### Notes:

- (a) Other reserve represents dividends waived by the holders of domestic shares, net of tax effect and the deemed contribution arising from the discounting of the non-current interest-free loan from ultimate holding company and immediate holding company of the Company.
- (b) As stipulated by the regulations in the People's Republic of China (the "PRC"), the Company is required to appropriate 10% of its after-tax profit (after offsetting prior years losses) to a statutory surplus reserve fund until the balance of the fund reaches 50% of its registered capital and thereafter any further appropriation is optional. The statutory surplus reserve fund can be utilised to offset prior year losses, or for conversion into registered capital on the condition that the statutory surplus reserve fund shall be maintained at a minimum of 25% of the registered capital after such utilisation.
- (c) Profit appropriation is subject to the approval of the board of directors. In accordance with the Articles of Association of the Company, the reserve available for distribution is the lower of the amount determined under the generally accepted accounting principles in the PRC and the amount determined under Hong Kong Financial Reporting Standards. At 30 September 2022 and 2021, no reserves were available for distribution as the Group incurred accumulated losses.

Notes:

## MANAGEMENT DISCUSSION AND ANALYSIS

### Financial review

#### *Revenue and gross loss*

During the period for the nine months ended 30 September 2022 (the “Current Period”), the Group recorded a revenue of approximately RMB60.36 million, representing a decrease of 12.01% when compared to the same period in 2021. The gross loss was approximately RMB2.84 million. It was mainly due to the significant increase in the cost of raw materials, labour cost and dyeing cost etc. In addition, the outbreak of the novel coronavirus (“COVID-19”) epidemic (the “Epidemic”) since 2020 caused the decline in demand of the product of the Group from both local and overseas customers. Furthermore, the COVID-19 epidemic in overseas countries also caused the logistic problems such as delay of transportation time and rise of freight cost.

#### *Other income and gains*

During the Current Period, the other income and gains decreased by approximately RMB75,000 or approximately 7.57% when compared to the same period in 2021 as there was no dividend from financial asset at FVTPL and the amount of refund of retirement benefit scheme contribution decreased during the Current Period.

#### *Selling and distribution costs*

During the Current Period, the selling and distribution costs increased sharply by approximately RMB1.27 million or approximately 116.21% mainly due to the increase of the transportation and freight charges which was in line with the increase of export sales.

#### *Administrative expenses*

During the Current Period, administrative expenses decreased by approximately RMB4.10 million or approximately 35.02% mainly due to reversal of impairment loss on trade receivable overprovided in 2021.

#### *Share of result of an associate*

Share of result of an associate of approximately RMB824,000 represents share of loss from the consolidated result of the associate, 北京太比雅科技股份有限公司 (Beijing Tepia Technology Co., Ltd.\*) (“Tepia”) and its subsidiaries (“Tepia Group”). Tepia incorporated in the PRC and is listed on the NEEQ (Stock Code: 838941) which the Group has acquired and interest in 41.67% since 20 August 2019. During the Current Period, there revenue of Tepia decreased by approximately RMB2.23 million or approximately 10.51% compared to the same period in 2021 while due to the

contribution of higher gross profit margin on certain projects, the gross profit increased by approximately RMB344,000 or approximately 9.71% when compared to the same period in 2021. Other revenue increased by approximately RMB426,000 or approximately 28.34% during the Current Period represents return of investment from the idle cash of the Tepia Group placed at the bank. During Current Period, selling expenses decreased by approximately RMB3.18 million or 38.49% when compared to the same period in 2021 mainly due to decrease in staff salary and staff related expenses, travelling expenses and advertising expenses. Administrative expenses decreased by approximately RMB3.87 million or approximately 64.09% when compared to the same period in 2021 mainly due to reversal of impairment loss on trade receivables overprovided in 2021, decrease in research and development expenses and decrease of staff salary and staff related expenses.

