CHARACTERISTICS OF GEM OF THE STOCK EXCHANGE OF HONG KONG LIMITED (THE “STOCK EXCHANGE”)

GEM has been positioned as a market designed to accommodate small and mid-sized companies to which a higher investment risk may be attached than other companies listed on the Stock Exchange. Prospective investors should be aware of the potential risks of investing in such companies and should make the decision to invest only after due and careful consideration.

Given that the companies listed on GEM are generally small and mid-sized companies, there is a risk that securities traded on GEM may be more susceptible to high market volatility than securities traded on the Main Board of the Stock Exchange and no assurance is given that there will be a liquid market in the securities traded on GEM.

Hong Kong Exchanges and Clearing Limited and The Stock Exchange of Hong Kong Limited take no responsibility for the contents of this report, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this report.

This report, for which the directors (the “Directors”) of OOH Holdings Limited (the “Company”) collectively and individually accept full responsibility, includes particulars given in compliance with the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”) for the purpose of giving information with regard to the Company. The Directors, having made all reasonable enquiries, confirm that to the best of their knowledge and belief the information contained in this report is accurate and complete in all material respects and not misleading or deceptive, and there are no other matters the omission of which would make any statement herein or this report misleading.

CHAIRMAN'S STATEMENT

Dear Shareholders,

On behalf of the board of Directors (the "**Board**"), I am presenting to you this year's annual report and the audited consolidated financial statements of the Company together with its subsidiaries (the "**Group**") for the year ended 31 March 2023.

The Group remains a leading outdoor advertising corporation in Hong Kong, focusing on transportation media advertising. Over the past year, the Group has continued to provide core advertising solutions and related services primarily in the public transport advertising sector of Hong Kong's out-of-home ("**OOH**") media. This includes advertising opportunities on minibuses, taxis, buses, with an exceptional recognition from the New Lantao Bus Company and have signed an exclusive partnership with them since the beginning of September 2021.

Despite the challenges posed by the pandemic, the Group successfully maintained its business activities throughout the years. The Government's stringent social distancing measures had a significant impact on Hong Kong's economy, with most people staying at home during the fifth wave outbreak. This led to almost a halt in the Group's principal business activities in the out-of-home advertising market. Not only did the Group manage to survive the challenge through new implementations of COVID-19 preventative measures, the Group may seem to be benefit from the lift of Government's quarantine restrictions as well as mask policies as of April 2023.

It is encouraging to see that the world is gradually returning to normalcy. With the widespread vaccination efforts and implementation of various preventative measures, many countries have been able to control the spread of the COVID-19 virus. As a result restrictions are being eased, businesses are reopening, and people are resuming their regular activities in the retail sector in Hong Kong. In fact, the Group has been receiving calls from past and existing clients inquiring about outdoor campaign opportunities in town, therefore the Group has secured some contract renewals from clients in the first quarter of this year and we are quite confident that business is slowly coming back.

Furthermore, the Hong Kong Government has shown its commitment and intention to utilize OOH media as an avenue to promote their message more than ever. We have seen the Government enquiring on using our minibus advertising platform and an increased number of outdoor advertisements for their upcoming campaigns. The use of outdoor advertising by the Government demonstrates their wish to engage with the public and keep them informed about important matters related to the society. This is also another vote of confidence with our platform being the most effective solution to tab in any community in all the different districts inside Hong Kong. Additionally, the newly released consumption voucher provided by the Hong Kong Government has significantly increased the level of engagement within Hong Kong's retail industry to promote their businesses. As a result, our Group simultaneously capitalizes on this revitalization by witnessing the expansion of the advertisement sector along with the retail sector.

Lastly, together with my board, I would like to express my sincere gratitude again to my team for doing such an excellent job during this difficult time. The Group would not have gone through this without all their selfless contribution. As for our shareholders, investors, customers, suppliers, and business partners, I want to tender my heartfelt thanks again to you all for the continued support of our Group.

For and on behalf of the Board,

CHAU Wai Chu Irene
Chairlady

MANAGEMENT DISCUSSION AND ANALYSIS

BUSINESS REVIEW

The Group has continued its principal business in the provision of OOH advertising spaces and services to its customers, which comprise end users aiming to promote their brands, products or services, and advertising agents acting for such advertisers. While providing OOH advertising business to clients, we also offer our customers design, production and advertisement logistics services on the different advertising platforms.

During the year ended 31 March 2023, the Group has recorded a decrease of the overall revenue. Such decrease was mainly contributed by the fifth wave of COVID-19 pandemic which led to the poor market sentiment. With businesses closing down and the local consumer businesses as well as tourism being put in halt before the reopening of the border, the Group has recorded a decrease in revenue generated by direct clients and agency clients. Another major factor contributing to the decrease of overall revenue is the absence of revenue generated from the election campaign 2021 Hong Kong Legislative Council which ended in December 2021. Our overall revenue was being affected by the seasonal and the occasional advertising campaigns.

In October 2022, the Group has commenced the contract for exclusive use of advertising spaces under certain categories and industries with an advertising billboard and TV wall owner. The Group's new exclusive billboard advertising spaces are situated in Causeway Bay, Central, Tsim Sha Tsui, Mong Kok, Lai Chi Kok and Cheung Sha Wan which are the prime districts in Hong Kong. We are confident to find clients in the exclusive categories to place advertising campaigns in these new TV walls media platform and bring in new perspective to the Group's advertising portfolio and further enhance the Group's exposure in outdoor advertising industry.

Indeed, upon completion of the exclusive contracts for the use of advertising spaces with various principals of logistic lockers, the Group has recorded no further revenue generated from the Logistic Advertising Business. The Group shall conclude the segment of the Logistic Advertising Business and will focus the resources on the other existing segments for business efficacy. For Food and Beverage Business, the Group entered into a novation agreement on 1 April 2023 to sell the license right of Mizimamei business to an independent third party. Hence, the Group shall cease the Food and Beverage Business.

Apart from the principal business in the provision of OOH advertising spaces and services to its customers, the Group has continued the business of pre-owned private vehicle trading which aims on car trading market, especially for vintage and classic automobile. As of the date herein, the Group has obtained reasonable profit from trading of vehicles.

MANAGEMENT DISCUSSION AND ANALYSIS

FINANCIAL REVIEW

Revenue

Total revenue of the Group decreased by approximately 20.9% from approximately HK\$55.5 million for the year ended 31 March 2022 to approximately HK\$43.9 million for that of 2023. Such decrease was mainly due to (i) the decrease of revenue generated from bus advertising; (ii) the decrease of revenue generated from taxi advertising; and (iii) the decrease of revenue generated from private hospital and clinics media.

Revenue generated from bus advertising decreased by approximately 20.5% from approximately HK\$51.8 million for the year ended 31 March 2022 to approximately HK\$41.2 million for that of 2023. Such decrease was mainly due to the decrease of revenue generated by election campaign and governmental tender projects. Revenue generated from taxi advertising decreased by approximately 38.9% from approximately HK\$1.8 million for the year ended 31 March 2022 to approximately HK\$1.1 million for that of 2023. Such decrease was mainly due to the decrease of revenue generated by election campaign and governmental tender projects. Revenue generated from private hospital and clinics media decreased from approximately HK\$0.7 million for the year ended 31 March 2022 to approximately HK\$0.3 million for that of 2023 mainly due to the decrease of revenue generated by direct clients.

No revenue was generated from Logistic Advertising Business for the year ended 31 March 2023 as compared to that of approximately HK\$0.2 million for the year ended 31 March 2022. Revenue generated from the provision of other types of advertising services (for example advertising spaces in other OOH media formats) increased from approximately HK\$0.7 million for the year ended 31 March 2022 to approximately HK\$1.2 million for that of 2023. Such increase was mainly due to the increase of revenue generated by direct clients.

Cost of Sales and Gross Profit Margin

While total revenue of the Group for the year ended 31 March 2023 decreased by approximately 20.9%, cost of sales for the period only decreased by approximately 8.3%, which was mainly due to the increase of depreciation in respect of the license fee for exclusive advertising rights payable to the operator of the New Lantao Bus which license commenced on 1 September 2021.

Accordingly, gross profit margin decreased by approximately 8.9 percentage points from approximately 44.0% for the year ended 31 March 2022 to approximately 35.1% for that of 2023, which was mainly due to (i) the decrease in gross profit margin of bus advertising from approximately 44.1% for the year ended 31 March 2022 to approximately 35.0% for that of 2023 as explained above; and (ii) the decrease in gross profit margin of taxi advertising from approximately 47.8% for the year ended 31 March 2022 to approximately 44.7% for that of 2023 as explained above.

Change in Fair Value of Financial Assets at Fair Value Through Profit or Loss ("FVTPL")

The Group recorded change in fair value of financial assets at FVTPL of approximately HK\$37,000 for the year ended 31 March 2023, which was attributable to loss on corporate bonds (2022: approximately HK\$5.7 million).

Selling Expenses

Selling expenses remained stable at approximately HK\$7.1 million for the year ended 31 March 2023 as compared to approximately HK\$7.0 million for that of 2022.

Administrative Expenses

Administrative expenses remained stable at approximately HK\$14.9 million for the year ended 31 March 2023 as compared to approximately HK\$15.0 million for that of 2022.

MANAGEMENT DISCUSSION AND ANALYSIS

Other Operating Expenses

The Group recorded other operating expenses of approximately HK\$2.9 million for the year ended 31 March 2023, which was mainly attributable to impairment losses on right-of-use assets and intangible assets. (2022: approximately HK\$384,000, which was attributable to loss on disposal of a subsidiary).

Finance Costs

Finance costs increased from approximately HK\$1.4 million for the year ended 31 March 2022 to approximately HK\$1.7 million for that of 2023.

Loss Attributable to Owners of the Company

We recorded loss attributable to owners of the Company of approximately HK\$9.5 million for the year ended 31 March 2023 as compared to approximately HK\$3.1 million for that of 2022.

Capital Structure

Details of the Company's share capital are set out in note 26 to the consolidated financial statements in this annual report.

Liquidity and Financial Resources

During the year ended 31 March 2023, the Group mainly financed its operations with its own working capital and the net proceeds from listing. As at 31 March 2023 and 31 March 2022, the Group had net current assets of approximately HK\$21.8 million and approximately HK\$30.7 million respectively, including cash and bank balances of approximately HK\$32.9 million and approximately HK\$37.0 million respectively. The Group did not have any pledged bank deposits as at 31 March 2023 and 31 March 2022.

As at 31 March 2023, the gearing ratio was 0% (2022: 0%), calculated on the Group's bank borrowings over the Group's total equity. As at 31 March 2023 and 31 March 2022, the Group had no bank borrowings.

Significant Investments Held

The Group did not have any significant investments held as at 31 March 2023 and 31 March 2022.

Material Acquisitions or Disposals of Subsidiaries and Affiliated Companies

The Group did not have any material acquisition or disposal of subsidiaries and affiliated companies for the year ended 31 March 2023.

Future Plans for Material Investments and Capital Assets

Save as those disclosed in the prospectus of the Company dated 23 December 2016 (the "Prospectus"), the Group currently has no other future plans for material investments and capital assets.

Contingent Liabilities

The Group did not have any material contingent liabilities as at 31 March 2023 and 31 March 2022.

Commitments

As at 31 March 2023, the Group did not have any capital commitments (2022: Nil).

MANAGEMENT DISCUSSION AND ANALYSIS

Charge on Group's Asset

As at 31 March 2023, the Group did not pledge any of its assets as security for any facilities granted to the Group (2022: Nil).

Foreign Exchange Exposure

The Group mainly operated in Hong Kong with most of the transactions settled in HK\$ and did not have significant exposure to risk resulting from changes in foreign currency exchange rates.

Employees and Remuneration Policies

As at 31 March 2023, the Group had 30 employees (2022: 27 employees). The staff costs (including directors' emoluments) amounted to approximately HK\$15.3 million for the year ended 31 March 2023 (2022: approximately HK\$15.7 million).

Remuneration is determined with reference to market standard and individual employees' responsibilities, qualification, experience and performance. The Group has also adopted a share option scheme as an added incentive for the employees.

USE OF NET PROCEEDS FROM LISTING

The net proceeds from the issue of a total of 180,000,000 new ordinary shares of the Company at the placing price of HK\$0.27 per share under the placing as set out in the Prospectus, after deducting underwriting commission and other expenses relating to the Company's listing, amounted to approximately HK\$29.9 million. The net proceeds were intended to be applied in the same proportion and in the same manner as shown in the Prospectus. Accordingly, approximately 69.7% (HK\$20.9 million), 18.2% (HK\$5.4 million), 9.8% (HK\$2.9 million) and 2.3% (HK\$0.7 million) are applied for (i) expanding our coverage in the minibus advertising network; (ii) expanding our coverage in other transportation advertising platform; (iii) expanding our coverage in the healthcare-related advertising platform; and (iv) enhancing our information management system respectively. An analysis of the utilization of the net proceeds during the period from 5 January 2017 (the "Listing Date") to 31 March 2023 is set out below:

	Amount of usage of net proceeds from the Listing Date to 31 March 2023		Unutilized net proceeds as at 31 March 2023 HK\$ million	Expected timeline for full utilization of the unutilized net proceeds
	Estimated* HK\$ million	Actual HK\$ million		
(i) Expand our coverage in the minibus media	20.9	15.4	5.5	On or before 31 March 2025
(ii) Expand our coverage in other transportation	5.4	3.6	1.8	On or before 31 March 2025
(iii) Expand our coverage in the healthcare-related advertising	2.9	0	2.9	On or before 31 March 2025
(iv) Enhance our information management system	0.7	0.2	0.5	On or before 31 March 2025
Total	29.9	19.2	10.7	

Note: Business strategies are as set out in the Prospectus.

The unutilized net proceeds as at 31 March 2023 were placed as bank deposits with licensed bank in Hong Kong.

* The estimated amount of usage of net proceeds as at 31 March 2023 has been adjusted in the same proportion and in the same manner as stated in the Prospectus due to the above-mentioned difference between the estimated net proceeds and the actual net proceeds received.

MANAGEMENT DISCUSSION AND ANALYSIS

An analysis comparing the business objective stated in the Prospectus with the Group's actual business progress as at 31 March 2023 is set out below:

Business objective and strategy

Actual business progress up to 31 March 2023

(i) Expand our coverage in the minibus media

The Group has obtained advertising spaces on 868 additional green minibuses and 62 additional red minibuses.

For in-vehicle LCD panel advertising services, minibus operators are pessimistic of the advertising revenue to be generated to them because of the technical complexity of installing the LCD panels in particular to comply with the safety regulations of the Transport Department. In view of such difficulties, the Group will reallocate the resources of this segment into other segments or new business segments to maximize the effectiveness of the use of proceeds.

(ii) Expand our coverage in other transportation

The exclusive contract for the use of advertising spaces of not less than 100 coach buses had completed on 31 March 2021.

The Group has obtained advertising spaces on 26 additional taxi with 50 additional Taxiboard media.

The Group has commenced the agreement for the exclusive use of advertising spaces on New Lantao Bus in September 2021. The Group has obtained advertising spaces on not less than 88 buses from New Lantao Bus.

(iii) Expand our coverage in the healthcare-related advertising

Upon the completion of the agreement for the use of advertising spaces at the public hospitals on 30 April 2018 and the close down of the entire media platform in the health and beauty retail stores after 30 June 2018, the Group has assessed the effectiveness of expanding the coverage in the healthcare-related advertising. The Group has been considering the possibility of reallocating the resources of this segment into other segments or new business segments to maximize the effectiveness of the use of proceeds.

(iv) Enhance our information management system

The Group has appointed a contractor to develop a new advertising information management system for the bus advertising inventory management system. The new system has commenced service in July 2022 and successfully enhanced the efficiency of the operation work flow. The remaining proceeds will be reserved for other information technology enhancement projects in future.

MANAGEMENT DISCUSSION AND ANALYSIS

OUTLOOK

Throughout all the past six waves of the COVID-19 pandemic in Hong Kong, the Group has consistently demonstrated its resilience by effectively maintaining its business model, which revolves around providing OOH media and services to its valued customers.

Despite the harsh reality of COVID-19 crisis and its detrimental impact on business environment in Hong Kong and China, the Group remains steadfast in its commitment to expanding its market share in Hong Kong's OOH advertising field. The Group acknowledges the growing dependence on the digital world, particularly on social media platforms; as a result, it has recently expanded its presence on various social media platforms to enhance brand awareness and solidify its brand reputation in Hong Kong, as well as to invest effort and resources to use social media to push sales to capture more business opportunities through this recovery stage. The Group will expand our business reach through popular social media platforms like LinkedIn, Facebook, Twitter, Wechat, Weibo, to engage with more new target customers in the second half of 2023. Furthermore, the Group is actively investing in key words search for our media platforms to target more potential clients from Mainland China.

