## **CHAIRMAN'S STATEMENT AND MANAGEMENT DISCUSSION AND ANALYSIS**

On behalf of the board of directors (the “Board”) of Multifield International Holdings Limited (the “Company”), I am pleased to present the annual results of the Company and its subsidiaries (the “Group”) for the year ended 31 December 2022.

### **REVIEW OF OPERATIONS**

#### **PROPERTY INVESTMENT**

##### **Hong Kong**

The Group's investment properties in Hong Kong mainly comprise office buildings, industrial buildings, retail shops and car parks. The Group's investment properties portfolio contributed stable rental revenue of approximately HK\$72 million in 2022 (2021: HK\$72 million).

##### **Shanghai, China**

The Group's investment property portfolio in Shanghai, China comprises three residential complexes operating under the brand name of “Windsor Renaissance”, which consist of around 182 blocks of hotel-serviced villas and 132 hotel-serviced apartments in total. Windsor Renaissance is regarded as a symbol of high quality hotel-serviced villas and apartments in Shanghai, and is well recognised by consulates and management of foreign business entities. These properties in Shanghai had an average occupancy rate of approximately 88% and generated rental and management fee revenue of approximately HK\$166 million in 2022 (2021: HK\$166 million).

**CHAIRMAN'S STATEMENT AND MANAGEMENT DISCUSSION AND ANALYSIS****Zhuhai, China***Zhuhai Qianshan*

The Group has a plot of 36,808 square meters commercial use land in Qianshan, Zhuhai, where a few existing residents have not yet relocated. Local government is responsible for relocation work, but the progress has been very slow.

To speed up the relocation progress, the Group has proposed to local government an adjustment in planning that a portion of such commercial use land be allocated for building residential units for in situ resettlement of existing residents. However, such proposal requires coordination among a number of government departments, for example, the change of land use planning. The Group is currently waiting for comments and approval from relevant government departments.

*Zhuhai Doumen*

On 24 February 2021, 珠海市自然資源局 (literally translated as Zhuhai Municipal Natural Resources Bureau) issued its latest compensation notice (letter reference number (2021)52) in respect of the resumption of the 94,110.84 square meters hotel, commercial and exhibition use land located in Doumen, Zhuhai (the "Doumen Land") which was previously owned by the Group, the amount of compensation was RMB205,538,078.

The management considered that the Zhuhai Municipal Natural Resources Bureau had no legal basis to make the above compensation decision and was against legal procedures. The Zhuhai Municipal Natural Resources Bureau not only failed to specify relevant legal basis on the above compensation notice, it also once again hired valuation agency unilaterally without the Group's consent, and submitted to such agency information which had not been confirmed by the Group as the basis for making assessment. As a result, the assessment for the Doumen Land's value was substantially inaccurate and thus was unfair to the Group. To protect the Group's legitimate interests, the Group has engaged lawyers to file administrative complaints against local government departments including the Zhuhai Municipal Natural Resources Bureau, and the judicial proceedings are still in progress.

As of the date of approval of these consolidated financial statements, the Group has not reached an agreement with the Zhuhai Municipal Natural Resources Bureau on the amount of compensation available to the Group in respect of the resumption of the Doumen Land. Nevertheless, no material negative impact on the daily operations and the financial position of the Group is expected.

The carrying value of each of these investments represented less than 1% of the total assets of the Group as at 31 December 2022.

The Board acknowledges that the performance of the equity investments may be affected by worldwide economy, volatility in the Chinese and Hong Kong stock markets, and susceptible to other external factors that may affect their values. In order to mitigate possible financial risk related to the equity investments, the management will closely monitor the performance of respective equity investments and the changes in market condition. The Group will adjust its portfolio of investments as the Board considers appropriate.

## **CHAIRMAN'S STATEMENT AND MANAGEMENT DISCUSSION AND ANALYSIS**

### **FINANCIAL REVIEW**

The Group recorded a decrease of over 24% in net profit for the year ended 31 December 2022 to approximately HK\$371 million (2021: HK\$489 million). The substantial decrease in profit was mainly due to (i) an increase in fair value loss on equity investments, (ii) a decrease in fair value gain on investment properties; (iii) the more than doubled finance costs; and (iv) the net loss on foreign exchange differences primarily related to the depreciation of Renminbi against Hong Kong dollars.

The Group's rental and property management services income increased by approximately 0.3% to approximately HK\$239 million in 2022 (2021: HK\$238 million). During the year, rental income from Hong Kong increased by approximately 2% to approximately HK\$72 million (2021: HK\$71 million), while rental and management fee income from hotel-serviced apartments and villas in Shanghai remained stable at approximately HK\$166 million (2021: HK\$166 million).

The Group's equity investments recorded an increase in fair value loss approximately 6% to approximately HK\$56 million in 2022 (2021: HK\$53 million). These equity investments recorded an increase in dividend income of approximately 17% to approximately HK\$35 million during the year (2021: HK\$30 million).

Investment properties held by the Group record a decrease in fair value gain of approximately 5% to HK\$392 million in 2022 (2021: HK\$413 million). As at 31 December 2022, fair value of the Group's investment properties decreased by approximately 2% from the end of last year to approximately HK\$11,022 million (31 December 2021: HK\$11,232 million).

### **MATERIAL ACQUISITIONS AND DISPOSALS OF SUBSIDIARIES, ASSOCIATES AND JOINT VENTURES**

The Group did not have any material acquisitions or disposals of subsidiaries, associated companies and joint ventures during the year ended 31 December 2022.

### **FOREIGN CURRENCY EXPOSURE**

The Group's monetary assets, liabilities and transactions are mainly denominated in Renminbi, Hong Kong dollar, United States dollar and Malaysian ringgit. The Group is exposed to foreign exchange risk with respect mainly to Renminbi which may affect the Group's performance. The management is aware of the possible exchange rate exposure due to the continuing fluctuation of Renminbi and will closely monitor its impact on the performance of the Group and when appropriate hedge its currency risk.

As of 31 December 2022, the Group did not have any financial instrument for foreign currency hedging purpose.

## CHAIRMAN'S STATEMENT AND MANAGEMENT DISCUSSION AND ANALYSIS

### LIQUIDITY AND FINANCIAL RESOURCES

The Group generally finances its operations with internally generated cash flows and banking facilities provided by principal bankers in Hong Kong. In order to preserve liquidity and enhance interest yields, liquid assets were maintained in the form of highly liquid equity investments amounted to approximately HK\$761 million as of 31 December 2022 (31 December 2021: HK\$816 million). The Group's cash and cash equivalents as of 31 December 2022 amounted to approximately HK\$571 million (31 December 2021: HK\$462 million).

As of 31 December 2022, the Group had total bank and other borrowings amounted to approximately HK\$1,499 million (31 December 2021: HK\$1,487 million), which were secured by legal charges on the Group's certain investment properties in Hong Kong and Shanghai. The Group's bank borrowings were mainly arranged on a floating rate basis. The maturity of bank and other borrowings of the Group as at 31 December 2022, ignoring the effect of any repayment on-demand clause, was as follows:

	<i>HK\$'000</i>
Within one year	367,900
In the second year	20,900
In the third to fifth years, inclusive	<u>1,109,800</u>
Total	<u><u>1,498,600</u></u>

With the total bank and other borrowings of approximately HK\$1,499 million (2021: HK\$1,487 million) and the aggregate of the shareholder funds, non-controlling interests and total bank borrowings of approximately HK\$11,195 million (2021: HK\$11,340 million), the Group's gearing ratio as at 31 December 2022 was around 13% (31 December 2021: 13%).

### CHARGES ON GROUP ASSETS

Details of charges on Group assets are set out in Note 25 to the consolidated financial statements.

### CONTINGENT LIABILITY

As of 31 December 2022, the Group had no material contingent liability.

### COMMITMENTS

As at 31 December 2022, the Group had committed payment for the construction and land development expenditure amounted to approximately HK\$4 million (31 December 2021: HK\$5 million).

### EVENTS AFTER THE REPORTING PERIOD

As at the date of this annual report, the Group has no material events after reporting period which are required to be disclosed.

### EMPLOYEES AND REMUNERATION POLICY

As of 31 December 2022, the Group had approximately 200 employees in Shanghai, Zhuhai and Hong Kong. During the year, the staff costs (including directors' emoluments) amounted to approximately HK\$31 million (2021: HK\$31 million).

The objective of the Group's remuneration policy is to maintain fair and competitive packages based on business requirements and industry practice. In order to determine the level of remuneration paid to its employees (including directors and senior management), their performance, experience and the prevailing market condition are mainly considered. In addition to salaries, provident fund scheme, discretionary bonuses and tuition/training subsidies are available to employees. Level of remuneration is reviewed annually. During the review process, no individual director is involved in decisions relating to his own remuneration.

## **CHAIRMAN'S STATEMENT AND MANAGEMENT DISCUSSION AND ANALYSIS**

### **PROSPECT**

The US Federal Reserve's continuing interest rates hike, the worsening banking crisis in the United States and Europe, and the escalating geopolitical conflict in Europe, are among the uncertainties the global economy is now facing. Although economic activities in Hong Kong and the Mainland China has gradually recovered following the almost complete lifting of cross-border travel restrictions, the slower than expected recovery means one should not be overly optimistic to the short- to medium-term economic prospects of Hong Kong and the Mainland China.

#### **Property investment**

The complete lifting of pandemic containment measures in Hong Kong has provided a boost to industries such as the food and beverage industry, tourism industry and retail industry, but seems to have no significant direct effect on the Group's business. The overall demand for offices and industrial units in Hong Kong remains weak for the time being and is still much lower than that of before the pandemic. Moreover, with the ultra-low interest rate environment ended, the rising finance costs may further weaken the Group's profitability. The Group's hotel-serviced villas and apartments in Shanghai has been a major source of stable income and cash flow over the past years, but the slowdown in economic growth in the Mainland China has brought concerns to the business performance in the city over the coming years. Taking into consideration the above factors, the management believes that a cautious approach should be taken in predicting the Group's financial performance for 2023.

To diversify risks and enhance profitability, the Group has started investing outside Hong Kong and Mainland China. The management is now conducting a preliminary assessment of the development plans for the Group's over 1.1 million square feet land bank in Malaysia, and is also assessing the feasibility of further expanding the Group's exposure in Malaysia and other Southeast Asian countries.

#### **Financial investment**

The performance of the Group's listed equity investments has always been highly correlated to that of the financial markets, and the financial markets around the world are expected to remain volatile in 2023 amid the worldwide economic and geopolitical uncertainties. The management will closely monitor the risks associated with the financial investments and will take timely and appropriate measures when necessary.

The post-epidemic era is believed to be challenging, but it is also going to be full of opportunities. The Group will keep pace with the times to ensure the sustainability and competitiveness of its core business, and will grasp investment opportunities to create value for its shareholders.

### **ACKNOWLEDGEMENT**

On behalf of the Board and management team, I would like to thank our shareholders who have extended to us their trust. The Board and management have decided to propose a final dividend of HK2 cents per ordinary share at the forthcoming annual general meeting. I would also like to thank my fellow directors for their support and all the staff for their dedication and hard work. I believe that we will create greater value to our investors in the future.

## **CORPORATE GOVERNANCE REPORT**

The Company is committed to the establishment of good corporate governance practices and procedures. The corporate governance principles of the Company emphasize a quality Board, sound internal control, transparency and accountability to all shareholders.

### **COMPLIANCE WITH THE CORPORATE GOVERNANCE CODE**

In the opinion of the Directors, the Company has applied the principals and complied with code provisions of the Corporate Governance Code (the “Code”) as set out in Appendix 14 of the Rules Governing the Listing of Securities on the Hong Kong Stock Exchange (the “Listing Rules”) throughout the year ended 31 December 2022, save as disclosed below.

Under code provision B.2.2, subject to re-election shareholders at every director, including those appointed for a specific term, should be subject to retirement by rotation at least once every three years.

Under the bye-laws of the Company, at each annual general meeting, one-third of the Directors for the time being, or if their number is not three or a multiple of three, then the number nearest one-third, shall retire from office by rotation save any Director holding office as chairman and managing director. The Board considers that the exemption of both the chairman and the managing director of the Company from such retirement by rotation provisions would provide the Group with strong and consistent leadership, efficient use of resources, effective planning, formulation and implementation of long-term strategies and business plans. The Board believes that it would be in the best interest of the Company for such Directors to continue to be exempted from retirement by rotation provisions. The Company intends to propose any amendment of relevant bye-laws of the Company, if necessary, in order to ensure compliance with the Code.

### **BOARD COMPOSITION AND BOARD PRACTICE**

The Board is mandated to promote the success of the Company by providing leadership and supervising control of the Group’s business.

Currently, the Board comprises of two executive Directors and three independent non-executive Directors. The positions of chairman and managing director are held by separate individuals. The chairman provides leadership for the Board and the managing director, supported by the management team, provides planning and implementation. The Board, led by Mr. Lau Chi Yung, Kenneth is responsible for the approval and monitoring of the Group’s overall strategies and policies, approval of annual budgets and business plans, evaluating the performance of Group, and oversight of management. The chairman ensures that the Board works effectively and discharges its responsibilities. All Directors have been consulted on all major and material matters of the Company. With the support of the company secretary, the chairman seeks to ensure that all Directors are properly briefed on issues arising at Board meetings and receive adequate and reliable information in a timely manner.

To implement the strategies and plans approved by the Board, executive Directors and senior management meet on a regular basis to review the performance of the Group and make financial and operational decisions.

Under the Listing Rules, every listed issuer is required to have at least three independent non-executive directors, at least one of whom must have appropriate professional qualifications, or accounting or related financial management expertise. Currently, the number of independent non-executive directors represents more than one-third of the total board members.

