Chairman's Statement

I present to the shareholders my report on the results and operations of Shun Ho Property Investments Limited (the "Company") and its subsidiaries (together the "Group") for the year ended 31st December, 2023.

RESULTS

The net profit after tax attributable to owners of the Company before revaluation, depreciation and impairment of land, property and equipment and gain on disposal of a subsidiary for the year ended 31st December, 2023 was HK\$97 million (2022: HK\$225 million), decreased by HK\$128 million.

DIVIDEND

In deciding whether to distribute the final dividend and its amount, the Board has reviewed the Company's adopted dividend policy and does not recommend the payment of final dividend for the year ended 31st December, 2023 (2022: Nil) for the following reasons during the year:

- i) reduction of major source of income from office rental;
- ii) significant reduction of hotel operating profit under slow recovery of tourism industry;
- iii) higher interest expenses;
- iv) refurbishment of the newly acquired Grand Bay View Hotel; and
- v) cost of repair and refurbishment of each of our quarantine hotels to become standard hotels.

BOOK CLOSURE

To ascertain shareholders' eligibility to attend and vote at the annual general meeting to be held on Friday, 24th May, 2024 ("AGM"), the register of members will be closed from Tuesday, 21st May, 2024 to Friday, 24th May, 2024, both days inclusive, during which period no transfer of shares will be registered. In order to be eligible to attend and vote at the AGM, all transfers of shares accompanied by the relevant share certificates must be lodged with the Company's Share Registrars, Tricor Tengis Limited, 17/F, Far East Finance Centre, 16 Harcourt Road, Hong Kong, not later than 4:30p.m. on Monday, 20th May, 2024.

MANAGEMENT DISCUSSION AND ANALYSIS

During the year, the Group continued with its commercial property investment, property leasing and property development, and through its major subsidiaries continued with the hotel investments and hotel management.

The net profit after tax attributable to owners of the Company before revaluation, depreciation and impairment of land, property and equipment and gain on disposal of a subsidiary for the year ended 31st December, 2023 was HK\$97 million (2022: HK\$225 million), decreased by HK\$128 million.

The overall decrease in profit for the year ended 31st December, 2023 was mainly due to increase in hotel operating costs, pre-operating expenses, repair and refurbishment cost, finance costs and an extra-ordinary tax expense.

Chairman's Statement (Continued)

PERFORMANCE

1. Hotel Business

The income from hotel operations of the Group amounted to HK\$488 million (2022: HK\$463 million), increased by 5%.

The Group owns 71.09% of Magnificent Hotel Investments Limited ("Magnificent Hotel", together with its subsidiaries, the "Magnificent Hotel Group") as its hotel investment subsidiary. The Group and Magnificent Hotel Group presently own nine hotels, including: (1) Ramada Hong Kong Grand View, (2) Ramada Hong Kong Harbour View, (3) Best Western Plus Hotel Kowloon, (4) Best Western Plus Hotel Hong Kong, (5) Ramada Hong Kong Grand, (6) Best Western Hotel Causeway Bay, (7) Grand Bay View Hotel, (8) Magnificent International Hotel, Shanghai and (9) Royal Scot Hotel in London. The nine hotels have about 3,042 guest rooms and the Group is one of the largest hotel groups in Hong Kong.

The net profit after tax attributable to owners of Magnificent Hotel before revaluation, depreciation and impairment of land, property and equipment and gain on disposal of a subsidiary for the year ended 31st December, 2023 was HK\$41 million (2022: HK\$179 million), decreased by HK\$138 million.

Chairman's Statement (Continued)

The overall decrease in profit for the year ended 31st December, 2023 was mainly due to increase in hotel operating costs, pre-operating expenses, repair and maintenance cost, finance costs and income tax expenses.

During the year, the total income for the Magnificent Hotel Group increased by 3% from HK\$439 million to HK\$452 million compared with last year. The increase in income was mainly due to increase in room rates and occupancy.

As at 31st December, 2023, an independent third-party valuation of Royal Scot Hotel, London was GBP88,500,000 (2022: GBP88,500,000). Future prospect of rental increase of the Royal Scot Hotel is encouraging because annual rent increase (once every 5 years) is linked with the United Kingdom Retail Price Index, which is maintained at 40-year high during year 2022 to 2023 inflating consistently in double-figures. The rental income of Royal Scot Hotel, London for the period was GBP3,546,000 (2022: GBP3,546,000).

2. Commercial Properties Rental Income

The commercial properties rental income was derived from the hotel property in UK, Royal Scot Hotel in London, office buildings of Shun Ho Tower, 633 King's Road and shops from Best Western Plus Hotel Kowloon, Best Western Plus Hotel Hong Kong and Ramada Hong Kong Grand amounted to HK\$118 million (2022: HK\$150 million).

During the year, the **ADMINISTRATIVE EXPENSES** excluding depreciation was HK\$82 million (2022: HK\$54 million). The increase was mainly due to pre-operating expenses and repair and refurbishment cost of Grand Bay View Hotel and Magnificent International Hotel, Shanghai which amounted to HK\$29 million and operating expenses of Wood Street Hotel Limited which amounted to HK\$6 million.

LIQUIDITY

As at 31st December, 2023, the **OVERALL DEBTS** of the Group including Magnificent Hotel and its subsidiaries was HK\$1,036 million (2022: HK\$1,068 million). The decrease in overall debts was due to the repayments of bank borrowings during the year. The gearing ratio of the Group (including Magnificent Hotel and its subsidiaries) in terms of overall debts against funds employed was 12% (2022: 12%).

As at 31st December, 2023, **the debt ratio was 7%** (2022: 7%) in terms of overall debt of HK\$1,036 million (2022: HK\$1,068 million) against the fully revalued net asset value of the Group amounted to HK\$14,570 million (2022: HK\$14,301 million).

The Group's bank borrowings carry interest at floating rates and are mainly denominated in Hong Kong dollar and Pound Sterling. Accordingly, the Group exposes to exchange risk and the management manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

As at 31st December, 2023, the Group had a total number of 562 employees (2022: 387 employees). Remuneration and benefit were set with reference to the market.

BUSINESS HIGHLIGHTS

A total of approximately 17 million overnight tourists visited Hong Kong during the year of 2023, of which about 12 million were from the PRC. Compared with 2019 and before the pandemic, 23 million overnight visitors arrived Hong Kong in the same period. The pace of recovery of the tourism industry is affected by various challenges such as air transport capacity, the global/PRC economy and foreign currency exchange rates. Operating costs go up significantly due to shortage of local labours and increase in number of hotel staffs.

In December 2022, the Group acquired Grand Bay View Hotel, with 435 guest rooms, restaurant, 180 covered carparks, consisting 216,314 square feet gross area (excluding 180 covered carparks).

Grand Bay View Hotel and Magnificent International Hotel, Shanghai have commenced business on 1st August, 2023 after substantial repair and refurbishment.

For the year of 2023, the hotel income for the Group increased by 6% compared with last year. In response to mainland and Hong Kong border re-opening at the beginning of the year, the Group hotels, after being transformed to designated quarantine and community isolated facility hotels during the pandemic years, promptly resumed normal operations with extensive renovations and relaunch of sales activities under dedicated leadership of the management. The Group achieved average hotel occupancies rate of over 90% throughout the year. However, the net profit of the Group for the year was affected by cost of renovating hotels, increase in operating expenses due to shortage of labour, pre-operating expenses and extraordinary tax payment due to acquisition of Grand Bay View Hotel and decrease in office rental incomes.

Chairman's Statement (Continued)

Future prospect of the Royal Scot Hotel, London rental increase is encouraging because annual rent increase (once every 5 years) is linked with the United Kingdom Retail Price Index, which is currently maintained at 40-year high during year 2022 to 2023 inflating consistently in double-figures.

The Group acquired Wood Street Police Headquarter building in the centre of City of London for GBP40 million on 29th January, 2020 which has a gross internal area of 117,472 s.f. on a 20,000 s.f. island site and obtained planning consents approval to refurbish a deluxe hotel of about 216 guest rooms, restaurant, bar and facilities.

LOOKING AHEAD

The Group has nine income producing hotels, seven in Hong Kong, one in Shanghai, one in London, and the Wood Street Hotel refurbishment project in London.

The newly acquired Grand Bay View Hotel commenced business on 1st August, 2023 and has been achieving high occupancies. Other hotels of the Group in Hong Kong will also continue to achieve high occupancies.

The PRC economy would remain weak. However, it is expected the hotel business would benefit from the Hong Kong 2024 Budget Address that emphasizes the boost of Hong Kong tourism, and the number of overnight tourists to Hong Kong would continue to rise and outperform last year.

Most of the tenants at the Group's 633 King's Road office building and Shun Ho Tower are multinational trading companies. Due to the US/China trade war and downturn of Hong Kong's import/export volumes, those trading company tenants are experiencing difficulties and therefore the occupancies are being affected.

Future prospect of the hotel business and rental incomes continue to be challenging. Management will continue its effort to increase incomes and control costs.

EVENT AFTER THE REPORTING PERIOD

On 15 March 2024, Miluda Limited (the "Purchaser"), a directly wholly-owned subsidiary of the Company, received the Letter of Acceptance (the "Letter of Acceptance") from Samsbury Investments Limited (the "Vendor"), which confirmed the Purchaser's tender (the "Tender") made on 15 March 2024 for the purchase of the Properties (as defined below) (the "Acquisition") at a total consideration of HK\$207,000,000 (the "Consideration").

The properties comprises: (i) Unit A, Ground Floor, Jessville Manor and Residential Parking Space No.8 on LG2 Floor, Jessville Tower; (ii) Unit B, Ground Floor, Jessville Manor and Residential Parking Space No.9 on LG2 Floor, Jessville Tower; (iii) Unit A, 1st Floor, Jessville Manor and Residential Parking Space No.3 on LG2 Floor, Jessville Tower; and (iv) Unit B, 1st Floor, Jessville Manor and Residential Parking Space No.19 and 20 on LG2 Floor, Jessville Tower (collectively, the "Properties"). The Properties are located at Jessville, No. 128 Pok Fu Lam Road, Hong Kong.

The Consideration represents a good opportunity for the Group to acquire a sizeable deluxe property, Jessville Manor with gross floor area of 12,288 sq. ft., at a relatively low price at HK\$21,112 per sq. ft. (calculated based on 9,805 sq. ft. internal saleable area). The Acquisition also allows the Group to benefit from steady income growth and capital gain potential.

The Tender together with the Letter of Acceptance constituted a binding agreement between the Vendor and the Purchaser for the sale and purchase of the Properties subject to the entering into of the formal sale and purchase agreement which is to be entered into between the Purchaser and the Vendor within 5 working days after the date of the Letter of Acceptance. As at the date of this Chairman's Statement, the Vendor and the Purchaser had yet to enter into any formal sale and purchase agreement. Further details of the Acquisition is disclosed in the announcement of the Company dated 15 March 2024.

Corporate Governance Report

The Company is committed to maintaining good corporate governance practices and procedures. The corporate governance principles of the Company emphasise a quality board, sound internal control and transparency and accountability to all shareholders.

CORPORATE GOVERNANCE

The board of Directors (the “Board”) of the Company has adopted the Corporate Governance Code (the “Corporate Governance Code”) set out in Appendix C1 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Listing Rules”) as the corporate governance code of the Company.

(a) Compliance with the Corporate Governance Code

During the year ended 31st December, 2023, the Company has complied with all the code provisions of the Corporate Governance Code set out in Appendix C1 of the Listing Rules on The Stock Exchange of Hong Kong Limited with the exception of the following deviation:

Code Provision C.2.1: chairman and chief executive should not be performed by the same individual

The Company does not have separate appointments for the Chairman and the Chief Executive Officer. Mr. William Cheng Kai Man holds both positions. The Board believes that vesting the roles of both the Chairman and the Chief Executive Officer in the same person enables the Company to have a stable and consistent leadership. It also facilitates planning and execution of the Company’s strategy and is hence, for the interests of the Company and its shareholders. It is also significantly cost-saving for Mr. Cheng, the Chairman to also serve as the Chief Executive Officer, which would have otherwise been recruited from the market at a heavy cost.