In addition to strengthening its online presence, the Group has undertaken a comprehensive restructuring of the entire website of the Company. This initiative aims to improve the company image and appeal to more prospective customers. As global conditions gradually improve, the Group eagerly welcomes back the resurgence of outdoor advertising activities and new business opportunities thereof.

The Group is optimistic of its outlook, given outdoor advertising remains an effective avenue for our customers in reaching their target audiences.

CORPORATE CULTURE

The Group recognises that a good corporate culture is vital to its corporate governance and has gradually developed a pragmatic and prudent corporate culture since its establishment, which has been reflected in the overall operations and management of the Group, in order to facilitate the long-term sustainability of the Group. The Group believes that a corporate culture of high integrity is the key to its continued success, therefore the Group values the importance of anti-corruption work. In order to establish a healthy corporate culture and promote high ethical standards within the Group, the Group has established the anti-corruption policy and whistleblowing policy with aims to allow all employees to report on any possible improprieties, misconducts, malpractices, or irregularities to the Group, so as to build an incorruptness and transparent corporate culture, facilitate the establishment of a good image of the Group and strengthen the sense of recognition and trust of all stakeholders of the Group.

DIRECTORS' SECURITIES TRANSACTIONS

The Company has adopted the required standard of dealings set out in Rules 5.48 to 5.67 of the GEM Listing Rules as the code of conduct regarding directors' securities transactions in securities of the Company. Based on specific enquiry made with the Directors, all Directors confirmed that they had fully complied with the required standard of dealings and there was no event of non-compliance during the year ended 31 March 2023.

CORPORATE GOVERNANCE REPORT

BOARD OF DIRECTORS

Composition

As at 31 March 2023, the Board comprised two Executive Directors, one Non-executive Director and three Independent Non-Executive Directors. The composition of the Board is set out as follows:

Executive Directors

Ms. CHAU Wai Chu Irene (*Chairlady and Chief Executive Officer*)

Mr. LEAN Chun Wai

Non-Executive Director

Mr. DA SILVA Antonio Marcus

Independent Non-Executive Directors

Mr. LAM Yau Fung Curt

Ms. SUEN Wan Nei Winnie

Ms. LAM Hiu Ying

Functions, Roles and Responsibilities of the Board

The Board is responsible for leadership and control of the Group and is collectively responsible for promoting the success of the Group by directing and supervising the Group's affairs. The Board focuses on formulating the Group's overall strategies, authorizing the development plan and budget; monitoring financial and operating performance; reviewing the effectiveness of the internal control systems; supervising and managing management's performance of the Group; and setting the Group's values and standards. The Board delegates the day-to-day management, administration and operation of the Group to the Chief Executive Officer and senior management. The delegated functions are reviewed by the Board periodically to ensure that they accommodate the needs of the Group. The abovementioned personnel should report back and obtain prior approval from the Board before making any significant commitments on the Company's behalf, and they may not exceed any authority given to them by resolutions of the Board or the Company.

The Non-Executive Director does not involve in general management and day-to-day operation of the Group. However, he provides advice on strategic direction for the Group in the Board meetings.

The Independent Non-Executive Directors bring a wide range of business and financial expertise, experience and independent judgement to the Board, on issues of strategic direction, policies, development, performance and risk management. Through active participation in Board meetings, taking the lead in managing issues involving potential conflict of interests and serving on Board committees, they scrutinize the Company's performance in achieving corporate goals and objectives and monitor performance reporting. By doing so, they are able to contribute positively to the Company's strategy and policies through independent, constructive and informed comments at Board and Board committee meetings.

Each Director has confirmed that he/she can give sufficient time and attention to the Company's affairs, and has regularly provided information on the number and nature of offices held in public companies or organizations and other significant commitments, including the identity of such companies or organizations and an indication of the time involved.

CORPORATE GOVERNANCE REPORT

There is no relationship, including financial, business, family or other material/relevant relationship(s) between members of the Board.

The Company has arranged appropriate insurance cover for Directors' liabilities in respect of legal actions against them for corporate activities.

Confirmation of Independence of Independent Non-Executive Directors

Each of the Independent Non-Executive Directors has made an annual confirmation of independence pursuant to Rule 5.09 of the GEM Listing Rules. The Company is of the view that all Independent Non-Executive Directors meet the independence guidelines set out in Rule 5.09 of the GEM Listing Rules and are independent in accordance with the terms of the guidelines.

Board Independence

The Company has established "Mechanisms Ensuring Independent Views Available to the Board", including but not limited to, (i) the compositions of the Board and the Board committees are complied with the requirements of the GEM Listing Rules; (ii) the criteria of independence assessment for nomination and appointment of Independent Non-Executive Directors executed by the Nomination Committee and affirmed by the Board; and (iii) the independent views of inputs on the matters to be discussed at Board meetings can be sought by the Board members. The Board reviews the implementation and effectiveness of such mechanisms annually.

Term of Appointment of Non-Executive Directors

The Non-Executive Director and each of the Independent Non-Executive Directors have entered into a letter of appointment with the Company for a term of three years, subject to retirement by rotation and re-election at the annual general meeting at least once every three years in accordance with the Company's articles of association (the "**Articles of Association**").

Board/Board Committee Meetings

The Board is scheduled to meet in person or through other electronic means of communication at least four times a year to, among other matters, review past financial and operating performance and discuss the Group's directions and strategies. An agenda and accompanying papers together with all appropriate information are sent to all Directors at least three days before each Board meeting or Board committee meetings so as to ensure timely access to relevant information. Appropriate notice of at least 14 days for regular Board meetings and reasonable notice for other Board committee meetings are given to all Directors, who are all given an opportunity to attend and include matters in the agenda for discussion. Senior management are invited to join all Board meetings to enhance communication between the Board and management whenever necessary; the Board and each Director can also have separate and independent access to senior management whenever necessary. The Company Secretary takes minutes of the meetings and keeps records of matters discussed and decisions resolved at the meetings, including any concerns raised by Directors or dissenting views expressed, and the voting results of Board meetings fairly reflect Board consensus. Both draft and final versions of the minutes are sent to all Directors for their comments and records respectively, within a reasonable time after each meeting, and such minutes are open for inspection with reasonable advance notice by any Director. Directors are entitled to have access to board papers and related materials, and any queries can be responded to fully.

Upon reasonable request to the Board, the Directors can seek independent professional advice in performing their duties at the Company's expense, if necessary. According to the current Board's practice and mechanisms, should a potential conflict of interest involving a substantial shareholder of the Company or Director or its close associate(s) arise, the matter will be discussed in a Board meeting, as opposed to being dealt with by written resolution. Independent Non-Executive Directors (as other Directors) with no conflict of interest will be present at such meetings. When the Board considers any proposal or transaction in which a Director has a conflict of interest, the Director concerned will declare his/her interests and abstain from voting.

During the Year, the Board held 4 meetings and the attendance of each Director is listed under the section heading "Meetings Held and Attendance" below on a named basis.

CHAIRMAN AND CHIEF EXECUTIVE

Ms. CHAU Wai Chu Irene ("**Ms. Chau**") is the Chairlady of the Board who is primarily responsible for formulating overall corporate strategies. Ms. Chau is also the Chief Executive Officer who is primarily responsible for day-to-day management of the Group. In accordance with code provision C.2.1 of the CG Code, the roles of chairman and chief executive should be separate and should not be performed by the same individual. The division of responsibilities between the chairman and the chief executive should be clearly established and set out in writing. In view of her experience and familiarity with the business operations of the Group, the Board considers that the roles of Chairlady and Chief Executive Officer being performed by Ms. Chau would be appropriate to maintain the efficiency in the overall strategic planning, management and business development of the Group. The Board also considers that the balance of power and authority is adequately ensured by the operations of the Board, which comprises experienced and high caliber individuals including three Independent Non-Executive Directors which meets regularly to discuss issues affecting operations of the Group and all important decisions of the Group are made with the contribution of all Board members. The Board with the Corporate Governance Committee will continue to review the Group's corporate governance policies and compliance with the CG Code each financial year/period.

Code provision C.2.7 of the CG Code requires the chairman of the Board to hold meetings at least annually with the independent non-executive directors without the presence of other Directors. During the Year, a meeting between the Chairlady of the Board and the Independent Non-Executive Directors was held.

CORPORATE GOVERNANCE REPORT

BOARD COMMITTEES

The Board has established four committees, namely, the Audit Committee, the Remuneration Committee, the Nomination Committee and the Corporate Governance Committee, to oversee particular aspects of the Company's affairs. All Board committees are established with written terms of reference, which are available on the Stock Exchange website at www.hkexnews.hk and the Company's website at www.ooh.com.hk. The Board committees are provided with sufficient resources to discharge their duties and, upon reasonable request, are able to seek independent professional advice in appropriate circumstances, at the Company's expense. The Board committees will report back to the Board on their decisions or recommendations.

Audit Committee

The Audit Committee has been established with written terms of reference in compliance with the CG Code from time to time. The Audit Committee currently consists of all Independent Non-Executive Directors, namely, Mr. LAM Yau Fung Curt, Ms. SUEN Wan Nei Winnie and Ms. LAM Hiu Ying. Mr. LAM Yau Fung Curt serves as the chairman of the Audit Committee who has appropriate professional qualifications and experience as required by the GEM Listing Rules. The primary responsibilities of the Audit Committee include but without limitation the following: (i) assisting the Board in providing an independent view of the effectiveness of our Group's financial reporting process, internal control and risk management systems; (ii) overseeing the audit process; and (iii) performing other duties and responsibilities as assigned by the Board.

The Audit Committee held five meetings during the Year and the attendance of each member of Audit Committee is listed under the section heading "Meetings Held and Attendance" above on a named basis. During the Year, the Audit Committee reviewed the Group's audited annual results for the year ended 31 March 2022 and the unaudited quarterly and interim results for the year ended 31 March 2023, which was of the opinion that the preparation of such results complied with the applicable accounting standards and requirements and that adequate disclosure had been made. The Audit Committee discussed the audit plan in relation to the annual results 2021/22, the audit fee for the year ended 31 March 2022 and recommended the same to the Board. The Audit Committee also reviewed the internal control review report of the Group and also considered the effectiveness on the risk management and internal control systems under the GEM Listing Rules. The terms of reference of the Audit Committee was reviewed by the Audit Committee.

As at the date of this annual report, the Audit Committee has discussed and reviewed with management the audited consolidated financial statements of the Group for the Year and also reviewed and approved the Group's audit fee for the Year.

Remuneration Committee

The Remuneration Committee has been established with written terms of reference in compliance with the CG Code from time to time. The Remuneration Committee currently consists of two Independent Non-Executive Directors and one Executive Director, namely, Mr. LAM Yau Fung Curt, Ms. SUEN Wan Nei Winnie and Ms. Chau. Mr. LAM Yau Fung Curt is the chairman of the Remuneration Committee. The primary duties of the Remuneration Committee include but without limitation to review on the remuneration packages of the Directors and senior management, and to make recommendations to the Board on the Company's policy and structure for all Directors' and senior management remuneration and on the establishment of a formal and transparent procedure for developing remuneration policy.

CORPORATE GOVERNANCE REPORT

During the Year, the Remuneration Committee held one meeting and the attendance of each member of the Remuneration Committee is listed under the section heading “Meetings Held and Attendance” above on a named basis. The Remuneration Committee reviewed the remuneration packages of the Directors and senior management and its terms of reference during the Year. The Remuneration Committee also reviewed the renewal of service contracts for Executive Directors and letters of appointment for Non-Executive Director and Independent Non-Executive Director and recommended the same to the Board. No Director or any of his/her associates is involved in deciding his/her own remuneration.

The Remuneration Committee is responsible for making recommendations to the Board on the Company’s emolument policy as and when necessary. Directors’ emoluments are determined by the Board with reference to factors including Director’s duties and responsibilities with the Company and the Group as a whole, the Company’s remuneration policy as well as the prevailing market rates. Details of the remuneration paid to the senior management of the Group (including the Directors) by band for the year ended 31 March 2023 are set out in note 13 to the Consolidated Financial Statements.

Nomination Committee

The Nomination Committee has been established with written terms of reference in compliance with the CG Code from time to time. The Nomination Committee currently consists of two Independent Non-Executive Directors and one Executive Director, namely, Ms. SUEN Wan Nei Winnie, Ms. LAM Hiu Ying and Mr. LEAN Chun Wai. Ms. SUEN Wan Nei Winnie is the chairlady of the Nomination Committee. The primary duties of the Nomination Committee include but without limitation to review and monitor the structure, size and composition of the Board and make recommendations on any proposed changes to the Board to complement of the Group’s strategy; to identify individuals suitably qualified to become members of the Board; to assess the independence of Independent Non-Executive Directors; and to make recommendations to the Board on the appointment or re-appointment of Directors, succession planning for Directors and to review the board diversity policy and the nomination policy of the Company.

During the Year, the Nomination Committee held two meetings and the attendance of each member of the Nomination Committee is listed under the section heading “Meetings Held and Attendance” above on a named basis. The Nomination Committee reviewed the Board’s structure and composition; its terms of reference and the independence of the Independent Non-Executive Directors; considered the re-election of retiring Directors; and also reviewed the existing board diversity policy and made recommendations to the Board during the Year.

Nomination Policy

The Company adopted a nomination policy, which establishes written guidelines to Nomination Committee to identify individuals suitably qualified to become Board members and to make recommendations to the Board on the selection of individuals nominated for directorships with reference to the formulated criteria.

Selection Criteria

In assessing the suitability of a proposed candidate, the Nomination Committee would consider the certain factors including but not limited to the proposed candidate’s reputation for integrity, accomplishment, experience and reputation in the industry which the Group operates, commitment in respect of sufficient time, interest and attention to the Company’s business and diversity in all aspects as set out in the board diversity policy adopted by the Company from time to time, the ability to assist and support management and make significant contributions to the Company’s success, and whether the candidates would be considered independent with reference to the independence guidelines as set out in the GEM Listing Rules in case of selection of Independent Non-Executive Directors. The Nomination Committee and the Board have the discretion to nominate any person, as it considers appropriate.

CORPORATE GOVERNANCE REPORT

Nomination Procedures

Proposed candidates will be asked to submit the necessary personal information, together with their written consent to be appointed as a director and to the public disclosure of their personal data on any documents or the relevant websites for the purpose of or in relation to their standing for election as a director. The Nomination Committee may request candidates to provide additional information and documents, if considered necessary. The secretary of the Nomination Committee shall convene a meeting of the Nomination Committee, and invite nominations of candidates from Board members if any, for consideration by the Nomination Committee prior to its meeting. The Nomination Committee may also put forward candidates who are not nominated by Board members. For filling a casual vacancy and/or as an addition to the Board, the Nomination Committee shall make recommendations for the Board's consideration and approval. For proposing candidates to stand for election at a general meeting, the Nomination Committee shall make nominations to the Board for its consideration and recommendation.

Board Diversity Policy

The Board adopted the board diversity policy (the "**Board Diversity Policy**") in accordance with the requirements set out in the CG Code. The Board Diversity Policy is available on the Company's website at www.ooh.com.hk under the section of "Investor Relations". According to the Board Diversity Policy, in designing the Board's composition and selecting candidates to the Board, board diversity has been considered from a number of aspects, including but not limited to gender, age, cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service. All Board appointments will be based on meritocracy, and candidates will be considered against objective criteria, having due regard for the benefits of diversity on the Board. The ultimate decision will be based on merit and contribution that the selected candidates will bring to the Board.

The Board recognises the benefits of gender diversity. The composition of the Board has been different genders since the Listing Date. The gender ratio in existing Board is 3 (male):3 (female). While the Board considers that gender diversity may bring more diversified views at the Board level, gender is not the only factor to be taken into account in considering appointment to the Board. Appointment is made on merits after considering a number of factors including the educational background, professional experience, skills and knowledge of the candidate. Hence, the Board does not set any particular targets on the number of different gender on the Board. The Board and the Nomination Committee will closely monitor and review from time to time the composition of the Board and will take into account the board diversity policy including gender diversity in considering appointment to the Board with an aim to maintaining different gender at the Board.

In respect of succession plan for maintaining gender diversity at board level, the Board ensures, by providing equal opportunities for all candidates regardless of gender in respect of recruitment and staff promotion and selecting the right candidates for appointment to the Board based on a range of diversity perspectives as well as merits and contribution that the selected candidates will bring the Board, that it has a pipeline of candidates ready to step into leadership positions when vacancies arise to achieve gender diversity.

As at 31 March 2023, gender ratio in workforce (including senior management) is 12 (male): 18 (female). The Company has not set any objectives for gender ratio in workforce (including senior management). Appointment is primarily made on merits of the candidate after considering a number of factors including the educational background, professional experience, skills and knowledge of the candidate.

