## CHAIRMAN'S STATEMENT

Throughout the past year, we have navigated a global economic downturn caused by the pandemic, along with immense internal and external industry pressures. Nevertheless, your unwavering support has served as our greatest motivation during these challenging times.

Despite the dynamic and challenging economic environment, we remain committed to a robust risk management philosophy. We consistently optimize our risk management systems and procedures to ensure the stable and long-term operation of our business. It is important to note that after a successful review by the Listing Review Committee, our company's listing status was reinstated on 27 February 2023.

In 2023, as the epidemic control policies in the PRC were lifted, economic activities started to rebound, resulting in an annual GDP growth rate of 5.2%, which met the set target for economic growth. However, the post-epidemic era posed significant challenges to the economy, given the complex international and domestic economic and political environment. The real estate sector, in particular, faced difficulties. To ensure stable economic performance, the Central Bank implemented measures to pump liquidity into the market in 2023. Financial institutions were guided to proactively support the real economy, and benchmark interest rates were reduced multiple times throughout the year to stimulate economic growth.

In the midst of a challenging macro and industry environment, the Group as a professional credit institution in both Mainland China and Hong Kong, faced heightened competition and witnessed a decline in credit quality, asset quality, and demand due to increased economic downside risk. With the substantial credit expansion by banks worldwide, the Group's loan portfolio experienced a significant decline, particularly in Shenzhen, during the first half of 2023. However, the Group's management and subsidiaries proactively adjusted the lending policies and closely monitored the complex and volatile market environment. As a result, the Group's overall business stabilized in the second half of 2023.

In the upcoming year of 2024, we expect a challenging and complex international and domestic business landscape. However, we remain dedicated to maximizing shareholder value. We will diligently monitor market dynamics and make necessary adjustments to our business policies while ensuring risk management remains a top priority.

Finally, I would like to express my gratitude to our shareholders, partners, colleagues, and clients for their unwavering support and commitment to our Company's success. With our resilient spirit and adaptability, we are confident in overcoming these challenges and seizing the opportunities that lie ahead.

**Zhang Min**  
*Acting Chairman*

## MANAGEMENT DISCUSSION AND ANALYSIS

### Industry Review

In the post-epidemic era of 2023, the overall sentiment index for real estate in China remained low. There was a significant decline in investment in real estate development, with a nearly 10% year-on-year decrease. The sales area of commercial houses also experienced an 8.5% year-on-year decline, while the sales value decreased by 6.5%. Additionally, the number of real estate properties being put up for court auction (foreclosed properties) increased by 36.7% year-on-year in Mainland China. However, the number of transactions and transaction amounts remained similar to the previous year. These trends indicated a rise in credit risk in society and a shrinking demand for real estate.

In 2023, the world witnessed one of the most concerning interest rate hikes by the United States Federal Reserve. Throughout the year, after the Fed decided to raise rates 4 times in its 8 interest rate meetings, the US interest rate hike has led to an increase in the asset value in the US dollar, as well as an appreciation and a comeback of the US dollar around the world. All these imply the US is tightening the global liquidity of the US dollar. Given Hong Kong's linked exchange rate system with the US dollar, the Hong Kong dollar also appreciated in tandem with the US dollar. Consequently, this passive appreciation of the Hong Kong dollar led to an overall tightening of liquidity in Hong Kong, increasing the risk of Hong Kong's economic operation and creating uncertainty, particularly in the mortgage lending industry.

### Business Review

In the challenging macro and industry environment of the past year, the Group's credit businesses in Mainland China and Hong Kong encountered heightened competition. For the full year of 2023, the Group's overall loan size amounted to approximately HK\$1,191,946,000, reflecting a year-on-year decrease of about 26.7% compared to the previous year. As a result of the decrease in expected revenue from the operation of the cash-generating unit in the Mainland China, there is an increase in impairment of goodwill.

Undoubtedly, the Group faced significant challenges in expanding its business in the past year. In response to the overall economic downside risk, the Group proactively increased its provision for non-performing loans in 2023. The provision of impairment loss for the Group's non-performing loans throughout the year totalled approximately HK\$184,234,000. The significant increase in impairment loss of loan receivables was due to continuing delayed payment of outstanding loan receivables by several debtors and the decrease in the collateral value on the loan receivables due to flagging property market in Mainland China in the financial year ended 31 December 2023 (the "Financial Year" or "Reporting Period").

The Group has consistently maintained the level of non-performing loans within reasonable limits, avoiding any significant or widespread defaults and foreclosures that have occurred in other similar institutions. Despite the fierce market competition and complex industry environment, the Group has prioritized risk management, ensuring the long-term stability and development of its business operations.

### Future Prospects

Looking forward into 2024, the global economy and the domestic economy are expected to continue to encounter challenges. Hence the Group will continuously adopt a prudent approach in the course of its business development, while exercising stringent control over operating costs. We remain confident that both our businesses in Hong Kong and Shenzhen will continue to benefit from the development in the Greater Bay Area.

Our long-term strategy is to continuously deliver a sustainable value to our clients and shareholders.

# MANAGEMENT DISCUSSION AND ANALYSIS

## Business Objectives

- cultivate transparent and trusted relationships with stakeholders.
- prioritize open communication, ethical decision-making and consistently delivering long-term shareholders' value.
- make a positive social and environment impact through responsible business practices and community engagement.
- foster a culture of transparency, accountability, and collaborative decision-making.
- ensure sustainable growth by improving products mix and services to enhance customer experience.

## MANAGEMENT DISCUSSION AND ANALYSIS

### Business Model

The Group is engaged in the provision of financing services in four operating regions, namely Hong Kong, Shenzhen, Chengdu, Chongqing and Beijing. The clients are individual customers and corporate customers located in Hong Kong and the PRC. The Group identifies potential customers through in-house sales teams, referrals and networks with commercial banks, property developers and small-to-medium sized enterprises. The Group has credit policies, guidelines, standard operating procedures and regional credit committee and Group's loan approval committee and Business Risk Committee in place. The standard workflow of the loan origination includes (i) "know-your-client" background check, (ii) credit assessment, (iii) loan approval, (iv) execution of documents, (v) after-loan services and (vi) recovery and collection of loan.

The following is a summary of the key internal controls of the Group's loan financing operation:

**Background check** Various identification documents shall be provided by the loan applicant, which shall be reviewed and assessed. Information such as personal identification documents, corporate constitution documents, business registrations, address proof, payroll or financial records, nature of business, type and value of collateral (for secured loan applications), and credit rating reports shall be collected. Each loan applicant shall complete a loan application form with his/her intended loan amount, term, purpose of the loan, repayment plan and proposed collateral/security to be offered.

**Credit assessments and loan approval** The client's background and information such as their financial capabilities, creditworthiness, repayment capacity, availability of guarantor(s), quality, validity and title deed and liquidity of collaterals, will then be assessed by the credit committee of respective operating region. We collect and verify relevant documentation, analyze credit scores, employment history, financial information to ensure responsible lending practice. If the loan amount applied exceeds the approval limit of the regional credit committee but is not more than RMB30 million, then the loan application will be assessed by the Group's loan approval committee. For any loan principal exceeding RMB30 million, the approval from the Business Risks Committee is required. The management team shall consider whether the loan applications are on normal commercial terms, fair and reasonable and in the interests of the Company and the shareholders as a whole. Whenever the loan transaction constitutes a discloseable transaction or above by assessment of size tests under Chapter 14 of the Listing Rules or involves connected person(s) as defined under Chapter 14A of the Listing Rules, the loan transaction will be reported to the Board for their review and approval.

**Execution of documents** Compliance procedures are in place to ensure adherence to all relevant laws and regulations such as anti-money laundering (AML), know your customer (KYC) requirements and any applicable lending regulations. All loan applications must be approved by the relevant approval committees. The proper execution of the loan documentations, contracts and agreement is under the supervision of the responsible officer, who communicate the loan terms clearly to the borrower.

## MANAGEMENT DISCUSSION AND ANALYSIS

After-loan services	There will be continuous monitoring on the repayments from borrower throughout the loan repayment period, regular communication with the borrower of its updated financial position, and regular review on the market value of the collateral(s) pledged.
Collection and recovery	Formal reminder and legal demand letter will be issued to the borrower whose payment is overdue. Legal action maybe taken against the borrower for recovery of the amount due and taking possession of the collateral(s) pledged.

The Group offers secured and unsecured loans to individual and corporate clients. Most of the collaterals of secured loans are in the form of mortgages over residential and/or commercial properties owned by these clients. The total carrying amount (net of ECL) of property mortgage loans accounted for approximately 79.3% of the entire loan portfolio of the Group as at 31 December 2023. For mortgage loans, the Group would consider the value of the collaterals and grants loans with a loan-to-value ratio (the “LTV Ratio”) of no more than 75%. The Group may require the borrower to deposit additional collateral or partially pay down/repay the loan principal if the LTV Ratio is over 75% under regular after-loan services. Unsecured loans accounted for approximately 19.9% of the entire loan portfolio of the Group. For the year ended 31 December 2023, the Group had 1,621 active customers, of which 1,573 of them were individual customers and the remaining 48 were corporate customers; and of which 494 of them were secured customers and 1,127 of them were unsecured customers. The interest and service fees charged at a range of monthly effective rates of 0.68% to 4.29% for PRC loans and the interest charged at a range of monthly effective rates of 0.35% to 4.91% for HK loans. A typical loan generally has a term of 30 days to 30 years. The Group conducts periodic reviews and evaluations of our lending procedures to assess their effectiveness and adapt them to the evolving risk landscape. This includes keeping up-to-date with industry best practices, regulatory changes, and employing advanced risk management tools and technologies.

The top five customers accounted for 25.5% of the total outstanding balances of the Group’s loan portfolio as of 31 December 2023.

### Financial Review

#### *Interest and financing consultancy services income*

During the Financial Year, the Group’s revenue principally derived from the interest and services income from loan services.

Interest and financing consultancy services income for the Financial Year was approximately HK\$131,473,000, representing a decrease of about 34.5% compared to that of approximately HK\$200,826,000 last year. The decrease was mainly due to (i) the decline in revenue resulted from the uncertain economic environment; (ii) the Group conducting its loan business with more stringent credit control; and (iii) more cash being used to repay borrowings and loan payables instead of making new loans in Mainland China and Hong Kong.

## MANAGEMENT DISCUSSION AND ANALYSIS

The percentage of revenue contribution from different operating regions of the Group for both years is shown below:

	For the year ended 31 December	
	2023	2022
Beijing	36.9%	36.6%
Chengdu & Chongqing	26.2%	30.1%
Shenzhen	9.9%	12.6%
Hong Kong	27.0%	20.7%

### *Interest and handling expenses*

Interest and handling expenses represent finance costs incurred for the Financial Year. The amount decreased from approximately HK\$135,999,000 for last year, to approximately HK\$67,449,000 for the Financial Year, representing a decrease of 50.4%. The decrease in finance costs was due to continuous decrease in borrowings and loan payables during the Financial Year.

### *Other Income and Other Gains and Losses*

Other income includes bank interest income of approximately HK\$5,242,000, income from government subsidies of HK\$3,197,000 and others of approximately HK\$4,687,000. A loss of approximately HK\$10,919,000 was recognized in the Financial Year from change in fair value of financial assets at fair value through profit or loss. Hence, resulting in net other income and other gains and losses for the Financial Year of approximately HK\$940,000.

There was a one-off other income from reversal of loan and interest payables, and reversal of liabilities arising from loan guarantee contracts in amounts of approximately HK\$90,737,000 and HK\$7,590,000 respectively. The reversal of loan and interest payables and liabilities arising from loan guarantee contracts related to the Group, with the assistance of Zhongjin Jiasheng Investment Fund Management (Beijing) Co., Ltd\* (中金佳晟投资基金管理(北京)有限公司) (“Zhongjin Jiasheng”), had successfully settled with certain investors/lenders in respect of the Unauthorised Loans and Unauthorised Guarantees, and hence, the respective interest payables was reversed to profit or loss during the Financial Year. Apart from those settled through Zhongjin Jiasheng, certain Unauthorised Loans and Unauthorised Guarantees were concluded through court decision and the respective loan and interest payables and liabilities arising from loan guarantee contracts were reversed to profit or loss during the Financial Year.

