NOTES TO FINANCIAL STATEMENTS

1. CORPORATE AND GROUP INFORMATION

On 23 June 2022, WRM and the Macau government entered into a Concession Extension Agreement, pursuant to which the expiration date of WRM's gaming concession was extended from 26 June 2022 to 31 December 2022. On 16 December 2022, WRM entered into a definitive Gaming Concession Contract with the Macau government, pursuant to which WRM was granted a 10-year gaming concession commencing on 1 January 2023 and expiring on 31 December 2032, to operate games of chance at Wynn Palace and Wynn Macau.

Impact of COVID-19

In early January 2020, an outbreak of a respiratory illness caused by a novel coronavirus was identified and the disease has since spread rapidly across the world causing the World Health Organization to declare the outbreak a pandemic on 12 March 2020 (the “**COVID-19 Pandemic**”). The COVID-19 Pandemic has had and may continue to have an adverse effect on the Group's results of operations. Since the outbreak of COVID-19, visitation to Macau has fallen significantly, driven by the strong deterrent effect of the COVID-19 Pandemic on travel and social activities, quarantine measures put in place in Macau and elsewhere, travel and entry restrictions and conditions in Macau, the PRC, Hong Kong and Taiwan involving COVID-19 testing and mandatory quarantine, among other things, periods of mandatory closure of certain businesses and facilities, including gaming operations, and the suspension or reduced accessibility of transportation to and from Macau. Over the course of December 2022 and January 2023, Macau authorities relaxed or eliminated most COVID-19 related protective measures, and there are currently no remaining entry restrictions or mandatory quarantine requirements in place for travelers to Macau, and testing requirements for inbound travelers from the PRC, Hong Kong, and Taiwan have been discontinued. Nevertheless, given the inherent uncertainty around the likelihood, extent, and timing of a potential reimposition of restrictions on the general public, travel, or certain activities, management is unable to reasonably predict whether such restrictions would impact the Group's properties in the future, or the extent such restrictions, if reimposed, would impact the Group's results of operations, cash flows, or financial condition.

2. BASIS OF PREPARATION AND PRESENTATION

These consolidated financial statements have been prepared in accordance with International Financial Reporting Standards (“**IFRS**”) as issued by the International Accounting Standards Board (“**IASB**”). These financial statements also comply with the accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance relating to the preparation of financial statements. They have been prepared on a historical cost basis and on a going concern basis. These financial statements are presented in Hong Kong dollars and all values are rounded to the nearest thousand (HK\$'000) except when otherwise indicated.

As at 31 December 2022, the Group had a deficiency in assets of HK\$17.15 billion, however, the Group had total cash and cash equivalents, excluding restricted cash, of HK\$7.42 billion, and had access to approximately HK\$3.90 billion of available borrowing capacity from the WRL Revolving Loan Facility. As of 31 December 2022, the WM Cayman II Revolver was fully drawn. In addition, the Group has undertaken various cost containment initiatives to manage through the current environment. Given the Group's liquidity position as at 31 December 2022, the Group believes it will be able to support continuing operations and respond to a potential reimposition of COVID-19 related restrictions on the general public, travel, or certain activities and their related economic disruptions.

Basis of consolidation

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at 31 December 2022. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

The subsidiaries are fully consolidated from the date on which control is transferred to the Group, and will continue to be consolidated until the date that such control ceases. The financial statements of the subsidiaries are prepared for the same reporting period as the parent company, using consistent accounting policies.

On 15 May 2014, the Board of Directors approved an employee ownership scheme under which shares may be awarded to employees of the Group in accordance with the related terms and conditions. Pursuant to the rules of the employee ownership scheme, the Group has set up a Trust for the purpose of administering the employee ownership scheme and holding the awarded shares before they vest.

In August 2020, WRM set up a charitable foundation, "Wynn Care Foundation". Through Wynn Care Foundation, the Group continues to broaden its efforts in pursuing positive social impact and supporting charitable development within Macau and the PRC. As the Group has control over the Trust and the foundation, the Directors of the Company consider that it is appropriate to consolidate these structured entities.

All intra-group balances, equity, income, expenses and cash flows relating to transactions between group companies are eliminated in full on consolidation. Unrealized gains and losses resulting from transactions between group companies are eliminated, except where unrealized losses provide evidence of an impairment of the asset transferred.

Application of revised IFRSs

The Group has adopted the following revised standards for the first-time for the current year's financial statements:

Amendments to IFRS 3	<i>Reference to the Conceptual Framework</i>
Amendments to IFRS 16	<i>Covid-19-Related Rent Concessions beyond 30 June 2021</i>
Amendments to IAS 16	<i>Property, Plant and Equipment: Proceeds before Intended Use</i>
Amendments to IAS 37	<i>Onerous Contracts — Cost of Fulfilling a Contract</i>
<i>Annual Improvements to IFRS Standards 2018–2020 Cycle</i>	Amendments to IFRS 1, IFRS 9, Illustrative Examples accompanying IFRS 16 and IAS 41

The adoption of these revised standards did not have a material impact on the consolidated financial statements of the Group.

3. SEGMENT REPORTING

Operating segments are reported in a manner consistent with the internal reporting provided to the chief operating decision-makers, who are responsible for allocating resources and assessing performance of the operating segments and making strategic decisions. For management purposes, during the year ended 31 December 2022, the Group reviewed Wynn Palace and Wynn Macau as two reportable segments. Refer to note 13 for segment information.

No provision for Hong Kong profits tax for the year ended 31 December 2022 has been made as there was no assessable profit generated in Hong Kong (2021: nil). Taxation for overseas jurisdictions is charged at the appropriate prevailing rates ruling in the respective jurisdictions and the maximum rate is 12% (2021: 12%).

The tax position for the years ended 31 December 2022 and 2021 reconciles to loss before tax as follows:

The Group incurred Macau tax losses of approximately HK\$2.35 billion, HK\$1.84 billion and HK\$2.38 billion during the tax years ended 31 December 2022, 2021 and 2020, respectively. These tax losses will expire in 2025, 2024 and 2023, respectively. As at 31 December 2022, the Group's deferred tax assets relating to the share-based payment plan, fixed assets, tax loss carryforwards and others amounting to HK\$1.37 billion (2021: HK\$1.30 billion) were not recognized as the Group determined it was not probable that future taxable profits will be available against which the deferred tax assets could be utilized.

In April 2020, WRM received an exemption from Macau's 12% Complementary Tax on casino gaming profits (the "Tax Holiday") from 1 January 2021 to 26 June 2022. In September 2022, WRM received an exemption from 27 June 2022 through 31 December 2022, the date Concession Extension Agreement expired. For the year ended 31 December 2022, the Group did not have any casino gaming profits which would otherwise have been exempted from the Macau's 12% Complementary Tax (2021: nil). The Group's non-gaming profits remain subject to the Macau's 12% Complementary Tax and its casino winnings remain subject to the Macau special gaming tax and other levies in accordance with its Concession Agreement. In December 2022, WRM applied for a 5-year or more exemption from 1 January 2023 after the new Gaming Concession Contract was granted. The application is subject to approval.

In March 2021, WRM renewed the WRM Shareholder Dividend Tax Agreement with the Macau Special Administrative Region that provided for a payment of MOP12.8 million (approximately HK\$12.4 million) for year 2021 and MOP6.3 million (approximately HK\$6.1 million) for the period ended 26 June 2022, to the Macau Special Administrative Region in lieu of Complementary Tax on dividend distributions to its shareholders from gaming profits. In December 2022, WRM applied for an extension of this agreement and in March 2023, WRM renewed the agreement for a payment of MOP6.5 million (approximately HK\$6.3 million) for the period from 27 June 2022 through 31 December 2022.

The Group is exempted from income tax in the Isle of Man and the Cayman Islands. The Group's subsidiaries file income tax returns in Macau and various foreign jurisdictions as required by law. The Group's income tax returns are subject to examination by tax authorities in the locations where it operates. The Group's 2018 to 2021 Macau Complementary Tax returns remain subject to examination by the Financial Services Bureau of the Macau Special Administrative Region (the "**Financial Services Bureau**"). In March 2021, Palo received final tax assessments from the Financial Services Bureau for the years 2017 and 2018 and there is no change to the tax returns. In January 2022, the Financial Services Bureau issued final tax assessments for WRM for the years 2017 and 2018, while no additional tax was due, adjustments were made to WRM's tax loss carryforwards. In October 2022, Palo received final tax assessments from the Financial Services Bureau for the years 2019 and 2020, while no additional tax was due, adjustments were made to Palo's tax loss carryforwards.

Quarterly, the Group undertakes reviews for any potentially unfavorable tax outcomes and when an unfavorable outcome is identified as being probable and can be reasonably estimated, the Group then establishes a tax reserve for such possible unfavorable outcome. Estimating potential tax outcomes for any uncertain tax issues is highly judgmental and may not be indicative of the ultimate settlement with the tax authorities.

The Group considered whether it has any uncertain tax positions and concluded that it is not probable that the tax authorities will accept certain tax positions taken by the Group. As at 31 December 2022, the Group had unrecognized tax losses of HK\$6.56 billion (2021: HK\$6.06 billion) and the Group believes that these unrecognized tax losses are adequate to offset any adjustments that might be proposed by the Macau tax authority. The Group believes that it has adequately provided reasonable reserves for prudent and foreseeable outcomes related to uncertain tax matters.

7. LOSS PER SHARE ATTRIBUTABLE TO OWNERS OF THE COMPANY

The calculation of basic loss per Share for the year ended 31 December 2022 is based on the consolidated net loss attributable to owners of the Company and on the weighted average number of Shares in issue of 5,197,500,541 during the year (2021: 5,191,307,258), excluding Shares issued, purchased and reserved for the Company's employee ownership scheme. No Shares (2021: nil) were purchased and reserved and 29,300,000 Shares (2021: 8,943,000) were issued and reserved for the Company's employee ownership scheme during the year. 18,604,189 of awarded non-vested shares vested under the Company's employee ownership scheme during the year (2021: 4,934,549). No immediate vested Shares were awarded during the year (2021: 1,115,309).

No adjustment had been made to the basic loss per Share amount presented for the year ended 31 December 2022 and 2021 in respect of a dilution as the impact of the share options and vesting of awards had an anti-dilutive effect on the basic loss per Share amount presented.

8. DIVIDEND

No dividend was declared for the year ended 31 December 2022 (2021: nil).

In providing goods and services to its customers, there is often a timing difference between the Group receiving cash and the Group recording revenue for providing services or holding events. The Group's primary liabilities associated with customer contracts are customer deposits, outstanding chip liabilities, loyalty program and related liabilities and other gaming-related liabilities.

- (1) Customer deposits include casino front money deposits and advance room and other deposits. Casino front money deposits represent funds deposited by customers before gaming play occurs. Such amounts may be recognized as revenue or will be redeemed for cash in the future. The advance room and other deposits represent cash received in advance for goods and services to be provided in the future. These amounts will be recognized as revenue when the goods and services are provided. Decreases in this balance generally represent the recognition of revenue and increases in the balance represent additional deposits made by customers. The deposits are expected to be primarily recognized as revenue within one year.
- (2) Outstanding chips generally represent amounts owed to gaming promoters and customers for chips in their possession. The amounts may be recognized as revenue or will be redeemed for cash in the future.
- (3) Loyalty program and related liabilities represent the deferral of revenue until the loyalty points or other complimentary are redeemed. The amounts are expected to be recognized as revenue within one year from being earned by customers.
- (4) Other gaming-related liabilities generally represent unpaid wagers primarily in the form of unredeemed slot tickets.

As at 31 December 2022, the WRL Revolving Loan Facility remained undrawn.

On 7 March 2023, the Company issued US\$600.0 million (approximately HK\$4.68 billion) 4.50% convertible bonds due 2029 (the “**Bonds**”) at an initial conversion price of approximately HK\$10.24 per Share (subject to adjustments). The Company intends to use the proceeds from the Bonds for general corporate purposes. Interest on the Bonds is payable semi-annually in arrears on 7 March and 7 September in each year. The Bonds mature on 7 March 2029 and are listed on the Hong Kong Stock Exchange.

