CHAIRMAN'S STATEMENT

Cheng Chi Ming, Brian
Chairman

It is my privilege to present the Group's financial results for the fiscal year ended 31 March 2023 (the "Reporting Period"), on behalf of the Board of Directors of Integrated Waste Solutions Group Holdings Limited (the "Company" and its subsidiaries, collectively referred to as the "Group"). Despite the COVID-19 pandemic, which continued to affect the Hong Kong economy during the Reporting Period, the impact of the pandemic has gradually subsided with the easing of restrictions, allowing the economy to steadily return to normal.

Following the pandemic, the Group has experienced an increase in economic activities, which has had a positive impact on our business. Our Confidential Materials Destruction Services ("CMDS") business segment has been a significant source of revenue for the Group, and we plan to adopt a more aggressive strategy to further enhance this business in light of the improved sentiment and business activity level.

The consumption voucher scheme introduced by the Hong Kong SAR government has had a positive impact on the collection of waste electrical and electronic equipment ("WEEE"), as more consumers purchased new products to replace their old ones. As a result, the collection of WEEE remained stable during the Reporting Period. In

CHAIRMAN'S STATEMENT

Mainland China, we achieved a new milestone in our hazardous waste treatment project, as the operation in Kaifeng, Henan, commenced after obtaining the necessary official licence. Together with the existing operation in Lianyungang City, Jiangsu, we are cautiously optimistic about the growth potential of this business despite facing intense competition.

During the Reporting Period, the Group suspended its tissue paper product production in view of the prevailing market conditions, and the Board will review the direction of this business segment. As the COVID-19 pandemic has finally become a thing of the past, our fundamental strategy remains unchanged. We are committed to providing long-term value to our shareholders by proactively building a solid pipeline of new projects. With customers expecting more of their waste materials to be recycled and regulations concerning recycling and waste reduction likely to be strengthened further, we will continue to monitor these developments closely and adapt our service offerings to identify opportunities to broaden sources of revenue while making a positive impact on the environment.

Lastly, on behalf of the Board, I would like to express our gratitude to the management team for their strong dedication to the Group, as well as to our investors, shareholders, business partners, and staff for their continuous support throughout the year.

Cheng Chi Ming, Brian

Chairman

MANAGEMENT DISCUSSION AND ANALYSIS

GROUP REVIEW

Integrated Waste Solutions Group Holdings Limited is a leading solid-waste solutions provider in Hong Kong, specializing in waste collection, recycling, and treatment businesses. Our Group offers waste management services related to Confidential Materials Destruction Services (“CMDS”), Waste Electrical and Electronic Equipment (“WEEE”) treatment and recycling, and other recyclable waste to a diverse range of customers in both the public and private sectors.

As a responsible business, we understand the importance of our role in resolving waste handling and disposal issues in Hong Kong and Mainland China, and we strive to address our customers’ current and evolving needs proactively. Therefore, we have been diversifying our waste management and recycling businesses and expanding them to cover Mainland China. Our hazardous waste treatment project in Lianyungang City, Jiangsu Province, is fully operational and to increase our total treatment capacity, our second hazardous waste treatment facility located in Kaifeng City, Henan Province, commenced operations in January 2023.

MARKET REVIEW

The Group is cautiously optimistic about a potential volume recovery in the aftermath of the global pandemic. Recent policy measures by the Hong Kong SAR government on waste management, such as the Producer Responsibility Scheme (“PRS”) implemented for municipal solid waste, plastic bags, and plastic beverage containers, present new opportunities for the recycling industry and are part of the solutions to efficient waste management.

FINANCIAL REVIEW

Loss attributable to equity shareholders of the Company for the year ended 31 March 2023 (“FY2023”) amounted to HK\$39.8 million, an increase of HK\$12.2 million compared to the year ended 31 March 2022 (“FY2022”).

Results of operating segments improved by HK\$2.4 million, as there was subsidy income of HK\$2.6 million received from the Hong Kong SAR government in FY2023. Net corporate expenses, however, increased by HK\$7.9 million or 20.1%, was mainly due to the recognition of foreign exchange loss of HK\$4.2 million in FY2023 (FY2022: foreign exchange gain of HK\$2.0 million), causing by the depreciation of the Renminbi.

MANAGEMENT DISCUSSION AND ANALYSIS

Due to the decline in profitability of the business, an impairment loss on property, plant and equipment of HK\$16.7 million was provided by the joint venture, RGF Environmental New Material Limited (“RGF”), during the year ended 31 March 2023. Accordingly, the Group has recognized its share of HK\$8.2 million loss in the share of results of joint ventures for the year.

Logistics service income	3,618	4,431	(813)	(18.3)
	42,338	42,124	214	0.5

MANAGEMENT DISCUSSION AND ANALYSIS

The Group's revenue from **Recovered Paper** business increased by HK\$1.8 million or 9.2% despite a drop in sales volume of 3.2%. This stable performance was due to a rise in product price of 12.8%. Sales revenue of recovered office paper generated from the CMDS services has increased by 1.3%, due to the increase in selling price of 13.0%. We are continuously exploring opportunities to acquire new clients and taking appropriate measures for long-term development.

The Group's revenue from service income of **CMDS** decreased slightly by HK\$0.1 million or 0.6%, to approximately HK\$15.8 million. The overall sentiment and activity level improved, and the segment's performance was on track, particularly after the impact of COVID-19 subsided since January 2023. With a diverse customer base that includes government authorities, financial and professional institutions, and private corporations in Hong Kong, we expect the income from this segment to steadily improve.

MANAGEMENT DISCUSSION AND ANALYSIS

Our joint venture with ALBA Group for the treatment and recycling of **WEEE** contributed income of HK\$12.3 million to the Group in FY2023, represents an increase of HK\$1.8 million or 17.4% compared to FY2022. We are confident that the Group will be able to expand the scope of WEEE operation to enhance revenue growth.

Our **Logistics** division primarily focuses on providing support services to other business segments of the Group, and it also plays a major role in the transportation of WEEE items. In FY2023, the number of trips decreased due to the impact of COVID-19, and service income declined by HK\$0.8 million or 18.3%.

RGF, our joint venture for the production of **recycled engineering plastic pellets**, has transformed itself into an OEM solution provider for plastic wastes. During the year ended 31 March 2023, an impairment loss on property, plant and equipment of HK\$16.7 million was provided by the joint venture due to the decline in profitability of the business. Accordingly, the Group has recognized its share of HK\$8.2 million loss in the share of results of joint ventures for the year.

MANAGEMENT DISCUSSION AND ANALYSIS

The Group's **Hazardous Waste Treatment** project in Mainland China operates through Dugong IWS HAZ Limited. While the operation in Lianyungang, Jiangsu, was impacted by the shutdown of operations due to the COVID-19 pandemic, our second project located in Kaifeng, Henan, commenced operations in January 2023. Environmental policies in Mainland China offer vast opportunities for waste treatment, and we are confident that the total treatment capacity will continue to ramp up, which will boost the Group's revenue.

Gross Profit and Gross Profit Margin

The Group recorded a gross profit of HK\$25.0 million in FY2023, which decreased by HK\$0.2 million or 0.6% when compared to FY2022. The gross profit margin of the Group decreased slightly from 59.7% in FY2022 to 59.0% in FY2023. Both gross profit and gross profit margin of FY2023 remained stable as FY2022.

Selling, Distribution, Administrative and Other Operating Expenses

Selling, distribution, administrative and other operating expenses amounted to a total of HK\$73.0 million, representing a decrease of HK\$3.4 million compared to FY2022. The reduction in these expenditures was due to the cost control measures initiated by the management throughout the year.

Loss Before Interest, Tax, Depreciation and Amortisation ("LBITDA")

With the increase in total share of loss from joint ventures and associate, together with the recognition of foreign exchange loss in FY2023, LBITDA for the year rose by approximately HK\$12.5 million, from HK\$7.1 million in FY2022 to HK\$19.6 million in FY2023.

Liquidity and Financial Resources

The Group operates a centralized treasury function to monitor its cash position, cashflow and funding requirements. The Group recognizes the need to achieve an adequate profit margin and considers it prudent to finance the Group's long-term growth by long-term financing, especially in the form of equity, which will not increase the Group's finance costs. The Group also acknowledges that it will encounter difficulty in raising funds from financial institutions by way of debt financing because of its recent financial performance and positions. During the current financial year, the Group had no financing exercise undertaken, except for the grant of loan from non-controlling interests shareholder of HK\$0.4 million, and all capital expenditure incurred was financed by internal resources.

MANAGEMENT DISCUSSION AND ANALYSIS

As at 31 March 2023, the Group had unrestricted bank deposits and cash of approximately HK\$74.4 million (2022: HK\$76.5 million). The Group had no bank loans and overdrafts as at 31 March 2023 (2022: Nil).

As at 31 March 2023, the Group had net current assets of approximately HK\$117.6 million, as compared to approximately HK\$142.3 million as at 31 March 2022. The current ratio of the Group was 9.7 as at 31 March 2023 as compared to 11.4 as at 31 March 2022.

Foreign Exchange Exposure

The Group mainly operates in Hong Kong with most of its sales denominated in Hong Kong dollars. Most of raw materials purchases are denominated in Hong Kong dollars. Furthermore, most of the Group's monetary assets and liabilities are denominated in Hong Kong dollars, Renminbi and United States dollars. Certain associate/joint venture companies have local currency project loans in place and these are naturally hedged against the investments in the same local currency of the entity concerned.

For the year ended 31 March 2023, the Group recorded a net foreign exchange loss of HK\$4.2 million (2022: foreign exchange gain of HK\$2.0 million) due to depreciation of the Renminbi during the year. The Group has not used any forward contracts, currency borrowings or other means to hedge its foreign currency exposure.

Major Capital Expenditure and Commitments

During the current financial year, the Group incurred approximately HK\$1.7 million for the capital expenditure in respect of the headquarters of the Group in Tseung Kwan O Industrial Estate, Hong Kong. As at 31 March 2023, the Group has capital commitments of approximately HK\$0.6 million, which are mainly related to the acquisition of I.T. infrastructure.

Pledge of Assets

As at 31 March 2023, the Group had no restricted or pledged bank deposits (2022: Nil).

Capital Structure

Details of the capital structure of the Company are set out in Note 22.

Contingent Liabilities

As at 31 March 2023, the Group has, upon receiving legal advice, lodged certain claims against a former director and employee, the outcomes of which remain to be seen.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE

The Group is a trusted integrated waste solutions provider in Hong Kong and Mainland China, with a commitment to sustainability that aligns with the demand from our customers for more recovery from waste materials. We recognize our share of environmental and social responsibilities and are dedicated to ensuring a sustainable future. By integrating environmental, social, and governance ("ESG") considerations into our daily business operations, we aim to contribute to the resolution of sustainability issues.

MANAGEMENT DISCUSSION AND ANALYSIS

We have published details of our ESG performance in the Group's ESG report, which is available on the websites of the Stock Exchange and the Group, in compliance with the ESG Reporting Guide set out in Appendix 27 to the Rules Governing the Listing of Securities on the Main Board of the Stock Exchange (the "Listing Rules"). This section explains the Group's environmental policy and our relationship with our key stakeholder groups.

Environmental Policy and Compliance

As an integrated waste solutions provider, we are committed to providing efficient waste management services and implementing effective practices to safeguard the environment. We have set quantitative environmental objectives, including water-saving measures and wastewater reduction, in accordance with our ISO 14001:2015 certified environmental management system.

The Group identifies environmental risks that our operations might entail and develops remedial initiatives on an ongoing basis. We implement control procedures and measures to mitigate the environmental impacts of our business operations, such as strategic route planning to ensure emission control in our logistics fleet. During the year, we expanded our rooftop solar energy system by adding another 430 panels and conducted an LED retrofit in our CMDS workshop.

We strictly adhere to all applicable environmental laws and regulations, including but not limited to the Waste Disposal Ordinance, Water Pollution Control Ordinance, and Air Pollution Control Ordinance. During the Reporting Period, we were not aware of any instances of non-compliance with laws and regulations that have a significant impact on the Group relating to environmental laws and regulations.

Engagement with Stakeholders

The Group values its relationship with stakeholders and spares no effort to maintain close ties with them. We have established various communication channels to engage stakeholders from different sectors and backgrounds, including employees, customers, investors, NGOs, suppliers, and subcontractors. This process forms an integral part of our determination of the influence our operations have on stakeholders' decision-making and the impact on the environment, economy, and community.

We believe that engaging with our stakeholders is crucial to understanding their expectations and needs. This enables us to develop and implement effective strategies that address their concerns and contribute to the sustainable development of our business.

Employees

At the Group, we recognize that our success depends on the contribution of each employee, and we strive to provide them with the tools they need to safely execute their roles and develop and excel in their careers. As of 31 March 2023, we had a total of 98 employees, and employee costs, including directors' emoluments, amounted to HK\$40.4 million for FY2023 (FY2022: HK\$44.7 million).

In addition to complying with relevant employment laws, we respect the rights of our employees and adhere to fair employment practices in recruitment, appraisal, and the provision of welfare and benefits. We recognize each individual employee at every stage of employment and have zero tolerance for any form of discrimination. An employee grievance mechanism is in place to address employees' concerns and needs.

MANAGEMENT DISCUSSION AND ANALYSIS

A large number of our employees work as drivers, heavy equipment operators, and sorters, jobs that involve risk hazards. Our Safety Management Committee is responsible for overseeing employees' health and safety and ensuring compliance with relevant laws and regulations related to occupational health and safety. During the Reporting Period, our CMDS and RGF operations were both awarded accolades for health and safety.

We value the contribution of our employees to the Group and are committed to supporting their career development. We offer a wide range of internal and external training schemes to enhance their professional skills. Our training and development programs include but are not limited to the Code of Conduct, safety, environmental protection, and professional development.

Customers

The Group is uniquely equipped to meet the needs of our customers related to waste management, both today and in the future as we work together to create a more sustainable world. We have the expertise necessary to collect and handle waste efficiently and responsibly, maximizing resource value and minimizing environmental impact, so that both our customers and our environment can thrive.

We engage our customers through an annual satisfaction survey and grievance mechanism, ensuring that feedback is collected, rectification measures are taken, and service quality is improved on an ongoing basis. This allows us to understand our customers' needs and expectations, and tailor our services to meet those requirements. We believe that open communication with our customers is essential to building long-term relationships and contributing to the sustainable development of our business.