\* The English translation of the Zhongjin Jiasheng’s name is for reference only. The official name of Zhongjin Jiasheng is in Chinese.

## MANAGEMENT DISCUSSION AND ANALYSIS

### *General and administrative expenses*

General and administrative expenses for the Financial Year decreased by 30.6% to approximately HK\$109,908,000, primarily comprising of staff costs and related expenses, legal and professional fee, consultancy fee, depreciation of property, plant and equipment and general office expenses. The management will continue to act on its stringent measures on costs control to maintain general and administrative expenses at a reasonable level.

### *Loss for the year*

Loss for the year attributable to owners of the Company was approximately HK\$159,972,000, representing an increase of approximately 204.4% as compared to loss of approximately HK\$52,553,000 for last year.

### *Liquidity and Financial Resources*

The Group adopts a prudent cash and financial management policy. Funds are maintained at a sound and healthy financial resource level. The Group's net current assets and equity attributable to owners of the Company as at end of the Financial Year were approximately HK\$151,668,000 and approximately HK\$620,714,000 respectively. The Group's outstanding borrowings and loan payables and unsecured bonds as at end of the Financial Year amounted to approximately HK\$1,131,249,000, showing a decrease of approximately 17.7% as compared with that of last year, out of which HK\$1,121,250,000 are due within one year and HK\$9,999,000 are due after one year. There is no funding requirements for capital expenditure commitments for the Financial Year.

### *Capital Management*

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, by pricing products and services commensurately with the level of risk and by securing access to finance at a reasonable cost. All the borrowings and loan payables are at fixed interest rates. The Group actively and regularly reviews and manages its capital structure and makes adjustments to the capital structure in light of changes in economic conditions.

Based on the Group's current and anticipated level of operation, the Group's future operations and capital requirements will be mainly financed through borrowings and share capital. There were no significant commitments for capital expenditure as at 31 December 2023.

## MANAGEMENT DISCUSSION AND ANALYSIS

### *Ratio*

For the Reporting Period, the current ratio<sup>(i)</sup> and the gearing ratio<sup>(ii)</sup> of the Group are 1.10 and 0.97 respectively.

- (i) Current ratio was calculated by dividing current assets by current liabilities as at the end of the Reporting Period.
- (ii) Gearing ratio was calculated by dividing interest bearing net debts (borrowings and loan payables plus unsecured bonds less cash and cash equivalents) by total equity as at the end of the Reporting Period.

### *Litigation*

Since 2020, the Group has negotiated with investors who had purchased financial products issued by several subsidiaries of the Group (i.e. the Unauthorised Loans and Unauthorised Guarantees) for settlement, although many investors agreed on our settlement proposals, some of them opted to commence legal proceedings against the Company and several of its subsidiaries for the settlement of disputed amount of the Unauthorised Loans and Unauthorised Guarantees in the PRC.

As at 31 December 2023, there were 157 PRC judgments concluded by Beijing Municipal High People's Court (the "Court"). The Court ruled that some of the issuing contracts of the financial products and the guarantee contracts executed by the Company were void and that the Company (by reasons of signing the guarantee contracts) along with its subsidiaries had behaved in a way that was damaging to the interests of the investors. As such, the Company and its subsidiaries were held jointly liable for the disputed amount of the Unauthorised Loans and Unauthorised Guarantees and the judgement interest, with a subject disputed amount of approximately RMB198.7 million in aggregate. The Company and several of its subsidiaries are prepared to appeal against the judgements to the Supreme People's Court.

All the outstanding balances and accrued interest of the Unauthorised Loans and Unauthorised Guarantees including the disputed amounts as mentioned above concluded through the litigation, and were fully accounted for under borrowings and loan payables in the restated consolidated statement of financial position for the years ended 31 December 2017 to 2019 in 2020 annual report of the Company, therefore, the Group had no material contingent liabilities.

## MANAGEMENT DISCUSSION AND ANALYSIS

### *Employee and Remuneration Policies*

As of 31 December 2023, the Group had approximately 127 employees in the PRC and Hong Kong, of which 68 were female employees. Competitive remuneration packages and performance-based bonuses are structured to commensurate with individual responsibilities, qualifications, experience, and performance. The Group also set up a share option scheme for the purpose of providing incentives to eligible grantees. Total staff costs for the Financial Year were approximately HK\$53,694,000, showing a decrease of approximately 24.4% as compared to the corresponding figure of previous year. In order to recognize and reward the contribution of certain eligible participants for the growth and development of the Group, the Company adopted a share award scheme (the "Share Award Scheme") on 14 January 2019. As of the date of this annual report, no awards have been granted or agreed to be granted under the Share Award Scheme.

## MANAGEMENT DISCUSSION AND ANALYSIS

### *Charge on assets*

As of 31 December 2023, the Group pledged the entire equity interest of Brilliant Star Capital (Cayman) Limited and KP Financial Holdings Limited, being wholly owned subsidiaries of the Company, to secure the issue of the note payable with principal amount of HK\$270,000,000. The outstanding principal amount as of 31 December 2023 was approximately HK\$60,932,000. Certain properties mortgaged to a subsidiary of the Company by its respective customers were pledged to secure loan facilities granted to the Group with a carrying value of approximately HK\$27,550,000. As of 31 December 2023, the Group had pledged its mortgage loan receivables with net book value of approximately HK\$36,379,000 to secure loan facilities granted to the Group.

### *Fair Value Estimation*

The carrying amounts less impairment provision of the financial assets and the carrying amounts of the financial liabilities are assumed to approximate their fair values.

### *Capital Commitments and Contingent Liabilities*

The Group had no material capital commitments or contingent liabilities as at the end of the Financial Year.

### *Foreign Exchange Exposure*

The Group's monetary assets, liabilities and transactions are principally denominated in Renminbi ("RMB") and Hong Kong Dollars ("HKD"). The Group, with HKD as its presentation currency, is exposed to foreign currency risk arising from the exposure of HKD against RMB. The Group has a net exchange exposure to RMB as the Group's assets are principally located in the PRC. The Group manages and monitors foreign exchange exposures to ensure appropriate measures are implemented in a timely and effective manner. As at the end of the Financial Year, loan payables arising from the Incidents (as defined in Note 24(c) to the consolidated financial statements) amounted to approximately HK\$822,531,000 are denominated in RMB and cash and cash equivalents amounted to approximately HK\$436,860,000 are denominated in RMB. The Group did not engage in any derivative activities and did not commit to any financial instruments to hedge its statement of financial position exposure to fluctuations in exchange rates as of 31 December 2023.

### *Significant Investments Held, Material Acquisitions and Disposals*

The Group did not hold any significant investments representing 5% or more of the Group's total assets, and did not have any material acquisitions or disposals of subsidiaries, associates and joint ventures as at the end of and during the Reporting Period respectively. The Group does not have any detailed plans for material investments in the near future.

## REPORT OF THE DIRECTORS

The directors present herewith their report and the audited financial statements of the Company and the Group for the Reporting Period.

### Principal Activities and Business Review

The principal activity of the Company is investment holding. The principal activities and other particulars of the subsidiaries are set out in note 14 to the financial statements.

Further discussion and analysis of these activities as required by Schedule 5 to the Companies Ordinance (Cap 622 of the laws of Hong Kong), including a description of the principal risks and uncertainties faced by the Group and an indication of likely future development in the Group's business, can be found in the Chairman's Statement set out on page 4 and Management Discussion and Analysis set out on pages 5 to 13 of this annual report. This discussion forms part of this director's report.

### Principal Risks and Uncertainties

The Group's financial condition, results of operations, and business prospects may be affected by a number of risks and uncertainties directly or indirectly pertaining to the Group's businesses. The followings are the key risks and uncertainties identified by the Group. There may be other risks and uncertainties in addition to those shown below which are not known to the Group or which may not be material now but could turn out to be material in the future.

The Group adopts a comprehensive risk management framework. Risk management policies and procedures are regularly reviewed and updated to react to changes in market conditions and the Group's business strategy.

#### Market Risk

Market risk is the risk that deteriorates profitability or affects ability to meet business objectives arising from the movement in market prices. The management of the Group manages and monitors these exposures to ensure appropriate measures are implemented on a timely and effective manner.

#### Liquidity Risk

Liquidity risk is the potential that the Group will be unable to meet its obligations when they fall due because of an inability to obtain adequate funding or liquidate assets. In managing liquidity risk, the Group monitors cash flows and maintains an adequate level of cash and cash equivalent to ensure the ability to finance the Group's operations and reduce the effects of fluctuation in cash flows.

#### Credit Risk

Credit risk is the risk of losses arising from clients or counterparties failing to make payments as contracted. Further discussion on financial risk management is outlined in note 37 to the consolidated financial statements.

## REPORT OF THE DIRECTORS

### Operational Risk

Operational risk is the risk of loss resulting from inadequate or failed internal processes and procedures, people and systems or from external events. Responsibility for managing operational risks basically rests with every function at divisional and departmental levels.

Operational risk is mitigated and controlled through establishing robust internal controls, setting out clear lines of responsibility, proper segregation of duties and effective internal reporting and contingency planning. It is our corporate culture that the business and operating line management are fully aware of, and responsible for, managing the operational risks of their business units on a day-to-day basis.

### Compliance with the Relevant Laws and Regulations

During the Reporting Period, as far as the Board and management are aware, there was no material breach of or non-compliance with the applicable laws and regulations by the Group that has a significant impact on the businesses and operations of the Group.

### Property, Plant and Equipment

Details of movements in property, plant and equipment of the Group are set out in note 13 to the financial statements.

### Segment Information

An analysis of the Group's segment revenue, results, assets and liabilities for the Reporting Period is set out in note 5 to the financial statements.

### Results and Dividends

The Group's profit for the Reporting Period and the state of affairs of the Company and the Group at that date are set out in the financial statements on pages 88 to 199. The directors do not recommend payment of a final dividend for the Financial Year (2022: Nil), to shareholders of the Company.

### Reserves

Details of movements in the reserves of the Company and of the Group during the Financial Year are set out in note 31 to the financial statements and "Consolidated Statement of Changes in Equity" on page 92.

### Distributable Reserves

As at 31 December 2023, the Company did not have distributable reserve to shareholders in accordance with the provision of Section 297 of the Companies Ordinance (2022: Nil).

## REPORT OF THE DIRECTORS

### Share Capital and Share Options

Details of movements in share capital and share options of the Company during the year, together with the reasons therefore, are set out in notes 30 and 33 to the financial statements, respectively.

### Share Award Scheme

On 14 January 2019 (the “Adoption Date”), the Company adopted the share award scheme (the “Share Award Scheme”) in which any employees, directors, consultants or advisors of any member of the Group (the “Grantee”) will be entitled to participate.

The purposes of the Share Award Scheme are to recognize the contributions by certain Grantees and to give incentives thereto in order to retain them for the continuing operation and development of the Group, and to attract suitable personnel for further development of the Group.

Under the Share Award Scheme, the awarded shares held by the trustee shall vest to the selected grantee in accordance with a vesting schedule determined at the discretion of the Board, provided that the selected grantee remains at all times after the grant of the award and on each relevant vesting date(s) a grantee. The Board may also, at its absolute discretion, determine the performance, operating and financial targets and other criteria, if any, to be satisfied by the selected grantee before the awarded shares can vest.

The Share Award Scheme will remain in force for a period of 10 years commencing on its Adoption Date (i.e. until 13 January 2029).

The maximum number of awarded shares throughout the duration of the Share Award Scheme is 21,464,036 shares (after adjustment of share consolidation), being 10% of the issued shares of the Company as at the Adoption Date and 10.23% of the issued shares of the Company as at the date of this annual report. The maximum number of shares which may be awarded to a selected Grantee under the Share Award Scheme during any 12-month period is 2,146,403 shares (after adjustment of share consolidation), being 1% of the issued shares of the Company as at the Adoption Date. Details of the Share Award Scheme are set out in the announcement of the Company dated 14 January 2019.

During the Reporting Period, there were 6,962,700 shares held in trust by the trustee under the Share Award Scheme and no awards have been granted or agreed to be granted under Share Award Scheme.

### Borrowings and Loan Payables

Details of borrowings and loan payables of the Company and its subsidiaries as at 31 December 2023 are set out in note 24 to the financial statements.