Save as Mr. Lau Michael Kei Chi is the elder brother of Mr. Lau Chi Yung, Kenneth, the members of the Board have no financial, business, family or other material/relevant relationships with one another.

The Company has arranged directors and officers liability and company reimbursement insurances for its directors and officers. The insurance coverage is reviewed on an annual basis.

Consideration was given to the independence of Mr. Tsui Ka Wah, who has served on the Board for more than 12 years. Mr. Tsui has been serving as an independent non-executive Director since 2010. The Nomination Committee of the Company has evaluated the performance of Mr. Tsui and found he has not engaged in any executive management of the Group, but has consistently contributed independent judgement and critical mindset to the Board over the past years, in particular in areas including banking, financing, and financial management. Both the Board and the Nomination Committee are of the view that the independence of Mr. Tsui has not been affected despite he has served as an independent non-executive Director for more than 12 years.

## CORPORATE GOVERNANCE REPORT

Each of the independent non-executive Director has made an annual confirmation of independence pursuant to Rule 3.13 of the Listing Rules. The Company is of the view that all independent non-executive Directors meet the independence guidelines set out in Rule 3.13 of the Listing Rules and are independent in accordance with the terms of the guidelines. Review will be made regularly on the Board composition to ensure that it has a balance of expertise, skills and experience appropriate for the requirements of the business of the Company. The brief biography of the Directors are set out on page 11.

The Board has scheduled regular meetings per year and meets more frequently as and when required to discuss and formulate the Group's overall business strategies, monitor financial performance and discuss the annual results, interim results and other significant matters. The Directors can attend meetings in person or through other means of electronic communication. During the financial year ended 31 December 2022, the attendance of individual Director to the Board meeting and general meeting is summarized below:

	<b>Number of meetings attended/held</b>	
	<b>Board meetings</b>	<b>General meeting</b>
<b>Executive Directors</b>		
Mr. Lau Chi Yung, Kenneth	7/7	1/1
Mr. Lau Michael Kei Chi	7/7	1/1
<b>Independent Non-executive Directors</b>		
Mr. Tsui Ka Wah	7/7	1/1
Mr. Lo Mun Lam, Raymond	7/7	1/1
Mr. Lo Kam Cheung, Patrick	7/7	1/1

The company secretary keeps the minutes of meetings of the Board for inspection by the Directors and all Directors have full access to information of the Company.

### **BOARD DIVERSITY POLICY**

The Board has adopted a Board Diversity Policy in December 2013 which sets out the approach to achieve diversity on the Board.

The Company recognises that increasing diversity at the Board level will support the attainment of the Company's strategic objectives and sustainable development. The Company seeks to achieve Board diversity through the consideration of a number of factors, include and make good use of differences in the talents, skills, regional and industry experience, background, gender and other qualities of the members of the Board. All appointments of the members of the Board are made on merit, in the content of the talents, skills and experience the Board as a whole requires to be effective.

The Nomination Committee has set measurable objectives based on talents, skills, regional and industry experience, background, gender and other qualities to implement the Board Diversity Policy. Such objectives will be reviewed from time to time to ensure their appropriateness and the progress made towards achieving those objectives will be ascertained. The Nomination Committee will review the Board Diversity Policy, as appropriate, to ensure its continued effectiveness from time to time.

As at the date of this report, the Board comprises members of single gender. In order to achieve gender diversity on the Board level, the Board will propose the appointment of at least one Director of different gender no later than 31 December 2024.

As at 31 December 2022, the gender ratio of the Group's senior management (whose brief biographies are set out on page 12 to this annual report) was approximately 87% female to 13% male. More details on employees' gender ratio of the Group are set out in the Environmental, Social and Governance Report for the year included in this annual report.

## CORPORATE GOVERNANCE REPORT

### MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code set out in Appendix 10 to the Listing Rules as its own code of conduct regarding directors' securities transactions. Based on specific enquiry of all Directors, all Directors confirmed that they had complied with the required standard set out in the Model Code for the year ended 31 December 2022. The interest held by individual Directors in the Company's securities as of 31 December 2022 are set out in the "Report of the Directors" on pages 13 to 19.

### DIRECTORS' RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

With the assistance from the Finance Department, which is under the supervision of the Qualified Accountant of the Company, the Directors ensure that preparation of the financial statements of the Group are in accordance with statutory requirements and applicable accounting standards. The Directors also ensure that the publication of the financial statements of the Group is in a timely manner.

The statement of the external auditors of the Company, Elite Partners CPA Limited, with regard to its reporting responsibilities on the Group's consolidated financial statements, is set out in the Independent Auditors' Report included in this annual report.

The Directors confirm that, to the best of their knowledge and having made reasonable enquiries, they are not aware of any material uncertainties relating to events or conditions which may cause the Group not to continue as a going concern.

### DIRECTORS' CONTINUING PROFESSIONAL DEVELOPMENT PROGRAMME

Each newly appointed Director is provided with necessary induction and information to ensure that such Director has a proper understanding of the Company's operations and businesses as well as responsibilities of a director under the relevant statutes, laws, rules and regulations.

Directors' training is an ongoing process. During the year, Directors are provided with monthly updates on the Company's performance, position and prospects to enable the Board as a whole and each Director to discharge their duties. In addition, all Directors are encouraged to participate in continuous professional development to develop and refresh their knowledge and skills. The Company updates Directors on the latest development regarding the Listing Rules and other applicable regulatory requirements from time to time to ensure compliance and enhance their awareness of good corporate governance practices.

Briefings were organised for Directors in 2022 to update the Directors on the duties of directors and roles and function of board committees, risk management and internal control, environmental, social and governance reporting and corporate governance were given to the Directors.

During the year, according to the records provided by the Directors, a summary of training is as follows:

#### Type of continuous professional development programmes

##### Executive Directors

Mr. Lau Chi Yung, Kenneth	A, B
Mr. Lau Michael Kei Chi	A, B

##### Independent Non-executive Directors

Mr. Tsui Ka Wah	A, B
Mr. Lo Mun Lam, Raymond	A, B
Mr. Lo Kam Cheung, Patrick	A, B

##### Notes:

- A: attending training sessions, including but not limited to briefing, seminars, webinars, conferences and workshops
- B: reading relevant news alerts, newspapers, journals, magazines and relevant publications

## CORPORATE GOVERNANCE REPORT

### CHAIRMAN AND CHIEF EXECUTIVE OFFICER

Mr. Lau Chi Yung, Kenneth serves as the Chairman of the Company, and the role of Chief Executive Officer of the Company is served by our Managing Director, Mr. Lau Michael Kei Chi. They have separate defined responsibilities whereby the Chairman is primarily responsible for leadership and effective functioning of the Board, ensuring key issues are promptly addressed by the Board, as well as providing strategic direction of the Company, and also take primary responsibility for ensuring good corporate governance practices and procedures are established. The Managing Director is responsible for the day-to-day management of the Company's business and the effective implementation of corporate strategy and policies.

### AUDIT COMMITTEE

The Company has established an Audit Committee in accordance with the Listing Rules. The Audit Committee's terms of reference includes those specific duties as set out in the code provision D.3.3 of the Code. Pursuant to its terms of reference, the Audit Committee is required, amongst other things, to consider and recommend to the Board the appointment, re-appointment and removal of the external auditors and to approve their remuneration, to review the interim and annual financial statements, to review the Group's financial controls, internal controls and risk management system, the effectiveness of the Group's internal audit function and to consider any findings of major investigations of internal control matters as delegated by the Board or on its own initiative and management's response. The Audit Committee should meet at least twice each year and when the need arises. Details of the attendance of Audit Committee meetings are as follows:

Members	Number of meetings attended/held
Mr. Lo Mun Lam, Raymond ( <i>Chairman</i> )	5/5
Mr. Tsui Ka Wah	5/5
Mr. Lo Kam Cheung, Patrick	5/5

In the presence of the representatives of the Company's independent external auditors, the Group's audited consolidated financial statements for the year ended 31 December 2022 have been reviewed by the Audit Committee, and with recommendation to the Board for approval.

The accounts for the year ended 31 December 2022 were audited by Elite Partners CPA Limited whose term of office will expire upon the forthcoming annual general meeting of the Company. The Audit Committee has recommended to the Board that Elite Partners CPA Limited be reappointed as the auditors of the Company at the forthcoming annual general meeting of the Company.

### REMUNERATION COMMITTEE

The main responsibilities of the Remuneration Committee are to consider and recommend to the Board the Company's remuneration policy and structure and to review and determine the remuneration and compensation packages of the executive directors and senior management of the Company. The Remuneration Committee reviews and proposes the management's remuneration proposals with reference to considerations factors such as the Group's performance and profitability, directors' experience, responsibilities and time commitment, existing market environment, salaries paid by comparable companies, employment conditions elsewhere in the Group, and considers the reasonableness on remuneration based on performance.

## CORPORATE GOVERNANCE REPORT

The Remuneration Committee set up on 16 September 2005 comprises two executive Directors and three independent non-executive Directors. Details of the attendance of the committee are as follows:

<b>Members</b>	<b>Number of meetings attended/held</b>
Mr. Tsui Ka Wah ( <i>Chairman</i> )	1/1
Mr. Lau Chi Yung, Kenneth	1/1
Mr. Lau Michael Kei Chi	1/1
Mr. Lo Mun Lam, Raymond	1/1
Mr. Lo Kam Cheung, Patrick	1/1

### NOMINATION COMMITTEE

The role of Nomination Committee set up on 28 March 2012 is to advise on and propose to appoint any person as a Director either to fill a casual vacancy on or as an additional member of the Board. The selection criteria are mainly based on the professional qualification and experience of the candidate. A newly appointed Director must retire and be re-elected at the first annual general meeting after his appointment. At each annual general meeting, one-third of the directors (or, if their number is not a multiple of three, the number nearest to but not less than one-third) shall retire from office by rotation. A retiring Director shall be eligible for re-election. Details of the attendance of the committee are as follows:

<b>Members</b>	<b>Number of meetings attended/held</b>
Mr. Lau Chi Yung, Kenneth ( <i>Chairman</i> )	1/1
Mr. Lau Michael Kei Chi	1/1
Mr. Tsui Ka Wah	1/1
Mr. Lo Mun Lam, Raymond	1/1
Mr. Lo Kam Cheung, Patrick	1/1

The Nomination Committee periodically reviews the structure, size and composition of the Board, and make recommendations on any proposed changes to the Board to complement the Company's corporate strategy. Its duties include identifying individuals suitably qualified to become Board members, and select or make recommendations to the Board on the selection of individuals nominated for directorships, and assess the independence of independent non-executive Directors.

Most Nomination Committee members are independent non-executive Directors.

#### Nomination procedures

The evaluation, recommendation, nomination, selection and appointment or re-appointment of each proposed Director shall be assessed and considered by the Nomination Committee and the Board against the abovementioned selection criteria, the Board Diversity Policy, and (in cases of independent-non executive Directors) the independence guidelines set out in Rule 3.13 of the Listing Rules.

In the context of appointment of any proposed candidate to the Board, after the Nomination Committee receives the proposal to appoint a new Director or the nomination from a shareholder, the Nomination Committee shall evaluate the candidate's eligibility to serve as a Director based on the all relevant criteria in combination with his or her personal profile. If multiple candidates are involved, the Nomination Committee shall prioritize them according to the Company's needs and candidates' respective qualification.

In the case of the re-appointment of a Director at the forthcoming annual general meeting of the Company, the Nomination Committee shall review the overall contribution of the Directors and their services, their participation and performance within the Board and whether such Director still meets the above selection criteria.

## **CORPORATE GOVERNANCE REPORT**

### **REMUNERATION OF MEMBERS OF SENIOR MANAGEMENT BY BAND**

Pursuant to paragraph E.1.5 of the Code, the remuneration of the members of the senior management by band for the year ended 31 December 2022 is set out in Note 9 to the consolidated financial statements.

### **RISK MANAGEMENT AND INTERNAL CONTROLS**

The Board has the overall responsibility for maintaining a sound and effective system of internal controls and risk management. The Board has identified the top risks of the Group and determined how much risk the Board is willing to take to achieve the Group's strategic objectives. During year 2016, an in-house internal audit department had been set up. In addition, the Group established a risk management system. Each business unit is required to identify and manage risks on a day-to-day basis as the first line of defence. Internal auditor, as the second line of defence, provides independent and objective assurance on the overall effectiveness of the internal control and risk management system.

The Audit Committee had reviewed the adequacy and effectiveness of the Group's risk management and internal controls system based on the review report issued by the internal auditor. The Board, through the review by the Audit Committee, considers that the Group's internal control and risk management system is effective and adequate.

There are inherent limitations in any systems of risk management and internal control and accordingly the Group's risk management and internal control systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

There are also procedures including pre-clearance on dealing in the Group's securities by designated Directors, notification of regular blackout period and securities dealing restrictions to Directors and relevant employees, and dissemination of information for specified purpose and on a need-to-know basis have been implemented to guard against possible mishandling of inside information within the Group.

### **PROCEDURES AND INTERNAL CONTROLS FOR THE HANDLING AND DISSEMINATION OF INSIDE INFORMATION**

The Group complies with all relevant laws and regulations in relation to the handling and dissemination of inside information. The Group discloses inside information to the public as soon as reasonably practicable unless the information falls within any of the Safe Harbours as provided in the SFO. Before any inside information being fully disclosed to the public, the Group ensures such information is kept strictly confidential. If the Group believes that the necessary degree of confidentiality cannot be maintained or that confidentiality may have been breached, the Group would immediately disclose the information to the public. The Group is committed to ensuring that information contained in relevant announcements are not false or misleading as to a material fact, or false or misleading through the omission of a material fact in view of presenting information in a clear and balanced way, which requires equal disclosure of both positive and negative facts.

