# NOTES TO THE FINANCIAL STATEMENTS

## 1 GENERAL INFORMATION

Interra Acquisition Corporation (the “**Company**”) was incorporated in the Cayman Islands on January 11, 2022. The address of the Company’s registered office is 190 Elgin Avenue, George Town, Grand Cayman KY1-9008, Cayman Islands.

The memorandum and articles of association authorises the issuance of Class A ordinary shares (the “**Class A Shares**”) and Class B ordinary shares (the “**Class B Shares**”). The Class B Shares have been issued prior to the initial public offering (the “**SPAC Offering**”). On September 16, 2022 (the “**Listing Date**”), the Company completed its SPAC Offering and issued 100,100,000 Class A Shares and 40,040,000 warrants (the “**Listed Warrants**”) at an offering price of \$10.00 for one Class A Share and 0.4 Listed Warrant.

Simultaneously, the Company issued 35,600,000 warrants (the “**Promoter Warrants**”) in a private placement at a price of \$1.00 per Promoter Warrant.

The Company was incorporated for the purpose of acquiring a suitable target that results in the listing of a successor company (referred to as a “**De-SPAC transaction**”) within the time limits required by the Rules Governing the Listing of Securities on the Stock Exchange of Hong Kong Limited (the “**Listing Rules**”). In particular, the Company is required to announce the terms of the De-SPAC transaction within 24 months and complete the De-SPAC transaction within 36 months after the SPAC Offering (the “**De-SPAC Deadline**”). If the Company does not announce and complete a De-SPAC transaction by the De-SPAC Deadline, the Company would: (i) cease all operations except for the purpose of winding up, (ii) suspend the trading of the Class A Shares and the Listed Warrants, (iii) as promptly as reasonably possible but no more than one month after the date that trading in the Class A Shares is suspended, redeem the Class A Shares in cash which would completely extinguish the rights of the holders of the Class A Shares as shareholders (including the right to receive further liquidation distributions, if any), and (iv) as promptly as reasonably possible following such redemption, subject to the approval of the remaining shareholders and the board of directors, liquidate and dissolve, subject in each case to the Company’s obligations under Cayman Islands law to provide for claims of creditors and the other requirements of applicable laws.

For every Class A Shares that is not redeemed upon the completion of the De-SPAC transaction, the holders of the Class A Shares will receive an additional 0.2 warrant per Class A Share. This seeks to motivate shareholders to elect not to redeem their Class A Shares at the time of the De-SPAC transaction. The additional 0.2 of one warrant per share to be issued as described above would have the same terms of the 0.4 of Listed Warrant mentioned above.

The Company had not carried on any business since the date of its incorporation and is not expected to generate any operating revenue other than interest income until the completion of the De-SPAC transaction, at the earliest. All activities for the period from January 11, 2022 (date of incorporation) to June 30, 2023 were related to the Company’s formation, the SPAC Offering and identifying an appropriate target for the De-SPAC transaction.

The Company’s promoters are Primavera Capital Acquisition LLC, a Cayman Islands limited liability company (through a wholly owned subsidiary, Primavera Capital Acquisition (Asia) LLC, a Cayman Islands limited liability company) and ABCI Asset Management Limited, a Hong Kong limited liability company (through a wholly owned subsidiary, ABCI AM Acquisition Limited, a British Virgin Islands limited liability company) (together the “**Promoters**”).

## 2 BASIS OF PREPARATION

The interim results set out in this announcement do not constitute the Company's interim financial report for the six months ended June 30, 2023 but are extracted from that interim financial report.

The interim financial report has been prepared in accordance with the applicable disclosure provisions of the Listing Rules, including compliance with Hong Kong Accounting Standard (“**HKAS**”) 34, Interim financial reporting, issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”).

The interim financial report has been prepared in accordance with the same accounting policies adopted in the financial statements for the financial period from January 11, 2022 (date of incorporation) to December 31, 2022, which had been prepared in accordance with Hong Kong Financial Reporting Standards (“**HKFRS**”). Details of any changes in accounting policies are set out in note 3.

