- resulted in the material breach of the Prudential group's business code of conduct or law.

As at the date of this announcement, the maximum number of shares available for future grant under the scheme mandate of the plan and any other plans is 201,882,802.

Reference is also made to the two announcements of Prudential issued on 2 June 2023 regarding certain grants of share awards (the "June Announcements"). Due to inadvertent oversight, the June Announcements misstated the maximum number of shares available for future grant. The Board wishes to clarify that, as at 2 June 2023, the maximum number of shares available for future grant was 201,378,255 under the scheme mandate of the plan and any other plans and 39,478,587 under the service provider sublimit of the plan and any other plans.