## REPORT OF THE DIRECTORS

### Remuneration Policy

The remuneration of employees (including Directors and senior management of the Group) is determined with reference to their qualification, expertise and experience in the industry, competence, duties and responsibilities within the Group, the performance and profitability of the Group as well as the market benchmark and the prevailing market conditions. Employees shall also be eligible to receive a discretionary year-end incentive bonus, which shall be determined by the Group at its absolute discretion taking into account, inter alia, the Group's operating performance, market conditions in which the Group operates and the individual's performance, payable at such time as the Group may consider appropriate, and discretionary share options.

### Summary Financial Information

A summary of the published results and assets, liabilities and non-controlling interests of the Group for the last five years, as extracted from the audited financial statements in this report, is set out on page 200. This summary does not form part of the consolidated financial statements in this annual report.

### Major Customers and Suppliers

The Group is principally engaged in provision of short term financing services. The five largest customers and suppliers of the Group accounted for less than 30% of the Group's revenue and purchases respectively during the Reporting Period.

As far as the directors are aware, none of the directors, their associates nor any shareholder of the Company (which, to the best of knowledge of the directors, owns more than 5% of the Company's share capital) had any beneficial interest in these major customers or suppliers.

## REPORT OF THE DIRECTORS

### Share Option Scheme

The Company adopted a share option scheme on 7 June 2004 (the “2004 Scheme”) which was terminated on 6 June 2014. The Company adopted a new share option scheme (the “2014 Scheme”) at the Company’s annual general meeting held on 20 May 2014. Unless otherwise cancelled or amended, the 2014 Scheme will remain in force for 10 years from that date.

A summary of the 2014 Scheme of the Company is as follows:

1. Purpose  
To provide incentives and rewards to eligible participants for their contributions to the Group and/or to enable the Group to recruit and retain high-calibre employees and attract human resources that are valuable to the Group and any entity in which the Group holds an equity interest (the “Invested Entity”).
2. Participants
  - (i) any employee (whether full-time or part-time), executive directors, non-executive directors and independent non-executive directors of the Company, any of its subsidiaries or any Invested Entity;
  - (ii) any supplier of goods or services to any member of the Group or any Invested Entity, any customer of the Group or any Invested Entity; any person or entity that provides technical, financial and legal support to the Group or any Invested Entity; and
  - (iii) any shareholder of any member of the Group or any Invested Entity or any holder of any securities issued by any member of the Group or any Invested Entity.
3. Total number of securities available for issue under the 2014 Scheme as at the beginning and the end of the Reporting Period and the percentage of the issued share capital that it represents as at the date of the annual report  
17,145,431 (adjusted as a result of the share consolidation) ordinary shares and 8.19% of the existing issued share capital.

## REPORT OF THE DIRECTORS

4. Maximum entitlement of each participant
- Where any grant or further grant of options to a participant would result in the total number of shares issued and to be issued upon exercise of all the options granted and to be granted to such person (including exercised, cancelled and outstanding options) in the 12-month period up to and including the date of such grant or further grant representing in aggregate over 1% of the total number of shares in issue, such grant or further grant must be separately approved by the shareholders in a general meeting.
- Where any grant or further grant of options to a substantial shareholder or an independent non-executive director of the Company, or any of their respective associates, would result in the shares issued and to be issued upon exercise of all options already granted and to be granted (including options exercised, cancelled and outstanding) to such person in the 12-month period up to and including the date of such grant:
- (a) representing in aggregate over 0.1% of the relevant class of shares in issue; and
  - (b) having an aggregate value, based on the closing price of the shares at the date of each grant, in excess of HK\$5,000,000,
- such grant or further grant of options must be approved by the shareholders in a general meeting.
5. Period within which the option may be exercised by the grantee
- An option may be exercised at any time during a period to be determined and notified by the directors to each grantee, but shall end in any event not later than 10 years from the date of offer of the grant of options subject to the provisions for early termination set out in the 2014 Scheme.
6. Minimum period, if any, for which an option must be held before it can be exercised or vesting period
- There is no minimum period for which an option granted must be held before it can be exercised except otherwise imposed by the directors or any specified vesting period applicable for all options but the Board has the discretion to determine any vesting schedule as it deems appropriate.

## REPORT OF THE DIRECTORS

- |    |   |   |
|----|---|---|
| 7. | Amount, if any, payable on application or acceptance of the option and the period within which such payments or calls must or may be made or loans for such purposes must be repaid | The offer of a grant of share options may be accepted within 28 days from the date of the offer with a consideration of HK\$1.00 being payable by the grantee.  |
| 8. | Basis of determining the exercise price of options  | Determined by the directors but shall not be less than the highest of (i) the closing price of the Company's shares as stated in the Stock Exchange's daily quotation sheet on the date of offer of grant of options, which must be a trading day; and (ii) the average closing price of the Company's shares as stated in the Stock Exchange's daily quotation sheets for the five trading days immediately preceding the date of offer of grant of options. |
| 9. | The remaining life of the 2014 Scheme   | The 2014 Scheme remains in force until 19 May 2024.   |

During the Reporting Period, no share options were granted under the 2014 Scheme.

Subsequent to the termination of the 2004 Scheme, no further option can be granted thereunder but in all other respects, the provisions of the 2004 Scheme shall remain in force and all options granted prior to such termination shall continue to be valid and exercisable in accordance therewith.

## REPORT OF THE DIRECTORS

Details of the share options under the 2014 Scheme for the Reporting Period are as follows:

Type of participant	Date of Grant	Vesting Period	Exercisable Period	Number of shares					Outstanding at 31 December 2023	Exercise price per share HK\$	Closing price of the securities immediately before the date on which the options were granted HK\$
				Outstanding at 1 January 2023 (Note 1)	Granted and Vested during the Reporting Period	Exercised during the Reporting Period	Cancelled during the Reporting Period	Lapsed during the Reporting Period			
Service providers	11.04.14	11.04.15-11.04.17	11.04.14-10.04.24	1,500,000	-	-	-	-	1,500,000	13.20	12.60

Note:

1. There is no minimum period for which such option granted must be held or performance target to be met before such share options can be exercised. As such, all share options are vested upon grant.

Given no new shares may be issued under the Share Award Scheme, the number of shares that may be issued in respect of options granted under all share schemes of the Company during the Reporting Period was 4,250,000 Shares, amounted to approximately 2.03% of the number of the shares in issue during the Reporting Period.

### Related Party Transactions

Details of the significant related party transactions undertaken in the normal course of business of the Group during the Reporting Period are provided under note 36 to the consolidated financial statements. Some of the related party transactions are connected transactions under Chapter 14A of the Listing Rules (outlined in Note 36(b) and (c) to the consolidated financial statements) but are fully exempted from relevant reporting requirements. The Company has complied with the disclosure requirements (if any) in accordance with Chapter 14A of the Listing Rules.

### Purchase, Sale or Redemption of the Company's Listed Securities

During the Reporting Period, neither the Company nor any of its subsidiaries purchased, sold or redeemed any of the Company's listed securities.

### Retirement Schemes

The Group also operates a Mandatory Provident Fund Scheme under the Hong Kong Mandatory Provident Fund Schemes Ordinance for employees employed under the jurisdiction of the Hong Kong Employment Ordinance, and participates in various defined contribution retirement plans organised by the relevant authorities for its employees in the PRC.

## REPORT OF THE DIRECTORS

### Corporate Governance

Details of the corporate governance are set out in the section headed “Corporate Governance Report” in this annual report.

### Sufficiency of Public Float

Based on the information that is publicly available to the Company and to the knowledge of the directors, the directors confirm that the Company has maintained the amount of public float as required under the Listing Rules during the Reporting Period.

### Auditors

The financial statements have been audited by Baker Tilly Hong Kong Limited, Certified Public Accountants. A resolution for their re-appointment as the Company’s auditor for the ensuing year is to be proposed at the forthcoming annual general meeting of the Company.

On behalf of the board

### **Zhang Min**

*Executive Director and Chief Executive Officer*

Hong Kong, 26 March 2024

## CORPORATE GOVERNANCE REPORT

The Board of Directors (the “Board” or the “Directors”) is pleased to report to the shareholders on the corporate governance of the Company for the Reporting Period.

### Corporate Governance Practices

The Board is committed to maintaining high corporate governance standards.

The Board believes that high corporate governance standards are essential in providing a framework for the Company and its subsidiaries (the “Group”) to safeguard the interests of shareholders and to enhance corporate value and accountability.

The Company has adopted the principles and code provisions of the Corporate Governance Code (the “CG Code”) contained in Appendix C1 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) (the “Listing Rules”) as the basis of the Company’s corporate governance practices.

The Board is of the view that throughout the Reporting Period, the Company has complied with the code provisions as set out in the CG Code, except for code provision C.2.1 and C.5.1, and details will be set out below.

#### *Code Provision C.2.1*

Code provision C.2.1 of CG Code stipulates that the roles of chairman and chief executive should be separate and should not be performed by the same individual. The division of responsibilities between the chairman and chief executive should be clearly established and set out in writing.

Mr. Zhang Min, the Chief Executive Officer, has temporarily assumed the duties of Chairman of the Board during the Reporting Period until a new Chairman is selected. The Board is taking active steps to identify a suitable candidate for the role of Chairman to fulfill the CG Code.

The Board considers that the Chairman’s responsibilities are to manage the Board whereas the Chief Executive Officer’s responsibilities are to manage the Company’s businesses. The responsibilities of the Chairman and the Chief Executive Officer respectively are clear and distinctive and hence written terms thereof are not necessary.

#### *Code Provision C.5.1*

Code provision C.5.1 of CG Code stipulates that the board should meet regularly and board meetings should be held at least four times a year at approximately quarterly intervals.

## CORPORATE GOVERNANCE REPORT

The Board held nine board meetings during the Financial Year, with only two regular board meetings approving the final results of the Group for the year ended 31 December 2022 and interim result of the Group for the period ended 30 June 2023. The Company does not announce its quarterly results and hence does not consider the holding of quarterly meetings as necessary. However, apart from the regular board meetings of the Reporting Period, the Board also met on seven other occasions when a Board-level decision on a particular matter was required. During the Reporting Period, the management provided all members of the Board with updates from time to time as necessary to give a balanced and understandable assessment of the Company's performance, position and prospects.

The Board will continue to review the corporate governance status of the Company from time to time and make any necessary changes to comply with the CG Code.

### Board of Directors

The Company is headed by an effective Board which oversees the Group's businesses, strategic decisions and performance and takes decisions objectively in the best interests of the Company.

The Board should regularly review the contribution required from a director to perform his responsibilities to the Company, and whether the director is spending sufficient time performing them.

### Board Composition

The Board currently comprises seven directors, consisting of one executive director, one non-executive director and five independent non-executive directors, as follows:

#### Executive Director

Mr. Zhang Min (*Chief Executive Officer and Chairman of Business Risks Committee*)

#### Non-executive Director

Mr. Tao Chun (*Member of the Remuneration and Nomination Committee*)

#### Independent Non-executive Directors

Mr. Lee Ka Wai (*Chairman of the Audit Committee and the Nomination Committee, member of Remuneration Committee and Business Risks Committee*)

Mr. Zhang Kun (*Chairman of the Remuneration Committee, member of Audit Committee, Nomination Committee and Business Risks Committee*)

Mr. Chan Chun Keung (*Member of the Audit Committee, Remuneration Committee, Nomination Committee and Business Risks Committee*)

Madam Zhan Lili (*Member of the Audit Committee, Remuneration Committee, Nomination Committee and Business Risks Committee*)

Mr. John Paul Ribeiro

## CORPORATE GOVERNANCE REPORT

The biographical information of the directors are set out in the section headed “Biographical Details of Directors and Senior Management” on pages 14 to 17 of the annual report for the Reporting Period.

The relationships between the directors are disclosed in the respective director’s biography under the section “Biographical Details of Directors and Senior Management” on pages 14 to 17.

### *Independent Non-executive Directors*

During the Reporting Period, the Board at all times met the requirements of the Listing Rules relating to the appointment of at least three independent non-executive directors representing one-third of the Board with one of whom possessing appropriate professional qualifications or accounting or related financial management expertise.

The Company has received written annual confirmation from each of the independent non-executive directors in respect of his/her independence in accordance with the independence guidelines set out in Rule 3.13 of the Listing Rules. The Company considers all independent non-executive directors are independent.

### *Appointment and Re-election of Directors*

All non-executive and independent non-executive directors of the Company are appointed for a specific term of 1 year.

