The board of directors (the “**Directors**”) of the Company (the “**Board**”) wishes to inform the shareholders and potential investors of the Company that, based on a preliminary assessment of the unaudited consolidated management accounts of the Group for the year ended 31 December 2022 (the “**Current Year**”), which have not been confirmed, reviewed or audited by the Company’s auditors or audit committee and may be subject to adjustment, and other information currently available to the Group’s management, the Group is expected to record a net profit attributable to equity holders of the Company for the Current Year of approximately RMB68.0 million, representing a decrease of approximately RMB67.1 million or approximately 49.7%, as compared to the net profit attributable to equity holders of the Company of approximately RMB135.1 million for the year ended 31 December 2021.