The Nomination Committee reviewed the Board's composition under diversified perspectives, and monitored the implementation of the Board Diversity Policy during the Year.

CORPORATE GOVERNANCE REPORT

As at the date of this annual report, the Board's composition under major diversified perspectives was summarised as follows:

Board Diversity

Corporate Governance Committee

The Corporate Governance Committee has been established with written terms of reference in compliance with the relevant code provisions from time to time. The Corporate Governance Committee currently consists of two Independent Non-Executive Directors and the Non-Executive Director, namely, Ms. LAM Hiu Ying, Mr. LAM Yau Fung Curt and Mr. DA SILVA Antonio Marcus. Ms. LAM Hiu Ying is the chairlady of the Corporate Governance Committee. The primary duties of the Corporate Governance Committee include but without limitation to develop and review the Company's policies and practices on corporate governance and make recommendations to the Board; to review and monitor the training and continuous professional development of directors and senior management; to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements; to develop, review and monitor the code of conduct and compliance manual (if any) applicable to employees and Directors; and to review the Company's compliance with the code and disclosure in the corporate governance report contained in the annual report.

During the Year, the Corporate Governance Committee held two meetings and the attendance of each member of the Corporate Governance Committee is listed under the section heading "Meetings Held and Attendance" above on a named basis. The Corporate Governance Committee reviewed the corporate government report for the year ended 31 March 2022, the corporate governance policy in compliance with the amended CG Code which came into effect on 1 January 2022, the risk management and internal control systems of the Company, its terms of reference, the training and continuous professional development of Directors, the shareholders' communication policy of the Company; and considered and reviewed the separation roles of the Chairlady and the Chief Executive Officer during the Year.

CORPORATE GOVERNANCE REPORT

ACCOUNTABILITY AND AUDIT

The Directors are responsible for the preparation of financial statements for each financial year with a view to ensuring such financial statements give a true and fair view of the state of affairs of the Group and of the results and cash flow for that year. The Company's financial statements are prepared in accordance with all relevant statutory requirements and suitable accounting standards. The Directors are responsible for ensuring that appropriate accounting policies are selected and applied consistently; judgements and estimates made are prudent and reasonable; and the financial statements are prepared on a going concern basis.

The responsibility statement of the Company's auditor, Mazars CPA Limited ("Mazars"), in respect of the consolidated financial statements is set out in the section headed "Independent Auditor's Report" on pages 51 to 55 of this annual report. For the year ended 31 March 2023, the fees in respect of the audit service and non-audit service provided to the Group by Mazars, are set out as follows:

Nature of services	For the year ended 31 March 2023 (HK\$)
Audit service	550,000
Non-audit service — Tax compliance services	58,500
Total	608,500

RISK MANAGEMENT AND INTERNAL CONTROL

The Board is responsible for the Group's risk management and internal control systems and reviewing their effectiveness on an ongoing basis. Such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

The main features of the risk management and internal control systems are to provide a clear governance structure, policies and procedures, as well as reporting mechanism to facilitate the Group to manage its risks across business operations. The Group has established a risk management framework, which consists of the Board, the Audit Committee and the senior management. The Board determines the nature and extent of risks that shall be taken in achieving the Group's strategic objectives, and has the overall responsibility for monitoring the design, implementation and the overall effectiveness of risk management and internal control systems. At least on an annual basis, the senior management should identify risks that would adversely affect the achievement of the Group's objectives, and assess and prioritize the identified risks according to a set of standard criteria. Risk mitigation plans and risk owners should then be established for those risks considered to be significant.

CORPORATE GOVERNANCE REPORT

The Group's internal audit function is performed by the management of the Company, including analysing and appraising the adequacy and effectiveness of the Group's risk management and internal control systems. For the enhancement of the quality of the internal audit, the Company has engaged an external consultant to execute a certain agreed scope of internal audit function. Deficiencies in the design and implementation of internal controls were identified and recommendations to be proposed for improvement. Significant internal control deficiencies should be reported to the Audit Committee and the Board to ensure prompt remediation actions should be taken.

During the year ended 31 March 2023, the Board has performed annual review on the effectiveness of the Group's risk management and internal control systems, including but not limited to the Group's ability to cope with its business transformation and changing external environment; the scope and quality of management's review on risk management and internal control systems; result of internal audit work; the extent and frequency of communications with the Board in relation to result of risk and internal control review; significant failures or weaknesses identified and their related implications; and status of compliance with the GEM Listing Rules. The Board considers the Group's risk management and internal control systems are effective and adequate.

Procedures and Internal Controls for the Handling and Dissemination of Inside Information

The Company has adopted its information disclosure policy and related procedures with regard to the "Guidelines on Disclosure of Inside Information" issued by the Securities and Futures Commission. The policy stipulates the responsibilities of the Group, key disclosure requirements under Part XIVA of the Securities and Futures Ordinance and Rules 17.10, 17.11 and 17.11A of the GEM Listing Rules, control measures and reporting procedures of handling confidential information and monitoring information disclosure. The Group adopts an upward reporting approach within the Group for identifying and escalating any potential inside information to the Board. The policy is reviewed regularly and all reasonable measures have to be taken from time to time to ensure proper safeguards to prevent any breach of disclosure requirements and to maintain strict confidentiality of information.

COMPANY SECRETARY

Ms. FUNG Suk Han ("**Ms. Fung**") is the company secretary of the Company. Ms. Fung reports to the Executive Directors and is responsible for advising the Board on corporate governance and other company secretarial matters. Please refer to her biographical details as set out on page 14 of this annual report.

During the Year, Ms. Fung has undertaken not less than 15 hours of relevant professional training in accordance with Rule 5.15 of the GEM Listing Rules.

SHAREHOLDERS' RIGHTS

The general meetings of the Company provide an opportunity for communication between the shareholder(s) of the Company ("**Shareholder(s)**") and the Board. An annual general meeting of the Company shall be held in each year and at the place as may be determined by the Board. Each general meeting, other than an annual general meeting, shall be called an extraordinary general meeting ("**EGM**").

CORPORATE GOVERNANCE REPORT

Right to Convene EGM and Procedures

Pursuant to Article 58 of the Articles of Association, the Board may whenever it thinks fit call an EGM. Any one or more member(s) of the Company holding at the date of deposit of the requisition not less than one-tenth of the paid up capital of the Company carrying the right of voting at general meetings of the Company shall at all times have the right, by written requisition to the Company's principal place of business in Hong Kong at Suite A5, 9/F, Jumbo Industrial Building, 189 Wai Yip Street, Kwun Tong, Kowloon, Hong Kong for the attention of the company secretary of the Company, to require an EGM to be called by the Board for the transaction of any business specified in such requisition; and such meeting shall be held within two (2) months after the deposit of such requisition. If within twenty-one (21) days of such deposit the Board fails to proceed duly to convene such EGM, the requisitionist(s) himself (themselves) may do so in the same manner, and all reasonable expenses incurred by the requisitionist(s) as a result of the failure of the Board shall be reimbursed to him/them by the Company.

Right to Put Enquiries to the Board

Shareholders have the right to put enquiries to the Board. All such enquiries shall be in writing and sent by post to the Company's principal place of business in Hong Kong for the attention of the company secretary of the Company.

Shareholders may also make enquiries with the Board at the general meetings of the Company.

Shareholders should direct their questions about their shareholdings, share transfer, registration and payment of dividend (if any) to the Company's Hong Kong branch share registrars and transfer office.

Right to Put Forward Proposals at General Meetings

There are no provisions allowing Shareholders to propose new resolutions at the general meetings under the Companies Law (as revised) of the Cayman Islands, as amended, modified and supplemental from time to time.

However, pursuant to the Articles of Association, Shareholders who wish to move a resolution may by means of requisitions convene an EGM following the procedures set out above.

Right to Propose a Person for Election as a Director

If a Shareholder wishes to propose a person other than a Director retiring for election as a Director at a general meeting ("**GM**"), the Shareholder should deposit a written notice (the "**Notice**") of nomination at the Company's principal place of business in Hong Kong or the Company's Hong Kong branch share registrar within a period of at least seven (7) days commencing from the day after the dispatch of the Notice of such GM and ending no later than seven (7) days prior to the date of such GM. The relevant procedures will be set out in the circular regarding, among others, the forthcoming annual general meeting of the Company, which will be delivered together with this annual report to the Shareholders.

The Notice must state clearly the name, the contact information of Shareholder and his/her/their shareholdings, the full name of the person proposed for election as a Director, including the person's biographical details as required by Rule 17.50(2) of the GEM Listing Rules, and be signed by the Shareholder concerned (other than the person to be proposed). The Notice must also be accompanied by a written notice of consent (the "**Consent letter**") signed by the person proposed to be elected on his/her willingness to be elected as a Director.

The Notice will be verified with the Company's Hong Kong branch share registrar and upon their confirmation that the request is proper and in order, the company secretary of the Company will ask the Nomination Committee and the Board to consider to include the resolution in the agenda for the general meeting proposing such person to be elected as a Director.

CORPORATE GOVERNANCE REPORT

SHAREHOLDERS' COMMUNICATION POLICY

The Company has established a range of communication channels between itself and its Shareholders, investors and other stakeholders. These include the general meetings, the annual, interim and quarterly reports, notices, announcements and circulars and the Company's website at www.ooh.com.hk.

The Board encourages Shareholders to attend general meetings to communicate any concerns they might have with the Board or management directly. The Company has also maintained a shareholders' communication policy (the "**Policy**"), details of which are available on the Company's website under the section of "Investor Relations".

The Company believes that maintaining a high level of transparency is crucial to the enhancement of investor relations. It is committed to the Policy of effective and timely dissemination of corporate information to its Shareholders and potential investors. The Company's updated information is communicated to its Shareholders on its latest business developments and financial performance through its announcements, annual, interim and quarterly reports. The corporate website of the Company has provided an effective communication platform to the public and the Shareholders.

In addition, the annual general meeting of the Company is an important channel for regular face-to-face communications between the Board and the Shareholders. It provides a forum where Shareholders may communicate their views on various matters affecting the Company and the Board may solicit and understand the views of Shareholders and stakeholders. Directors are encouraged to attend the annual general meeting. All directors, including but not limited to the chairlady of the Board, namely Ms. Chau, the chairmen of the Audit Committee and the Remuneration Committee, namely Mr. LAM Yau Fung Curt, the chairlady of the Nomination Committee, namely Ms. SUEN Wan Nei Winnie, and the chairlady of the Corporate Governance Committee, namely Ms. LAM Hiu Ying, attended 2022 Annual General Meeting. Mazars, the independent auditor of the Company, also attended 2022 Annual General Meeting.

In view of this, the Company considers the Policy by way of regular updates on the business and financial information of the Group through the publication of announcements, annual, interim and quarterly reports and face-to-face communications at annual general meeting are effective and adequate.

DIVIDEND POLICY

The Company adopted a dividend policy on 11 February 2019. Pursuant to the policy, the Company should maintain adequate cash reserves for meeting its working capital requirements and future growth as well as its shareholder value in recommending or declaring dividends. The Company does not have any pre-determined dividend distribution ratio. The proposal of payment and the amount of dividends will be made at the discretion of the Board and will depend on the Group's results of operations, earnings, financial condition, cash requirements and availability, future capital expenditure and development requirements, business conditions and strategies, interests of shareholders, any restrictions on payment of dividends and any other factors that the Board may consider relevant. The Board will review the dividend policy as appropriate from time to time.

CONSTITUTIONAL DOCUMENTS

During the Year, there had been no significant change in the Company's constitutional documents.

The Company will propose amendments to its memorandum and articles of association at the forthcoming annual general meeting in order to comply with the GEM Listing Rules.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Board would like to present the environmental, social and governance (“ESG”) report (“ESG Report”) for the year ended 31 March 2023 (the “Year” or “2022/23”), in accordance with the Environmental, Social and Governance Reporting Guide (the “ESG Reporting Guide”) as set out in Appendix 20 of the GEM Listing Rules. This report aims to provide the Group’s stakeholders with an overview of the Group’s efforts regarding ESG impacts arising from its daily operations.

ESG GOVERNANCE STRUCTURE

The Group is dedicated to put sustainability as our long-term business development goals and combine the environmental, social and governance elements into our operation strategies and planning. In this respect, the Board is responsible to oversee the Group’s ESG performance and review the progress of the identified material ESG issues regularly. The Board is also responsible to ensure the effectiveness of the Group’s risk management and internal control mechanism as well as review and approve the ESG Report on annual basis.

The Group has designated our management to systematically identify and cater to ESG issues. Our management are responsible to collect and analyze relevant ESG data and identify the Group’s ESG issues, review the progress of the goals and targets which are set to minimize the environmental impacts from the Group’s operational. In addition, our management will periodically report to the Board for the evaluation and subsequent implementation or revision of the Group’s strategies.

REPORTING PRINCIPLES

This ESG Report has been prepared in accordance with the ESG Reporting Guide as set out in Appendix 20 of the GEM Listing Rules.

During the preparation of this ESG Report, the Group has applied the reporting principles stipulated in the ESG Reporting Guide as follows:

Materiality: The materiality assessment was conducted to identify material issues during the Year, thereby adopting the confirmed material issues as the focus for the preparation of this ESG Report. The materiality of issues was reviewed and confirmed by the Board.

Quantitative: The Group has disclosed its environmental and social key performance indicators calculation and numeric presentation, where appropriate.

Consistency: The approach adopted for the preparation of this ESG Report was substantially consistent with last financial year, and explanations were provided regarding data with changes in the scope of disclosure and calculation methodologies.

The information disclosed in this ESG Report is taken from the Group’s internal documents and statistical data. The ESG Report has been confirmed and approved by the Board on 20 June 2023.

REPORTING BOUNDARY

The Group is principally engaged in the operation of advertising business on transportation and outdoor sector. The scope of this ESG Report focuses on the environmental and social performance within the operational boundaries of the Group in Hong Kong during the Year and it covers the data and information from the Group’s head office and in-house printing facilities, in which all of them are located in Hong Kong.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

STAKEHOLDERS ENGAGEMENT

The Group continues to maintain the relationships and communicate with its key stakeholders, including but not limited to employees, customers, suppliers, investors, Shareholders, government bodies and communities through various channels such as conferences, electronic platforms and public events so as to understand the concerns of various stakeholders. To formulate the operational strategies and ESG measures, the Group takes into account the expectations of stakeholders and strives to improve its performance through mutual cooperation with the stakeholders, resulting in creating greater value for the community.

A. ENVIRONMENTAL

A1. Emissions

Environmental protection and sustainable development rely on concerted and continuous efforts from all industries and society. The Group has continued to refine and improve its mitigation policies to reduce both its direct and indirect negative environmental impacts arising from its business operations.

The Group was not aware of any material non-compliance with laws and regulations relating to air and GHG emissions and the generation of hazardous and non-hazardous waste that would have a significant impact on the Group during the Year. The relevant laws and regulations include, but not limited to Air Pollution Control Ordinance, Water Pollution Control Ordinance, Water Disposal Ordinance, Environmental Impact Assessment Ordinance, Ozone Layer Protection Ordinance, and Product Eco-responsibility Ordinance.

A1.1 Emissions from vehicle usage

During the Year, air pollutants for nitrogen oxides (“NOx”), sulphur oxides (“SOx”) and particulate matter (“PM”) were mainly generated from motor vehicles of the Group. The key environmental performance indicators of NOx, SOx and PM produced from the Group’s operation are shown in the following table:

Type of air pollutants	Unit	2022/23	2021/22
NOx	kg	8.02	8.22
SOx	kg	0.23	0.24
PM	kg	0.54	0.61

The level of the air pollutants from vehicle usage was remain stable during the Year. The Group would continue the work to ensure the efficient usage of passenger cars. The Group has implemented the following measures so as to achieve the environmental friendly approach; (i) avoid peak hour traffic; (ii) encourage taking public transport; and (iii) utilize the vehicle usage by carpooling with different staff.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A1.2 Greenhouse Gas (“GHG”) Emissions

GHG emissions are categorised into direct and indirect emissions. The main sources of direct GHG emission from operations are the use of motor vehicles owned by the Group. The main sources of indirect GHG emission from operations are the use of purchased electricity and the paper waste disposed at landfills. The key environmental performance indicators of GHG emissions produced by the Group’s operation are shown as below:

GHG emissions	2022/23		2021/22	
	tCO ₂ e	Intensity — tCO ₂ e per employee	tCO ₂ e	Intensity — tCO ₂ e per employee
Scope 1 — Direct emission by combustion of fuels in mobile sources (<i>Note 1</i>)	42.30	1.41	43.90	1.63
Scope 2 — Energy indirect emission by electricity consumption (<i>Note 2</i>)	19.33	0.64	22.38	0.83
Scope 3 — Other indirect emissions (<i>Note 3</i>)	0.96	0.03	1.09	0.04
Total GHG emissions	62.59	2.08	67.37	2.50

Notes:

1. Direct GHG emissions from combustion of fuels in mobile sources refer to the sum of carbon dioxide (“CO₂”) emission and the CO₂ equivalent emissions of methane (“CH₄”) and nitrous oxide (“N₂O”). The data is sourced from the petrol consumption on purchasing volume of unleaded petrol of the Group’s passenger cars.
2. The electricity consumption data is sourced from electricity bills issued by China Light & Power.
3. Other indirect emissions data is consisted of paper waste disposed at landfills arising from the Group’s head office and in-house printing facilities.

