Notice is hereby given that the First Class Meeting 2023 of the Holders of H Shares (the “**HCM**”) of Shenzhen Expressway Corporation Limited (the “**Company**”) will be held at the conference room of the Company 46th Floor, Hanking Center Tower, No. 9968 Shennan Avenue, Nanshan District, Shenzhen, the PRC after 10:00 a.m. on Wednesday, 20 September 2023 (immediately after the conclusion of the First Class Meeting 2023 of the Holders of A Shares of the Company to be held on the same date or adjournment) to consider and, if thought fit, pass the following resolutions:

SPECIAL RESOLUTIONS

1. To consider and approve the resolution in relation to the proposal of the Issuance of A Shares to Specific Targets by the Company individually:

1.01 Class and nominal value of shares to be issued

The class of shares to be issued under this issuance is domestic listed ordinary shares (A Shares) traded in RMB with nominal value of RMB1.00 per share.

1.02 Method and timing of the Issuance

The Issuance will be conducted by way of issuance of Shares to Specific Targets. The Company will issue A Shares to the Specific Targets at an appropriate time upon having obtained approval from the Shanghai Stock Exchange (“**SSE**”) and within the effective registration period consent by the CSRC (“**CSRC**”).

1.03 Target subscribers and method of subscription

The subscribers under the Issuance of A Shares to Specific Targets include no more than 35 (inclusive) Specific Targets (including Xin Tong Chan Development (Shenzhen) Co., Ltd.* (新通產實業開發(深圳)有限公司) (“**XTC Company**”, a wholly-owned subsidiary of the controlling shareholder of the Company, Shenzhen International Holdings Limited (“**Shenzhen International**”))), which meet the criteria required by the CSRC.

After the Company having obtained approval from the SSE and the CSRC having provided its consent for the relevant registration, the Board or its authorised person(s) will identify the Specific Targets (other than XTC Company) upon negotiations with its sponsor (the lead underwriter) in accordance with the bidding results and under the authorisation to be granted at the general meeting and the class meetings of the Company.

All Specific Targets shall subscribe the Shares under the Issuance by cash.

If there are new requirements in the laws and regulations regarding the Specific Targets under the Issuance of A Shares to Specific Targets, the Company will make adjustment according to the new requirements. If the regulatory authorities have other new requirements on the qualifications of the Specific Targets or the corresponding review procedures, those requirements shall prevail.

1.04 Pricing Benchmark Date, issue price and pricing method

The Pricing Benchmark Date shall be the first day of the issuance period of the Issuance. The issue price of the Issuance shall not be lower than the higher of (“**Minimum Issue Price**”): 80% of the average trading price of Company’s A Shares in the 20 Trading Days prior to the Pricing Benchmark Date (excluding the Pricing Benchmark Date, and the same applied to below), and the Company’s audited net assets per share attributable to the ordinary shareholders of the parent company as at the end of the most recent period prior to the Issuance. In the event the Company carries out ex-dividend and ex-right activities such as distribution of dividend, bonus share issue, allotment of shares, conversion of capital reserve into share capital during the period from the balance sheet date of the latest audited financial report up to the issuance date, the value of the above net assets per Share shall be adjusted accordingly.

The formula for calculating the average trading price of Company’s A Shares in the 20 Trading Days prior to the Pricing Benchmark Date is as follows (The following parameters should use the data to be officially announced by the SSE): The average trading price of the Company’s A Shares in the 20 Trading Days prior to the Pricing Benchmark Date = the total trading value of the Company’s A Shares in the 20 Trading Days prior to the Pricing Benchmark Date/the total trading volume of the Company’s A Shares in the 20 Trading Days prior to the Pricing Benchmark Date. In the event the Company carries out ex-dividend and ex-right activities such as distribution of dividend,

bonus share issue, allotment of shares, conversion of capital reserve into share capital, which result in adjustment of its share price during the 20 Trading Days prior to the Pricing Benchmark Date, the trading prices of the Trading Days prior to such price adjustment shall be calculated according to the prices as adjusted by the relevant ex-dividend and ex-right activities.

On the basis of the aforementioned Minimum Issue Price, the final issue price shall be determined by negotiations between the Board or its authorised person(s) and the sponsor (the lead underwriter) according to the price bidding results, under the authorisation to be granted at the general meeting and the class meetings of the Company, and in compliance with the relevant laws and regulations and requirements of regulatory authority, after the Company having obtained approval from the SSE and the CSRC having provided its consent for the relevant registration.

In case the Company carries out ex-dividend and ex-right activities such as distribution of dividend, bonus share issue, allotment of shares, conversion of capital reserve into share capital during the period from the Pricing Benchmark Date to the issuance date, the final issue price shall be adjusted in accordance with the following formula:

Assuming P_0 denotes the issue price before the adjustment, N denotes the ratio of bonus shares or the conversion rate of capital reserve, D denotes the amount of cash dividends payable per share, and P_1 denotes the new issue price after adjustment, then:

In the case of distribution of cash dividends: $P_1 = P_0 - D$

In the case of grant of bonus shares or conversion of capital reserve into share capital: $P_1 = P_0 / (1 + N)$

In case both of the above occur simultaneously: $P_1 = (P_0 - D) / (1 + N)$

XTC Company will not participate in the market price bidding process for determining the issue price of the Issuance, and undertook that it will subscribe the A Shares at the price determined by the price bidding, which will be same as the price to be offered to the other Specific Targets. If the final issue price of the Issuance cannot be determined through bidding, XTC Company will not participate in the subscription under the Issuance.

1.05 Number of A Shares to be issued

The number of A Shares to be issued under the Issuance shall be no more than 30% of the total number of issued shares of the Company immediately prior to the Issuance, i.e. not more than 654,231,097 Shares (inclusive). Among which, the amount of A Shares to be subscribed by XTC Company shall be no more than RMB1.51 billion, and Shenzhen International shall indirectly hold no less than 45.00% in the shareholding of the Company in total upon completion of the Issuance. The final number of Shares to be subscribed by

XTC Company will be determined by negotiation between XTC Company and the Company after the issue price has been fixed, while the other Shares will be subscribed by the other Specific Targets. Number of Shares to be subscribed = subscription amount/final issue price per Share, and the number of Shares to be subscribed is rounded down to the nearest integer.

In the event the Company grants bonus shares, convert its capital reserve into share capital, or carries out any other activities leading to changes in its total share capital during the period from the approval date of its board resolutions in relation to the Issuance up to the issuance date, the maximum number of A Shares to be issued under the Issuance shall be adjusted accordingly.

The final number of A Shares to be issued shall be determined by the negotiations between the Board or its authorised person(s) and its sponsor (the lead underwriter) pursuant to the authorisation to be granted at the general meeting and the class meetings of the Company, subject to the then actual circumstances and within maximum limit of the A Shares to be issued upon the approval from the SSE and the consent for registration from the CSRC.

1.06 Lock-up arrangement

Pursuant to the relevant regulations such as the “Administrative Measures for the Registration of Securities Issuance by Listed Companies”, upon completion of the Issuance, the Shares to be subscribed by XTC Company under the Issuance shall be refrained from being transferred within eighteen months from the completion date of the Issuance, and the Shares subscribed by the other Specific Targets under the Issuance shall be refrained from being transferred within six months from the completion date of the Issuance.
