VOLUNTARY ANNOUNCEMENT ENTERING INTO A STRATEGIC COOPERATIVE FRAMEWORK AGREEMENT WITH A RENOWNED MAINLAND INDUSTRY AND TECHNOLOGY COMPANY

The board of directors (the “**Board**”) of International Genius Company (the “**Company**”, together with its subsidiaries, the “**Group**”) is pleased to announce that the Company, through its wholly-owned subsidiary, entered into a strategic cooperative framework agreement (the “**Cooperative Agreement**”) with a well-known industry and technology company, Guangzhou Miller Baiye Technology Co., Ltd (“**Miller Baiye**”) on 31 July 2023 to establish a long-term strategic partnership.

Miller Baiye was founded in mainland China in 2020 and is the country’s first company to construct an industrially interconnected ecosystem based on properties, business districts, supermarkets, and agriculture. Miller Baiye now holds the exclusive rights to the certificate from OpenAI ChatGPT for the operation and branding of ChatGPT in the China region, which includes the use and distribution of ChatGPT’s trademarks, logos, and other intellectual property rights for conducting business operations in the China region.

The Group believes that forming a strategic partnership with Miller Baiye will be beneficial to the Group's applied research in the field of trading algorithms as well as the interests of all shareholders. The existing ChatGPT authorization of Miller Baiye (including but not limited to rights of advertising, marketing of the brand and trademarks, uses and distributions of the intellectual property and the technology, etc.) will be advantageous for the Group to empower its artificial intelligence trading technology, thereby commercializing and transforming it into a business that generates stable and substantial operating profits for the Group.