Notwithstanding the net liabilities of \$97,588,670, which is mainly due to financial liabilities representing the Listed Warrants of \$102,874,772 and deferred underwriting commissions payable of \$21,578,538, as at June 30, 2023, the interim financial report have been prepared on a going concern basis based on the following:

- the Promoters have committed to provide financial assistance to the Company by way of a loan facility of \$20.0 million;
- each Listed Warrant will be exercised by the holders on a cashless basis upon completion of a De-SPAC transaction (see note 14(b)); and
- the directors of the Company have reviewed the Company's cash flow projections, and are of the opinion that the Company will have sufficient working capital to meet its liabilities and obligations as and when they fall due and to sustain its operations for the next twelve months from the end of the reporting period.

The Company continues its search for potential targets of a De-SPAC transaction (“**De-SPAC Targets**”). As of June 30, 2023, no specific De-SPAC Targets had been selected. Notwithstanding the above, there is no assurance that the Company could consummate the De-SPAC transaction within the specified time limit in the Listing Rules.

## 3 CHANGES IN ACCOUNTING POLICIES

The HKICPA has issued a new HKFRS and a number of amendments to HKFRSs that are first effective for the current accounting period of the Company. None of these developments have had a material effect on how the Company's results and financial position for the current or prior period have been prepared or presented. The Company has not applied any new standard or interpretation that is not yet effective for the current accounting period.

#### 4 REVENUE AND SEGMENT REPORTING

The principal activity of the Company is to acquire a suitable target for the completion of De-SPAC transaction within the time limits. No revenue was derived from this activity during the current and prior periods.

The Company's business activity is regularly reviewed and evaluated by the chief operating decision-makers. As a result of this evaluation, the directors of the Company consider that the Company's operations are operated and managed as a single reportable segment. Since this is the only reportable operating segment of the Company, no further operating segment analysis thereof is presented.

## 7 LOSS PER SHARE

The calculation of the basic loss per share is based on the loss for the period attributable to Promoters of the Company (“**Promoter Shareholders**”) divided by the weighted average number of Class B Shares, calculated as follows:

### (i) Loss for the period attributable to Promoter Shareholders of the Company

	<b>For the six months ended June 30, 2023</b>	Period from January 11, 2022 (date of incorporation) to June 30, 2022

### (ii) Weighted average number of shares

	<i>Number of class B shares</i>	<i>Number of class B shares</i>

Weighted average number of Class B Shares at the end of the period	<u><b>25,025,000</b></u>	<u>37,409,736</u>

The calculation of diluted loss per share has not included the potential effects of Class A Shares issued, as they had an anti-dilutive effect on the basic loss per share for the current period.

## 8 CASH AND CASH EQUIVALENTS

Cash and cash equivalents comprise:

	As at June 30, 2023	As at December 31, 2022

## 10 RESTRICTED BANKS BALANCES

The gross proceeds of \$1,001,000,000 from the SPAC Offering are deposited into an escrow account (the “**Escrow Account**”) in accordance with the Listing Rules. The gross proceeds are invested in a bank deposit with interest rate depending on the maturity. Except with respect to interest and other income earned on the funds held in the Escrow Account that may be released to pay the Company’s expenses and taxes, if any, the proceeds from the SPAC Offering would not be released from the Escrow Account, except to:

- meet the redemption requests of holders of the Class A Shares in connection with a shareholder vote to modify the timing of the Company’s obligation to announce the De-SPAC transaction within 24 months of the Listing Date or complete the De-SPAC transaction within 36 months of the Listing Date (or, if these time limits are extended pursuant to a vote of the holders of the Class A Shares and in accordance with the Listing Rules and a De-SPAC transaction is not announced or completed, as applicable, within such extended time limits), or approve the continuation of the Company following a material change in the Promoters or directors as provided for in the Listing Rules; or
- complete the De-SPAC transaction, in connection with which the funds held in the Escrow Account will be used to pay amounts due to holders of the Class A Shares who exercise their redemption rights, to pay all or a portion of the consideration payable to the De-SPAC target or owners of the De-SPAC target, to repay any loans drawn under the loan facility and to pay other expenses associated with completing the De-SPAC transaction; or
- return funds to Class A Shareholders within one month of a suspension of trading imposed by the Stock Exchange if the Company (1) fails to obtain the requisite approvals in respect of the continuation of the Company following a material change referred to in Listing Rule 18B.32; or (2) fails to meet any of the deadlines (extended or otherwise) to (i) publish an announcement of the terms of a De-SPAC transaction within 24 months of the date of the Listing or (ii) complete a De-SPAC transaction within 36 months of the date of the Listing; or
- return funds to the Class A Shareholders upon the liquidation or winding up of the Company.

