## **Repurchase right**

The Repurchase right related to the Capital Increase is the same as the repurchase right in the Capital Increase on 31 December 2022, detailed terms are as follows.

Upon the occurrence of certain events, including the fails of successful listing of the Target Company, among others, the Investors have the right to ask for the repurchase of equities from the Target Company or the Company. Part of those events listed below:

1. the Company did not obtain the Hong Kong Stock Exchange's approval for the spin-off listing, or any written waiver in respect of the spin-off listing before 31 December 2023;
2. the Target Company has not achieved a qualified listing before 30 June 2025 (i.e. obtaining approval from competent authority like the China Securities Regulatory Commission, the Shanghai Stock Exchange or the Shenzhen Stock Exchange);
3. the Target Company fails to complete the qualified listing before 31 December 2025 (meaning all the shares of the Target Company held by the Investor have been registered with China Securities Depository and Clearing Corporation Limited);
4. although the time limit stipulated in the above paragraphs 2 and 3 has not yet expired, major events that may constitute obstacles to the Target Company's qualified listing have occurred, including but not limited to:
  - (a) before the expiry of the above-mentioned period and after the Target Company having submitted its listing application, the application is rejected or terminated for any reason by the China Securities Regulatory Commission, Shanghai Stock Exchange or Shenzhen Stock Exchange;
  - (b) before the expiry of the above-mentioned period, the Target Company is suspended from listing by competent institutions such as the China Securities Regulatory Commission, Shanghai Stock Exchange or Shenzhen Stock Exchange;
  - (c) before the expiry of the above-mentioned period, there occur events including without limitation violations of laws and regulations by the Target Company that lead to major penalties imposed, changes in the actual controller of the Target Company or occurrence of events that may cause changes in the actual controller, or major changes in the Target Company's main business;
5. the Target Company fails to achieve 90% of the expected net profit for two consecutive years in 2022, 2023, and 2024;
6. the Target Company fails to achieve 90% of the expected net profit in any of 2022, 2023, and 2024, and the Company fails to discharge its indemnity obligations;
7. the Target Company has failed to complete the agreed asset-liability ratio of 35% in the Shareholder Agreements for two consecutive years;
8. the Target Company has accrued impairment losses and the Target Company's asset impairment exceeds 5% of the audited equity attributable to its shareholders at the end of the previous fiscal year;
9. the Target Company fails to use the proceeds from the Capital Increase in accordance with the requirements of the Capital Increase Agreements; and
10. the investment purpose of the Investors cannot be realized due to force majeure or other legal or agreed reasons;

Upon the incurrence of those events, the Investors shall have the right to:

Seek the Target Company's opinion on repurchasing their equity. If the target company does not repurchase, investors can seek the opinions of the Company. If the Company does not repurchase either, the Investors could increase the actual controlling rights over the Target Company by increasing the number of directors nominated by the Investors and signing an acting-in-concert agreement etc.,

If the Target Company or the Company opts to repurchase the Investors' equity interest in the Target Company, the repurchase should be completed with cash, according to the calculation below:

Repurchase price = the Investors' capital increase amount + difference/(1-25%), the difference = the Investors' capital increase amount  $\times$  10%  $\times$  (investment days/365) – the Investors' cash dividends received – the amount of cash remedies the Investors received in accordance with the capital increase agreement. If the calculation result of the difference part is a negative number, it will be calculated as 0.

A separate repurchase agreement should be signed by the Target Company or the Company, complying with the Listing Rules.

As for the event 1 above, the Investors indicated that if the Company fails to obtain the relevant approval from the Hong Kong Stock Exchange within the agreed time, the Investors can negotiate with the company to extend the time for obtaining the relevant approval (not exceeding 12 months), as long as the Company's results in 2023 meets the relevant conditions for spin-off listing and the results of the Target Company continues to grow.

The special rights enjoyed by investors, including but not limited to the above, will be terminated in whole or in part according to the requirements of the China Securities Regulatory Commission, Shanghai Stock Exchange, or Shenzhen Stock Exchange before the Target Company's listing application. After such rights are terminated, whether they can be restored in the future will be determined in consultation with the Investors in accordance with the requirements of regulatory agencies.

The Directors (including the independent non-executive Directors) are of the view that the terms of each of the Capital Increase Agreements and the Shareholder Agreements are on normal commercial terms and fair and reasonable and in the interests of the Company and the Shareholders as a whole.