### **BUSINESS MODEL AND STRATEGY**

The Group has the mission to maintain long term profitability and assets growth with adoption of flexible business model and strategy and prudential risk and capital management framework. The Board has played and will continue to play a proactive role in the Group's development of business model to preserve the culture of the Group in serving customers well with premium service quality; the Group's business strategic drive for business expansion and opportunities; and the Group's setting of strategic goals, priorities and initiatives undertaken to motivate staff to achieve business and financial targets. Details of the Group's business review and financial review in the year 2022 are set out in the "Chairman's Statement and Management Discussion and Analysis" section of this annual report.

## **CORPORATE GOVERNANCE REPORT**

### **DIVIDEND POLICY**

Pursuant to the Dividend Policy of the Company, in deciding whether to propose/declare dividends and in determining the dividend amount, the Board shall take into account, inter alia, the following factors:

- (a) the overall results of operation and financial performance of the Group;
- (b) the Group's expected working capital requirements, capital expenditure requirements and future development plans;
- (c) the Group's financial position, retained earnings and distributable reserves;
- (d) any restrictions on payment of dividends by the Company that may be imposed by the Group's lenders or creditors;
- (e) the interests of the Company's shareholders;
- (f) taxation considerations;
- (g) possible effects on the Company's creditworthiness;
- (h) the general economic and other external factors that may have an impact on the future business and financial performance of the Group; and
- (i) any other factors that the Board may consider relevant and appropriate.

Any recommendation, declaration and payment of dividends are also subject to the compliance with any applicable laws and regulations, including but not limited to the laws of Bermuda and the Company's bye-laws.

The Company's dividend distribution record in the past may not be used as a reference or basis to determine the level of dividends that may be declared or paid in future. There is no assurance that dividends will be paid in any particular manner or amount for any given period.

### **AUDITORS' REMUNERATION**

In line with the sound practice that the independence of external auditors should not be impaired by other non-audit assignments, the Group ensures that assignments other than statutory audits undertaken by external auditors should not have an adverse impact on their independence.

For the year ended 31 December 2022, the auditors of the Company received approximately HK\$780,000 for audit service.

### **COMPANY SECRETARY**

As at 31 December 2022, the company secretary of the Company, Mr. Li Ying Leung fulfills the requirements under Rules 3.28 and 3.29 of the Listing Rules. As an employee of the Company, the company secretary supports the Board, ensures good information flow within the Board and Board policies and procedures are followed, advises the Board on governance matters, facilitates induction and monitors the training and continuous professional development of Directors. He has attained not less than 15 hours of relevant professional training during the year ended 31 December 2022.

## CORPORATE GOVERNANCE REPORT

### SHAREHOLDERS' RIGHTS

#### Procedures for shareholders to convene a special general meeting ("SGM")

The Board shall, on the requisition in writing of the shareholders of not less than one-tenth of the paid-up capital of the Company upon which all calls or other sums then due have been paid, forthwith proceed to convene a SGM.

If within twenty-one days of such deposit the Board fails to proceed to convene a SGM, the requisitionists or any of them representing more than one half of the total voting rights of all of them, may themselves convene a SGM, but any meeting so convened shall not be held after three months from the date of the original deposit.

#### Procedures for directing shareholders' enquiries to the Board

Shareholders may at any time send their enquiries and concerns to the Board in writing through the company secretary whose contact details are as follows:

Units 22-28, 25/F., Tower A, Southmark, 11 Yip Hing Street, Wong Chuk Hang, Hong Kong  
Email: [contact@multifield.com.hk](mailto:contact@multifield.com.hk)

Shareholders may also make enquiries with the Board at general meetings of the Company.

#### Procedures for putting forward proposals at shareholders' meeting

Shareholders can submit a written requisition to move a resolution at shareholders' meeting. The number of shareholders shall represent not less than one-twentieth of the total voting rights of all shareholders having at the date of the requisition a right to vote at the shareholders' meeting, or who are no less than one hundred shareholders.

The written requisition must state the resolution, accompanied by a statement of not more than one thousand words with respect to the matter referred to in any proposed resolution or the business to be dealt with at the shareholders' meeting. It must also be signed by all of the shareholders concerned and be deposited at the Company's principal place of business in Hong Kong at Units 22-28, 25/F., Tower A, Southmark, 11 Yip Hing Street, Wong Chuk Hang, Hong Kong, for the attention of the company secretary not less than six weeks before the shareholders' meeting in case of a requisition requiring notice of a resolution and not less than one week before the shareholders' meeting in case of any other requisition.

The shareholders concerned must deposit a sum of money reasonably sufficient to meet the Company's expenses in serving the notice of the resolution and circulating the statement submitted by the shareholders concerned under applicable laws and rules.

### CONSTITUTIONAL DOCUMENTS

There are no changes in the Company's constitutional documents during the year.

### INVESTOR RELATIONS AND COMMUNICATION

The Company establishes different communication channels with shareholders and investors. These include (i) the publication of interim and annual reports; (ii) the annual general meeting or SGM providing a forum for shareholders of the Company to raise comments and exchange views with the Board; (iii) the Company replies to enquiries from shareholders timely; and (iv) the Company's share registrar in Hong Kong serves the shareholders regarding all share registration matters.

In fact, the Company's annual general meeting is one of the principal channels of communication with its shareholders. It provides an opportunity for shareholders to ask questions about the Group's performance. A separate resolution is proposed for each substantially separate issue at annual general meetings.

**INDEPENDENT AUDITOR'S REPORT**

**To the shareholders of Multifield International Holdings Limited**  
*(Incorporated in Bermuda with limited liability)*

**OPINION**

We have audited the consolidated financial statements of Multifield International Holdings Limited (the “**Company**”) and its subsidiaries (collectively referred to as the “**Group**”) set out on pages 32 to 105, which comprise the consolidated statement of financial position as at 31 December 2022, and the consolidated statement of profit or loss, the consolidated statement of comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2022, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“**HKFRSs**”) issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”) and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

**BASIS FOR OPINION**

We conducted our audit in accordance with Hong Kong Standards on Auditing (“**HKSAs**”) issued by the HKICPA. Our responsibilities under those standards are further described in the *Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements* section of our report. We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (the “**Code**”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

## INDEPENDENT AUDITOR'S REPORT

### KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled the responsibilities described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report, including in relation to these matters. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the consolidated financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying consolidated financial statements.

#### Key audit matter

#### How our audit addressed the key audit matter

#### *Valuation of investment properties*

Refer to Note 15 to the consolidated financial statements.

We identified the valuation of investment properties as a key audit matter due to the significance of the balance to the consolidated financial statements as a whole, combined with the estimates associated with determining the fair value.

As at 31 December 2022, the Group had investment properties at a carrying amount of approximately HK\$11,022,134,000, with a gain arising on change in fair value of investment properties amounting to approximately HK\$391,636,000 recognised in the consolidated statement of profit or loss for the year then ended.

The Group's investment properties are stated at fair value based on valuations performed by an independent qualified professional valuer (the "Valuer") not connected with the Group.

The valuations were based on the direct comparison approach which involved the use of estimates and assumptions including recent sales price of similar properties with adjustments for any difference in location and condition of the properties.

Our key procedures in relation to the valuation of investment properties included:

- Communicating with the management about the valuation techniques adopted by the Valuer, obtaining the valuation reports for properties measured at fair value, and assessing the relevance and reasonableness of valuation techniques used by the Valuer;
- Evaluating the independent qualified professional Valuer's competence, capabilities and objectivity and reviewing their terms of engagement with the Group; and
- Evaluating the appropriateness of the methodologies and the reasonableness of the key input data used in the determination of fair value; comparing the key inputs to supporting evidence such as recent sale transaction on the market;

## **INDEPENDENT AUDITOR'S REPORT**

### **OTHER INFORMATION INCLUDED IN THE ANNUAL REPORT**

The directors of the Company are responsible for the other information. The other information comprises the information included in the Annual Report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### **RESPONSIBILITIES OF DIRECTORS FOR THE CONSOLIDATED FINANCIAL STATEMENTS**

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Hong Kong Companies Ordinance, and for such internal control as the directors of the Company determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors of the Company are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors of the Company either intend to liquidate the Group or to cease operations or have no realistic alternative but to do so.

The directors of the Company are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

### **AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS**

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Our report is made solely to you, as a body, in accordance with Section 90 of the Bermuda Companies Act 1981, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

## INDEPENDENT AUDITOR'S REPORT

### AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(continued)*

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement director on the audit resulting in this independent auditors' report is Mr. Lock Kwong Hang, Simon with Practising Certificate Number P06735.

### 1. CORPORATE AND GROUP INFORMATION *(continued)*

#### Information about subsidiaries *(continued)*

Particulars of the Company's principal subsidiaries are as follows: *(continued)*

Except for Multifield International Holdings (B.V.I.) Limited and Linkful Strategic Investment Limited, all subsidiaries are indirectly held by the Company.

Notes:

- (i) These subsidiaries are registered as wholly-foreign-owned enterprises under the PRC law.
- (ii) This subsidiary is a limited liability company established in the PRC.

The above table lists the subsidiaries of the Company which, in the opinion of the directors, principally affected the results for the year or formed a substantial portion of the net assets of the Group. To give details of other subsidiaries would, in the opinion of the directors, result in particulars of excessive length.

### 2.1 BASIS OF PREPARATION

These financial statements have been prepared in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) (which include all Hong Kong Financial Reporting Standards, Hong Kong Accounting Standards (“HKASs”) and Interpretations) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”), accounting principles generally accepted in Hong Kong and the disclosure requirements of the Hong Kong Companies Ordinance. They have been prepared under the historical cost convention, except for investment properties and equity investments which have been measured at fair value.

These financial statements are presented in Hong Kong dollars (“HK\$”) and all values are rounded to the nearest thousand (HK\$'000) except when otherwise indicated.

#### Basis of consolidation

The consolidated financial statements include the financial statements of Multifield International Holdings Limited (the “Company”) and its subsidiaries (collectively referred to as the “Group”) for the year ended 31 December 2022. A subsidiary is an entity directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

31 December 2022

### 2.1 BASIS OF PREPARATION *(continued)*

#### Basis of consolidation *(continued)*

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Profit or loss and each component of other comprehensive income (“OCI”) are attributed to the owners of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described in the accounting policy for subsidiaries below. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in profit or loss. The Group’s share of components previously recognised in OCI is reclassified to profit or loss or retained profits, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

### 2.2 CHANGES IN ACCOUNTING POLICIES AND DISCLOSURES

The Group has adopted the following amendments to HKFRSs for the first time for the current year’s consolidated financial statements.

Amendments to HKFRS 3	<i>Reference to the Conceptual Framework</i>
Amendments to HKAS 16	<i>Property, Plant and Equipment – Proceeds before Intended Use</i>
Amendments to HKFRS 16	<i>Covid-19-Related Rent Concessions beyond 30 June 2021</i>
Amendments to HKAS 37	<i>Onerous Contracts – Cost of Fulfilling a Contract</i>
Annual Improvements to HKFRSs 2018-2020	<i>Amendments to HKFRS 1, HKFRS 9, Illustrative Examples accompanying HKFRS 16, and HKAS 41</i>

The applications of the amendments to HKFRSs in the current year has had no material impact on the Group’s financial position and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

### 2.3 ISSUED BUT NOT YET EFFECTIVE HONG KONG FINANCIAL REPORTING STANDARDS

The Group has not applied the following new and amendments to HKFRSs, that have been issued but are not yet effective, in these consolidated financial statements.

Amendments to HKFRS 10 and HKAS 28 (2011)	<i>Sale or Contribution of Assets between an Investor and its Associate or Joint Venture<sup>2</sup></i>
HKFRS 17 (including the October 2020 and February 2022 Amendments to HKFRS 17)	<i>Insurance contracts<sup>1</sup></i>
Amendments to HKFR 16	<i>Lease Liability in a Sale and Leaseback<sup>3</sup></i>
Amendments to HKAS 1 and HKFRS Practice Statement 2	<i>Disclosure of Accounting Policies<sup>1</sup></i>
Amendments to HKAS 8	<i>Definition of Accounting Estimates<sup>1</sup></i>
Amendments to HKAS 12	<i>Deferred Tax related to Assets and Liabilities arising from a Single Transaction<sup>1</sup></i>
Amendments to HKAS 1	<i>Classification of Liabilities as Current or Non-current and related amendments Hong Kong Interpretation 5 (2020)<sup>3</sup></i>
Amendments to HKAS 1	<i>Non-current liabilities with Covenants (the “2022 Amendments”)<sup>3</sup></i>

<sup>1</sup> Effective for annual periods beginning on or after 1 January 2023

<sup>2</sup> Effective for annual periods beginning on or after a date to be determined

<sup>3</sup> Effective for annual periods beginning on or after 1 January 2024

The directors of the Company anticipate that the application of all the new and amendments to HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

**2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES****Fair value measurement**

The Group measures its investment properties and listed equity investments at fair value at the end of each reporting period. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the asset or transfer the liability takes place either in the principal market for the asset or liability, or in the absence of a principal market, in the most advantageous market for the asset or liability. The principal or the most advantageous market must be accessible by the Group. The fair value of an asset or a liability is measured using the assumptions that market participants would use when pricing the asset or liability, assuming that market participants act in their economic best interest.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

The Group uses valuation techniques that are appropriate in the circumstances and for which sufficient data are available to measure fair value, maximising the use of relevant observable inputs and minimising the use of unobservable inputs.