Under the articles of association of the Company, at each annual general meeting, one-third of the directors for the time being, or if their number is not three or a multiple of three, the number nearest to but not less than one-third shall retire from office by rotation provided that every director shall be subject to retirement by rotation at least once every three years. The Company’s articles of association also provides that all directors appointed to fill a casual vacancy shall be subject to election by shareholders at the first general meeting after appointment. The retiring directors shall be eligible for re-election.

### *Responsibilities of the Directors*

The Board should assume responsibility for leadership and control of the Company; and is collectively responsible for directing and supervising the Company’s affairs.

The Board directly, and indirectly through its committees, leads and provides direction to management by laying down strategies and overseeing their implementation, monitors the Group’s operational and financial performance, and ensures that sound internal control and risk management systems are in place.

All directors, including non-executive directors and independent non-executive directors, have brought a wide spectrum of valuable business experience, knowledge and professionalism to the Board for its efficient and effective functioning.

## CORPORATE GOVERNANCE REPORT

The independent non-executive directors are responsible for ensuring a high standard of regulatory reporting of the Company and providing a balance in the Board for bringing effective independent judgement on corporate actions and operations.

All directors have full and timely access to all the information of the Company and may, upon request, seek independent professional advice in appropriate circumstances, at the Company's expenses for discharging their duties to the Company.

The directors shall disclose to the Company details of other offices held by them.

The Board reserves for its decision all major matters relating to policy matters, strategies and budgets, internal control and risk management, material transactions (in particular those that may involve conflict of interests), financial information, appointment of directors and other significant operational matters of the Company. Responsibilities relating to implementing decisions of the Board, directing and co-ordinating the daily operation and management of the Company are delegated to the management. In addition, any director may make request for independent professional advice to assist the relevant director to discharge his/her duties.

The Company has arranged appropriate insurance coverage on directors' and officers' liabilities in respect of any legal actions taken against directors arising out of corporate activities.

Every newly appointed director of the Company will receive a briefing by a qualified professional on the general and specific duties of a director under legal and regulatory requirements. Mr. Zhang Kun and Mr. John Paul Ribeiro obtained the legal advice referred to in Rule 3.09D of the Listing Rules on 13 March 2023 and 17 March 2023, respectively. Each of Mr. Zhang Kun and Mr. John Paul Ribeiro has confirmed that he understood his obligations as a director of the Company.

## Board Committees

The Board has established four committees, namely, the Audit Committee, Remuneration Committee, Nomination Committee, and Business Risks Committee for overseeing particular aspects of the Company's affairs. All Board committees of the Company are established with specific written terms of reference which deal clearly with their authority and duties. The terms of reference of the Board committees and posted on the Company's website and the Stock Exchange's website and are available to shareholders upon request.

### *Audit Committee*

The Audit Committee currently comprises of Mr. Lee Ka Wai as the Chairman and Mr. Chan Chun Keung, Madam Zhan Lili and Mr. Zhang Kun as members, all of which are independent non-executive Directors.

The terms of reference of the Audit Committee are of no less exacting terms than those set out in the CG Code. The main duties of the Audit Committee are to assist the Board in reviewing the financial information and reporting process, risk management and internal control systems, effectiveness of the internal audit function, scope of audit and appointment of external auditors, and arrangements to enable employees of the Company to raise concerns about possible improprieties in financial reporting, internal control or other matters of the Company.

The Audit Committee held three meetings to discuss the interim results for the six months ended 30 June 2023, the final result for the year ended 31 December 2023 and significant issues on the financial reporting.

The Audit Committee also met the external auditors.

### *Remuneration Committee*

The Remuneration Committee currently comprises of Mr. Zhang Kun as the Chairman, and Mr. Tao Chun, Mr. Chan Chun Keung, Mr. Lee Ka Wai and Madam Zhan Lili as members. Except for Mr. Tao Chun who is a non-executive Director, the Chairman and other members of the Remuneration Committee are all independent non-executive Directors.

The terms of reference of the Remuneration Committee are of no less exacting terms than those set out in the CG Code. The primary functions of the Remuneration Committee include reviewing and making recommendations to the Board on the remuneration packages of individual directors and senior management, the remuneration policy and structure for all directors and senior management; assessing performance of executive directors; approving the terms of executive directors' service contracts, and reviewing and/or approving matters relating to share schemes under Chapter 17 of the Listing Rules; and establishing transparent procedures for developing such remuneration policy and structure to ensure that no director or any of his/her associates will participate in deciding his/her own remuneration.

The Remuneration Committee held two meetings to review the remuneration package of executive directors and senior management for the year 2023 and recommend to the Board the remuneration of the newly appointed independent non-executive directors during the Reporting Period.

The remuneration of the senior management by band for the Reporting Period is set out below:

<b>Remuneration band</b>	<b>Number of individuals</b>
Nil to HK\$1,000,000	3
HK\$1,000,000 to HK\$1,500,000	1
HK\$2,000,001 to HK\$3,000,000	2

## CORPORATE GOVERNANCE REPORT

### *Nomination Committee*

The Nomination Committee currently comprises of Mr. Lee Ka Wai as the Chairman and Mr. Tao Chun, Mr. Chan Chun Keung, Madam Zhan Lili and Mr. Zhang Kun as members. Except for Mr. Tao Chun who is a non-executive Director, the Chairman and other members of the Nomination Committee are all independent non-executive Directors.

The terms of reference of the Nomination Committee are of no less exacting terms than those set out in the CG Code. The principal duties of the Nomination Committee include reviewing the Board composition, developing and formulating relevant procedures for the nomination and appointment of directors, making recommendations to the Board on the appointment and succession planning of directors, and assessing the independence of independent non-executive directors.

In assessing the Board composition, the Nomination Committee would take into account various aspects as well as factors concerning Board diversity as set out in the Company's Board diversity policy, including but not limited to gender, age, cultural and educational background, professional qualifications, skills, knowledge and industry and regional experience etc. The Nomination Committee would discuss and agree on measurable objectives for achieving diversity on the Board, where necessary, and recommend them to the Board for adoption.

In identifying and selecting suitable candidates for directorships, the Nomination Committee would consider the candidate's character, qualifications, experience, independence, time commitment and other relevant criteria necessary to complement the corporate strategy and achieve Board diversity, where appropriate, before making recommendation to the Board.

The Nomination Committee held one meeting to consider and recommend to the Board the appointment of a new executive director for the year 2023.

The Nomination Committee is chaired by the chairman of the Board and comprises a majority of independent non-executive directors.

### *Business Risks Committee*

The Business Risks Committee currently comprises of Mr. Zhang Min, an executive Director and the Chairman of the Board, as the Chairman and Mr. Lee Ka Wai, Mr. Chan Chun Keung, Madam Zhan Lili and Mr. Zhang Kun, all of which are independent non-executive Directors, as members.

The primary responsibility of the Business Risks Committee is to approve any loan, investment or guarantee transaction exceeding the sum of RMB30,000,000, other than notifiable transactions and connected transactions as defined by the Listing Rules which are approved by the Board. The Business Risks Committee reviews judgements of the loan approval committee and determines whether the proposed investment project is in the interests of the Company and shareholders of the Company as a whole. The Business Risks Committee was formed on 22 November 2022.

## CORPORATE GOVERNANCE REPORT

### *Board Diversity Policy*

The Company has adopted a Board Diversity Policy which sets out the approach to achieve diversity of the Board. The Company recognizes and embraces the benefits of having a diverse Board and sees increasing diversity at the Board level as an essential element in maintaining the Company's competitive advantage.

Pursuant to the Board Diversity Policy, the Nomination Committee will review annually the structure, size and composition of the Board and where appropriate, make recommendations on changes to the Board to complement the Company's corporate strategy and to ensure that the Board maintains a balanced diverse profile. In relation to reviewing and assessing the Board composition, the Nomination Committee is committed to diversity at all levels and will consider a number of aspects, including but not limited to gender, age, cultural and educational background, professional qualifications, skills, knowledge and regional and industry experience.

The Company aims to maintain an appropriate balance of diversity perspectives that are relevant to the Company's business growth and is also committed to ensuring that recruitment and selection practices at all levels (from the Board downwards) are appropriately structured so that a diverse range of candidates are considered.

The Board has adopted measurable objectives to implement the Board Diversity Policy as follows:

- There is at least one female member in the Board;
- At least one independent non-executive Director in the Board shall reside in Hong Kong;
- At least one financial expert in the Board shall have the professional qualifications and experience in finance and audit recognized by the regulatory authorities;
- The number of non-executive Directors (including independent non-executive Directors) in the Board shall account for more than half of the Board members, and the number of independent non-executive Directors shall account for one-third of the Board members;
- The age composition of Directors is reasonable. Among the existing seven Directors, three are at the age of 31-50, three are at the age of 51-70 and one is over 70 years of age.

The Board will review such objectives from time to time to ensure their appropriateness.

During the Reporting Period, the Board composition has met all of the above measurable objectives. As such, the Nomination Committee considered that the Board is sufficiently diverse and the Board has not set any further measurable objectives.

The Nomination Committee will review the Board Diversity Policy, as appropriate, to ensure its effectiveness.

## CORPORATE GOVERNANCE REPORT

### *Director Nomination Policy*

The Board has delegated its responsibilities and authority for selection and appointment of Directors to the Nomination Committee of the Company.

The Company has adopted a Director Nomination Policy which sets out the selection criteria and process and the Board succession planning considerations in relation to nomination and appointment of Directors of the Company and aims to ensure that the Board has a balance of skills, experience and diversity of perspectives appropriate to the Company and the continuity of the Board and appropriate leadership at Board level.

The Director Nomination Policy sets out the factors for assessing the suitability and the potential contribution to the Board of a proposed candidate, including but not limited to the following:

- Character and integrity;
- Qualifications including professional qualifications, skills, knowledge and experience that are relevant to the Company's business and corporate strategy;
- Diversity in all aspects, including but not limited to gender, age (18 years or above), cultural and educational background, ethnicity, professional experience, skills, knowledge and length of service;
- Requirements of independent non-executive Directors on the Board and independence of the proposed independent non-executive Directors in accordance with the Listing Rules; and
- Commitment in respect of available time and relevant interest to discharge duties as a member of the Board and/or Board committee(s) of the Company.

The Director Nomination Policy also sets out the procedures for the selection and appointment of new Directors and re-election of Directors at general meetings. The Nomination Committee reviews the resumes and qualifications of candidates for new Directors and makes recommendations to the Board.

The Nomination Committee will review the Director Nomination Policy, as appropriate, to ensure its effectiveness.

In December 2021, the Hong Kong Stock Exchange published the conclusions to its consultation on Review of Corporate Governance Code, Appendix C1 of the Listing Rules and the associated Listing Rules. Most of the amendments are applicable for financial year commencing on or after 1 January 2022. The new requirements under the amended CG Code have been adopted by the Group as our corporate governance practices.

## Risk Management and Internal Controls

The Board acknowledges its responsibility for the risk management and internal control systems and reviewing their effectiveness. Such systems are designed to manage rather than eliminate the risk of failure to achieve business objectives, and can only provide reasonable and not absolute assurance against material misstatement or loss.

The Board has the overall responsibility for evaluating and determining the nature and extent of the risks it is willing to take in achieving the Company's strategic objectives, and establishing and maintaining appropriate and effective risk management and internal control systems.

The Audit Committee assists the Board in leading the management and overseeing their design, implementation and monitoring of the risk management and internal control systems.

The Company has developed and adopted various risk management procedures and guidelines with defined authority for implementation by key business processes and office functions.

Procedures have been set up for safeguarding assets against unauthorized use or disposition, controlling over capital expenditure, maintaining proper accounting records, risk management control and ensuring the reliability of financial information used for business and publication. Qualified management of the Group maintains and monitors the risk management and internal control systems on an ongoing basis. A bottom-up approach was employed for identification, assessment and mitigation of risk at all business unit levels and across all functional areas.

All divisions/departments conducted internal control assessment regularly to identify risks that potentially impact the business of the Group and various aspects including key operational and financial processes, regulatory compliance and information security. Self-evaluation has been conducted annually to confirm that control policies are properly complied with by each division/department.

The key elements of the risk management and internal control systems of the Company include the establishment of a register to keep track of and document identified risks, the assessment and evaluation of risks, the development and continuous updating of responsive procedures, and the ongoing testing of internal control procedures to ensure their effectiveness.