13. SEGMENT INFORMATION

The Group's principal operating activities occur in Macau, which is the sole geographic area in which the Group is domiciled. The Group reviews the results of operations for each of its operating segments. Wynn Palace, which opened on 22 August 2016, is managed as an operating segment and a reportable segment. Wynn Macau and Encore at Wynn Macau are managed as a single integrated resort and are aggregated as one operating segment, which is also a reportable segment ("Wynn Macau"). The Group identifies each integrated resort as a reportable segment considering operations within each integrated resort have similar economic characteristics, type of customers, types of services and products, the regulatory environment of the operations and the Group's organizational and management reporting structure. Other Macau primarily represents cash and cash equivalents held by the Company and one of its indirect wholly-owned subsidiaries.

MANAGEMENT DISCUSSION AND ANALYSIS

OVERVIEW

We are a developer, owner and operator of two integrated destination casino resorts, Wynn Palace and Wynn Macau, located in the Greater Bay Area region of the People's Republic of China. Our resorts in Macau include world-class hotel facilities, a variety of regional and international dining options, retail outlets and an array of one-of-a-kind entertainment options, many of which are free to the general public.

Our strategy in the Greater Bay Area encompasses investment in our integrated resorts, in our people and in the broader community. To attract and retain our customers, we design and continually make enhancements to refresh, improve and expand our resorts. We also maintain numerous programs to invest in our approximately 11,500 Macau-based employees. Through a robust emphasis on human resources and staff training, we provide opportunities for movement within our Group to ensure employees can pursue their career goals with us and to elevate their functional and leadership skills. Through our "Wynn Care" program, we facilitate reinvestment in our community, encourage volunteerism and promote responsible gaming. Since launching this program, we have centralized our community-focused initiatives under one umbrella and expanded our efforts from various volunteer activities and community events in Macau into the Greater Bay Area and beyond. Through our charitable foundation "Wynn Care Foundation", we continue to broaden our efforts in pursuing positive social impact and supporting charitable development within Macau and the PRC. We are also fully committed to supporting sustainable development for the benefit of Macau and the planet by monitoring and reducing inefficient energy and resource consumption and embracing technologies that help us to responsibly use our resources.

Wynn Palace

Wynn Palace, a 6 million square foot integrated resort, was opened to the public on 22 August 2016 in the Cotai area of Macau, conveniently located minutes from both Macau International Airport and the Macau Taipa Ferry Terminal and directly adjacent to a stop serviced by Macau's light rail system.

We are in the design stages of developing the next phase of Wynn Palace. We currently expect that the next phase at Wynn Palace will incorporate an array of amenities such as theater and event space, interactive entertainment installations, food and beverage features, and other non-gaming offerings.

Wynn Palace features:

- Approximately 468,000 square feet of casino space and casino support and ancillary areas with 287 table games and 560 slot machines, offering 24-hour gaming and a full range of games, including private gaming salons and sky casinos;
- Free public entertainment attractions including an 8-acre performance lake, animated floral art displays and fine art displays;

- A luxury hotel with a total of 1,706 spacious rooms, suites and villas;
- 14 food and beverage outlets;
- Approximately 107,000 square feet of high-end, brand-name retail shopping;
- Recreation and leisure facilities, including a cable car (“**SkyCab**”) ride, health club, spa, salon and pool; and
- Approximately 37,000 square feet of meeting and convention space.

Wynn Macau

Wynn Macau, a 3 million square foot integrated resort, was opened to the public on 6 September 2006 in the heart of the Macau Peninsula. We completed expansion works at Wynn Macau in December 2007 and November 2009, which added more gaming space and additional food and beverage and retail amenities. Encore at Wynn Macau, a further expansion of Wynn Macau that added hotel accommodations and a range of gaming and non-gaming amenities, opened in April 2010. In 2019, we refreshed 410 rooms in Encore tower.

Wynn Macau features:

- Approximately 294,000 square feet of casino space and casino support and ancillary areas with 276 table games and 567 slot machines, offering 24-hour gaming and a full range of games, including private gaming salons, sky casinos and a poker pit;
- Free public entertainment attractions including a rotunda show featuring a Chinese zodiac-inspired ceiling along with gold “tree of prosperity” and “dragon of fortune” attractions and a performance lake;
- Two luxury hotel towers with a total of 1,010 spacious rooms and suites;
- 14 food and beverage outlets;
- Approximately 64,300 square feet of high-end, brand-name retail shopping;
- Recreation and leisure facilities, including two health clubs and spas, a salon and a pool; and
- Approximately 31,000 square feet of meeting and convention space.

FACTORS AFFECTING OUR RESULTS OF OPERATIONS AND FINANCIAL CONDITION

Set forth below are the key factors affecting our results of operations and financial condition. There are also risks and uncertainties inherent in our operations, many of which are beyond our control.

Since the outbreak of COVID-19, visitation to Macau has fallen significantly, driven by the strong deterrent effect of the COVID-19 Pandemic on travel and social activities, quarantine measures put in place in Macau and elsewhere, travel and entry restrictions and conditions in Macau, the PRC, Hong Kong and Taiwan involving COVID-19 testing and mandatory quarantine, among other things, periods of mandatory closure of certain businesses and facilities, including gaming operations, and the suspension or reduced accessibility of transportation to and from Macau. Over the course of December 2022 and January 2023, Macau authorities relaxed or eliminated most COVID-19 related protective measures, and there are currently no remaining entry restrictions or mandatory quarantine requirements in place for travelers to Macau, and testing requirements for inbound travelers from the PRC, Hong Kong, and Taiwan have been discontinued. Nevertheless, given the inherent uncertainty around the likelihood, extent, and timing of a potential reimposition of restrictions on the general public, travel, or certain activities, management is unable to reasonably predict whether such restrictions would impact the Group's properties in the future, or the extent such restrictions, if reimposed, would impact the Group's results of operations, cash flows, or financial condition.

For further details, see the section headed "Material Risk Factors" of this announcement.

Regulation and Licensing

On 16 December 2022, WRM, a wholly-owned subsidiary of the Company, entered into a definitive Gaming Concession Contract with the Macau government, pursuant to which WRM was granted a 10-year gaming concession commencing on 1 January 2023 and expiring on 31 December 2032, to operate games of chance at Wynn Palace and Wynn Macau.

As a casino concessionaire, WRM is subject to the regulatory control of the government of Macau. The Macau government has adopted laws and administrative regulations governing the operation of casinos in Macau. Only concessionaires are permitted to operate casinos. Each concessionaire was required to enter into a concession agreement with the Macau government which, together with the law and administrative regulations, form the framework for the regulation of the activities of the concessionaire.

Under the law and administrative regulations, concessionaires are subject to suitability requirements relating to background, associations and reputation, as are stockholders of 5% or more of a concessionaire's equity securities, officers, directors and key employees. The same requirements apply to any entity engaged by a concessionaire to manage casino operations. Concessionaires are required to satisfy minimum capitalization requirements, demonstrate and maintain adequate financial capacity to operate the concession and submit to continuous monitoring of their casino operations by the Macau government. Concessionaires also are subject to periodic financial reporting requirements and reporting obligations with respect to, among other things, certain contracts, financing activities and transactions with directors, financiers and key employees. Transfers or the encumbering of interests in concessionaires must be reported to the Macau government and are ineffective without government approval.

Each concessionaire is required to engage a managing director who must be a permanent resident of Macau and the holder of at least 15% of the capital stock of the concessionaire. The appointment of the managing director and of any successor is ineffective without the approval of the Macau government. All contracts placing the management of a concessionaire's casino operations with a third party also are ineffective without the approval of the Macau government.

Concessionaires are subject to a special gaming tax of 35% of gross gaming revenue, and must also make an annual contribution of up to 5% of gross gaming revenue for the promotion of public interests, social security, infrastructure and tourism. Concessionaires are obligated to withhold applicable taxes, according to the rate in effect as set by the government, from any commissions paid to gaming promoters. The withholding rate may be adjusted from time to time.

The Gaming Concession Contract between WRM and the Macau government requires WRM to operate two casinos: "Casino Wynn Macau" and "Casino Wynn Palace".

Pursuant to the Gaming Concession Contract and applicable Macau laws, Macau government may rescind the gaming concession if WRM fails to fulfill its obligations under the Macau law or the Gaming Concession Contract, including in the circumstances of (i) endangerment to the national security of mainland China or Macau, (ii) failure on the part of WRM to perform its obligations under the Gaming Concession Contract, (iii) public interest, and (iv) WRM ceasing to be eligible for the gaming concession under the Macau gaming law. If the Macau government rescinds the Gaming Concession Contract due to WRM's non-fulfilment, or perceived non-fulfilment, of its obligations, WRM will be required to transfer to the Macau government, free from any encumbrance or lien and without compensation, all of its casinos, gaming assets and equipment and ownership rights to its casino areas in Macau. Beginning in the eighth year of WRM's concession, the Macau government may exercise its right to redeem the concession by providing WRM with at least one-year prior written notice. In such event, WRM would be entitled to fair and equitable compensation pursuant to the Macau gaming law. The amount of such compensation relating to the projects agreed with the Macau government would be determined based on the earnings of these projects, before interest, depreciation and amortization for the fiscal year immediately preceding the date the redemption is declared, multiplied by the number of years remaining on the term of the Gaming Concession Contract. The government of Macau may assume temporary custody and control over the operation of a concession in certain circumstances. During any such period, the costs of operations must be borne by the concessionaire.

WRM is required to obtain prior approval from the relevant Macau authorities or officials for various corporate changes and actions, including expansion of its business scope, issuance of shares, transfer of or creation of any encumbrances over its shares, issuance of debt securities, change of its managing director or the authority delegated thereto, change of its articles of association, certain transfers of property rights and creditor's rights, entering into a consumer loan contract or similar contract with a value equal to or exceeding MOP100.0 million (approximately HK\$97.1 million), and granting of a loan to any of its directors, shareholders or key employees. WRM is required to notify the Macau government of certain other changes, including any loan, mortgage, claim for obligation, guarantee or the assumption of any debt for financing its business with a value that equals to or exceeds MOP16.0 million (approximately HK\$15.5 million). In particular, WRM is required to notify the Chief Executive of Macau at least five working days in advance prior to making financial decisions (i) related to the transfer of funds within WRM which exceeds 50% of its share capital, (ii) related to employee salaries, remuneration or benefits which exceed 10% of its share capital, and (iii) not related to above items (i) and (ii), whose value exceeding 10% of its share capital.

Pursuant to the Gaming Concession Contract, WRM is required to submit to the Macau government an annual execution proposal of the specific projects mentioned in the investment plan annexed to the Gaming Concession Contract which it intends to execute in the following year by 30 September of each calendar year, detailing each project it intends to invest, the investment amount and the execution schedule for the relevant year for the purpose of government approval. The annual execution proposal for the year 2023 should be submitted in March 2023. Within 60 days after submission of each annual execution proposal, the Macau government will decide on its approval, and may request adjustments to specific projects, the investment amount and the execution schedule. If any of our annual execution proposals or parts thereof are not approved by the Macau government, WRM is obliged to propose allocating the relevant funds to other projects related with its activity, which are also subject to acceptance by the Macau government. WRM is required to submit a report on the execution of the previous year's execution proposal by 31 March of each calendar year. In addition, WRM is subject to the supervision of the Macau government as regards the execution of development projects included in the investment plan, and WRM must submit regular progress reports every two months, and may be requested to submit exceptional detailed reports whenever the normal progress of any development project included in the investment plan is compromised.

Macau Gaming Concession

WRM committed to make the following payments throughout the term of the Gaming Concession Contract:

- (i) Gaming premium — The gaming premium is composed of (a) a fixed portion in an amount equal to MOP30.0 million (approximately HK\$29.1 million) per year; and (b) a variable annual portion of (1) MOP300,000 (approximately HK\$291,000) per gaming table located in special gaming halls reserved exclusively to particular games or players; (2) MOP150,000 (approximately HK\$146,000) per gaming table that is not reserved exclusively to particular games or players; and (3) MOP1,000 (approximately HK\$971) per gaming machine, including slot machines, operated by WRM. The amount of the variable portion of the premium cannot be less than the amount that would result from the permanent operation of 500 gaming tables and 1,000 gaming machines. A minimum average annual gross gaming revenue of MOP7.0 million (approximately HK\$6.8 million) per gaming table and MOP300,000 (approximately HK\$291,000) per gaming machine has been set by Macau government. If WRM fails to reach such minimum gross gaming revenue, WRM will be required to pay a special premium equal to the difference between the special gaming tax calculated based on the actual gross gaming revenue and that of such minimum gross gaming revenue;
- (ii) Special levies, totaling 5% of gross gaming revenues. The Macau government may reduce the special levies payable by WRM (1) based on WRM's contribution to the attraction of tourists who enter Macau for tourism and business purposes and hold travel documents issued by countries or regions other than the People's Republic of China; or (2) if WRM's operations are adversely affected by abnormal, unpredictable or force majeure circumstances associated with the prevailing economic conditions of Macau; or (3) factors as determined by the Chief Executive of Macau; and
- (iii) Special gaming tax assessed at the rate of 35% of gross gaming revenues.