(b) Compliance with the Model Code

The Company has adopted the Model Code for Securities Transactions by Directors of Listed Issuers set out in Appendix C3 of the Listing Rules (the “Model Code”) as the code of conduct regarding securities transactions by Directors. All Directors have confirmed, following specific enquiry by the Company, their compliance with the required standard set out in the Model Code throughout the year.

BOARD COMPOSITION AND BOARD PRACTICES

The Board is collectively responsible for the oversight of the management of the business and affairs of the Group with the objective of enhancing shareholders’ value.

The Listing Rules require every listed issuer to have at least three independent non-executive directors, at least one of whom must have appropriate professional qualifications, or accounting or related financial management expertise. As at 31st December, 2023, the Board comprises a total of nine Directors, with five Executive Directors, one Non-executive Director and three Independent Non-executive Directors. Two Independent Non-executive Directors have appropriate professional qualifications, or accounting or related financial management expertise.

As at the date of this report, the Board’s composition under major diversified perspectives was summarized as follows:

Gender	Male		Female							
Ethnicity	Chinese									
Age Group	40-49	50-59	>59							
Year of Service	<10			>10						
	0	1	2	3	4	5	6	7	8	9
	Number of Directors									

Mr. William Cheng Kai Man, the Chairman, Executive Director and Chief Executive Officer of the Company, is the brother of Madam Wendy Cheng Wai Kwan, the Executive Director of the Company. Save as disclosed herein, none of the Directors has any financial, business, family or other material/relevant relationship with any other Directors.

Corporate Governance Report (Continued)

All Directors (including Executive or Non-executive Directors) are subject to retirement by rotation once every three years in accordance with the Company's Articles of Association. Review will be made regularly of the Board composition to ensure that it has a balance of expertise, skills and experience appropriate for the requirements of the business of the Company. The Directors' biographical information is set out on page 7.

The positions of the Chairman and the Chief Executive Officer of the Company are both held by Mr. William Cheng Kai Man due to reasons disclosed under the section headed "Corporate Governance" of this corporate governance report.

The Board is responsible for establishing the strategic direction of the Group, setting objectives and business development plans, monitoring the performance of the senior management and performing corporate governance duties.

The management, under the leadership of the Chief Executive Officer, is responsible for implementing strategies and plans established by the Board; and submitting reports on the Company's operations to the Board on a regular basis to ensure effective discharge of the Board's responsibilities.

The Board has adopted effective mechanisms to ensure independent views and input are available to the Board. Subject to approval of the Chairman of the Board, Directors may seek, at the Company's expense, independent legal, financial or other professional advices from advisors independent to those advising the Company as and when necessary in appropriate circumstances to enable them to discharge their responsibilities effectively. The Board reviews the effectiveness of such mechanisms on an annual basis.

All Directors have made full and active contribution to the affairs of the Board and the Board always acts in the best interests of the Group.

The Board is responsible for performing the corporate governance duties including:

- (a) to develop and review the Company's policies and practices on corporate governance;
- (b) to review and monitor the training and continuous professional development of Directors and senior management;
- (c) to review and monitor the Company's policies and practices on compliance with legal and regulatory requirements;

(d) to develop, review and monitor the code of conduct and compliance manual (if any) applicable to employees and Directors; and

(e) to review the Company's compliance with the Corporate Governance Code and disclosure in the Corporate Governance Report.

The Board meets regularly and held four meetings in 2023, the attendance of each director is set out below:

	Number of meetings attended/ Number of meetings held in 2023	Attendance rate
Executive Directors		
William Cheng Kai Man (Chairman)	4/4	100%

10,000,001 – 15,000,000	1
	<u>5</u>

RISK MANAGEMENT AND INTERNAL CONTROL

During the year, the Board is responsible for evaluating and determining the nature and extent of the risks. The Board has overall responsibilities for maintaining sound and effective risk management and internal control system of the Group. The Board should oversee management in the design, implementation and monitoring of the risk management and internal control systems, and management should provide a confirmation to the Board on the effectiveness of these systems. This evaluation process will be carried out on an ongoing basis.

Corporate Governance Report (Continued)

The Board has conducted a review of the effectiveness of the system of risk management and internal control of the Group and considered the adequacy of resources, qualifications and experience of staff of the Company's accounting, financial reporting and environmental, social and governance performance and reporting functions and their training programmes and budget on an annual basis. The Board is of the view that the risk management and internal control system of the Group in place for the year under review and up to the date of issuance of the annual report and financial statements are sound and sufficient to safeguard the Group's assets and the interests of shareholders, customers and employees.

The responsibilities of the Audit Committee include reviewing the risk management and internal control systems. The Audit Committee reports to the Board after due review of the management's confirmation on the effectiveness of the Group's risk management and internal control systems. The Board reviews the adequacy and effectiveness of the Group's risk management through the Audit Committee. The Board relies on the Audit Committee which in turn relies on Risk Management Committee and Internal Audit Team.

The Company established the Risk Management Committee in 2019 which comprises three executive directors, namely Mr. William Cheng Kai Man (Chairman of the Risk Management Committee), Madam Kimmy Lau Kam May and Mr. Albert Hui Wing Ho. Mr. Cheng is responsible for business risks, Madam Lau, also being the Chief Financial Officer, is responsible for financial risks and Mr. Hui is responsible for property assets management risks. They perform daily, weekly and monthly checks in their specific area.

The Company established the Internal Audit Team in 2019 which comprises three executive directors, namely Mr. William Cheng Kai Man (Chairman of the Internal Audit Team), Madam Kimmy Lau Kam May (financial member of the Internal Audit Team) and Madam Ng Yuet Ying (executive member of the Internal Audit Team). Mr. Cheng is responsible for final review and approval, while Madam Lau is responsible for financial area and Madam Ng is responsible for execution area. Monthly reports from the execution member of details of all expenditures and proposed acquisitions are submitted to the Internal Audit Team. The financial member carefully analyses and scrutinises the reports and then recommends the expenditures to the Chairman. After the Chairman's review and approval, the Chairman passes down to the executive member for execution. They perform daily, weekly and monthly checks in internal audit and internal control systems.

The Internal Audit Team conducts independent reviews of the adequacy and effectiveness of the Group's internal audit and internal control systems associated with the Group's principal operations and reports the review results to the Board through the Audit Committee. Proper controls are in place for the recording of complete, accurate and timely accounting and management information. Regular reviews and internal audits are carried out to ensure that the preparation of financial statements is carried out in accordance with generally accepted accounting principles, the Group's accounting policies and applicable laws and regulations.

The risk management and internal control systems of the Group are designed to assist the Group to achieve business objectives, safeguard assets against unauthorised use or disposition, ensure the maintenance of proper accounting records for the provision of reliable financial information for internal use or for publication, and ensure compliance with relevant legislation and regulations. These systems are designed to provide reasonable, but not absolute, assurance against material misstatement or loss and to manage rather than eliminate risks of failure in operational systems and achievement of the Group's objectives.

In order to identify, evaluate and manage the significant risks including operational (hotel operations, hotel management and property leasing) and functional (finance, human resources, IT, secretarial and corporate communications) risks, the risk management of the Group combines a top-down strategic view with a bottom-up operational process. The Board, by the top-down approach, has a particular focus on determining the nature and extent of significant risks it is willing to take in achieving the strategic objectives of the Group. On the other hand, the bottom up approach is embedded in the operations of the Group and complements the top-down strategic view by identifying the principal risks and ensuring all significant risks to be adequately considered by the Board. The Board assesses effectiveness of existing controls, provides treatment plans where required, and monitors risk mitigating activities. Risk management of the Group has to be proactive to ensure that significant risks are identified, assessed by considering the impacts and likelihoods of their occurrence, and effectively managed by identifying suitable controls and counter-measures, and assessing the cost effectiveness of the mitigating actions proposed.

The Board assesses the likely impact of any unexpected and significant event on the price of the Company's shares or their trading volume and decides whether the relevant information is considered inside information and needs to be disclosed as soon as reasonably practicable pursuant to Rules 13.09 and 13.10 of the Listing Rules and the Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance.

The Group's annual report for the year ended 31st December, 2023 has been reviewed by the Audit Committee.

ENVIRONMENTAL, SOCIAL AND GOVERNANCE COMMITTEE

The Company established the Environmental, Social and Governance ("ESG") Committee (the "ESG Committee") in 2019 which comprises assigned management from relevant departments assisting in data collection and compilation of the ESG Report. The ESG Committee would periodically report to the Board in assessing, identifying and managing risks of the Group on ESG aspects, and reflect whether its internal control system is appropriate and effective. The assigned management reviews the ESG performance of the Group, including environmental, labour practices and other ESG aspects. The Board sets the tone at the top for the Group's ESG strategies, and is responsible for ensuring effective risk management and internal controls.

The Board assumes full responsibility for the Group's ESG strategies and reporting as well as for overseeing and managing the Group's ESG-related issue. In order to better manage the Group's ESG performance, related issues and potential risks, the Board discusses and reviews the Group's ESG risks and opportunities, performance, goals and targets regularly with the assistance of the ESG Committee. During the year, the Group confirmed that it has established appropriate and effective management policies and internal control systems for ESG issues.

REMUNERATION COMMITTEE

The Remuneration Committee was established in 2005 with specific terms of reference in accordance with the Corporate Governance Code. The Remuneration Committee currently comprises two Independent Non-executive Directors, namely Mr. Chan Kim Fai (Chairman of the Remuneration Committee) and Mr. Lam Kwai Cheung, and one Executive Director, namely Mr. William Cheng Kai Man.

The principal duties of the Remuneration Committee are making recommendations to the Board on formulating directors' remuneration policy and determining directors' remunerations. The full version of the terms of reference of the Remuneration Committee are available on the websites of the Company and the Stock Exchange.

During the year, the Nomination Committee (i) reviewed the structure, size and composition of the Board; and (ii) assessed the independence of the Independent Non-executive Directors.

BOARD DIVERSITY POLICY

The Company has adopted a policy concerning diversity of board members pursuant to which selection of candidates of board members will be based on a range of diversity perspectives, including but not limited to business experience, geography, age, gender, and ethnicity and aboriginal status. No single gender Board should be allowed. The ultimate decision will be based on merit and contribution that the selected candidates will bring to the Board. The Nomination Committee considered that the current Board composition has the appropriate skills, experience and diversity of perspectives that are required to support the execution of the business strategies of the Company and achieve the effective running of the Board.

The Nomination Committee reviews the implementation and effectiveness of the Board Diversity Policy and assess the Board composition on an annual basis.

The current female representation are 44% and 46% respectively at board level and at workforce level, which are considered to be achieving optimal degree of gender diversity in the Group. The Nomination Committee will review annually the need for achieving higher gender diversity and secession plans in the Board and the workforce where necessary.

NOMINATION POLICY

Objective

The Company has adopted a nomination policy pursuant to which the Nomination Committee shall consider the following criteria, procedures and process in evaluating and selecting candidates for directorship.

Nomination Criteria

- (a) Character and integrity;
 - (b) Qualifications including professional qualifications, skills, knowledge and experience that are relevant to the Company's business and corporate strategy;

 - (d) Board diversity policy and any measurable objectives adopted for achieving diversity on the Board; and
 - (e) Such other perspectives appropriate to the Company's business or as suggested by the Board.
- (f) The Board may arrange for the selected candidate to be interviewed by the members of the Board and the Board will thereafter deliberate and decide the appointment as the case may be;
 - (g) The Board shall have the final decision on all matters relating to its recommendation of candidates to stand for election at any general meeting; and
 - (h) All appointment of Directors will be confirmed by the filing of the prescribed form with the Companies Registry of Hong Kong and updating (and, if necessary, filing) of the Register of Directors of the Company.