## **11 OTHER PAYABLES AND ACCRUALS**

The accrual and other payables are expected to be settled within one year or are repayable on demand.

## **12 DEFERRED UNDERWRITING COMMISSIONS PAYABLE**

Pursuant to the terms of the underwriting agreement relating to the SPAC Offering which was entered into by, among others, the Company, the Promoters and the underwriters of the SPAC Offering (the “**Underwriters**”), the Underwriters (i) received an underwriting commission equal to 2% of the gross proceeds for the SPAC Offering on the Listing Date, and (ii) will receive a deferred underwriting commission which comprises an amount up to 1.5% of the gross proceeds which is earned on completion of the De-SPAC transaction, and an amount equal to 1.5% of the gross proceeds less the aggregate amount paid by the Company pursuant to the exercise of the redemption rights of the shareholders of the Company which is earned on completion of the De-SPAC transaction.

The deferred underwriting commissions were recognised as a financial liability under “Deferred underwriting commissions payable”. The fair value change of the deferred underwriting commissions payable was \$374,990 for the six months ended June 30, 2023 (Period from January 11, 2022 (date of incorporation) to June 30, 2022: \$Nil).

## **13 AMOUNT DUE TO THE PROMOTERS**

Amount due to the Promoters is unsecured, interest-free and repayable on demand.

## 14 CLASS A SHARES AND LISTED WARRANTS

The Company issued 100,100,000 Class A Shares together with 40,040,000 Listed Warrants for an aggregate price of \$1,001,000,000 on the Listing Date.

### (a) Class A Shares

The Company has an obligation to redeem the Class A Shares at \$10 per share upon certain events (e.g. a change in the Promoters). Should the Class A Shares not be redeemed, the Company has an obligation to issue additional 0.2 warrant to the holder of the Class A Shares for each share that is not redeemed. Each Class A Share also entitles the holder to discretionary dividends and distributions.

The obligation to redeem the Class A Shares upon events that are beyond the control of the Company and the holder and issue additional warrants should the Class A Shares not be redeemed give rise to financial liabilities.

The movements of the Class A Shares are as follows:

	\$
<b>Liability component — redemption liabilities</b>

(b) **Listed Warrants**

Each Listed Warrant gives the holder the right to subscribe for one share of listed issuer resulting from the completion of a De-SPAC Transaction (“**Successor Share**”) upon completion of a De-SPAC transaction at \$11.5 per share when the average closing price of the Successor Shares for the 10 trading days immediately prior to the date on which the notice of exercise is received by the registrar (the “**Fair Market Value**”) is at least \$11.5 per share. Such exercise will be conducted on a cashless basis by the holders surrendering the Listed Warrants for that number of Successor Shares, subject to adjustment, equal to the product of the number of Successor Shares underlying the Listed Warrants, multiplied by a quotient equal to the excess of the Fair Market Value of a Successor Share over the exercise price of the warrant divided by the Fair Market Value of the Successor Share. The Listed Warrants are exercisable 30 days after the completion of the De-SPAC transaction up to the date immediately preceding the fifth anniversary of the date of the completion of the De-SPAC transaction, both days inclusive.

The Listed Warrant are classified as derivative financial liabilities, that are measured at fair value through profit or loss, since the warrants would not be settled only by exchanging a fixed amount of cash or another financial asset for a fixed number of the Company’s own equity instruments.

