Resumption Guidance

Update on resumption progress and the expected timeline

On September 13, 2023, the Investigation Consultant issued the Report on the Investigation to the Investigation Committee. Key findings of the Investigation on the two issues relating to the Guarantee and the Repayments are set out in the Key Investigation Findings Announcement and the Board is of the view that, subject to the findings of the e-Discovery, the Report has adequately addressed the concerns in relation to the Relevant Matters and the findings identified in the Report do not have any material impact on the business operation and financial position of the Group. Further, all recommendations of the Investigation Consultant as set out in the Report have been taken up and reflected in the updated and newly implemented internal control policies and procedures of the Group.

As an additional procedure to the Investigation, the Investigation Consultant is currently performing the e-Discovery, which is expected to be completed on or before October 6, 2023.

For more information on the Investigation and the Report, please refer to the Key Investigation Findings Announcement.

Resumption Guidance

- (c) conduct an independent internal control review and demonstrate that the Company has in place adequate internal controls and procedures to meet the obligations under the Listing Rules

- (d) demonstrate that there is no reasonable regulatory concern about management integrity and/or the integrity of any persons with substantial influence over the Company's management and operations, which may pose a risk to investors and damage market confidence

Update on resumption progress and the expected timeline

As disclosed in the Key Investigation Findings Announcement, the Investigation Consultant has also issued the IC Report to the Investigation Committee.

Based on the findings in the IC Report, the Investigation Consultant identified certain internal control deficiencies, all of which were classified as of low or low to medium risk, and no material irregularities or flaws were identified. Further, all recommendations of the Investigation Consultant as set out in the IC Report have been taken up and reflected in the updated and newly implemented internal control policies and procedures of the Group.

For more information on the internal control review on the Group and the IC Report, please refer to the Key Investigation Findings Announcement.

Reference is made to the Key Investigation Findings Announcement. As stated therein, the Investigation Committee and the Board have considered the roles of various persons in relation to the Relevant Matters, including Mr. Zhang, who is a non-executive Director (and at the relevant time, an executive Director) and a controlling shareholder of the Company.

Resumption Guidance

Update on resumption progress and the expected timeline

Following completion of the Investigation, the Investigation Committee noted that Mr. Zhang failed to report the provision of the Guarantee by Gobi Energy to the Board and procure the Company to comply with the relevant compliance requirements under the Listing Rules, and according to the Investigation findings, this was mainly due to insufficient communication between Mr. Zhang and the Internal PRC Legal Adviser and their misunderstanding of the internal procedures, as well as an overall lack of sensitivity on compliance matters. The Investigation Committee and the Board considered that the mistakes of Mr. Zhang in respect of the above appeared to be unintentional and not of any ulterior intent.

The Investigation Committee had discussed with Mr. Zhang regarding his directorship in the Company and it was agreed that Mr. Zhang's duties as a non-executive Director (“NED”) would remain suspended until the 2023 AGM. At the 2023 AGM, Mr. Zhang would voluntarily retire from his office as NED and, being eligible, would stand for re-election. Mr. Zhang and his associates (as defined under the Listing Rules) would abstain from voting on the resolution for his re-appointment as NED and accordingly, his re-appointment would be solely determined by the independent Shareholders.

Please refer to the Key Investigation Findings Announcement for more details.

Based on the findings of the Investigation and subject to the findings of the e-Discovery, as at the date of this announcement, the Investigation Committee and the Board are not aware of any members of the Board or senior management whose integrity was brought into question as a result of the Relevant Matters.

The Investigation Committee and the Board will continue to assess and evaluate this issue when the findings of the e-Discovery are available.