Nomination Procedures and Process

The Nomination Committee will recommend to the Board for the appointment of a Director in accordance with the following procedures and process:

- (a) A meeting of the Nomination Committee shall be called to put forward the nominations of candidates from Board members if any, for consideration by the Nomination Committee;
- (b) The Nomination Committee may adopt any process it deems appropriate in evaluating the suitability of the candidates, such as interviews, background checks, presentations and third party reference checks;
- (c) The proposed candidates will be asked to submit the necessary personal information and biography for the Nomination Committee's consideration. The Nomination Committee may request the candidate(s) to provide additional information and documents, if considered necessary;
- (d) Upon considering a candidate suitable for the directorship, the Nomination Committee will hold a meeting and/or by way of written resolutions to, if thought fit, approve the recommendation to the Board for appointment;
- (e) The Nomination Committee will thereafter make the recommendation to the Board in relation to the proposed appointment;

Decision by the Board

After the Nomination Committee makes its recommendations to the Board, the Board will have the final authority on determining the selection of director candidates for nomination to the Board.

ANTI-CORRUPTION AND WHISTLEBLOWING POLICIES

The Company has adopted an anti-corruption policy to govern acceptance of advantages by employees and a whistleblowing policy to provide guidance to employees and external stakeholders to report concerns about any suspected or actual improprieties relating to the Group.

SHAREHOLDERS' RIGHTS

Set out below is a summary of certain rights of the shareholders of the Company as required to be disclosed pursuant to the mandatory disclosure requirements under Part K of the Corporate Governance Code.

Convening of General Meeting on Request

Shareholder(s) may request the Directors to call a general meeting pursuant to Sections 566 to 568 of the Companies Ordinance (Chapter 622 of the Laws of Hong Kong) (the "CO").

In accordance with Section 566 of the CO, the Directors are required to call a general meeting if the Company has received requests to do so from members of the Company representing at least 5% of the total voting rights of all the members having a right to vote at general meeting. Such requests must state the general nature of the business to be dealt with at the meeting; and may include the text of a resolution that may properly be moved and is intended to be moved at the meeting. Such requests may be sent to the Company in hard copy form (by depositing at the registered office of the Company at 3rd Floor, Shun Ho Tower, 24-30 Ice House Street, Central, Hong Kong for the attention of the Board) or in electronic form (by email: shunho@netvigator.com); and must be authenticated by the person or persons making it. In accordance with Section 567 of the CO, the Directors must call a meeting within 21 days after the date on which they become subject to the requirement under Section 566 of the CO and such meeting must be held on a date not more than 28 days after the date of the notice convening the meeting.

Putting Forward Proposals at Annual General Meeting

To put forward a resolution at an annual general meeting, shareholders are requested to follow the requirements and procedures set out in Sections 615 and 616 of the CO.

Section 615 of the CO provides that the Company must give notice of a resolution if it has received requests that it do so from (a) the members of the Company representing at least 2.5% of the total voting rights of all the members who have a right to vote on the resolution at the annual general meeting to which the requests relate; or (b) at least 50 members who have a right to vote on the resolution at the annual general meeting to which the requests relate. Such requests (a) may be sent to the Company in hard copy form (by depositing at the registered office of the Company at 3rd Floor, Shun Ho Tower, 24-30 Ice House

Street, Central, Hong Kong for the attention of the Board) or in electronic form (by email: shunho@netvigator.com); (b) must identify the resolution of which notice is to be given; (c) must be authenticated by the person or persons making it; and (d) must be received by the Company not later than (i) 6 weeks before the annual general meeting to which the requests relate; or (ii) if later, the time at which notice is given of that meeting. Section 616 of the CO provides that the Company that is required under Section 615 of the CO to give notice of a resolution must send a copy of it at the Company's own expense to each member of the Company entitled to receive notice of the annual general meeting (a) in the same manner as the notice of the meeting; and (b) at the same time as, or as soon as reasonably practicable after, it gives notice of the meeting.

Pursuant to Article 120 of the Articles of Association of the Company, no person, other than a retiring Director, shall, unless recommended by the Directors for election, be eligible for election to the office of Director at any general meeting, unless notice in writing of the intention to propose that person for election as a Director and notice in writing by that person of his willingness to be elected shall have been given to the Company provided that the minimum length of the period, during which such notices are given, shall be at least seven days. The period for lodgement of such notices shall commence no earlier than the day after the despatch of the notice of the general meeting appointed for such election and end no later than seven days prior to the date of such general meeting. Detailed procedures for shareholders to propose a person for election as a Director can be found on the Company's website.

INVESTOR RELATIONS AND COMMUNICATION WITH SHAREHOLDERS

The Board has adopted a Shareholder's Communication Policy in 2022 which sets out the Group's commitment of maintaining an effective ongoing dialogue with shareholders. In summary, the Company establishes different communication channels with shareholders and stakeholders including: (i) provision of printed or electronic copies of corporate communications; (ii) provision of timely corporate information on the company website; (iii) holding of annual general meetings to provide platform for shareholders to raise comments and exchange views with the Board; and (iv) arrangement in serving the shareholders in respect of all share registration matters. The Board reviewed the validity of implementation of the Shareholder's Communication Policy during the year and considered that it remained effective in enhancing timely, transparent, accurate and open communication between the Company and the shareholders.

Shareholders may at any time send their enquiries and concerns to the Board by addressing them to the Company at its registered office.

DIVIDEND PAYMENT POLICY

The Board has adopted a dividend payment policy (the “Dividend Payment Policy”) pursuant to which the Company may declare and pay dividends to the shareholders of the Company (the “Shareholders”).

According to the Dividend Payment Policy, the declaration, form, frequency and amount of any dividend payout of the Company must be in accordance with relevant laws, rules and regulations and subject to the Articles of Association of the Company. In accordance with the Articles of Association of the Company, the Company may by ordinary resolution declare dividends according to the respective rights of the Shareholders, but no dividend shall exceed the amount recommended by the Board and be payable out of the profits of the Company. Moreover, in addition to cash, the dividends may be paid up in the form of the Company’s shares, by the distribution of specific assets of any kind or by distribution of any form.

The Dividend Payment Policy aims to provide stable and sustainable returns to Shareholders. In deciding whether to propose a dividend and in determining the dividend amount, the Company shall take into account, inter alia:

- i. the Group’s operating conditions and market environment;
- ii. the Group’s general financial position;
- iii. the actual and future operating and liquidity capital of the Group;
- iv. after-tax profit and distributable profits of the Company and the Group;
- v. the Group’s future acquisition capital requirement and expected working capital requirements;
- vi. the continuity and sustainability of any dividend distribution; and
- vii. any other factors that the Board deems appropriate.

The Board will review the Dividend Payment Policy from time to time and reserves its right in its sole and absolute discretion to update, amend, modify and/or cancel the Dividend Payment Policy. There can be no assurance that dividends will be paid in any particular amount for any given period.

(2) Individual limit

The total number of Magnificent Hotel Shares issued and which may fall to be issued upon exercise of the share options granted under the Share Option Scheme and any other share option schemes of Magnificent Hotel (including options exercised and outstanding) to each Participant in any 12 month period up to the date of grant shall not exceed 1% of the shares in issue as at the date of grant. Any further grant of share options in excess of this 1% limit shall be subject to the approval of shareholders of Magnificent Hotel in a general meeting of Magnificent Hotel with such Participants and their associates (as defined in the Listing Rules) abstaining from voting, and/or other requirements prescribed under the Listing Rules from time to time.

Any grant of share options to a director, chief executive or substantial shareholder of Magnificent Hotel or any of their respective associates is required to be approved by the independent non-executive directors of Magnificent Hotel. If the Board of Magnificent Hotel proposes to grant share options to a substantial shareholder or any independent non-executive director or their respective associates which will result in the number of Magnificent Hotel Shares issued and to be issued upon exercise of share options granted and to be granted (including share options exercised, cancelled and outstanding) to such person in the 12 month period up to and including the date of grant: (i) representing in aggregate over 0.1%, or such other percentage as may be from time to time provided under the Listing Rules, of the Magnificent Hotel Shares in issue; and (ii) having an aggregate value in excess of HK\$5 million or such other sum as may be from time to time provided under the Listing Rules, based on the official closing price of the Magnificent Hotel Shares at the date of each grant, such further grant of share options will be subject to the approval of shareholders of Magnificent Hotel in general meeting of Magnificent Hotel at which all connected persons of Magnificent Hotel shall abstain from voting, and/or other requirements prescribed under the Listing Rules from time to time.

(3) *Maximum limit of 30%*

The Magnificent Hotel Shares which may be issued upon exercise of all outstanding options granted and yet to be exercised under the Share Option Scheme and any other share option scheme of Magnificent Hotel at any time shall not exceed 30% of the Magnificent Hotel Shares in issue from time to time.

(iii) *Time of exercise of option*

An option may be exercised in accordance with the terms of the Share Option Scheme at any time during the option period which may be determined and notified by the Board to the grantees at the time of making an offer which shall not expire later than 10 years from the grant date.

(iv) *Amount payable upon acceptance of option*

Upon acceptance of an option, the grantee shall pay HK\$10.00 to Magnificent Hotel by way of consideration for the grant.

(v) *The exercise price*

The subscription price of a Magnificent Hotel Share in respect of any particular option granted under the Share Option Scheme shall be such price as the Board of Magnificent Hotel in its absolute discretion shall determine, save that such price will not be less than the highest of: (i) the official closing price of the Magnificent Hotel Shares as stated in the Stock Exchange's daily quotation sheets on the date of grant; and (ii) the average of the official closing prices of the Magnificent Hotel Shares as stated in the Stock Exchange's daily quotation sheets for the five business days immediately preceding the date of grant.

(vi) *The remaining life of the Share Option Scheme*

Subject to earlier termination by Magnificent Hotel in general meeting or by the Board of Magnificent Hotel, the Share Option Scheme shall be valid and effective for a period of 10 years from the date of its adoption. The Share Option Scheme had expired on 13th November, 2023 following 10 years from the date of adoption.

(vii) *The number of options available for grant under the Share Option Scheme*

As at 1st January, 2023 and 31st December, 2023, the number of options available for grant under the Share Option Scheme was 447,352,566 Magnificent Hotel shares and 0 Magnificent Hotel share respectively.

(viii) *Shares to be issued under the Share Option Scheme*

As at the date of this report, the total number of Magnificent Hotel Shares to be issuable under the Share Option Scheme is 0 share following expiration of the Share Option Scheme.

No new nor other share option scheme was adopted by the Company and its subsidiaries as at 31st December, 2023.

Save as disclosed above and save for shares in subsidiaries held by a director in trust for their immediate holding companies, as at 31st December, 2023, none of the directors or chief executive of the Company had any interests or short positions in the shares, underlying shares or debentures of the Company or any of its associated corporations (within the meaning of Part XV of the SFO) which were required (a) to be entered in the register required to be kept by the Company under section 352 of the SFO; or (b) to be notified to the Company and the Stock Exchange pursuant to the Model Code for Securities Transactions by Directors of Listed Issuers and none of the directors or their associates or their spouse or children under the age of 18, had any right to subscribe for the securities of the Company or associated corporations, or had exercised any such right during the year.

Report of the Directors (Continued)

EQUITY-LINKED AGREEMENTS

Details of the Share Option Scheme are set out in this report.

Save as disclosed above, no equity-linked agreements were entered into during the year or subsisted at the end of the year.

ARRANGEMENT TO PURCHASE SHARES OR DEBENTURES

Other than as disclosed above, at no time during the year was the Company or any of its holding companies, fellow subsidiaries or subsidiaries a party to any arrangements to enable the directors of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

DIRECTORS' INTERESTS IN TRANSACTIONS, ARRANGEMENTS OR CONTRACTS OF SIGNIFICANCE AND RELATED PARTY TRANSACTIONS

During the year, the Group had transactions with certain related parties, details of which are set out in notes 8 and 32 to the consolidated financial statements.