The movements of the Listed Warrants are as follows:

## 15 EQUITY SETTLED SHARE-BASED TRANSACTIONS

The Company issued 25,025,000 Class B Shares on July 28, 2022 at a price of \$0.0001 per share. In accordance with the memorandum and articles of association, the Class B Shares contain a conversion feature (the “**Conversion Right**”) such that they are convertible into shares of a successor company (i.e. Successor Share) automatically upon the closing of the De-SPAC transaction at such a ratio that the number of Successor Shares issuable upon conversion of all Class B Shares will be equal to, on an as-converted basis and in the aggregate, 20% of the sum of all Class A Shares and Class B Shares in issue as at the Listing Date. Upon Listing, the Company issued 35,600,000 Promoter Warrants at an aggregate subscription price of \$35,600,000. Each Promoter Warrant gives the holder the right to subscribe for one Successor Share at \$11.5 per share and is settled net in shares. The Promoter Warrants are exercisable 12 months after the completion of the De-SPAC transaction. The contractual life of the Conversion Right of the Class B Shares and the Promoter Warrants is 3 years. The Company accounted for the Conversion Right in the Class B Shares and the Promoter Warrants granted on the Listing Date (collectively the “**Grants**”) as equity-settled share-based payment, with the completion of a De-SPAC transaction identified as the non-market performance condition.

- (a) **The number and weighted average exercise prices of the Promoter Warrants are as follows:**

	<b>For the six months ended June 30, 2023</b>		<b>Period from January 11, 2022 (date of incorporation) to June 30, 2022</b>	
	<b>Weighted average exercise price</b>	<b>Number of Promoter Warrants</b>	<b>Weighted average exercise price</b>	<b>Number of Promoter Warrants</b>

Granted during the period	N/A	–	N/A	–
At the end of the period	\$11.5	<u>35,600,000</u>	N/A	<u>–</u>
Exercisable at the end of the period	N/A	<u>–</u>	N/A	<u>–</u>

The Promoter Warrants outstanding at June 30, 2023 had an exercise price of \$11.5 and a weighted average remaining contractual life of 2.2 years.

(b) **Fair value of the Grants and assumptions**

The fair value of services received in return for the Grants granted, which includes the Promoter Warrants and the Conversion Rights in the Class B Shares, is measured by reference to the fair value of the Grants granted. The estimate of the fair value of the Promoter Warrants granted is measured based on a Monte Carlo simulation method. The contractual life of the Promoter Warrants is used as an input into this model. Expectations of early exercise are incorporated into the Monte Carlo simulation method.

2022

**Fair value of the Promoter Warrants and assumptions**

Fair value at measurement date	\$2.58
Share price	\$10.00
Exercise price	\$11.50
Expected volatility	38.51%–39.97%
Option life	3 years
Expected dividends	0.00%
Risk-free interest rate	3.21%–3.26%

The expected volatility is estimated based on daily return of S&P SmallCap 600 Volatility — Highest Quintile Index. The length of period approximately equals to the expected time to maturity of the Promoter Warrants as of the Listing Date, sourced from Bloomberg. Expected dividends are based on management estimation. Changes in the subjective input assumptions could materially affect the fair value estimate.

The fair value of the Conversion Right in the Class B Share was principally determined based on the value of the Class A Share.

The Grants were granted under a non-market performance condition. This condition has not been taken into account in the grant date fair value measurement of the services received.

The Company's primary objectives when managing capital are to safeguard the Company's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders.

The Company actively and regularly reviews and manages its capital structure to ensure optimal capital structure and shareholders return, taking into consideration the future of the Company and capital efficiency, projected operating cash flows and projected capital expenditures.

## MANAGEMENT DISCUSSION AND ANALYSIS

### OVERVIEW

The Company is a special purpose acquisition company (“**SPAC**”) formed for the purpose of effecting an acquisition of, or a business combination (“**De-SPAC Transaction**”) with one or more businesses (“**De-SPAC Target**”). In identifying the De-SPAC Target, the Company intends to invest in high-growth companies focused on Greater China in the sectors of innovative technology, consumer and new retail, advanced manufacturing, healthcare and climate action.