By continuously improving our services and processes, we aim to be the preferred partner for waste management solutions for our customers. We are committed to providing quality services that exceed our customers' expectations while minimizing our environmental impact.

Suppliers

We value our relationship with our suppliers and maintain a broad network of suppliers and subcontractors who share environmental and social responsibilities related to our operations. We have a selection criterion in place to ensure suppliers meet our standards on quality and ESG requirements, with priority given to suppliers with environment-friendly measures. For existing suppliers, we assess their performance annually based on price, product and service quality, cooperation, on-time delivery, and performance in meeting environmental requirements. Suppliers with unsatisfactory performance are removed from our supplier list.

We believe that working closely with our suppliers and subcontractors is essential to achieving our sustainability goals. By selecting and working with suppliers who share our values and commitment to sustainability, we can create a more sustainable supply chain and minimize our environmental impact.

MANAGEMENT DISCUSSION AND ANALYSIS

Community

We seek opportunities to contribute to the well-being of the communities where we operate. This year, we collaborated with an NGO to offer free logistic services for waste collection, with the goal of expanding this service in the future. We believe that this initiative can help to reduce the environmental impact of waste and promote sustainable waste management practices.

We also continued to participate in Earth Hour, an annual global event that raises awareness about climate change. This event is an opportunity for us to engage our employees and encourage them to take action to reduce their carbon footprint. By participating in this event, we hope to inspire our employees to adopt environmentally friendly practices in their daily lives and contribute to a more sustainable future.

PROSPECTS

Although there is still uncertainty regarding the possibility of a resurgence of COVID-19 variants or other pandemic conditions that could impact our business in the future, we remain optimistic about volume recovery. We expect stable revenue streams from our high-quality CMDS services and an efficient logistics fleet. Additionally, our joint venture operations in WEEE and hazardous waste treatment will also provide steady sources of income.

As we transform into a high value-added business, we will continue to strive towards our goal of becoming one of the most reputable integrated waste solutions providers in Hong Kong and Greater China. We are committed to providing innovative and sustainable solutions that meet our customers' evolving needs while minimizing our environmental impact. We will continue to invest in technology, infrastructure, and talent development to enhance our capabilities and maintain our competitive edge.

We believe that our commitment to sustainability and our strong relationship with our stakeholders, including customers, employees, and suppliers, will enable us to navigate the challenges ahead and emerge as a more resilient and successful business. We remain focused on creating long-term value for all our stakeholders and contributing to the sustainable development of our communities.

These share options represented personal interest held by the relevant Directors as the beneficial owners.

Save as disclosed in this report and in note 22(c) to the financial statements about the Share Option Scheme, at no time during the year or at the end of the financial year ended 31 March 2023 was any right to acquire benefits by means of the acquisition of shares in, or debentures, of the Company granted to any Directors or their respective spouses or minor children or exercised by any of them; or was the Company, or any of its holding companies, subsidiaries or fellow subsidiaries entered into any arrangement to enable the Directors to acquire such rights in any other body corporate.

* Mr. Tsang On Yip, Patrick retired as a non-executive Director with effect from the conclusion of the annual general meeting of the Company on 30 August 2022.

REPORT OF THE DIRECTORS

SHARE OPTION SCHEME

The Company adopted a share option scheme on 11 March 2010 (the “Share Option Scheme”). The purpose of the Share Option Scheme was to provide incentives to the Group’s employees including the executive directors and non-executive directors and any advisers, consultants, suppliers, customers and agents (each “eligible participant”). The Share Option Scheme was valid and effective for a period of 10 years from the date of adoption, expired on 10 March 2020. The subscription price for shares granted pursuant to the Share Option Scheme was determined by the Board of Directors of the Company in its absolute discretion but should not be less than the highest of:

- the closing price of the shares of the Company stated in the Stock Exchange’s daily quotations sheet on the business day on which an offer was made to a participant;
- the average of the closing prices of the shares stated in the Stock Exchange’s daily quotations sheets for the five business days immediately preceding the date on which such offer was made; and
- the nominal value of a share of the Company.

The total number of shares which might be issued upon exercise of all options granted under the Share Option Scheme must not, in aggregate, exceed 10% of the total number of shares in issue immediately following the completion of the Initial Public Offering and the capitalisation issue but excluding the effect of the over-allotment. The 10% limit might be refreshed with the approval by the shareholders. The maximum number of shares which might be issued upon exercise of all outstanding options granted, and yet to be exercised, under the Share Option Scheme and any other share option schemes of the Company must not exceed 30% of the issued share capital of the Company from time to time.

The total number of shares issued and to be issued upon exercise of all options granted under the Share Option Scheme to each participant (including both exercised, cancelled and outstanding options) in any 12-month period should not exceed 1% of the total number of issued shares of the Company. Any further grant of share options in excess of this limit was subject to shareholders’ approval in a general meeting.

Share options granted to a director, chief executive or substantial shareholder of the Company, or to any of their associates, were subject to approval in advance by the independent non-executive directors of the Company. In addition, if shares issued and to be issued upon exercise of all options granted under the Share Option Scheme (including options exercised, cancelled and outstanding) to a participant who was a substantial shareholder or an independent non-executive director of the Company, or any of their associates, in any 12-month period (i) represent in aggregate more than 0.1% of the total number of shares in issue, and (ii) have an aggregate value, based on the closing price of the shares of the Company at the date of each grant, in excess of HK\$5,000,000, the proposed grant of option must be approved by the shareholders of the Company in a general meeting.

REPORT OF THE DIRECTORS

An offer of options must be accepted within 30 days from the date of offer, upon payment of a consideration of HK\$1 by the grantee. The exercise period of any option granted under the Share Option Scheme should not be longer than 10 years from the date of grant of the relevant option. There was no minimum period for which an option must be held before the exercise of the option except otherwise imposed by the Board of Directors of the Company.

On 7 September 2016, a total of 157,850,000 options (“Options”) under the Share Option Scheme to subscribe for the shares of the Company were granted, subject to the acceptance of the grantees on or before 7 October 2016. Of which, a total of 152,150,000 Options were accepted by the grantees. Each Option shall entitle the holder to subscribe for one share of the Company upon exercise of such Option at an initial exercise price of HK\$0.128 per share.

The Options granted and accepted were exercisable during the period from 7 September 2017 to 6 September 2022 (both dates inclusive) subject to the Vesting Period set out as follows:

Tranche	Vesting Period
1	50% of the Options granted and accepted were exercisable from 7 September 2017 to 6 September 2022 (up to 50% of the Options granted and accepted were exercisable)
2	50% of the Options granted and accepted were exercisable from 7 September 2018 to 6 September 2022 (all Options granted and accepted were exercisable)

The Scheme Period of the Share Option Scheme expired and no Share was available for issue under the Share Option Scheme as at the date of this Annual Report. All the outstanding Options granted under the Share Option Scheme lapsed on 7 September 2022. No Option was granted, exercised nor cancelled during the year ended 31 March 2023.

Further particulars of the Share Option Scheme and movements of share options granted under the Share Option Scheme during the year are set out in note 22(c) to the financial statements.

Proposed adoption of new share option scheme

In view of the expiration of the Share Option Scheme, the Board proposes to adopt a new share option scheme, and ordinary resolutions will be proposed at the 2023 AGM to seek approval of the Shareholders for the adoption of the new share option scheme, the scheme mandate limit and the service provider sublimit. For more details of the proposed new share option scheme, please refer to the circular accompanying this Annual Report.

REPORT OF THE DIRECTORS

Mr. Wong Kim Pun	4	Interest in controlled corporation	780,000,000 (L)	16.17%

* The letter "L" denotes the person's long position in the Shares.

Notes:

- As at 31 March 2023, Cheng Yu Tung Family (Holdings) Limited and Cheng Yu Tung Family (Holdings II) Limited held approximately 48.98% and 46.65% interest in Chow Tai Fook Capital Limited respectively, which in turn held an approximately 81.03% interest in Chow Tai Fook (Holding) Limited. As such, each of Cheng Yu Tung Family (Holdings) Limited, Cheng Yu Tung Family (Holdings II) Limited and Chow Tai Fook Capital Limited is deemed to be interested in the 2,742,514,028 Shares.
- Chow Tai Fook (Holding) Limited is the controlling shareholder of Chow Tai Fook Nominee Limited and the 100% holding company of Prestige Safe Limited, and accordingly Chow Tai Fook (Holding) Limited is deemed to be interested in an aggregate of 2,742,514,028 Shares.
- Chow Tai Fook Nominee Limited is the beneficial owner of 1,530,601,835 Shares and is interested in 732,550,000 Shares through its interest in a wholly-owned subsidiary, Victory Day Investments Limited, which in turn wholly owns Smart On Resources Ltd.
- Pursuant to the disclosure of interests notification received by the Company, Mr. Wong Kim Pun controls 100% interest in Firstrate Enterprises Limited and hence is deemed to be interested in 780,000,000 shares of the Company held by Firstrate Enterprises Limited.

REPORT OF THE DIRECTORS

Save as disclosed above, the Company has not been notified of any other person who had an interest or short position in the Shares or underlying Shares of the Company as recorded in the register kept by the Company pursuant to Section 336 of the SFO as at 31 March 2023.

RELATED PARTY TRANSACTIONS AND CONNECTED TRANSACTIONS

During the year ended 31 March 2023, the Group entered into certain transactions with ‘related parties’ as defined under the applicable accounting standards. Details of the Group’s related party transactions are disclosed in note 25 to the financial statements.

Continuing connected transactions which are exempt from the circular, independent financial advice and independent shareholders’ approval requirements, but subject to the reporting and announcement requirements under Rule 14A.101 of the Listing Rules

On 16 April 2021, I-Talent Paper Product (HK) Limited (“I-Talent”), an indirect non-wholly owned subsidiary of the Company, entered into a manufacturing and supply agreement with Samiton Limited (“Sमितon”) which serves as a master agreement by which Samiton exclusively engages I-Talent to manufacture and supply paper products including box facial, soft pack and mini hankies (the “Products”) for a term of three years commencing from 1 April 2021 and ending on (and including) 31 March 2024 (the “Manufacturing and Supply agreement”). Pursuant to the terms of the Manufacturing and Supply Agreement, Samiton agrees to engage I-Talent exclusively to manufacture the Products in respect of all purchase orders for the Own Products and the OEM Products placed by the customers of Samiton. Samiton and I-Talent will from time to time enter into specific written agreements in respect of orders to be placed by Samiton with I-Talent for the Products, provided that the terms and conditions of such specific agreements are not inconsistent with the terms of the Manufacturing and Supply Agreement. Details of the Manufacturing and Supply Agreement were set out in the announcement of the Company dated 16 April 2021 (the “CCT Announcement”). Capitalised terms used in this section have the same meanings as those defined in the CCT Announcement.

As at the date of signing of the Manufacturing and Supply Agreement, I-Talent was owned as to 51% indirectly by the Company and as to 49% by Talent First Limited, which in turn was owned as to 60% by Samiton. Therefore, Samiton is a substantial shareholder of I-Talent. Mr. Yung Wai Man, Danny (who owned Samiton as to 44.5%) and another shareholder of Samiton were also directors of I-Talent. Samiton was a connected person of the Company at subsidiary level because of its indirect shareholding in I-Talent and its being an associate of Mr. Yung Wai Man, Danny under the Listing Rules. Based on the foregoing, the transactions contemplated under the Manufacturing and Supply Agreement constituted continuing connected transactions of the Company under the Listing Rules.

REPORT OF THE DIRECTORS

During the year ended 31 March 2023, the aggregate amount of purchase price paid by Samiton to I-Talent under the Manufacturing and Supply agreement is summarized as follows:

	Aggregate amount of purchase price paid for the year ended 31 March 2023 HK\$	Annual Cap for the year ended 31 March 2023 HK\$
Purchase price paid by Samiton to I-Talent in respect of the Transactions	192,000	8,600,000

The independent non-executive Directors have reviewed the above continuing connected transactions and confirmed that the transactions have been entered into:

- in the ordinary and usual course of business of the Group;
- either on normal commercial terms or better;
- according to the relevant agreement governing them on terms that are fair and reasonable and in the interests of the shareholders of the Company as a whole; and
- within the annual cap as set out in the CCT Announcement.

The Company's auditor was engaged to report on the Group's continuing connected transactions in accordance with Hong Kong Standard on Assurance Engagements 3000 (Revised) "Assurance Engagements Other Than Audits or Reviews of Historical Financial Information" and with reference to Practice Note 740 "Auditor's Letter on Continuing Connected Transactions under the Hong Kong Listing Rules", issued by the Hong Kong Institute of Certified Public Accountants. The auditor has issued an unqualified letter containing their findings and conclusions in respect of the above continuing connected transactions in accordance with paragraph 14A.56 of the Listing Rules.

REPORT OF THE DIRECTORS

DETAILS OF PERFORMANCE GUARANTEE UNDER RULE 14.36B

Reference is made to the announcement and the circular of the Company dated 11 December 2019 and 31 December 2019 respectively in relation to the acquisition of shares in Dugong IWS HAZ Limited (the “Target Company”). According to the terms of the Shareholders’ Agreement of the Target Company and the subsequent deed of adherence between the Group and the vendor, in the event that the aggregate net income (audited in accordance with the PRC GAAP) of 連雲港綠潤環保科技有限公司 (Lianyungang Lvrn Environmental Protection Technology Co., Ltd*) for the three years ended 31 December 2021 (the “Agreed Period”) is less than RMB90,000,000, the Group will receive cash payment from Dugong Limited (“Dugong”) out of the distributions to be made by the Target Company to Dugong in the amount calculated in accordance with the following formula:

$$(RMB90,000,000 - A) \times 51\% \times 40\% \text{ (less tax, expenses and interests (if any))}$$

where A is the aggregate audited net income of 連雲港綠潤環保科技有限公司 (Lianyungang Lvrn Environmental Protection Technology Co., Ltd.*) (“Lvrn”) during the Agreed Period.

Based on the audited accounts of Lvrn for the Agreed Period, the aggregate audited net income of Lvrn during the Agreed Period is approximately RMB69,123,780 (after agreed adjustments). Therefore, the Group has become entitled to receive from Dugong a sum of approximately RMB4,258,749 (equivalent to approximately HK\$4,868,000 using an exchange rate of RMB0.8749:HK\$1.00 as at 31 March 2023) (the “Agreed Sum”) as a result of a shortfall of approximately RMB20,876,220 between RMB90,000,000 and RMB69,123,780.