During the Year, the Group’s total GHG emissions amounted to 62.59 tonnes (2022: 67.37 tonnes) and the total GHG emission per employee was 2.08 tonnes (2022: 2.50 tonnes). The Group’s total GHG emissions and the GHG emission per employee were decreased by approximately 7.10% and approximately 16.80% respectively compared to the corresponding period in 2021/22.

The Group will continue to further manage environmental performance attributable to its operations to enhance fuels and electricity usage efficiency. The Group has implemented a number of measures to mitigate energy consumption such as turning off the lighting and the air-conditioning system at night or when leaving office, paperless processing in internal communications, duplex printing and copying etc..

The Group aims to reduce the total GHG emissions by 2% in the next five years. However, the Group may revise the emissions targets upon any unforeseeable future changes in the Group’s business scope and its operations.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A1.3 Hazardous Waste

During the Year, hazardous waste from the Group was mainly from inks used for in-house printing facilities. The amount of hazardous waste generation was insignificant, thus related data is not reported.

The Group required the related employees to handle the hazardous wastes properly. Clear instructions and the protection equipment are provided to employees handling the wastes and the hazardous wastes are stored in rigid containers to avoid spillage and at designed storage area.

A1.4 Non-Hazardous Waste

Non-hazardous waste from the Group's operation was mainly the stickers for the advertising materials and the plastic sheet for the display of advertisement on the advertising board ("Advertising Waste") and paper waste. During the Year, the consumption volume generated by the Group was shown as below:

Category of Non-hazardous waste	2022/23		2021/22	
	Quantity (tonnes)	Intensity — Unit per employee	Quantity (tonnes)	Intensity — Unit per employee
Advertising Waste	10.32	0.344	12.16	0.450
Paper waste	0.20	0.007	0.23	0.008
Total non-hazardous waste	10.52	0.351	12.39	0.458

During the Year, total quantity of non-hazardous waste was decreased by approximately 15.09% compared to the corresponding period in 2021/22 due to the decreased demand of advertising materials subject to our decrease of overall revenue.

The Group continuously improves the efficiency of resources and disposal of waste in reasonable manner. We have implemented paperless processing in its internal communications, including for employee time sheets, payrolls and memorandum, etc.. Moreover, duplex printing and copying has become the norm within the Group, which is greatly reducing paper consumption and saving costs. Usage data of office printing machines is regularly collected and assessed, to monitor the efficiency of a paperless environment. Besides, the Group will consider to adopt the waste management plan to ensure appropriate handling of the Advertising Waste.

The Group has continued to make its best endeavors to protect the environment from its business activities and workplace during the Year. Although the Group's principal business does not generate significant hazardous emissions, wastes or pollutants, the Board recognizes that as a world citizen, we should combat climate change and adopt green practices in our operations and activities. The Group educates its employees on their awareness of promoting a "green" environment. The Group seeks to identify and manage environmental impacts attributable to its operation, in order to minimize the impacts. The relevant measures have been taken during the daily operation and have formulated policies and procedures relating the environmental management to govern limited greenhouse gas emissions, hazardous and non-hazardous wastes generated from our operations.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

A2. Use of Resources

A2.1 Energy consumption

During the Year, the Group's energy consumption by type in total and intensity were shown as below:

Type of Energy	Unit	2022/23	2021/22
Direct energy consumption			
— Diesel	kWh	151,631	157,116
Indirect energy consumption			
— Electricity purchased	kWh	49,557	57,394
Total energy consumption	kWh	201,188	214,510
Intensity per unit of employee	kWh/person	6,706.27	7,944.81

During the Year, the Group's total energy consumption was decreased by approximately 6.21% compared to the corresponding period in 2021/22 mainly due to the slightly decrease of electricity used for the Group's head office and in-house printing facilities.

The Group tries to reduce the energy consumption through specific measures. We strives to utilize telephone conference to minimize face-to-face meetings in order to reduce petrol consumption in travelling and unnecessary business trip. The Group encourages resources saving in daily office operation and proactively fosters a low-carbon corporate culture, which further increase our employees' awareness in energy conservation.

With the above measures on energy-saving initiatives, the Group aims to reduce the total energy consumption by 2% in next five years. However, the Group may revise the energy use efficiency targets upon any unforeseeable future changes in the Group's business scope and its operations.

A2.2 Water consumption and use of packaging materials

For the Group's head office and in-house printing facilities, our water usage arises mainly from water tap and drinking water. During the Year, we operated in leased premises in Hong Kong of which both of the water supply and discharge are solely controlled by the respective building management which considered that provision of water withdrawal and discharge data or sub-meter for individual occupant not feasible. Hence, the relevant data for water consumption are therefore not disclosed.

To avoid unnecessary water consumption from daily operation, we promote good staff behavior by encouraging employees to always turn taps off tightly so they do not drip and giving priority to effective water-saving products.

Besides, the Group did not generate significant packaging materials and hence the disclosure is immaterial to the Group during the Year.

To strengthen the "green" environment launched by the Group, the Group will implement a systematic data collection strategy in future.

A3. The Environment and Natural Resources

The Group strives to promote environmental protection and make effective use of its resources and adopts the concepts of reduce, reuse, recycle and replacement.

The Group aims to maximize energy conservation by promoting efficient use of resources and adopting green technologies. For instance, for our Transportation Business, we have encouraged our suppliers to use solvent based ink and recyclable sticker/backsheets to minimize the impact to the environment. To minimize the wastage of the materials, we have given directions to our design department to maximize usage of the printable area of each sticker and to reduce the test-print outputs by encouraging the advertisers to approve the design layout via electronic copies rather than physical hardcopies. Also, the establishment of the in-house printing facilities enabled the Group a better control on the material used for the printing. It includes the solvent to be used for the printing machines; the advertising stickers and the packaging materials. Since the Group has been operating the printing facilities internally, packaging materials have been minimized. The Group has been using recycled material and/or discarded stickers as the test print for internal use.

The Group regularly reviews, measures and actions to reduce significant impact on the environment and natural resources and ensure that the relevant laws and regulations are complied with.

A4. Climate Change

The Group recognizes that climate change has been affecting its stakeholders, business operations and our community. Principally, the Group aims to ensure smooth business operations even during such conditions and to mitigate the risks and impacts posed to the Group. The Group has been closely monitoring the impact of climate change to mitigate these potential risks as follows:

Physical Risks

For the acute physical risks, weather-related events such as typhoons and natural disasters may disrupt the business operation. Hence, we have developed comprehensive typhoon and rainstorm arrangements to safeguard the health and safety of our employees under extreme weather conditions. The work arrangements included reporting for duty, early release from work, the resumption of work, and the special arrangements in respect of essential staff in situations of adverse weather. The Group also gives consideration as much as possible to the different situations faced by individual employees, such as their place of residence, the road and traffic conditions in the vicinity, and adopt a flexible approach with due regard to their actual difficulties and needs.

Transition Risks

For the transition risks, the potential risks on climate change may include the shift of customer needs for our transportation media platform, being the Group's principal business. Customers may choose to advertise on the digital media advertising instead of our traditional transportation media platform which focuses on printed media. The Group will monitor the change of business environment from time to time and explore the business opportunity to cope with the transition risks.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

B. SOCIETY

B1. Employment

The Group believes that a motivated and balanced workforce is crucial for building a sustainable business model and delivering long-term returns. The employees of the Group are the most valuable resources.

We aim to provide a harmonious working environment for our employees through competitive remuneration packages that are comparable to the market standard and structured to commensurate with individual responsibilities, qualifications, experiences and performance. Annual review on staff performance is conducted and the appraisal result provides basis for salary review. We treasure staff who share the same values and aspirations with the Company, and provide adequate development opportunities accordingly.

During the Year, the Group was not aware of any material non-compliance relating to compensation and dismissal, recruitment and promotion, working hours, rest periods, equal opportunity, diversity, anti-discrimination, and other benefits and welfare, including but not limited to Employment Ordinance, Minimum Wage Ordinance, Sex Discrimination Ordinance and Family Status Discrimination Ordinance of Hong Kong.

As at 31 March 2023, the Group has a total of 30 employees (2022: 27 employees) and the number of employees and the employee turnover rate by gender and by age group distribution are as follows:

	As at 31 March 2023		As at 31 March 2022	
	Number of employees	Employee turnover rate	Number of employees	Employee turnover rate
<i>By gender</i>				
Female	18	50.00%	17	47.06%
Male	12	16.67%	10	40.00%
<i>By age group</i>				
Under 30 years old	5	120%	0	100%
30–50 years old	14	35.71%	19	26.32%
Over 50 years old	11	0%	8	0%

The employee turnover rate is calculated by dividing number of employees in the specified category leaving employment by number of employees in the specified category.

B2. Health and Safety

The Group values the health and well-being of staff. In order to provide employees with health coverage, staff are entitled to benefits including medical subsidies, provident funds and other competitive fringe benefits.

The Group believes that maintaining a work-life balance is essential for sustainability and a sound body and mind for every employee. To support employees in maintaining work-life balance, the Group actively provides a variety of staff activities including company lunch, sales quarterly dinner and festival gathering for our staff and their family members. These activities are enhanced to strengthen relationships between employees, and foster a healthy and harmonious working environment.

In relation to the outbreak of COVID-19 pandemic in Hong Kong, the Group has stayed highly alert and taken a series of preventive measures to ensure the safety of the workplace, health of the staff and continuation of business operations, including but not limited to (i) tracking the health status of employees in a timely manner; (ii) implementing social distancing; (iii) requiring employees to wear a mask within the premises at all times; and (iv) reminding employees to be conscious of personal hygiene, so as to fully protect the health and safety of employees and tide out the pandemic together prior to the relaxation of the measures in early of 2023 as the pandemic began to subside.

The Group strives to provide a safe and healthy working environment for the employees under reasonable and practical conditions. During the Year, the Group was not aware of any material non-compliance with health and safety-related laws and regulations, including but not limited to the Occupational Safety and Health Ordinance and Employee Compensation Ordinance of Hong Kong that would have a significant impact on the Group. There were no reported work-related fatalities that occurred in each of the past three reporting years, i.e. for the years ended 31 March 2021, 2022 and 2023.

B3. Development and Training

The Group recognizes the importance of skilled and professionally trained employees to its business growth and future success. The Group encourages and provides subsidies to employees at all levels to pursue educational or training opportunities that achieve personal growth and professional development.

The Group provides regular weekly meeting and also provides trainings to our sales staff including trainings on sales technique, advertisement content vetting for regulatory compliance and intellectual property-related issue.

During the Year, a total of 24 employees, representing 80% of total employees, took part in trainings and conducted 8.5 average training hours that each employee received. The breakdown of the percentage of employees trained and the average training hours completed per employee by gender and employment category are as follows:

	Percentage of employee trained	Average training hours
<i>By Gender</i>		
— Female	41.67%	25.5 hours
— Male	58.33%	18.2 hours
<i>By Employee Category</i>		
— Management	37.50%	6.1 hours
— Frontline and other employees	62.50%	13.3 hours

ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The percentage of employees trained is calculated by dividing number of employees trained in the specified category for the Year by total number of employees trained for the Year and multiplied by 100.

The average training hours per employee is calculated by dividing training hours of employees in the specified category for the Year by total number of employees in the specified category as at the end of the Year.

B4. Labour Standards

The Group strictly prohibits employing any child labour or forced labour in its operations in Hong Kong. The Group has established a well-defined recruitment process which examines the background of candidates. During the recruitment process, the job applicant is required to provide valid identity documents to ensure that applicants are lawfully employable. Besides, the Group conducts regular reviews and inspections to prevent any child labour or forced labour in operation.

During the Year, the Group was not aware of any non-compliance with relevant laws and regulations on preventing child labour or forced labour, including but not limited to the Employment of Children Regulations (Chapter 57B of the Laws of Hong Kong) under the Employment Ordinance (Chapter 57 of the Laws of Hong Kong).

B5. Supply Chain Management

The Group values mutually beneficial and longstanding relationships with its suppliers. The Group works closely with a number of suppliers in providing services for enabling our media platforms such as the printers for our advertising materials; LCD panel providers and the media system integrators; contractors for the installation and removal of advertising materials, etc. The selection of suppliers is based on criteria such as price, stability of manpower dedicated to the Group, flexibility of delivering advertising materials, customer service team responsiveness, capability and experience, with preference given to potential suppliers that demonstrate their commitment to the environment. The establishment of our in-house printing facilities allowed the Group a better control on the processing time of the advertising materials and gained flexibility on entertaining the requests of the advertisers.

The Group maintains close liaison with its suppliers to monitor its performance to ensure that it is consistent with its service commitment.

The Group expects suppliers to maintain high standards of business ethics, communicates with suppliers and encourages them to use more environmentally friendly products and services. In the process of selecting and evaluating new suppliers, we would consider environmental and social performance as evaluation criteria to identify environmental and social risks in the supply chain. For example, we will examine whether candidate suppliers comply with environmental laws and regulations.

During the Year, the Group engaged 103 suppliers (2021/22: 101 suppliers), mainly principals of advertising spaces, and the geographical distribution of the Group's suppliers was as follows:

Region	Number of suppliers	
	2022/23	2021/22
— Hong Kong	101	99
— China	2	2

The total number of suppliers in 2021/22 was adjusted due to the omission of counting the suppliers of principals of advertising spaces as disclosed in the last year's annual report.

The Group was not aware of any significant incidents and irregularities relating to business ethics, environmental protection and employment practices of our suppliers during the Year.

B6. Product Responsibilities

The Group has earned trusted relationships with its broad customer base through providing dedicated customer services.

The Group makes every effort to promptly and fairly investigate and resolve all disputes and complaints lodged by customers, according to clearly written internal procedures.

The Group has set up designated channels — including hotline, facsimile and email — for clients to lodge complaints. All complaints received through these channels are diverted to and handled by the head of the department and the management. The hotline numbers and email address are shown on the Group's letterhead, to ensure clients are aware of the communication channels for lodging complaints. Upon receipt of a complaint, the department head and the management will investigate in a timely manner. Senior management shall review the complaint and determine whether internal controls and procedures need to be enhanced or other appropriate action is required to be taken. During the Year, the Group did not receive any material complaints from clients (2022: Nil).

The Group places its utmost importance on protecting the privacy of its customers, partners and staff in the collection, processing and use of their personal data. The Group adheres to the applicable data protection regulations and ensures appropriate technical measures are in place to protect personal data against unauthorized use or access. The Group also ensures that customers' personal data is securely kept and processed only for the purposes for which it has been collected. Staff are provided with adequate training in compliance with the Personal Data (Privacy) Ordinance, to strengthen their knowledge regarding safeguarding of personal data.

The Group builds up and protects its intellectual property rights by prolonged use and registration of domain names and various trademarks. The Group has registered trademarks in various classes in Hong Kong. In addition, the Group's trademarks and domain names are constantly monitored and renewed upon their expiration. For any infringement of the Group's intellectual property rights, the Group will urge infringers to cease such action and will take further action should such infringement continue.

During the Year, the Group was not aware of any incidents of non-compliance with laws and regulations that have a significant impact on the Group concerning health and safety, advertising, labelling and privacy matters relating to products and services provided.

B7. Anti-corruption

The Group believes that integrity is one of our core values. The staff handbook provides in details of our policies towards anti-corruption, bribery, blackmail, money laundering and other related fraudulent activities as well as preventive measures. In addition, the Group's strong stance against corruption and fraud is communicated to all employees so as to ensure they are fully aware.

The Group formulates the whistleblowing policy to encourage to reports suspected illegal activities, dishonest practices and other misconducts. The identity of the whistleblower will be kept strictly confidential where possible. The Company Secretary is responsible for handling all complaints and reports in a prompt and fair manner. Relevant evidence will be evaluated, and the chairman of the Audit Committee will determine whether a thorough investigation is required. The Group will appoint external investigators to investigate the accusations of wrongdoing if necessary.

