedback and wide recognition, off to a strong start with continued increase in orders. We will officially commence delivery of Li L8 this month. Separately, orders for Li L9 remained robust and the level of its user satisfaction continued to exceed their expectations, further solidifying our market position in the RMB400,000 and higher segment,” commented Yanan Shen, co-founder and president of Li Auto.

As of October 31, 2022, the Company had 274 retail stores in 119 cities, as well as 317 servicing centers and Li Auto-authorized body and paint shops operating in 226 cities.

### **About Li Auto Inc.**

Li Auto Inc. is a leader in China’s new energy vehicle market. The Company designs, develops, manufactures, and sells premium smart electric vehicles. Its mission is: Create a Mobile Home, Create Happiness (創造移動的家, 創造幸福的家). Through innovations in product, technology, and business model, the Company provides families with safe, convenient, and comfortable products and services. Li Auto is a pioneer to successfully commercialize extended-range electric vehicles in China. The Company started volume production in November 2019. Its model lineup includes Li L9, a six-seat, full-size flagship smart SUV, Li L8 and Li ONE, both of which are six-seat, large premium smart SUVs, and Li L7, a five-seat, large flagship smart SUV. The Company leverages technology to create value for its users. It concentrates its in-house development efforts on its proprietary range extension system, next-generation electric vehicle technology, and smart vehicle solutions while expanding its product line by developing new BEVs and EREVs to target a broader user base.