In accordance with the terms of the Property Transfer Agreements, WRM will pay the Macau government an annual amount calculated based on: (i) MOP750 (approximately HK\$728) per square meter of the casino areas for the first year in March 2023, as adjusted annually in accordance with the average price index in Macau pursuant to the Macau gaming law for the second and third year payable in March 2024 and March 2025, respectively; and (ii) MOP2,500 (approximately HK\$2,427) per square meter of the casino areas for the fourth year in March 2026, as adjusted annually for the remaining years payable in March each year in accordance with the average price index in Macau pursuant to the Macau gaming law. Pursuant to the Gaming Concession Contract, WRM will revert to Macau government the casino areas and gaming equipment, without compensation and free of encumbrance upon the rescission or termination of the gaming concession on 31 December 2032.

WRM also committed to make certain non-gaming and gaming investments in the amount of MOP17.73 billion (approximately HK\$17.21 billion) over the course of the ten-year term of the Gaming Concession Contract. MOP16.50 billion (approximately HK\$16.02 billion) of the committed investment will be used for non-gaming capital projects and event programming in connection with, among others, attraction of foreign tourists, conventions and exhibitions, entertainment performances, sports events, culture and art, health and wellness, themed amusement, gastronomy, community tourism and maritime tourism. WRM will be required to increase its investment in non-gaming projects by 20% in the following year if market-wide gross gaming revenues increase to MOP180.00 billion (approximately HK\$174.76 billion) in any one year (the “**Trigger Event**”). The required increase will be reduced to 16%, 12%, 8%, 4% or 0%, respectively, if the Trigger Event occurs during the sixth, seventh, eighth, ninth or tenth year of the concession period, respectively.

Under the Gaming Concession Contract, WRM provided a first demand bank guarantee of MOP1.00 billion (approximately HK\$0.97 billion) in favor of the Macau government to support WRM’s legal and contractual obligations, from 1 January 2023 until one hundred and eighty days after the term of the Gaming Concession Contract expires or the rescission of the concession.

Macau

Macau, which was a territory under Portuguese administration for approximately 450 years, was transferred from Portuguese to Chinese political control in December 1999. Macau is governed as a special administrative region of China and is located in the Greater Bay Area and approximately 37 miles southwest of Hong Kong. The journey between Macau and Hong Kong takes approximately 15 minutes by helicopter, 30 minutes by road via the opening of the Hong Kong — Zhuhai — Macau Bridge and one hour by jetfoil ferry. Macau, which has been a casino destination for more than 55 years, consists principally of a peninsula on mainland China and two neighboring islands, Taipa and Coloane, between which the Cotai area is located. In addition to WRM, SJM, Galaxy, Venetian Macau, Melco and MGM Macau are permitted to operate casinos in Macau.

We believe that Macau is located in one of the world's largest concentrations of potential gaming and tourism customers. Since the introduction of new casinos starting in 2004, the Macau market has experienced a significant increase in annual gaming revenue. According to Macau statistical information, the annual gaming revenues grew from HK\$21.53 billion in 2002 to HK\$283.94 billion in 2019 (pre-pandemic), before falling to HK\$58.68 billion in 2020 and HK\$84.33 billion in 2021, respectively, due to various quarantine measures and travel and entry restrictions and conditions since the outbreak of COVID-19. Casinos in Macau generated HK\$40.97 billion in gaming revenue in 2022, a decrease of 51.4% compared to the HK\$84.33 billion generated in 2021, as a result of decreased visitation to Macau as border restrictions and certain measures were extended to curb increased COVID-19 cases in Macau and the surrounding regions. We continue to believe that Macau's stated goal of becoming a world-class tourism destination will continue to drive additional visitation to the market and create future opportunities for us to invest and grow.

Our Macau Operations face competition primarily from the 28 other casinos located throughout Macau in addition to casinos located throughout the world, including Singapore, South Korea, the Philippines, Vietnam, Cambodia, Malaysia, Australia, Las Vegas, cruise ships in Asia that offer gaming, and other casinos throughout Asia. Additionally, certain other Asian countries and regions have legalized or in the future may legalize gaming, such as Japan, Taiwan, and Thailand, which could increase competition for our Macau Operations.

Tourism

The levels of tourism and overall gaming activities in Macau are key drivers of our business. Both the Macau gaming market and visitation to Macau grew significantly from liberalization in 2002 leading up to the outbreak of COVID-19 in December 2019, but has since fallen meaningfully, primarily due to certain border control and other travel related restrictions which were in place throughout the years ended 31 December 2022 and 2021 as a result of the pandemic. According to the Macau Statistics and Census Service Monthly Bulletin of Statistics, visitation to Macau decreased 26.0% and 85.5% in 2022 as compared to 2021 and 2019, respectively.

Tourism levels in Macau are affected by a number of factors which are beyond our control. Factors affecting tourism levels in Macau may include, among others: the prevailing economic conditions in the PRC and Asia; restrictions, conditions or other factors which affect visitation by citizens of the PRC and other regions to Macau; various countries' policies on currency exchange controls, currency export, currency withdrawal, credit and debit card usage and travel restrictions or policies impacting the issuance of travel visas that may be in place from time to time; and competition from other destinations which offer gaming and/or leisure activities.

Natural and man-made disasters, extreme weather conditions (such as typhoons and heavy rainstorms), outbreaks of highly infectious diseases (including the COVID-19 Pandemic), public incidents of violence, security alerts, riots and demonstrations, war and other events, particularly in Macau and nearby regions, may result in decreases to visitor arrivals to Macau from the PRC and elsewhere and disrupt travel to and between our resorts. Any of these events may also interfere with our operations and could have a material adverse effect on our business, financial condition and results of operations.

Although we have insurance coverage with respect to some of these events, we cannot assure you that any such coverage will be sufficient to indemnify us fully against all direct and indirect costs, including any loss of business that could result from substantial damage to, or partial or complete destruction of, any of our properties. For details of the COVID-19 Pandemic, see “Material Risk Factors — The COVID-19 Pandemic has had and may continue to have an adverse effect on our business, operations, financial condition and operating results” of this announcement.

Premium Credit Play

We selectively extend credit to certain customers contingent upon our marketing team’s knowledge of the customers, their financial background and payment history. We follow a series of credit procedures and require various signed documents from each credit recipient that are intended to ensure that, among other things, if permitted by applicable law, the debt can be legally enforced in the jurisdiction where the customer resides. In the event the customer does not reside in a jurisdiction where gaming debts are legally enforceable, we can attempt to assert jurisdiction over assets the customer maintains in jurisdictions where the debt is recognized. In addition, we typically require a check in the amount of the applicable credit line from credit customers, collateralizing the credit we grant.

Number and Mix of Table Games and Slot Machines

The mix of VIP table games, mass table games and slot machines in operation at our resorts changes from time to time as a result of marketing and operating strategies in response to changing market demand and industry competition. The shift in the mix of our games may affect casino profitability.

Renovation, Development and Construction Projects

Our current and future renovation, development and construction projects are and will be subject to significant development and construction risks. Such risks include unanticipated costs or cost increases, shortages in qualified labor, changes in laws and regulations and unforeseen engineering problems. Construction, equipment or staffing problems or difficulties in obtaining the requisite licenses, permits and authorizations from regulatory or governmental authorities could increase the total cost, delay or prevent the construction or opening or otherwise affect the project’s design and features, which may adversely impact the success of the project. There can be no assurance that our proposed plans and specifications will not change, and we cannot guarantee that our proposed projects will be approved, commenced or completed as contemplated by us. Failure to complete the projects on schedule or within budget may also have a significant negative effect on us and on our ability to make payments on our debt.

ADJUSTED EBITDA

Adjusted EBITDA is earnings or losses before finance costs, finance revenues, net foreign currency differences, loss on extinguishment of debt, income taxes, depreciation and amortization, pre-opening costs, property charges and other, share-based payments, Wynn Macau, Limited corporate expenses, and other non-operating income and expenses. Adjusted EBITDA is presented exclusively as a supplemental disclosure because our Directors believe that it is widely used to measure the performance, and as a basis for valuation, of gaming companies. Our Adjusted EBITDA presented herein also differs from the Adjusted Property EBITDA presented by Wynn Resorts, Limited for its Macau segments in its filings with the SEC, primarily due to the inclusion of license fees, adjustments for IFRS differences with U.S. GAAP, corporate support and other support services in arriving at operating loss.

The following table sets forth a quantitative reconciliation of Adjusted EBITDA to its most directly comparable IFRS measurement and operating loss.

Discussion of Results of Operations

Financial results for the year ended 31 December 2022 compared to financial results for the year ended 31 December 2021

Operating Revenues

Total operating revenues decreased by 51.9% from HK\$11.73 billion in 2021 to HK\$5.64 billion in 2022, resulting from decreased gaming volumes due to certain travel-related restrictions and conditions, including COVID-19 testing and other procedures related to the COVID-19 Pandemic.

Casino Revenues

Casino revenues decreased from HK\$8.97 billion (76.5% of total operating revenues) in 2021 to HK\$3.70 billion (65.5% of total operating revenues) in 2022 as a result of the closure of our casino operation in Macau for a 12-day period in July 2022, and certain travel restrictions and conditions, including testing and other mitigation procedures related to COVID-19. The components of casino revenues are as follows:

VIP casino gaming operations. VIP table games win decreased by 80.4%, from HK\$3.18 billion in 2021 to HK\$0.62 billion in 2022, with total VIP table games turnover down 62.7%, from HK\$92.62 billion in 2021 to HK\$34.51 billion in 2022.

Mass market casino gaming operations. Mass market table games win decreased by 50.2%, from HK\$7.41 billion in 2021 to HK\$3.69 billion in 2022, with total mass market table drop down 46.2% from HK\$36.11 billion in 2021 to HK\$19.43 billion in 2022.

Slot machine gaming operations. Slot machine win decreased by 32.2% from HK\$727.5 million in 2021 to HK\$493.5 million in 2022. Total slot machine handle dropped by 34.7% from HK\$19.52 billion in 2021 to HK\$12.74 billion in 2022.

Non-casino Revenues

Net non-casino revenues, which include rooms, food and beverage and retail and other revenues, decreased by 29.2% from HK\$2.75 billion (23.5% of total operating revenues) in 2021 to HK\$1.95 billion (34.5% of total operating revenues) in 2022.

Rooms. Our room revenues decreased by 44.6% from HK\$928.7 million in 2021 to HK\$514.7 million in 2022, primarily due to low occupancy rates at both Wynn Palace and Wynn Macau resulting from the adverse effects of the COVID-19 Pandemic.

The following table presents additional information about our room revenues for Wynn Palace and Wynn Macau:

Room revenues information

	For the year ended 31 December	
	2022	2021
Wynn Palace:		
Average Daily Rate	HK\$1,218	HK\$1,416
Occupancy ⁽¹⁾	38.4%	58.5%
REVPAR	HK\$467	HK\$828
Wynn Macau:		
Average Daily Rate	HK\$1,206	HK\$1,659
Occupancy ⁽¹⁾	41.1%	58.8%
REVPAR	HK\$495	HK\$975

Note:

(1) Occupancy is the number of total hotel room nights occupied as a percentage of the number of total hotel room nights available in the applicable year. Available hotel rooms exclude those rooms out of service during the applicable year.

Food and beverage. Food and beverage revenues decreased by 23.8% from HK\$624.9 million in 2021 to HK\$476.5 million in 2022, primarily due to decreased covers at restaurants of both Wynn Palace and Wynn Macau.

Retail and other. Our retail and other revenues decreased by 20.1% from HK\$1.20 billion in 2021 to HK\$0.96 billion in 2022, primarily due to a decrease in visitation at both Wynn Palace and Wynn Macau.