Since the board of directors of the Target Company has resolved not to declare any dividends or make any other distributions to its shareholders for the Agreed Period or the year under review, the Group has not received the Agreed Sum or any part thereof as at the date of this Annual Report. Subject to any future declaration of dividends and/or making of other distributions by the Target Company and (if declared or made) the amount(s) of dividends and/or distributions to be paid to Dugong, the Group will receive the Agreed Sum or any part thereof. The Company will closely monitor the payment status of the Agreed Sum.

A permitted indemnity provision for the benefit of the Directors was in force as of the date of this report and during the financial year ended 31 March 2023. The Company has maintained directors and officers liability insurance for the directors of the Company and its subsidiaries.

EVENTS AFTER THE REPORTING PERIOD

Except for matters disclosed elsewhere in this Annual Report, the Group had no other events subsequent to the end of the reporting period to disclose.

REVIEW OF THE AUDITED FINANCIAL STATEMENTS BY AUDIT COMMITTEE

The Audit Committee of the Company, which comprises three independent non-executive Directors and two non-executive Directors with written terms of reference in accordance with the requirements of the Listing Rules, reports to the Board. The Audit Committee has reviewed the audited consolidated financial statements for the year ended 31 March 2023.

AUDITOR

The consolidated financial statements for the year ended 31 March 2023 have been audited by KPMG, which will retire and, being eligible, offer itself for re-appointment at the 2023 AGM. A resolution for the re-appointment of KPMG as auditor of the Company and authorisation of the Board to fix the auditor's remuneration is to be proposed at the 2023 AGM.

On behalf of the Board

Cheng Chi Ming, Brian

Chairman

Hong Kong, 29 June 2023

CORPORATE GOVERNANCE REPORT

The Company is committed to maintain a high standard of corporate governance and has adopted the principles and code provisions of the Corporate Governance Code (the “CG Code”) set out in Appendix 14 to the Listing Rules. The Company has complied with the code provisions set out in the CG Code throughout the financial year ended 31 March 2023.

The Company has, in order to strengthen its overall corporate governance and without prejudice to the principles of the CG Code, established various policies focusing, in particular, on risk management, internal communication and internal control mechanisms. These policies, subject to regular review from time to time by the Board of Directors, stipulate for staff compliance the necessary policies and instructions on corporate governance, finance and accounting, human resources and administration. The Company will continue improving its corporate governance that is conducive to the conduct and growth of its business, and aligning the corporate culture of good governance with its purpose, value and strategy, thereby meeting the expectations of shareholders and investors.

BOARD OF DIRECTORS

The Board, led by the Chairman of the Company, is responsible for the leadership and control of the Company and overseeing the Group’s overall businesses, performance, strategic decisions, corporate governance, internal control and risk management functions, and corporate social responsibility policy. The Board has delegated, by way of clear direction and remit, to the senior management of the Company the authority and responsibility for the day-to-day management and operation of the Group. In addition, the Board has established Board committees and delegated to these committees various responsibilities as set out in their respective terms of reference.

The Board reserved its decision for all major matters of the Company, including approval and monitoring of all policy matters, overall strategies and budgets, internal control and risk management systems, material transactions (in particular those that may involve conflict of interests), financial information (including but not limited to annual and interim results), appointment of directors, dividend policy and other significant financial and operational matters.

The Board delegated a schedule of responsibilities to the senior management of the Company. These responsibilities include implementing decisions of the Board, directing and coordinating day-to-day operation and management of the Group in accordance with the management strategies and plans approved by the Board, formulating and monitoring the operational and production plans, budgets, and control systems.

For effective leadership and control, the Board regularly reviews reports and updates from the senior management of the Company on the progress of the approved strategies, plans, budget and control systems, and receives recommendations and advice from various Board committees in respect of the delegated governance matters.

CORPORATE GOVERNANCE REPORT

The Board currently comprises seven directors, including two executive Directors, two non-executive Directors and three independent non-executive Directors as follows:

The positions of the Chairman and the Chief Executive Officer are currently held by separate individuals for the purpose of ensuring an effective segregation of duties and a balance of power and authority, and they are Mr. Cheng Chi Ming, Brian and Mr. Lam King Sang respectively.

The roles of the Chairman and Chief Executive Officer are as follows:

- The Chairman provides leadership and is responsible for the effective functioning and leadership, with good corporate governance practices and procedures.
- The Chief Executive Officer is responsible for administering and managing the Group's business and internal controls, including the implementation of major strategies and initiatives decreed and delegated by the Board.

CORPORATE GOVERNANCE REPORT

Non-executive Directors and Independent Non-executive Directors

Each of the non-executive Directors and the independent non-executive Directors possesses different business experience, knowledge and professional background. The Board has met the requirements of the Listing Rules relating to the appointment of at least three independent non-executive Directors, representing at least one-third of the Board with at least one of them possessing appropriate professional qualifications or accounting or related financial management expertise.

The Board has received a written annual confirmation of independence from each existing independent non-executive Director. The Nomination Committee has reviewed and assessed the annual confirmation of each independent non-executive Director based on the independence criteria as set out in Rule 3.13 of the Listing Rules and formed the view that all of them remain independent.

The Company has established formal and informal channels to ensure independent views and input are available to the Board. Independent non-executive Directors are invited to serve as the chairmen and majority members on the Audit Committee, the Remuneration Committee and the Nomination Committee. Through participation in Board meetings, providing valuable perspectives to the Board discussions, taking the lead in managing issues involving potential conflict of interests and serving on various Board committees, all independent non-executive Directors are contributory to the effective running of the Company, and free to express their views in an open and candid manner. The Chairman annually holds meeting(s) with the independent non-executive Directors without the presence of other Directors. Should the circumstances require, independent non-executive Directors have open access to interact with the management and other Board members including the Chairman outside the boardroom. In addition, the Group has whistleblowing policy and system in place for employees and those who deal with the Group to raise concerns, in confidence and anonymity, with the Audit Committee comprising a majority of independent non-executive Directors about possible improprieties in any matter related to the Group. The implementation and effectiveness of the above mechanisms are subject to annual review by the Board.

Independent non-executive Directors have also confirmed that they are able to make sufficient time available to discharge their duties and responsibilities for the benefit of the Company.

The list of Directors (by category) is set out and disclosed in all corporate communications issued by the Company pursuant to the Listing Rules from time to time. The independent non-executive Directors are expressly identified in all corporate communications pursuant to the Listing Rules.

The biographical details of the Directors and the relationships among the members of the Board are disclosed under the section headed "Directors and Senior Management" in this Annual Report.

DIRECTORS' APPOINTMENT AND DIRECTORS' RE-ELECTION

During the year ended 31 March 2023, each of the executive Directors, non-executive Directors and independent non-executive Directors was engaged for a term of three years commencing from their respective dates of appointment, and was subject to retirement by rotation and re-election pursuant to the Articles of Association.

According to the Articles of Association, at each annual general meeting one-third of the Directors for the time being, or, if their number is not 3 or a multiple of 3, then the number nearest to but not less than one-third, shall retire from office by rotation provided that every Director (including those appointed for a specific term) shall be subject to retirement by rotation at least once every 3 years. Besides, any new Director appointed by the Board to fill a casual vacancy shall submit himself/herself for re-election by Shareholders at the first general meeting of the Company after his/her appointment, and any new Director so appointed by the Board as an addition to the Board shall submit himself/herself for re-election by Shareholders at the next annual general meeting.

CORPORATE GOVERNANCE REPORT

In accordance with Article 108 of the Articles of Association and in compliance with the Corporate Governance Code as set out in Appendix 14 to the Listing Rules, Messrs. Tam Sui Kin, Chris, Chow Shiu Wing, Joseph and Wong Man Chung, Francis shall retire from their office as Director by rotation at the 2023 AGM. All the retiring Directors, being eligible, will offer themselves for re-election at the 2023 AGM. The Company's circular, sent together with this Annual Report, contains detailed information of the above retiring and re-electing Directors pursuant to the Listing Rules.

The procedures and process of appointment, re-election and removal of directors are laid down in the Articles of Association and governed by the Nomination Policy of the Company. The Nomination Committee is responsible for reviewing Board composition, developing and formulating procedures for nomination and appointment of directors, and assessing the independence of independent non-executive directors. Details of the Nomination Committee and its work performed are set out in the "Nomination Committee" section below.

DIRECTORS' ATTENDANCE RECORDS AT MEETING

CORPORATE GOVERNANCE REPORT

DIRECTORS' TRAINING

All the Directors received an induction on appointment to ensure appropriate understanding of the business and operation of the Group, and full awareness of director responsibilities and obligations under the Listing Rules and relevant regulatory requirements.

The Directors were updated with new legal and regulatory developments, and changes in business and market dynamics to facilitate the discharge of their responsibilities. Professional briefings and anti-corruption training by the relevant subject matter experts were arranged for the Directors and managerial staff through which not only to refresh their knowledge and skills, but also promote the good corporate culture set by the Board. Trainings in different forms such as seminar, workshop, webinar and professional forum received by each of the existing Directors during the year from 1 April 2022 to 31 March 2023 are summarised as follows:

BOARD COMMITTEES

For the year ended 31 March 2023, the Board had four standing Board committees, namely, Executive Committee, Audit Committee, Remuneration Committee and Nomination Committee to oversee particular aspects of the Company's affairs. All Board committees were established with defined terms of reference. The updated terms of reference of the Audit Committee, Remuneration Committee and Nomination Committee are available on the websites of the Company and the Stock Exchange. All Board committees report to the Board on their decisions and give advice and recommendations to the Board relating to specific matters under the defined terms of reference.

CORPORATE GOVERNANCE REPORT

The practices, procedures and arrangements in conducting the meetings of Board committees are in line with those of the Board meetings. All Board committees are provided with sufficient resources to discharge their duties and are at liberty to seek independent professional advice as they see fit at the Company's expense. All Directors and Board committee members are allowed to include matters in the agenda of the regular Board meetings and Board committees meetings.

During the year, the minutes of the Board and Board committee meetings kept by the company secretary were available for inspection by the relevant Directors. The minutes of the Board and Board committee meetings recorded sufficient details of matters considered and decisions reached. The draft and final version of the minutes were sent to all relevant Directors for comments and execution within a reasonable time after the Board and Board committee meetings.

EXECUTIVE COMMITTEE

The Executive Committee is composed of two executive Directors with Mr. Lam King Sang acting as its chairman. The Executive Committee operates as a general management committee under the direct authority of the Board to increase the efficiency for the business decisions. It monitors the execution of the Company's strategic plans and operations by all business units and decides on matters relating to the management and day-to-day operations of the Group.

AUDIT COMMITTEE

The Audit Committee comprises five members, namely, Mr. Wong Man Chung, Francis, Mr. Chow Shiu Wing, Joseph and Mr. Chan Ting Bond, Michael, being independent non-executive Directors, and Mr. Cheng Chi Ming, Brian and Mr. Lee Chi Hin, Jacob, being non-executive Directors. Mr. Wong Man Chung, Francis who possesses relevant accounting and financial management expertise is the chairman of the Audit Committee. Mr. Wong is a Certified Public Accountant (Practising) and has over 30 years of experience in auditing, taxation, corporate internal control and governance, acquisition and financial advisory.

The principal duties of the Audit Committee are to (i) review the financial statements and reports and consider any significant or unusual items raised by the management responsible for the accounting and financial reporting function or external auditor before submission to the Board; (ii) review the relationship with the external auditor by making reference to the audit plan and work performed by the auditor, their fees and terms of engagement, and by making recommendations to the Board on the appointment, re-appointment and removal of external auditor; and (iii) review the adequacy and effectiveness of the Company's financial reporting system, risk management and internal control systems and associated control procedures.

CORPORATE GOVERNANCE REPORT

The Board has delegated to the Audit Committee the responsibilities for performing the following corporate governance duties:

- a. to develop and review the Company's policies and practices on corporate governance and make recommendations to the Board;
- b. to review and monitor the training and continuous professional development of directors and senior management of the Company;
- c. to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;
- d. to develop, review and monitor the code of conduct and compliance manuals (if any) applicable to employees and directors of the Company; and
- e. to review the Company's compliance with the CG Code as set out in Appendix 14 of the Listing Rules and disclosure in the corporate governance report in the annual report of the Company.

During the year ended 31 March 2023, the Audit Committee has performed the following major tasks:

- Review and discussion of the annual financial statements, annual results announcement, annual report, the related accounting principles and practices adopted by the Group and the relevant audit findings;
- Review and discussion of the interim financial report, interim results announcement, interim report and the related accounting principles and practices adopted by the Group;
- Review of the scope of external audit work, audit plan, auditor's fees and terms of engagement;
- Review and approval of KPMG's confirmation of independence, its reports to the Audit Committee, and recommendation to the Board for the appointment of the external auditor;
- Review and discussion of the internal audit plan and the internal audit reports of the Group;
- Review and assessment of the adequacy and effectiveness of the risk management and internal control systems of the Group and the associated action plans;
- Consideration and review of the continuing connected transactions for the year;

CORPORATE GOVERNANCE REPORT

- Review of the corporate governance practices of the Group;
- Review of the draft ESG report with a recommendation to the Board for approval; and
- Recommendation of the revision of the terms of reference of the Audit Committee.

To maintain effective communication, the Audit Committee and the external auditor held two private meetings without the presence of any executive Directors or the management of the Company during the year.

All issues raised by the Audit Committee are addressed and dealt with by the relevant members of the management team, and the work, findings and recommendations of the Audit Committee are reported to the Board. During the year ended 31 March 2023, there was no disagreement between the Board and the Audit Committee, and there was no issue of significant importance requiring disclosure in this Annual Report under the Listing Rules.

The Company has adopted a whistleblowing policy for its employees, customers, suppliers and other stakeholders through which to raise concerns in confidence and anonymity, with the Audit Committee about any suspected misconduct or malpractice within the Company. The Audit Committee has the overall responsibility for monitoring and reviewing the operation of the policy and recommendations for action resulting from the investigation into any such complaints.

REMUNERATION COMMITTEE

The Remuneration Committee comprises four members, namely, Mr. Chan Ting Bond, Michael, Mr. Chow Shiu Wing, Joseph and Mr. Wong Man Chung, Francis, being independent non-executive Directors and Mr. Lee Chi Hin, Jacob, being non-executive Director. Mr. Chan Ting Bond, Michael is the chairman of the Remuneration Committee.