An ongoing risk assessment approach is adopted by the Company for identifying and assessing the key inherent risks that affect the achievement of its objectives. The judgement of the risk is mainly determined in accordance with the likelihood of occurrence and consequence of occurrence of the risk.

## CORPORATE GOVERNANCE REPORT

The management, in coordination with division/department heads, assessed the likelihood of risk occurrence, provides treatment plans, and monitors the risk management progress, and reported to the Audit Committee and the Board on all findings and the effectiveness of the systems.

The management has reported to the Board and the Audit Committee on the effectiveness of the risk management and internal control systems for the Reporting Period.

The Board, as supported by the Audit Committee as well as the management report and the internal audit findings, reviewed the risk management and internal control systems, including the financial, operational and compliance controls, for the Reporting Period, and considered that such systems are effective and adequate. The annual review also covered the financial reporting and internal audit function and staff qualifications, experiences and relevant resources.

The Company has developed its disclosure procedures which provide a general guide to the Company's directors, senior management and relevant employees in handling confidential information, monitoring information disclosure and responding to enquiries.

The Board and the management of the Company takes all reasonable measures from time to time to ensure that proper safeguards exist to prevent a breach of a disclosure requirement in relation to the Company. Control procedures have been implemented to ensure that unauthorized access and use of inside information are strictly prohibited. In the event that there is evidence of any material violation of the procedure, the Board will decide, or designate appropriate persons to decide the course of actions for rectifying the problem and avoiding the likelihood of its recurrence.

### Internal control review

Under the Voluntary Reform Proposals implemented by the Company as disclosed in the announcement of the Company dated 24 February 2023, the Company has engaged BT Corporate Governance Limited (the "Internal Control Advisor") for internal control assessment for the year 2023 and 2024. The internal control review for 2023 covers the "corporate governance practice", the "operating expenses and payments", the "treasury management (including cash management)" and the "implementation of voluntary reform". The review covers the period from 1 January 2023 to 31 December 2023.

The results of the internal assessments showed that the Group did not have any anomalies or material failures in the "corporate governance practice", the "operating expenses and payments", and the "treasury management (including cash management)". The management of the Company has established effective and comprehensive internal control procedures.

On 24 February 2023, with respect to the resumption guidance issued by the Hong Kong Stock Exchange, the Company established a set of Voluntary Reform Proposals, which consists of 7 reform measures. According to the assessment results for the year 2023, the Group has completed the relevant reform cases, and the Internal Control Advisor did not identify any anomalies or material failures.

# CORPORATE GOVERNANCE REPORT

## Model Code for Securities Transactions

The Company has adopted its own code of conduct regarding directors' dealings in the Company's securities (the "Company Code") on terms no less exacting than the Model Code for Securities Transactions by Directors of Listed Issuers (the "Model Code") as set out in Appendix C3 to the Listing Rules.

Specific enquiry has been made of all the directors and the directors have confirmed that they have complied with the Company Code throughout the Reporting Period.

The Company has also established written guidelines (the "Employees Written Guidelines") on terms no less exacting than the Model Code for securities transactions by employees who are likely to be in possession of unpublished price-sensitive information of the Company for the Reporting Period.

## Directors' Responsibility in Respect of the Financial Statements

The directors acknowledge their responsibility for preparing the financial statements of the Company for the Reporting Period.

The directors are not aware of any material uncertainties relating to events or conditions that may cast significant doubt upon the Company's ability to continue as a going concern.

The statement of the independent auditors of the Company about their reporting responsibilities on the financial statements is set out in the Independent Auditors' Report on pages 82 to 87.

## Auditors' Remuneration

During the Reporting Period, the remuneration paid to the auditors of the Group, is set out below:

<b>Service Category</b>	<b>Fees Paid/ Payable</b>
Audit Services	HK\$2,650,000
Non-Audit Services ( <i>Note</i> )	HK\$525,000
	<hr/>
	HK\$3,175,000

*Note:* The non-audit services mainly included advisory and interim review services.

# CORPORATE GOVERNANCE REPORT

## Cultures and Values

A healthy corporate culture has been developed by the Board to ensure that the Company's vision, values and strategy are aligned to it.

The Group strives to maintain high standards of business ethics and corporate governance across all our activities and operations. The Directors, management and staff are all required to act lawfully, ethically and responsibly, and the required standards and norms are explicitly set out in the Group's employee consolidated handbook (including therein the Group's code of conduct, the anti-corruption policy and the whistleblowing policy of the Group etc..) Trainings are conducted from time to time to reinforce the required standards in respect of ethics and integrity.

The Company's strategy in the business development and management are to achieve long-term, steady and sustainable growth, while having due considerations from environment, social and governance aspects.

## Anti-corruption, Laws and Regulations

The Group's code of conduct and anti-corruption policy were introduced in September 2022. The policy covers activities such as bribery, anti-corruption, offer and acceptance of advantages, conflict of interest, entertainment and gratuities, the Group's expectations and requirements of business ethics, as well as investigation and reporting mechanism of suspected corruption practices. Any convicted cases will be reported to the Whistleblowing Screening Committee, or to the board and/or chairman directly, depending on the target of the whistleblowing.

## Gender Diversity

The Board currently comprises seven Directors, consisting of one female Director and six male Directors. Gender diversity at workforce levels is disclosed in the Management Discussion and Analysis section in this annual report. The Company will adhere to the principle of gender diversity at all employee levels and will appropriately consider increasing the proportion of female members in future elections, hirings and promotions.

## Whistleblowing Policy and System

The Group's whistleblowing policy was adopted in September 2021. Any convicted cases will be adopted to the Whistleblowing Screening Committee, or to the board and/or chairman directly, depending on the target of the whistleblowing.

## CORPORATE GOVERNANCE REPORT

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## Introduction

China Financial Services Holdings Limited (the “Company”, together with its subsidiaries, the “Group”) is one of the leading integrated financial services providers in Mainland China and Hong Kong. The Group mainly engages in the provision of one-stop financing services to small and medium enterprises, micro-enterprises and individuals.

The Group has been established to provide customised financial solutions to small and medium-sized enterprises (“SMEs”) in Hong Kong and Mainland China for over ten years. As a responsible corporation, the Group understands that it plays a part in promoting sustainability in the financial services industry and has therefore incorporated sustainability elements into its business operations. Looking forward, the Group aims to build stronger relationships with its stakeholders to formulate its sustainability strategy.

This Environmental, Social and Governance Report (the “ESG Report”) summarises the environmental, social and governance (“ESG”) initiatives, plans and performance of the Group and demonstrates its commitment to sustainable development for the year ended 31 December 2023 (the “Reporting Period” or “2023”). Relevant comparisons would be made between the data from the Reporting Period and the year ended 31 December 2022 (“2022”).

The Group believes sustainability is the key to achieving continued success and has integrated this concept into our business strategy. The Group constantly monitors the risks and explores potential opportunities within the Group. To strike a balance among business needs, social demands and environmental impacts, the Group is committed to continuously monitoring the risks and opportunities that exist in its daily operations and embracing a transparent corporate culture to ensure the Group’s sustainability strategies are well communicated to its stakeholders.

### *The ESG Governance Structure*

The Group views ESG commitments as part of its responsibilities and is committed to incorporating ESG considerations into its decision-making process. To achieve this goal, the Group has developed a framework to ensure ESG governance is aligned with its strategic growth while advocating for the integration of ESG into its business operations. The Group manages its ESG issues by employing a top-down management approach, which consists of the Board of Directors (the “Board”) and the ESG taskforce (the “Taskforce”).

The members of the Board possess the appropriate skills, experiences, knowledge and perspectives necessary to oversee the Group’s ESG matters. The Board must hold at least one meeting each year to establish the overall ESG approach, oversee and assess the potential impacts and risks of the ESG issues related to the Group’s operation, review the Group’s performance against ESG-related targets and the materiality of ESG issues, ensure the effectiveness of the Group’s risk management and internal control systems and approve disclosures in ESG reports.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Taskforce, comprising staff from relevant departments, is set up to systematically manage the Group's ESG issues. The Taskforce is responsible for collecting relevant ESG data, monitoring the Group's ESG performance, prioritising material ESG issues and reviewing ESG-related policies, risks and management approaches. The Taskforce reports to the Board at least once a year for the evaluation and subsequent implementation or revision of the Group's ESG strategies and internal control mechanisms.

### Reporting Scope

The management of the Group identifies the reporting scope based on the materiality principle and considers the core business and main revenue source. This ESG Report includes the Group's business activities in the offices in Beijing, Chengdu, Shenzhen and Hong Kong. During the Reporting Period, the Group has ceased operations in Chongqing and relocated its office within Shenzhen. Data related to the ESG key performance indicators ("KPIs") was gathered and analysed from subsidiaries that are under the Group's direct operational control.

### Reporting Framework

The ESG Report has been prepared in accordance with the Environmental, Social and Governance Reporting Guide (the "ESG Reporting Guide") as set out in Appendix C2 of the Rules Governing the Listing of Securities on the Main Board of The Stock Exchange of Hong Kong Limited (the "Stock Exchange").

Information relating to the Group's corporate governance practices will be stated under the Corporate Governance Report on pages 31 to 46.

The Group attaches great importance to the reporting principles of materiality, quantitative and consistency. During the preparation for this ESG Report, the Group has applied these reporting principles in the aforementioned ESG Reporting Guide as follows:

**Materiality:** A materiality assessment was conducted to diagnose material ESG issues in 2023, thereby adopting the confirmed material issues as the focus of the ESG Report. The materiality of ESG issues was reviewed and confirmed by the Board and the Taskforce. Please refer to the sections headed "Stakeholder Engagement" and "Materiality Assessment" for further details.

**Quantitative:** The standards and methodologies used in the calculation of relevant data in the ESG Report and the applicable assumptions were disclosed. The KPIs were supplemented by explanatory notes to establish benchmarks where feasible.

**Consistency:** The statistical methodologies applied to this ESG Report were substantially consistent with the previous year, and explanations were provided regarding data with changes in the scope of disclosure and calculation methodologies. If there are any changes that may affect comparison with previous reports, the Group will add comments to the corresponding content of this ESG Report.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group has established internal controls and a formal review process to ensure that all information presented in this ESG Report is as accurate and reliable as possible. This ESG Report has been approved by the Taskforce and the Board.

## Reporting Period

The ESG Report describes the ESG activities, challenges and measures taken by the Group from 1 January 2023 to 31 December 2023.

## Chairman's Statement

Dear Stakeholders,

On behalf of the Board of the Group, I am pleased to present the ESG Report of China Financial Services Holdings Limited for the year ended 31 December 2023, which provides an annual update on the ESG performance of the Group.

Sustainability is a vital aspect of the long-term success of a business. The Group has therefore incorporated sustainable development into its strategy and built an effective governance structure, namely the Board and the Taskforce, to monitor and review the ESG-related issues of the Group. The risk management and internal control frameworks provide a structured approach for the Board to formulate policies and ensure effective execution. More information about the Group's governance structure is stated in the section headed "The ESG Governance Structure". The Group continuously communicates with its stakeholders to understand their concerns and fulfil their expectations. In order to identify and assess the material concerns of the Group's stakeholders, the Group has conducted materiality assessment surveys through stakeholder engagement. The assessment helped us determine the factors that have material impacts on the Group's sustainable growth and incorporate them in the development of its ESG strategies and targets.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

To fulfil the Group's commitment to corporate social responsibility and allow the Group's stakeholders to better understand the Group's progress in improving ESG performance, the Group also sets various ESG-related targets on relevant KPIs. In response to national decarbonisation goals, the Group has put forward four environmental targets in the areas of energy, water, waste and greenhouse gas ("GHG") management. The environmental targets were approved by the Board and the progress will be reviewed by the Taskforce annually. The Taskforce makes full use of the available ESG data to compare the performance between different years and report to the Board periodically.

In closing, I would like to express my gratitude to my fellow directors, the management team, all employees and all stakeholders for their contributions to the Group's sustainable development.

### Zhang Min

*Executive Director & Chief Executive Officer*

### Stakeholder Engagement

Stakeholder participation is an essential part of formulating the Group's business strategy and approach to sustainability. Therefore, the Group adopts an open and ready attitude when communicating with its key stakeholders, such as governments and regulatory authorities, shareholders and investors, employees, customers, suppliers, banks, the media and the public.