Operating Costs and Expenses

Gaming taxes and premiums. Gaming taxes and premiums decreased by 55.6% from HK\$4.86 billion in 2021 to HK\$2.16 billion in 2022. The decrease was driven by the decrease in casino revenues. WRM is subject to a 35% gaming tax on gross gaming win. In addition, WRM is also required to pay 4% of its gross gaming win as contributions for public development and social facilities.

Staff costs. Staff costs decreased by 7.2% from HK\$4.13 billion in 2021 to HK\$3.84 billion in 2022. The decrease was mainly due to the implementation of cost saving initiatives undertaken as a result of the COVID-19 Pandemic.

Other operating expenses. Other operating expenses decreased by 26.1% from HK\$2.65 billion in 2021 to HK\$1.96 billion in 2022. The decrease was mainly driven by decreases in license fees, advertising and promotions expenditures and operating supplies and equipment costs. The provision for credit losses was HK\$185.0 million in 2021 as compared to a reversal of HK\$58.9 million of provision for credit losses previously recognized for 2022. The change was primarily due to the impact of historical collection patterns and expectations of current and future collection trends, as well as the specific review of customer accounts, on our estimated credit loss for the respective years.

Depreciation and amortization. Depreciation and amortization decreased by 12.1% from HK\$2.62 billion in 2021 to HK\$2.31 billion in 2022. The decrease was primarily driven by the result of certain assets at both Wynn Palace and Wynn Macau being fully depreciated.

Property charges and other. Property charges and other increased from HK\$104.4 million in 2021 to HK\$268.7 million in 2022. The increase was mainly driven by an increase in costs related to assets retired or abandoned.

As a result of the foregoing, total operating costs and expenses decreased by 26.7%, from HK\$14.38 billion in 2021 to HK\$10.53 billion in 2022.

Finance Revenues

Finance revenues increased from HK\$19.9 million in 2021 to HK\$81.5 million in 2022. The increase was primarily due to the increase in average interest rates in 2022 compared to 2021. During 2022 and 2021, our short-term investment strategy has been to preserve capital while retaining sufficient liquidity. The majority of our cash equivalents were primarily in time deposits and fixed deposits with a maturity of three months or less.

Finance Costs

Finance costs increased by 9.5% from HK\$2.34 billion in 2021 to HK\$2.56 billion in 2022. The increase was mainly due to an increase in both of the average loan balance and average interest rate in 2022 compared to 2021.

Income Tax Expense

Income tax expense was HK\$12.4 million in 2021 and 2022. Our income tax expense relates to the current tax expense recorded by our subsidiaries owning WRM's shares under the WRM Shareholder Dividend Tax Agreement.

Net Loss Attributable to Owners of the Company

As a result of the foregoing, net loss attributable to owners of the Company increased by 41.7% from HK\$5.18 billion in 2021 to HK\$7.34 billion in 2022.

LIQUIDITY AND CAPITAL RESOURCES

Capital Resources

The COVID-19 Pandemic has materially impacted and may continue to materially impact our Macau Operations' business, financial condition and results of operations. While currently there are no remaining entry restrictions or mandatory quarantine requirements in place for travelers to Macau or elsewhere that directly impact visitation to our other properties, and we believe our unrestricted cash, cash flows from operations and revolver borrowing capacity will enable us to fund our current obligations for the next twelve months and beyond. Nevertheless, given the inherent uncertainty around the likelihood, extent, and timing of a potential reimposition of restrictions on the general public, travel, or certain activities, management is unable to reasonably predict whether such restrictions would impact our properties in the future, or the extent such restrictions, if reimposed, would impact our results of operations, cash flows, or financial condition and our ability to access capital.

Our cash and cash equivalents balance as at 31 December 2022 were approximately HK\$7.42 billion. This cash is available for operations, new development activities, enhancements to our operating properties, debt service and retirement, and general corporate purposes. The Company paid no dividends during 2022 or 2021.

On 14 June 2022, the Company entered into a loan agreement with WRL, which was amended by way of an amendment letter dated 30 December 2022, pursuant to which WRL agreed to make available an unsecured revolving loan facility in an amount of up to US\$500.0 million (approximately HK\$3.90 billion). The current term of the WRL Revolving Loan Facility is twenty-four months after the date of the original loan agreement dated 14 June 2022 and the current interest rate of the loan is 9% per annum on funded amounts or any other rate (to take into account any prevailing market conditions and other applicable factors) as agreed between the Company and WRL from time to time. As at 31 December 2022, the WRL Revolving Loan Facility remained undrawn.

On 16 September 2021, WM Cayman II, an indirect wholly owned subsidiary of WML, entered into an unsecured revolving credit facility agreement in an aggregate principal amount of HK\$11.70 billion consisting of one tranche in an amount of US\$312.5 million (approximately HK\$2.44 billion) and one tranche in an amount of HK\$9.26 billion. WM Cayman II has the ability to upsize the total revolving credit facility by an additional HK\$7.80 billion equivalent under the facility agreement and related agreements upon the satisfaction of various conditions. The borrowings under the WM Cayman II Revolver bear interest at LIBOR or HIBOR, as applicable, plus a margin of 2.625% per annum until 30 June 2022, the date from which the margin ranges from 1.875% to 2.875% per annum based on WM Cayman II's leverage ratio on a consolidated basis. The final maturity of all outstanding loans under the revolving facility is 16 September 2025. On 5 May 2022, WM Cayman II and its lenders agreed to waive certain financial covenants in the facility agreement under the WM Cayman II Revolver in respect of the relevant periods ending on the following applicable test dates: (a) 30 June 2022; (b) 30 September 2022; (c) 31 December 2022; and (d) 31 March 2023; and to provide for a floor on the interest rate margin of 2.625% per annum through 30 June 2023. WML, as guarantor, may be subject to certain restrictions on payments of dividends or distributions to its shareholders, unless certain financial criteria have been satisfied through the facility agreement. As at 31 December 2022, the WM Cayman II Revolver was fully drawn.

On 7 March 2023, the Company issued US\$600.0 million (approximately HK\$4.68 billion) 4.50% convertible bonds due 2029 at an initial conversion price of approximately HK\$10.24 per Share (subject to adjustments). The Company intends to use the proceeds from the Bonds for general corporate purposes. Interest on the Bonds is payable semi-annually in arrears on 7 March and 7 September in each year. The Bonds mature on 7 March 2029 and are listed on the Hong Kong Stock Exchange. For details, please refer to the announcements of the Company dated 2 March 2023, 3 March 2023, 7 March 2023 and 8 March 2023, respectively.

Effect of foreign exchange rate changes, net	24.7	64.4
Cash and cash equivalents at end of year	7,422.9	11,664.1

Net cash used in operating activities

Our net cash used in operating activities is primarily driven by changes in our working capital and operating loss generated by our Macau Operations. Net cash used in operating activities was HK\$2.12 billion in 2022, compared to HK\$1.21 billion in 2021. As a result of the COVID-19 Pandemic, operating loss was HK\$4.89 billion in 2022, compared to HK\$2.65 billion in 2021. The increase in net cash used in operating activities was primarily due to increased operating loss and partially offset by changes in working capital accounts. In 2021, the decrease in net cash from operating activities was primarily due to decreased operating loss and partially offset by changes in working capital accounts, including a decrease in other payables and accruals primarily due to withdrawals by gaming promoters.

Net cash used in investing activities

Net cash used in investing activities was HK\$1.29 billion in 2022, compared to HK\$453.9 million in 2021. Net cash used in investing activities in 2022 included HK\$970.8 million of an increase in restricted cash and cash equivalents primarily in relation to an amount held in the form of the first demand bank guarantee under the Gaming Concession Contract, HK\$348.7 million of costs, primarily related to maintenance capital expenditures, and HK\$46.8 million of contract premium and related cost paid for the Concession Extension Agreement, partially offset by HK\$80.5 million of interest receipts. Net cash used in investing activities in 2021 included HK\$476.0 million of costs, primarily related to maintenance capital expenditures, partially offset by HK\$17.9 million of interest receipts and HK\$4.2 million of proceeds from insurance claims.

Net cash used in financing activities

Net cash used in financing activities was HK\$860.4 million in 2022, compared to net cash of HK\$5.57 billion used in financing activities in 2021. During 2022, net cash used in financing activities was primarily due to HK\$2.44 billion of interest payments, HK\$51.7 million payments for principal and interest components of lease liabilities and HK\$25.8 million payments on debt financing costs, partially offset by HK\$1.66 billion proceeds from WM Cayman II Revolver. During 2021, net cash used in financing activities was primarily due to HK\$13.40 billion in repayments of the Wynn Macau Credit Facilities, HK\$2.26 billion of interest payments and HK\$250.4 million payments on debt financing costs, partially offset by HK\$10.04 billion proceeds from WM Cayman II Revolver and HK\$388.6 million proceeds from the revolving credit facility of Wynn Macau Credit Facilities.

WM Cayman II Revolver

On 16 September 2021, WM Cayman II, an indirect wholly owned subsidiary of WML, as borrower and WML as guarantor, entered into a facility agreement with, among others, Bank of China Limited, Macau Branch as agent and a syndicate of lenders, pursuant to which the lenders will make available in an aggregate amount of HK\$11.70 billion equivalent revolving unsecured credit facility consisting of one tranche in an amount of US\$312.5 million (approximately HK\$2.44 billion) and one tranche in an amount of HK\$9.26 billion to WM Cayman II. WM Cayman II has the ability to upsize the total WM Cayman II Revolver by an additional HK\$7.80 billion equivalent under the facility agreement and related agreements upon the satisfaction of various conditions.

The final maturity of all outstanding loans under the WM Cayman II Revolver is 16 September 2025, by which time any outstanding borrowings from the WM Cayman II Revolver must be repaid.

Each loan under the revolving facility, consisting of both United States dollar and Hong Kong dollar tranches, bear interest at LIBOR or HIBOR, as applicable, plus a margin of 2.625% per annum until 30 June 2022, the date from which the margin ranges from 1.875% to 2.875% per annum based on the leverage ratio of WM Cayman II on a consolidated basis.

On 5 May 2022, WM Cayman II and its lenders agreed to waive certain financial covenants in the facility agreement under the WM Cayman II Revolver in respect of the relevant periods ending on the following applicable test dates: (a) 30 June 2022; (b) 30 September 2022; (c) 31 December 2022; and (d) 31 March 2023; and to provide for a floor on the interest rate margin of 2.625% per annum through 30 June 2023. WML, as guarantor, may be subject to certain restrictions on payments of dividends or distributions to its shareholders, unless certain financial criteria have been satisfied through the facility agreement. As at 31 December 2022, the WM Cayman II Revolver was fully drawn.

The facility agreement contains representations, warranties, covenants and events of default customary for similar financings, including, but not limited to, restrictions on indebtedness to be incurred by WM Cayman II or its group members and restrictions on creating security over the assets of WM Cayman II or by its group members. The facility agreement also requires WM Cayman II to maintain a certain leverage ratio and interest coverage ratio from time to time as provided under the facility agreement. The facility agreement also contains certain events of default (some of which are subject to grace and remedy periods and materiality qualifiers). It is a property mandatory prepayment event under the facility agreement if there is a loss of gaming operation or gaming concession by the Group. Customary fees and expenses were paid by WM Cayman II in connection with the facility agreement and related agreements. It is a mandatory prepayment event under the facility agreement if Wynn Resorts, Limited ceases to legally and beneficially own and control, directly or indirectly, more than 50% of the outstanding share capital of WM Cayman II through the Company measured by voting power.

As at 31 December 2022, the Directors confirmed that there was no non-compliance with covenants contained in the WM Cayman II Revolver.

WML Senior Notes

On 20 September 2017, the Company issued the WML 2024 Notes and WML 2027 Notes. Interest on the WML 2024 Notes and WML 2027 Notes is payable semi-annually in arrears on 1 April and 1 October of each year, beginning on 1 April 2018. The WML 2024 Notes and WML 2027 Notes, mature on 1 October 2024 and 1 October 2027, respectively. The Company used the net proceeds from the WML 2024 Notes and WML 2027 Notes and cash on hand to repurchase and redeem the WML 2021 Notes.

On 17 December 2019, the Company issued the WML 2029 Notes. Interest on the WML 2029 Notes is payable semi-annually in arrears on 15 June and 15 December of each year, beginning on 15 June 2020. The WML 2029 Notes mature on 15 December 2029. The Company used the net proceeds from the WML 2029 Notes to facilitate the repayment of a portion of the Wynn Macau Credit Facilities and for general corporate purposes.

