VOLUNTARY ANNOUNCEMENT

XINJIANG HTA SUCCESSFULLY OBTAINED THE RADIATION SAFETY LICENSES FOR TECHNETIUM AND FLUORINE

This announcement is made on a voluntary basis by China Isotope & Radiation Corporation (the “**Company**”) to keep shareholders and potential investors informed of the latest business developments of the Company.

The board of directors (the “**Board**”) of the Company is pleased to announce that, recently, upon formal approval by the Department of Ecology and Environment of the Xinjiang Uygur Autonomous Region, Xinjiang HTA Pharmaceutical Co., Ltd. (the “**Xinjiang HTA**”) has successfully obtained the radiation safety licenses for both technetium and fluorine (the “**Radiation Safety Licenses**”), and is the first radioisotopes production facility in Xinjiang region to have obtained the Radiation Safety Licenses.

The acquisition of the Radiation Safety Licenses has played a vital role in the future development of regional production and delivery centers for radiopharmaceuticals. In addition, it also serves as a technological and after-sales service platform for HTA Co., Ltd. (“**HTA**”) to expand its businesses in Xinjiang; stabilising and expanding HTA’s sales of other radiopharmaceuticals in Urumqi. At the same time, it also marks the filling of the gap in the production of radiopharmaceuticals in Xinjiang Uygur Autonomous Region, which is of great practical significance in promoting the development of nuclear medicine in Xinjiang, improving the safety of radiotherapy, and reducing the cost of medication for patients.