All assets and liabilities for which fair value is measured or disclosed in the consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

Level 1 – based on quoted prices (unadjusted) in active markets for identical assets or liabilities

Level 2 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is observable, either directly or indirectly

Level 3 – based on valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable

For assets and liabilities that are recognised in the consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by reassessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### Impairment of non-financial assets

Where an indication of impairment exists, or when annual impairment testing for an asset is required (other than financial assets, investment properties and properties held for sale), the asset's recoverable amount is estimated. An asset's recoverable amount is the higher of the asset's or cash-generating unit's value in use and its fair value less costs of disposal, and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets, in which case the recoverable amount is determined for the cash-generating unit to which the asset belongs. In testing a cash-generating unit for impairment, a portion of the carrying amount of a corporate asset (e.g., a headquarters building) is allocated to an individual cash generating unit if it can be allocated on a reasonable and consistent basis or, otherwise, to the smallest group of cash-generating units.

An impairment loss is recognised only if the carrying amount of an asset exceeds its recoverable amount. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. An impairment loss is charged to the consolidated statement of profit or loss in the period in which it arises in those expense categories consistent with the function of the impaired asset.

An assessment is made at the end of each reporting period as to whether there is an indication that previously recognised impairment losses may no longer exist or may have decreased. If such an indication exists, the recoverable amount is estimated. A previously recognised impairment loss of an asset other than goodwill is reversed only if there has been a change in the estimates used to determine the recoverable amount of that asset, but not to an amount higher than the carrying amount that would have been determined (net of any depreciation/amortisation) had no impairment loss been recognised for the asset in prior years. A reversal of such an impairment loss is credited to the consolidated statement of profit or loss in the period in which it arises.

#### Related parties

A party is considered to be related to the Group if:

- (a) the party is a person or a close member of that person's family and that person
  - (i) has control or joint control over the Group;
  - (ii) has significant influence over the Group; or
  - (iii) is a member of the key management personnel of the Group or of a parent of the Group;

or

- (b) the party is an entity where any of the following conditions applies:
  - (i) the entity and the Group are members of the same group;
  - (ii) one entity is an associate or joint venture of the other entity (or of a parent, subsidiary or fellow subsidiary of the other entity);
  - (iii) the entity and the Group are joint ventures of the same third party;
  - (iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
  - (v) the entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group;

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### Related parties *(continued)*

- (b) the party is an entity where any of the following conditions applies: *(continued)*
- (vi) the entity is controlled or jointly controlled by a person identified in (a);
  - (vii) a person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); and
  - (viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the parent of the Group.

#### Property, plant and equipment and depreciation

Property, plant and equipment are stated at cost less accumulated depreciation and any impairment losses. The cost of an item of property, plant and equipment comprises its purchase price and any directly attributable costs of bringing the asset to its working condition and location for its intended use.

Expenditure incurred after items of property, plant and equipment have been put into operation, such as repairs and maintenance, is normally charged to the consolidated statement of profit or loss in the period in which it is incurred. In situations where the recognition criteria are satisfied, the expenditure for a major inspection is capitalised in the carrying amount of the asset as a replacement. Where significant parts of property, plant and equipment are required to be replaced at intervals, the Group recognises such parts as individual assets with specific useful lives and depreciates them accordingly.

Depreciation is calculated on the straight-line basis to write off the cost of each item of property, plant and equipment to its residual value over its estimated useful life. The principal annual rates used for this purpose are as follows:

Land and Buildings	5% or over the lease terms, if shorter
Leasehold improvements	Over the lease terms
Furniture, fixtures and office equipment	20% – 33 $\frac{1}{3}$ %
Motor vehicles	20% – 33 $\frac{1}{3}$ %
Vessels	20%

Where parts of an item of property, plant and equipment have different useful lives, the cost of that item is allocated on a reasonable basis among the parts and each part is depreciated separately. Residual values, useful lives and the depreciation method are reviewed, and adjusted if appropriate, at least at each financial year end.

An item of property, plant and equipment including any significant part initially recognised is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on disposal or retirement recognised in the consolidated statement of profit or loss in the year the asset is derecognised is the difference between the net sales proceeds and the carrying amount of the relevant asset.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### **Properties under development**

Properties in the course of development are classified as non-current assets and are stated at cost less any impairment losses, and are not depreciated. Cost comprises acquisition cost relating to the leasehold interests in lands and direct development costs attributable to such properties. Interests in lands are amortised over the expected useful life and are included as part of cost of properties under development.

#### **Investment properties**

Investment properties are interests in land and buildings (including the leasehold property held as a right-of-use asset which would otherwise meet the definition of an investment property) held to earn rental income and/or for capital appreciation, rather than for use in the production or supply of goods or services or for administrative purposes; or for sale in the ordinary course of business. Such properties are measured initially at cost, including transaction costs. Subsequent to initial recognition, investment properties are stated at fair value, which reflects market conditions at the end of the reporting period.

Gains or losses arising from changes in the fair values of investment properties are included in the consolidated statement of profit or loss in the year in which they arise.

Any gains or losses on the retirement or disposal of an investment property are recognised in the consolidated statement of profit or loss in the year of the retirement or disposal.

#### **Properties held for sale**

Properties held for sale are stated at the lower of cost and net realisable value. Cost includes the cost of land, capitalised interest during the period of development and other direct costs attributable to such properties. Net realisable value is calculated as the estimated selling price less all costs to completion, if applicable, and costs of marketing and selling.

#### **Leases**

The Group assesses at contract inception whether a contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

#### *Group as a lessee*

The Group applies a single recognition and measurement approach for all leases, except for short-term leases. The Group recognises lease liabilities to make lease payments and right-of-use assets representing the right to use the underlying assets.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

31 December 2022

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### Leases *(continued)*

##### *Group as a lessee (continued)*

#### (a) Right-of-use assets

Right-of-use assets are recognised at the commencement date of the lease (that is the date the underlying asset is available for use). Right-of-use assets are measured at cost, less any accumulated depreciation and any impairment losses. Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease terms and the estimated useful lives of the assets as follows:

Leasehold land	Over the lease terms
----------------	----------------------

If ownership of the leased asset transfers to the Group by the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset.

#### (b) Short-term leases

The Group applies the short-term lease recognition exemption to its short-term leases of office premises (that is those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). Lease payments on short-term leases are recognised as an expense on a straight-line basis over the lease term.

##### *Group as a lessor*

When the Group acts as a lessor, it classifies at lease inception (or when there is a lease modification) each of its leases as either an operating lease or a finance lease.

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. Rental income is accounted for on a straight-line basis over the lease terms and is included in revenue in the consolidated statement of profit or loss due to its operating nature. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset and recognised over the lease term on the same basis as rental income. Contingent rents are recognised as revenue in the period in which they are earned.

Leases that transfer substantially all the risks and rewards incidental to ownership of an underlying asset to the lessee are accounted for as finance leases.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

31 December 2022

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### Investment in an associate

An associate is an entity over which the Group has significant influence. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is not control or joint control over these policies.

The results and assets and liabilities of an associate is incorporated in these consolidated financial statements using the equity method of accounting.

The financial statements of an associate used for equity amounting purposes are prepared using uniform amounting policies as those of the Group for like transactions and events in similar circumstances.

Under the equity method, an investment in an associate is initially recognised in the consolidated statement of financial position at cost and adjusted thereafter to recognise the Group's share of profit or loss and other comprehensive income of the associate. When the Group's share of losses of an associate exceeds the Group's interest in that associate, the Group discontinues recognising its share of further losses. Additional losses are recognised only to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the associate.

An investment in an associate is accounted for using the equity method from the date on which the investee becomes an associate. On acquisition of the investment in an associate, any excess of the cost of the investment over the Group's share of the net fair value of the identifiable assets and liabilities of the investee is recognised as goodwill, which is included within the carrying amount of the investment. Any excess of the Group's share of the net fair value of the identifiable assets and liabilities over the cost of the investment, after reassessment, is recognised immediately in profit or loss in the period in which the investment is acquired.

The Group assesses whether there is objective evidence that the interest in an associate may be impaired. When any objective evidence exists, the requirements of HKAS 36 are applied to determine whether it is necessary to recognize any impairment loss with respect to the Group's investment in an associate. When necessary, the entire carrying amount of the investment (including goodwill, if any) is tested for impairment in accordance with HKAS 36 "Impairment of Assets" as a single asset by comparing its recoverable amount (higher of value in use and fair value less cost of disposal) with its carrying amount. Any impairment loss recognised forms part of the carrying amount of the investment. Any reversal of that impairment loss is recognised in accordance with HKAS 36 to the extent that the recoverable amount of the investment subsequently increases.

When a group entity transacts with an associate of the Group, profits or losses resulting from the transactions with the associate are recognised in the Group's consolidated financial statements only to the extent of interests in the associate that are not related to the Group.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

31 December 2022

**2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)***Investments and other financial assets***Initial recognition and measurement*

Financial assets are classified, at initial recognition, as subsequently measured at amortised cost, fair value through other comprehensive income, and fair value through profit or loss.

The classification of financial assets at initial recognition depends on the financial asset's contractual cash flow characteristics and the Group's business model for managing them. With the exception of trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient of not adjusting the effect of a significant financing component, the Group initially measures a financial asset at its fair value plus in the case of a financial asset not at fair value through profit or loss, transaction costs. Trade receivables that do not contain a significant financing component or for which the Group has applied the practical expedient are measured at the transaction price determined under HKFRS 15 in accordance with the policies set out for "Revenue recognition" below.

In order for a financial asset to be classified and measured at amortised cost or fair value through other comprehensive income, it needs to give rise to cash flows that are solely payments of principal and interest ("SPPI") on the principal amount outstanding. Financial assets with cash flows that are not SPPI are classified and measured at fair value through profit or loss, irrespective of the business model.

The Group's business model for managing financial assets refers to how it manages its financial assets in order to generate cash flows. The business model determines whether cash flows will result from collecting contractual cash flows, selling the financial assets, or both. Financial assets classified and measured at amortised cost are held within a business model with the objective to hold financial assets in order to collect contractual cash flows, while financial assets classified and measured at fair value through other comprehensive income are held within a business model with the objective of both holding to collect contractual cash flows and selling. Financial assets which are not held within the aforementioned business models are classified and measured at fair value through profit or loss.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the marketplace.

*Subsequent measurement*

The subsequent measurement of financial assets depends on their classification as follows:

*Financial assets at amortised cost (debt instruments)*

Financial assets at amortised cost are subsequently measured using the effective interest method and are subject to impairment. Gains and losses are recognised in the statement of profit or loss when the asset is derecognised, modified or impaired.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### Investments and other financial assets *(continued)*

##### *Financial assets at fair value through profit or loss*

Financial assets at fair value through profit or loss are carried in the consolidated statement of financial position at fair value with net changes in fair value recognised in the consolidated statement of profit or loss.

This category includes listed equity investments which the Group had not irrevocably elected to classify at fair value through other comprehensive income. Dividends on listed equity investments classified as financial assets at fair value through profit or loss are also recognised as revenue and gains in the consolidated statement of profit or loss when the right of payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

#### Derecognition of financial assets

A financial asset (or, where applicable, a part of a financial asset or part of a group of similar financial assets) is primarily derecognised (i.e., removed from the Group's consolidated statement of financial position) when:

- the rights to receive cash flows from the asset have expired; or
- the Group has transferred its rights to receive cash flows from the asset or has assumed an obligation to pay the received cash flows in full without material delay to a third party under a "pass-through" arrangement; and either (a) the Group has transferred substantially all the risks and rewards of the asset, or (b) the Group has neither transferred nor retained substantially all the risks and rewards of the asset, but has transferred control of the asset.

When the Group has transferred its rights to receive cash flows from an asset or has entered into a pass-through arrangement, it evaluates if, and to what extent, it has retained the risk and rewards of ownership of the assets. When it has neither transferred nor retained substantially all the risks and rewards of the asset nor transferred control of the asset, the Group continues to recognise the transferred asset to the extent of the Group's continuing involvement. In that case, the Group also recognises an associated liability. The transferred asset and the associated liability are measured on a basis that reflects the rights and obligations that the Group has retained.

Continuing involvement that takes the form of a guarantee over the transferred asset is measured at the lower of the original carrying amount of the asset and the maximum amount of consideration that the Group could be required to repay.

#### Impairment of financial assets

The Group recognises an allowance for expected credit losses ("ECLs") for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

31 December 2022

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### Impairment of financial assets *(continued)*

##### *General approach*

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is required for credit losses expected over the remaining life of the exposure, irrespective of the timing of the default (a lifetime ECL).

At each reporting date, the Group assesses whether the credit risk on a financial instrument has increased significantly since initial recognition. When making the assessment, the Group compares the risk of a default occurring on the financial instrument as at the reporting date with the risk of a default occurring on the financial instrument as at the date of initial recognition and considers reasonable and supportable information that is available without undue cost or effort, including historical and forward-looking information.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

Financial assets at amortised cost are subject to impairment under the general approach and they are classified within the following stages for measurement of ECLs except for trade receivables which apply the simplified approach as detailed below.

- Stage 1 – Financial instruments for which credit risk has not increased significantly since initial recognition and for which the loss allowance is measured at an amount equal to 12-month ECLs
- Stage 2 – Financial instruments for which credit risk has increased significantly since initial recognition but that are not credit-impaired financial assets and for which the loss allowance is measured at an amount equal to lifetime ECLs
- Stage 3 – Financial assets that are credit-impaired at the reporting date (but that are not purchased or originated credit-impaired) and for which the loss allowance is measured at an amount equal to lifetime ECLs

##### *Simplified approach*

For trade receivables that do not contain a significant financing component or when the Group applies the practical expedient of not adjusting the effect of a significant financing component, the Group applies the simplified approach in calculating ECLs. Under the simplified approach, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### Financial liabilities

##### *Initial recognition and measurement*

Financial liabilities are classified, at initial recognition, as financial liabilities at fair value through profit or loss, loans and borrowings, payables, or as derivatives designated as hedging instruments in an effective hedge, as appropriate.