During 2020, the Company issued the WML 2026 Notes and WML 2028 Notes. Interest on the WML 2026 Notes is payable semi-annually in arrears on 15 January and 15 July of each year, beginning on 15 January 2021. Interest on the WML 2028 Notes is payable semi-annually in arrears on 26 February and 26 August of each year, beginning on 26 February 2021. The WML 2026 Notes and WML 2028 Notes mature on 15 January 2026 and 26 August 2028 respectively. The Company used net proceeds of the WML 2026 Notes and WML 2028 Notes to facilitate repayments of the Wynn Macau Credit Facilities and for general corporate purposes.

The WML Senior Notes are WML's general unsecured obligations; rank pari passu in right of payment with all of WML's existing and future senior unsecured indebtedness; rank senior to all of WML's future subordinated indebtedness, if any; are effectively subordinated to all of WML's future secured indebtedness, if any, to the extent of the value of the assets securing such indebtedness; and are structurally subordinated to all existing and future obligations of WML's subsidiaries, including the WM Cayman II Revolver. The WML Senior Notes are listed on the Hong Kong Stock Exchange.

The WML Senior Notes indentures contain covenants limiting WML's (and certain of its subsidiaries') ability to, among other things: merge or consolidate with or into another company; and transfer or sell all or substantially all of its properties or assets. The WML Senior Notes indentures also contain customary events of default. In the case of an event of default arising from certain events of bankruptcy or insolvency, all WML Senior Notes then outstanding will become due and payable immediately without further action or notice.

Upon the occurrence of (1) any event after which none of the Company or any of its subsidiaries have such licenses, concessions, subconcessions or other permits or authorizations as necessary to conduct gaming activities in substantially the same manner and scope as it does on the date on which each of the WML Senior Notes were issued, for a period of ten consecutive days or more, and such event has a material adverse effect on the financial condition, business, properties, or results of operations of WML and its subsidiaries, taken as a whole, or (2) the termination, rescission, revocation or modification of any such licenses, concessions, subconcessions or other permits or authorizations which has had a material adverse effect on the financial condition, business, properties, or results of operations of the Company and its subsidiaries, taken as a whole, each holder of the WML Senior Notes will have the right to require the Company to repurchase all or any part of such holder's WML Senior Notes at a purchase price in cash equal to 100% of the principal amount thereof, plus accrued and unpaid interest.

If the Company undergoes certain Changes of Control (as defined in the WML Senior Notes indentures), it must offer to repurchase the WML Senior Notes at a price equal to 101% of the aggregate principal amount thereof, plus accrued and unpaid interest. Under the indentures governing the WML 2024 Notes and WML 2027 Notes, the circumstances that will constitute a Change of Control include, among others, the sale, transfer, conveyance or other disposition of all or substantially all of the properties or assets of the Group to any person other than to the Company's former Chairman and Chief Executive Officer or a related party of the Company's former Chairman and Chief Executive Officer, the consummation of any transaction that results in any party other than the Company's former Chairman and Chief Executive Officer and his related parties becoming the beneficial owner, directly or indirectly, of more than 50% of the outstanding voting stock of WRL, measured by voting power rather than number of equity interests, and a majority of the members of the Board not being continuing directors. Under the indentures governing the WML 2026 Notes, WML 2028 Notes and WML 2029 Notes, the circumstances that will constitute a Change of Control include, among others, the sale, transfer, conveyance or other disposition of all or substantially all of the properties or assets of the Group to any person other than to WRL or any affiliate of WRL, the consummation of any transaction that results in any party other than WRL or any affiliate of WRL becoming the beneficial owner, directly or indirectly, of more than 50% of the outstanding voting stock of the Company, measured by voting power rather than number of equity interests, and a majority of the members of the Board not being continuing directors.

WRL Revolving Loan Facility

On 14 June 2022, the Company entered into a loan agreement with WRL, which was amended by way of an amendment letter dated 30 December 2022, pursuant to which WRL agreed to make available an unsecured revolving loan facility in an amount of up to US\$500.0 million (approximately HK\$3.90 billion).

The current term of the WRL Revolving Loan Facility is twenty-four months after the date of the original loan agreement dated 14 June 2022 and the current interest rate of the loan is 9% per annum on funded amounts or any other rate (to take into account any prevailing market conditions and other applicable factors) as agreed between the Company and WRL from time to time. As at 31 December 2022, the WRL Revolving Loan Facility remained undrawn.

Convertible Bonds

On 7 March 2023, the Company issued US\$600.0 million (approximately HK\$4.68 billion) 4.50% convertible bonds due 2029 at an initial conversion price of approximately HK\$10.24 per Share (subject to adjustments). The Company intends to use the proceeds from the Bonds for general corporate purposes. Interest on the Bonds is payable semi-annually in arrears on 7 March and 7 September in each year. The Bonds mature on 7 March 2029 and are listed on the Hong Kong Stock Exchange. For details, please refer to the announcements of the Company dated 2 March 2023, 3 March 2023, 7 March 2023 and 8 March 2023, respectively.

OFF BALANCE SHEET ARRANGEMENTS

We have not entered into any transactions with special purpose entities nor do we engage in any transactions involving derivatives. We do not have any retained or contingent interest in assets transferred to an unconsolidated entity.

OTHER LIQUIDITY MATTERS

We expect to fund our operations and capital expenditure requirements from cash on hand, availability under the WRL Revolving Loan Facility, new borrowings and operating cash flows. However, we cannot be sure that operating cash flows will be sufficient for those purposes. We may refinance all or a portion of our indebtedness on or before maturity. We cannot be sure that we will be able to refinance any of the indebtedness on acceptable terms or at all.

New business developments or other unforeseen events, including related to COVID-19, may occur, resulting in the need to raise additional funds. There can be no assurances regarding the business prospects with respect to any other opportunity. Any other development would require us to obtain additional financing.

In the ordinary course of business, in response to market demands and client preferences, and in order to increase revenues, we have made and will continue to make enhancements and refinements to our resorts. We have incurred and will continue to incur capital expenditures related to these enhancements and refinements.

Taking into consideration our financial resources, including our cash and cash equivalents, availability under our credit facilities, proceeds from notes issuance and internally generated funds, we believe that we have sufficient liquid assets to meet our current and anticipated working capital and operating requirements.

RELATED PARTY TRANSACTIONS

Our Directors have confirmed that all related party transactions have complied with the requirements under Chapter 14A of the Listing Rules, and have been conducted on normal commercial terms, and that their terms are fair and reasonable.

MATERIAL RISK FACTORS

There are certain risks and uncertainties involved in our operations, some of which are beyond our control. Set forth below are the material risk factors involved in our operations, which have been broadly categorized into: (i) risks related to our business; (ii) risks associated with our operations in Macau; and (iii) risks related to our indebtedness. Additional risks and uncertainties not currently known to us or that we currently consider to be immaterial may also have a material adverse impact on our business, financial condition, results of operations and cash flows.

Risks Related to our Business

The COVID-19 Pandemic has had and may continue to have an adverse effect on our business, operations, financial condition and operating results.

Since the outbreak of COVID-19, visitation to Macau has fallen significantly driven by the strong deterrent effect of the COVID-19 Pandemic on travel and social activities, quarantine measures put in place in Macau and elsewhere. These containment measures and restrictions remained in place in Macau, the PRC, Hong Kong and Taiwan for most of 2022. Over the course of December 2022 and January 2023, Macau authorities relaxed or eliminated most COVID-19 related protective measures, and there are currently no remaining entry restrictions or mandatory quarantine requirements in place for travelers to Macau, and testing requirements for inbound travelers from the PRC, Hong Kong, and Taiwan have been discontinued. Nevertheless, regional demand for casino resorts may remain weak for a significant length of time and inbound tourism to Macau may be slow to recover. As a result, we cannot predict when, or even if, operations at our properties in Macau will return to pre-pandemic levels.

Given ongoing uncertainty around the likelihood, extent, and timing of a potential reimposition of restrictions on the general public, travel or certain activities and their effect on our Macau Operations in the future, we are unable to reasonably estimate the impact on our financial condition, results of operations and cash flows. To the extent the reimposition of these conditions and/or a slow pace of recovery at our Macau Operations adversely affects our business, operations, financial condition and operating results, such factors also have the effect of heightening many of the other risks related to our business, including those relating to our ability to raise capital, our high level of indebtedness, our need to generate sufficient cash flows to service our indebtedness, and our ability to comply with the covenants or other restrictions contained in the agreements that govern our indebtedness.

We are subject to Macau laws and regulations. The cost of compliance or failure to comply with such regulations and authorities could have a negative effect on our business.

The operations of our resorts are contingent upon us maintaining all regulatory licenses, permits, approvals, registrations, findings of suitability, orders and authorizations pursuant to Macau laws and regulations. The laws, regulations and ordinances requiring these licenses, permits and other approvals generally relate to the responsibility, financial stability and character of the owners and managers of the gaming operations, as well as persons financially interested or involved in gaming operations.

WRM and its directors, key employees, managing companies and shareholders who own 5% or more of WRM's shares must be found suitable and are subject to the continuous monitoring and supervision of the Macau government for the term of the Gaming Concession Contract to ensure that they are suitable to conduct a gaming business in Macau. The objectives of the Macau government's supervision are to preserve the conduct of gaming in Macau in a fair and honest manner and to safeguard and protect the interests of Macau in receiving taxes from the operation of casinos in the jurisdiction.

Our activities are also subject to administrative review and approval by various agencies of the Macau government, including DICJ, Health Bureau, Labour Affairs Bureau, Land, Public Works and Transport Bureau, Fire Services Bureau, Financial Services Bureau (including the Tax Department), Monetary Authority of Macau, Financial Intelligence Office and Macau Government Tourism Office. We cannot assure you that we will be able to maintain all necessary approvals and licenses, and our failure to do so may materially affect our business and operations.

Failure to comply with the terms of the Gaming Concession Contract and adapt to the regulatory and gaming requirements in Macau could result in the revocation of the Gaming Concession Contract or otherwise negatively affect our operations in Macau. Developments in the regulation of the gaming industry could be difficult to comply with and significantly increase our costs, which could adversely affect our business.

Moreover, we are a subsidiary of WRL and therefore are subject to the risk that U.S. regulators may not permit us to conduct operations in Macau in a manner consistent with the way in which we intend, or the applicable U.S. gaming authorities require us, to conduct our operations in the United States.

Our business is particularly sensitive to reductions in discretionary consumer spending, and deterioration or a protracted extension of the current negative macroeconomic environment, including an economic downturn or recession, or geopolitical tensions could adversely impact our business, results of operations, financial condition and cash flows.

Our financial results have been, and are expected to continue to be, affected by the global and regional economies in which we have operations. Consumer demand for hotels, casino resorts, trade shows, conventions and the type of luxury amenities that we offer is particularly sensitive to downturns in the economies in which we operate, which could harm consumer confidence in the economy and adversely affect discretionary spending. Because a significant number of our customers come from the PRC, Hong Kong and Taiwan, the economic condition of Macau and its surrounding region, in particular, affects the gaming industry in Macau and our Macau Operations. As a result, changes in discretionary spending or consumer preferences brought about by factors such as perceived or actual negative general economic conditions, perceived or actual changes in disposable consumer income and wealth, inflationary pressures, economic recession, changes in consumer confidence, including fears of war and acts of terrorism could reduce customer demand for the luxury amenities and leisure activities we offer and may negatively impact our results of operations.

Current macroeconomic conditions, including historic levels of inflation and relatively low levels of unemployment, have led to rising interest rates, disruption and volatility within the capital markets, and fiscal and monetary policy uncertainty. As a result, our gaming revenues, financial condition, results of operations and cash flows could be adversely affected by a deterioration of the current macroeconomic environment, an economic slowdown or recession in the global economy, or perception that any of these events may occur.

Demand for our products and services may be negatively impacted by geopolitical tensions, economic disruptions, visa and travel restrictions or difficulties, restrictions on international money transfers and other policies or campaigns implemented by regional governments.