The principal duties of the Remuneration Committee are to (i) make recommendations to the Board on the Company's policy and structure for all remuneration of Directors and senior management of the Company and the establishment of a formal and transparent procedure for developing policy on such remuneration; (ii) make recommendations on the remuneration packages of executive Directors; (iii) determine with delegated responsibility, the specific remuneration packages of individual senior management of the Company; and (iv) review and approve performance-based remuneration by making reference to corporate goals and objectives handed down by the Board from time to time.

The Company has formal and transparent procedures for fixing the remuneration packages of individual Directors. Human Resources Department is responsible for collection and administration of the human resources data and making recommendations to the Remuneration Committee for consideration. Details of the remuneration of each Director for the year ended 31 March 2023 are set out in note 10(a) to the financial statements contained in this Annual Report.

CORPORATE GOVERNANCE REPORT

During the year ended 31 March 2023, the Remuneration Committee has performed the following major tasks:

- Review and discussion of the remuneration policy and structure of Directors and senior management of the Company;
- Review and recommendation to the Board in respect of the emoluments including discretionary and performance bonus to the executive Directors and senior management of the Company;
- Review of the Director's fees of the Board members;
- Setting up a bonus award system and KPIs for the executive Directors in line with the value and growth of the Company;
- Recommendation of the remuneration package of an executive Director on renewal of his service agreement;
- Recommendation of the Director's fee of independent non-executive Directors and a non-executive Director on the renewal of their appointments;
- Consideration of setting up of a new share option scheme of the Company and discussion of the new share option scheme rules that fit for the Group's circumstance; and
- Recommendation of the revision of the terms of reference of the Remuneration Committee.

NOMINATION COMMITTEE

The Company established the Nomination Committee in accordance with the provisions set out in the CG Code. The Nomination Committee comprises four members, Mr. Chow Shiu Wing, Joseph, Mr. Wong Man Chung, Francis and Mr. Chan Ting Bond, Michael, being the independent non-executive Directors, and Mr. Lee Chi Hin, Jacob, being non-executive Director. Mr. Chow Shiu Wing, Joseph is the chairman of the Nomination Committee.

The principal duties of the Nomination Committee are to (i) review the Board composition; (ii) develop and formulate relevant procedures for the nomination and appointment of Directors; (iii) identify qualified individuals to become members of the Board; (iv) monitor the appointment and succession planning of Directors; and (v) assess the independence of independent non-executive Directors.

During the year ended 31 March 2023, the Nomination Committee has performed the following works:

- Review and discussion of the structure, size, diversity and composition of the Board and its committees taking into account the nomination policy, the Board diversity policy and the availability of independent views to the Board, with a recommendation to the Board for approval;
- Monitoring the implementation of the Board diversity policy and the measurable objectives for achieving Board diversity, and review of the effectiveness of the Board diversity policy;

CORPORATE GOVERNANCE REPORT

- Discussion of the strategy and setting a numerical target and timeline for achieving the gender diversity at Board Level;
- Review and assessment of the independence of the independent non-executive Directors upon re-appointment and annually;
- Recommendation to the Board on the change of Board committees members;
- Recommendation to the Board in respect of the proposed re-election of the retiring Directors at the annual general meeting of the Company; and
- Recommendation of the renewal of appointments of Directors.

Nomination Policy

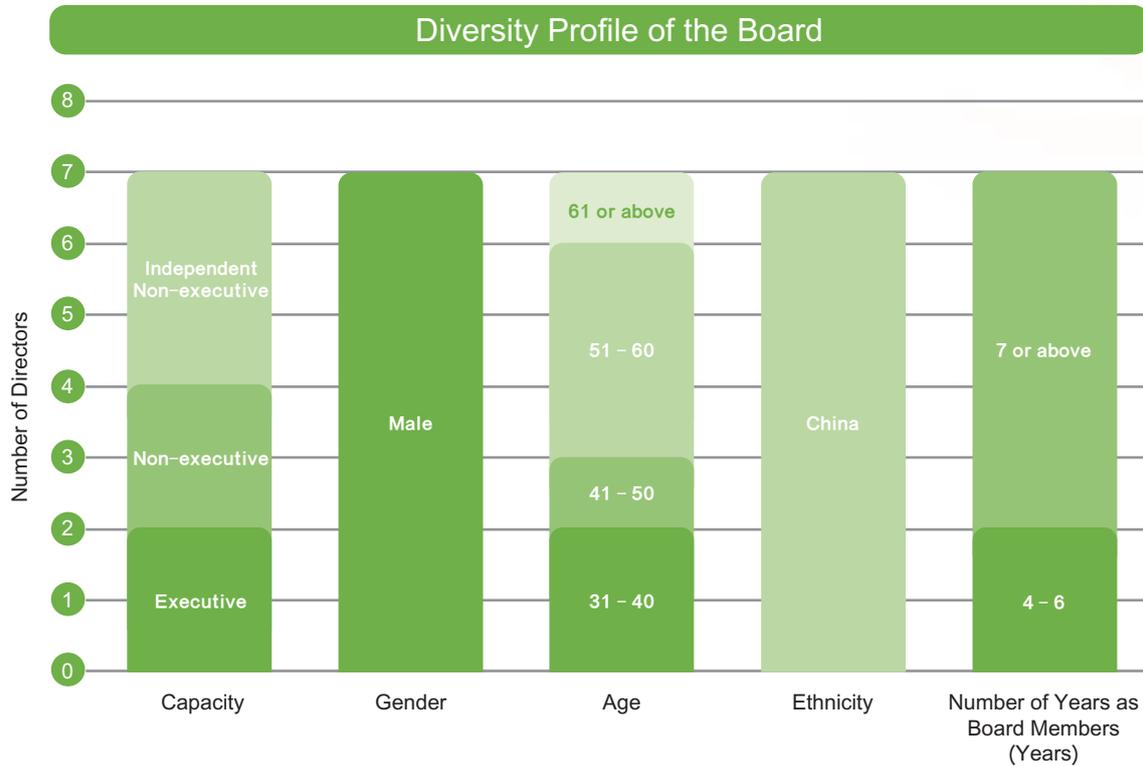

The Company has the policy for appointment and re-appointment of directors to ensure the Board has a balance of skills, experience and diversity of perspectives appropriate to the Company's business. In assessing the suitability of a candidate for directorship, the Nomination Committee will consider, among other things, the candidate's qualifications, experience, skills, qualities, characters, the potential contribution the candidates can bring to the Company, the ability to devote sufficient time and attention to the Board, and the factors set out in the Board diversity policy. In the case of the appointment or re-appointment of independent non-executive Directors, the Nomination Committee will assess the independence of the appointees having regard to the criteria set out in the relevant Listing Rules.

The Nomination Committee will evaluate each proposed new appointment or re-appointment of a Director against the above criteria before making a recommendation to the Board for consideration and, as the case may be, approval. The Nomination Committee will make recommendations as appropriate to the Board with respect to election and re-election of Directors by the shareholders of the Company at general meetings. Where the shareholders of the Company are required to vote on electing or re-electing a Director, the circular to the shareholders of the Company accompanying the notice of the relevant general meeting will contain information on such Director as required under the Listing Rules and the Board's recommendation.

Board Diversity Policy

The Board recognises the benefits of diversity of its members, and its Nomination Committee is therefore entrusted with the responsibility for identifying and recommending to the Board for endorsement suitably qualified individuals regardless of gender, age, and ethnicity to become members of the Board. As can be seen, the incumbents of the Board (including the executive Directors, non-executive Directors and independent non-executive Directors) are taken on strength by reference to their respective qualifications, experiences, skills, qualities, and characters that satisfy the requirements under Listing Rules 3.08 and 3.09. The Nomination Committee will continue to carry out its responsibility to nominate diverse talents to the Board to maintain a balance of skills, experience and diversity of perspectives and Board refreshment for the long-term good of the Company.

CORPORATE GOVERNANCE REPORT

Having reviewed the Board diversity profile, the Board will continue to take initiative to identify female candidates by different means and through multiple networks to achieve gender diversity at the Board level. Target has been set for appointing at least one female Board member by the end of 2024.

As at 31 March 2023, 100% Directors (including senior management) and 75.5% of the workforce of the Group were male. The Board considered the gender ratio of the Group’s workforce was commensurate with its business nature.

DIRECTORS’ AND OFFICERS’ LIABILITY INSURANCE AND INDEMNITY

The Company has arranged appropriate liability insurance for Directors and officers covering the costs, losses, expenses and liabilities arising from the performance of their duties. The insurance policy covers legal action against its Directors and officers to comply with the requirement of the CG Code. During the year, no claim was made against any of the Directors and officers of the Company.

COMPANY SECRETARY

The company secretary is a full-time employee of the Company. She reports to the Chairman and is responsible for advising the Board on governance matters. All Directors have access to the advice and services of the company secretary.

According to the requirements of Rule 3.29 of the Listing Rules, the company secretary has taken not less than 15 hours of relevant professional training during the financial year ended 31 March 2023.

CORPORATE GOVERNANCE REPORT

MODEL CODE FOR SECURITIES TRANSACTIONS BY DIRECTORS

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers (the “Model Code”) set out in Appendix 10 to the Listing Rules as its own code for dealing in securities of the Company by the Directors. Following specific enquiries by the Company, all Directors have confirmed that they have complied with the Model Code throughout the year ended 31 March 2023.

CODE AND POLICY FOR EMPLOYEES OF THE GROUP

The Company has adopted the Code for Securities Transactions by Relevant Employees (the “Own Code”) on no less exacting terms than the Model Code for governing securities transactions by employees who are likely to be in possession of inside information of the Company or its securities. No incident of non-compliance of the Own Code by any relevant employee of the Group was noted during the year ended 31 March 2023.

The Company recognises that prevention of corruption is part and parcel of good corporate governance. A Group-wide policy and system on corruption prevention are in place to preserve a healthy corporate culture.

DIRECTORS’ RESPONSIBILITIES FOR FINANCIAL REPORTING IN RESPECT OF THE FINANCIAL STATEMENTS

The Directors acknowledge their responsibilities, with the support from the Finance and Accounting Department, to prepare the financial statements of the Group for the year ended 31 March 2023 in accordance with statutory requirements and applicable accounting standards. The auditor of the Group acknowledges the reporting responsibilities in the auditor’s report on the financial statements for the year ended 31 March 2023.

The Directors, having made appropriate enquiries, are not aware of any material uncertainties relating to events or conditions that may cast significant doubt on the Company’s ability to continue as a going concern. Accordingly, the Directors have prepared the consolidated financial statements on a going concern basis.

The Directors are aware of the requirements under the applicable Listing Rules and statutory regulations with regard to the timely and proper disclosure of inside information, announcements and financial disclosures and authorised their publication as and when required.

CORPORATE GOVERNANCE REPORT

EXTERNAL AUDIT AND AUDITOR'S REMUNERATION

The Company's external auditor, KPMG, performed independent audit on the Group's consolidated financial statements for the year ended 31 March 2023. The Audit Committee has unrestricted access to external auditor and the latter reports to the Audit Committee on any significant weaknesses identified in the internal control system during the course of audit.

Prior to the commencement of the audit of the Company, the Audit Committee would receive written confirmation from the external auditor on its independence and objectivity as required by the Hong Kong Institute of Certified Public Accountants.

A total remuneration of HK\$1,940,000 and HK\$478,000 was paid/is payable to KPMG for their annual audit and non-audit services respectively by the Company during the year. The non-audit services mainly consist of review of the interim report, taxation and consultancy services.

RISK MANAGEMENT AND INTERNAL CONTROL

Role of the Board

The Board acknowledges its responsibility to evaluate and determine the nature and extent of the risks that it is willing to accept in pursuit of its strategic and business objectives. It reviews and monitors the effectiveness of the risk management and the internal control systems of the Group particularly in respect of financial, operational and compliance controls on an ongoing basis to safeguard the assets of the Group and protect the interests of the shareholders. Such review, conducted at least annually, includes evaluating the Group's ability to respond to changes in business and external environment, the quality of management's ongoing monitoring of risks, the extent and frequency of monitoring results communication to the Board, and the effectiveness of the Group's process over financial reporting and its compliance with the Listing Rules.

The risk management and internal control systems are designed to manage rather than eliminate risks of failure to achieve business objectives, and can only provide reasonable but not absolute assurance against material misstatement or loss. The Board assesses, through the Audit Committee and the internal audit function, the effectiveness of the Group's risk management and internal control systems, and also considers the adequacy of resources, qualifications and experience of the accounting, internal audit and financial reporting functions of its staff and their training.

Risk Management

The Board is responsible for determining the Group's risk level and risk appetite and overseeing the Group's risk management strategies. Risk management is integrated into the day-to-day operations of the Group and is a continuous process carried out at all levels of the Group.

CORPORATE GOVERNANCE REPORT

The risk management process of the Group involves risk identification, risk assessment and risk-counteracting. The methodology adopted in the risk identification and assessment process includes top-down and bottom-up approaches. The top-down approach involves the identification of major strategic risks that will prevent the Group from achieving its strategic objectives. In terms of risk review and reporting, each core business is required to formally identify and report the principal current and emerging risks from the macro environment, whilst the top management provides input after taking a holistic assessment of all risks arising from the growth of the business scale, extent, complexity and constantly changing business environment. At the functional level, the bottom-up approach with the involvement of all key business units is adopted to identify operational risks in daily operations. Management maintains an open and effective communication channel to enable the timely reporting of material risk and adequate supervision of risk mitigation.

Adopting both qualitative and quantitative risk management methodologies, risks that may impede the achievement of business objectives are evaluated from dimensions of the likelihood of their occurrence and severity of potential consequences on the business. The analyses of existing and emerging risks form a basis for determining how the risks should be managed and mitigated. These risks mainly fall under the five major categories namely strategic risks, operational risks, market risks, financial risks and legal and compliance risks.

The identified risks are prioritized by comparing the results of the risk assessment and thereafter risk management strategies and internal control processes are formulated to prevent, avoid or mitigate those risks. Moreover, staff members are encouraged to report problems in operations and identify non-compliance with the corporate policies, standards, practices and procedures.

Internal Controls

To assure achievement of the Group's governance objectives in operational effectiveness and efficiency, reliable financial reporting, and compliance with laws and regulations, various policies and guidelines, with particular emphasis on communications, risk management and controls, are implemented under the auspices of the Board of Directors for enterprise-wide compliance. Subject to periodical review and regular monitoring, these policies and guidelines are procedural means by which the Group's resources are directed, monitored, and measured. The Company has also established internal procedures and controls for the handling and dissemination of inside information in order to regulate its information disclosure. Such procedures and controls are applicable to all staff members who can access any inside information and they are required to uphold the confidentiality of such information. More importantly, through the additional efforts of internal and external auditors and that of the Audit Committee, the effectiveness of internal control is further measured for improvement.