The Company completed an offering of its class A ordinary shares (the “**Class A Shares**”) and Listed Warrants (as defined below) (the “**Offering**”) on September 16, 2022 (the “**Listing Date**”). The Offering comprised 100,100,000 Class A Shares at an offer price of HK\$10.00 per Class A Share and 40,040,000 warrants (the “**Listed Warrants**”). Simultaneously with the Offering, the promoters of the Company (the “**Promoters**”) subscribed for 35,600,000 warrants (the “**Promoter Warrants**”) at a price of HK\$1.00 per Promoter Warrant. The Promoter Warrants are not listed on The Stock Exchange of Hong Kong Limited (the “**Stock Exchange**”). The Company received gross proceeds of HK\$1,001.0 million from the Offering, which was deposited in a ring-fenced escrow account (the “**Escrow Account**”) and held in the form of cash or cash equivalents. As of the date of this announcement, the Company has not used any of the gross proceeds received from the Offering.

During the Reporting Period, the Company had not selected any specific De-SPAC Target, or entered into any binding agreement with respect to a potential De-SPAC Transaction. Prior to the completion of the De-SPAC Transaction, the Company will not engage in any operations other than in connection with the selection, structuring and completion of the De-SPAC Transaction.

### BUSINESS REVIEW

During the Reporting Period, the Company did not engage in any operations and did not generate any revenue. The Company’s only activities during the Reporting Period were organisational activities related to its incorporation, the Offering, and since the closing of the Offering, the search for prospective De-SPAC Target.

As of the date of this announcement, there have been no material events affecting the Company or its listed securities since June 30, 2023.

## **FINANCIAL REVIEW**

### **Interest income**

The Company did not generate any revenue during the Reporting Period. The Company recognized an interest income of approximately HK\$21.5 million during the Reporting Period (2022: nil), which primarily consisted of interest income on the gross proceeds of the Offering held in the Escrow Account.

### **Equity-settled share-based payment expenses**

During the Reporting Period, the Company incurred an equity-settled share-based payment expenses of approximately HK\$45.7 million (2022: nil) as a result of the class B ordinary shares of the Company (the “**Class B Shares**”) which contain a conversion feature (the “**Conversion Right**”) and the Promoter Warrants. The Company accounted for the Conversion Right in the Class B Shares and the Promoter Warrants granted on the Listing Date as equity-settled share-based payment, with the completion of De-SPAC Transaction as the vesting condition for accounting purpose. The total estimated fair value of the equity-settled share-based payment is spread over the vesting period, taking into account the probability that the related awards would vest.

## **LIQUIDITY AND FINANCIAL RESOURCES**

The Company received gross proceeds of HK\$1,001.0 million from the Offering, which was deposited into the Escrow Account in Hong Kong. The funds held in the Escrow Account may be released only to complete the De-SPAC Transaction, satisfy redemption requests of the shareholders of the Company (the “**Shareholders**”), and return funds to Class A Shareholders upon the suspension of trading of the Class A Shares and the Listed Warrants or upon the liquidation or winding up of the Company.

The Company has been monitoring its expenses on an ongoing basis and endeavors to keep the costs within the Company’s primary sources of liquidity other than the funds deposited in the Escrow Account, including the proceeds from the sale of Class B Shares and the Promoter Warrants and the loan facility of HK\$20 million, as set out in “Borrowings and gearing ratio” below (the “**Loan Facility**”). The Company believes that it is well positioned to manage the operating expenses when conducting negotiations and performing due diligence review on potential De-SPAC Targets.

Prior to the completion of the De-SPAC Transaction, the primary sources of liquidity to satisfy the Company’s capital requirements include proceeds from the issuance of the Class B Shares and the Promoter Warrants and the Loan Facility. With the amount of liquid assets on hand which are held outside the Escrow Account, the Company is of the view that it has sufficient financial resources to meet its ongoing capital requirements prior to the completion of the De-SPAC Transaction. Due to the Company’s business nature, there is no ageing analysis of accounts receivable and accounts payable.