Through a wide range of communication channels and engagement methods, the Group seeks to further understand the relative interests and priorities of each stakeholder category and make appropriate and necessary adjustments to the Group's decision-making process. A list of communication channels that the Group uses to engage directly with its stakeholders is shown below:

The Group firmly believes that in the long run, the contributions of its stakeholders will prove to be beneficial for improving identified ESG issues while addressing potentially overlooked ESG issues.

### Materiality Assessment

Materiality assessment is the process of identifying, refining and assessing ESG issues that could affect the Group's business and its stakeholders. The results of materiality assessment are used to formulate strategies, set targets and determine the focus of ESG reports. Materiality assessment enables the Group to analyse business risks and opportunities, supporting the sustainable development of its businesses.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

With the assistance of the Group’s management and the Taskforce, the Group identified the list of material ESG issues for the Group, based on its business, the ESG Reporting Guide and industry peer analysis. To prioritise the identified material ESG issues, the Group conducted a materiality assessment survey during the Reporting Period. Management and employees of different business units and departments were invited to evaluate the significance of the identified ESG issues to the stakeholders and the Group’s business. Based on the results of the survey, the Group analysed and prioritised the material topics and compiled the following materiality matrix:

The results of the materiality assessment were reviewed and validated by the Taskforce, and then approved by the Board.

## A. Environmental

### A1. Emissions

The Group is principally engaged in the provision of integrated short-term financing services, comprising short-term financing, and consultancy services. As a result, the Group has a limited impact on the environment given its office-based business nature. Nevertheless, it recognises that environmental protection must be done collectively since the individual efforts of business entities are equally important. The Group has established relevant policies to protect and improve its environmental performance, and the Group is committed to maintaining or improving existing policies to mitigate potential direct and indirect negative environmental impacts arising from its business operations.

During the Reporting Period, the Group was not aware of any material non-compliance with laws and regulations that would have a significant impact on the Group, including but not limited to the Waste Disposal Ordinance of Hong Kong, the Environmental Protection Law of the People's Republic of China, the Prevention and Control of Environmental Pollution by Solid Waste of the People's Republic of China, the Water Pollution Prevention and Control Law of the People's Republic of China and the Prevention and Control of Atmospheric Pollution of the People's Republic of China.

#### *Exhaust Gas Emissions*

Due to the Group's business nature, the Group does not engage in any industrial production or possess any manufacturing facilities. Therefore, the Group's exhaust gas emissions are generated from the petrol consumption of company vehicles. Guidelines on the efficient use of fuel will be described in the section headed "GHG Emissions" under this aspect.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Summary of the Group's exhaust gas emission performance:

Types of exhaust gas	Unit	2023	2022
Nitrogen oxides (NO <sub>x</sub> )	kg	7.05	4.04
Sulphur oxides (SO <sub>x</sub> )	kg	1.34	0.36
Particulate matter (PM)	kg	0.52	0.30

### GHG Emissions

The principal GHG emissions of the Group are generated from the petrol consumption of company vehicles (Scope 1) and purchased electricity (Scope 2). To minimise the environmental impacts of GHG emissions from the Group's business operations, the Group has set a target in 2022 to reduce GHG emission intensity (tCO<sub>2</sub>e/employee) gradually by the year ended 31 December 2026 ("2026"), using 2022 as the baseline year. To achieve the target, the Group has adopted the following measures:

#### Scope 1 – Direct GHG Emissions

The Group has established clear guidelines to ensure the efficient use of fuel and reduce direct GHG emissions from petrol consumption in its operations, as shown below:

- Plan routes ahead of time to optimise fuel consumption;
- Switch off the engine whenever the vehicle is idling; and
- Conduct regular vehicle maintenance to ensure optimal engine performance and fuel use.

#### Scope 2 – Energy Indirect GHG Emissions

The Group's largest source of GHG emissions arises from the use of purchased electricity. Electricity consumption accounts for the total indirect GHG emissions within the Group. In an effort to reduce energy consumption, the Group has initiated energy-saving measures, which will be described in the section headed "Energy Efficiency" under aspect A2.

#### Scope 3 – Other Indirect GHG Emissions

Due to the Group's business nature, the Group's largest sources of other indirect GHG emissions were paper waste processing and business air travel. To reduce related GHG emissions, the Group has implemented measures to reduce paper usage and business air travel, which will be described in the section headed "Non-hazardous Waste Handling" under this aspect and the section headed "Energy Efficiency" under aspect A2 respectively.

The Group's GHG emission intensity (tCO<sub>2</sub>e/employee) increased from approximately 0.83 in 2022 to approximately 2.57 in 2023. The increase in GHG emission intensity was mainly due to increased vehicle usage and the resumption of business activities after the easing of COVID-19 restrictions. The Group is currently in the process of achieving its target and will continue to adopt measures that minimise the amount of GHG emissions in the future.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Summary of the Group's GHG emission performance:

Types of GHG emissions <sup>1</sup>	Unit <sup>2</sup>	2023	2022
Scope 1 – Direct GHG emissions	tCO <sub>2</sub> e	<b>244.12</b>	65.86
• Petrol consumed by vehicles			
Scope 2 – Energy indirect GHG emissions	tCO <sub>2</sub> e	<b>72.08</b>	55.87
• Purchased electricity			
Scope 3 – Other indirect GHG emissions	tCO <sub>2</sub> e	<b>10.63</b>	–
• Paper waste processing			
• Business air travel			
<b>Total GHG emissions</b>	<b>tCO<sub>2</sub>e</b>	<b>326.83</b>	121.73
<b>GHG emission intensity<sup>3</sup></b>	<b>tCO<sub>2</sub>e/employee</b>	<b>2.57</b>	0.83

Note(s):

- GHG emissions data is presented in terms of carbon dioxide equivalent and is based on, but not limited to, “The Greenhouse Gas Protocol: A Corporate Accounting and Reporting Standards” issued by the World Resources Institute and the World Business Council for Sustainable Development; “How to prepare an ESG report – Appendix 2: Reporting Guidance on Environmental KPIs” issued by the Stock Exchange, the “Global Warming Potential Values” from the Sixth Assessment Report (AR6) of the Intergovernmental Panel on Climate Change (IPCC); the “Notice on the Management of Enterprise Greenhouse Gas Emission Reporting by the Power Generation Industry for 2023-2025” published by the Ministry of Ecology and Environment of the People’s Republic of China; and the Sustainability Report 2023 published by HK Electric.
- tCO<sub>2</sub>e is defined as tonnes of carbon dioxide equivalent.
- As at 31 December 2023, the Group had 127 (as at 31 December 2022: 146) full-time employees. The data is also used for calculating other intensity data.

### Discharges into Water and Land

Due to the Group’s business nature, discharges into land were insignificant. Similarly, there was no significant and unreasonable amount of sewage water discharged; used water is discharged through the municipal sewage network to the regional water treatment plant.

### Waste Management

#### Hazardous Waste Handling

Due to the Group’s business nature, only a small amount of hazardous waste was generated by the Group during the Reporting Period. Nevertheless, in order to minimise our environmental impacts, the Group has implemented recycling incentives for office waste such as ink cartridges and electronic equipment. During the Reporting Period, all hazardous wastes were properly collected and disposed of by qualified third parties, and the Group has enhanced its data collection mechanism in accordance with the National Catalogue of Hazardous Wastes published by the Ministry of Ecology and Environment of the People’s Republic of China.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Summary of the Group's hazardous waste disposal performance:

<b>Types of hazardous waste</b>	<b>Unit</b>	<b>2023</b>	2022
Ink cartridges	kg	<b>50.00</b>	57.00
LED lamps	kg	<b>21.00</b>	26.00
Cleaning chemicals	kg	<b>10.00</b>	–
<b>Total hazardous waste</b>	<b>kg</b>	<b>81.00</b>	83.00
<b>Hazardous waste intensity</b>	<b>kg/employee</b>	<b>0.64</b>	0.57

### *Non-hazardous Waste Handling*

The majority of non-hazardous waste generated by the Group was office paper. To minimise the environmental impacts of non-hazardous waste generated from the Group's business operations, the Group has set a target in the year ended 31 December 2021 ("2021") to reduce the paper waste intensity (tonnes/employee) by 2026, using 2021 as the baseline year. To achieve the target, the Group has encouraged sustainable behavioural changes among its employees.

Green measures include, but are not limited to, the following:

- Recycle single-sided office paper;
- Adopt double-sided printing or photocopying;
- Encourage digitalisation to promote a paperless working environment;
- Print electronic correspondences only when necessary; and
- Recycle obsolete office and electronic equipment.

During the Reporting Period, the Group's non-hazardous waste intensity (tonnes/employee) decreased from approximately 0.02 in 2022 to approximately 0.01 in 2023. The decrease in total non-hazardous waste intensity was mainly due to decreased printing demand. The Group's non-hazardous waste intensity in 2021 was approximately 0.11 tonnes/employee, hence it is currently on track to achieve its aforementioned target, and it will continue to raise employees' awareness of waste reduction in the future.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

Summary of the Group's non-hazardous waste disposal performance:

<b>Types of non-hazardous waste</b>	<b>Unit</b>	<b>2023</b>	<b>2022</b>
Office paper <sup>4</sup>	tonnes	<b>1.81</b>	2.37
<b>Total non-hazardous waste</b>	<b>tonnes</b>	<b>1.81</b>	2.37
<b>Non-hazardous waste intensity</b>	<b>tonnes/employee</b>	<b>0.01</b>	0.02

Note(s):

4. During 2023, approximately 0.11 tonnes (2022: approximately 0.32 tonnes) of paper were recycled.

### A2. Use of Resources

The Group aims to actively promote resource efficiency and timely monitor the potential environmental impacts of its business operations, and has therefore formulated the "Construction Green Operation". Through keeping track of ESG-related KPIs and continuing the Group's internal monitoring programme on the procurement and use of resources, the Group has identified that the major resources consumed were petrol, electricity, water and paper. Therefore, the Group deemed the existing policies and procedures effective in governing the usage of these resources.

#### Energy Efficiency

The Group believes that all branches of the Group, including its subsidiaries and departments, should be unified in committing to reducing the Group's environmental impacts. Therefore, a detailed internal policy was set out to require all subsidiaries of the Group to comply with the Group's energy-saving policy. To minimise the environmental impacts of energy consumption from the Group's business operations, the Group has set a target in 2021 to reduce the total energy consumption intensity (MWh/employee) by 2026, using 2021 as the baseline year. To achieve the target, the Group strives to further reduce energy consumption by strictly following the energy-saving measures below:

- Pre-set the office's air-conditioning temperature;
- Adopt lighting control systems that operate based on actual demand;
- Switch off unnecessary lighting and electrical appliances when not in use;

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

- Promote the use of teleconferences or video conferences;
- Purchase energy-efficient replacements for obsolete equipment;
- Set all computer screens and printers to standby mode after a certain period;
- Post eye-catching stickers on energy efficiency as a reminder to employees;
- Reduce the frequency of unnecessary business air travel; and
- Encourage employees to utilise public transportation where possible.

The Group's energy consumption intensity (MWh/employee) increased from approximately 2.28 in 2022 to approximately 7.91 in 2023. The increase in energy consumption intensity was mainly due to increased vehicle usage and the resumption of business activities after the easing of COVID-19 restrictions. The Group's energy consumption intensity in 2021 was approximately 13.70 MWh/employee, hence it is currently on track to achieving its target and will continue to adopt measures that minimise the amount of energy consumption in the future.

Summary of the Group's energy consumption performance:

Types of energy	Unit	2023	2022
Direct energy consumption <sup>5</sup>	MWh	886.53	239.96
• Petrol			
Indirect energy consumption	MWh	118.59	93.35
• Electricity			
<b>Total energy consumption</b>	<b>MWh</b>	<b>1,005.12</b>	333.31
<b>Energy consumption intensity</b>	<b>MWh/employee</b>	<b>7.91</b>	2.28

Note(s):

5. The unit conversion method of energy consumption data is formulated based on the Energy Statistic Manual issued by the International Energy Agency.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### *Water Consumption*

Due to the Group's business nature, the water usage is limited to water used by employees at the offices. Despite the fact that the water usage was negligible, the Group continues to promote the importance of water conservation to its employees. To minimise the environmental impacts of water consumption from the Group's business operations, the Group has set a target in 2022 to reduce water consumption intensity (m<sup>3</sup>/employee) gradually by 2026, using 2022 as the baseline year. To achieve the target, the Group has implemented a list of water conservation measures, as shown below:

- Post banners around the office with messages to raise awareness of water conservation;
- Regularly inspect water taps to prevent leakage;
- Install dual-flush water cisterns in toilets; and
- Install aerators in washroom faucets.