Geopolitical tensions, notably with respect to international trade, including increases in tariffs and company and industry specific restrictions, in addition to changes in national security policies and other similar and geopolitical events, could cause economic disruption and adversely impact our business and results of operations. Various types of restrictions and sanctions have been placed by government agencies on targeted industries and companies which could potentially negatively impact the intended subject as well as other companies and persons sharing a common country of operations. These types of events have also caused significant volatility in global equity and debt capital markets which could trigger a severe contraction of liquidity in the global credit markets.

In addition, policies adopted from time to time by governments, including any visa and travel restrictions or difficulties faced by our customers such as restrictions on exit visas for travelers requiring them or restrictions on visitor entry visas for the jurisdictions in which we operate, have and may in the future decrease the number of visitors to our properties from those affected places, including from the PRC, Hong Kong and Taiwan. It is not known when, or if, policies restricting visitation by PRC citizens will be put in place and such policies may be adjusted, without notice, in the future. Furthermore, anti-corruption campaigns may influence the behavior of certain of our customers and their spending patterns. Such campaigns, as well as monetary outflow policies, have specifically led to tighter monetary transfer regulations in a number of areas. These policies may affect and impact the number of visitors to our properties and the amount of money they are willing to spend. The overall effect of these campaigns and monetary transfer restrictions may negatively affect our revenues, results of operations and cash flows.

Investigations, litigation and other disputes could distract management, damage our reputation and result in negative publicity and additional scrutiny from regulators.

We are subject to various investigations, litigation and other disputes related to our operations. These and any additional such matters that may arise in the future, even if routine, are expensive and divert management's attention from the operations of our businesses. In addition, improper conduct by our employees, agents or gaming promoters could damage our reputation and/or lead to litigation or legal proceedings that could result in civil or criminal penalties, including substantial monetary fines. In certain circumstances, it may not be economical to defend against such matters and/or our legal strategy may not ultimately result in us prevailing in a matter. Investigations, litigation and other disputes have in the past, and may in the future, lead to additional scrutiny from regulators, which could lead to investigations relating to, and possibly a negative impact on, the Group's gaming licenses and the Group's ability to bid successfully for new gaming market opportunities. In addition, publicity from these matters have, or in the future, could negatively impact our business, reputation and competitive position and reduce investor demand for our shares and negatively impact the trading prices of our shares.

We depend on the continued services of key managers and employees. If we do not retain our key personnel or attract and retain other highly skilled employees, our business will suffer.

Our ability to maintain our competitive position is dependent to a large degree on the services of our senior management team. Our success depends upon our ability to attract, hire, and retain qualified operating, marketing, financial, and technical personnel in the future. We rely on the continued services of key managers and an adequate number of qualified employees to achieve our goals and to deliver our high service standards. There is intense competition for labor resources in Macau due to the limited supply of local-Macau labor and imported-labor restrictions and quotas. Competition in Macau for key managers and qualified employees is further exacerbated by the labor needs of large-scale resorts that have recently opened or are expected to open in the future and other opportunities for local-Macau labor. If we are unable to obtain, attract, retain and train key managers and an adequate number of qualified employees, and obtain any required visas or work permits for our staff, our ability to adequately manage and staff our operations and development projects could be impaired, which could have a material adverse effect on our business, financial condition, results of operations and cash flows. The loss of key management and operating personnel would likely have a material adverse effect on our business, prospects, financial condition, and results of operations.

Our business is particularly sensitive to the willingness of our customers to travel to and spend time at our resorts. Acts or the threat of acts of terrorism, outbreak of infectious disease, regional political events and developments in certain countries could cause severe disruptions in air and other travel and may otherwise negatively impact tourists' willingness to visit our resorts. Such events or developments could reduce the number of visitors to our facilities, resulting in a material adverse effect on our business and financial condition, results of operations or cash flows.

We are dependent on the willingness of our customers to travel. Most of our revenue is from customers who travel to our properties. Acts of terrorism or concerns over the possibility of such acts have and may again severely disrupt domestic and international travel, which has and could in the future result in a decrease in customer visits to our properties. Regional conflicts could have a similar effect on domestic and international travel. Disruptions in air or other forms of travel as a result of any terrorist act, outbreak of hostilities, escalation of war or worldwide infectious disease outbreak have and could in the future have a material and adverse effect on our business and financial condition, results of operations and cash flows. In addition, governmental action and uncertainty resulting from global political trends and policies of major global economies, including potential barriers and restrictions to travel, trade and immigration have reduced demand for our hospitality products and services, and reduce visitation to our resorts.

Our continued success depends on our ability to maintain the reputation of our resorts.

Our strategy and integrated resort business model rely on positive perceptions of our resorts and the level of service we provide. Any deterioration in our reputation could have a material adverse effect on our business, results of operations and cash flows. Our reputation could be negatively impacted by our failure to deliver the superior design and customer service for which we are known or by events that are beyond our control. Our reputation may also suffer as a result of negative publicity regarding the Company or our resorts, including as a result of social media reports, regardless of the accuracy of such publicity. The continued expansion of media and social media formats has compounded the potential scope of negative publicity and has made it more difficult to control and effectively manage negative publicity.

We are entirely dependent on a limited number of resorts for all of our cash flow, which subjects us to greater risks than a gaming company with more operating properties.

We are currently entirely dependent upon our Macau Operations for all of our operating cash flow. As a result, we are subject to a greater degree of risk than a gaming company with more operating properties or greater geographic diversification. The risks to which we have a greater degree of exposure include the following:

- changes in local economic and competitive conditions;
- the impact on the travel and leisure industry from factors such as an outbreak of an infectious disease, including the COVID-19 Pandemic, public incidents of violence, riots, demonstrations, extreme weather patterns or natural disasters, military conflicts, civil unrest, and any future security alerts and/or terrorist attacks in Macau and nearby regions;
- changes in local governmental laws and regulations, or interpretations thereof, including gaming laws and regulations, anti-smoking legislation and travel and visa policies;
- extensive regulation of our business and the cost of compliance or failure to comply with applicable laws and regulations;
- restrictions or conditions on visitation by citizens of the PRC, Hong Kong or Taiwan to Macau, including as a result of the COVID-19 Pandemic and certain initiatives impacting applicable visa issuance for prospective travelers to Macau in place from time to time;
- increased government oversight with respect to cross-border financial transactions;
- shortages of skilled and unskilled labor affecting construction, development and/or operations;
- an increase in the cost of maintaining our properties;
- a decline in the number of visitors to Macau; and
- a decrease in gaming and non-casino activities at our resorts.

Any of the factors outlined above could negatively affect our results of operations and our ability to generate sufficient cash flow to make payments or maintain our covenants with respect to our debt.

We are a parent company and our primary source of cash is and will be distributions from our subsidiaries.

The Company is a holding company and our main operating subsidiary, WRM, owns and operates the destination casino resorts “Wynn Palace” in the Cotai area of Macau and “Wynn Macau” on the Macau peninsula. Accordingly, our primary sources of cash are dividends and distributions with respect to our ownership interests in our subsidiaries that are derived from the earnings and cash flow generated by our operating properties. Our subsidiaries might not generate sufficient earnings and cash flow to pay dividends or distributions in the future. For example, the Board concluded not to recommend the payment of a dividend with respect to the years ended 31 December 2022, 2021 and 2020 due to the financial impact of the COVID-19 Pandemic. If our Macau Operations’ gaming business is slow to recover to pre-pandemic levels following the recent discontinuation of travel-related restrictions and conditions which materially impacted visitation to Macau, it may continue to have an adverse effect on our subsidiaries’ results of operations and their ability to pay dividends or distributions to us in the future.

Our casino, hotel, convention and other facilities and offerings face intense competition, which may increase in the future.

The casino/hotel industry is highly competitive. Since the liberalization of Macau’s gaming industry in 2002, there has been a significant increase in the number of casino properties in Macau. There are six gaming operators in Macau, including WRM. The six concessionaires are WRM, SJM, Galaxy, Melco, MGM Macau, and Venetian Macau. As at 31 December 2022, there were 30 casinos in Macau, including 13 operated by SJM. Each of the six current operators has operational casinos and several have expansion plans underway. If the Macau government were to allow additional competitors to operate in Macau, we would face additional competition, which could have a material adverse effect on our business, financial condition, results of operations and cash flows. Several of the current concessionaires have opened facilities in the Cotai area over the past few years, which has significantly increased gaming and non-gaming offerings in Macau, with continued development in the near future.

Wynn Palace and Wynn Macau also face competition from casinos throughout the world, including Singapore, South Korea, the Philippines, Malaysia, Vietnam, Cambodia, Australia, Las Vegas, and cruise ships in Asia that offer gaming and other casinos throughout Asia. Additionally, certain Asian countries and regions have legalized or in the future may legalize gaming, such as Japan, Taiwan and Thailand, which could further increase competition for our business. Increased competition could result in a loss of customers, which may negatively affect our cash flows and results of operations.

Our business relies on premium customers. We often extend credit, and we may not be able to collect gaming receivables from our credit players or credit play may decrease.

Although the law in Macau permits casino operators to extend credit to gaming customers, our Macau Operations may not be able to collect all of its gaming receivables from its credit players. We expect that our Macau Operations will be able to enforce these obligations only in a limited number of jurisdictions, including Macau. To the extent our gaming customers are visitors from other jurisdictions, we may not have access to a forum in which we will be able to collect all of our gaming receivables because, among other reasons, courts of many jurisdictions do not enforce gaming debts and we may encounter forums that will refuse to enforce such debts. Our inability to collect gaming debts could have a significant negative impact on our financial condition and results of operations.

Currently, the gaming tax in Macau is calculated as a percentage of gross gaming revenue, including the face value of credit instruments issued. The gross gaming revenues calculation in Macau does not include deductions for uncollectible gaming debts. As a result, if we extend credit to our customers in Macau and are unable to collect on the related receivables from them, we remain obligated to pay taxes on our winnings from these customers regardless of whether we collect on the credit instrument.

Any violation of applicable Anti-Money Laundering laws, regulations or the Foreign Corrupt Practices Act (“FCPA”) or sanctions could adversely affect our business, performance, prospects, value, financial condition, and results of operations.

We deal with significant amounts of cash in our operations and are subject to various jurisdictions’ reporting and anti-money laundering laws and regulations. Macau governmental authorities focus heavily on the gaming industry and compliance with anti-money laundering laws and regulations. From time to time, the Company may receive governmental and regulatory inquiries about compliance with such laws and regulations. The Company will cooperate with all such inquiries. Any violation of anti-money laundering laws or regulations could adversely affect our business, performance, prospects, value, financial condition, and results of operations.

Further, as a subsidiary of WRL, we are subject to regulations imposed by the FCPA and other anti-corruption laws that generally prohibit U.S. companies and their intermediaries from offering, promising, authorizing or making improper payments to foreign government officials for the purpose of obtaining or retaining business. Violations of the FCPA and other anti-corruption laws may result in severe criminal and civil sanctions as well as other penalties, and the SEC and U.S. Department of Justice have increased their enforcement activities with respect to such laws and regulations. The Office of Foreign Assets Control and the Commerce Department administer and enforce economic and trade sanctions based on U.S. foreign policy and national security goals against targeted foreign states, organizations, and individuals. Failure to comply with these laws and regulations could increase our cost of operations, reduce our profits, or otherwise adversely affect our business, financial condition, and results of operations.

Internal control policies and procedures and employee training and compliance programs that we have implemented to deter prohibited practices may not be effective in prohibiting our and our affiliates' directors, employees, contractors or agents from violating or circumventing our policies and the law. If we or our affiliates, or either of our respective directors, employees or agents fail to comply with applicable laws or Company policies governing our operations, the Company may face investigations, prosecutions and other legal proceedings and actions, which could result in civil penalties, administrative remedies and criminal sanctions. Any such government investigations, prosecutions or other legal proceedings or actions could adversely affect our business, performance, prospects, value, financial condition, and results of operations.

Adverse incidents or adverse publicity concerning our resorts or our corporate responsibilities could harm our brand and reputation and negatively impact our financial results.

Our reputation and the value of our brand, including the perception held by our customers, business partners, other key stakeholders and the communities in which we do business, are important assets. Our business faces increasing scrutiny related to environmental, social and governance activities, and risk of damage to our reputation and the value of our brands if we fail to act responsibly in a number of areas, such as diversity and inclusion, environmental stewardship, supply chain management, sustainability, workplace conduct, human rights, philanthropy, and support for local communities. Any harm to our reputation could have a material adverse effect on our business, results of operations, and cash flows.

Compliance with evolving laws and regulations, and the interpretations thereof, is expensive and results in compliance risks.