The Group formulates the anti-corruption policy. To strengthen the anti-corruption practice and enhance its employees' awareness on conflicts of interest and integrity issues, internal training and relevant materials relating to anti-money laundering and anti-corruption were provided to the employees during the Year. The Group has carried out 2 anti-corruption trainings to all employees, including all Directors and the management, covering topics such as anti-bribery, avoiding conflict of interest and business ethics.

During the Year, the Group was not aware of any material non-compliance with the laws and regulations pertaining to the prevention of bribery, extortion, fraud and money laundering including the Prevention of Bribery Ordinance (Chapter 201 of the Laws of Hong Kong) enforced by the Independent Commission Against Corruption. No concluded legal case regarding corrupt practices was brought against the Group or its employees and no whistleblowing concerning a criminal offence or misconduct was reported.

B8. Community Investment

The Group is committed to the improvement of community well-being and social services. As a good corporate citizen, the Group strives to improve society through community commitment. We continue to find ways to align citizenship initiatives on our platform and we take an active role in participating in various communities and charitable events in Hong Kong to help and support the local communities.

In recognition of the Group's continuous contribution to the community, the Group has been awarded "Caring Company" certificate for fourteen consecutive years (2009–2023) by the Hong Kong Council of Social Service. During the Year, the Group did not make sizeable donation or participate in volunteer activities in order to minimize the risks of infection of our employees. The Group will consider to re-initiate the community activities in coming year.

DIRECTORS' REPORT

INDEPENDENCE FROM INDEPENDENT NON-EXECUTIVE DIRECTORS

The Company has received annual confirmation of independence from each of Independent Non-Executive Directors pursuant to Rule 5.09 of the GEM Listing Rules and all of them are considered to be independent.

PERMITTED INDEMNITY PROVISIONS

Pursuant to the Company's articles of association, every Director shall be entitled to be indemnified out of assets of the Company against all losses or liabilities incurred or sustained by him/her about the execution of the duties of his/her office or otherwise in relation thereto. The Company has arranged appropriate Directors' and Officers' liability insurance coverage for the Directors and officers of the Group.

DIRECTORS' INTERESTS IN CONTRACTS

Save as aforesaid, there was no contract of significance to which the Company or its holding company or any of its subsidiaries was a party and in which a Director or an entity connected with a Director had material interests, whether directly or indirectly, subsisted during or at the end of the year.

DIRECTORS AND SENIOR MANAGEMENT

The biographical details of the Directors and senior management are disclosed in the section headed "Profile of Directors and Senior Management" on pages 12 to 14 of this annual report.

EMOLUMENTS OF DIRECTORS AND FIVE HIGHEST PAID INDIVIDUALS

The remuneration committee of the Company is responsible for making recommendations to the Board on the Company's emolument policy as and when necessary. Directors' emoluments are determined by the Board with reference to factors including Director's duties and responsibilities with the Company and the Group as a whole, the Company's remuneration policy as well as the prevailing market rates.

Details of the emoluments of the Directors and the five highest paid individuals of the Group are set out in notes 13(a) and 13(b) to the Consolidated Financial Statements respectively.

RETIREMENT BENEFIT SCHEME

Details of retirement benefit scheme of the Group for the year ended 31 March 2023 are set out in note 33 to the consolidated financial statements.

MANAGEMENT CONTRACTS

No management contracts concerning the whole or any substantial part of the business of the Company were entered into or existed during the year.

DIRECTORS' REPORT

RELATED PARTY TRANSACTIONS

Details of the related party transactions of the Group during the year are set out in note 31 to the Consolidated Financial Statements. None of the related party transactions constituted a connected transaction or continuing connected transaction subject to independent shareholder's approval, annual review and all disclosure requirements under Chapter 20 of the GEM Listing Rules.

SHARE OPTION SCHEME

The Company's share option scheme (the "**Scheme**") was conditionally adopted by resolutions in writing passed by the shareholders of the Company on 19 December 2016. The principal terms of the Scheme were summarized in the sections headed "Share Option Scheme" in Appendix IV to the Prospectus.

The purpose of the Scheme is to enable the Company to grant options to selected participants as incentives or rewards for their contribution to the Group. Pursuant to the Scheme, the Board is authorized, at its absolute discretion and subject to the terms of the Scheme, to grant options to subscribe the Shares to any employees (whether full-time or part-time including any executive director but excluding any non-executive director), non-executive directors, consultants or advisers of the Group, or any substantial shareholder of the Group, or any distributor, contractor, supplier, agent, customer, business partner or service provider of the Group.

The Scheme shall be valid and effective for a period of ten years commencing on 19 December 2016, subject to early termination provisions contained in the Scheme.

An option may be accepted by a participant within 21 days from the date of the offer for the grant of options. A nominal consideration of HK\$1 is payable by the grantee of an option to the Company on acceptance of the grant of an option. The subscription price for the Shares under the Scheme shall be a price determined by the Directors, but shall not be less than the highest of (i) the closing price of the Shares as stated in the Stock Exchange's daily quotations sheet for trade in one or more board lots of the Shares on the date of the offer for the grant, which must be a business day; (ii) the average closing price of Shares as stated in the Stock Exchange's daily quotations for the five business days immediately preceding the date of the offer for the grant; and (iii) the nominal value of a Share.

The total number of Shares which may be allotted and issued upon exercise of all options to be granted under the Scheme and any other share option scheme of the Company must not in aggregate exceed 10% of the Shares in issue on the Listing Date, being 72,000,000 Shares. The Company may at any time refresh such limit, subject to the shareholders' approval and issue of a circular in compliance with the GEM Listing Rules, provided that the total number of Shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under all the share option schemes of the Company does not exceed 30% of the Shares in issue from time to time.

DIRECTORS' REPORT

The total number of Shares which issued and which may fall to be issued upon exercise of the options granted under the Scheme and any other share option scheme of the Group (including both exercised and outstanding options) to each participant in any 12-month period shall not exceed 1% of the Shares in issue unless approved by the shareholders of the Company and issue of a circular and all other information in compliance with the GEM Listing Rules.

An option may be exercised in accordance with the terms of the Scheme at any time during a period to be determined and notified by the Directors to each grantee, which period may commence from the date of the offer for the grant of options is made, but shall end in any event not later than ten years from the date of grant subject to the provisions of early termination thereof.

No share option has been granted, exercised, cancelled or lapsed under the Scheme since its adoption.

DIRECTORS' AND CHIEF EXECUTIVE'S INTERESTS AND SHORT POSITIONS IN SHARES, UNDERLYING SHARES AND DEBENTURES OF THE COMPANY AND ITS ASSOCIATED CORPORATION

As at 31 March 2023, the interests and short positions of the Directors and the chief executive of the Company in the shares, underlying shares and debentures of the Company or its associated corporations (within the meaning of Part XV of the Securities and Futures Ordinance (Chapter 571 of the laws of Hong Kong) (the "SFO")) which were required to be notified to the Company and the Stock Exchange under Divisions 7 and 8 of Part XV of the SFO (including any interests or short positions which they are taken or deemed to have under such provisions of the SFO), or as recorded in the register maintained by the Company under Section 352 of the SFO, or as otherwise notified to the Company and the Stock Exchange pursuant to the required standard of dealings by directors of listed issuers as referred to in Rules 5.46 to 5.67 of the GEM Listing Rules were as follows:

DIRECTORS' REPORT

DIRECTOR'S RIGHTS TO ACQUIRE SHARES OR DEBENTURES

Save as disclosed in the section headed "Directors' and Chief Executive's Interests and Short Positions in Shares, Underlying Shares and Debentures of the Company and Its Associated Corporation" above, at no time during the year were rights to acquire benefits by means of the acquisition of shares in or debentures of the Company granted to any Director or their respective associates (as defined in the GEM Listing Rules), or were any rights exercised by them; or was the Company, its holding company, or any of its subsidiaries or fellow subsidiaries a party to any arrangement to enable the Directors to acquire such rights in any other body corporate.

NON-COMPETE UNDERTAKINGS

As disclosed in the Prospectus, the Controlling Shareholders (as defined in the Prospectus) (collectively, the "**Covenantors**") have given non-compete undertakings (the "**Non-Compete Undertakings**") in favor of the Company which are contained in the share swap agreement dated 30 November 2016. The Covenantors have provided the Group with written confirmation that they and their respective close associates and/or companies controlled by them (other than the Group) have fully complied with the Non-Compete Undertakings throughout the year ended 31 March 2023.

The Independent Non-Executive Directors conduct an annual review on the Covenantors' compliance with the Non-Compete Undertakings by the Controlling Shareholders and if any, the options, pre-emptive rights or first rights of refusals provided by the Controlling Shareholders and/or their respective close associates on their existing or future competing businesses.

During the year ended 31 March 2023, the Covenantors and their respective close associates did not direct any Restricted Activity (as defined in the Prospectus) to the Group. Hence, the Independent Non-Executive Directors did not conduct any review on the decision made in relation to Restricted Activity.

COMPETING INTERESTS

None of the Directors, the directors of the Company's subsidiaries or controlling shareholders of the Company, or any of its respective close associates (as defined in the GEM Listing Rules) had interest in any business that competes or may compete, either directly or indirectly, with the businesses of the Group, or has any other conflict of interests with the Group (other than being a Director and/or a director of its subsidiaries and their respective associates) during the year ended 31 March 2023.

CHANGE OF DIRECTORS' INFORMATION

Pursuant to Rule 17.50A(1) of the GEM Listing Rules, the change of information of Directors up to the date of this annual report is set out as below:

With effect from 1 April 2023, Mr. LAM Yau Fung Curt resigned as an independent non-executive director of CCIAM Future Energy Limited, a company listed on the Main Board of the Stock Exchange (stock code: 145).

Save as disclosed above and in the section under the headed "DIRECTORS" of "Profile of Directors and Senior Management", the Company is not aware of any other change of Directors' information which are required to be disclosed pursuant to Rule 17.50A(1) of the GEM Listing Rules.

DIRECTORS' REPORT

PURCHASE, SALE OR REDEMPTION OF THE COMPANY'S LISTED SECURITIES

Neither the Company nor any of its subsidiaries had purchased, sold or redeemed any of the Company's listed securities during the year ended 31 March 2023.

PRE-EMPTIVE RIGHTS

There is no provision for the pre-emptive rights under the Company's articles of association, or the laws of the Cayman Islands, which would oblige the Company to offer new shares on a pro-rata basis to existing shareholders.

SUFFICIENCY OF PUBLIC FLOAT

Based on information that is publicly available to the Company and within the knowledge of the Directors, as at the date of this report, the Company has maintained the prescribed public float under the GEM Listing Rules.

CORPORATE GOVERNANCE

A report on the principal corporate governance practices adopted by the Company is set out on pages 15 to 27 of this annual report.

AUDIT COMMITTEE

The Consolidated Financial Statements have been reviewed by the Audit Committee. The Audit Committee is of the opinion that the Consolidated Financial Statements comply with applicable accounting standards, the GEM Listing Rules and that adequate disclosures have been made.

DIRECTORS' REPORT

AUDITOR

Mazars CPA Limited (“**Mazars**”) was appointed as the auditor of the Company by the Board on 7 February 2022 to fill the casual vacancy following the resignation of BDO Limited. Save as disclosed above, there was no other change in auditor of the Company in any of the preceding three years.

The Consolidated Financial Statements have been audited by Mazars, who will retire and, being eligible, offer itself for reappointment at the AGM. A resolution will be proposed at the AGM to reappoint Mazars as the auditor of the Company.

TO THE SHAREHOLDERS OF OOH HOLDINGS LIMITED

(incorporated in the Cayman Islands with limited liability)

OPINION

We have audited the consolidated financial statements of OOH Holdings Limited (the “Company”) and its subsidiaries (together the “Group”) set out on pages 56 to 111, which comprise the consolidated statement of financial position as at 31 March 2023, and the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the financial position of the Group as at 31 March 2023, and of its financial performance and cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and have been properly prepared in compliance with the disclosure requirements of the Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSAs”) issued by the HKICPA. Our responsibilities under those standards are further described in the “Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements” section of our report. We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (the “Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTERS

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

<p>Assessment of lease term and incremental borrowing rates under HKFRS 16</p> <p><i>Refer to notes 5 and 16 to the consolidated financial statements</i></p> <p>As at 31 March 2023, the Group had recognised right-of-use assets and lease liabilities of approximately HK\$42,489,000 and HK\$41,256,000 respectively.</p> <p>We have identified the assessment of lease term and incremental borrowing rates under HKFRS 16 as a key audit matter because of the significance of the amounts of the right-of-use assets and lease liabilities to these consolidated financial statements. In addition, the measurement of the right-of-use assets and the lease liabilities requires the use of significant judgements and estimates in the assessment of lease term where the leases contain extension or termination options and in determination of appropriate discount rates.</p>	<p>Our key audit procedures in relation to management assessment of lease term and incremental borrowing rates included:</p> <ul style="list-style-type: none">— Understanding the established policies and procedures with respect to the identification and recognition of leases;— Assessing the reasonableness of the data and assumptions adopted by management to determine the discount rates based on the length of lease term and our knowledge of the business;— Assessing the reasonableness of judgements and assumptions adopted by the management when determining the length of the lease term where the lease contains extension or termination options or has been modified; and— Performing re-calculation of the right-of-use assets and lease liabilities, on a sample basis, and testing of the accuracy of the data used in the calculation compared to the associated lease agreements and other relevant documents.

INDEPENDENT AUDITOR'S REPORT

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises the information included in the 2023 annual report of the Company but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the disclosure requirements of the Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSA's will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSA's, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

INDEPENDENT AUDITOR'S REPORT

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(Continued)*

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and is therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

1. GENERAL INFORMATION

OOH Holdings Limited (the “Company”) was incorporated in the Cayman Islands on 28 June 2016 as an exempted company with limited liability under the Companies Law, Cap 22 (Law 3 of 1961, as revised and consolidated) of the Cayman Islands and its shares have been listed on GEM of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) since 5 January 2017 (“Listing Date”). The address of its registered office is Cricket Square, Hutchins Drive, PO Box 2681, Grand Cayman, KY1-1111, Cayman Islands and its principal place of business is Suite A5, 9/F, Jumbo Industrial Building, 189 Wai Yip Street, Kwun Tong, Kowloon, Hong Kong.

The principal activity of the Company (together with its subsidiaries as the “Group”) is investment holding. The Group is principally engaged in the provision of advertising display services. The principal activities of the subsidiaries are set out in note 30 to the consolidated financial statements.

As at 31 March 2023, the directors of the Company (the “Directors”) consider Goldcore Global Investments Limited (“Goldcore”), a company incorporated in the British Virgin Islands (“BVI”) with limited liability as the immediate and ultimate holding company.

2. ADOPTION OF NEW OR AMENDED HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

(a) Adoption of new or amended HKFRSs

In the current year, the Hong Kong Institute of Certified Public Accountants (the “HKICPA”) has issued a number of new or amended HKFRSs. The adoption of these new or amended HKFRSs does not have any significant impact on the consolidated financial statements.

(b) New or amended HKFRSs that have been issued but are not yet effective

At the date of authorisation of these consolidated financial statements, the HKICPA has issued the following new or amended HKFRSs that are not yet effective for the current year, which the Group has not early adopted.

Amendments to HKAS 1
Amendments to HKAS 8
Amendments to HKAS 12

¹ Effective for annual periods beginning on or after 1 January 2023

² Effective for annual periods beginning on or after 1 January 2024

³ The effective date to be determined

The Directors are in the process of making an assessment of the possible impact on the future adoption of the new or amended HKFRSs. So far, the Directors are of the opinion the adoption of the new or amended HKFRSs in future periods will not have any material impact on the consolidated financial statements.

3. BASIS OF PREPARATION

3.1 Statement of compliance

These consolidated financial statements have been prepared in accordance with HKFRSs, which collective term includes all applicable HKFRSs, Hong Kong Accounting Standards (“HKASs”) and Interpretations issued by the HKICPA, accounting principles generally accepted in Hong Kong and the disclosure requirements of the Companies Ordinance. In addition, the consolidated financial statements also comply with the applicable disclosure requirements of the Rules Governing the Listing of Securities on GEM of the Stock Exchange (the “GEM Listing Rules”).

3.2 Basis of measurement

The consolidated financial statements have been prepared under the historical cost basis except for financial assets at fair value through profit or loss which are measured at fair values as explained in the accounting policies set out in note 4 to the consolidated financial statements.

All amounts have been rounded to the nearest thousand except when otherwise indicated.

3.3 Foreign currency translation

The consolidated financial statements are presented in Hong Kong Dollars (“HK\$”), which is the same as the functional currency of the Company.