The Group did not encounter any issues in sourcing water that was fit for purpose and did not note any abnormal water usage in 2023.

The Group's water consumption intensity (m<sup>3</sup>/employee) decreased from approximately 1.91 in 2022 to approximately 1.81 in 2023 due to operational changes. The Group is therefore currently on track to achieve its aforementioned target and will continue to raise employees' awareness of water conservation.

Summary of the Group's water consumption performance:

<b>Indicator</b>	<b>Unit</b>	<b>2023</b>	2022
<b>Total water consumption</b>	<b>m<sup>3</sup></b>	<b>230.00</b>	279.15
<b>Water consumption intensity</b>	<b>m<sup>3</sup>/employee</b>	<b>1.81</b>	1.91

### *Use of Packaging Material*

Due to the Group's business nature, the use of packaging material is not considered a material ESG issue for the Group.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### A3. *The Environment and Natural Resources*

As part of its ongoing commitment to good corporate social responsibility, the Group seeks to reduce the negative environmental impacts of its daily business operations while also providing a more pleasant working environment for its employees.

#### *Indoor Air Quality*

Indoor air quality in the offices is regularly measured and monitored. During the Reporting Period, the indoor air quality of the Group's offices was satisfactory. Air-purifying equipment is used in offices, and the air conditioning system is cleaned periodically to improve indoor air quality by filtering pollutants, contaminants and dust particles.

#### *Green Finance*

As financial investors become more aware of sustainability elements in financial investments, the Group is in the process of establishing a sustainable development framework. The Group sees opportunity in the fast-growing green finance sector following the adoption of the "One Belt, One Road" national development strategy. To this end, the Group has established the "Guidelines for Establishing a Green Finance System" to promote green finance. The Group provides bespoke financing options for green finance-related enterprises through its internal risk management system.

The Group also encouraged its employees to use sustainable development performance as an investment criterion and provided the following advice:

- No investment in enterprises with serious environmental pollution and impacts;
- No investment in enterprises with outdated technology; and
- No investment in enterprises with safety hazards.

The Group believes that enterprises that place great emphasis on sustainable development sustain lower operational risks, which in turn lower the risk of the Group's investment portfolio and generate a more stable return for the Group.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## A4. *Climate Change*

The Group is committed to managing the potential climate-related risks that may impact its business activities. The Group incorporates ESG-related risks, such as climate risks, into its risk management system to identify and mitigate risks that may affect the Group. The Group has also conducted a climate change assessment and identified risks and opportunities as suggested by the climate change-related information disclosure framework of the Task Force on Climate-related Financial Disclosures (“TCFD”). The Group keeps refining its management measures based on the findings and has established relevant policies that outline the Group’s management on climate issues to minimise its carbon footprint.

Through the above methods, the following climate risks and opportunities that may relate to the Group’s business and operation activities were identified:

### *Physical Risks*

Changes in weather patterns and the increased severity of extreme weather events such as typhoons, storms and heavy rainstorms may lead to disruptions to the Group’s business operations, damaging the power grid and infrastructure, hindering and injuring its employees during their work, leading to reduced capacity and decreased productivity, or exposing the Group to risks associated with delayed performance, therefore adversely affecting its profitability. In the event of such an emergency incident, the Group will closely follow the latest weather news and advice released by the government. Moreover, the Group regularly reviews and updates policies in relation to crisis response and business continuity to ensure that in the event of an emergency incident, the relevant risks are minimised and core business functions can be performed as usual.

### *Transition Risks*

The Group anticipates that there will be more stringent climate legislation and regulations to support the global vision of carbon neutrality. For example, in the low-carbon economy, stakeholders expect companies to take more actions in response to climate change and increase transparency in information disclosure. If companies fail to respond appropriately to the aforementioned stakeholders’ appeal, their reputation will be jeopardised. Such changes may also increase the Group’s costs and burden for compliance and commitment, which may materially and adversely affect its business operations and financial performance. In response to the potential policy and legal risks as well as the reputational risks, the Group regularly monitors existing and emerging trends, policies and regulations relevant to the industry and is thus prepared to alert the top management where necessary to avoid cost increments, non-compliance fines and/or reputational risks due to delayed responses.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## *Opportunities*

Under a favourable policy environment of carbon neutrality, companies engaged in energy conservation and environmental protection will demonstrate greater green financing demand. Therefore, green finance will become increasingly popular in the market. The Group will align with these policies and provide more green finance solutions in the market. Further information can be found in the section headed “Green Finance” under aspect A3.

## B. Social

### *B1. Employment*

Employees are the most valuable asset of the Group and are the foundation of the Group's success. In order to create sustainable growth for the Group, good recruitment and retention practices must be enforced to maintain or expand the talent pool. In addition, the Group is dedicated to the principles of “respecting the committed, utilising the competent, nurturing the aspiring and incentivizing the innovative” when making human resource adjustments.

During the Reporting Period, the Group was not aware of any material non-compliance with employment related laws and regulations that would have a significant impact on the Group, including but not limited to the Employment Ordinance of Hong Kong, the Sex Discrimination Ordinance of Hong Kong, the Disability Discrimination Ordinance of Hong Kong, the Family Status Discrimination Ordinance of Hong Kong, the Race Discrimination Ordinance of Hong Kong, the Law on the Protection of Women's Rights and Interests of the People's Republic of China, the Law of the People's Republic of China on the Protection of Persons with Disabilities, the Labour Law of the People's Republic of China, the Social Insurance Law of the People's Republic of China, the Company Law of the People's Republic of China, and the Labour Contract Law of the People's Republic of China.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

As at 31 December 2023, the Group has 127 (as at 31 December 2022: 146) employees, 121 (as at 31 December 2022: 137) of whom were full-time employees, and the rest were part-time employees. The breakdown of employees according to gender, age group, geographical region and employee category was as follows:

<b>Categories</b>	<b>As at 31 December 2023</b>	As at 31 December 2022
<b>By gender</b>

Note(s):

- The overall employee turnover rate is calculated by dividing the total number of employees leaving employment during the reporting period by the average number of employees at the beginning and end of the reporting period.
- The employee turnover rate for each category is calculated by dividing the number of employees leaving employment in the specified category during the reporting period by the average number of employees in the specified category at the beginning and end of the reporting period.

Relevant employment policies are formally documented in the Employee Handbook, covering recruitment and remuneration, compensations, working hours and rest periods, diversity and equal opportunities, etc. Policies and employment practices are periodically assessed and updated, if necessary, to ensure continuous improvement of the Group's employment standards and competitiveness against companies in similar industries.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### *Recruitment, Promotion and Remuneration*

The Group strives to ensure that each employee receives a fair and just assessment of their performance during recruitment and day-to-day work and is rewarded according to their achievements and contributions. Policies on performance appraisal, promotion and remuneration have been established. The Group is committed to promoting equal opportunities and diversity in recruitment. Employees are recruited via a robust, transparent and fair recruitment process based on their merits and their potential to fulfil the Group's current and future needs.

Remuneration and promotion are based on job-related skills, qualifications and performance. The Group conducts an annual performance and salary review to determine any salary adjustments, performance bonuses and/or promotion opportunities. Remuneration packages include variable bonuses, annual leave, maternity leave, paternity leave, birthday leave, marriage leave, bereavement leave, etc. The Group has also established the Performance Appraisal System, the Business Post Salary Standard and Appraisal Scheme and the Remuneration System for policies on promotions, appraisals and remuneration for its employees.

### *Compensation and Dismissal*

The Group offers fair compensation packages for employees based on employee capabilities and industry standards. In addition, the Group complies with the Employees' Compensation Ordinance of Hong Kong and the Labour Law of the People's Republic of China, which both provide coverage for employees injured by accidents or contracted diseases while working.

Unreasonable dismissal under any circumstances is prohibited. Dismissal would be based on reasonable and lawful grounds supported by internal policies. Before dismissal, verbal or written warnings will be issued to provide employees with a fair opportunity for improvement. If no improvement is noted, the Group shall then consider dismissal only upon receiving dismissal instructions from the relevant department.

### *Equal Opportunity, Diversity and Anti-discrimination*

The Group believes that its sustainable development can be improved by recruiting talents from different backgrounds, regardless of their gender, age, sexual orientation, or religious backgrounds. The Group is committed to creating and maintaining an inclusive and collaborative workplace culture. Furthermore, the Group is dedicated to providing equal opportunities in all aspects of employment and strictly prohibits any activities associated with discrimination, physical or verbal harassment based on race, religion, colour, gender, physical or mental disability, age, place of origin, marital status, or sexual orientation. The Group strives to protect its employees by ensuring that complaints, grievances, concerns, and whistle-blowing are promptly and confidentially dealt with. The Group has complied with the relevant laws and regulations relating to equal opportunity, diversity and anti-discrimination.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### *Other Benefits and Welfare*

The Group actively seeks to introduce additional benefits and welfare to encourage retention, foster a sense of belonging and enhance job satisfaction. Currently, the Group provides monthly birthday celebrations, birthday leave, medical schemes and festive meals or gifts. The Group also provides travel allowances for employees during their rest period. During the Reporting Period, the Group received the Good MPF Employer Award from the Hong Kong Mandatory Provident Schemes Authority and the Caring Company 2022/23 logo from The Hong Kong Council of Social Service.

The Group aims to enhance team cohesion by assembling a number of sports teams, including a basketball team and a yoga team and has held badminton competitions. In addition, the Group understands the importance of rest and has therefore designated rest areas at its offices. Reading groups are also held to unleash employees' potential and interests outside the realm of work.

### *Working Hours and Rest Periods*

The Group has formulated the "Employee Overtime, Travel and Leave System" for determining the working hours and rest periods for employees according to local employment laws. An 8 hour work day is applied to office staff. Overtime work due to an increased workload must receive permission from management, and overtime wages will be paid in accordance with the Labour Law of the People's Republic of China.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## *B2. Health and Safety*

The Group shoulders the responsibility of maintaining a safe and healthy working environment for all its employees and is committed to protecting their well-being. Local laws and regulations are being complied with, and occupational health and safety guidelines recommended by the Labour Department and the Occupational Safety and Health Council of Hong Kong have been adopted.

During the Reporting Period, the Group was not aware of any material non-compliance with health and safety-related laws and regulations that would have a significant impact on the Group, including but not limited to the Occupational Safety and Health Ordinance of Hong Kong, the Labour Law of the People's Republic of China, the Production Safety Law of the People's Republic of China, the Prevention and Treatment of Occupational Diseases Law of the People's Republic of China and the Fire Protection Law of the People's Republic of China. There were no work-related fatalities recorded in the past three years, including 2023. In addition, there was no record of work-related injuries or lost days due to work-related injuries during the Reporting Period.

### *Occupational Health and Safety Management*

To ensure the Group's employees have a safe and pleasant environment to work in, reminders on keeping the corridors clutter-free, classifying and recycling, arranging air-conditioning equipment and carpet cleaning services are in place. Employees are also required to participate in health and safety seminars. The Group conducts regular pest tests to ensure all furniture and fixtures are pest-free. To prevent fire hazards, the Group has strategically placed fire extinguishers and ensured that employees are aware of their location.

## *B3. Development and Training*

The Group prides itself on its talented employees and is committed to fostering a learning culture that supports the development of employees' capabilities. To ensure that employees retain their competitive edge, the Group actively encourages and provides employees with ample opportunities to attend training and seminars to keep abreast of ever-changing trends or gain new expertise. The training content is monitored and updated to ensure validity and accuracy, providing maximum benefit to the employees. The Group has adopted the General Principles of Employee Training to standardize employee training management.

During the Reporting Period, employees have participated in courses, seminars and webinars on topics such as negotiation techniques, regulatory knowledge, risk management, real estate and human resources management to ensure compliance with local regulations by employees.