All financial liabilities are recognised initially at fair value and, in the case of loans and borrowings and payables, net of directly attributable transaction costs.

The Group's financial liabilities include trade payables, other payables and accruals, interest-bearing bank and other borrowings and amount due to a director.

##### *Subsequent measurement*

The subsequent measurement of financial liabilities depends on their classification as follows:

##### *Financial liabilities at amortised cost (loans and borrowings)*

After initial recognition, interest-bearing loans and borrowings are subsequently measured at amortised cost, using the effective interest rate method unless the effect of discounting would be immaterial, in which case they are stated at cost. Gains and losses are recognised in the consolidated statement of profit or loss when the liabilities are derecognised as well as through the effective interest rate amortisation process.

Amortised cost is calculated by taking into account any discount or premium on acquisition and fees or costs that are an integral part of the effective interest rate. The effective interest rate amortisation is included in finance costs in the consolidated statement of profit or loss.

##### *Financial guarantee contracts*

Financial guarantee contracts issued by the Group are those contracts that require a payment to be made to reimburse the holder for a loss it incurs because the specified debtor fails to make a payment when due in accordance with the terms of a debt instrument. A financial guarantee contract is recognised initially as a liability at its fair value, adjusted for transaction costs that are directly attributable to the issuance of the guarantee. Subsequent to initial recognition, the Group measures the financial guarantee contracts at the higher of: (i) the ECL allowance determined in accordance with the policy as set out in "Impairment of financial assets"; and (ii) the amount initially recognized less, when appropriate, the cumulative amount of income recognised.

#### Derecognition of financial liabilities

A financial liability is derecognised when the obligation under the liability is discharged or cancelled, or expires.

When an existing financial liability is replaced by another from the same lender on substantially different terms, or the terms of an existing liability are substantially modified, such an exchange or modification is treated as a derecognition of the original liability and a recognition of a new liability, and the difference between the respective carrying amounts is recognised in the consolidated statement of profit or loss.

31 December 2022

**2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)***Cash and cash equivalents**

For the purpose of the consolidated statement of cash flows, cash and cash equivalents comprise cash on hand and demand deposits, and short term highly liquid investments that are readily convertible into known amounts of cash, are subject to an insignificant risk of changes in value, and have a short maturity of generally within three months when acquired, less bank overdrafts which are repayable on demand and form an integral part of the Group's cash management.

For the purpose of the consolidated statement of financial position, cash and cash equivalents comprise cash on hand and at banks, including term deposits, and assets similar in nature to cash, which are not restricted as to use.

**Provisions**

A provision is recognised when a present obligation (legal or constructive) has arisen as a result of a past event and it is probable that a future outflow of resources will be required to settle the obligation, provided that a reliable estimate can be made of the amount of the obligation.

When the effect of discounting is material, the amount recognised for a provision is the present value at the end of the reporting period of the future expenditures expected to be required to settle the obligation. The increase in the discounted present value amount arising from the passage of time is included in finance costs in the consolidated statement of profit or loss.

**Income tax**

Income tax comprises current and deferred tax. Income tax relating to items recognised outside profit or loss is recognised outside profit or loss, either in OCI or directly in equity.

Current tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period, taking into consideration interpretations and practices prevailing in the countries in which the Group operates.

Deferred tax is provided, using the liability method, on all temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- when the deferred tax liability arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of taxable temporary differences associated with investments in subsidiaries, when the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

31 December 2022

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### Income tax *(continued)*

Deferred tax assets are recognised for all deductible temporary differences and the carryforward of unused tax credits and any unused tax losses. Deferred tax assets are recognised to the extent that it is probable that taxable profit will be available against which the deductible temporary differences and the carryforward of unused tax credits and unused tax losses can be utilised, except:

- when the deferred tax asset relating to the deductible temporary differences arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- in respect of deductible temporary differences associated with investments in subsidiaries, deferred tax assets are only recognised to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised. Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply to the period when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and deferred tax liabilities are offset if a legally enforceable right exists to set off current tax assets against current tax liabilities and the deferred taxes relate to the same taxable entity and the same taxation authority on either the same taxable entity or different taxable entities which intend either to settle current tax liabilities and assets on a net basis, or to realise the assets and settle the liabilities simultaneously, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered.

#### Government grants

Government grants are recognised at their fair value where there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. When the grant relates to an expense item, it is recognised as income on a systematic basis over the periods that the costs, for which it is intended to compensate, are expensed.

Government grants, subsidies from the relevant People's Republic of China (the "PRC") and Hong Kong government authorities, in the form of return of income tax, value added tax not associating with the purchase of property, plant and equipment and various taxes, as an incentive for the investments in various cities in the PRC are recognised in the consolidated statement of profit or loss when relevant approval has been obtained.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

31 December 2022

**2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)***Revenue recognition***Revenue from contracts with customers*

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customers at an amount that reflects the consideration to which the Group expects to be entitled in exchange for those goods or services.

When the consideration in a contract includes a variable amount, the amount of consideration is estimated to which the Group will be entitled in exchange for transferring the goods or services to the customer. The variable consideration is estimated at contract inception and constrained until it is highly probable that a significant revenue reversal in the amount of cumulative revenue recognised will not occur when the associated uncertainty with the variable consideration is subsequently resolved.

When the contract contains a financing component which provides the customer a significant benefit of financing the transfer of goods or services to the customer for more than one year, revenue is measured at the present value of the amount receivable, discounted using the discount rate that would be reflected in a separate financing transaction between the Group and the customer at contract inception. When the contract contains a financing component which provides the Group with a significant financial benefit for more than one year, revenue recognised under the contract includes the interest expense accreted on the contract liability under the effective interest method. For a contract where the period between the payment by the customer and the transfer of the promised goods or services is one year or less, the transaction price is not adjusted for the effects of a significant financing component, using the practical expedient in HKFRS 15.

*Provision of serviced apartment and property management services*

Revenue from the provision of serviced apartment and property management services is recognised over the scheduled period on a straight-line basis because the customer simultaneously receives and consumes the benefits provided by the Group.

*Revenue from other sources*

Rental income is recognised on a time proportion basis over the lease terms. Variable lease payments that do not depend on an index or a rate are recognised as income in the accounting period in which they are incurred.

Interest income is recognised on an accrual basis using the effective interest method by applying the rate that exactly discounts the estimated future cash receipts over the expected life of the financial instrument or a shorter period, when appropriate, to the net carrying amount of the financial asset.

Dividend income is recognised when the shareholders' right to receive payment has been established, it is probable that the economic benefits associated with the dividend will flow to the Group and the amount of the dividend can be measured reliably.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### Share-based payments

The Company operates a share option scheme for the purpose of providing incentives and rewards to eligible participants who contribute to the success of the Group's operations. Employees (including directors) of the Group receive remuneration in the form of share-based payments, whereby employees render services as consideration for equity instruments ("equity-settled transactions").

The cost of equity-settled transactions with employees for grant is measured by reference to the fair value at the date at which they are granted. The fair value is determined using an appropriate option pricing model.

The cost of equity-settled transactions is recognised in employee benefit expense, together with a corresponding increase in equity, over the period in which the performance and/or service conditions are fulfilled. The cumulative expense recognised for equity-settled transactions at the end of each reporting period until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The charge or credit to the consolidated statement of profit or loss for a period represents the movement in the cumulative expense recognised as at the beginning and end of that period.

Service and non-market performance conditions are not taken into account when determining the grant date fair value of awards, but the likelihood of the conditions being met is assessed as part of the Group's best estimate of the number of equity instruments that will ultimately vest. Market performance conditions are reflected within the grant date fair value. Any other conditions attached to an award, but without an associated service requirement, are considered to be non-vesting conditions. Non-vesting conditions are reflected in the fair value of an award and lead to an immediate expensing of an award unless there are also service and/or performance conditions.

For awards that do not ultimately vest because non-market performance and/or service conditions have not been met, no expense is recognised. Where awards include a market or non-vesting condition, the transactions are treated as vesting irrespective of whether the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified, if the original terms of the award are met. In addition, an expense is recognised for any modification that increases the total fair value of the share-based payments, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. This includes any award where non-vesting conditions within the control of either the Group or the employee are not met. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

The dilutive effect of outstanding options, if any, is reflected as additional share dilution in the computation of diluted earnings per share.

**2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES** *(continued)***Other employee benefits***Pension scheme*

The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme (the “MPF Scheme”) under the Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Scheme. Contributions are made based on a percentage of the employees’ basic salaries and are charged to the consolidated statement of profit or loss as they become payable in accordance with the rules of the MPF Scheme. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group’s employer contributions vest fully with the employees when contributed into the MPF Scheme. Under the MPF Scheme, the employer and its employees are each required to make contribution to the MPF Scheme at 5% of the employee’s relevant income subject to a cap of monthly relevant income of HK\$30,000. Contributions to the MPF Scheme vest immediately.

The employees of the Group’s subsidiaries which operate in Mainland China are required to participate in a central pension scheme operated by the local municipal government. These subsidiaries are required to contribute a certain percentage of its payroll costs to the central pension scheme. The only obligation of the Group with respect to the central pension scheme is to pay the ongoing contribution under the central pension scheme. The contributions are charged to the consolidated statement of profit or loss as they become payable in accordance with the rules of the central pension scheme. The Group’s employer contributions vest fully with the employees when contributed in the central pension scheme. The Group has no forfeiture of pension scheme contributions (i.e. contributions processed by the employer on behalf of the employee who has exited the scheme prior to vesting of such contributions). As at 31 December 2022, no forfeited contribution under the pension scheme of the Group is available for deduction of contribution payable in coming years.

*Employment Ordinance long service payments*

Certain of the Group’s employees have completed the required number of years of service to the Group in order to be eligible for long service payments under the Hong Kong Employment Ordinance in the event of the termination of their employment. The Group is liable to make such payments in the event that such a termination of employment meets the circumstances specified in the Hong Kong Employment Ordinance.

A provision is recognised in respect of the probable future long service payments expected to be made. The provision is based on the best estimate of the probable future payments which have been earned by the employees from their service to the Group to the end of the reporting period.

**Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, i.e., assets that necessarily take a substantial period of time to get ready for their intended use or sale, are capitalised as part of the cost of those assets. The capitalisation of such borrowing costs ceases when the assets are substantially ready for their intended use or sale. All other borrowing costs are expensed in the period in which they are incurred.

### 2.4 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(continued)*

#### Dividends

Interim dividends are simultaneously proposed and declared, because the Company's memorandum and articles of association grant the directors the authority to declare interim dividends. Consequently, interim dividends are recognised immediately as a liability when they are proposed and declared.

Final dividends are recognised as a liability when they are approved by the shareholders in a general meeting. Proposed final dividends are disclosed in the notes 11 to the consolidated financial statements.

#### Foreign currencies

These financial statements are presented in Hong Kong dollars, which is the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency. Foreign currency transactions recorded by the entities in the Group are initially recorded using their respective functional currency rates prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency rates of exchange ruling at the end of the reporting period. Differences arising on settlement or translation of monetary items are recognised in the consolidated statement of profit or loss.

Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation of a non-monetary item measured at fair value is treated in line with the recognition of the gain or loss on change in fair value of the item (i.e., translation difference on the item whose fair value gain or loss is recognised in OCI or profit or loss is also recognised in OCI or profit or loss, respectively).

In determining the exchange rate on initial recognition of the related asset, expense or income on the derecognition of a non-monetary asset or non-monetary liability relating to an advance consideration, the date of initial transaction is the date on which the Group initially recognises the non-monetary asset or non-monetary liability arising from the advance consideration. If there are multiple payments or receipts in advance, the Group determines the transaction date for each payment or receipt of the advance consideration.

The functional currencies of certain overseas subsidiaries are currencies other than the Hong Kong dollar. As at the end of the reporting period, the assets and liabilities of these entities are translated into Hong Kong dollars at the exchange rates prevailing at the end of the reporting period and their statements of profit or loss are translated into Hong Kong dollars at the exchange rates that approximate to those prevailing at the dates of the transactions.

The resulting exchange differences are recognised in OCI and accumulated in the exchange fluctuation reserve. On disposal of a foreign operation, the component of OCI relating to that particular foreign operation is recognised in the consolidated statement of profit or loss.

For the purpose of the consolidated statement of cash flows, the cash flows of overseas subsidiaries are translated into Hong Kong dollars at the exchange rates ruling at the dates of the cash flows. Frequently recurring cash flows of overseas subsidiaries which arise throughout the year are translated into Hong Kong dollars at the weighted average exchange rates for the year.

**3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES**

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and their accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that could require a material adjustment to the carrying amounts of the assets or liabilities affected in the future.

**Judgements**

In the process of applying the Group's accounting policies, management has made the following judgements, apart from those involving estimations, which have the most significant effect on the amounts recognised in the consolidated financial statements:

*Property lease classification – Group as lessor*

The Group has entered into commercial property leases on its investment property portfolio. The Group has determined, based on an evaluation of the terms and conditions of the arrangements, such as the lease term not constituting a major part of the economic life of the commercial property and the present value of the minimum lease payments not amounting to substantially all the fair value of the commercial property, that it retains all the significant risks and rewards of ownership of these properties which are leased out and accounts for the contracts as operating leases.

