CURRENT STATUS

As at the date of this announcement, the Directors confirm that (i) except for the Bank of Jiangsu Financial Products and the Bank of Nanjing Financial Products that remain outstanding, all the other financial products acquired from Bank of Jiangsu and Bank of Nanjing have been redeemed in full in accordance with their respective terms; (ii) the Group believes that reasonable interests in connection with each of the Bank of Jiangsu Financial Products and the Bank of Nanjing Financial Products would be gained; and (iii) the Bank of Jiangsu Financial Products and the Bank of Nanjing Financial Products would not cause any adverse impact on the financial position of the Group.

REASONS FOR AND BENEFITS OF THE SUBSCRIPTION OF THE FINANCIAL PRODUCTS

In order to maximise the utilization of the surplus cash balances in the capital account without affecting the operational liquidity, Huabao Flavours, Huabao Kongque and Lhasa Huabao utilized part of their bank balances to subscribe for the Financial Products offered by Bank of Jiangsu and/or Bank of Nanjing with a view to achieving higher interest yields whilst maintaining high liquidity and relatively low risk exposure.

Taking into account of, among others, (i) the capital-protected nature of the Financial Products; (ii) the relatively low risk exposure of the Financial Products; (iii) the better expected rate of return than normal bank deposits generally offered by commercial banks in the PRC; and (iv) the relatively shorter terms to maturity, i.e. within twelve months, the Company considered that the Financial Products would provide the Group with better earnings in the long term than making normal bank deposits offered by licensed commercial banks in the PRC. The Financial Products have been closely and effectively monitored and managed by the Group.

As at the date of this announcement, the Group expected to gain interests on each of the Financial Products (the interests of which will be recorded on maturity). Further, the Financial Products were funded by the surplus cash balances of the Group and are highly liquid, therefore the investment in the Financial Products would not affect the working capital or the operation of the Group. As such, the Directors are of the view that the terms of each of the Financial Products are fair and reasonable and in the interests of the Company and the Shareholders as a whole.