Evolving laws and regulations create uncertainty for gaming companies. These evolving laws and regulations are subject to varying interpretations in many cases due to their complexity, ambiguity and/or lack of guidance. As a result, their application in practice may evolve over time as new guidance is provided by regulatory and governing bodies. In addition, public companies, financial institutions, the gaming industry and casinos are highly regulated, and compliance with such regulations is costly and subjects us to liability if we are not, or are perceived to not be, compliant. This could result in continuing uncertainty and higher costs regarding compliance matters. Due to our commitment to maintain high standards of compliance with laws and public disclosure, our efforts to comply with evolving laws, regulations and standards have resulted in and are likely to continue to result in increased general and administrative expense.

System failure, information leakage and the cost of maintaining sufficient cybersecurity could adversely affect our business.

We rely on information technology and other systems (including those maintained by third parties with whom we contract to provide data services) to maintain and transmit large volumes of customer financial information, credit card settlements, credit card funds transmissions, mailing lists and reservations information and other personally identifiable information. We also maintain important internal company data such as personally identifiable information about our employees and information relating to our operations. The systems and processes we have implemented to protect customers, employees and company information are subject to the ever-changing risk of compromised security. These risks include cyber and physical security breaches, system failure, computer viruses, and negligent or intentional misuse by customers, company employees, or employees of third-party vendors. The steps we take to deter and mitigate these risks may not be successful and our insurance coverage for protecting against cybersecurity risks may not be sufficient. Our third-party information system service providers face risks relating to cybersecurity similar to ours, and we do not directly control any of such parties' information security operations.

Despite the security measures we currently have in place, our facilities and systems and those of our third-party service providers may be vulnerable to security breaches, acts of vandalism, phishing attacks, computer viruses, misplaced or lost data, programming or human errors and other events. Cyber-attacks are becoming increasingly more difficult to anticipate and prevent due to their rapidly evolving nature and, as a result, the technology we use to protect our systems from being breached or compromised could become outdated due to advances in computer capabilities or other technological developments.

Any perceived or actual electronic or physical security breach involving the misappropriation, loss, or other unauthorized disclosure of confidential or personally identifiable information, including penetration of our network security, whether by us or by a third party, could disrupt our business, damage our reputation and our relationships with our customers or employees, expose us to risks of litigation, significant fines and penalties and liability, result in the deterioration of our customers' and employees' confidence in us, and adversely affect our business, results of operations and financial condition. Since we do not control third-party service providers and cannot guarantee that no electronic or physical computer break-ins and security breaches will occur in the future, any perceived or actual unauthorized disclosure of personally identifiable information regarding our employees, customers or website visitors could harm our reputation and credibility and reduce our ability to attract and retain employees and customers. As these threats develop and grow, we may find it necessary to make significant further investments to protect data and our infrastructure, including the implementation of new computer systems or upgrades to existing systems, deployment of additional personnel and protection-related technologies, engagement of third-party consultants, and training of employees. The occurrence of any of the cyber incidents described above could have a material adverse effect on our business, results of operations and cash flows.

Our business could suffer if there is any misappropriation of confidential or personally identifiable information gathered, stored or used by us.

Our business uses and transmits large volumes of employee and customer data, including credit card numbers and other personal information in various information systems that we maintain in areas such as human resources outsourcing, website hosting, and various forms of electronic communications. Our customers and employees have a high expectation that we will adequately protect their personal information. Our collection and use of personal data are governed by privacy laws and regulations, and privacy law is an area that changes often and varies significantly by jurisdiction. In addition to governmental regulations, there are credit card industry standards or other applicable data security standards we must comply with as well. Compliance with applicable privacy regulations may increase our operating costs and/or adversely impact our ability to market our products, properties and services to our guests. In addition, non-compliance with applicable privacy regulations by us (or in some circumstances non-compliance by third parties engaged by us) or a breach of security on systems storing our data may result in damage of reputation and/or subject us to fines, payment of damages, lawsuits or restrictions on our use or transfer of data. Any misappropriation of confidential or personally identifiable information gathered, stored or used by us, be it intentional or accidental, could have a material impact on the operation of our business, including severely damaging our reputation and our relationships with our customers, employees and investors.

Our business could suffer if our computer systems and websites are disrupted or cease to operate effectively.

We are dependent on our computer systems to record and process transactions and manage and operate our business, including processing payments, accounting for and reporting financial results, and managing our employees and employee benefit programs. Given the complexity of our business, it is imperative that we maintain uninterrupted operation of our computer hardware and software systems. Despite our preventative efforts, our systems are vulnerable to damage or interruption from, among other things, security breaches, computer viruses, technical malfunctions, inadequate system capacity, power outages, natural disasters, and usage errors by our employees or third-party consultants. If our information technology systems become damaged or otherwise cease to function properly, we may have to make significant investments to repair or replace them. Additionally, confidential or sensitive data related to our customers or employees could be lost or compromised. Any material disruptions in our information technology systems could have a material adverse effect on our business, results of operations, and financial condition.

Our business may be adversely affected by fraud, cheating and theft.

Acts of fraud or cheating through the use of counterfeit chips, covert schemes and other tactics, possibly in collusion with our employees, may be attempted or committed by our customers with the aim of increasing their winnings. Our customers, visitors and employees may also commit crimes such as theft in order to obtain chips not belonging to them. We have taken measures to safeguard our interests including the implementation of systems, processes and technologies to mitigate against these risks, extensive employee training, surveillance, security and investigation operations and adoption of appropriate security features on our chips such as embedded radio frequency identification tags. Despite our efforts, we may not be successful in preventing or detecting such culpable behavior and schemes in a timely manner and the relevant insurance we have obtained may not be sufficient to cover our losses depending on the incident, which could result in losses to our gaming operations and generate negative publicity, both of which could have an adverse effect on our reputation, business, results of operations and cash flows.

Our business may be adversely affected by fraudulent websites.

There has been a substantial increase in the international operation of fraudulent online gambling and investment websites attempting to scam and defraud members of the public. These fraudulent websites mainly target PRC citizens and often falsely represent affiliates of one or more Macau casinos and even the Macau government. These fraudulent websites can appear highly professional and will often feature false statements on their websites in an attempt to pass off as a legitimate business or purport to be in association with, or be accredited by, a legitimate business or governmental authority. Such websites may also wrongfully display logos and trademarks owned by legitimate businesses or governmental authorities, or use deceptively similar logos and imagery, to appear legitimate. We do not offer online gambling or investment accounts of any kind. Websites offering these or similar activities and opportunities that use our names, such as “Wynn Resorts (Macau) S.A.”, “Wynn”-related trademarks, including our marks for “Wynn Palace” and “Wynn Macau”, or similar names or images in likeness to ours, are doing so without our authorization and possibly unlawfully and with criminal intent. The Group is not responsible for the contents of such websites.

If our efforts to cause these sites to be shut down through civil action and by reporting these sites to the appropriate authorities (where applicable, including for possible criminal prosecution) are unsuccessful or not timely completed, these unauthorized activities may continue and harm our reputation and negatively affect our business. Efforts we take to acquire and protect our intellectual property rights against unauthorized use throughout the world, may be costly and may not be successful in protecting and preserving the status and value of our intellectual property assets.

To report fraudulent websites or e-mails purportedly connected to the Group, please e-mail inquiries@wynnmacau.com.

If a third party successfully challenges our ownership of, or right to use, the Wynn-related trademarks and/or service marks, our business or results of operations could be harmed.

We have licensed the right to use certain “WYNN”-related trademarks and service marks from Wynn Resorts, Limited and Wynn Resorts Holdings, LLC, an affiliate of Wynn Resorts, Limited. Our intellectual property assets, especially the logo version of “WYNN,” are among our most valuable assets. Pursuant to the licensing arrangement, WRM licenses the right to use the “WYNN” trademark in connection with WRM’s operation of hotel casinos in Macau in return for a monthly royalty payment. The licensing arrangement is not a fixed term arrangement; it is terminable on the occurrence of certain events, including if the WRL Group loses its rights in the “WYNN” mark, if Wynn Resorts, Limited ceases to hold more than a 50% voting interest in WRM or by the court appointed administrator in the event Wynn Resorts, Limited or Wynn Resorts Holdings, LLC enters into bankruptcy proceedings. If the existing licensing arrangement were terminated and we fail to enter into new arrangements with the WRL Group in respect of the “WYNN” mark, we would lose our rights to use the “WYNN” brand name, and “WYNN” trademarks and domain names. The loss of our ability to use these “WYNN”-related marks could cause severe disruption to our business and have an adverse effect on our business, financial condition and results of operations.

Wynn Resorts Holdings, LLC has filed applications with the United States Patent and Trademark Office (the “PTO”) and trademark registries including registries in Macau, the PRC, Hong Kong, Singapore, Taiwan, Japan, certain European countries and various other jurisdictions throughout the world, to register a variety of “WYNN”-related trademarks and service marks in connection with a variety of goods and services.

If a third party successfully challenges our ownership of, or right to use, the “WYNN”-related trademarks and service marks, our business or results of operations could be harmed. We also are exposed to the risk that third parties may use “WYNN”-related trademarks without authorization.

Furthermore, due to the increased use of technology in computerized gaming machines and in business operations generally, other forms of intellectual property rights (such as patents and copyrights) are becoming increasingly relevant. It is possible that, in the future, third parties might assert superior intellectual property rights or allege that their intellectual property rights cover some aspect of our operations. The defense of such allegations may result in substantial expenses, and, if such claims are successfully prosecuted, may have a material impact on our business.

Risks associated with our operations in Macau

Our Macau Operations may be affected by adverse political and economic conditions.

Our Macau Operations are subject to significant political, economic and social risks inherent in doing business in an emerging market. The future success of our Macau Operations depends on political and economic conditions in Macau and the PRC. For example, fiscal decline, international relations, and civil, domestic or international unrest in the region could significantly harm our business, not only by reducing customer demand for casino resorts, but also by increasing the risk of imposition of taxes and exchange controls or other governmental restrictions, laws or regulations that might impede our Macau Operations or our ability to repatriate funds.

The smoking control legislation in Macau could have an adverse effect on our business, financial condition, results of operations and cash flows.

Under the Macau Smoking Prevention and Tobacco Control Law, as of 1 January 2019, smoking on casino premises is only permitted in authorized segregated smoking lounges with no gaming activities and such smoking lounges are required to comply with the conditions set out in the regulations. The existing smoking legislation, and any smoking legislation intended to fully ban all smoking in casinos, may deter potential gaming customers who are smokers from frequenting casinos in Macau, which could have an adverse effect on our business, financial condition, results of operations and cash flows.

Extreme weather conditions may have an adverse impact on our Macau Operations.

Macau's subtropical climate and location on the South China Sea are subject to extreme weather conditions including typhoons and heavy rainstorms, such as Typhoon Mangkhut in 2018 and Typhoon Hato in 2017. Unfavorable weather conditions could negatively affect the profitability of our resorts and prevent or discourage guests from traveling to Macau. Any flooding, unscheduled interruption in the technology or transportation services or interruption in the supply of public utilities may lead to a shutdown of our properties. The occurrence and timing of such events cannot be predicted or controlled by us and may have a material adverse effect on our business, financial condition, results of operations, and cash flows.

If our Macau Operations fail to comply with the Gaming Concession Contract, or applicable Macau laws, the Macau government may rescind our concession without compensation to us, which would have a material adverse effect on our business and financial condition.

Pursuant to the Gaming Concession Contract and applicable Macau laws, the Macau government may rescind the gaming concession if WRM fails to fulfill its obligations under the Macau law or the Gaming Concession Contract, including in the circumstances of (i) endangerment to the national security of mainland China or Macau, (ii) failure on the part of WRM to perform its obligations under the Gaming Concession Contract, (iii) public interest, and (iv) WRM ceasing to be eligible for the gaming concession under the Macau gaming law. If the Macau government rescinds the Gaming Concession Contract due to the WRM's non-fulfillment, or perceived non-fulfillment, of its obligations, WRM will be required to transfer to the Macau government, free from any encumbrance or lien and without compensation, all of its casinos, gaming assets and equipment and ownership rights to its casino areas in Macau. Beginning in the eighth year of WRM's concession, the Macau government may exercise its right to redeem the concession by providing WRM with at least one-year prior written notice. In such event, WRM would be entitled to fair and equitable compensation pursuant to the Macau gaming law. The amount of such compensation relating to the projects agreed with the Macau government would be determined based on the earnings of these projects, before interest, depreciation and amortization for the fiscal year immediately preceding the date the redemption is declared, multiplied by the number of years remaining on the term of the Gaming Concession Contract. WRM is currently in its first year of concession. The loss of our concession would prohibit us from conducting gaming operations in Macau, which would have a material adverse effect on our business and financial condition.