*Classification between investment properties and owner-occupied properties*

The Group determines whether a property qualifies as an investment property, and has developed criteria in making that judgement. Investment property is a property held to earn rentals or for capital appreciation or both. Therefore, the Group considers whether a property generates cash flows largely independently of the other assets held by the Group.

Some properties comprise a portion that is held to earn rentals or for capital appreciation and another portion that is held for use in the production or supply of goods or services or for administrative purposes. If these portions could be sold separately or leased out separately under a finance lease, the Group accounts for the portions separately. If the portions could not be sold separately, the property is an investment property only if an insignificant portion is held for use in the production or supply of goods or services or for administrative purposes.

Judgement is made on an individual property basis to determine whether ancillary services are so significant that a property does not qualify as an investment property.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

31 December 2022

### 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES *(continued)*

#### **Judgements** *(continued)*

##### *Deferred taxation on investment properties*

For the purposes of measuring deferred tax liabilities arising from investment properties that are measured using the fair value model, management has reviewed the Group's investment properties and concluded that the certain of the Group's investment properties are held under a business model whose objective is to consume substantially all of the economic benefits embodied in these investment properties over time. Therefore, in determining the Group's deferred taxation on these investment properties, the directors have determined that the presumption that these investment properties measured using the fair value model are recovered through sale is rebutted.

Accordingly, the Group recognises deferred tax in respect of the changes in fair value of the investment properties based on management's best estimate assuming future tax consequences through usage of such properties of rental purpose, rather than through sale. The final tax outcome could be different from the deferred tax liabilities recognised in the consolidated financial statements should the investment properties be subsequently disposed by the Group, rather than all of the economic benefits embodied in the investment properties are consumed substantially by leasing over time. In the event the investment properties are being disposed of, the Group may be liable to higher tax upon disposal considering the impact of corporate income tax and land appreciation tax.

#### **Estimation uncertainty**

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year, are described below.

##### *Estimation of fair value of investment properties*

As described in Note 15 to the consolidated financial statements, the investment properties were revalued at the end of the reporting period based on the appraised market value provided by an independent professional valuer. Such valuations were based on certain assumptions, which are subject to uncertainty and might materially differ from the actual results. In making the estimation, the Group considers information from current prices in an active market for similar properties and uses assumptions that are mainly based on market conditions existing at the end of each reporting period.

##### *Fair values of financial instruments*

Financial instruments such as equity instruments are carried at the consolidated statement of financial position at fair value. The best evidence of fair value is quoted prices in an active market, where quoted prices are not available for a particular financial instrument, the Group uses the market values determined by independent financial institutions or internal or external valuation models to estimate the fair value. The use of methodologies, models and assumptions in pricing and valuing these financial assets and liabilities is subjective and requires varying degrees of judgement by management, which may result in significantly different fair values and results.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

### 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES *(continued)*

#### Estimation uncertainty *(continued)*

##### *Impairment of receivables*

The Group estimates the amount of loss allowance for trade receivables, deposits and other receivables by assessing the ECLs. The ECLs for trade receivables, deposits and other receivables are based on assumptions about risk of default and expected loss rates. The Group makes these assumptions and selects the inputs to the impairment calculation, based on the Group's past history, existing market conditions as well as forward looking estimates at the end of each reporting period. The information about the ECLs on the Group's trade receivables, deposits and other receivables is disclosed in Notes 19, 20 and 37 to the consolidated financial statements.

##### *Income taxes and deferred taxation*

Significant judgement is required in determining the provision for income tax. There are many transactions and calculations for which the ultimate determination is uncertain during the ordinary course of business. Where the final tax outcome of these matters is different from the amounts that were initially recorded, such differences will impact the current and deferred income tax assets and liabilities in the period in which such determination is made.

Deferred tax assets relating to certain temporary differences and tax losses are recognised when management considers to be probable that future taxable profit will be available against which the temporary differences or tax losses can be recognised. The outcome of their actual recognition may be different.

### 4. OPERATING SEGMENT INFORMATION

For management purposes, the Group is organised into three (2021: three) reportable operating segments as follows:

- (a) the property investment segment mainly comprises rental income from investment properties;
- (b) the provision of serviced apartment and property management services segment; and
- (c) the trading and investments segment includes the trading of securities and investment income from securities investment and investment holding.

Management monitors the results of the Group's operating segments separately for the purpose of making decisions about resources allocation and performance assessment. Segment performance is evaluated based on reportable segment profit/loss, which is a measure of adjusted profit/loss before tax. The adjusted profit/loss before tax is measured consistently with the Group's profit/loss before tax except that unallocated corporate expenses, interest income on bank deposits, fair value changes on investment properties, share of loss of an associate, non-lease-related finance costs and other gains are excluded from such measurement.

Segment assets exclude other unallocated head office, corporate assets and interest in an associate.

Segment liabilities exclude interest-bearing bank, borrowings, amount due to a director, tax payable, deferred tax liabilities and other unallocated head office and corporate liabilities are managed as these liabilities on a group basis.

There are no sales or other transactions between the operating segments during the year (2021: Nil).

Note:

As at 31 December 2022, the Group holds a parcel of commercial use land located in Qianshan district, Zhuhai, the PRC with a carrying amount of approximately HK\$229,583,000 (2021: HK\$237,961,000), is now under relocation progress. In July 2015, a new relocation policy had changed the responsibility of relocation from the land department to the local district government. The Group is under negotiation with the local district government on the relocation work.

#### Impairment loss

Based on the valuation of the recoverable amounts of the parcel of land classified as properties under development as at 31 December 2021 by the Ravia Global Appraisals Advisory Limited (the "Valuer"), the independent professional qualified valuer, was appointed by management, a reversal of impairment losses of HK\$60,334,000 was recognised as a result. For the year ended 31 December 2022, the recoverable amounts of the parcel of land classified as properties under development were determined based on the assets' fair values less costs of disposal, determined by reference to a valuation performed by the Valuer.

At the end of the reporting period, the Group tests whether the carrying values of properties under development have suffered any impairment in accordance with the accounting policy on impairment of non-financial assets (Note 2.4). The Group assessed the recoverable amounts of parcel of land classified as properties under development and there was no impairment for the years ended 31 December 2022 and 2021. The estimates of recoverable amounts were based on the assets' fair values less costs of disposal, determined by reference to a valuation performed by the Valuer.

The directors of the Company have determined that the investment properties consist of five classes of asset, i.e., car parking spaces, commercial properties, residential properties, industrial properties and investment properties, based on the nature, characteristics and risk of each property.

The fair value of the Group's investment properties situated in Hong Kong, Malaysia and the PRC at 31 December 2022 and 2021 had been arrived at based on a valuation carried out on that date by Ravia Global Appraisal Advisory Limited, the independent professional qualified valuer not connected to the Group.

The fair value of the Group's investment properties were revalued by Ravia Global Appraisal Advisory Limited on 31 December 2022 and 2021. The valuation was determined using the direct comparison method by making reference to comparable market observable transactions of similar properties and adjusted to reflect the conditions and locations of the subject properties. There has been no change from the valuation techniques used in the prior year.

The key input was the market price per square feet or car parking space. The valuation takes into account the characteristics which include the location, size, shape, view, floor level, year of completion and other factors collectively, to arrive at the market price.

### 15. INVESTMENT PROPERTIES (continued)

Management reviews the valuation performed by the independent valuer for financial reporting purposes on a yearly basis. The review includes verification of all major inputs to the valuation, assessing property valuation movements and discussions with the independent valuer. Management considers that the current use of the investment properties equate the highest and best use.

At 31 December 2022, certain of the Group's investment properties with an aggregate carrying amount of approximately HK\$6,611,080,000 (2021: HK\$6,691,080,000) were pledged to secure general banking facilities granted to the Group (*Note 25 to the consolidated financial statements*).

At 31 December 2021	<u>36,627</u>	<u>1,344,648</u>	<u>34,046</u>	<u>1,415,321</u>

The Group has tax losses arising in Hong Kong of approximately HK\$329,448,000 (2021: HK\$302,394,000), that are available indefinitely for offsetting against future taxable profits of the companies in which the losses arose. Deferred tax assets have not been recognised in respect of these losses as they have arisen in subsidiaries that have been loss-making for some time and it is not considered probable that taxable profits will be available against which the tax losses can be utilised.

Pursuant to the PRC Corporate Income Tax Law, a 10% withholding tax is levied on dividends declared to foreign investors from the foreign investment enterprises established in Mainland China. The requirement is effective from 1 January 2008 and applies to earnings after 31 December 2007. A lower withholding tax rate may be applied if there is a tax treaty between Mainland China and jurisdiction of the foreign investors. For the Group, the applicable rate is 5% or 10%. The Group is therefore liable for withholding taxes on dividends distributed by those subsidiaries established in Mainland China in respect of earnings generated from 1 January 2008.

At 31 December 2022, there was no significant unrecognised deferred tax liability (2021: Nil) for taxes that would be payable on the unremitted earnings of the Group's subsidiaries.

There are no income tax consequences attaching to the payment of dividends by the Company to its shareholders.

### 29. SHARE OPTION SCHEMES

The Group's share option scheme (the "2013 Scheme") was adopted pursuant to a resolution passed on 30 May 2013 for the primary purpose of providing incentives to eligible participants.

#### The 2013 Scheme

The Company operates the 2013 Scheme for the purpose of, among others, is to recognise and motivate the contribution of eligible participants to the Group and to provide incentives and help the Company in retaining its existing employees and recruiting additional employees and to provide them with a direct economic interest in attaining the long-term business objectives of the Company. Eligible participants of the 2013 Scheme include any (full-time or part-time) employee, including, without limitation, any executive and non-executive director or proposed executive and non-executive director of the Group, and any adviser, consultant, agent, contractor, client, customer or supplier or any member of the Group. The 2013 Scheme, unless otherwise cancelled or amended, will remain in force for 10 years from 30 May 2013.

The total number of securities available for issue under the 2013 Scheme is 418,037,109, which is equivalent to 10% of the issued share capital of the Company at the date of adoption of the 2013 Scheme ((as a result of the share consolidation of the Company with effect from 31 May 2021, the total number of ordinary shares available for issue under the 2013 Scheme has been adjusted to 83,607,421 shares, representing approximately 10% of the issued shares of the Company as at the date of these consolidated financial statement). The maximum number of shares issuable under share options to each eligible participant in the 2013 Scheme with in any 12-month period, is limited to 1% of the shares of the Company for the time being in issue. Any further grant of share options in excess of this limit is subject to shareholders' approval in a general meeting.

Share options granted to a director or substantial shareholder of the Company, or to any of their associates, are subject to approval in advance by the independent non-executive directors. In addition, any share options granted to a substantial shareholder or an independent non-executive director of the Company, or to any of their associates, in excess of 0.1% of the shares of the Company in issue at any time or with an aggregate value (based on the price of the Company's shares at the date of the grant) in excess of HK\$5 million, within any 12-month period, are subject to shareholders' approval in advance in a general meeting.

The offer of a grant of share options may be accepted within 5 business days from the date of the offer upon payment of a nominal consideration of HK\$1 by the grantee. The exercise period of the share options granted is determinable by the directors, which is not later than 10 years from the date of offer of the share options or the expiry date of the 2013 Scheme, if earlier.

The exercise price of the share options is determined by the board of directors, but may not be less than the higher of (i) the nominal of the shares; (ii) the Hong Kong Stock Exchange closing price of the Company's shares on the date of offer of the share option; and (iii) the average Hong Kong Stock Exchange closing price of the Company's shares for the five trading days immediately preceding the date of the offer.

Share options do not confer rights on the holders to dividends or to vote in shareholders' meetings.

No share options under the 2013 Scheme have been granted, exercised, lapsed or cancelled since the establishment of the 2013 Scheme.

### 36. FAIR VALUE MEASUREMENT OF FINANCIAL INSTRUMENTS

The fair value of cash and cash equivalents, trade receivables, trade payables, financial assets included in deposits and other receivables, financial liabilities included in other payables and accruals deposits received, interest-bearing bank borrowings and amount due to a director are not materially different from their carrying amounts because of the immediate or the short term maturities of these instruments.

As detailed in the following table, the directors consider that the carrying amounts of financial assets and financial liabilities recognised in the consolidated financial statements approximate to their fair values:

	Fair value as at		Fair value hierarchy	Valuations Technique(s) and key inputs
	2022 HK\$'000	2021 HK\$'000		
<b>Assets</b>				
Equity investments at fair value through profit or loss	760,491	816,039	Level 1	Quoted last traded prices in an active market
Wealth management products at fair value through profit or loss	1,583	12,262	Level 2	Income approach The key input is spot yield curve

#### Fair value hierarchy

The following tables illustrate the fair value measurement hierarchy of the Group's financial instruments:

*Assets measured at fair value:*

	Fair value measurement using			Total HK\$'000
	Quoted price in active markets (Level 1) HK\$'000	Significant observable inputs (Level 2) HK\$'000	Significant unobservable inputs (Level 3) HK\$'000	
<b>As at 31 December 2022</b>

<b>As at 31 December 2021</b>				
Financial assets at fair value through profit or loss	816,039	12,262	–	828,301

The Group did not have any financial liabilities measured at fair value at 31 December 2022 and 2021.

During the year ended 31 December 2022, there were no transfers of fair value measurements between Level 1 and Level 2 and no transfers into or out of Level 3 for both financial assets and financial liabilities (2021: Nil).

### 37. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group's principal financial instruments comprise interest-bearing bank borrowings, financial assets at fair value through profit or loss, and cash and cash equivalents. The main purpose of these financial instruments is to raise finance for the Group's operations. The Group has various other financial assets and liabilities such as trade receivables and trade payables, which arise directly from its operations.