Internal Audit

The internal audit function carries out independent appraisal as to the existence, adequacy and effectiveness of the risk management activities and internal control systems in the Group's business operations. It also provides proactive support to the business units in their risk management and control process, and promotes the deployment of continuous audits to provide an effective independent evaluation.

CORPORATE GOVERNANCE REPORT

Adopting a risk assessment methodology, the internal audit function implements its annual audit plan which was reviewed by the Audit Committee to identify key business and operational risks, formulate an impartial opinion on the systems, recommend improvements and monitor corrective or remedial measures to minimize risk exposure. The internal audit function also works with management to establish action plans to address identified control weaknesses within a reasonable period. Ad hoc reviews on operations may be arranged on top of the default audit plan in order to ensure the internal procedures and controls are being adhered to at all times. Post-audit reviews are performed to ensure all identified control weaknesses have been satisfactorily remediated. The internal audit function reports directly to the Audit Committee on all major findings, corrective actions and responses from management on a semi-annual basis.

The scope of internal auditing within the Group is broad and involves topics such as financial reviews, operational reviews, laws and regulations compliance reviews, etc. For a financial audit, the internal audit function reviews and assesses the accuracy and efficiency of the Group's financial activities and financial information as well as the management of the Group's capital and assets. For an operational audit, the internal audit function assesses the design and operating effectiveness of the internal control system in business operations. The compliance audit focuses on reviewing and evaluating the Group's adherence to regulatory guidelines, procedures, and laws and regulations.

In respect of the year, the Group has engaged independent professional advisors (the "Advisors") to carry out the internal audit functions by performing independent appraisal of the adequacy and effectiveness of the Group's risk management and internal control systems. The Advisors have conducted an interim review and annual review (the "Review") to improve the effectiveness of the Group's risk management and internal control systems.

Recommendations have been provided and corrective actions have been taken to remediate any identified risks. The Management and internal audit function will keep monitoring the implementation status of the recommendations on those issues and conducting post-audit reviews.

The Board is of the view that the risk management and internal control systems of the Group for the financial year ended 31 March 2023 were efficient and adequate, and were in compliance with the risk management and internal control provisions under the Corporate Governance Code.

INVESTOR RELATIONS

The Board believes that effective communication with shareholders of the Company ("Shareholders") and the investment community is essential to enhance investor relations and understanding of the Group's business performance and strategies.

The Company has established a shareholders communication policy setting out the strategies for maintaining continuous and open communications with shareholders and the investment community at large. The shareholders communication policy is subject to regular review to ensure its effectiveness and relevance to the Group's development. A full version of the policy is available on the Company's website at http://www.iwsg.com/irc_governance.php?lang=en.

CORPORATE GOVERNANCE REPORT

The Company is cognisant of the importance of transparency and timely disclosure of corporate information, which would enable Shareholders and investors to make their best investment decisions. The Company's website at www.iwsggh.com is an effective communication platform to keep Shareholders and investors, abreast of the information and updates on the Group's business developments and operations, financial and ESG information, announcements, circulars, notices of general meetings, and other information are available for public access. Shareholders and investors put forward their enquiries about the Company to the Board at the Company's principal place of business in Hong Kong or by email to info@iwsggh.com. Shareholders should direct their questions about their shareholdings to the Company's branch share registrar, Tricor Investor Services Limited.

The Board considers that the general meetings of the Company can serve to provide an important channel for Shareholders to exchange views with the Board. The chairman of the Board as well as the chairmen and/or other members of the Board committees are available to address questions from the Shareholders in the general meetings. To provide more flexibility for the Shareholders to participate the annual general meeting, the Company will conduct a hybrid annual general meeting with physical and online attendance this year through efficient use of modern technology. This will broaden the reach of the 2023 AGM to Shareholders who are overseas and those who do not wish to attend physically.

Based on the information set out above, the implementation of the shareholders' communication policy which is subject to regular review, is considered to be effective.

The Company continues to enhance communication and relationship with its Shareholders and investors. Designated senior management of the Company maintains dialogue with Shareholders, institutional investors and analysts to keep them informed of the Group's development.

CONSTITUTIONAL DOCUMENTS

During the year, the Company's memorandum and articles of association was amended, and the new memorandum and articles of association was adopted by Shareholders at the annual general meeting on 30 August 2022. The purpose of the amendments was to provide flexibility to the Company in relation to the conduct of general meetings and reflect certain amendments to the Listing Rules and the applicable laws of the Cayman Islands.

The amended and restated memorandum and articles of association is available on the Company's website as well as the designated website of the Stock Exchange.

DIVIDEND POLICY

The Board has adopted a dividend policy, setting out the guidelines for determining whether dividends are to be declared and paid, and the level of profits to be distributed to the shareholders of the Company. It is the policy of the Company, in considering the payment of dividends, to allow shareholders of the Company to participate in the Company's profits whilst retaining adequate reserves to meet the working capital requirements and to finance the future growth of the Group.

CORPORATE GOVERNANCE REPORT

The Board will consider the following factors before declaring or recommending dividends:

- a. the actual and expected financial performance of the Group;
- b. the retained earnings and distributable reserves of the Company;
- c. the current and future operations, liquidity position and capital requirements of the Group;
- d. the Group's business strategies, including future cash commitments and investment needs to sustain the long-term growth of the Group;
- e. return on equity and any relevant financial covenants;
- f. economic conditions and other internal or external factors that may have an impact on the Group's business, financial performance and position; and
- g. any other factors that the Board deems appropriate.

The Board will review the dividend policy as appropriate to ensure its effectiveness.

SHAREHOLDERS' RIGHTS

Procedures for making proposals/moving a resolution at the annual general meeting ("AGM")

- The Company holds a general meeting as its AGM every year.
- The next AGM will be held on Wednesday, 30 August 2023 (the "2023 AGM"). Details are set out in the notice of the 2023 AGM which constitutes part of the circular to Shareholders sent together with this Annual Report. Notice of the 2023 AGM and proxy form are also available on the website of the Company.
- There are no provisions allowing Shareholders to make proposals or move resolutions at the AGM under the Memorandum and Articles of Association of the Company (the "M&A"), or the laws of the Cayman Islands. Shareholders who wish to make proposals or move a resolution may, however, convene an extraordinary general meeting (the "EGM") by following the procedures below.

Procedures for Shareholders to convene an EGM (including making proposals/moving a resolution at the EGM)

- Any one or more Shareholders holding at the date of deposit of the requisition not less than one-tenth of the voting rights (on a vote per share basis) in the share capital of the Company (the "Eligible Shareholder(s)") shall at all times have the right, by written requisition to the Board or the Company Secretary, to require an EGM to be called by the Board for the transaction of any business specified in such requisition, including making proposals or moving a resolution at the EGM.

CORPORATE GOVERNANCE REPORT

- Eligible Shareholders who wish to convene an EGM for the purpose of making proposals or moving a resolution at the EGM must deposit a written requisition (the “Requisition”) signed by the Eligible Shareholder(s) concerned to the principal place of business of the Company in Hong Kong at Integrated Waste Solutions Building, 8 Chun Cheong Street, Tseung Kwan O Industrial Estate, New Territories, Hong Kong, for the attention of the Company Secretary.
- The Requisition must state clearly the name and the contact information of the Eligible Shareholder(s) concerned, the reason(s) to convene an EGM, the agenda proposed to be included the details of the business(es) proposed to be transacted in the EGM, signed by the Eligible Shareholder(s) concerned. The Eligible Shareholder(s) must prove his/her/their shareholding in the Company to the satisfaction of the Company.
- The Company will check the Requisition and the identity and the shareholding of the Eligible Shareholder will be verified with the Company’s Hong Kong branch share registrar. If the Requisition is found to be proper and in order, the Company Secretary will ask the Board to convene an EGM within 2 months and/or include the proposal or the resolution proposed by the Eligible Shareholder at the EGM after the deposit of the Requisition. On the contrary, if the Requisition has been verified as not in order, the Eligible Shareholder(s) concerned will be advised of this outcome and accordingly, the Board will not call for an EGM and/or include the proposal or the resolution proposed by the Eligible Shareholder at the EGM.
- If within 21 days of the deposit of the Requisition, the Board fails to proceed to convene such EGM, the Eligible Shareholder(s) himself/herself/themselves may do so in accordance with the M&A, and all reasonable expenses incurred by the Eligible Shareholder(s) concerned as a result of the failure of the Board shall be reimbursed to the Eligible Shareholder(s) concerned by the Company.

Enquiries to the Board

Enquiries may be put to the Board at the principal place of business of the Company at Integrated Waste Solutions Building, 8 Chun Cheong Street, Tseung Kwan O Industrial Estate, New Territories, Hong Kong or by email to info@iwsgh.com.

INDEPENDENT AUDITOR'S REPORT

**Independent auditor's report to the shareholders of
Integrated Waste Solutions Group Holdings Limited**

(Incorporated in the Cayman Islands with limited liability)

Opinion

We have audited the consolidated financial statements of Integrated Waste Solutions Group Holdings Limited ("the Company") and its subsidiaries (together "the Group") set out on pages 57 to 127, which comprise the consolidated statement of financial position as at 31 March 2023, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 March 2023 and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with International Financial Reporting Standards ("IFRSs") issued by the International Accounting Standards Board ("IASB") and have been properly prepared in compliance with the disclosure requirements of the Hong Kong Companies Ordinance.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing ("ISAs") issued by the International Auditing and Assurance Standards Board ("IAASB"). Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the consolidated financial statements* section of our report. We are independent of the Group in accordance with the International Ethics Standards Board for Accountants' *Code of Ethics for Professional Accountants* ("IESBA Code") together with the ethical requirements that are relevant to our audit of the consolidated financial statements in the Cayman Islands, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the IESBA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

INDEPENDENT AUDITOR'S REPORT

Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Assessment of impairment of property, plant and equipment ("PP&E") and right-of use ("ROU") assets

Refer to note 12 to the financial statements and the accounting policies on page 73 to 74.

The Key Audit Matter

As at 31 March 2023, the carrying values of the Group's PP&E and ROU assets amounted to HK\$561,783,000.

In view of the losses incurred by the Group over the past few years and the significant difference between the Group's market capitalisation and its net asset value as reflected in the consolidated financial statements as at 31 March 2023, management considered that indicators of impairment of the Group's PP&E and ROU assets existed at the reporting date.

As at 31 March 2023, the Group's PP&E and ROU assets mainly comprised land and buildings of the Group's corporate headquarter (includes office and workshop) ("land and buildings") amounted to HK\$548,959,000, being 98% of the total carrying value.

Management performed impairment assessments of the Group's land and buildings by comparing the carrying values with the value-in-use or fair value less costs of disposal, whichever was higher, to determine whether impairment was required.

How the matter was addressed in our audit

Our audit procedures to assess the impairment of PP&E and ROU assets included the following:

- evaluating management's process and procedures for the identification of indicators of impairment of the Group's PP&E and ROU assets;
- obtaining and inspecting the valuation report prepared by the surveyors on which directors' assessment of the fair value less costs of disposal of the Group's land and buildings was based;
- evaluating the surveyors' experience, competence, capability and objectivity;
- engaging our internal valuation specialists to assist us in evaluating the methodology adopted by the surveyors in their valuation and in comparing the major assumptions applied by the surveyors in the assessment of the fair value less costs of disposal of the Group's land and buildings, particularly in estimating the building costs applied in determining the surrender value of the Group's land and buildings under the land lease agreement, with available market data; and

INDEPENDENT AUDITOR'S REPORT

Key audit matters (continued)

Assessment of impairment of property, plant and equipment ("PP&E") and right-of use ("ROU") assets

Refer to note 12 to the financial statements and the accounting policies on page 73 to 74.

The Key Audit Matter

Management engaged an independent firm of surveyors ("surveyors") to assist in the estimation of the fair value of land and buildings as at 31 March 2023. The estimation of fair value less costs of disposal of the Group's land and buildings involves the exercise of significant judgement in respect of the assumptions applied in the valuation of the Group's land and buildings, particularly in estimating the building costs applied in determining the surrender value of the Group's land and buildings under the land lease agreement.

We identified assessing impairment of PP&E and ROU assets as a key audit matter because of the significant judgement and estimation required to be exercised, particularly in respect of estimating building costs and also because of the selection of assumption applied in the valuation could be subject to management bias.

How the matter was addressed in our audit

- considering the Group's disclosures in the consolidated financial statements with reference to the requirements of the prevailing accounting standards.

INDEPENDENT AUDITOR'S REPORT

Information other than the consolidated financial statements and auditor's report thereon

The directors are responsible for the other information. The other information comprises all the information included in the annual report, other than the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the directors for the consolidated financial statements

The directors are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with IFRSs issued by the IASB and the disclosure requirements of the Hong Kong Companies Ordinance and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

The directors are assisted by the Audit Committee in discharging their responsibilities for overseeing the Group's financial reporting process.

INDEPENDENT AUDITOR'S REPORT

Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. This report is made solely to you, as a body, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with ISAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

INDEPENDENT AUDITOR'S REPORT

Auditor's responsibilities for the audit of the consolidated financial statements (continued)

- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the Group audit. We remain solely responsible for our audit opinion.

We communicate with the Audit Committee regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the Audit Committee with a statement that we have complied with relevant ethical requirements regarding independence and communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with the Audit Committee, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in this independent auditor's report is Lee Ka Nang.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

1 General information

Integrated Waste Solutions Group Holdings Limited (the “Company”) was incorporated and registered as an exempted company with limited liability in the Cayman Islands on 11 November 2009 under the Companies Law, Cap. 22 (Law 3 of 1961, as consolidated and revised) of the Cayman Islands. The Company is an investment holding company and is listed on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”). The registered address of the Company is Windward 3, Regatta Office Park, PO Box 1350, Grand Cayman KY1-1108, Cayman Islands.

The Company and its subsidiaries are collectively referred to as the “Group”. The subsidiaries of the Group are principally engaged in the trading of recovered paper and materials, trading of tissue paper products, provision of confidential materials destruction services, provision of logistics services and investment holding.

These consolidated financial statements are presented in Hong Kong dollars (“HK\$”), which is also the functional currency of the Company.