Transactions entered into by group entities in currencies other than the currency of the primary economic environment in which they operate (the “functional currency”) are recorded at the rates ruling when the transactions occur. Foreign currency monetary assets and liabilities are translated at the rates ruling at the end of reporting period.

Exchange differences arising on the settlement of monetary items, and on the translation of monetary items, are recognised in profit or loss in the period in which they arise.

On consolidation, income and expense items of foreign operations are translated into the presentation currency of the Group (i.e. Hong Kong dollars) at the average exchange rates for the year, unless exchange rates fluctuate significantly during the period, in which case, the rates approximating to those ruling when the transactions took place are used. All assets and liabilities of foreign operations are translated at the rate ruling at the end of reporting period. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity as foreign exchange reserve (attributed to non-controlling interests as appropriate). Exchange differences recognised in profit or loss of group entities’ separate financial statements on the translation of long-term monetary items forming part of the Group’s net investment in the foreign operation concerned are reclassified to other comprehensive income and accumulated in equity as foreign exchange reserve.

On disposal of a foreign operation, the cumulative exchange differences recognised in the foreign exchange reserve relating to that operation up to the date of disposal are reclassified to profit or loss as part of the profit or loss on disposal.

Goodwill and fair value adjustments on identifiable assets acquired arising on an acquisition of a foreign operation are treated as assets and liabilities of that foreign operation and translated at the rate of exchange prevailing at the end of reporting period. Exchange differences arising are recognised in the foreign exchange reserve.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

4.1 Basis of consolidation

The consolidated financial statements comprise the financial statements of the Group. Inter-company transactions and balances between group companies together with unrealised profits are eliminated in full in preparing the consolidated financial statements. Unrealised losses are also eliminated unless the transaction provides evidence of impairment on the asset transferred, in which case the loss is recognised in profit or loss.

The results of subsidiaries acquired or disposed of during the year are included in the consolidated statement of profit or loss and other comprehensive income from the dates of acquisition or up to the dates of disposal, as appropriate. Where necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with those used by the Group.

Acquisition of subsidiaries or businesses is accounted for using the acquisition method. The cost of an acquisition is measured at the aggregate of the acquisition-date fair value of assets transferred, liabilities incurred and equity interests issued by the Group, as the acquirer. The identifiable assets acquired and liabilities assumed are principally measured at acquisition-date fair value. The Group's previously held equity interest in the acquiree is re-measured at acquisition-date fair value and the resulting gains or losses are recognised in profit or loss or other comprehensive income, as appropriate. The Group may elect, on a transaction-by-transaction basis, to measure the non-controlling interests that represent present ownership interests in the subsidiary either at fair value or at the proportionate share of the acquiree's identifiable net assets. All other non-controlling interests are measured at fair value unless another measurement basis is required by HKFRSs. Acquisition-related costs incurred are expensed unless they are incurred in issuing equity instruments in which case the costs are deducted from equity.

Changes in the Group's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. The carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to the owners of the Company.

When the Group loses control of a subsidiary, the profit or loss on disposal is calculated as the difference between (i) the aggregate of the fair value of the consideration received and the fair value of any retained interest and (ii) the previous carrying amount of the assets (including goodwill), and liabilities of the subsidiary and any non-controlling interests. Amounts previously recognised in other comprehensive income in relation to the subsidiary are accounted for in the same manner as would be required if the relevant assets or liabilities were disposed of.

Subsequent to acquisition, the carrying amount of non-controlling interests that represent present ownership interests in the subsidiary is the amount of those interests at initial recognition plus such non-controlling interests' share of subsequent changes in equity. Total comprehensive income is attributed to such non-controlling interests even if this results in those non-controlling interests having a deficit balance.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

4.2 Subsidiaries

A subsidiary is an investee over which the Company is able to exercise control. The Company controls an investee if all three of the following elements are present: power over the investee, exposure, or rights, to variable returns from the investee, and the ability to use its power to affect those variable returns. Control is reassessed whenever facts and circumstances indicate that there may be a change in any of these elements of control.

In the Company's statement of financial position, interest in a subsidiary is stated at cost less impairment loss, if any. The result of subsidiary is accounted for by the Company on the basis of dividend received and receivable.

4.3 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use. This condition is regarded as met only when the sale is highly probable and the asset is available for immediate sale in its present condition. Management must be committed to the sale, which should be expected to qualify for recognition as a completed sale within one year from the date of classification. Non-current assets classified as held for sale are measured at the lower of their previous carrying amount and fair value less costs to sell.

4.4 Property, plant and equipment

Property, plant and equipment are stated at cost less accumulated depreciation and accumulated impairment losses, if any. The cost of property, plant and equipment includes its purchase price and the costs directly attributable costs of bringing the asset to its working condition and location for its intended use.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. The carrying amount of the replaced part is derecognised. All other costs, such as repairs and maintenance, are recognised as an expense in profit or loss during the financial period in which they are incurred.

Property, plant and equipment are depreciated so as to write off their cost over their estimated useful lives on a straight-line basis. The useful lives and depreciation method are reviewed, and adjusted if appropriate, at the end of the reporting period. The useful lives are as follows:

Display monitors and devices	5 years
Furniture and fixtures	5 years
Leasehold improvements	Shorter of 5 years or unexpired lease term
Motor vehicles	5 years

An asset is written down immediately to its recoverable amount if its carrying amount is higher than the asset's estimated recoverable amount.

Gain or loss on disposal of an item of property, plant and equipment is the difference between the net sale proceeds and its carrying amount, and is recognised in profit or loss on disposal.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

4.5 Intangible assets

Intangible assets acquired separately are initially recognised at cost. Subsequently, intangible assets with finite useful lives are carried at cost less accumulated amortisation and accumulated impairment losses.

Amortisation is provided on a straight-line basis over the useful life of the intangible asset with finite useful life below. The amortisation expense is recognised in profit or loss and included in administrative expenses.

License right	9 years
---------------	---------

Club membership with indefinite life is carried at cost less any subsequent accumulated impairment losses.

Impairment

Intangible assets with finite lives are tested for impairment when there is an indication that an asset may be impaired. Intangible assets with indefinite useful lives are tested for impairment annually, irrespective of whether there is any indication that they may be impaired. Intangible assets are tested for impairment by comparing their carrying amounts with their recoverable amounts.

If the recoverable amount of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount.

An impairment loss is recognised as an expense immediately.

4.6 Leasing

Accounting as a lessee

All leases (irrespective of they are operating leases or finance leases) are required to be capitalised in the consolidated statement of financial position as right-of-use assets and lease liabilities, but accounting policy choices exist for an entity to choose not to capitalise (i) leases which are short-term leases and/or (ii) leases for which the underlying asset is of low-value. The Group has elected not to recognise right-of-use assets and lease liabilities for low-value assets and leases for which at the commencement date have a lease term less than 12 months. The lease payments associated with those leases have been expensed on straight-line basis over the lease term.

Right-of-use asset

The right-of-use asset is initially recognised at cost and would comprise: (i) the amount of the initial measurement of the lease liability (see below for the accounting policy to account for lease liability); (ii) any lease payments made at or before the commencement date, less any lease incentives received; (iii) any initial direct costs incurred by the lessee and (iv) an estimate of costs to be incurred by the lessee in dismantling and removing the underlying asset to the condition required by the terms and conditions of the lease, unless those costs are incurred to produce inventories.

Subsequent to the commencement date, under the cost model, the Group measures the right-of-use asset at cost, less any accumulated depreciation and any impairment losses, and adjusted for any remeasurement of lease liability. Unless the Group is reasonably certain to obtain ownership of the lease asset at the end of the lease term, the recognised right-of-use assets are depreciated on straight-line basis over the shorter of estimated useful lives and lease term.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

4.6 Leasing *(Continued)*

Accounting as a lessee *(Continued)*

Lease liability

The lease liability is initially recognised at the present value of the lease payments that are not paid at the date of commencement of the lease. The lease payments are discounted using the interest rate implicit in the lease, if that rate can be readily determined. If that rate cannot be readily determined, the Group uses the lessee's incremental borrowing rate.

The following payments for the right-to-use of the underlying asset during the lease term that are not paid at the commencement date of the lease are considered to be lease payments: (i) fixed payments less any lease incentives receivable; (ii) variable lease payments that depend on an index or a rate, initially measured using the index or rate as at commencement date; (iii) amounts expected to be payable by the lessee under residual value guarantees; (iv) the exercise price of a purchase option if the lessee is reasonably certain to exercise that option; and (v) payments of penalties for terminating the lease, if the lease term reflects the lessee exercising an option to terminate the lease.

Subsequent to the commencement date, the Group measures the lease liability by: (i) increasing the carrying amount to reflect interest on the lease liability; (ii) reducing the carrying amount to reflect the lease payments made; and (iii) remeasuring the carrying amount to reflect any reassessment or lease modifications, or to reflect revised in-substance fixed lease payments.

When the Group revises its estimate of the term of any lease, (because, for example, it re-assesses the probability of a lessee extension or termination option being exercised), it adjusts the carrying amount of the lease liability to reflect the payments to make over the revised term, which are discounted using a revised discount rate. The carrying value of lease liabilities is similarly revised when the variable element of future lease payments dependent on a rate or index is revised, except the discount rate remains unchanged. In both cases, an equivalent adjustment is made to the carrying value of the right-of-use asset, with the revised carrying amount being amortised over the remaining (revised) lease term. If the carrying amount of the right-of-use asset is adjusted to zero, any further reduction is recognised in profit or loss.

When the Group renegotiates the contractual terms of a lease with the lessor, if the renegotiation results in one or more additional assets being leased for an amount commensurate with the standalone price for the additional rights-of-use obtained, the modification is accounted for as a separate lease. In all other cases, where the renegotiated increases the scope of the lease (whether that is an extension to the lease term, or one or more additional assets being leased), the lease liability is remeasured using the discount rate applicable on the modification date, with the right-of-use asset being adjusted by the same amount. If the renegotiation results in a decrease in the scope of the lease, both the carrying amount of the lease liability and right-of-use asset are reduced by the same proportion to reflect the partial or full termination of the lease with any difference recognised in profit or loss. The lease liability is then further adjusted to ensure its carrying amount reflects the amount of the renegotiated payments over the renegotiated term, with the modified lease payments discounted at the rate applicable on the modification date and the right-of-use asset is adjusted by the same amount.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

4.6 Leasing *(Continued)*

Accounting as a lessee *(Continued)*

The Group has applied the practical expedient provided in Amendments to HKFRS 16: *Covid-19-Related Rent Concessions beyond 30 June 2021* and does not assess whether eligible rent concessions occurring as a direct consequence of the COVID-19 pandemic are lease modification. The Group accounts for any change in lease payments resulting from the rent concession the same way it would have accounted for the change applying HKFRS 16 as if the change were not a lease modification.

The practical expedient applies only to rent concessions occurring as a direct consequence of the COVID-19 pandemic and only if all of the following conditions are met:

- (a) the change in lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- (b) any reduction in lease payments affects only payments originally due on or before 30 June 2023; and
- (c) there is no substantive change to other terms and conditions of the lease.

The Group has applied the practical expedient consistently to all eligible rent concessions with similar characteristics and in similar circumstances.

4.7 Financial instruments

(i) Financial assets

A financial asset (unless it is a trade receivable without a significant financing component) is initially measured at fair value plus, for an item not at fair value through profit or loss, transaction costs that are directly attributable to its acquisition. A trade receivable without a significant financing component is initially measured at the transaction price.

All regular way purchases and sales of financial assets are recognised on the trade date, that is, the date that the Group commits to purchase or sell the asset. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the period generally established by regulation or convention in the market place.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

4.7 Financial instruments *(Continued)*

(i) Financial assets *(Continued)*

Debt instruments

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the cash flow characteristics of the asset. There are two measurement categories into which the Group classifies its debt instruments:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets at amortised cost are subsequently measured using the effective interest rate method. Interest income, foreign exchange gains and losses and impairment are recognised in profit or loss. Any gain on derecognition is recognised in profit or loss.

The Group's financial assets at amortised cost include trade receivables, deposits and other receivables, and cash and bank balances.

Fair value through profit or loss ("FVTPL"): Financial assets at FVTPL include financial assets held for trading. Financial assets are classified as held for trading if they are acquired for the purpose of selling or repurchasing in the near term. Financial assets with cash flows that are not solely payments of principal and interest are classified and measured at FVTPL, irrespective of the business model. Notwithstanding the criteria for debt instruments to be classified at amortised cost, as described above, debt instruments may be designated at FVTPL on initial recognition if doing so eliminates, or significantly reduces, an accounting mismatch.

The Group's financial assets at FVTPL include listed debt investments.

Impairment loss on financial assets

The Group recognises loss allowances for expected credit losses ("ECLs") on trade receivables and financial assets measured at amortised cost. The ECLs are measured on either of the following bases: (1) 12-months ECLs: these are the ECLs that result from possible default events within the 12 months after the reporting date; and (2) lifetime ECLs: these are ECLs that result from all possible default events over the expected life of a financial instrument. The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the difference between all contractual cash flows that are due to the Group in accordance with the contract and all the cash flows that the Group expects to receive. The shortfall is then discounted at an approximation to the assets' original effective interest rate.

The Group has elected to measure loss allowances for trade receivables using HKFRS 9 simplified approach and has calculated ECLs based on lifetime ECLs. The Group has established a provision matrix that is based on the Group's historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For other debt financial assets, the ECLs are based on the 12-months ECLs. However, when there has been a significant increase in credit risk since origination, the allowance will be based on the lifetime ECLs.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Year ended 31 March 2023

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

4.7 Financial instruments *(Continued)*

(i) Financial assets *(Continued)*

Impairment loss on financial assets *(Continued)*

When determining whether the credit risk of a financial asset has increased significantly since initial recognition and when estimating ECLs, the Group considers reasonable and supportable information that is relevant and available without undue cost or effort. This includes both quantitative and qualitative information analysis, based on the Group's historical experience and informed credit assessment and including forward-looking information.

The Group assumes that the credit risk on a financial asset has increased significantly if it is more than 30 days past due unless reasonable and supportable information demonstrate the otherwise.

The Group considers a financial asset to be credit-impaired when: (1) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (2) the financial asset is more than 90 days past due unless reasonable and supportable information demonstrate the otherwise.

As detailed in note 34(a) to the consolidated financial statements, other receivables and cash and bank balances are determined to have low credit risk.

The Group considers the following as constituting an event of default for internal credit risk management purposes as historical experience indicates that the Group may not receive the outstanding contractual amounts in full if the financial instrument meets any of the following criteria.

- (i) information developed internally or obtained from external sources indicates that the debtor is unlikely to pay its creditors, including the Group, in full (without taking into account any collaterals held by the Group); or
- (ii) there is a breach of financial covenants by the counterparty.

The Group considers default occur when a financial asset is more than 90 days past due unless reasonable and supportable information suggested the otherwise.

The Group directly reduces the gross carrying amount of a financial asset when the Group has no reasonable expectations of recovering a financial asset in its entirety or a portion thereof.

Interest income on credit-impaired financial assets is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset. For non-credit-impaired financial assets, interest income is calculated based on the gross carrying amount.

NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

Year ended 31 March 2023

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

4.7 Financial instruments *(Continued)*

(ii) Financial liabilities

Financial liabilities are recognised when and only when the Group becomes a party to the contractual provisions of the instruments. The Group classifies its financial liabilities, depending on the purpose for which the liabilities were incurred. Financial liabilities at amortised costs are initially measured at fair value, net of directly attributable costs incurred.

Financial liabilities at amortised cost

Financial liabilities at amortised cost including trade payables, accruals and other payables are subsequently measured at amortised cost, using the effective interest method. The related interest expense is recognised in profit or loss.

Gains or losses are recognised in profit or loss when the liabilities are derecognised as well as through the amortisation process.

(iii) Effective interest method

Effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income or interest expense over the relevant period. Effective interest rate is the rate that exactly discounts estimated future cash receipts or payments through the expected life of the financial asset or liability, or where appropriate, a shorter period.

(iv) Derecognition

The Group derecognises a financial asset when the contractual rights to the future cash flows in relation to the financial asset expire or when the financial asset has been transferred and the transfer meets the criteria for derecognition in accordance with HKFRS 9.

Financial liabilities are derecognised when the obligation specified in the relevant contract is discharged, cancelled or expires.

(v) Equity instruments

Shares issued by the Company are recorded at the proceeds received, net of direct issue cost.

4.8 Inventories

Inventories are initially recognised at cost, and subsequently at the lower of cost and net realisable value. Cost comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition. Cost is calculated using the first-in, first-out method. Net realisable value represents the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

4.9 Cash and cash equivalents

Cash and cash equivalents represent cash at bank and in hand, demand deposits with banks and short term highly liquid investments with original maturities of three months or less that are readily convertible into known amounts of cash which are subject to an insignificant risk of change in value.