In addition, the Company and its subsidiaries had the following transactions with Magnificent Hotel group:

- (a) The properties owned by subsidiaries of the Company were let to Magnificent Hotel. The net rental received from Magnificent Hotel for the year, which was mutually agreed, amounted to HK\$1,040,000.

- (b) there were no other transactions which need to be disclosed as connected transactions in accordance with the requirements of the Listing Rules.

Amongst the Directors who held office during the year, Mr. William Cheng Kai Man was directly and/or indirectly interested in the share capital of Shun Ho Holdings, Magnificent Hotel and the Company.

In the opinion of the directors not having an interest in those transactions, those transactions were carried out in the ordinary course of the Group's business on normal commercial terms.

MANAGEMENT CONTRACTS

No contracts of significance concerning the management and administration of the whole or any substantial part of the business of the Company or any of its subsidiaries were entered into during the year or subsisted at the end of the year.

PERMITTED INDEMNITY PROVISION

The Articles of Association of the Company provides that every director shall be entitled to be indemnified out of the assets of the Company against all losses or liabilities which he may sustain or incur in or about the execution of the duties of his office or otherwise in relation thereto, and no director shall be liable for any loss, damages or misfortune which may happen to or be incurred by the Company in the execution of the duties of his office or in relation thereto, provided that the Articles of Association of the Company shall only have effect in so far as its provisions are not avoided by the Companies Ordinance.

The Company has taken out insurance against the liabilities and costs associated with defending any proceedings which may be brought against the Directors of the Company and its subsidiaries.

MAJOR CUSTOMERS AND SUPPLIERS

The aggregate amount of purchases and sales attributable to the five largest suppliers and customers of the Group accounted for less than 10% in aggregate of the Group's total purchases and sales respectively.

Report of the Directors (Continued)

None of the Directors, their close associates or any shareholders (which to the knowledge of the directors owns more than 5% of the Company's shares) has any interest in any of the Group's five largest customers or suppliers.

SUBSTANTIAL SHAREHOLDERS

As at 31st December, 2023, the following persons (not being directors or chief executive of the Company) had interests in the Shares as recorded in the register required to be kept by the Company under section 336 of the SFO:

Name of shareholder	Capacity	Number of Shares/ underlying Shares held	Approximate% of shareholding
Saray Capital Limited (Note 5)	Interest of controlled corporations	63,379,591	10.93

North Salomon Limited (Note 5)	Interest of controlled corporations	63,379,591	10.93

Notes:

- Mercury Fast was a wholly-owned subsidiary of Magnificent Hotel.
- Omnico beneficially owned 281,904,489 Shares and was taken to be interested in 68,139,510 Shares held by Mercury Fast which was owned as to 100% by Magnificent Hotel, which was in turn owned as to 71.09% by the Group, the Company was in turn directly and indirectly owned as to 60.38% by Omnico.
- Both Omnico and Trillion Resources (HK) were direct wholly-owned subsidiaries of Shun Ho Holdings, which was in turn directly and indirectly owned as to 71.20% by Trillion Resources (BVI), which was in turn wholly-owned by Mr. William Cheng Kai Man. Since Trillion Resources (HK) beneficially owned 33,642,000 Shares (5.80%), Shun Ho Holdings and Trillion Resources (BVI) were taken to be interested in 383,685,999 Shares (66.18%) by virtue of their direct or indirect interests in Omnico and Trillion Resources (HK).
- Madam Liza Lee Pui Ling was deemed to be interested in 385,395,999 Shares (66.48%) by virtue of the interest in such Shares of her spouse, Mr. William Cheng Kai Man, a director of the Company.

5. Hashim Ahmed Hashim A. beneficially held 746,346 Shares. Saray Value Fund SPC ("Saray Value Fund"), a wholly-owned subsidiary of Saray Capital Limited, beneficially held 62,633,245 Shares. Saray Value SPV Asia I disposed of 746,346 Shares and ceased to be a concert party on 14th April, 2022. Since Hashim Ahmed Hashim A. and Saray Value Fund are concert parties to an agreement to buy shares under section 317(1)(a) of SFO, they are deemed to have interest in the Shares held by the other concert parties. Saray Capital Limited was held by Shobokshi Hussam Ali H. as to 26.76% and Hashim Majed Hashim A. as to 50%. Therefore, the total number of Shares in which Hashim Ahmed Hashim A., Saray Value Fund, Saray Capital Limited, Shobokshi Hussam Ali H. and Hashim Majed Hashim A. were interested under Sections 317 and 318 of SFO was 63,379,591 Shares.

Saray Value Fund was held by North Salomon Limited as to 67.40%. North Salomon Limited was held by Credit Suisse Trust Limited as to 100%. Therefore, the total number of Shares in which North Salomon Limited and Credit Suisse Trust Limited were interested under Sections 317 and 318 of SFO was 63,379,591 Shares (10.93%).

Save as disclosed above, there was no person, other than a director or chief executive of the Company, who has an interest or short position in the Shares and underlying Shares as recorded in the register required to be kept by the Company under section 336 of the SFO.

PUBLIC FLOAT

Based on the information that is publicly available to the Company and with the knowledge of the Directors, as at the date of this report, there is sufficient public float of not less than 25% of the Company's issued shares as required under the Listing Rules.

ENVIRONMENTAL POLICIES

With regard to the environmental policies, the Group aims at minimising the Group's environmental impact. The Group has adopted various environmental protection measures for enhancing carbon reduction and energy and water usage efficiency. They are regularly reviewed and results are closely monitored.

Further details have been disclosed in the Company's ESG Report 2023 which has been published on the websites of the Stock Exchange and the Company.

COMPLIANCE WITH RELEVANT LAWS AND REGULATIONS

The Company ensures that all applicable laws, rules and regulations are duly complied with. All the Group's hotels in Hong Kong obtained hotel licences from Home Affairs Departments and the hotel in the PRC obtained the business licence to operate hotel business. For operating hotel business, all the relevant permits, licenses, certificates and other approvals were obtained.

RELATIONSHIP WITH EMPLOYEES, CUSTOMERS AND SUPPLIERS

The Company places significant emphasis on human capital. The remuneration and benefit were set with reference to the market so as to recruit and retain staff with particular skills required for the Company's strategies. The Company provides a health and safety management system, a fair workplace together with a range of opportunities for career advancement based on employees' merits and performance.

To enhance customer satisfaction and promote a customer-oriented culture within the Company, the Company takes 'Customer First' as one of our core values. The Company values the feedback from customers through daily communication, regular inspections and customer satisfaction surveys. The Company has also established the mechanism about customer service, support and complaints. The Company address customers' concern in a timely manner and in accordance with international standards.

The Company believes that the suppliers are equally important in driving quality delivery of its services. The business suppliers of the Company deliver quality sustainable products and services. The Company assures the performance of suppliers through supplier approval process and by spot checks on the delivered goods.

THE PRINCIPAL RISKS AND UNCERTAINTIES FACING THE COMPANY

The following is a list of principal risks and uncertainties that are considered to be of significance and have potential to affect the Group's businesses, results of operations and financial conditions. However, this is non-exhaustive as there may be other risks and uncertainties arise resulting from changes in economic and other conditions over time.

Report of the Directors (Continued)

Investment Properties (“IP”) segment is the Group’s core business. With the majority of the properties located in Hong Kong, the general economic climate, regulatory changes, government policies and the political conditions in both Hong Kong and Mainland China may have a significant impact on the Group’s overall financial results and condition. The Group’s rental income may experience more frequent adjustments resulting from competition arising from oversupply in retail and office areas. Furthermore, rental levels may also be impacted by external economic and market conditions including but not limited to the fluctuations in general supply and demand, performance in stock markets and financial volatility, which may indirectly affect the Group’s IP performance.

IPs are stated at their fair values in accordance with the Hong Kong Financial Reporting Standards in the statement of financial position at each reporting period. The fair values are provided by independent professional surveyors, using the income capitalization approach which capitalized the net income of properties and takes into account the significant adjustments on term yield to account for the risk upon reversion and the changes in fair value are recognised in the income statement. Given the size of the Group’s IP portfolio, any significant change in the IP values may significantly affect the Group’s results that may not be able to reflect the Group’s operating and cash flow performance.

The Group owns nine hotels, seven in Hong Kong, one in London and one in the PRC. The Group is operating eight hotels out of these nine hotels, the hotel in London is operated by a hotel management company. Hotel performance is usually subject to a high degree of fluctuations caused by both predictable and unpredictable factors including seasonality, social stability, epidemic diseases and changes in economic conditions. Because of the large operating expenses of hotel business, the market profit margin is only 35% to 40% of the hotel’s total income. Therefore, any significant income downturn due to the above predictable or unpredictable factors may lead to substantial decrease of net profit.

In this respect, hotel segment closely assesses the impact of the geopolitical outlook and economic development of different countries for building its portfolios and exposures to match with the Group’s risk appetite. It also takes continual reviews of competition, legal and political changes as well as market trends for setting its business strategies including marketing and pricing to protect and drive profitability.

AUDITOR

A resolution to re-appoint Messrs. Deloitte Touche Tohmatsu as the Auditor of the Company will be proposed at the forthcoming Annual General Meeting.

(incorporated in Hong Kong with limited liability)

OPINION

We have audited the consolidated financial statements of Shun Ho Property Investments Limited (the “Company”) and its subsidiaries (collectively referred to as the “Group”) set out on pages 29 to 91, which comprise the consolidated statement of financial position as at 31st December, 2023, and the consolidated statement of profit or loss and the consolidated statement of total comprehensive income, consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including material accounting policy information and other explanatory information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31st December, 2023, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

BASIS FOR OPINION

We conducted our audit in accordance with Hong Kong Standards on Auditing (“HKSAs”) issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor’s Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the HKICPA’s Code of Ethics for Professional Accountants (the “Code”), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

KEY AUDIT MATTER

Key audit matter is the matter that, in our professional judgment, was of most significance in our audit of the consolidated financial statements of the current period. The matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on the matter.

Independent Auditor's Report (Continued)

KEY AUDIT MATTER (Continued)

Key audit matter

Valuation of investment properties

We identified the valuation of investment properties as a key audit matter due to the significance of the balance to the consolidated financial statements as a whole, combined with the judgments associated with determining the fair value. As at 31st December, 2023, the Group's investment properties are located in Hong Kong and the United Kingdom, amounted to approximately HK\$4,685 million. A net decrease in fair value of approximately HK\$94 million was recognised in the consolidated statement of profit or loss for the year.

All of the Group's investment properties are stated at fair value based on valuations performed by independent professional valuers (the "Valuers"). Fair value of investment properties is derived by income approach. Details of the valuation techniques and key inputs used in the valuations are disclosed in note 16 to the consolidated financial statements. The valuations of investment properties are dependent on those key inputs that involve the management's and Valuer's judgements, including reversionary yield and market rent. A table showing the relationship of significant unobservable inputs to fair value is also disclosed in note 16.

How our audit addressed the key audit matter

Our procedures in relation to assessing the appropriateness of the carrying values of the investment properties included:

- Assessing the integrity of information provided by the management to the Valuers by comparing details of rental to the respective underlying existing lease agreements and the management's process for reviewing the work of the Valuers;
- Evaluating the competence, capability and objectivity of the Valuers;
- Obtaining an understanding of the valuation process and techniques adopted by the Valuers; and
- Evaluating the reasonableness of key inputs used in the valuations by (i) checking the reversionary yield and market rent; and (ii) comparing to relevant market information on selling prices, rents and yield rates of other similar properties in nearby location and with similar condition.

OTHER INFORMATION

The directors of the Company are responsible for the other information. The other information comprises the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

RESPONSIBILITIES OF DIRECTORS AND THOSE CHARGED WITH GOVERNANCE FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.