2 Significant accounting policies

(a) Statement of compliance

These financial statements have been prepared in accordance with all applicable International Financial Reporting Standards (“IFRSs”), which collective term includes all applicable individual International Financial Reporting Standards, International Accounting Standards (“IASs”) and Interpretations issued by the International Accounting Standards Board (“IASB”) and the disclosure requirements of the Hong Kong Companies Ordinance. These financial statements also comply with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited. Significant accounting policies adopted by the Group are disclosed below.

The IASB has issued certain amendments to IFRSs that are first effective or available for early adoption for the current accounting period of the Group. Note 2(c) provides information on any changes in accounting policies resulting from initial application of these development to the extent that they are relevant to the Group for the current accounting period reflected in these financial statements.

(b) Basis of preparation of the financial statements

The consolidated financial statements for the year ended 31 March 2023 comprise the Company and its subsidiaries and the Group’s interests in an associate and joint ventures.

The measurement basis used in the preparation of the financial statements is the historical cost basis.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

2 Significant accounting policies (continued)

(b) Basis of preparation of the financial statements (continued)

The preparation of financial statements in conformity with IFRSs requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of making the judgements about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Judgements made by management in the application of IFRSs that have significant effect on the financial statements and major sources of estimation uncertainty are discussed in note 4.

(c) Changes in accounting policies

The Group has applied the following amendments to IFRSs issued by the IASB to these financial statements for the current accounting period:

- Amendments to IAS 16, *Property, plant and equipment: Proceeds before intended use*
- Amendment to IAS 37, *Provisions, contingent liabilities and contingent assets: Onerous contracts – cost of fulfilling a contract*

The Group has not applied any new standard or interpretation that is not yet effective for the current accounting period. Impacts of the adoption of the amended IFRSs are discussed below:

Amendments to IAS 16 *Property, plant and equipment: Proceeds before intended use*

The amendments prohibit an entity from deducting the proceeds from selling items produced before that asset is available for use from the cost of an item of property, plant and equipment. Instead, the sales proceeds and the related costs should be included in profit and loss. The amendments do not have a material impact on these financial statements as the Group does not sell items produced before an item of property, plant and equipment is available for use.

(c) Changes in accounting policies (continued)

Amendments to IAS 37, Provisions, contingent liabilities and contingent assets: Onerous contracts - cost of fulfilling a contract

The amendments clarify that for the purpose of assessing whether a contract is onerous, the cost of fulfilling the contract includes both the incremental costs of fulfilling that contract and an allocation of other costs that relate directly to fulfilling contracts.

Previously, the Group included only incremental costs when determining whether a contract was onerous. In accordance with the transitional provisions, the Group has applied the new accounting policy to contracts for which it has not yet fulfilled all its obligations at 1 April 2022, and has concluded that none of them is onerous.

(d) Subsidiaries and non-controlling interests

Subsidiaries are entities controlled by the Group. The Group controls an entity when it is exposed, or has rights, to variable returns from its involvement with the entity and has the ability to affect those returns through its power over the entity. When assessing whether the Group has power, only substantive rights (held by the Group and other parties) are considered.

Investments in subsidiaries are consolidated into the consolidated financial statements from the date that control commences until the date that control ceases. Intra-Group balances, transactions and cash flows and any unrealised profits arising from intra-Group transactions are eliminated in full in preparing the consolidated financial statements. Unrealised losses resulting from intra-Group transactions are eliminated in the same way as unrealised gains but only to the extent that there is no evidence of impairment.

Non-controlling interests represent the equity in a subsidiary not attributable directly or indirectly to the Company, and in respect of which the Group has not agreed any additional terms with the holders of those interests which would result in the Group as a whole having a contractual obligation in respect of those interests that meets the definition of a financial liability. For each business combination, the Group can elect to measure any non-controlling interests either at fair value or at the non-controlling interests' proportionate share of the subsidiary's net identifiable assets.

Non-controlling interests are presented in the consolidated statement of financial position within equity, separately from equity attributable to the equity shareholders of the Company. Non-controlling interests in the results of the Group are presented on the face of the consolidated statement of profit or loss and the consolidated statement of profit or loss and other comprehensive income as an allocation of the total profit or loss and total comprehensive income for the year between non-controlling interests and the equity shareholders of the Company.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

2 Significant accounting policies (continued)

(d) Subsidiaries and non-controlling interests (continued)

Changes in the Group's interests in a subsidiary that do not result in a loss of control are accounted for as equity transactions, whereby adjustments are made to the amounts of controlling and non-controlling interests within consolidated equity to reflect the change in relative interests, but no adjustments are made to goodwill and no gain or loss is recognised.

When the Group loses control of a subsidiary, it is accounted for as a disposal of the entire interest in that subsidiary, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former subsidiary at the date when control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset or, when appropriate, the cost on initial recognition of an investment in an associate or a joint venture (see note 2(e)).

(e) Associate and joint ventures

An associate is an entity in which the Group or the Company has significant influence, but not control or joint control, over its management, including participation in the financial and operating policy decisions.

A joint venture is an arrangement whereby the Group or the Company and other parties contractually agree to share control of the arrangement, and have rights to the net assets of the arrangement.

An investment in an associate or a joint venture is accounted for in the consolidated financial statements under the equity method, unless it is classified as held for sale (or included in a disposal Group that is classified as held for sale). Under the equity method, the investment is initially recorded at cost, adjusted for any excess of the Group's share of the acquisition-date fair values of the investee's identifiable net assets over the cost of the investment. The cost of the investment includes purchase price, other costs directly attributable to the acquisition of the investment, and any direct investment into the associate or joint venture that forms part of the Group's equity investment. Thereafter, the investment is adjusted for the post acquisition change in the Group's share of the investee's net assets and any impairment loss relating to the investment (see note 2(h)). At each reporting date, the Group assesses whether there is any objective evidence that the investment is impaired. Any acquisition-date excess over cost, the Group's share of the post-acquisition, post-tax results of the investees and any impairment losses for the year are recognised in the consolidated statement of profit or loss, whereas the Group's share of the post-acquisition post-tax items of the investees' other comprehensive income is recognised in the consolidated statement of profit or loss and other comprehensive income.

When the Group's share of losses exceeds its interest in the associate or the joint venture, the Group's interest is reduced to nil and recognition of further losses is discontinued except to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the investee. For this purpose, the Group's interest is the carrying amount of the investment under the equity method together with any other long-term interests that in substance form part of the Group's net investment in the joint venture.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

2 Significant accounting policies (continued)

(e) Associate and joint ventures (continued)

Unrealised profits and losses resulting from transactions between the Group and its associates and joint ventures are eliminated to the extent of the Group's interest in the investee, except where unrealised losses provide evidence of an impairment of the asset transferred, in which case they are recognised immediately in profit or loss.

If an investment in a joint venture becomes an associate or vice versa, the retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method.

In all other cases, when the Group ceases to have significant influence over joint control over a joint venture, it is accounted for as a disposal of the entire interest in that investee, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former investee at the date when significant influence or joint control is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset.

(f) Property, plant and equipment and right-of-use assets

The following items of property, plant and equipment are stated at cost less accumulated depreciation and impairment losses (see note 2(h)(ii)):

- right-of-use assets arising from leases over freehold or leasehold properties where the Group is not the registered owner of the property interest; and
- items of plant and equipment, including right-of-use assets arising from leases of underlying plant and equipment (see note 2(g)).

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

2 Significant accounting policies (continued)

(f) Property, plant and equipment and right-of-use assets (continued)

Depreciation is calculated to write off the cost or valuation of items of property, plant and equipment, less their estimated residual value, if any, using the straight-line method over their estimated useful lives as follows:

– Buildings held for own use situated on leasehold land	26 - 33 years
– Leasehold improvements	5 years or unexpired lease term, whichever is shorter
– Plant and machineries	3 - 15 years
– Furniture, fixtures and equipment	3 – 5 years
– Motor vehicles	3 - 15 years

Where parts of an item of property, plant and equipment have different useful lives, the cost of the item is allocated on a reasonable basis among the parts and each part is depreciated separately. Both the useful life of an asset and its residual value, if any, are reviewed annually.

Items may be produced while bringing an item of property, plant and equipment to the location and condition necessary for it to be capable of operating in the manner intended by management. The proceeds from selling any such items and the related costs are recognised in profit or loss.

(g) Leased assets

At inception of a contract, the Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to direct the use of the identified asset and to obtain substantially all of the economic benefits from that use.

(i) *As a lessee*

At the lease commencement date, the Group recognises a right-of-use asset and a lease liability, except for short-term leases that have a lease term of 12 months or less and leases of low-value assets. When the Group enters into a lease in respect of a low-value asset, the Group decides whether to capitalise the lease on a lease-by-lease basis. The lease payments associated with those leases which are not capitalised are recognised as an expense on a systematic basis over the lease term.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

2 Significant accounting policies (continued)

(g) Leased assets (continued)

(i) As a lessee (continued)

Where the lease is capitalised, the lease liability is initially recognised at the present value of the lease payments payable over the lease term, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using a relevant incremental borrowing rate. After initial recognition, the lease liability is measured at amortised cost and interest expense is calculated using the effective interest method. Variable lease payments that do not depend on an index or rate are not included in the measurement of the lease liability and hence are charged to profit or loss in the accounting period in which they are incurred.

The right-of-use asset recognised when a lease is capitalised is initially measured at cost, which comprises the initial amount of the lease liability plus any lease payments made at or before the commencement date, and any initial direct costs incurred. Where applicable, the cost of the right-of-use assets also includes an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, discounted to their present value, less any lease incentives received. The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses (see notes 2(f) and 2(h)(ii)).

The initial fair value of refundable rental deposits is accounted for separately from the right-of-use assets in accordance with the accounting policy applicable to investments in debt securities carried at amortised cost. Any difference between the initial fair value and the nominal value of the deposits is accounted for as additional lease payments made and is included in the cost of right-of-use assets.

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, or there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or there is a change arising from the reassessment of whether the Group will be reasonably certain to exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The lease liability is also remeasured when there is a change in the scope of a lease or the consideration for a lease that is not originally provided for in the lease contract ("lease modification") that is not accounted for as a separate lease. In this case the lease liability is remeasured based on the revised lease payments and lease term using a revised discount rate at the effective date of the modification. The only exceptions are rent concessions that occurred as a direct consequence of the COVID-19 pandemic and met the conditions set out in paragraph 46B of IFRS 16 Lease. In such cases, the Group has taken advantage of the practical expedient not to assess whether the rent concessions are lease modifications, and recognised the change in consideration as negative variable lease payments in profit or loss in the period in which the event or condition that triggers the rent concessions occurred.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

2 Significant accounting policies (continued)

(g) Leased assets (continued)

(i) As a lessee (continued)

In the consolidated statement of financial position, the current portion of long-term lease liabilities is determined as the present value of contractual payments that are due to be settled within 12 months after the reporting period.

(ii) As a lessor

When the Group acts as a lessor, it determines at lease inception whether each lease is a finance lease or an operating lease. A lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to the ownership of an underlying assets to the lessee. If this is not the case, the lease is classified as an operating lease.

When a contract contains lease and non-lease components, the Group allocates the consideration in the contract to each component on a relative stand-alone selling price basis. The licence fee income from operating leases is recognised in accordance with note 2(q).

(h) Credit losses and impairment of assets

(i) Credit losses from financial instruments, contract assets and lease receivables

The Group recognises a loss allowance for ECLs on the financial assets measured at amortised cost (including cash and cash equivalents, trade receivables, other receivables, amount due from an associate, amounts due from joint ventures and amount due from a related company).

Financial assets measured at fair value, if any, are not subject to the ECL assessment.

Measurement of ECLs

ECLs are a probability-weighted estimate of credit losses. Credit losses are measured as the present value of all expected cash shortfalls (i.e. the difference between the cash flows due to the Group in accordance with the contract and the cash flows that the Group expects to receive).

For undrawn loan commitments, expected cash shortfalls are measured as the difference between (i) the contractual cash flows that would be due to the Group if the holder of the loan commitment draws down on the loan and (ii) the cash flows that the Group expects to receive if the loan is drawn down.

The expected cash shortfalls of fixed-rate financial assets, trade and other receivables and contract assets are discounted using effective interest rate determined at initial recognition or an approximation thereof where the effect of discounting is material.

(Expressed in Hong Kong dollars)

2 Significant accounting policies (continued)

(h) Credit losses and impairment of assets (continued)

(i) Credit losses from financial instruments, contract assets and lease receivables (continued)

The maximum period considered when estimating ECLs is the maximum contractual period over which the Group is exposed to credit risk.

In measuring ECLs, the Group takes into account reasonable and supportable information that is available without undue cost or effort. This includes information about past events, current conditions and forecasts of future economic conditions.

ECLs are measured on either of the following bases:

- 12-month ECLs: these are losses that are expected to result from possible default events within the 12 months after the reporting date; and
- lifetime ECLs: these are losses that are expected to result from all possible default events over the expected lives of the items to which the ECL model applies.

Loss allowances for trade receivables and contract assets are always measured at an amount equal to lifetime ECLs. ECLs on these financial assets are estimated using a provision matrix based on the Group's historical credit loss experience, adjusted for factors that are specific to the debtors and an assessment of both the current and forecast general economic conditions at the reporting date.

Significant increases in credit risk

In assessing whether the credit risk of a financial instrument (including a loan commitment) has increased significantly since initial recognition, the Group compares the risk of default occurring on the financial instrument assessed at the reporting date with that assessed at the date of initial recognition. In making this reassessment, the Group considers that a default event occurs when (i) the borrower is unlikely to pay its credit obligations to the Group in full, without recourse by the Group to actions such as realising security (if any is held); or (ii) the financial asset is 365 days past due. The Group considers both quantitative and qualitative information that is reasonable and supportable, including historical experience and forward-looking information that is available without undue cost or effort.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

2 Significant accounting policies (continued)

(h) Credit losses and impairment of assets (continued)

(i) Credit losses from financial instruments, contract assets and lease receivables (continued)

In particular, the following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- failure to make payments of principal or interest on their contractually due dates;
- an actual or expected significant deterioration in a financial instrument's external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- existing or forecast changes in the technological, market, economic or legal environment that have a significant adverse effect on the debtor's ability to meet its obligation to the Group.

Depending on the nature of the financial instruments, the assessment of a significant increase in credit risk is performed on either an individual basis or a collective basis. When the assessment is performed on a collective basis, the financial instruments are grouped based on shared credit risk characteristics, such as past due status and credit risk ratings.