4.10 Revenue and other income recognition

Revenue from contracts with customers is recognised when control of goods or services is transferred to the customer, or the lessee has the right to use the asset, at an amount that reflects consideration to which the Group is expected to be entitled, in exchange for those goods or services excluding those amounts collected on behalf of third parties. Revenue excludes value added tax or other sales taxes and is after deduction of any trade discounts.

Depending on the terms of the contract and the laws that apply to the contract, control of the goods or services may be transferred over time or at a point in time. Control of the goods or services is transferred over time if the Group's performance:

- provides all of the benefits received and consumed simultaneously by the customer;
- creates or enhances an asset that the customer controls as the Group performs; or
- does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date.

If control of the goods or services transfers over time, revenue is recognised over the period of the contract by reference to the progress towards complete satisfaction of that performance obligation. Otherwise, revenue is recognised at a point in time when the customer obtains control of the goods or services.

Advertising display services

Revenue from advertising display services is recognised on a straight-line basis over the performance period for which the advertisements are displayed.

Some of the Group's advertising display contracts provide customers a volume rebate if the customer hit the sales volume hurdles and settled all the invoices due within the contract period. The volume rebates give rise to variable consideration. The Group applies the most likely amount method to estimate the variable consideration. A refund liability would be recognised based on the estimate of the most likely amount to be paid to customer's volume-based rebate. The Group estimates the most likely amount of volume rebates and recognises it as a reduction of revenue as the sales are recognised. A provision of rebate will be recognised in other payables, if any.

Sale of food and beverage products

Revenue from sale of food and beverage products is recognised at the point in time when control of the goods has been transferred (i.e. when the products are accepted by the customers). The customers have full discretion over the products, and there is no unfulfilled obligation that could affect customer's acceptance of the products.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

4.10 Revenue and other income recognition *(Continued)*

Franchising income

Franchising income, representing fee charged for the use of license right granted by a franchise agreement, or for other services provided during the period of a franchise agreement, is recognised at the point in time when the food and beverage products are sold or the right is used.

Interest income

Interest income is accrued on a time basis on the principal outstanding at the applicable interest rate.

Contract liabilities

Upon entering into a contract with a customer, the Group obtains right to receive consideration from the customer and assumes performance obligations to transfer goods or provide services to the customer. The combination of those rights and performance obligations give rise to a net asset or a net liability depending on the relationship between the remaining rights and the performance obligations. Contract liabilities are recognised for services to be provided to customers and represented the excess of consideration received from the customers over the cumulative revenue recognised.

4.11 Income taxes

Income taxes for the year comprise current tax and deferred tax.

Current tax is based on the profit or loss from ordinary activities adjusted for items that are non-assessable or disallowable for income tax purposes and is calculated using tax rates that have been enacted or substantively enacted at the end of reporting period.

Deferred tax is recognised in respect of temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the corresponding amounts used for tax purposes. Except for recognised assets and liabilities that affect neither accounting nor taxable profits, deferred tax liabilities are recognised for all taxable temporary differences.

Deferred tax assets are recognised to the extent that it is probable that taxable profits will be available against which deductible temporary differences can be utilised. Deferred tax is measured at the tax rates appropriate to the expected manner in which the carrying amount of the asset or liability is realised or settled and that have been enacted or substantively enacted at the end of reporting period.

Deferred tax liabilities are recognised for taxable temporary differences arising on investments in subsidiaries, except where the timing of the reversal of the temporary differences is controlled by the Group and it is probable that the temporary differences will not reverse in the foreseeable future.

Income taxes are recognised in profit or loss except when they relate to items recognised in other comprehensive income in which case the taxes are also recognised in other comprehensive income or when they relate to items recognised directly in equity in which case the taxes are also recognised directly in equity.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

4.12 Employee benefits

(i) Short-term employee benefits

Short-term employee benefits are employee benefits (other than termination benefits) that are expected to be settled wholly before twelve months after the end of the annual reporting period in which the employees render the related service. Short-term employee benefits are recognised in the year when the employees render the related service.

(ii) Defined contribution retirement plan

A defined contribution plan is a pension plan under which the Group pays fixed contributions into a separate entity.

The Group operates a defined contribution Mandatory Provident Fund retirement benefits scheme (the "MPF Scheme") under the Mandatory Provident Fund Schemes Ordinance for those employees who are eligible to participate in the MPF Scheme. The Group has no legal or constructive obligations to pay further contributions after payment of the fixed contribution. Contributions are made based on a percentage of the employees' basic salaries to the maximum mandatory contribution as required by the MPF Scheme. Liabilities and assets may be recognised if underpayment or prepayment has occurred and are included in current liabilities or current assets, respectively, as they are normally of a short-term nature. The assets of the MPF Scheme are held separately from those of the Group in an independently administered fund. The Group's employer contributions vest fully with the employees when contributed into the MPF Scheme.

Contributions to the defined contribution retirement plan are recognised as an expense in profit or loss in the period when the services are rendered by the employees.

(iii) Long service payments

The Group's net obligation in respect of long service payments under the Employment Ordinance is the amounts of future benefit that employees have earned in return for their services in the current and prior periods. The obligation is calculated using the projected unit credit method and discounted to its present value and after deducting the fair value of any related assets, including those retirement scheme benefits.

4.13 Impairment of non-financial assets

At the end of each reporting period, the Group reviews the carrying amounts of the property, plant and equipment, intangible assets and right-of-use assets to determine whether there is any indication that those assets have suffered an impairment loss or an impairment loss previously recognised no longer exists or may have decreased.

If the recoverable amount (i.e. the greater of the fair value less costs of disposal and value in use) of an asset is estimated to be less than its carrying amount, the carrying amount of the asset is reduced to its recoverable amount. An impairment loss is recognised as an expense immediately.

Where an impairment loss subsequently reverses, the carrying amount of the asset is increased to the revised estimate of its recoverable amount, to the extent that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset in prior years. A reversal of an impairment loss is recognised as income immediately.

Value in use is based on the estimated future cash flows expected to be derived from the asset or a cash generating unit ("CGU"), discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset or CGU.

4. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES *(Continued)*

4.14 Provisions and contingent liabilities

Provisions are recognised for liabilities of uncertain timing or amount when the Group has a legal or constructive obligation arising as a result of a past event, which it is probable will result in an outflow of economic benefits that can be reliably estimated.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, the existence of which will only be confirmed by the occurrence or non-occurrence of one or more future events, are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

4.15 Government grants

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants are recognised in profit or loss on a systematic basis over the periods in which the Group recognises as expenses the related costs for which the grants are intended to compensate.

Government grants that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable and are recognised as other revenue, rather than reducing the related expense.

4.16 Segment reporting

Operating segments, and the amounts of each segment item reported in the consolidated financial statements, are identified from the financial information provided regularly to the Group's chief operating decision maker, namely, the executive directors, for the purposes of allocating resources to, and assessing the performance of, the Group's various lines of business.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products or services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

4.17 Related parties

- (a) A person or a close member of that person's family is related to the Group if that person:
 - (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of key management personnel of the Group or the Company's parent.
- (b) An entity is related to the Group if any of the following conditions apply:
 - (i) The entity and the Group are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of the employees of the Group or an entity related to the Group.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a group of which it is a part, provides key management personnel services to the Group or to the Company's parent.

Close members of the family of a person are those family members who may be expected to influence, or be influenced by, that person in their dealings with the entity and include:

- (i) that person's children and spouse or domestic partner;
- (ii) children of that person's spouse or domestic partner; and
- (iii) dependents of that person or that person's spouse or domestic partner.

5. CRITICAL ACCOUNTING JUDGEMENT AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, the directors are required to make judgement, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

(a) Critical accounting judgement

Principal versus agent considerations

Determination of whether the Group is acting as a principal or as an agent in the provision of advertising display services requires judgements and considerations of all relevant facts and circumstances. The Group is a principal in a transaction if the Group obtains control of services provided before they are transferred to customers. Indicators that the Group controls the specified service before it is transferred to the customer include, but are not limited to the following: (a) the Group is primarily responsible for fulfilling the promise to provide the specified service; (b) the Group has inventory risk before the specified service has been transferred to a customer or after transfer of control to the customer; and (c) the Group has discretion in establishing the price for the specified service. If control is unclear, when the Group is primarily obligated in a transaction, and has latitude in establishing prices and deciding how the services are performed, or has several but not all of these indicators, the Group records revenues on a gross basis. Otherwise, the Group records the net amount earned as commissions from services provided. For the years ended 31 March 2023 and 2022, all revenue was recognised on gross basis as the Group has acted as a principal in relation to the services provided.

(b) Key sources of estimation uncertainty

In addition to information disclosed elsewhere in these financial statements, other key sources of estimation uncertainty that have significant risks of resulting in a material adjustment to the carrying amounts of assets and liabilities within next financial year are as follows:

(i) Loss allowance for ECLs

The Group determines the loss allowance for trade and other receivables based on assumptions about risk of default and expected loss rates. The provision matrix is determined based on the Group's historical observed default rates over the expected life of the trade receivables with similar credit risk characteristics and is adjusted for forward-looking estimates. The ECLs of other receivables is based on the 12-month ECLs. In making the judgement, management considers available reasonable and supportable forward-looking information such as actual or expected significant adverse changes in business and customers' financial position. At every reporting date, the historical observed default rates are updated and changes in the forward-looking estimates are analysed by the management. Details of the key assumptions and inputs used in estimating ECL are set out in note 34 to the consolidated financial statements.

5. CRITICAL ACCOUNTING JUDGEMENT AND KEY SOURCES OF ESTIMATION UNCERTAINTY *(Continued)*

(b) Key sources of estimation uncertainty *(Continued)*

(ii) Determination of lease term and incremental borrowing rates of lease contracts

In determining the lease term at the commencement date for leases that include renewal options or early termination options exercisable by the Group, the Group exercises judgement to evaluate the likelihood of exercising the renewal options or early termination options taking into account all relevant facts and circumstances that create economic incentive for the Group to exercise the option, including favourable terms, leasehold improvements undertaken, penalties for early termination and the importance of that underlying asset to the Group's operation. Any changes in the lease term would affect the amount of right-of-use assets and lease liabilities recognised in future years. The Group also exercises judgement to determine whether there is a significant event or change in circumstance that is within the Group's control that would require the lease term to be reassessed.

In determining incremental borrowing rates of lease contracts, the Group applies judgement to determine the applicable rates, taking into account the nature of the underlying assets, the terms and condition of the leases, creditworthiness of the relevant group entities and economic environment, at both the commencement date and the effective date of the modification to calculate the present value of lease payments. The incremental borrowing rates of the Group applied significantly affect the amounts of lease liabilities and right-of-use assets recognised.

(iii) Impairment of non-financial assets

Non-financial assets are tested for impairment when indicators exist. Where an impairment indicator exists, the recoverable amount of the asset is determined based on value-in-use calculations prepared on the basis of management's assumptions and estimates about future events, which are subject to uncertainty and might materially differ from the actual results. In making these key estimates and judgements, the Group takes into consideration assumptions that are mainly based on market condition existing at the end of the reporting period and appropriate market and discount rates.

During the year, impairment losses had been recognised on certain right-of-use assets and intangible asset belonged to the advertising display segment, which is identified as CGU for the purpose of impairment assessment.

Further information on the impairment assessment on this CGU are provided in notes 16 and 17 to the consolidated financial statements.

(iv) Net realisable value of inventories

The Group's management reviews the inventory aging analysis periodically, and makes allowance for obsolete and slow-moving inventory items identified that are no longer suitable for sale. The assessment of the provision amount required involves management judgements and estimates. Where the actual outcome or expectation in future is different from the original estimate, such difference will have an impact on the carrying value of the inventories and provision charge/write-back in the period in which estimate has been changed. During the year, no impairment had been made on inventories based on management assessment.

5. CRITICAL ACCOUNTING JUDGEMENT AND KEY SOURCES OF ESTIMATION UNCERTAINTY *(Continued)*

(b) Key sources of estimation uncertainty *(Continued)*

(v) Fair value measurement

Certain financial assets included in the Group's financial statements require measurement at, and/or disclosure of, fair value. The fair value measurement of the Group's financial assets utilises market observable inputs and data as far as possible. Inputs used in determining fair value measurements are categorised into different levels based on how observable the inputs used in the valuation technique utilised are (the "fair value hierarchy"):

Level 1: Quoted prices in active markets for identical items (unadjusted);

Level 2: Observable direct or indirect inputs other than Level 1 inputs; and

Level 3: Unobservable inputs (i.e. not derived from market data).

The classification of an item into the above levels is based on the lowest level of the inputs used that has a significant effect on the fair value measurement of the item. Transfers of items between levels are recognised in the period as they occur.

6. SEGMENT INFORMATION

An operating segment is a component of the Group that is engaged in business activities from which the Group may earn revenue and incur expenses, and is defined on the basis of the internal management reporting information that is provided to and regularly reviewed by the executive Directors in order to allocate resources and assess performance of the segment.

The executive Directors consider the advertising display business from the perspective of advertising platforms available, and determine that the Group has the following reportable operating segments:

- Provision of advertising display services over the transportation media platforms ("Transportation Business");
- Provision of advertising display services over the healthcare media platforms ("Healthcare Business");
- Provision of advertising display services over the self-pickup lockers platforms ("Logistic Advertising Business"); and
- Sale of Mizimamei branded food and beverage products and franchise of Mizimamei brand in Hong Kong ("Food and Beverage Business"), which was franchised to a third party in the mid of May 2021.

Segment revenue and results

Segment revenue below represents revenue from external customers. There was no inter-segment revenue during the year. The chief operating decision makers assess the performance of the operating segments mainly based on revenue and gross profit of each operating segment. Corporate and other unallocated expenses include selling expenses, administrative expenses and other expenses which are common costs incurred for the operating segments as a whole and therefore they are not included in the measure of the segments' performance that is used by the chief operating decision makers as a basis for the allocation of resources and assessment of segment performance. Other income and gains, net, finance costs and income tax expense are also not allocated to individual operating segment.

There were no segment assets and liabilities information provided to the chief operating decision makers.

The segment revenue and results, and the totals presented for the Group's operating segments reconciled to the Group's key financial figures as presented in the consolidated financial statements are as follows:

6. SEGMENT INFORMATION *(Continued)*

Geographical information

The Company is an investment holding company and the principal place of the Group's operation is in Hong Kong. For the purpose of segment information disclosures under HKFRS 8, the Group regards Hong Kong as its place of domicile.

The following table provides an analysis of the Group's revenue from external customers and non-current assets other than financial instruments ("Specified non-current assets").

	Revenue from external customers		Specified non-current assets	
	2023 HK\$'000	2022 HK\$'000	2023 HK\$'000	2022 HK\$'000
Hong Kong (place of domicile)	43,898	55,481	46,408	36,530

Information about major customers

No single customer contributed to 10% or more of the Group's revenue during the years ended 31 March 2023 and 31 March 2022.

7. REVENUE

Revenue is derived from provision of advertising display services, sale of food and beverage products and franchise of license right during the year. Further details are disclosed in note 6 to the consolidated financial statements.

	2023 HK\$'000	2022 HK\$'000

11. INCOME TAX EXPENSE *(Continued)*

The Group companies incorporated in the Cayman Islands and BVI are tax-exempted as no business is carried out in the Cayman Islands and BVI under the laws of the Cayman Islands and BVI respectively.

Hong Kong Profits Tax is calculated at 8.25% on the first HK\$2 million of estimated assessable profits and at 16.5% for the portion of the estimated assessable profits above HK\$2 million for the years ended 31 March 2023 and 2022. The profits of other group entities in Hong Kong not qualifying for the two-tiered profits tax rates continue to be taxed at a flat rate of 16.5%.

Income tax expense for the year can be reconciled to the loss before income tax expense in the consolidated statement of profit or loss and other comprehensive income as follows:

	2023 HK\$'000	2022 HK\$'000
Loss before income tax expense	(9,377)	(2,644)
Tax calculated at the domestic tax rate of 16.5% (2022: 16.5%)	(1,547)	(436)
Tax effect on adoption of two-tiered profits tax rates	(95)	(75)
Tax effect of non-deductible items	346	411
Tax effect of non-taxable items	(137)	(241)
Tax effect of temporary differences not recognised	526	14
Utilisation of unrecognised tax losses	(15)	(6)
Tax effect of tax losses not recognised	1,020	421
Others	(13)	(10)
Income tax expense	85	78

At the end of the reporting period, the Group had tax losses arising in Hong Kong of approximately HK\$16,912,000 (2022: approximately HK\$10,820,000) and deductible temporary differences of approximately HK\$2,560,000 (2022: Nil) that are available indefinitely for offsetting against future taxable profits of the companies in which the losses/temporary differences arose. Deferred tax assets have not been recognised due to the unpredictability of future profits streams. The tax losses/ deductible temporary differences have no expiry date.