Independent Auditor's Report *(Continued)*

AUDITOR'S RESPONSIBILITIES FOR THE AUDIT OF THE CONSOLIDATED FINANCIAL STATEMENTS *(Continued)*

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe the matter in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partner on the audit resulting in the independent auditor's report is Chung Chin Cheung.

Notes:

- (a) The capital reserve was created by capital reduction of the Company on 28th June, 1988.
- (b) The property revaluation reserve is arisen from the transfer of properties from property, plant and equipment to investment properties and will be transferred to retained profits when the relevant properties are disposed of.
- (c) The own shares held by a subsidiary represents the carrying amount of shares in the Company held by an entity at the time the entity became a subsidiary of the Company.
- (d) The other reserve was resulted from the acquisition of additional interest or disposal of partial interest in subsidiaries without losing control in previous years.

Notes to the Consolidated Financial Statements

For the year ended 31st December, 2023

1. GENERAL INFORMATION

Shun Ho Property Investments Limited (the “Company”) is a public limited company incorporated in Hong Kong and its shares are listed on The Stock Exchange of Hong Kong Limited (the “Hong Kong Stock Exchange”).

The Company’s immediate holding company is Omnico Company Inc., a wholly-owned subsidiary of Shun Ho Holdings Limited (“Shun Ho Holdings”, an intermediate holding company of the Company) which is a public limited company incorporated in Hong Kong whose shares are listed on the Hong Kong Stock Exchange. The directors of the Company consider the Company’s ultimate holding company to be Trillion Resources Limited, an international business company incorporated in the British Virgin Islands (the “BVI”).

The address of the registered office and principal place of business of the Company is 3rd Floor, Shun Ho Tower, 24 – 30 Ice House Street, Central, Hong Kong.

The consolidated financial statements are presented in Hong Kong Dollars (“HK\$”), which is also the functional currency of the Company.

The principal activities of the Company and its subsidiaries (collectively referred to as the “Group”) are investment and operation of hotels, property investment and securities investment.

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”)

New and amendments to HKFRSs that are mandatorily effective for the current year

In the current year, the Group has applied the following new and amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) for the first time, which are mandatorily effective for the Group’s annual periods beginning on or after 1st January, 2023 for the preparation of the consolidated financial statements:

Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies
Amendments to HKAS 8	Definition of Accounting Estimates
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction
Amendments to HKAS 12	International Tax Reform-Pillar Two model Rules
HKFRS 17 (including the October 2020 and February 2022 Amendments to HKFRS 17)	Insurance Contracts

Except as described below, the application of the new and amendments to HKFRSs in the current year has had no material impact on the Group’s financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31st December, 2023

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

New and amendments to HKFRSs that are mandatorily effective for the current year (Continued)

Impacts on application of Amendments to HKAS 8 Definition of Accounting Estimates

The Group has applied the amendments for the first time in the current year. The amendments define accounting estimates as “monetary amounts in financial statements that are subject to measurement uncertainty”. An accounting policy may require items in financial statements to be measured in a way that involves measurement uncertainty. In such a case, an entity develops an accounting estimate to achieve the objective set out by the accounting policy. The amendments to HKAS 8 clarify the distinction between changes in accounting estimates, and changes in accounting policies and the correction of errors.

The application of the amendments in the current year had no material impact on the consolidated financial statements.

Impacts on application of Amendments to HKAS 1 and HKFRS Practice Statement 2 Disclosure of Accounting Policies

The Group has applied the amendments for the first time in the current year. HKAS 1 Presentation of Financial Statements is amended to replace all instances of the term “significant accounting policies” with “material accounting policy information”. Accounting policy information is material if, when considered together with other information included in an entity’s financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements.

The amendments also clarify that accounting policy information may be material because of the nature of the related transactions, other events or conditions, even if the amounts are immaterial. However, not all accounting policy information relating to material transactions, other events or conditions is itself material. If an entity chooses to disclose immaterial accounting policy information, such information must not obscure material accounting policy information.

HKFRS Practice Statement 2 Making Materiality Judgements (the “Practice Statement”) is also amended to illustrate how an entity applies the “four-step materiality process” to accounting policy disclosures and to judge whether information about an accounting policy is material to its financial statements. Guidance and examples are added to the Practice Statement.

The application of the amendments has had no material impact on the Group’s financial positions and performance but has affected the disclosure of the Group’s accounting policies set out in Note 3 to the consolidated financial statements.

Change in accounting policy as a result of application of the HKICPA guidance on the accounting implications of the abolition of the Mandatory Provident Fund (“MPF”) - Long Service Payment (“LSP”) offsetting mechanism in Hong Kong

As disclosed in note 31, the Group has several subsidiaries operating in Hong Kong which are obliged to pay LSP to employees under certain circumstances. Meanwhile, the Group makes mandatory MPF contributions to the trustee who administers the assets held in a trust solely for the retirement benefits of each individual employee. Offsetting of LSP against an employee’s accrued retirement benefits derived from employers’ MPF contributions was allowed under the Employment Ordinance (Cap.57). In June 2022, the Government of the HKSAR gazetted the Employment and Retirement Schemes Legislation (Offsetting Arrangement) (Amendment) Ordinance 2022 (the “Amendment Ordinance”) which abolishes the use of the accrued benefits derived from employers’ mandatory MPF contributions to offset severance payment and LSP (the “Abolition”). The Abolition will officially take effect on 1st May, 2025 (the “Transition Date”). In addition, under the Amendment Ordinance, the last month’s salary immediately preceding the Transition Date (instead of the date of termination of employment) is used to calculate the portion of LSP in respect of the employment period before the Transition Date.

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

New and amendments to HKFRSs that are mandatorily effective for the current year (Continued)

Change in accounting policy as a result of application of the HKICPA guidance on the accounting implications of the abolition of the Mandatory Provident Fund (“MPF”) - Long Service Payment (“LSP”) offsetting mechanism in Hong Kong (Continued)

In July 2023, the HKICPA published “Accounting implications of the abolition of the MPF-LSP offsetting mechanism in Hong Kong” which provides guidance for the accounting for the offsetting mechanism and the impact arising from abolition of the MPF-LSP offsetting mechanism in Hong Kong. In light of this, the Group has implemented the guidance published by the HKICPA in connection with the LSP obligation retrospectively so as to provide more reliable and more relevant information about the effects of the offsetting mechanism and the Abolition.

The Group considered that the impact from the Amendment Ordinance on the Group’s LSP liability and earnings is considered insignificant.

Amendments to HKFRSs in issue but not yet effective

The Group has not early applied the following amendments to HKFRSs that have been issued but are not yet effective:

Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture ¹
Amendments to HKFRS 16	Lease Liability in a Sale and Leaseback ²
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) ²
Amendments to HKAS 1	Non-current Liabilities with Covenants ²
Amendments to HKAS 7 and HKFRS 7	Supplier Finance Arrangements ²
Amendments to HKAS 21	Lack of Exchangeability ³

¹ Effective for annual periods beginning on or after a date to be determined

² Effective for annual periods beginning on or after 1st January, 2024

³ Effective for annual periods beginning on or after 1st January, 2025

Except for the amendments to HKFRSs mentioned below, the directors of the Company anticipate that the application of all other amendments to HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

Notes to the Consolidated Financial Statements (Continued)

For the year ended 31st December, 2023

2. APPLICATION OF NEW AND AMENDMENTS TO HONG KONG FINANCIAL REPORTING STANDARDS (“HKFRSs”) (Continued)

Amendments to HKFRSs in issue but not yet effective (Continued)

Amendments to HKAS 1 Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) (the “2020 Amendments”) and Amendments to HKAS 1 Non – current Liabilities with Covenants (the “2022 Amendments”)

The 2020 Amendments provide clarification and additional guidance on the assessment of right to defer settlement for at least twelve months from reporting date for classification of liabilities as current or non – current, which:

- clarify that if a liability has terms that could, at the option of the counterparty, result in its settlement by the transfer of the entity’s own equity instruments, these terms do not affect its classification as current or non-current only if the entity recognises the option separately as an equity instrument applying HKAS 32 Financial Instruments: Presentation.
- specify that the classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period. Specifically, the amendments clarify that the classification should not be affected by management intentions or expectations to settle the liability within 12 months.

For rights to defer settlement for at least twelve months from reporting date which are conditional on the compliance with covenants, the requirements introduced by the 2020 Amendments have been modified by the 2022 Amendments. The 2022 Amendments specify that only covenants with which an entity is required to comply with on or before the end of the reporting period affect the entity’s right to defer settlement of a liability for at least twelve months after the reporting date. Covenants which are required to comply with only after the reporting period do not affect whether that right exists at the end of the reporting period.

In addition, the 2022 Amendments specify the disclosure requirements about information that enables users of financial statements to understand the risk that the liabilities could become repayable within twelve months after the reporting period, if an entity classifies liabilities arising from loan arrangements as non-current when the entity’s right to defer settlement of those liabilities is subject to the entity complying with covenants within twelve months after the reporting period.

The 2022 Amendments also defer the effective date of applying the 2020 Amendments to annual reporting periods beginning on or after 1st January, 2024. The 2022 Amendments, together with the 2020 Amendments, are effective for annual reporting periods beginning on or after 1st January, 2024, with early application permitted. If an entity applies the 2020 Amendments for an earlier period after the issue of the 2022 Amendments, the entity should also apply the 2022 Amendments for that period.

Based on the Group’s outstanding liabilities as at 31st December, 2023, the application of the 2020 and 2022 Amendments will not result in reclassification of the Group’s liabilities.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION

3.1 Basis of preparation of consolidated financial statements

The consolidated financial statements have been prepared in accordance with HKFRSs issued by the HKICPA. For the purpose of preparation of the consolidated financial statements, information is considered material if such information is reasonably expected to influence decisions made by primary users. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (“Listing Rules”) and by the Hong Kong Companies Ordinance.

3.2 Material accounting policy information

Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and entities controlled by the Company and its subsidiaries. Control is achieved when the Company:

- has power over the investee;
- is exposed, or has rights, to variable returns from its involvement with the investee; and
- has the ability to use its power to affect its returns.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control listed above.

Consolidation of a subsidiary begins when the Group obtains control over the subsidiary and ceases when the Group loses control of the subsidiary. Specifically, income and expenses of a subsidiary acquired or disposed of during the year are included in the consolidated statement of profit or loss from the date the Group gains control until the date when the Group ceases to control the subsidiary.

Profit or loss and each item of other comprehensive income are attributed to the owners of the Company and to the non-controlling interests. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies in line with the Group’s accounting policies.

All intragroup assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.2 Material accounting policy information *(Continued)*

Business combinations or asset acquisition

Optional concentration test

The Group can elect to apply an optional concentration test, on a transaction-by-transaction basis, that permits a simplified assessment of whether an acquired set of activities and assets is not a business. The concentration test is met if substantially all of the fair value of the gross assets acquired is concentrated in a single identifiable asset or group of similar identifiable assets. The gross assets under assessment exclude cash and cash equivalents, deferred tax assets, and goodwill resulting from the effects of deferred tax liabilities. If the concentration test is met, the set of activities and assets is determined not to be a business and no further assessment is needed.

Asset acquisitions

When the Group acquires a group of assets and liabilities that do not constitute a business, the Group identifies and recognises the individual identifiable assets acquired and liabilities assumed by allocating the purchase price first to financial assets/financial liabilities at the respective fair values, the remaining balance of the purchase price is then allocated to the other identifiable assets and liabilities on the basis of their relative fair values at the date of purchase. Such a transaction does not give rise to goodwill or bargain purchase gain.

Revenue from contracts with customers

Information about the Group's accounting policies relating to contracts with customers is provided in notes 5 and 21.

Leases

Definition of a lease

A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

For contracts entered into or modified on or after the date of initial application of HKFRS 16 or arising from business combinations, the Group assesses whether a contract is or contains a lease based on the definition under HKFRS 16 at inception, modification date or acquisition date, as appropriate. Such contract will not be reassessed unless the terms and conditions of the contract are subsequently changed.