ECLs are remeasured at each reporting date to reflect changes in the financial instrument's credit risk since initial recognition. Any change in the ECL amount is recognised as an impairment gain or loss in profit or loss. The Group recognises an impairment gain or loss for all financial instruments with a corresponding adjustment to their carrying amount through a loss allowance account, except for investments in debt securities that are measured at fair value through other comprehensive income ("FVOCI") recycling, for which the loss allowance is recognised in other comprehensive income and accumulated in the fair value reserve (recycling).

Basis of calculation of interest income

Interest income recognised in accordance with note 2(q)(iii) is calculated based on the gross carrying amount of the financial asset unless the financial asset is credit-impaired, in which case interest income is calculated based on the amortised cost (i.e. the gross carrying amount less loss allowance) of the financial asset.

At each reporting date, the Group assesses whether a financial asset is credit-impaired. A financial asset is credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of the financial asset have occurred.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

2 Significant accounting policies (continued)

(h) Credit losses and impairment of assets (continued)

(i) Credit losses from financial instruments, contract assets and lease receivables (continued)

Evidence that a financial asset is credit-impaired includes the following observable events:

- significant financial difficulties of the debtor;
- a breach of contract, such as a default or delinquency in interest or principal payments;
- it becoming probable that the borrower will enter into bankruptcy or other financial reorganisation;
- significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; or
- the disappearance of an active market for a security because of financial difficulties of the issuer.

Write-off policy

The gross carrying amount of a financial asset or contract asset is written off (either partially or in full) to the extent that there is no realistic prospect of recovery. This is generally the case when the Group determines that the debtor does not have assets or sources of income that could generate sufficient cash flows to repay the amounts subject to the write-off.

Subsequent recoveries of an asset that was previously written off are recognised as a reversal of impairment in profit or loss in the period in which the recovery occurs.

(ii) Impairment of other non-current assets

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that the following assets may be impaired or an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment, including right-of-use assets;
- interests in an associate;
- interests in joint ventures; and
- interests in subsidiaries in the Company's statement of financial position.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

2 Significant accounting policies (continued)

(h) Credit losses and impairment of assets (continued)

(ii) Impairment of other non-current assets (continued)

If any such indication exists, the asset's recoverable amount is estimated.

– Calculation of recoverable amount

The recoverable amount of an asset is the greater of its fair value less costs of disposal and value-in-use. In assessing value-in-use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest Group of assets that generates cash inflows independently (i.e. a cash-generating unit). A portion of the carrying amount of a corporate asset (for example, head office building) is allocated to an individual cash-generating unit if the allocation can be done on a reasonable and consistent basis, or to the smallest Group of cash-generating units if otherwise.

– Recognition of impairment losses

An impairment loss is recognised in profit or loss if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated to reduce the carrying amount of any goodwill allocated to the cash-generating unit (or Group of units) and then, to reduce the carrying amount of the other assets in the unit (Group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal (if measurable) or value-in-use (if determinable).

– Reversals of impairment losses

An impairment loss is reversed if there has been a favourable change in the estimate used to determine the recoverable amount.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

(iii) Interim financial reporting and impairment

Under the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited, the Group is required to prepare an interim financial report in compliance with IAS 34, *Interim financial reporting*, in respect of the first six months of the financial year. At the end of the interim period, the Group applies the same impairment testing, recognition, and reversal criteria as it would at the end of the financial year (see notes 2(h)(i) and (ii)).

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

2 Significant accounting policies (continued)

(i) Inventories

Inventories are carried at the lower of cost and net realisable value.

Cost is calculated using the weighted average cost formula and comprises all costs of purchase, costs of conversion and other costs incurred in bringing the inventories to their present location and condition.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

When inventories are sold, the carrying amount of those inventories is recognised as an expense in the period in which the related revenue is recognised.

The amount of any write-down of inventories to net realisable value and all losses of inventories are recognised as an expense in the period the write-down or loss occurs. The amount of any reversal of any write-down of inventories is recognised as a reduction in the amount of inventories recognised as an expense in the period in which the reversal occurs.

(j) Contract liabilities

A contract liability is recognised when the customer pays consideration before the Group recognises the related revenue (see note 2(q)). A contract liability would also be recognised if the Group has an unconditional right to receive non-refundable consideration before the Group recognises the related revenue. In such cases, a corresponding receivable would also be recognised (see note 2(k)).

For a single contract with the customer, either a net contract asset or a net contract liability is presented. For multiple contracts, contract assets and contract liabilities of unrelated contracts are not presented on a net basis.

When the contract includes a significant financing component, the contract balance includes interest accrued under the effective interest method (see note 2(q)(iii)).

(k) Trade and other receivables

A receivable is recognised when the Group has an unconditional right to receive consideration. A right to receive consideration is unconditional if only the passage of time is required before payment of that consideration is due. If revenue has been recognised before the Group has an unconditional right to receive consideration, the amount is presented as a contract asset.

Trade receivables that do not contain a significant financing component are initially measured at their transaction price. Trade receivables that contain a significant financing component and other receivables are initially measured at fair value plus transaction costs. All receivables are stated at amortised cost using the effective interest method and including allowance for credit losses (see note 2(h)(i)).

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

2 Significant accounting policies (continued)

(l) Cash and cash equivalents

Cash and cash equivalents comprise cash at bank and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Cash and cash equivalents are assessed for ECL in accordance with the policy set out in note 2(h)(i).

(m) Trade and other payables

Trade and other payables are initially recognised at fair value. Subsequent to initial recognition, trade and other payables are stated at amortised cost unless the effect of discounting would be immaterial, in which case they are stated at invoice amounts.

(n) Employee benefits

(i) *Short-term employee benefits and contributions to defined contribution retirement plans*

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(ii) *Share-based payments*

The fair value of share options granted to employees is recognised as an employee cost with a corresponding increase in a capital reserve within equity. The fair value is measured at grant date using the binomial lattice model, taking into account the terms and conditions upon which the share options were granted. Where the employees have to meet vesting conditions before becoming unconditionally entitled to the share options, the total estimated fair value of the share options is spread over the vesting period, taking into account the probability that the share options will vest.

During the vesting period, the number of share options that is expected to vest is reviewed. Any resulting adjustment to the cumulative fair value recognised in prior years is charged/credited to the profit or loss for the year of the review, unless the original employee expenses qualify for recognition as an asset, with a corresponding adjustment to the capital reserve. On vesting date, the amount recognised as an expense is adjusted to reflect the actual number of share options that vest (with a corresponding adjustment to the capital reserve) except where forfeiture is only due to not achieving vesting conditions that relate to the market price of the Company's shares. The equity amount is recognised in the capital reserve until either the share option is exercised (when it is included in the amount recognised in share capital for the shares issued) or the share option expires (when it is released directly to retained profits).

2 Significant accounting policies (continued)

(n) Employee benefits (continued)

(iii) Termination benefits

Termination benefits are recognised at the earlier of when the Group can no longer withdraw the offer of those benefits and when it recognises the costs of restructuring which involves the payment of termination benefits.

(o) Income tax

Income tax for the year comprises current tax and movements in deferred tax assets and liabilities. Current tax and movements in deferred tax assets and liabilities are recognised in profit or loss except to the extent that they relate to items recognised in other comprehensive income or directly in equity, in which case the relevant amounts of tax are recognised in other comprehensive income or directly in equity, respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the end of the reporting period, and any adjustment to tax payable in respect of previous years.

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits.

Apart from certain limited exceptions, all deferred tax liabilities, and all deferred tax assets to the extent that it is probable that future taxable profits will be available against which the asset can be utilised, are recognised. Future taxable profits that may support the recognition of deferred tax assets arising from deductible temporary differences include those that will arise from the reversal of existing taxable temporary differences, provided those differences relate to the same taxation authority and the same taxable entity, and are expected to reverse either in the same period as the expected reversal of the deductible temporary difference or in periods into which a tax loss arising from the deferred tax asset can be carried back or forward. The same criteria are adopted when determining whether existing taxable temporary differences support the recognition of deferred tax assets arising from unused tax losses and credits, that is, those differences are taken into account if they relate to the same taxation authority and the same taxable entity, and are expected to reverse in a period, or periods, in which the tax loss or credit can be utilised.

The carrying amount of a deferred tax asset is reviewed at the end of the reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profit will be available.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

2 Significant accounting policies (continued)

(o) Income tax (continued)

Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities, if the Company or the Group has the legally enforceable right to set off current tax assets against current tax liabilities and the following additional conditions are met:

- in the case of current tax assets and liabilities, the Company or the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously; or
- in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:
 - the same taxable entity; or
 - different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered, intend to realise the current tax assets and settle the current tax liabilities on a net basis or realise and settle simultaneously.

(p) Provisions and contingent liabilities

Provisions are recognised for other liabilities of uncertain timing or amount when the Group or the Company has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditure expected to settle the obligation.

Where some or all of the expenditure required to settle a provision is expected to be reimbursed by another party, a separate asset is recognised for any expected reimbursement that would be virtually certain. The amount recognised for the reimbursement is limited to the carrying amount of the provision.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

(q) Revenue and other income

Income is classified by the Group as revenue when it arises from the sale of goods or provision of services in the ordinary course of the Group's business.

Revenue is recognised when control over a product or service is transferred to the customer at the amount of promised consideration to which the Group is expected to be entitled, excluding those amounts collected on behalf of third parties. Revenue excludes value-added tax or other sales taxes and is after deduction of any trade discounts.

Further details of the Group's revenue and other income recognition policies are as follows:

(i) *Sale of goods*

The Group's revenue from sale of goods is attributable to sales of recovered paper and materials and tissue paper products. Revenue is recognised when the customer takes possession of and accepts the products. If the products are a partial fulfilment of a contract covering other goods and/or services. Then the amount of revenue recognised is an appropriate proportion of the total transaction price under the contract on a relative stand-alone selling price basis.

(ii) *Rendering of services*

The Group's revenue from rendering of services is attributable to provision of confidential material destruction services and logistics services. Revenue from rendering of services is recognised at a point in time when control of these services is transferred to the customer.

(iii) *Interest income*

Interest income is recognised as it accrues using the effective interest method. For financial assets measured at amortised cost or FVOCI (recycling) that are not credit-impaired, the effective interest rate is applied to the gross carrying amount of the asset. For credit-impaired financial assets, the effective interest rate is applied to the amortised cost (i.e. gross carrying amount net of loss allowance) of the asset (see 2(h)(i)).

(iv) *Licence fee income from operating leases*

Licence fee income receivable under operating leases is recognised in profit or loss in equal instalments over the periods covered by the lease term, except where an alternative basis is more representative of the benefits to be derived from the use of the leased asset. Lease incentives granted are recognised in profit or loss as an integral part of the aggregate net lease payments receivable.

(q) Revenue and other income (continued)

(v) Subsidy income

Subsidy income is recognised in the statement of financial position initially when there is reasonable assurance that they will be received and that the Group will comply with the conditions attaching to them. Subsidy income that compensate the Group for expenses incurred are recognised as income in profit or loss on a systematic basis in the same periods in which the expenses are incurred. Subsidy income that compensate the Group for the cost of an asset are deducted from the carrying amount of the asset and consequently are effectively recognised in profit or loss over the useful life of the asset by way of reduced depreciation expense.

Subsidies which are not government grants are recognised as income in profit or loss when they are received and that the Group comply with the conditions attaching to them.

(vi) Management fee income

Management fee income is recognised in at a point in time when control of these services is transferred to customers.

(vii) Compensation income

Compensation income is recognised in at a point in time when the Group has an unconditional right to receive consideration upon the triggering event.

(r) Borrowing costs

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of that asset. Other borrowing costs are expensed in the period in which they are incurred.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or complete.

(s) Related parties

- (a) A person, or a close member of that person's family, is related to the Group if that person:
- (i) has control or joint control over the Group;
 - (ii) has significant influence over the Group; or
 - (iii) is a member of the key management personnel of the Group or the Group's parent.
- (b) An entity is related to the Group if any of the following conditions applies:
- (i) The entity and the Group are members of the same Group (which means that each parent, subsidiary and fellow subsidiary is related to the others).
 - (ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a Group of which the other entity is a member).
 - (iii) Both entities are joint ventures of the same third party.
 - (iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.
 - (v) The entity is a post-employment benefit plan for the benefit of employees of either the Group or an entity related to the Group.
 - (vi) The entity is controlled or jointly controlled by a person identified in (a).
 - (vii) A person identified in (a)(i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity).
 - (viii) The entity, or any member of a Group of which it is a part, provides key management personnel services to the Group or to the Group's parent.

(t) Segment reporting

Operating segments, and the amounts of each segment item reported in the consolidated financial statements, are identified from the financial information provided regularly to the Group's most senior executive management for the purposes of allocating resources to and assessing the performance of the Group's various lines of business and geographical locations.

Individually material operating segments are not aggregated for financial reporting purposes unless the segments have similar economic characteristics and are similar in respect of the nature of products and services, the nature of production processes, the type or class of customers, the methods used to distribute the products or provide the services, and the nature of the regulatory environment. Operating segments which are not individually material may be aggregated if they share a majority of these criteria.

(u) Translation of foreign currencies

Foreign currency transactions during the year are translated at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at the end of the reporting period. Exchange gains and losses are recognised in profit or loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the foreign exchange rates ruling at the transaction dates. The transaction date is the date on which the company initially recognises such non-monetary assets or liabilities. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated using the foreign exchange rates ruling at the dates the fair value was measured.

(v) Derivative financial instruments

Derivative financial instruments are recognised at fair value. At the end of each reporting period the fair value is remeasured. The gain or loss on remeasurement to fair value is recognised immediately in profit or loss.

3 Financial risk management

(a) Financial risk factors

Exposure to currency, credit, liquidity and interest rate risks arise in the normal course of the Group's business. The Group's exposure to these risks and the financial risk management policies and practices used by the Group to manage these risks are described below:

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

3 Financial risk management (continued)

(a) Financial risk factors (continued)

(i) *Currency risk*

The Group is exposed to currency risk primarily through sales and purchases which give rise to receivables, payables and cash balances that are denominated in a foreign currency, i.e. a currency other than the functional currency of the operations to which the transactions relate. The currencies giving rise to this risk are primarily United States dollars ("USD") and Renminbi ("RMB"). The amounts of assets and liabilities denominated in the corresponding currencies are disclosed in note 13,16,17,19 and 20.

The Group currently does not have a foreign currency hedging policy.

Since HK\$ is pegged to USD, management considers that there is no significant foreign currency risk between these two currencies to the Group.