As of June 30, 2023, the Company had total assets of approximately HK\$1,028.8 million (as of December 31, 2022: HK\$1,014.2 million), which primarily consisted of (i) cash and cash equivalents of approximately HK\$3.4 million (as of December 31, 2022: HK\$10.1 million). The decrease in cash and cash equivalents was mainly due to net cash used in operating activities of approximately HK\$2.6 million and payments of listing expenses of approximately HK\$4.1 million; (ii) interest receivables of approximately HK\$24.1 million (as of December 31, 2022: HK\$2.6 million). The increase in interest receivables was mainly due to increase in interest receivables from escrow account. Interest income from escrow account is recognised using the effective interest method, and the effective interest rate is applied to the gross carrying amount of the restricted bank balances; (iii) prepayments of approximately HK\$0.3 million (as of December 31, 2022: HK\$0.5 million); and (iv) restricted bank balances of HK\$1,001.0 million (as of December 31, 2022: HK\$1,001.0 million).

As of June 30, 2023, the Company had total liabilities of approximately HK\$1,126.4 million (as of December 31, 2022: HK\$1,130.4 million), which primarily consisted of (i) other payables and accruals of approximately HK\$0.4 million (as of December 31, 2022: HK\$4.5 million), which mainly consisted of accrued other operating expenses. The decrease in other payables and accruals was mainly due to the settlement of listing expenses; (ii) deferred underwriting commissions payable of approximately HK\$21.6 million (as of December 31, 2022: HK\$22.0 million); (iii) amount due to the Promoters of approximately HK\$0.6 million (as of December 31, 2022: HK\$0.6 million); (iv) redemption liabilities arising from the Class A Shares of HK\$1,001.0 million (as of December 31, 2022: HK\$1,001.0 million); and (v) Listed Warrants of approximately HK\$102.9 million (as of December 31, 2022: HK\$102.3 million).

As a result of the foregoing, the net liabilities of the Company decreased to approximately HK\$97.6 million as of June 30, 2023 from HK\$116.2 million as of December 31, 2022.

### **Borrowings and gearing ratio**

The Company (as borrower) and Primavera Capital Acquisition (Asia) LLC and ABCI AM Acquisition Limited (as lenders) entered into a facility agreement on September 7, 2022 in relation to an aggregate of HK\$20 million unsecured Loan Facility. As of the date of this announcement, no amount had been drawn down under the Loan Facility. The Company had amounts due to the Promoters of HK\$0.6 million as of June 30, 2023 (as of December 31, 2022: HK\$0.6 million), which are unsecured, interest free and repayable on demand.

As the Company did not have any borrowings as of June 30, 2023, the net gearing ratio (as calculated by total interest-bearing bank borrowings as at the end of respective period divided by total equity as at the same date) was not applicable to the Company as of June 30, 2023.

## **Foreign Exchange Exposure**

As at June 30, 2023, the Company's cash and cash equivalents was denominated in Hong Kong dollars. As such, the Company did not have significant foreign currency exposure during the Reporting Period. ## **OUTLOOK AND PROSPECTS**

In the forthcoming months, the Company will use its best endeavors to source a De-SPAC Target with strong and sustainable growth prospects and recommend it for approval by the Shareholders and the Stock Exchange.

The Company will conduct thorough due diligence review for the introduced potential De-SPAC Target. If the Company decides to further pursue after a particular De-SPAC Target subsequent to the due diligence review, further negotiations will be conducted to structure the terms of the De-SPAC Transaction. It is expected that substantial costs will be incurred in evaluating potential De-SPAC Target and in negotiating and executing a De-SPAC Transaction. The Company will continue to incur expenses as a publicly listed company (for legal, financial reporting, accounting and auditing compliance), as well as for due diligence expenses related to prospective De-SPAC Transactions. The Company intends to consummate the De-SPAC Transaction using (i) proceeds of the Offering; (ii) proceeds from the issuance of the Class B Shares and the Promoter Warrants; (iii) proceeds from independent third party investments; (iv) funds from any backstop agreements it may enter into; (v) loans from the Promoters or their affiliates, if any, under the Loan Facility or other arrangements; (vi) shares issued to the owners of the De-SPAC Target; and (vii) any other equity or debt financing, or a combination of the foregoing.

Any remuneration policy to be adopted after completion of the De-SPAC Transaction will be determined by the Board and reviewed by the remuneration committee of the Company. In general, the Company expects that the remuneration policy of the Company will provide remuneration packages including salary, bonus and various allowances, so as to attract and retain top quality staff, and the Company will determine employee salaries based on each employee's qualification, position and seniority.