The Group as a lessor

Classification and measurement of leases

Leases for which the Group is a lessor are classified as operating leases.

Rental income from operating leases is recognised in profit or loss on a straight-line basis over the term of the relevant lease. Initial direct costs incurred in negotiating and arranging an operating lease are added to the carrying amount of the leased asset, and such costs are recognised as an expense on a straight-line basis over the lease term except for investment properties measured under fair value model.

Rental income which are derived from the Group's ordinary course of business are presented as revenue.

Notes to the Consolidated Financial Statements *(Continued)*

For the year ended 31st December, 2023

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.2 Material accounting policy information *(Continued)*

Investment properties

Investment properties are properties held to earn rentals and/or for capital appreciation.

Investment properties are initially measured at cost, including any directly attributable expenditure. Subsequent to initial recognition, investment properties are measured at fair value, adjusted to exclude any prepaid or accrued operating lease income. Gains or losses arising from changes in the fair value of investment properties are included in profit or loss for the period in which they arise.

Property, plant and equipment

Property, plant and equipment are tangible assets that are held for use in the production or supply of goods or services, or for administrative purposes. Property, plant and equipment are stated in the consolidated statement of financial position at cost less subsequent accumulated depreciation and subsequent accumulated impairment losses.

When the Group makes payments for ownership interests of properties which includes both leasehold land and building elements, the entire consideration is allocated between the leasehold land and the building elements in proportion to the relative fair values at initial recognition. To the extent the allocation of the relevant payments can be made reliably, interest in leasehold land is presented as “right-of-use assets” in the consolidated statement of financial position except for those that are classified and accounted for as investment properties under the fair value model. When the consideration cannot be allocated reliably between non-lease building element and undivided interest in the underlying leasehold land, the entire properties are classified property, plant and equipment.

Depreciation is recognised so as to write off the cost of assets over their estimated useful lives, using the straight-line method. The estimated useful lives and depreciation method are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

Impairment on property, plant and equipment

At the end of the reporting period, the Group reviews the carrying amounts of its property, plant and equipment to determine whether there is any indication that these assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the relevant asset is estimated in order to determine the extent of the impairment loss.

The recoverable amount of property, plant and equipment are estimated individually. When it is not possible to estimate the recoverable amount individually, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Recoverable amount is the higher of fair value less costs to sell and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset (or a cash-generating unit) for which the estimates of future cash flows have not been adjusted.

Notes to the Consolidated Financial Statements *(Continued)*

For the year ended 31st December, 2023

3. BASIS OF PREPARATION OF CONSOLIDATED FINANCIAL STATEMENTS AND MATERIAL ACCOUNTING POLICY INFORMATION *(Continued)*

3.2 Material accounting policy information *(Continued)*

Impairment on property, plant and equipment *(Continued)*

If the recoverable amount of an asset (or a cash-generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or a cash-generating unit) is reduced to its recoverable amount. In allocating the impairment loss, the impairment loss is allocated to the assets on a pro-rata basis based on the carrying amount of each asset in the unit or the group of cash-generating units. The carrying amount of an asset is not reduced below the highest of its fair value less cost of disposal (if measurable), its value in use (if determinable) and zero. The amount of the impairment loss that would otherwise have been allocated to the asset is allocated pro rata to the other assets of the unit or the group of cash-generating units. An impairment loss is recognised immediately in profit or loss.

Where an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit or a group of cash-generating units) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or a cash-generating unit or a group of cash-generating units) in prior years. A reversal of an impairment loss is recognised immediately in profit or loss.

Financial instruments

Financial assets and financial liabilities are recognised when a group entity becomes a party to the contractual provisions of the instrument. All regular way purchases or sales of financial assets are recognised and derecognised on a trade date basis. Regular way purchases or sales are purchases or sales of financial assets that require delivery of assets within the time frame established by regulation or convention in the market place.

Financial assets and financial liabilities are initially measured at fair value except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15 “Revenue from Contracts with Customers” (“HKFRS 15”). Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets at fair value through profit or loss (“FVTPL”)) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

Dividend income which is derived from the Group’s ordinary course of business are presented as revenue.

Financial assets

Classification and subsequent measurement of financial assets

Financial assets that meet the following conditions are subsequently measured at amortised cost:

- the financial asset is held within a business model whose objective is to collect contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial assets that meet the following conditions are subsequently measured at fair value through other comprehensive income (“FVTOCI”):

- the financial asset is held within a business model whose objective is achieved by both selling and collecting contractual cash flows; and
- the contractual terms give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

All other financial assets are subsequently measured at FVTPL, except that at initial recognition of a financial asset the Group may irrevocably elect to present subsequent changes in fair value of an equity investment in other comprehensive income if that equity investment is neither held for trading nor contingent consideration recognised by an acquirer in a business combination to which HKFRS 3 “Business Combinations” applies.

(i) Amortised cost and interest income

Interest income is recognised using the effective interest method for financial assets measured subsequently at amortised cost. Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for financial assets that have subsequently become credit-impaired (see below). For financial assets that have subsequently become credit-impaired, interest income is recognised by applying the effective interest rate to the amortised cost of the financial asset from the next reporting period. If the credit risk on the credit-impaired financial instrument improves so that the financial asset is no longer credit-impaired, interest income is recognised by applying the effective interest rate to the gross carrying amount of the financial asset from the beginning of the reporting period following the determination that the asset is no longer credit-impaired.

(ii) Equity instruments designated as at FVTOCI

Investments in equity instruments at FVTOCI are subsequently measured at fair value with gains and losses arising from changes in fair value recognised in other comprehensive income and accumulated in the security revaluation reserve; and are not subject to impairment assessment. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investments, and will continue to be held in the security revaluation reserve.

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognised at the proceeds received, net of direct issue costs.

Financial liabilities at amortised cost

Financial liabilities (including trade and other payables, rental and other deposits received, amount due to an intermediate holding company, amount due to a shareholder and bank loans) are subsequently measured at amortised cost, using the effective interest method.

Derecognition of financial liabilities

The Group derecognises financial liabilities when, and only when, the Group's obligations are discharged, cancelled or have expired. The difference between the carrying amount of the financial liability derecognised and the consideration paid and payable is recognised in profit or loss.

Foreign currencies

In preparing the financial statements of each individual group entity, transactions in currencies other than the functional currency of that entity (foreign currencies) are recognised at the rates of exchanges prevailing on the dates of the transactions. At the end of the reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Non-monetary items carried at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. When a fair value gain or loss on a non-monetary item is recognised in profit or loss, any exchange component of that gain or loss is also recognised in profit or loss. When a fair value gain or loss on a non-monetary item is recognised in other comprehensive income, any exchange component of that gain or loss is also recognised in other comprehensive income. Non-monetary items that are measured in terms of historical cost in a foreign currency are not retranslated.

For the purposes of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into the presentation currency of the Group (i.e. HK\$) using exchange rates prevailing at the end of each reporting period. Income and expenses items are translated at the average exchange rates for the period, unless exchange rates fluctuate significantly during that period, in which case the exchange rates at the dates of transactions are used. Exchange differences arising, if any, are recognised in other comprehensive income and accumulated in equity under the heading of foreign currency translation reserve.

Taxation

Income tax expense represents the sum of current and deferred income tax expense.

The tax currently payable is based on taxable profit for the year. Taxable profit differs from profit before taxation because of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the consolidated financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are generally recognised for all taxable temporary differences. Deferred tax assets are generally recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit and at the time of the transaction does not give rise to equal taxable and deductible temporary differences.

Deferred tax liabilities are recognised for taxable temporary differences associated with investments in subsidiaries, except where the Group is able to control the reversal of the temporary difference and it is probable that the temporary difference will not reverse in the foreseeable future.

The carrying amount of deferred tax assets is reviewed at the end of the reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rate (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

For the purposes of measuring deferred taxes for investment properties that are measured using the fair value model, the carrying amounts of such properties are presumed to be recovered entirely through sale, unless the presumption is rebutted. The presumption is rebutted when the investment property is depreciable and is held within a business model whose objective is to consume substantially all of the economic benefits embodied in the investment property over time, rather than through sale, except for freehold land, which is always presumed to be recovered entirely through sale.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to set off current tax assets against current tax liabilities and when they relate to income taxes levied to the same taxable entity by the same tax authority.

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly to equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively. Where current tax or deferred tax arises from the initial accounting for a business combination, the tax effect is included in the accounting for the business combination.

Employee benefits

Retirement benefit costs

Payments to the Group's Mandatory Provident Fund Scheme and other defined contribution retirement benefit plans are recognised as an expense when employees have rendered service entitling them to the contributions.

Short-term and other long-term employee benefits

Short-term employee benefits are recognised at the undiscounted amount of the benefits expected to be paid as and when employees rendered the services. All short-term employee benefits are recognised as an expense unless another HKFRS requires or permits the inclusion of the benefit in the cost of an asset.

A liability is recognised for benefits accruing to employees (such as wages and salaries, annual leave and sick leave) after deducting any amount already paid.

Liabilities recognised in respect of other long-term employee benefits are measured at the present value of the estimated future cash outflows expected to be made by the Group in respect of services provided by employees up to the reporting date. Any changes in the liabilities' carrying amounts resulting from service cost, interest and remeasurements are recognised in profit or loss except to the extent that another HKFRS requires or permits their inclusion in the cost of an asset.

4. CRITICAL ACCOUNTING JUDGMENT AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, which are described in note 3, the directors of the Company are required to make judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and underlying assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period, or in the period of the revision and future periods if the revision affects both current and future periods.

Critical judgment in applying accounting policies

The following is the critical judgment, apart from those involving estimations (see below), that the directors of the company have made in the process of applying the Group's accounting policies and that have the most significant effect on the amounts recognised in the consolidated financial statements.

4. CRITICAL ACCOUNTING JUDGMENT AND KEY SOURCES OF ESTIMATION UNCERTAINTY (Continued)

Critical judgment in applying accounting policies (Continued)

Deferred taxation on investment properties

For the purposes of measuring deferred tax arising from investment properties that are measured using the fair value model, the directors of the Company have reviewed the Group's investment property portfolios and concluded that the Group's investment properties are not held under a business model whose objective is to consume substantially all of the economic benefits embodied in the investment properties over time. Therefore, in determining the deferred taxation on investment properties, the directors of the Company have determined that the presumption that the carrying amounts of investment properties measured using the fair value model are recovered entirely through sale is not rebutted. The Group has not recognised any deferred taxes on changes in fair value of investment properties located in Hong Kong as the Group is not subject to any income taxes on fair value changes of the investment properties on disposal.

Key sources of estimation uncertainty

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period that may have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

Fair value of investment properties

Investment properties are stated at fair value based on the valuation performed by independent professional valuer. Fair value of investment properties is derived by income approach. Details of the valuation techniques and key inputs used in the valuations are disclosed in note 16 to the consolidated financial statements. The valuation of investment properties are dependent on those key inputs that involve the management's and Valuer's judgements, including reversionary yield and market rent. A table showing (i) inputs that are not based on observable market data to estimate the fair value of investment properties; and (ii) the relationship of significant unobservable inputs to fair value is disclosed in note 16.

In relying on the valuation report, the directors of the Company have exercised their judgement and are satisfied that the method of valuation is reflective of the current market conditions. Changes to these assumptions would result in changes in the fair values of the Group's investment properties and the corresponding adjustments to the amount of gain or loss reported in the consolidated statement of profit or loss and other comprehensive income.

As at 31st December, 2023, the carrying amount of the Group's investment properties is HK\$4,685,260,000 (2022: HK\$4,732,940,000).

The People's Republic of China ("PRC")	5,394	19,177
	<u>488,325</u>	<u>462,692</u>

(ii) Performance obligations for contracts with customers and revenue recognition policies

Based on the hotel operation pattern, the directors of the Company are of the opinion that the services income from operation of hotels are for periods of one year or less. As permitted under HKFRS 15, the transaction price allocated to the unsatisfied contracts is not disclosed.

