BUSINESS REVIEW

The Group is a two-way radio product designer and manufacturer established in 2001. We derive revenue principally from designing, trading and manufacturing of two-way radios, baby monitors and plastic products on original design manufacturing basis.

The Group’s revenue decreased from approximately HK\$58.6 million for the six months ended 30 September 2022 to approximately HK\$16.2 million for the six months ended 30 September 2023, representing a decrease of approximately 72.3%. Such decrease was mainly due to decrease in number of purchase orders from customers.

The Group’s revenue of two-way radios decreased by approximately 65.9% from approximately HK\$26.8 million for the six months ended 30 September 2022 to approximately HK\$9.1 million for the six months ended 30 September 2023 mainly due to the decrease in number of purchase orders from customers.

The Group’s revenue of baby monitors increased significantly from approximately HK\$0.1 million for the six months ended 30 September 2022 to approximately HK\$5.9 million for the six months ended 30 September 2023 due to the increase in demand of baby monitor products.

The Group’s revenue of plastic products increased by approximately 100% from approximately HK\$nil for six months ended 30 September 2022 to approximately HK\$1 million for six months ended 30 September 2023. The revenue was solely contributed by the new subsidiary acquired in the preceding financial year.

The Group’s revenue of other products decreased by approximately 99.3% from approximately HK\$31.7 million for the six months ended 30 September 2022 to approximately HK\$0.2 million for the six months ended 30 September 2023 mainly due to decrease in demand of other products.

The Company will continue to diversify the revenue stream and expand the customer base by expanding product offerings and exploring business opportunity with current and potential customers.

Our cost of sales decreased by approximately 73.0% from HK\$50.2 million for the six months ended 30 September 2022 to HK\$13.5 million for the six months ended 30 September 2023. The gross profit ratio increased from approximately 14.4% for the six months ended 30 September 2022 to approximately 16.6% for the six months ended 30 September 2023, which was mainly contributed by the successful implementation of the Group's restructuring scheme.

Selling and Distribution Expenses

The selling and distribution expenses decreased from approximately HK\$0.1 million for the six months ended 30 September 2022 to approximately HK\$0.04 million for the six months ended 30 September 2023, which was mainly due to decrease in logistics expenses.

Administrative Expenses

The administrative expenses decreased from approximately HK\$7.4 million for the six months ended 30 September 2022 to approximately HK\$3.5 million for the six months ended 30 September 2023, which was mainly contributed by the successful implementation of the Group's restructuring scheme.

Profit attributable to the owners of the Company

Profit attributable to the owners of the Company for the six months ended 30 September 2023 amounted approximately HK\$3.7 million compared with that of approximately HK\$2.9 million for the six months ended 30 September 2022. The increase in the profit was mainly contributed by the reversal of impairment losses under expected credit loss recognized as a result of subsequent settlement of long outstanding trade receivable balances during the six months ended 30 September 2023.

Liquidity, Financial Resources and Capital Structure

Historically, the Group has funded the liquidity and capital requirements primarily through operating cash flows and bank borrowings. As at 30 September 2023, we had various short term borrowings and lease liabilities of approximately HK\$8.7 million (as at 31 March 2023: approximately HK\$9.0 million), representing a decrease of approximately HK\$0.3 million as compared to that as at 31 March 2023.

Net current liabilities decreased from approximately HK\$22.0 million as at 31 March 2023 to approximately HK\$20.0 million as at 30 September 2023, which was mainly due to the net effect of increase in trade and other payables and reversal of impairment losses under expected credit loss recognized during the six months ended 30 September 2023.

The Company requires cash primarily for working capital needs. As at 30 September 2023, the Company had approximately HK\$5.0 million in cash and bank balances (as at 31 March 2023: approximately HK\$8.4 million), representing a decrease of approximately HK\$3.4 million as compared to that as at 31 March 2023.

As of 30 September 2023, the deficit equity attributable to the owners of the Company were approximately HK\$3.9 million, of which share capital was approximately HK\$9.0 million, capital reserve was approximately HK\$1.5 million, PRC statutory surplus reserve was approximately HK\$2.7 million, exchange reserve was approximately HK\$3.3 million and accumulated loss were approximately HK\$161 million. The deficit equity attributable to the owners of the Company decreased by approximately 30.5% from approximately HK\$5.6 million as at 31 March 2023 to approximately HK\$3.9 million as at 30 September 2023. There were no debt securities issued by the Group during the six months ended 30 September 2023.

Capital Commitments

As at 30 September 2023, the Company had no any capital commitments on acquisition of property, plant and equipment (as at 31 March 2023: nil).

Gearing Ratio

As at 30 September 2023, the gearing ratio of the Group was approximately negative 293.2% (as at 31 March 2023: approximately negative 231.9%). The gearing ratio is calculated based on the sum of borrowings, amounts due to related parties and lease liabilities divided by the total deficit equity of the company at the end of the reporting period. The decrease of the gearing ratio was mainly attributed by the profit recognized during the six months ended 30 September 2023.

Pledged of Assets

As at 30 September 2023 and 31 March 2023, the Group's banking facilities were secured by:

- (i) pledged bank deposits with carrying amount of approximately HK\$nil; and
- (ii) a corporate guarantee from the Company with an aggregate amount of approximately HK\$nil.

Contingent Liabilities

On 20 January 2020, the Company received a third-party notice with legal case no. HCA1643/2019 between the Barton Eagle Limited (the "**Plaintiff**"), Lam Tak Hung (the "**Defendant**") and the Company. The Plaintiff claimed against the Defendant approximately HK\$8 million under a guarantee for debts own by the Company. The Defendant claims against the Company to be indemnified against the Plaintiff's claim and the cost of this action on the grounds that the Company are the principal debtor of the alleged debt. The management of the Company is seeking the legal opinion for the above case.

Up to the date of this report, the outcome of the proceedings is still uncertain. As the Directors considered it is premature and not practical to draw a conclusion of the outcome of the claims and that the ultimate liability, if any, will not have a material adverse impact on the Group's consolidated financial position, no provision was made as at 30 September 2023 (as at 31 March 2023: nil).

Apart from the contingent liabilities disclosed on the above, the Company has no significant contingent liabilities as at 30 September 2023 (as at 31 March 2023: nil).