Unfavorable changes in currency exchange rates could negatively impact our Macau Operations.

The financial statements of foreign operations are translated into Hong Kong dollars, the Company's functional and presentation currency, for incorporation into the consolidated financial statements. The majority of our assets and liabilities are denominated in U.S. dollars, Hong Kong dollars and Macau patacas, and there are no significant assets and liabilities denominated in other currencies. Assets and liabilities are translated at the prevailing foreign exchange rates in effect at the end of the reporting period. Income, expenditures and cash flow items are measured at the actual foreign exchange rates or average foreign exchange rates for the period. Besides, the currency delineated in our Macau Operations' Gaming Concession Contract with the government of Macau is the Macau pataca. The Macau pataca is linked to the Hong Kong dollar, and the two are often used interchangeably in Macau. The Hong Kong dollar is linked to the U.S. dollar and the exchange rate between these two currencies has remained relatively stable over the past several years. If the Hong Kong dollar and the Macau pataca are no longer linked to the U.S. dollar, the exchange rate for these currencies may severely fluctuate. The current rate of exchange fixed by the applicable monetary authorities for these currencies may also change.

Many of our payment and expenditure obligations are in Macau patacas. We expect that most of the revenues for any casino that we operate in Macau will be in Hong Kong dollars. As a result, we are subject to foreign exchange risk with respect to the exchange rate between Macau pataca and Hong Kong dollar and the Hong Kong dollar and the U.S. dollar. Also, in connection with any U.S. dollar-denominated debt we incur, fluctuations in the exchange rates of the Macau pataca or the Hong Kong dollar, in relation to the U.S. dollar, could have adverse effects on our results of operations, financial condition and ability to service our debt.

Currency exchange controls and currency export restrictions could negatively impact our Macau Operations.

Currency exchange controls and restrictions on the export of currency by certain countries may negatively impact the success of our Macau Operations. For example, there are currently existing currency exchange controls and restrictions on the export of the renminbi, the currency of the PRC. Restrictions on the export of the renminbi may impede the flow of gaming customers from the PRC to Macau, inhibit the growth of gaming in Macau and negatively impact our Macau Operations.

Conflicts of interest may arise because certain of our directors and officers are also directors of WRL.

WRL, the Company's controlling shareholder, is listed on the NASDAQ global select market. WRL owned approximately 72% of our Shares as of 31 December 2022. We and certain of our officers and Directors also serve as officers and/or directors of WRL. Decisions that could have different implications for us and WRL, including contractual arrangements that we have entered into or may in the future enter into with WRL, may give rise to the appearance of a potential conflict of interest.

The Macau government has established a maximum number of gaming tables that can be operated in Macau and has limited the number of new gaming tables at new gaming areas in Macau.

As at 31 December 2022, we had a total of 323 table games at Wynn Palace and 331 at Wynn Macau approved by the Macau's DICJ. We are approved by the Macau government to operate 570 gaming tables and 1,100 gaming machines at our Macau Operations currently. The mix of table games in operation at Wynn Palace and Wynn Macau changes from time to time as a result of marketing and operating strategies in response to changing market demand and industry competition. Failure to shift the mix of our table games in anticipation of market demands and industry trends may negatively impact our operating results.

Risks related to our indebtedness

We are highly leveraged and future cash flow may not be sufficient for us to meet our obligations, and we might have difficulty obtaining more financing.

We have a substantial amount of consolidated debt in relation to our equity. However, we are permitted to incur additional indebtedness if certain conditions are met, including conditions under our WM Cayman II Revolver.

Our indebtedness could have important consequences. For example:

- failure to meet our payment obligations or other obligations could result in acceleration of our indebtedness, foreclosure upon our assets that serve as collateral or bankruptcy and trigger cross defaults under other agreements;
- servicing our indebtedness requires a substantial portion of our cash flow from our operations and reduces the amount of available cash, if any, to fund working capital and other cash requirements or pay for other capital expenditures;
- we may not be able to obtain additional financing, if needed; and
- rates with respect to a portion of the interest we pay will fluctuate with market rates and, accordingly, our interest expense will increase if market interest rates increase.

We are exposed to interest rate risks associated with our credit facilities, which bear interest based on floating rates.

We are exposed to interest rate risk associated with our credit facilities, which bear interest based on floating rates. We attempt to manage interest rate risk by managing the mix of long-term fixed rate borrowings and variable rate borrowings supplemented by hedging activities as considered necessary. We cannot assure you that these risk management strategies will have the desired effect, and interest rate fluctuations could have a negative impact on our results of operations.

On 27 July 2017, the UK Financial Conduct Authority (the “FCA”) announced that it intended to phase out LIBOR by the end of 2021. On 5 March 2021, the FCA extended the transition dates of certain LIBOR tenors to 30 June 2023, after which LIBOR reference rates will cease to be provided. As of 31 December 2021, all non-U.S. dollar LIBOR publications have been phased out. Accordingly, we will need to renegotiate our credit agreements extending beyond 30 June 2023 that utilize LIBOR as a factor in determining the interest rate to replace LIBOR with a new reference rate, such as the Secured Overnight Financing Rate. At the date of this announcement, it is not possible to predict the effect that any discontinuance, modification or other reforms to LIBOR or any other reference rate, or the establishment of alternative reference rates may have on LIBOR or other benchmarks. Furthermore, the use of alternative reference rates or other reforms could cause the interest rate calculated on certain debt instruments to be materially different from the rate that is currently expected.

The borrowings under the WM Cayman II Revolver bear interest at LIBOR or HIBOR (as applicable) plus a margin based on the leverage ratio of WM Cayman II on a consolidated basis. If it is not possible to determine LIBOR (or HIBOR) in accordance with the terms of the credit facilities agreement or if notice is served to us that the funding cost of our majority lender(s) exceeds LIBOR (or HIBOR), we must enter into good faith negotiations for a period of up to 30 days with a view to agreeing an alternative basis for determining the rate of interest applicable to our affected borrowings. Failing such agreement within the prescribed time, each relevant lender, acting reasonably, is to certify an alternative basis for maintaining its participation in the affected borrowings which may include an alternative method of fixing the applicable interest rate, alternative interest periods and/or alternative currencies provided such basis reflects the cost of funding its participation from whatever sources it may in good faith select. Each certified alternative basis is binding on WM Cayman II and treated as part of the credit facilities agreement and applicable related agreements. WM Cayman II may then seek to settle the affected outstanding borrowings. The potential effect of any such event could have on our business and financial condition cannot yet be determined.

DISCLOSURE OF FINANCIAL RESULTS IN MACAU

WRM, our subsidiary and the owner and operator of Wynn Palace and Wynn Macau, finalized its statutory financial statements under the Macau Financial Reporting Standards (“MFRS”) at the end of February 2022 and anticipates filing its MFRS consolidated financial statements with the Gaming Inspection and Coordination Bureau of Macau by 31 March 2023. This is a statutory filing requirement mandated by Macau law. In addition, WRM expects to publish its MFRS summary consolidated financial statements in the Macau Official Gazette and local newspapers in Macau by the end of April 2023. The MFRS consolidated financial statements and the MFRS summary consolidated financial statements may not be directly comparable with our Company’s financial results disclosed herein, which are prepared under IFRS.

DIVIDEND

No dividend was declared for the year ended 31 December 2022 (2021: nil).

PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

Neither the Company, nor any of its subsidiaries purchased, sold or redeemed any of the Group's listed securities during the year ended 31 December 2022.

CORPORATE GOVERNANCE CODE

Our commitment to integrity and dedication to maintaining and ensuring high standards of corporate governance are fundamental to our ability to conduct our business and sustain the respect of the investment community and the people who regulate our industry. The Company's corporate governance practices are based on the principles, code provisions and certain recommended best practices as set out in the Code and are regularly reviewed and developed in the interests of the Company, its Shareholders and other stakeholders.

The Company has complied with the code provisions in the Code for the year ended 31 December 2022.

MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company adopted the Model Code on 16 September 2009 as its code of conduct for securities transactions by Directors. On 23 March 2010, the Company adopted its own code of conduct for securities transactions, which was most recently updated in March 2017. The terms of such code are no less exacting than those set out in the Model Code. Having made specific enquiry of the Directors, all Directors have confirmed that they have complied with the required standard of dealings and code of conduct regarding securities dealings by directors as set out in the Model Code and the Company's own code of conduct for the year ended 31 December 2022.

AUDIT AND RISK COMMITTEE

An audit and risk committee has been established by the Company to review and supervise the financial reporting process, internal control procedures and risk management system of the Group. The audit and risk committee comprises three independent non-executive Directors of the Company. The audit and risk committee members have reviewed the Group's results for the year ended 31 December 2022.

ANNUAL REPORT

The Company's annual report for the year ended 31 December 2022 containing all the information required by Appendix 16 of the Listing Rules will be published on the Company's and the Hong Kong Stock Exchange's websites in due course.

LITIGATION

The Group did not have any material litigation outstanding as at 31 December 2022. The litigation matter set out below is disclosed on a voluntary basis and, as with all litigations, no assurances can be provided as to the outcome thereof.

Macau Litigation Related to Dore

WRM has been named as a defendant in lawsuits filed in the Macau Court of First Instance by individuals who claim to be investors in or persons with credit in accounts maintained by Dore Entertainment Company Limited (“**Dore**”), an independent, Macau registered and licensed company that operated a gaming promoter business at Wynn Macau. In connection with the alleged theft, embezzlement, fraud and/or other crime(s) perpetrated by a former employee of Dore (the “**Dore Incident**”), the plaintiffs of the lawsuits allege that Dore failed to honor withdrawal of funds deposited with Dore as investments or gaming deposits that allegedly resulted in certain losses for these individuals. The principal allegations common to the lawsuits are that WRM, as a gaming concessionaire, should be held responsible for Dore’s conduct on the basis that WRM was responsible for the supervision of Dore’s activities at Wynn Macau that resulted in the purported losses.

We believe these cases are without merit and unfounded and intend to vigorously defend against the remaining claims pleaded against us in these lawsuits. The Group has made estimates for potential litigation costs based upon its assessment of the likely outcome and has recorded provisions for such amounts in the accompanying consolidated financial statements. No assurances can be provided as to the outcome of the pending Dore cases and actual results may differ from these estimates.

RE-ELECTION OF DIRECTORS

In accordance with article 17.18 of the Company’s articles of association, one third of our Board will retire from office by rotation at the forthcoming annual general meeting. The three directors who will retire by rotation are Mr. Ian Michael Coughlan, a non-executive Director, Mr. Bruce Rockowitz and Mr. Nicholas Sallnow-Smith, independent non-executive Directors. Mr. Bruce Rockowitz and Mr. Nicholas Sallnow-Smith, being eligible, will offer themselves for re-election at the forthcoming annual general meeting. Mr. Ian Michael Coughlan will retire as a Director at the forthcoming annual general meeting.

In accordance with article 17.2 of the Company’s articles of association, Mr. Frederic Jean-Luc Luvisutto having been appointed by the Board as an executive Director effective from 11 August 2022 and Ms. Ellen F. Whittemore having been appointed by the Board as a non-executive Director effective from 1 January 2023, being eligible, will offer themselves for re-election at the forthcoming annual general meeting.

SCOPE OF WORK OF THE COMPANY’S AUDITOR

The figures in respect of the Group’s consolidated statement of financial position, consolidated statement of profit or loss and other comprehensive income and the related notes thereto for the year ended 31 December 2022 as set out in this announcement have been agreed by the Company’s auditor, Ernst & Young (the “**Auditor**”), to the amounts set out in the Group’s audited consolidated financial statements for the year. The work performed by the Auditor in this respect did not constitute an assurance engagement in accordance with Hong Kong Standards on Auditing, Hong Kong Standards on Review Engagements or Hong Kong Standards on Assurance Engagements issued by the Hong Kong Institute of Certified Public Accountants and consequently no assurance has been expressed by the Auditor on this announcement.