Revenue from room revenue and other ancillary service is recognised over time by reference to the progress towards complete satisfaction of the relevant performance obligation, as the customer simultaneously receives and consumes the benefits provided by the Group's performance as the Group performs.

Revenue from hotel food and beverage sales is recognised at a point in time when the food and beverage are served.

6. SEGMENT INFORMATION

HKFRS 8 “Operating Segments” requires operating and reportable segments to be identified on the basis of internal reports about components of the Group that are regularly reviewed by the chief operating decision maker (the “CODM”), being the Chairman of the Company, for the purposes of allocating resources to segments and assessing their performance. No operating segments identified by the CODM have been aggregated in arriving at the reportable segments of the Group.

The Group’s operating and reportable segments under HKFRS 8 are therefore as follows:

1. Hospitality services – Best Western Plus Hotel Kowloon
2. Hospitality services – Best Western Plus Hotel Hong Kong
3. Hospitality services – Magnificent International Hotel, Shanghai
4. Hospitality services – Best Western Hotel Causeway Bay
5. Hospitality services – Ramada Hong Kong Harbour View
6. Hospitality services – Ramada Hong Kong Grand
7. Hospitality services – Grand City Hotel
8. Hospitality services – Ramada Hong Kong Grand View
9. Hospitality services – Wood Street Hotel
10. Hospitality services – Grand Bay View Hotel
11. Property investment – 633 King’s Road
12. Property investment – Shun Ho Tower
13. Property investment – Shops, hotel and residential properties
14. Securities investment

Information regarding the above segments is reported below.

The accounting policies of the operating and reportable segments are the same as the Group's accounting policies described in note 3. Segment results represents the profit earned by/loss from each segment without allocation of central administration costs, other income and expenses and gains and losses and finance costs. This is the measure reported to the CODM, for the purposes of resources allocation and performance assessment.

Revenue reported above represents revenue generated from external customers. There were no inter-segment sales for both years.

Hotel properties and buildings	50 years or over the remaining term of land lease, whichever is shorter
Furniture, fixtures and equipment	4% – 20%
Others	20%

Impairment assessment

As at 31st December, 2022, due to the inflationary environment and interest rates hike, the management of the Group concluded there was indication for impairment and conducted impairment assessment on certain construction in progress in the UK with carrying amounts of HK\$391,920,000. The recoverable amounts of the construction in progress have been determined based on their value in use. The relevant assets were impaired to their recoverable amount of HK\$364,920,000, which is their carrying values at year end and the impairment of HK\$27,000,000 has been recognised in profit or loss to which these assets relate during the year.

As at 31st December, 2023, due to the recovery and stabilization of the hotel operation in the UK, the management of the Group concluded there was indication for reversal of impairment. The Group engages third party qualified valuers to perform valuation, measured using discounted cash flow projection. The period over which the management has projected the projection is 5 years and the growth rate used to extrapolate cash flow projection approximate inflation.

Total cash outflow for leases	<u>1,584</u>	<u>1,309</u>

For both years, the Group leases land and rented equipment for its operation. Lease contracts are entered into for fixed terms from 1 to 50 years.

16. INVESTMENT PROPERTIES

The Group leases out two shops, four residential properties, two investment properties in Hong Kong and one investment property located in the United Kingdom under operating leases with rentals payable monthly and quarterly. The leases typically run for an initial period of 3 to 23 years, with unilateral rights to extend the lease beyond initial period held by lessees only. Majority of the lease contracts contain market review clauses in the event the lessee exercises the option to extend.

The Group is not exposed to foreign currency risk as a result of the lease arrangements, as all leases are denominated in the respective functional currencies of group entities. The lease contracts do not contain residual value guarantee and/or lessee's option to purchase the property at the end of lease term.

At the end of the year	<u>4,685,260</u>	<u>4,732,940</u>

The fair values of the Group's investment properties as at 31st December, 2023 and 31st December, 2022 have been arrived at on the basis of valuations carried out on that date by both Cushman & Wakefield Limited and Allsop LLP, the Valuer which are not connected with the Group. The valuation reports on these properties are signed by a director of Cushman & Wakefield Limited who is a member of The Hong Kong Institute of Surveyors and a partner of Allsop LLP who is a member of the Royal Institution of Chartered Surveyors, and were arrived at by adopting the income approach as available in the market to assess the market value of the investment properties. During the assessment of the fair values of investment properties, the Valuer and the Directors of the Company have exercised their judgement and are satisfied that the method of valuation and the key inputs, including term yield, reversionary yield and market rent are reflective of the current market conditions. If there are changes in the assumptions used for the valuations, the fair value of the investment properties will change in the future.

16. INVESTMENT PROPERTIES (Continued)

The investment properties of the Group with an aggregate carrying amount of approximately HK\$3,813,627,000 (2022: HK\$3,999,692,000) were rented out under operating leases at the end of the reporting period. The resulting loss on fair value changes of investment properties HK\$93,700,000 has been recognised directly in profit or loss for the year (2022: HK\$13,324,000).

In estimating the fair value of the properties, the highest and best use of the properties is their current use. The income approach estimates the values of the properties on an open market basis by capitalising rental income on a fully leased basis having regard to the current passing rental income from existing tenancies and potential future reversionary income at the market level. The term value involves the capitalisation of the current passing rental income over the existing lease term. The reversionary value is taken to be current market rental income upon the expiry of the lease and is capitalised on a fully leased basis. In this approach, the Valuer has considered the term yield and reversionary yield. The term yield is used for capitalisation of the current passing rental income as at the date of valuation whilst the reversionary yield is used to convert reversionary rental income.

Listed:		
Equity securities listed in Hong Kong Stock Exchange	<u>44,865</u>	<u>68,087</u>

The fair value of listed equity securities is determined by reference to quoted market bid price from the Hong Kong Stock Exchange.

The Group's non-current equity securities listed in Hong Kong include approximately 20.57% (2022: 20.57%) interest in Shun Ho Holdings and some ordinary shares of another entity, which are public companies incorporated and listed in Hong Kong.

The Company is a subsidiary of Shun Ho Holdings. Under the Hong Kong Companies Ordinance, companies within the Group who are shareholders of Shun Ho Holdings have no right to vote at the meetings of Shun Ho Holdings. The directors are of the opinion that the Group is not in a position to exercise significant influence over Shun Ho Holdings, accordingly, the results of Shun Ho Holdings have not been accounted for on an equity basis.

These investments are not held for trading, instead, they are held for long-term strategic purposes. The directors of the Company have elected to designate these investments in equity instruments as at FVTOCI as they believe that recognising short-term fluctuations in these investments' fair value in profit or loss would not be consistent with the Group's strategy of holding these investments for long-term purposes and realising their performance potential in the long run.

27. SHARE OPTION SCHEME

An employee share option scheme of Magnificent Hotel, a subsidiary of the Company, was adopted at the extraordinary general meeting held on 14th November, 2013 (the “Share Option Scheme”) and was amended at the annual general meeting held on 18th June, 2014. Pursuant to the Share Option Scheme, the Board of Directors of Magnificent Hotel may, at its discretion, offer to grant options to subscribe for shares of Magnificent Hotel based on the terms and conditions set out therein to any director (including executive, non-executive directors and independent non-executive directors) and any employee of the Magnificent Hotel Group whom the Board of Directors of Magnificent Hotel considers, in its sole discretion, have contributed or will contribute to the Magnificent Hotel Group. The Share Option Scheme was expired on 13th November, 2023.

The purpose of the Share Option Scheme is to reward hotel senior management according to their performance in relation to the growth of hotel revenue.

Summary of the Share Option Scheme is as below:

- (i) The maximum number of Magnificent Hotel’s shares which may be issued upon exercise of all options to be granted under the Share Option Scheme shall not exceed 5% of the Magnificent Hotel’s shares in issue on the date of the adoption of the Share Option Scheme.
- (ii) The total number of Magnificent Hotel’s shares issued and which may fall to be issued upon exercise of the share options granted under the Share Option Scheme and any other share option schemes of Magnificent Hotel (including options exercised and outstanding) to each participant in any 12 month period up to the date of grant shall not exceed 1% of the shares in issue as at the date of grant. Any further grant of share options in excess of this 1% limit shall be subject to the approval of shareholders of Magnificent Hotel in general meeting with such participants and their associates (as defined in the Listing Rules) abstaining from voting and/or other requirements prescribed under the Listing Rules from time to time.

Any grant of share options to a director, chief executive or substantial shareholder of Magnificent Hotel or any of their respective associates is required to be approved by the independent non-executive directors of Magnificent Hotel. If the Board of Directors of Magnificent Hotel proposes to grant share options to a substantial shareholder or any independent non-executive director or their respective associates which will result in the number of Magnificent Hotel’s shares issued and to be issued upon exercise of share options granted and to be granted (including share options exercised, cancelled and outstanding) to such person in the 12 month period up to and including the date of grant: (i) representing in aggregate over 0.1% or such other percentage as may be from time to time provided under the Listing Rules, of the Magnificent Hotel’s shares in issue; and (ii) having an aggregate value in excess of HK\$5 million or such other sum as may be from time to time provided under the Listing Rules, based on the official closing price of the Magnificent Hotel’s shares at the date of each grant, such further grant of options will be subject to the approval of shareholders of Magnificent Hotel in general meeting at which all connected persons of Magnificent Hotel shall abstain from voting, and/or other requirements prescribed under the Listing Rules from time to time.

31. RETIREMENT BENEFIT PLANS

The Group participates the Mandatory Provident Fund Scheme for all qualifying employees. The assets of the scheme are held separately from those of the Group in funds under the control of trustees. The Group contributes 5% of relevant payroll costs capped at HK\$1,500 (2022: HK\$1,500) per month of each individual employee to the scheme, which contribution is matched by employees.

The employees of the Company's subsidiary in the PRC are members of a state-managed retirement benefit scheme operated by the PRC government. The subsidiary is required to contribute certain percentage of payroll costs to the retirement benefit scheme to fund the benefits. The only obligation of the Group with respect to this retirement benefit scheme is to make the specified contributions.

The contributions paid and payable to the Mandatory Provident Fund Scheme and the state-managed retirement benefit scheme operated by the PRC government by the Group in respect of the year which were charged to profit or loss amounting to HK\$5,803,000 (2022: HK\$4,963,000).

The Group's contribution to the retirement benefit schemes for its employees in Hong Kong, and the PRC are fully and immediately vested in the employees once the contributions are made. Accordingly, there are no forfeited contributions under the retirement benefit schemes that may be used by the Group to reduce the existing level of contributions as described in paragraph 26(2) of Appendix 16 of the Listing Rules.

For the Group's subsidiaries operating in Hong Kong, pursuant to the Employment Ordinance, Chapter 57, the Group has the obligation to pay LSP to qualifying employees in Hong Kong under certain circumstances (e.g. dismissal by employers or upon retirement), subject to a minimum of 5 years employment period, based on certain formula.

Furthermore, the Mandatory Provident Fund Schemes Ordinance passed in 1995 permits the Group to utilise the Group's mandatory MPF contributions, plus/minus any positive/negative returns thereof, for the purpose of offsetting LSP payable to an employee (the "Offsetting Arrangement").

The Amendment Ordinance was gazetted on 17 June 2022, which abolishes the use of the accrued benefits derived from employers' mandatory MPF contributions to offset the LSP. The Abolition will officially take effect on the Transition Date (i.e., 1 May 2025). Separately, the Government of the HKSAR is also expected to introduce a subsidy scheme to assist employers for a period of 25 years after the Transition Date on the LSP payable by employers up to a certain amount per employee per year. Under the Amendment Ordinance, the accrued benefits derived from the Group's Enhanced MPF Scheme, minus the mandatory contributions, made pre-, on or post-transition can continue to be used to offset pre- and post-transition LSP. The impact from the Amendment Ordinance on the Group's LSP liability and earnings is considered insignificant.

