## 1. Basis of preparation

The unaudited interim financial report has been prepared in accordance with the applicable disclosure provisions of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited, including compliance with Hong Kong Accounting Standard (“HKAS”) 34, *Interim financial reporting*, issued by the HKICPA.

The interim financial report has been prepared in accordance with the same accounting policies adopted in the consolidated financial statements for the year ended 31 March 2023, except for the accounting policy changes that are expected to be reflected in the consolidated financial statements for the year ending 31 March 2024. Details of these changes in accounting policies are set out in note 2.

The preparation of an interim financial report in conformity with HKAS 34 requires management to make judgements, estimates and assumptions that affect the application of policies and reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

The financial information relating to the financial year ended 31 March 2023 that is included in this preliminary announcement of interim results as comparative information does not constitute the Company’s statutory annual consolidated financial statements for that financial year but is derived from those financial statements. Further information relating to these statutory financial statements required to be disclosed in accordance with section 436 of the Hong Kong Companies Ordinance is as follows:

The Company has delivered the consolidated financial statements for the year ended 31 March 2023 to the Registrar of Companies as required by section 662(3) of, and Part 3 of Schedule 6 to, the Hong Kong Companies Ordinance.

The Company’s auditor has reported on those consolidated financial statements. The auditor’s report was unqualified; did not include a reference to any matters to which the auditor drew attention by way of emphasis without qualifying its report; and did not contain a statement under sections 406(2), 407(2) or (3) of the Hong Kong Companies Ordinance.

## 2. Changes in accounting policies

The HKICPA has issued a number of new or amended Hong Kong Financial Reporting Standards (“HKFRSs”) that are first effective for the current accounting period of the Group. Of these, the following developments are relevant to the Group:

- Amendments to HKAS 1, *Presentation of financial statements* and HKFRS Practice Statement 2, *Making materiality judgements: Disclosure of accounting policies*
- Amendments to HKAS 8, *Accounting policies, changes in accounting estimates and errors: Definition of accounting estimates*
- Amendments to HKAS 12, *Income taxes: Deferred tax related to assets and liabilities arising from a single transaction*

None of these developments have had a material effect on how the Group’s results and financial position for the current or prior periods have been prepared or presented in the interim financial report.

The Group has not applied any new standard or interpretation that is not yet effective for the current accounting period.

### 3. Revenue

The principal activity of the Group is property investment.

### 4. Segment information

No separate geographical information is presented as the Group's revenue and results of property leasing were derived from Hong Kong.

## **BUSINESS REVIEW AND COMMENTARY**

- The Group achieved a profit from operations before valuation changes in investment properties of \$93.0 million for the half year ended 30 September 2023, representing a decrease of approximately 3.1% compared with the corresponding period of last year. The decrease was mainly due to decrease in rental income from iSQUARE compared to the corresponding period of last year.
- Net valuation gains on investment properties for the half year ended 30 September 2023 amounted to \$382.4 million, compared with the valuation losses of \$1,202.6 million for the corresponding period of last year. The valuation changes will only affect the accounting profit or loss but not the cash flows of the Group.
- The Group recorded a profit attributable to equity shareholders of \$457.1 million for the half year ended 30 September 2023, compared with a loss attributable to equity shareholders of \$1,123.5 million for the corresponding period of last year.
- iSQUARE is a commercial complex housing retail, entertainment, food and beverage establishments. Rental income from iSQUARE amounted to approximately \$145.9 million for the half year ended 30 September 2023, representing a decrease of approximately 4.1% compared with the corresponding period of last year. The occupancy rate at 30 September 2023 was approximately 80.0% (30 September 2022: 77.3%).
- The total equity for the Group at 30 September 2023 was \$7,994.2 million, compared with \$7,619.9 million at 31 March 2023.
- On 7 October 2013, the Company entered into a facility agreement with a bank comprising of a 3-year term loan facility of up to \$200 million and a 3-year revolving loan facility of up to \$100 million both at floating interest rate. Following the first supplemental agreement for extension of the facilities to 8 October 2021, the Company entered into the second supplemental agreement with the bank on 23 August 2021 for extension of the facilities for three years to 8 October 2024. The Company has an option to further extend the facilities for two additional years to 8 October 2026, subject to, among other things, the agreement of the lending bank. At 30 September 2023, the banking facilities were utilised to the extent of \$200 million (31 March 2023: \$200 million) and the Group's gearing ratio (calculated as total bank loans divided by total equity) was 2.5% (31 March 2023: 2.6%).

- At 30 September 2023, the total number of employees of the Group, excluding the staff employed by Cushman & Wakefield Property Management Limited for general building and property management of iSQUARE, was 35 (30 September 2022: 37) and the related costs incurred during the period were approximately \$12.5 million (30 September 2022: \$13.6 million).
- Save as disclosed in this announcement, there has been no further material change to the information contained in the Company’s annual report for the year ended 31 March 2023 which necessitates additional disclosure to that made herein.