12. DIVIDEND

The Board of Directors does not recommend the payment of a final dividend for the year ended 31 March 2023 (2022: Nil).

(a) Directors' emoluments *(Continued)*

Notes:

- (i) Ms. Chau Wai Chu Irene is the chairlady and chief executive of the Company and her emoluments disclosed above included those for services rendered by her as the chief executive.
- (ii) Ms. Suen Wan Nei Winnie was appointed as independent non-executive director on 22 June 2021.
- (iii) Ms. Lam Hiu Ying was appointed as independent non-executive director on 20 August 2021.
- (iv) Ms. Au Shui Ming Anna resigned as independent non-executive director on 20 August 2021.
- (v) Mr. Liang Man Kit Jerry resigned as independent non-executive director on 22 June 2021.
- (vi) There was no arrangement under which a director waived or agreed to waive any emoluments during the year ended 31 March 2023 (2022: Nil).

No remuneration was paid by the Group to the directors of the Company as an inducement to join or upon joining the Group or as a compensation for loss of office. None of the directors of the Company has waived any remuneration during both years.

(b) The five highest paid individuals

Of the five individuals with the highest emoluments in the Group, two (2022: two) are directors of the Company whose emoluments are included in the disclosures above. The emoluments of the remaining three (2022: three) individuals are as follows:

	2023 HK\$'000	2022 HK\$'000
Salaries and other benefits in kind	3,344	2,826
Retirement scheme contributions	52	50
	3,396	2,876

The emoluments paid or payable to the three individuals with the highest emoluments in the Group who are not directors are within the following bands:

	2023 Number of individuals	2022 Number of individuals
Nil–HK\$1,000,000	2	1
HK\$1,000,001 to HK\$1,500,000	1	2

No emoluments were paid by the Group to the five highest-paid individuals as an inducement to join or upon joining the Group or as compensation for loss of office for both years.

14. LOSS PER SHARE

The calculation of basic and diluted loss per share attributable to owners of the Company is based on the following data:

	2023 HK\$'000	2022 HK\$'000
Loss		
Loss for the purposes of basic and diluted loss per share	(9,462)	(3,050)
	'000	'000
Number of shares		
Weighted average number of ordinary shares for the purposes of basic and diluted loss per share	720,000	720,000

The weighted average of 720,000,000 ordinary shares for the years ended 31 March 2023 and 31 March 2022 were the same as the number of ordinary shares of the Company in issue throughout the years.

Diluted loss per share were the same as the basic loss per share as the Group had no potential dilutive ordinary shares in issue during the years ended 31 March 2023 and 2022.

16. RIGHT-OF-USE ASSETS/LEASE LIABILITIES

The Group leases office equipment, certain advertising spaces and rental premises in Hong Kong. The leases comprise only fixed payments over the lease term.

Restrictions or covenants

The Group is required to keep those advertising spaces and rental premises in a good state of repair and return them in their original condition at the end of the lease.

Extension and termination options

Certain lease contracts have granted lessee extension or termination options to the Group which are only exercisable by the Group but not by the respective lessor. These options aim to provide flexibility to the Group in managing the leased assets. The extension option in the leases of the advertising spaces is normally exercised because these advertising spaces are exclusive. The Group seldom exercises options that were not included in the lease liabilities. During the year ended 31 March 2023, about 21% (2022: 21%) of lease contracts contain an extension option. The undiscounted potential future lease payments not included in lease liabilities amounted to approximately HK\$5,800,000 (2022: approximately HK\$5,876,000).

Right-of-use assets

The analysis of the net book value of right-of-use assets by class of underlying asset is as follows:

	2023 HK\$'000	2022 HK\$'000

Reassessment of lease liabilities	1,823	–	–	1,823
At 31 March 2023	42,343	63	83	42,489

The lease modification during the years ended 31 March 2023 and 2022 related to renewal of leases which did not contain extension options.

As at 31 March 2023, impairment loss of HK\$2,560,000 has been recognised on right-of-use assets belonged to the advertising display segment after an impairment assessment performed by management. The recoverable amount of the right-of-use assets is determined based on value in use calculations. These calculations use cash flow projections based on financial budgets approved by management covering a five-year period. The general annual and perpetual growth rate on revenue is estimated to be 2%. The cash flows are discounted using a discount rate of 8.3%, which is pre-tax and reflects specific risks relating to the CGU.

The estimated recoverable amount of the CGU of approximately HK\$43,142,000 fell short of its carrying amount by approximately HK\$2,560,000 and accordingly, impairment losses of HK\$2,560,000 was recognised in other operating expenses for the year ended 31 March 2023.

17. INTANGIBLE ASSETS *(Continued)*

Notes:

- (a) The club membership represents the membership debenture of The Aberdeen Marina Club Limited which has no specific maturity date pursuant to the terms and conditions of the membership. It is tested for impairment annually and whenever there is an indication that may be impaired. The Directors consider that the recoverable amount of the club membership is determined by reference to market value less cost of disposal. The market value of the club membership is categorised as a Level 1 measurement in accordance with HKFRS 13.

The estimated recoverable amount of the club membership of HK\$2,320,000 fell short of its carrying amount by HK\$306,000 and accordingly, impairment loss of HK\$306,000 has been identified and recognised in other operating expenses.

- (b) The license right represents an exclusive right to distribute and market the Mizimamei branded food and beverage products and its retail brand in Hong Kong. On 3 May 2019, the Group entered into an agreement with an independent third party to acquire an exclusive right to distribute and market its branded food and beverage products and the retail brand of the individual third party in Hong Kong, including but not limited to the right to set up self-operated retail outlets in Hong Kong and the right to franchise the brand to potential local retailers in Hong Kong through franchising arrangement (the "Agreement") at a consideration of US\$120,000 (equivalent to approximately HK\$942,000). This license right was recognised as an intangible asset as it became effective in 2019. Pursuant to a supplementary agreement entered into by the parties during the year ended 31 March 2021, the parties have agreed that the license right shall be extended for three more years (originally 6 years), i.e. 9 years in total, with other terms remain the same as stated in the Agreement. No additional consideration is required to be paid by the Group.

On 1 April 2023, the Group entered into a novation agreement with an independent third party and the owner of the license right to transfer the license right to the independent third party at a consideration of HK\$560,000. In the opinion of the Directors, the transfer of the license right is completed on 1 April 2023. The license right was classified as held for sale in accordance with HKFRS 5 and measured at the lower of carrying amount and fair value less costs to sell at the end of the reporting period.

19. FINANCIAL ASSETS AT FVTPL

	2023 HK\$'000	2022 HK\$'000
Listed debt investments	1,472	1,456

Listed debt investments represent corporate bonds publicly traded on Singapore Exchange with fixed coupon rates. Management has determined to hold these corporate bonds for trading and therefore classified these bonds as financial assets at FVTPL under current assets.

Subsequent to the end of the reporting period, the market prices of the financial assets at FVTPL decreased. Based on the quoted market prices as at 16 June 2023, the carrying amounts of the financial assets at FVTPL decreased from approximately HK\$1,472,000 as at 31 March 2023 to approximately HK\$737,000 as at 16 June 2023.

20. TRADE RECEIVABLES

	2023 HK\$'000	2022 HK\$'000
Trade receivables	3,977	5,370

Analysis of trade receivables that are not impaired as of each reporting period is as follows:

Based on invoice date

	2023 HK\$'000	2022 HK\$'000
0–90 days	589	1,025
91–180 days	1,771	3,659

Over 365 days	89	207
	3,977	5,370

Based on revenue recognition date

	2023 HK\$'000	2022 HK\$'000
0–90 days	1,481	2,794
91–180 days	1,168	2,395
181–365 days	1,306	181
Over 365 days	22	–
	3,977	5,370

Trade receivables are mainly attributable to the provision of advertising display services of which advance payments are normally required. However, the Group might offer credit terms to certain customers ranging from 30 to 60 days from the end of the contract period. Overdue balances are reviewed regularly by senior management.

The maximum exposure to credit risk as at 31 March 2023 and 31 March 2022 was the carrying amount mentioned above. Trade receivables that were not impaired related to a large number of independent customers that had a good track record of credit with the Group. In general, the Group does not hold any collateral or other credit enhancements over these balances.

The Group applies the simplified approach to provide for expected credit losses (“ECLs”) prescribed by HKFRS 9, which permit the use of lifetime ECLs provision for all trade receivables. To measure the ECLs, trade receivables have been grouped based on shared credit risk characteristics and the days past due. ECLs also incorporate forward-looking information. As at 31 March 2023 and 31 March 2022, the Directors considered ECLs against the gross amounts of trade receivables as immaterial.

27. SHARE OPTION SCHEME

A share option scheme (the "Scheme") was approved and adopted by the Company on 19 December 2016.

The Scheme is effective for a period of 10 years commencing on the Listing Date of the Company. Under the Scheme, the board of directors may in its absolute discretion determine at the time of grant of the relevant option but the subscription price shall not be less than whichever is the highest of: (i) the closing price of the shares as stated in the Stock Exchange's daily quotations sheet on the date of the granting of the option; (ii) the average closing prices of the shares as stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the date of the granting of the option; and (iii) the nominal value of a share. An offer of grant of an option may be accepted by a participant within the date as specified in the offer letter issued by the Company, being a date not later than 21 days from the date upon which it is made, by which the participant must accept the offer or be deemed to have declined it, provided that such date shall not be more than 10 years after the date of adoption of the Scheme. A consideration of HK\$1.00 is payable on acceptance of the offer of grant of an option.

The period as the board of directors may in its absolute discretion determine and specify in relation to any particular option holder in his option agreement during which the option may be exercised (subject to such restriction on exercisability specified therein), which shall be not greater than the period prescribed by the GEM Listing Rules from time to time (which is, as at the date of adoption of the Scheme, a period of 10 years from the date of the granting of the option).

The limit on the number of shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Scheme and any other schemes must not exceed 30% of the shares in issue from time to time. No options may be granted under any schemes of the Company if this will result in the limit being exceeded. The total number of shares which may be issued upon exercise of all options to be granted under the Scheme and any other schemes of the Company must not in aggregate exceed 10% of the shares in issue. Options lapsed in accordance with the terms of the Scheme or any other schemes will not be counted for the purpose of calculating the 10% limit.

No share options were granted under the Scheme during the years ended 31 March 2023 and 31 March 2022. Share options do not confer rights to the holders to dividends or to vote at shareholders' meetings.

32. CAPITAL MANAGEMENT POLICIES AND PROCEDURES

The Group's capital management objectives include:

- (i) to safeguard the Group's ability to continue as a going concern, so that it continues to provide returns;
- (ii) for members and benefits for other stakeholders; and
- (iii) to provide capital for the purpose of strengthening the Group's risk management capability.

The Group actively and regularly reviews and manages its capital structure to ensure optimal capital structure and member returns, taking into consideration the future capital requirements of the Group and capital efficiency, prevailing and projected profitability, projected operating cash flows, capital expenditures and strategic investment opportunities.

Management of the Group regards total equity as capital. The amount of capital attributable to the owners of the Company as at 31 March 2023 amounted to approximately HK\$40,582,000 (2022: approximately HK\$50,044,000), which the management considers as optimal having considered the projected capital expenditures and the projected strategic investment opportunities.

33. RETIREMENT SCHEME

Under the Mandatory Provident Fund Schemes Ordinance regulated by the Mandatory Provident Fund (“MPF”) Schemes Authority in Hong Kong, with effect from 1 December 2000, the Group participates in a MPF scheme operated by an approved trustee in Hong Kong and makes contributions for its eligible employees. Under the MPF Scheme, the employer and its employees are each required to make contributions to the scheme at 5% of the employees’ relevant income, subject to a cap of monthly relevant income. The cap of monthly relevant income has been increased from HK\$25,000 to HK\$30,000 since 1 June 2014. Contributions to the MPF Scheme vest immediately.

For the year ended 31 March 2023, the aggregate amounts of employer’s contributions made by the Group were approximately HK\$319,000 (2022: approximately HK\$333,000). No forfeited contribution is available for offset against existing contributions during the year.

34. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

Exposure to credit, liquidity, interest rate and currency risks arises in the normal course of the Group’s business.

(a) Credit risk

Credit risk refers to the risk that the counterparty to a financial instrument would fail to discharge its obligation under the terms and cause a financial loss to the Group.

The Group’s exposure to credit risk mainly arises from granting credits to customers in the ordinary course of its operations and is limited to the carrying amounts of financial assets recognised at the end of the reporting period, as summarised in note 34(f) to the consolidated financial statements.

The Group’s trade and other receivables are actively monitored to avoid significant concentrations of credit risk. The Group is not exposed to any significant credit risk from any single counterparty or any group of counterparties having similar characteristics. The Group’s bank balances are deposited with major banks with good credit rating in Hong Kong. The Group has no other significant exposure to credit risk.

At the end of the reporting period, the Group had a concentration of credit risk as 20% (2022: 24%) and 68% (2022: 56%) of the total trade receivables was due from the Group’s largest customer and the five largest customers respectively.

The Group applies the simplified approach to provide for ECLs prescribed by HKFRS 9, which permits the use of the lifetime ECLs provision for all trade receivables. The Group always measures the loss allowance for trade receivables at an amount equal to lifetime ECLs. The ECLs on trade receivables is estimated based on a provision matrix by reference to past default experience of the debtor and current market condition in relation to each debtor’s exposure. The ECLs also incorporates forward-looking information with reference to general macro-economic conditions that may affect the ability of the debtors to settle. To measure the ECLs, the trade receivables have been grouped based on shared credit risk characteristics and the days past due.

34. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES *(Continued)*

(a) Credit risk *(Continued)*

The Directors considered the loss allowance provision for trade receivables was immaterial arising from the ECL model during the year. No impairment loss had been recognised during the year (2022: Nil).

The Group takes into account the historical default experience and forward-looking information, as appropriate. The Group considers the consistently low historical default rates of counterparties, and concludes that credit risk inherent in the Group's other receivables is insignificant. The Group has assessed that other receivables do not have a significant increase in credit risk since initial recognition and risk of default is insignificant. Therefore, the ECLs for these receivables were immaterial under the 12-month ECLs method and no loss allowance provision was recognised during the year.

Expected loss rates are based on actual loss experience over the past two years. These rates are adjusted to reflect differences between economic conditions during the period over which the historic data has been collected, current conditions and the Group's view of economic conditions over the expected lives of the receivables.

The Group expects that there is no significant credit risk associated with cash at bank since they are deposited with credit worthy financial institutions.

The credit policies have been followed by the Group during the year and are considered to be effective.

(b) Liquidity risk

Liquidity risk relates to the risk that the Group will not be able to meet its obligations associated with its financial liabilities that are settled by delivering cash or other financial assets.

The Group monitors and maintains a level of cash and bank balances deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows.

The Group's policy is to regularly monitor current and expected liquidity requirements in the short and long terms. The liquidity of the Group is primarily dependent on its ability to maintain adequate cash inflows from operations to meet its debt obligations. The Group relies on internally generated funds as a significant source of liquidity.

34. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES *(Continued)*

(d) Currency risk

Foreign currency risk refers to the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The Group mainly operates in Hong Kong. The functional currency of the Company and its subsidiaries are HK\$. Most of the Group's business transactions are settled in the functional currencies of the Company and its subsidiaries, except for financial assets at FVTPL that are denominated in a currency other than the functional currency of the operations to which they relate. The currencies giving rise to this risk are primarily United States dollars ("US\$"). Since HK\$ is pegged to US\$, the Group does not expect any significant movements in US\$/HK\$ exchange rate. The Group does not have significant exposure to risk resulting from changes in foreign currency exchange rates.

(e) Fair value

Financial assets measured at fair value in the consolidated statement of financial position in accordance with the fair value hierarchy. The hierarchy groups financial assets and liabilities into three levels based on the relative reliability of significant inputs used in measuring the fair value of these financial assets and liabilities. The fair value hierarchy has the following levels:

- | | |
|----------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Level 1: | Quoted prices (unadjusted) in active markets for identical assets or liabilities; |
| Level 2: | Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices); and |
| Level 3: | Inputs for the asset or liability that are not based on observable market data (unobservable inputs). |

At 31 March 2023, all financial assets at FVTPL are classified as level 1. There were no transfers between levels during the year ended 31 March 2023.

The fair value of financial assets at FVTPL which are traded on active markets are determined with reference to quoted market prices.

Due to the short-term nature, the carrying values of other financial instruments are not measured at fair value of financial instruments approximate fair value and are detailed in note 34(f) to the consolidated financial statements.