35. CAPITAL RISK MANAGEMENT

The Group manages its capital to ensure that group entities will be able to continue as a going concern while maximising the return to shareholders through the optimisation of the debt and equity balance. The Group's overall strategy remains unchanged from prior year.

The capital structure of the Group consists of net debts, which include amount due to an intermediate holding company and amount due to a shareholder disclosed in note 32, bank loans disclosed in note 22 (net of bank balances and cash), and equity attributable to owners of the Company, comprising issued capital, retained profits and other reserves as disclosed in the consolidated statement of changes in equity.

The management of the Group reviews the capital structure periodically. As a part of this review, the management of the Group considers the cost of capital and the risks associated with each class of capital. Based on recommendations of the management, the Group will balance its overall capital structure through the payment of dividends, as well as the issue of new debt or the redemption of existing debts.

There are no significant changes on the Group's approach to capital risk management during the year.

(b) Financial risk management objectives and policies

The Group's major financial instruments include equity instruments at FVTOCI, trade and other receivables, lease receivables, other deposits, bank balances and cash, trade and other payables, rental and other deposits received, amount due to an intermediate holding company, amount due to a shareholder and bank loans. Details of these financial instruments are disclosed in respective notes. The risk associated with these financial instruments and the policies on how to mitigate these risks are set out below. The management manages and monitors these exposures to ensure that appropriate measures are implemented on a timely and effective manner.

(i) Foreign currency risk management

The carrying amounts of the Group's foreign currency denominated monetary assets and monetary liabilities at the end of the reporting period are as follows:

	GBP Assets		GBP Liabilities	
	2023 HK\$'000	2022 HK\$'000	2023 HK\$'000	2022 HK\$'000
Bank balance	150	399	-	-
Intra-group loans to foreign operations that form part of a net investment	1,019,564	960,511	-	-
Intra-group balances	-	-	-	(19,860)

Sensitivity analysis

The following table details the Group's sensitivity to a 10% (2022: 10%) increase and decrease in HK\$ against GBP. 10% (2022: 10%) is the sensitivity rate used when reporting foreign currency risk internally to key management personnel and represents management's assessment of the reasonably possible change in foreign exchange rate. The sensitivity analysis includes only outstanding foreign currency denominated monetary items and adjusts their translation at the end of the reporting period for a 10% (2022: 10%) change in foreign currency rate. It excludes items denominated in US\$ held by Group entities with HK\$ as functional currency as the directors consider that the Group exposure to US\$ for such entities is insignificant on the ground that HK\$ is pegged to US\$. A positive number below indicates a decrease in post-tax loss for the year (2022: increase in post-tax profit) where HK\$ weaken 10% (2022: 10%) against GBP. For a 10% (2022: 10%) strengthening of HK\$ against GBP, there will be an increase in post-tax loss (2022: decrease in post-tax profit) for the year as below indicated number.

	GBP 2023 HK\$'000	GBP 2022 HK\$'000
Profit or loss	15	40
Other comprehensive expense	(101,956)	(94,065)

In management's opinion, the sensitivity analysis is unrepresentative of the inherent foreign exchange risk as the year end exposure does not reflect the exposure during the relevant years.

(ii) Interest rate risk management

The Group is exposed to cash flow interest rate risk in relation to bank balances and bank loans which are subject to variable-rate interest rate. The interest rates and terms of repayment of the bank loans of the Group are disclosed in note 23. The Group has not used any derivative contracts to hedge its exposure to such interest rate risk, however, the management monitors interest rate exposures and will consider other necessary action when significant interest rate exposure is anticipated. The Group's interest rate risk is mainly concentrated on the fluctuation of market interest rate on bank loans.

Interest rate sensitivity

The sensitivity analysis below have been determined based on the exposure to interest rates for non-derivative instruments including variable-rate bank loans at the end of the reporting period. For variable-rate financial instruments, the analysis is prepared assuming the amount of financial instruments are outstanding for the whole year. A 50 basis points (2022: 50 basis points) increase or decrease is used which represents management's assessment of the reasonably possible change in interest rate.

If interest rates had been 50 basis points (2022: 50 basis points) higher/lower and all other variables were held constant, the Group's post-tax loss for the year ended 31st December, 2023 would increase/decrease by HK\$4,273,000 (2022: HK\$4,410,000). This is mainly attributable to the Group's exposure to interest rates on its variable-rate bank loans.

The bank balances are excluded from the sensitivity analysis as the management of the Group considers that the impact due to interest rate fluctuation is not significant.

In management's opinion, the sensitivity analysis is unrepresentative of the inherent interest rate risk as the year end exposure does not reflect the exposure during the year.

(iii) Other price risk

The Group is exposed to equity price risk arising from equity instruments at FVTOCI.

Equity price sensitivity

The sensitivity analysis below have been determined based on the exposure to equity price risk at the reporting date. If the market prices of the respective equity instruments had been 10% (2022: 10%) higher/lower, the other comprehensive income would increase/decrease by HK\$4,487,000 (2022: increase/decrease by HK\$6,809,000) as a result of the changes in fair value of equity instruments at FVTOCI.

(iv) Credit risk and impairment assessment

Credit risk refers to the risk that the Group's counterparties default on their contractual obligations resulting in financial losses to the Group. The Group's credit risk exposures are primarily attributable to trade and other receivables, lease receivables, other deposits and bank balances. The Group does not hold any collateral or other credit enhancements to cover its credit risks associated with its financial assets except that the credit risks associated with trade receivables are mitigated because they are secured over deposits.

The Group's internal credit risk grading assessment comprises the following categories:

Internal credit rating	Description	Trade receivables and lease receivables	Other financial assets
Low risk	The counterparty has a low risk of default and does not have any past-due amounts	Lifetime ECL - not credit-impaired	12m ECL
Watch list	Debtor frequently repays after due dates but usually settle in full	Lifetime ECL - not credit-impaired	12m ECL
Doubtful	There have been significant increases in credit risk since initial recognition through information developed internally or external resources	Lifetime ECL - not credit-impaired	Lifetime ECL - not credit-impaired
Loss	There is evidence indicating the asset is credit-impaired	Lifetime ECL - credit-impaired	Lifetime ECL - credit-impaired
Write-off	There is evidence indicating that the debtor is in severe financial difficulty and the Group has no realistic prospect of recovery, for example, when the counterparty has been placed under liquidation or has entered into bankruptcy proceedings, or in the case of trade receivables, when the amounts are over two years past due, whichever occurs sooner	Amount is written off	Amount is written off

(iv) Credit risk and impairment assessment (Continued)

The tables below detail the credit risk exposures of the Group's financial assets, which are subject to ECL assessment:

	Notes	External credit rating	Internal credit rating	12m or lifetime ECL	Gross carrying amount	
					2023	2022
					HK\$'000	HK\$'000
Financial assets at amortised cost

Lease receivables	18	N/A	Low risk	Lifetime ECL	2,805	1,057
Other receivables	18	N/A	Low risk	12m ECL	2,118	7,370

Bank balances	19	Baa1 to A1	N/A	12m ECL	334,479	286,676
					366,411	321,333

Trade receivables from contracts with customers

Before accepting any new customer, the Group has assessed the potential customer's credit quality and defined credit rating limits. The Group has no significant concentration of credit risk on trade receivables from contracts with customers, with exposure spread over a number of counterparties and customers.

The Group performs impairment assessment under ECL model on trade balances. The trade receivables from contracts with customers are grouped based on shared credit risk characteristics by reference to repayment histories for recurring customers and current past due exposure for new customers.

As part of the Group's credit risk management, the Group used an internal credit rating by assigning loss rates to its debtors. The estimated loss rates are based on aging of trade debtors as well as historical observed default rates over the expected life of the debtors and forward-looking information that is available without undue cost or effort.

For the years ended 31st December, 2023 and 2022, the Group assessed the balance of ECL for trade receivables were insignificant and thus no loss allowance was recognised.

Lease receivables

The Group performs impairment assessment under ECL model on lease receivables. The lease receivables are grouped based on shared credit risk characteristics by reference to repayment histories for recurring tenants and current past due exposure for new tenants.

As part of the Group's credit risk management, the Group used an internal credit rating by assigning loss rate to its tenants. The estimated loss rates are based on aging of tenants as well as historical observed default rates over the expected life of the tenants and are adjusted for forward-looking information that is available without undue cost or effort.

For the years ended 31st December, 2023 and 2022, the Group assessed the ECL for lease receivables were insignificant and thus no loss allowance was recognised.

Other receivables and other deposits

For other receivables and other deposits, the directors of the Company make periodic assessment on the recoverability of other receivables and other deposits based on past experience, and also quantitative and qualitative information that is reasonable and supportive forward-looking information. The directors of the Company believe that there are no significant increase in credit risk of these amounts since initial recognition and the Group provided impairment based on 12m ECL.

For the years ended 31st December, 2023 and 2022, the Group assessed the ECL for other receivables and other deposits were insignificant and thus no loss allowance was recognised.

Bank balances

Credit risk on bank balances is limited because the counterparties are reputable banks with high credit ratings assigned by international credit agencies. The Group assessed 12m ECL for bank balances by reference to information relating to probability of default and loss given default of the respective credit rating grades published by external credit rating agencies. The 12m ECL on bank balances is considered to be insignificant.

(v) Liquidity risk management

In the management of the liquidity risk, the Group monitors and maintains a level of cash and cash equivalents deemed adequate by the management to finance the Group's operations and mitigate the effects of fluctuations in cash flows. The management of the Group monitors the utilisation of bank borrowings and ensures compliance with loan covenants.

As at 31st December, 2023, the Group has available unutilised banking facilities approximately HK\$827,752,000 (2022: HK\$912,000,000).

The following tables detail the Group's remaining contractual maturity for its financial liabilities. The table has been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Group can be required to pay. The table includes both interest and principal cash flows. To the extent that interest flows are floating rate, the undiscounted amount is derived from interest rate at the end of the reporting period.

Specifically, for term loans which contain a repayment on demand clause which can be exercised at the bank's sole discretion, the analysis shows the cash outflows based on the earliest period in which the Group can be required to pay, that is if the lenders were to invoke their unconditional rights to call the loans with immediate effect. The maturity analysis for other bank loans is prepared based on the scheduled repayment dates.

The table below summarises the maturity analysis of term loans with a repayment on demand clause based on agreed scheduled repayments set out in the loan agreements. The amounts include interest payments computed using contractual rates. As a result, these amounts were greater than the amounts disclosed in the “on demand or less than 1 month” time band in the maturity analysis contained in the table above. Taking into account the Group’s financial position, the directors of the Company do not consider that it is probable that the banks will exercise its discretion to demand immediate repayment. The directors of the Company believe that such term loans will be repaid in accordance with the scheduled repayment dates set out in the loan agreements.

Maturity Analysis – Term loans subject to a repayment on demand clause based on scheduled repayments

(c) Fair values of financial instruments

Some of the Group's financial assets are measured at fair value at the end of each reporting period. The following table gives information about how the fair values of these financial assets are determined (in particular, the valuation technique(s) and key inputs used).

Financial asset	2023 HK\$'000	2022 HK\$'000	Fair value hierarchy	Valuation technique(s) and key input(s)
Equity instruments at FVTOCI	<u>44,865</u>	<u>68,087</u>	Level 1	Quoted bid prices in an active market

The directors of the Company consider that the carrying amounts of financial assets and financial liabilities recorded at amortised cost in the consolidated financial statements approximate their fair values.

37. RECONCILIATION OF LIABILITIES ARISING FROM FINANCING ACTIVITIES

The table below details changes in the Group's liabilities arising from financing activities, including both cash and non-cash changes. Liabilities arising from financing activities are those for which cash flows were, or future cash flows will be, classified in the Group's consolidated statement of cash flows as cash flows from financing activities.