## **OUTLOOK**

Despite the improving economic situation with an increase in inbound tourism and the various measures taken by the Hong Kong government to boost the momentum of economic recovery, the management expects the retail market in Hong Kong to remain challenging. It is expected that the rental income from iSQUARE and the results from operations of the Group for the second half year would remain stable.

## **PURCHASE, SALE OR REDEMPTION BY THE COMPANY AND ITS SUBSIDIARIES OF ITS LISTED SECURITIES**

There were no purchases, sales or redemptions of the Company’s listed securities by the Company or any of its subsidiaries during the six months ended 30 September 2023.

## **COMPLIANCE WITH THE CORPORATE GOVERNANCE CODE**

In the opinion of the Directors, the Company throughout the six months ended 30 September 2023 complied with all the code provisions, where applicable, set out in Part 2 of the Corporate Governance Code in Appendix 14 to the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (“Listing Rules”), except for the deviations as disclosed hereunder:

- Code Provision C.1.8: Appropriate insurance cover in respect of legal action against directors should be arranged

Currently, the Company does not have insurance cover for legal action against its Directors. After taking into account the business nature and operational complexity and diversity of the Group, as well as the close supervision of and prudent approach adopted by the management, the Board believes that the Directors’ risk of being sued or getting involved in litigation in their capacity as Directors is relatively low. Benefits to be derived from taking out insurance may not outweigh the cost. Despite it, every Director is, subject to the provisions of the applicable laws, indemnified out of the assets of the Company against all costs, charges, expenses, losses and liabilities he/she may sustain or incur in or about the execution of his/her office or otherwise in relation thereto pursuant to the Articles of Association of the Company. In view of the above, the Board considers that the Directors’ exposure to risk is manageable.

- Code Provision C.2.1: The roles of chairman and chief executive should be separated and performed by two individuals

The roles of the Chairman and chief executive officer of the Company are taken up by the same person. To avoid concentration of power and authority in any one individual, the Executive Directors have been sharing the day-to-day management of the Company's business whilst the Board is collectively responsible for formulation of objectives and strategic decisions. In addition, the Board comprises three Independent Non-executive Directors ("INEDs") with differing expertise/calibre who can provide a "check and balance" effect on the management through their high attendance at board meetings and active roles in board committees whereby ensuring a balance of power. Given consideration to the aforesaid, the Board of Directors is of the view that the structure of CEO duality does not have any adverse effect on the Company and believes that this structure enables the Group to make and implement decisions promptly and efficiently on the one hand while achieving an equilibrium of power on the other.

- Code Provision D.2.5: Issuer should have an internal audit function and review the need for one in case of its absence annually

At present, the Company does not have an internal audit function. The Board reviewed the need for setting up one in March 2023 and considered that there was no such an immediate need after taking into account the Group's current circumstances, such as the focused nature and geographical spread of business, the relatively simple operating structure and small size of the Group and the close involvement and supervision of the management in daily operation, which could provide sufficient risk management and internal control for the Group. Despite it, the Board has taken initiatives to promote the adequacy and effectiveness of the risk management and internal control systems by creating a control environment across the Group (such as building up a corporate culture based on sound business ethics and accountability through the implementation of whistleblowing policy and procedure manuals with defined roles, responsibilities and reporting lines) and putting control activities in place (such as conducting group-wide risk assessment exercise biannually). In addition, where the external auditor of the Company considers any internal controls that are relevant to the audit of the financial statements, it will report to the audit committee any significant deficiencies in internal control identified during the audit.

In view of the above considerations, together with the review result on the effectiveness of the existing control mechanism and the potential cost to be involved, the Board is of the opinion that it is not cost effective to set up and maintain an internal audit function for the time being. Nonetheless, the Board will review the need for one on an annual basis.

- Code Provision E.1.5: Remuneration details of senior management should be disclosed by band in annual reports

The remuneration details of the senior management are not disclosed by band in the annual report. To ensure they are remunerated at a reasonable but not excessive rate, none of them is involved in deciding his/her own remuneration or related to the remuneration committee members (who are all INEDs and authorised to collectively determine the remuneration of the senior management based on a number of factors set out in the Company's remuneration policy). The Directors consider that the non-disclosure does not pose any negative impact on the Company. On the contrary, the disclosure of the remuneration details of the senior management may cause undue comparison among staff members, and would unnecessarily provide highly sensitive and confidential information to competitors and other third parties looking to recruit the senior management. In light of the above, the Directors are of the view that the disclosure of such information would neither provide pertinent information in furtherance of corporate governance, nor be in the interests of the members of the Company.

## **MODEL CODE FOR SECURITIES TRANSACTIONS**

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers set out in Appendix 10 to the Listing Rules as its code for dealing in securities in the Company by its Directors (“Model Code”). Specific enquiry has been made to all Directors of the Company as to whether they have complied with or whether there has been any non-compliance with the Model Code, and all Directors have confirmed compliance with the required standard set out in the Model Code during the six months ended 30 September 2023.