#### *Finance cost*

Finance cost of approximately RMB1.68 million for the Current Period represents approximately RMB1.67 million of imputed interest on interest free loan due to immediate holding company, Guizhou Yongli and approximately RMB0.01 million of interest on discounted bills.

#### *Loss for the period*

Loss for the Current Period was approximately RMB14.62 million, decreased by approximately RMB3.73 million or 20.32% when compared to the same period in 2021 mainly due to improvement of the financial result of the associate and decrease of administrative expenses during the Current Period.

#### *Loss per share*

The respective loss per share for the Current Period and 2021 were approximately RMB1.37 cents and approximately RMB1.72 cents respectively.

### **Business and operation review**

#### *Manufacture and sales of woven fabrics and provision of woven fabrics subcontracting services*

The textile sector is the Group's main business. Due to the on and off outbreak of COVID-19 in China during the Current Period, domestic sales of woven fabrics decreased by approximately RMB21.58 million or approximately 28.16% and subcontracting fee income also decreased by approximately RMB3.71 million or approximately 59.83%. Since late 2021 to early 2022, the sporadic outbreaks of COVID-19 in different city in China has temporary affect the domestic sales of the Group. On the other hand, due to the gradually unlock of the Epidemic prevention

control in most of the overseas countries, during the Current Period, export sales of woven fabrics increased by approximately RMB11,412,000 or approximately 197.47%. The rise of raw material cost, electricity and labour cost continues to impact the Group and the peer manufacturers. In this regard, the Group has continued to implement various measures and actions including the development of new sales channels for increasing the exposure of the Group's product to potential customers and research and development of the new and high-quality products so as to attract high profile customers, etc.. Due to the expectation that the challenging business environment may persist at least in the coming few quarters, the Group understands that it is important to preserve its financial strength. In this regard, measures will continue to be carried out to increase efficiency, reduce cost and improve liquidity.

#### *Water management-related business by associates*

In 2021, Tepia mainly engaged in small and medium-sized reservoirs as the starting point, focusing on “small water conservancy projects”, make full use of existing customers and technology accumulation, for Water Conservancy, Water government customers, to provide small water conservancy project operation and maintenance management scheme design, management system development, equipment installation and commissioning, aerial three dimensional data, property management, repair and maintenance. Tepia's performance in 2021 and 2022 has further improved somewhat from the previous year. In 2021, Tepia expanded its business area to the field of industrial circulating water treatment (the “New Business”). Through equipment based on electrochemical and electromagnetic mixing physical technology, it solves the problems of industrial circulating water fouling, corrosion, bacteria and algae breeding, and can help customers achieve water saving, energy saving and consumption reduction. The business is mainly aimed at enterprise customers in electric power, chemical industry, iron and steel and machinery manufacturing industries. During the Current Period, certain revenue from the New Business has been recognised and confirmed.

#### **Production facilities**

During the nine months ended 30 September 2021, the Group spent approximately RMB85,000 for renovation of factory buildings and additions of office equipments.

#### **Product research and development**

During the nine months ended 30 September 2022, the Group continued to innovate and develop new product so as to meet the customers' need and enhance sales orders from customers.

## **Sales and marketing**

During the nine months ended 30 September 2022, the Group actively prepared for participated in various trade fairs to be held in PRC so as to gain the Group's exposure in the fabrics market and to popularise the Group's new products.

## **OUTLOOK**

In order to rescue the economy and considered that the increasing of vaccination, most of the overseas countries are gradually unlocking of the Epidemic prevention control. The Directors expect that the export sales of woven fabrics will gradually return to the norm before the Epidemic in the near future. However, it is still expected that there will have a huge market fluctuations in woven fabrics for high-end women's wear. The Group is committed to maximizing capital return for the shareholders of the Company, providing customers across the world with quality products, and releasing the goal of the long-term sustainable development of the Group. The Group will take effective measures to increase sales, reduce costs, increase its liquidity, and make capital expenditure based on its main business. The Board is confident that it can overcome the difficulties ahead and create long-term value for our shareholders and deliver the objective to achieve sustainable growth.