The exchange rate of RMB to HK\$ is subject to the rules and regulations of foreign exchange control promulgated by the government of the People's Republic of China ("the PRC"). The Group manages its foreign currency risk by closely monitoring the movement of foreign currency rates.

As at 31 March 2023, if RMB had weakened/strengthened by 5% against HK\$ with all other variables held constant, pre-tax loss for the year would have been approximately \$2,615,000 lower/higher (2022: \$2,750,000 lower/higher), mainly as a result of the foreign exchange losses/gains arising from the translation of loans to an associate, cash and bank deposits, receivable on profit guarantee arrangement and amount due from an associate denominated in RMB. The analysis is performed on the same basis for 2022.

(ii) *Credit risk*

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group. The Group's credit risk is primarily attributable to its trade receivables and cash at banks. Management has policies in place to monitor the exposures to these credit risks on an on-going basis.

For cash at banks, deposits are only placed with banks of good credit ratings.

(ii) Credit risk (continued)

Trade receivables

For credit exposures to customers, the Group has policies in place to ensure that sales are made to reputable and credit-worthy customers with an appropriate financial strength and credit history. It also has other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews regularly recoverable amount of each individual trade receivables to ensure that adequate impairment losses are made for irrecoverable amounts.

The Group measures loss allowances for trade receivables at an amount equal to lifetime ECLs, which is calculated using a provision matrix. As the Group's historical credit loss experience does not indicate significantly different loss patterns for different loss customer segments, the loss allowance based on past due status is not further distinguished between the Group's different customer bases.

The following table provides information about the Group's exposure to credit risk and ECLs for trade receivables:

	2023				
	Gross carrying amount \$'000	Provision on individual basis \$'000	ECL rates	ECLs \$'000	Trade receivables after loss allowance \$'000

Over 120 days past due	724	(593)	19.08%	(25)	106
	3,485	(593)		(45)	2,847

ECL rates are based on actual loss experience over the past three years. These rates are adjusted to reflect differences between economic conditions during the period over which the historical data has been collected, current conditions and the Group's view of economic conditions over the expected lives of the receivables.

Movement in the loss allowance account in respect of trade receivables during the year is as follows:

	2023 \$'000	2022 \$'000
Balance at 1 April	638	2,556
Provision for loss allowances	15	45
Uncollectable amounts written off during the year	(15)	(1,963)
Balance at 31 March	638	638

NOTES TO THE FINANCIAL STATEMENTS

3 Financial risk management (continued)

(a) Financial risk factors (continued)

(ii) Credit risk (continued)

The following changes in the gross carrying amounts of trade receivables contributed to the change in the loss allowance:

- origination of new trade receivables net of those settled resulted in an increase in loss allowance of \$15,000 (2022: \$45,000);
- a write-off of trade receivables with a gross carrying amount of \$15,000 (2022: \$1,963,000); and

resulted in no change of loss allowance (2022: a decrease in loss allowance of \$1,918,000).

(iii) Liquidity risk

The Group's policy is to regularly monitor current and expected liquidity requirements and its compliance with borrowing covenants, to ensure that it maintains sufficient cash from operating activities and the availability of funding through an adequate amount of committed credit facilities.

All of the Group's financial liabilities are required to be settled within one year or repayable on demand. The total contractual undiscounted cash outflows of these financial liabilities equal to their carrying amount on the consolidated statement of financial position.

(iv) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Group's exposure to interest rate risk arises mainly from its bank deposits, loans to joint ventures, loans to an associate and loan from non-controlling interests shareholder.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

3 Financial risk management (continued)

(a) Financial risk factors (continued)

(iv) Interest rate risk (continued)

– Interest rate risk profile

The following table, as reported to the management of the Group, details the interest rate risk profile of the Group's lending at the end of the reporting period:

	Notional amount	
	2023	2022
	\$'000	\$'000
Fixed rate lending:		
Loans to an associate (<i>note 13(b)</i>)	32,918	35,574
Loan from non-controlling interests shareholder (<i>note 20</i>)	(392)	–
<hr/>		
Variable rate lending:		
Loans to joint ventures (<i>note 14(b)</i>)	19,500	19,500
<hr/>		

The Group monitors its interest rate exposure on a dynamic basis and will consider the interest rate exposure when entering into any financing, renewal of existing positions and alternative financing transactions.

– Sensitivity analysis

At 31 March 2023, it is estimated that a general increase/decrease of 50 basis points in interest rates, with all other variables held constant, would have decreased/increased the Group's loss after tax and accumulated losses by approximately \$975,000 (2022: \$975,000).

(b) Capital risk management

The Group regards its shareholders' equity as capital. The Group's objectives when managing capital are to safeguard the Group's ability to continue as a going concern in order to provide returns for shareholders and benefits for other stakeholders and to maintain an optimal capital structure to reduce the cost of capital.

In order to maintain or adjust the capital structure, the Group may adjust the amount of dividends payable to shareholders, return capital to shareholders, issue new shares or sell assets to reduce debt.

NOTES TO THE FINANCIAL STATEMENTS

(Expressed in Hong Kong dollars)

3 Financial risk management (continued)

(b) Capital risk management (continued)

The Group monitors capital on the basis of the gearing ratio. This ratio is calculated as net debt divided by total capital. Net debt is calculated as total borrowings less cash and cash equivalents, deposits with original maturity greater than three months and restricted and pledged bank deposits. Total capital is calculated as 'equity', as shown in the consolidated statement of financial position, plus net debt.

The Group has a loan from non-controlling interests shareholder of \$392,000 (2022: \$Nil) at 31 March 2023.

4 Critical accounting estimates and judgements

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances.

The Group makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

(a) Provision for impairment of property, plant and equipment and right-of-use ("ROU") assets

If circumstances indicate that carrying value of property, plant and equipment and ROU assets may not be recoverable, these assets may be considered impaired, and an impairment loss may be recognised in accordance with IAS 36, *Impairment of assets*. The carrying amounts of these assets are reviewed periodically in order to assess whether the recoverable amounts have declined below the carrying amounts. These assets are tested for impairment whenever events or changes in circumstances indicate that their recorded carrying amounts may not be recoverable. When such a decline has occurred, the carrying amount is reduced to recoverable amount. The recoverable amount is the greater of the net selling prices and the value-in-use. It is difficult to estimate the precise selling prices because quoted market prices for the Group's assets are not readily available. In determining the value-in-use, expected cash flows generated by the asset are discounted to their present values, which requires significant judgment relating to revenue and amount of operating costs. The Group uses all readily available information in determining an amount that is a reasonable approximation of recoverable amount, including estimates based on reasonable and supportable assumptions and projections of revenue and amount of operating costs.

5 Revenue and segment information

The Board of Directors of the Company, which is the chief operating decision maker of the Group, reviews the Group's internal reporting in order to assess performance and allocate resources. Management has determined the operating segments based on these reports. The Group is organised into four business segments:

- Confidential materials destruction service (“CMDS”): provision of confidential materials destruction services
- Logistics services: provision of logistics services
- Recovered paper and materials: sales of recovered paper and materials
- Tissue paper products: sales of tissue paper products

Although the Group's products and services are sold/rendered to Hong Kong only, the chief operating decision maker of the Group regularly reviews the financial information by business segments to assess performance and make resources allocation decisions. It assesses the performance of the operating segments based on a measure of segment gross profits or losses.

Notes:

- (a) The company name in English is a direct translation of the registered Chinese name for the purpose of identification.

During the year ended 31 March 2020, the Group entered into an agreement with a third party (the "Seller") to acquire 40% issued shares in Dugong IWS HAZ Limited, which in turn holds 51% equity interests in Lianyungang Lvrn Environmental Protection Technology Co., Ltd. ("Lvrn") and Dugong Environment Resource (Kaifeng) Co., Ltd. (together "Dugong IWS").

The acquisition was completed on 23 January 2020. The total consideration of \$69,000,000 was fully paid to the Seller by cash at completion date.

A profit guarantee arrangement is included in the agreement. Under the arrangement, the Seller agreed to guarantee the aggregated net income audited in accordance with the Generally Accepted Accounting Principles of the People's Republic of China ("PRC GAAP") generated by Lvrn would not be less than RMB90,000,000 for the three years ended 31 December 2021. The Seller shall compensate the Group for any shortfall of the deemed profit attributable to the Group calculated in accordance with the shareholders' agreement.

NOTES TO THE FINANCIAL STATEMENTS

(c) Equity settled share-based transactions

Pursuant to the resolutions in writing passed by all shareholders of the Company on 11 March 2010, the Company adopted a share option scheme on 11 March 2010 (the "Share Option Scheme"). The purpose of the Share Option Scheme is to provide incentives to the Group's employees including the executive directors and non-executive directors and any advisers, consultants, suppliers, customers and agents (each "eligible participant"). The Board of Directors of the Company may, at any time within 10 years after the date of adoption of the Share Option Scheme, make an offer to any eligible participant. The subscription price for shares granted pursuant to the Share Option Scheme shall be determined by the Board of Directors of the Company in its absolute discretion but shall not be less than the highest of:

- the closing price of the shares of the Company stated in the Stock Exchange's daily quotation sheet of the business day on which an offer is made to an eligible participant;
- the average of the closing prices of the shares stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the date on which such offer is made; and
- the nominal value of a share of the Company.

(i) Share options granted in 2016

On 7 September 2016, the Group announced that a total of 157,850,000 options under the Share Option Scheme to subscribe for the Company's shares were granted, subject to acceptance of the grantees. Each option shall entitle the holder to subscribe for one share upon exercise of such option at an initial exercise price of \$0.128 per share. These options may be exercised from 7 September 2017 to 6 September 2022 (both dates inclusive) subject to respective vesting periods. At the end of the acceptance period, 152,150,000 options were accepted by the grantees.

Tranche 2: 50% vesting in 2 years from the date of grant (exercisable from 7 September 2018 to 6 September 2022)

Share option expenses charged to the consolidated statement of profit or loss and other comprehensive income are determined using the binomial lattice model based on the following assumptions:

Fair value at measurement date	\$0.057
Share price at measurement date	\$0.128
Exercise price	\$0.128
Expected volatility	50.00%
Risk-free interest rate (based on Exchange Fund Notes)	0.63%
Expected average life of options	6 years
Expected dividend yield	0%

22 Share capital (continued)

(c) Equity settled share-based transactions (continued)

(ii) The movements in the number of share options under the Share Option Scheme during the year were as follows: (continued)

The expected volatility is based on the historic volatility on the Company's shares (calculated based on the weighted average remaining life of the share options). Expected dividends are based on historic dividends. Changes in the subjective input assumptions could materially affect the fair value estimate.

No expenses related to equity settled share-based payment transactions was recognised by the Group during the year ended 31 March 2023 (2022: Nil).

23 Reserves

(a) Movements in components of equity

The reconciliation between the opening and closing balances of each component of the Group's consolidated equity is set out in the consolidated statement of changes in equity. 23 Reserves (continued)

(b) Nature and purpose of reserves

(i) *Share premium*

The application of share premium account is governed by the Companies Law of Cayman Islands (the “Companies Law”). Under the Companies Law, the funds in the share premium account of the Company are distributable to the shareholders of the Company provided that immediately following the date on which the dividend is proposed to be distributed, the Company will be in a position to pay off its debts as they fall due in the ordinary course of business.

(ii) *Capital reserve*

Capital reserve represents the difference between (i) the aggregate of the consideration for the acquisitions under common control upon the reorganisation during the year ended 31 March 2010 (“Reorganisation”); and (ii) the aggregate of the share capital and share premium of the entities transferred to the Group pursuant to the Reorganisation.

(iii) *Share-based capital reserve*

The share-based capital reserve represents the portion of the grant date fair value of unexercised share options granted to directors and employees of the Group that has been recognised in accordance with the accounting policy adopted for share-based payments in note 2(n)(ii).

(iv) *Exchange reserve*

The exchange reserve comprises all exchange differences arising from the translation of the financial statements of operations outside Hong Kong as well as the effective portion of any exchange differences arising from hedges of the net investment in these operations outside Hong Kong. The reserve is dealt with in accordance with the accounting policies set out in note 2(u).

(c) Dividends

No dividends had been paid or declared by the Company for the year ended 31 March 2023 (2022: Nil).

(d) Distributable reserves

The aggregate amounts of distributable reserves of the Company was \$376,440,000 (2022: \$420,290,000) as at 31 March 2023.

27 Employee retirement benefits

The Group only operates a Mandatory Provident Fund Scheme ("the MPF scheme") under the Hong Kong Mandatory Provident Fund Schemes Ordinance for employees employed under the jurisdiction of the Hong Kong Employment Ordinance and not previously covered by the defined benefit retirement plan. The MPF scheme is a defined contribution retirement plan administered by independent trustees. Under the MPF scheme, the employer and its employees are each required to make contributions to the plan at 5% of the employees' relevant income, subject to a cap of monthly relevant income of \$30,000. Contributions to the plan vest immediately. As the contributions to the plan vest immediately, there are no forfeited contributions hence no forfeited contributions might be used by the employer to reduce the existing level of contribution.

28 Immediate and ultimate controlling party

At 31 March 2023, the directors consider the immediate parent and ultimate controlling party of the Group to be Chow Tai Fook (Holding) Limited and Chow Tai Fook Capital Limited respectively, both of which are incorporated in the British Virgin Islands.

Acquisition of property, plant and equipment	567	–

30 Possible impact of amendments, new standards and interpretations issued but not yet effective for the year ended 31 March 2023

Up to the date of issue of these financial statements, the IASB has issued a number of new and amended standards, which are not yet effective for the year ended 31 March 2023 and which have not been adopted in these financial statements. These developments include the following which may be relevant to the Group.

	Effective for accounting periods beginning on or after
IFRS 17, <i>Insurance contracts</i>	1 January 2023
Amendments to IAS 1, <i>Presentation of financial statements:</i> <i>Classification of Liabilities as Current or Non-current</i>	1 January 2023
Amendments to IAS 1, <i>Presentation of financial statements</i> and IFRS Practice Statement 2, <i>Making materiality judgements:</i> <i>Disclosure of Accounting Policies</i>	1 January 2023
Amendments to IAS 8, <i>Accounting policies, changes in accounting estimates and errors: Definition of Accounting Estimates</i>	1 January 2023
Amendments to IAS 12, <i>Income taxes: Deferred Tax Related to Assets and Liabilities Arising from a Single Transaction</i>	1 January 2023

The Group is in the process of making an assessment of what the impact of these developments is expected to be in the period of initial application. So far it has concluded that the adoption of them is unlikely to have a significant impact on the consolidated financial statements.