The main risks arising from the Group's financial instruments are interest rate risk, foreign currency risk, credit risk, liquidity risk and equity price risk. The board of directors reviews and agrees policies for managing each of these risks and they are summarised below.

#### Interest rate risk

The Group's exposure to the risk of changes in market interest rates relates primarily to the Group's interest-bearing bank borrowings with floating interest rates.

The Group's policy to manage its interest rate risk is to reduce or maintain its current level of interest-bearing borrowings. As the Group does not expect to significantly increase its level of interest-bearing borrowings, it has not used any interest rate swaps to hedge its exposure to interest rate risk.

The following table demonstrates the sensitivity at the end of the reporting period to a reasonably possible change in interest rates, with all other variables held constant, of the Group's profit before tax (through the impact on floating rate borrowings) and the Group's equity.

	Increase/ (decrease) in basis points	(Decrease)/ increase in profit before tax <i>HK\$'000</i>	(Decrease)/ increase in equity* <i>HK\$'000</i>

<b>2021</b>

Hong Kong dollar	(50)	7,435	–

\* Excluding retained profits

#### Foreign currency risk

The Group's exposure to market risk for change in foreign currency exchange rates relates primarily to certain investments and certain cash and cash equivalents in currencies other than the functional currency of Hong Kong dollar.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

### 37. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES *(continued)*

#### Foreign currency risk *(continued)*

The following table demonstrates the sensitivity at the end of the reporting period to a reasonably possible change in RMB exchange rates, with all other variables held constant, of the Group's profit before tax (due to changes in the fair value of monetary assets and liabilities) and the Group's equity. As Hong Kong dollar is pegged to United States dollar within a narrow range, it is considered that the amount had no significant exposure to foreign exchange risk relating to this currency.

	(Decrease)/ increase in RMB/USD rate %	Increase/ (decrease) in profit before tax HK\$'000	Increase/ (decrease) in equity* HK\$'000

<b>2021</b>			
If Hong Kong dollar weakens against RMB	(5)	14,152	–
If Hong Kong dollar strengthens against RMB	5	(14,152)	–

\* Excluding retained profits

#### Credit risk

As at 31 December 2022 and 2021, the Group's maximum exposure to credit risk which will cause a financial loss to the Group due to failure to discharge an obligation by the counterparties is arising from the carrying amount of respective financial assets as stated in the consolidated statement of financial position. The Group does not hold any collateral or other credit enhancements to cover its credit risks associated with its financial assets, except that the Group holds rental deposits from tenants for leasing of properties. The Group has no significant concentration of credit risk as credits are granted to a large population of clients.

#### *Trade receivables from property management services and rental receivables*

In order to minimise the credit risk, the management of the Group will internally assess the credit quality of the potential tenants before accepting any new tenants. Other monitoring procedures are in place to ensure that follow-up action is taken to recover overdue debts. In addition, the Group performs impairment assessment under ECLs model on trade balances from property management services and rental receivables based on provision matrix.

## NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

31 December 2022

### 37. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES *(continued)*

#### Credit risk *(continued)*

##### *Other receivables*

No allowance for impairment was made for other receivables since the directors of the Company consider the probability of default is minimal after assessing the counter-parties' financial background and creditability.

##### *Short-term bank deposits/fixed bank deposits/bank balances*

The credit risk on short-term bank deposit, fixed bank deposits and bank balances are limited because the majority of the counterparties are banks with high credit-ratings assigned by international credit-rating agencies. The Group has no other significant concentration of credit risk.

The Group uses four categories for those receivables which reflect their credit risk and how the loss provision is determined for each of those categories.

Category	Group definition of category	Basis for recognition of ECLs
Performing	The counterparty has a low risk of default and does not have any past due amounts	12-month ECL
Doubtful	There has been a significant increase in credit risk since initial recognition	Lifetime ECL – not credit impaired
Default	There is evidence indicating the asset is credit-impaired	Lifetime ECL – credit impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery	Amount is written off

The Group applies the simplified approach to provide for ECLs prescribed by HKFRS 9, which permits the use of the lifetime ECL for trade receivables from property management services and rental receivables. To measure the expected credit losses, these trade receivables have been based on past due status, historical credit loss experience based on the past default experience of the Group and are adjusted with forward-looking information. On that basis, the Group assessed that there is no loss allowance recognised in accordance with HKFRS 9 at 31 December 2022 and 2021.

For the purpose of impairment assessment for other receivables, the management considered that the credit risk of these financial assets have not significantly increased since initial recognition. The Group has assessed and concluded that the expected credit loss rate for these receivables is immaterial under 12-month ECL method after taken into account the historical default experience, historical settlement records, collateral values as well as the loss upon default in each case and are adjusted with forward-looking information.

### 37. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

#### Liquidity risk

In the management of its liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. The management monitors the utilisation of interest-bearing bank borrowings and ensures compliance with relevant covenants.

The following table details the Group's remaining contractual maturity for its non-derivative financial liabilities based on the agreed repayment terms. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. Specifically, bank loans with a repayment on demand clause are included in the earliest time band regardless of the probability of the banks choosing to exercise their rights. The maturity dates for other non-derivative financial liabilities are based on the agreed repayment dates.

The table includes both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate at the end of the reporting period.

### 37. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (continued)

#### Equity price risk

Equity price risk is the risk that the fair values of equity securities decrease as a result of changes in the levels of equity indices and the value of individual securities. The Group is exposed to equity price risk arising from listed equity securities classified as equity investments at fair value through profit or loss at 31 December 2022. The Group's listed equity investments are mainly listed on the Hong Kong Stock Exchange and are valued at quoted market prices at the end of the reporting period.

The market equity indices for the following stock exchange, at the close of business of the nearest trading day in the year to the end of the reporting period, and their respective highest and lowest points during the year were as follows:

	<b>31 December 2022</b>	<b>High/low 2022</b>	31 December 2021	High/low 2021
Hong Kong – Hang Seng Index	<b>19,781</b>	<b>24,965/ 14,687</b>	23,398	31,183/ 22,665

### 37. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES *(continued)*

#### Capital management

The primary objectives of the Group's capital management are to safeguard the Group's ability to continue as a going concern and to maintain healthy capital ratios in order to support its business and maximise shareholders' value.

The Group manages its capital structure and makes adjustments to it in light of changes in economic conditions and the risk characteristics of the underlying assets. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. The Group is not subject to any externally imposed capital requirements. No changes were made in the objectives, policies or processes for managing capital during the years ended 31 December 2022 and 2021.

The Group monitors capital using a debt-to-equity ratio, which is debt (including interest-bearing bank borrowings) divided by the shareholders' equity. The debt-to-equity ratios at the end of the reporting periods were as follows:

	2022 <i>HK\$'000</i>	2021 <i>HK\$'000</i>
Debt	<u>1,498,600</u>	<u>1,487,000</u>

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### 1. ABOUT THIS REPORT

Multifield International Holdings Limited (the “Company”) and its subsidiaries (collectively referred to as the “Group”, “we/our” or “us”) engage in property investment, provision of hotel-serviced villas and apartments and property management services, and trading of securities and investment holdings.

This report (this “ESG Report”) is prepared in accordance with the Environmental, Social and Governance (“ESG”) Reporting Guide (the “ESG Reporting Guide”) set out in Appendix 27 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”) to present those aspects and key performance indicators (“KPIs”) which are relevant to the Group’s businesses and operations for the year ended 31 December 2022 (the “Reporting Period”).

#### BOARD STATEMENT ON ESG GOVERNANCE

The board of directors of the Company (the “Board”) takes the overall responsibility for the Group’s sustainability strategy and reporting, evaluating and determining the Group’s ESG-related risks and ensuring that appropriate and effective ESG risk management and internal control systems are in place.

The Board has established a sustainability committee which comprises directors and senior management. The sustainability committee evaluates, prioritizes and advises on the effectiveness of the Group’s sustainability strategy and policies and reports regularly to the Board for reviewing on its operations and the progress made against ESG-related goals and targets.

#### REPORTING PRINCIPLES

The following reporting principles have been applied in the preparation of this ESG Report:

- Materiality:** The Group communicates with its major stakeholder groups on a regular basis to identify and assess ESG-related issues that matter most from their perspectives. Details of significant stakeholders identified, and the process and results of the Group’s stakeholder engagements are set out in the section headed “STAKEHOLDER ENGAGEMENT”.
- Quantitative:** Quantitative information/KPIs presented in this ESG Report are accompanied by narrative, explanation and comparison wherever applicable.
- Balance:** This ESG Report aims to disclose data in an objective way, which aims to provide stakeholders with a balance overview of the Group’s overall ESG performance.
- Consistency:** Unless otherwise stated, the Group adopts consistent methodologies and retrieves social and environmental KPIs from the Group’s internal record system. The scope of reporting and KPIs are consistent with those of the previous report to allow meaningful comparison over time.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### 3. MATERIALITY

During the Reporting Period, we engaged our internal stakeholders to conduct a materiality assessment to identify ESG issues which are material with respect to our operations. Adopting the KPI numbering used in the ESG Reporting Guide, the materiality matrix illustrating prioritisation of issues along internal and external dimensions is set out below:

IMPORTANCE TO STAKEHOLDER	High			<ul style="list-style-type: none"> <li>• B1.1</li> <li>• B1.2</li> <li>• B2.1</li> <li>• B2.2</li> </ul>	<ul style="list-style-type: none"> <li>• B2.3</li> <li>• B4.1</li> <li>• B4.2</li> </ul>

We will develop strategies and allocate resources to address concerns over material ESG issues identified, and will also look for ways to engage different stakeholders such as investors, customers, or local communities, so as to gain a wider understanding of ESG material issues.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### 4. ENVIRONMENTAL ASPECTS

#### 4.1. EMISSIONS

We are dedicated to protecting the environment and integrating environmental considerations into our daily operations. We strive to minimise all forms of emissions associated with our business activities, primarily by implementing and providing sufficient resources for effective emissions reduction measures.

We strictly comply with all applicable laws and regulations that are considered to have a significant impact on us, including:

Country/region	Laws/regulations
<b>Hong Kong</b>	<ul style="list-style-type: none"> <li>Air Pollution Control Ordinance (Cap. 311 of the Laws of Hong Kong)</li> <li>Waste Disposal Ordinance (Cap. 354 of the Laws of Hong Kong)</li> <li>Water Pollution Control Ordinance (Cap. 358 of the Laws of Hong Kong)</li> <li>Noise Control Ordinance (Cap. 400 of the Laws of Hong Kong)</li> </ul>
<b>Mainland China</b>	<ul style="list-style-type: none"> <li>The Environmental Protection Law of the PRC</li> <li>The Law of the PRC on the Prevention and Control of Environmental Pollution from Solid Waste</li> <li>The Energy Conservation Law of the PRC</li> <li>The Water Pollution Prevention and Control Law of the PRC</li> <li>The Atmospheric Pollution Prevention and Control Law of the PRC</li> </ul>

During the Reporting Period, no cases of non-compliance with any of the above laws and regulations were noted.

#### AIR AND GREENHOUSE GAS EMISSIONS

Majority of the air emissions we generated during the Reporting Period were air pollutants and greenhouse gases associated with the consumption of purchased electricity and use of vehicles.

Types of emissions and the respective emissions data of the Group for the Reporting Period are as follows:

##### Air pollutants

Emission type	Unit	2022	Intensity (per facility <sup>1</sup> )
Nitrogen Oxides (NO <sub>x</sub> )	kg	21,645.26	2,405.03
Sulphur Oxides (SO <sub>x</sub> )	kg	109.15	12.13
Particulate Matter (PM)	kg	0.99	0.11

Note:

- There were 9 investment properties owned by the Group which are within the reporting boundary of this ESG Report during the Reporting Period.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### Greenhouse gas

Emission type	Carbon dioxide equivalent (tonnes)	
	2022	2021
Scope 1 <sup>1</sup>	158.29	85.67
Scope 2 <sup>2</sup>	1,744.18	1,755.07
Scope 3 <sup>3</sup>	100.51	24.32
<b>Total greenhouse gas emission</b>	<b>2,002.98</b>	<b>1,865.06</b>
Intensity <sup>4</sup> (per vehicle <sup>5</sup> )	5.86	2.95
Intensity <sup>6</sup> (per facility)	193.80	195.01

*Note:*

- Scope 1 includes all direct greenhouse gas emissions.
- Scope 2 includes energy indirect greenhouse gas emissions.
- Scope 3 includes other indirect greenhouse gas emissions including emissions due to paper waste disposed at landfill, electricity used for fresh water and sewage processing. Insignificant emission amounts are neglected in calculations.
- The intensity is calculated by dividing Scope 1 emission with the number of vehicles in services during the Reporting Period.
- There were 27 vehicles in services for the Group which are within the reporting boundary of this ESG Report during the Reporting Period.
- The intensity is calculated by dividing Scope 2 emission with the number of investment properties owned by the Group which are within the reporting boundary of this ESG Report during the Reporting Period.

The Group has set a target of 20% reduction in absolute emissions by 2030 from the base year of 2020. In order to reach this goal, we strive to reduce electricity consumption through various measures as described in the section headed "USE OF RESOURCES" below.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### WASTE MANAGEMENT

Non-hazardous waste produced by our business activities comprises mainly waste paper and general garbage associated with the operations of our offices. We have implemented measures to reduce non-hazardous waste, such as placing recycling bins in the Group's buildings and offices to facilitate recycling of recyclable waste, and displaying notices in common areas of these buildings and offices enhance awareness to the importance of waste reduction and recycling. We consider the amount of non-hazardous waste the Group produced during the Reporting Period was immaterial.

We are not aware of any hazardous waste produced by the Group's operations during the Reporting Period.

### 4.2. USE OF RESOURCES

Resources we consume are primarily energy, water, and paper. We consider we do not have heavy reliance on the availability of natural resources compared with businesses such as manufacturing, construction, or refinery, etc. Nevertheless, we are committed to minimise our consumption of natural resources.

Information on our energy and water consumption during the Reporting Period is as follows:

#### Direct energy consumption

Energy type	Unit	2022
Diesel	kWh'000	388.3
Petrol	kWh'000	30.1
LPG	kWh'000	1.5
<b>Total direct energy consumption</b>	<b>kWh'000</b>	<b>419.9</b>

#### Indirect energy consumption

Energy type	Unit	2022
Electricity	kWh'000	3,265.3
<b>Total indirect energy consumption</b>	<b>kWh'000</b>	<b>3,265.3</b>
<b>Total energy consumption</b>	<b>kWh'000</b>	<b>3,685.2</b>
<b>Intensity (per facility)</b>	<b>kWh'000</b>	<b>409.5</b>

We have set a target to reduce our energy consumption intensity from fossil fuels to 20% below the 2020 level by 2030 and have implemented, among others, the following energy conservation measures to reach this goal:

- 1) procure energy-efficient appliances;
- 2) turn on power saving mode for office equipment if not in use;
- 3) switch off air conditioning and lighting systems after office hours;
- 4) advise employees to put their computers in hibernation mode and turn off all other office equipment when not in use;
- 5) keep all the doors and windows closed when the air conditioners are in operation;
- 6) set the air conditioning at 25 degrees Celsius; and
- 7) arrange electronic meetings in place of physical meetings when permissible.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### Water consumption

<b>Total water consumption</b>	<b>Unit</b>	<b>2022</b>	<b>Intensity (per facility)</b>
Water consumed	m <sup>3</sup>	124,250.60	13,805.62

During the Reporting Period, we did not have any issue in sourcing water that is fit for our purpose.

We have set a target to reduce our water consumption intensity to 20% below the 2020 level by 2030 and have implemented, among others, the following water conservation measures to reach this goal:

- 1) inspect taps regularly and repair any dripping promptly;
- 2) inspect water mains regularly and rectify leakage promptly;
- 3) install flow controllers in plumbing fixtures; and
- 4) retrofit aged appliances and fixtures with high water use efficiency models.

### 4.3. THE ENVIRONMENT AND NATURAL RESOURCES

Our impacts on the environment and natural resources are primarily associated with the abovementioned air and greenhouse gas emissions, non-hazardous waste produced, and the consumption of energy and other resources and therefore we consider the Group's operations do not have a significant impact on the environment and natural resources.

In addition to the targets set and measures implemented in relation to emissions reduction and resources conservation mentioned in the above sections, we will continue to explore ways to further reduce our impacts on environment and natural resources and will continue to operate in strict compliance with all relevant laws and regulations.

### 4.4. CLIMATE CHANGE

Global warming has been one of the utmost concerned issues in recent years, which might induce extreme weather conditions such as storms, flooding and earthquakes, etc.

During the Reporting Period, we have not been seriously affected by the extreme weather conditions as we have adopted various emergency plans to prevent the disruption of our operation such as working arrangement in black rainstorm warning and/or typhoon signal 8 situation.

Even though we expect that potential extreme weather condition and sustained high temperature do not have a material impact on our operations, we will continue to monitor the climate-related risks and implement relevant measures to minimise the potential impact of climate change.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### 5. EMPLOYMENT AND LABOUR PRACTICES

#### 5.1. EMPLOYMENT

Employees are our most valuable assets, and the success of the Group’s business depends on our workforce. We highly appreciate the contributions from employees and are determined to reward and maintain our employees through provision of attractive remuneration package, a safe working environment, and a harmonious workplace which is free from any form of discrimination and improper treatment.

It is our policy to give everyone equal opportunities in our recruitment and promotion process regardless of race, social class, age, nationality, religion, disability, gender, or sexual orientation, etc.

Matters in relation to compensation, dismissal, recruitment, promotion, working hours, rest periods, equal opportunity, diversity, anti-discrimination, and other benefits and welfare are structured to comply with all applicable laws and regulations in the jurisdictions we operate in, which include but not limited to:

Country/region	Laws/regulations
<b>Hong Kong</b>	<ul style="list-style-type: none"> <li>• Employment Ordinance (Cap. 57 of the Laws of Hong Kong)</li> <li>• Employees’ Compensation Ordinance (Cap. 282 of the Laws of Hong Kong)</li> <li>• Minimum Wage Ordinance (Cap.608 of the Laws of Hong Kong)</li> <li>• Sex Discrimination Ordinance (Cap. 480 of the Laws of Hong Kong)</li> <li>• Disability Discrimination Ordinance (Cap. 487 of the Laws of Hong Kong)</li> </ul>
<b>Mainland China</b>	<ul style="list-style-type: none"> <li>• The Labour Law of the PRC</li> <li>• The Labour Contract Law of the PRC</li> <li>• The Social Insurance Law of the PRC</li> <li>• The Law of the PRC on the Protection of Rights and Interests of Women</li> <li>• Regulations on Work-related Injury Insurances</li> </ul>

During the Reporting Period, no cases of non-compliance with any of the above laws and regulations were noted.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### 5.2. HEALTH AND SAFETY

Our operations do not involve high-risk activities. We attach great importance to occupational safety, hygiene and health of our employees and make all efforts to build a safe and comfortable working environment for our employees.

Matters relating to health and safety of our employees are structured to comply with, among others, the following laws and regulations:

Country/region	Laws/regulations
<b>Hong Kong</b>	<ul style="list-style-type: none"> <li>Occupational Safety and Health Ordinance (Cap. 509 of the Laws of Hong Kong)</li> </ul>
<b>Mainland China</b>	<ul style="list-style-type: none"> <li>The Labour Law of the PRC</li> <li>The Production Safety Law of the PRC</li> <li>The Law of the PRC on Prevention and Control of Occupational Diseases</li> </ul>

During the Reporting Period, no cases of non-compliance with any of the above laws and regulations were noted.

Information on the number and rate of work-related fatalities occurred in each of the past three years including the Reporting Period is illustrated as follows:

	Year ended 31 December		
	2022	2021	2020
Number of work-related fatalities	0	0	0
Rate of work-related fatalities (%)	0	0	0

There was not any lost day due to work injury during the Reporting Period.

To protect our employees from occupational hazards, we have adopted, among others, the following occupational health and safety measures:

- 1) Put in place sufficient first aid kits and fire extinguishers are made available at workplaces for emergency preparedness;
- 2) Provide medical insurance benefits to eligible full-time employees;
- 3) Install air purifier to improve air quality and working environment for our employees;
- 4) Provide protective and disinfection products such as face masks and alcohol-based hand sanitizer to employees; and
- 5) Encourage our employees to participate in rescue, fire and evacuation drills to enhance safety awareness.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### 5.3. DEVELOPMENT AND TRAINING

Competence of our employees are crucial to the continuous growth and success of our businesses. We are committed to providing our employees with opportunities to acquire job-related knowledge by receiving relevant training and development programmes, which include on-the-job training, seminars, workshops, site visits and formal training programmes. We have implemented policies to encourage our employees to participate in job related continuing education and professional development programmes, such as making available to them paid examination leave and reimbursement of tuition, seminar or workshop fees.

Information on training and development of our employees is illustrated as follows:

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### 5.4. LABOUR STANDARDS

We strictly prohibit the use of child and forced labour. We are committed to comply with all laws and regulations relevant to the prevention of child and forced labour, which include and without limitation to:

Country/region	Laws/regulations
<b>Hong Kong</b>	<ul style="list-style-type: none"> <li>• Employment of Children Regulation under the Employment Ordinance (Cap. 57 of the Laws of Hong Kong)</li> </ul>
<b>Mainland China</b>	<ul style="list-style-type: none"> <li>• Labour Law of the PRC</li> <li>• Underage Workers Special Protection Provisions</li> <li>• Provisions on the Prohibition of Using Child Labour</li> </ul>

During the Reporting Period, no cases of non-compliance with any of the above laws and regulations were noted.

We have implemented measures to effectively avoid child and forced labour. For example, a comprehensive identity checking and screening process is always conducted during recruitment process to confirm the identity of every candidate.

We consider our risk of using child or forced labour is minimal. Nevertheless, upon discovery of any use of child or forced labour, such person's employment with us will be terminated immediately. All issue of child or forced labour must be reported to the Board, which is responsible for determining need for any further action such as reporting the issue to relevant authorities.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### 6. OPERATING PRACTICES

#### 6.1. SUPPLY CHAIN MANAGEMENT

Our business activities do not involve significant procurement of materials for consumption, processing, or resale and therefore supply chain management is not material to us from the ESG perspective according to the materiality analysis carried out during the Reporting Period. The suppliers/service providers we come across in our daily operations are primarily retailers that provide office or household supplies for our back offices and properties, or contractors that provide property management or maintenance services to our properties.

We take into consideration environmental and social risk factors in selection of suppliers/contractors. Our measures in this respect include conducting desktop search on suppliers'/contractors' track record on their environmental and labour practices. Our senior management is responsible for reviewing the qualification of potential suppliers/contractors, those who are questionable with regards to ESG practices will not be selected.

We have implemented measures to promote environmentally preferable products and services when selecting suppliers. For example, we prohibit contractors from using materials that do not meet relevant environmental and safety standards. Any contractor who does not meet or who has a record of breaching our ESG standard will not be considered for award of a contract.

#### 6.2. PRODUCT RESPONSIBILITY

We are committed to providing services of top quality to our tenants and users of properties under our management. In particular, we strive to ensure our properties are free from any preventable hazards.

It is our commitment to comply with all laws and regulations relating to health and safety, advertising, labelling and, privacy matters relating to products and services provided, which include and not limited to:

Country/region	Laws/regulations
<b>Hong Kong</b>	<ul style="list-style-type: none"> <li>Personal Data (Privacy) Ordinance (Cap. 486 of the Laws of Hong Kong)</li> </ul>
<b>Mainland China</b>	<ul style="list-style-type: none"> <li>The Advertising Law of the PRC</li> <li>The Law of the PRC on the Protection of Rights and Interests of Consumers</li> <li>The Cybersecurity Law of the PRC</li> <li>The Personal Information Protection Law of the PRC</li> <li>The Fire Protection Law of the PRC</li> <li>The Road Traffic Safety Law of the PRC</li> <li>The Copyright Law of the PRC</li> <li>The Trademark Law of the PRC</li> </ul>

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

During the Reporting Period, no cases of non-compliance with any of the above laws and regulations were noted.

Complaints against our services can be lodged via various channel, including but not limited to phone, email, and instant messaging. Over the past years, complaints we received were primarily related to repair and maintenance of our properties and a majority of such cases could be resolved by our in-house technicians. There were no material products and service-related complaints received during the Reporting Period.

We are committed to ensuring we do not infringe any intellectual property rights of others in the course of our operations. Appropriate licenses are obtained for all software installed on our computer systems. To prevent any risk of unintentional infringement of intellectual property rights, any installation of software on our computer systems can only be done by authorised persons.

We recognise of the importance of consumer data and privacy protection. Visitors of buildings we manage may sometimes be requested to provide certain of their personal data for crime prevention purpose. Such personal data will not be retained for longer than necessary and can only be accessed by authorised persons (being designated property managers), who are also responsible for the implementation and monitoring of these measures.

### 6.3. ANTI-CORRUPTION

We are committed to upholding the highest ethical standard. We have formulated and implemented the required conducts of our employees as well as anti-fraud and whistleblowing policies to prevent, detect and report each and every form of bribery, extortion, fraud and money laundering. Any such kind of fraudulent acts is prohibited and we will not tolerate any fraudulent business activities. In particular, all directors and employees should avoid conflict of personal interest relating to their professional duties and are required to declare any conflict of interest by disclosure form to ensure appropriate assurance for us in matters of conflict of interest, professional and scientific integrity, and to protect the Group from regulatory and reputational risk.

Our whistleblowing procedures apply to all parties including internal as well as external informers. Any complaint of suspected misconduct, malpractice or impropriety can be made either verbally or by confidentially writing to the audit committee of the Company; all issues will be treated promptly and fairly. In cases of suspected corruption or other criminal offences, a report may be made to the appropriate authority. We promise that whistleblowers will not be dismissed or mistreated due to the reporting. Investigation work for whistleblowing reports will be handled with strict confidentiality under any circumstances to preserve anonymity.

To ensure our employees are aware of the regulatory obligations and the possible consequences of breaching the obligations, we provide training to our employees on anti-corruption and encourage our employees to study publicly available materials on anti-corruption prevention such as those available on the website of The Hong Kong Business Ethics Development Centre. During the Reporting Period, a director and two staff members of the Group have participated in an anti-corruption training session organised by The Hong Kong Business Ethics Development Centre.

**ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT**

It is our commitment to comply with all laws and regulations relating to bribery, extortion, fraud and money laundering, which include and without limitation to:

<b>Country/region</b>	<b>Laws/regulations</b>
<b>Hong Kong</b>	<ul style="list-style-type: none"> <li>• Prevention of Bribery Ordinance (Cap. 201 of the Laws of Hong Kong)</li> </ul>

There were no concluded legal cases regarding corrupt practices brought against us or our employees during the Reporting Period.

**7. COMMUNITY INVESTMENT**

We are aware of the importance of interacting with the wider community in fulfilling corporate social responsibility. In this regard, we would explore the possibility to identify suitable partners and support community and environmental programmes that align with our missions and values.

We believe the best way to serve the community is to drive positive impact through our investment portfolio. To create shared values with the community and stakeholders. We will continue to consider ESG factors in selecting future investment projects.