During the Reporting Period, approximately 31.74% (2022: approximately 22.73%)<sup>8</sup> of the Group's employees participated in training, and the average training hours per employee was approximately 5.68 hours (2022: approximately 1.09 hours)<sup>9</sup>.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The percentage of trained employees, breakdown of trained employees, and average training hours completed per employee, by gender and employee category, were as follows:

## B4. Labour Standards

### *Prevention of Child and Forced Labour*

Child and forced labour are strictly prohibited during the recruitment process as defined by local laws and regulations. The Group strictly abides by local laws and will not employ children under the legal working age or forced labour in accordance with the UN Declaration of Human Rights. The Group's Human Resources Department is responsible for monitoring and ensuring compliance with the latest laws and regulations that prohibit child and forced labour. Personal data is collected during the process to assist in the selection of suitable candidates and to verify the candidates' personal data. The Human Resources Department also ensures identity documents are carefully checked. If any practice of child labour or forced labour is discovered, the Group will investigate the case thoroughly and dismiss the relevant employees immediately.

The working hours of the employees strictly comply with the local laws and regulations. The employees' resting time is well respected, and the employees enjoy paid holidays in accordance with the laws and regulations. To prevent forced overtime work, any necessary arrangements for overtime must be agreed upon by the employees voluntarily. Overtime and overtime pay are in line with the local laws and regulations.

Moreover, the Human Resources Department has established a reporting mechanism to monitor and ensure compliance with all relevant laws and regulations. If a violation is involved, it will be dealt with promptly in the light of the circumstances.

During the Reporting Period, the Group was not aware of any material non-compliance with child and forced labour-related laws and regulations that would have a significant impact on the Group, including but not limited to the Employment Ordinance of Hong Kong, the Labour Law of the People's Republic of China, and the Labour Contract Law of the People's Republic of China.

## B5. Supply Chain Management

The Group's main suppliers are third-party service providers in the information technology, property management, advertising and legal and consulting sectors. Other than financial service providers, the Group also works with suppliers of office equipment and stationery. To ensure suppliers have met the Group's standards and requirements regarding product and service quality, environment and product health and safety, the Group has established a stringent and standardised procurement system in which all suppliers are evaluated carefully and subject to regular monitoring and assessments. During the Reporting Period, the Group had a total of 6 (2022: 8) suppliers, all of whom were evaluated according to the Group's standardised procurement practices.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The geographical distribution of the Group's suppliers was as follows:

<b>By region</b>	<b>2023</b>	2022
Shenzhen	6	8

### *Fair and Open Procurement*

Suppliers are selected under a fair and open procurement process that considers a range of factors, including but not limited to suppliers' experience, prevailing market price and reputation. For the purpose of risk diversification, the Group intends to not over-rely on a specific supplier in order to ensure the stability of the supply chain. Any discrimination against certain vendors without reasonable grounds and any types of business bribery practices are strictly prohibited.

### *Sustainable Procurement*

The Group proactively explores possibilities to further minimise its carbon footprint in the procurement process. The Group has implemented the Environmental Procurement Policy to minimise its carbon footprint, support local procurement, and give priority to the purchase of recycled and environmentally-friendly products.

To ensure that suppliers meet the Group's requirements and standards, especially in the area of managing social and environmental risks and providing environmentally preferred products, the Group has established a supply chain management team to select and evaluate qualified suppliers. The Group has implemented stringent procedures and standards when selecting and reviewing suppliers. The Group reviews the suppliers' reputation, employment and labour standards, operating practices, environmental policies, etc. All suppliers are evaluated carefully and subject to regular monitoring and assessments.

The Group also pays close attention to the environmental awareness of its suppliers and promotes sound environmental performance and governance practices among its business partners and suppliers. The Group encourages its business partners and suppliers to consider the risks posed to their operations by climate change and to actively mitigate their environmental impacts during supplier management meetings and events. During the selection process, to promote improvements in environmental performance, suppliers are encouraged to consider and manage their environmental and social issues in their operations for priority consideration. The Group maintains close communication with suppliers, understands their supplies and services, resolves related supplies and service issues, and makes corresponding improvement measures. The Group also shares sustainable operating practices and disseminates environmental concepts, including the latest knowledge on quality safety, good employment and environmental practices.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### *B6. Product Responsibility*

The Group places great emphasis on maintaining a solid corporate governance and risk management framework to aid the Group's long-term development and sustainable growth. Therefore, the Group continuously improves its corporate rules and regulations to ensure strict compliance with local laws and regulations.

The Group is equipped with a risk control team consisting of professionals who are certified public accountants, lawyers, certified public valuers, and professionals who hold working qualifications in the financial institution. The Audit Committee, composed of independent non-executive directors, periodically reviews the existing risk management system to ensure that relevant procedures remain effective and up-to-date.

During the Reporting Period, the Group was not aware of any incidents of non-compliance with laws and regulations that would have a significant impact on the Group, concerning advertising, labelling and privacy matters relating to products and services provided and methods of redress, including but not limited to the Money Lenders Ordinance, the Personal Data (Privacy) Ordinance, the Securities and Futures Ordinance of Hong Kong, and the Advertising Law of the People's Republic of China.

Due to the Group's business nature, the Group's businesses do not involve the production and sale of physical products. The number of recalls for safety and health reasons and the relevant recall procedures are therefore not applicable to the Group.

### *Quality Assurance*

To promote responsible money-lending services, employees are required to familiarise themselves with related guidelines on money-lending procedures. Guidelines on the special requirements for money-lending business advertisements are formally documented in the Consolidated Handbook. The guideline states that advertisements, whether in textual, audio, or visual form, must contain the relevant subsidiary's telephone hotline for handling complaints and a well-established risk warning statement. The risk warning statement must also be audible in the advertisement. Further information can be found in the section headed "Anti-money Laundering, Counter-financing of Terrorism, Fraud and Bribery".

The Group highly values the rights and perspectives of its customers and actively seeks to develop its business by listening carefully to customer suggestions and resolving complaints and disputes in a timely manner. To maintain good communications with the Group's customers, the Group has developed different communication channels such as the official website, service hotlines and dedicated mailboxes to understand the customers' expectations and suggestions for the Group's performance. The Group has formulated relevant guidelines and procedures for employees to handle customer complaints and enquiries. During the Reporting Period, the Group did not receive any product- or service-related complaints.

# ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

## *Customer Privacy Protection*

During the provision of products and services, a wide range of sensitive information is entrusted to the Group by its customers. To ensure proper storage and management of information and prevent potential data leakage, the Group has installed and routinely upgrades its firewall, anti-virus and anti-spam solutions. Instructions with respect to confidentiality are also stated in the Employee Handbook. The Group restricts employee access to sensitive data, only allowing access to relevant employees to carry out their roles and responsibilities. Any violations of the privacy policy are major misconduct and shall be subjected to disciplinary action, including dismissal and judicial proceedings.

## *Intellectual Property ("IP") Rights*

The Group is dedicated to protecting and enforcing the Group's own IP rights as well as the IP rights of other enterprises. The Group has established relevant policies to govern the information technology management within the Group. The Group has obtained proper licences for the software and information used by the Group in its business operations. Any duplication or downloading of information, software, or images from the internet must be approved by relevant departments.

## *B7. Anti-Corruption*

The Group is committed to conducting all its businesses with integrity and has formulated the Code of Conduct, which requires employees to maintain the highest standards of professionalism in all their dealings with others. During 2023, the Group was not aware of any material noncompliance with relevant laws and regulations of bribery, extortion, fraud and money laundering that would have a significant impact on the Group, including but not limited to the Money Lenders Ordinance, the Personal Data (Privacy) Ordinance, the Securities and Futures Ordinance of Hong Kong, the Anti-Unfair Competition Law of the People's Republic of China and the Criminal Law of the People's Republic of China. During the Reporting Period, the Group also had no concluded legal cases regarding corrupt practices brought against the Group or its employees.

## *Anti-money Laundering, Counter-financing of Terrorism, Fraud and Bribery*

As a financial services provider, the Group is sensitive to the prevention of money laundering, potential fraud and bribery practices. The Group closely monitors signs of money laundering and financial crimes. A number of procedures are in place to safeguard the interests of the Group and are in line with the prescribed laws and regulations set up by regulatory authorities, such as a background investigation, due diligence and loan approvals for loan financing applications. The Group also provides guidelines and training on the prevention of improper practices to employees and reminds them of good practices to prevent unnecessary legal complications.

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

### *Anti-corruption Training*

The Group endeavours to maintain a culture of integrity, transparency, and accountability by adhering to stringent anti-corruption practices. The Group will regularly conduct training to introduce the Group's anti-corruption policies, including the Whistleblowing Policy and the Code of Conduct, to its employees in order to familiarise themselves with the Group's requirements and current legislation, as well as the correct procedures to report corrupt practices. The Group also arranges different anti-corruption training for employees to prevent corrupt practices. During the Reporting Period, the Group's 32 general staff received a total of 55.5 hours of anti-corruption training.

### *Whistleblowing Mechanism*

The Group has formulated the Whistleblowing Policy, which sets out a reporting and investigative procedure to encourage employees to report fraudulent activities. The Group intends to protect the whistleblower from common concerns such as confidentiality and potential retaliation. The whistleblower should make their reports to the Whistle Blowing Screening Committee in writing by email or post. If the concerns raised involve a Director or an Executive Committee member or one of the Whistle Blowing Screening Committee, the whistleblower may, at their own discretion, choose to report directly to the respective Chairperson of the Audit Committee or the Board. The management will then investigate the suspected illegal behaviour. The Group provides assurance to the whistleblower reporting in good faith against unfair dismissal or victimisation, even if the reports are subsequently proved to be unsubstantiated.

### *B8. Community Investment*

## ENVIRONMENTAL, SOCIAL AND GOVERNANCE REPORT

The Group is committed to empowering and supporting the public through social participation and contribution. As part of its strategic development, the Group has established relevant guidelines on community investment to nurture corporate culture and corporate citizenship. During the Reporting Period, the Group especially focused on the elderly care, as the Group considers it one of the most significant social issues.

In addition to the charitable activities listed in the table below, the Group has also placed a donation box at its office in August 2023 and raised funds for the Tung Wah Group of Hospitals.

## INDEPENDENT AUDITOR'S REPORT

### **INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF CHINA FINANCIAL SERVICES HOLDINGS LIMITED**

*(Incorporated in Hong Kong with limited liability)*

#### Opinion

We have audited the consolidated financial statements of China Financial Services Holdings Limited ("the Company") and its subsidiaries (together "the Group") set out on pages 88 to 199, which comprise the consolidated statement of financial position as at 31 December 2023, and the consolidated statement of profit or loss, the consolidated statement of profit or loss and other comprehensive income, the consolidated statement of changes in equity and the consolidated statement of cash flows for the year then ended and notes to the consolidated financial statements, including material accounting policy information.

In our opinion, the consolidated financial statements give a true and fair view of the consolidated financial position of the Group as at 31 December 2023, and of its consolidated financial performance and its consolidated cash flows for the year then ended in accordance with Hong Kong Financial Reporting Standards ("HKFRSs") issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA") and have been properly prepared in compliance with the Hong Kong Companies Ordinance.

#### Basis for opinion

We conducted our audit in accordance with Hong Kong Standards on Auditing ("HKSA") issued by the HKICPA. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the consolidated financial statements section of our report. We are independent of the Group in accordance with the HKICPA's Code of Ethics for Professional Accountants ("the Code"), and we have fulfilled our other ethical responsibilities in accordance with the Code. We believe that the audit evidence we have obtained for the year is sufficient and appropriate to provide a basis for our opinion.

# INDEPENDENT AUDITOR'S REPORT

## Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

### The key audit matter

### How the matter was addressed in our audit

#### Valuation of loan receivables

We identified the valuation of loan receivables as a key audit matter due to the use of judgements and estimates by management in assessing the recoverability of loan receivables.

As set out in Note 4 to the consolidated financial statements, the Group estimates the amount of impairment losses for expected credit loss ("ECL") on loan receivables based on the credit risk of loan receivables. The amount of the impairment losses is a function of the probability of default, loss given default and the exposure at default. The assessment of the probability of default and loss given default is based on historical data and forward-looking information. Where the probability of default is higher than expected, or being revised upwards due to changes in facts and circumstances, a material impairment loss may arise.

As disclosed in Note 20 to the consolidated financial statements, the carrying amount of loan receivables as at 31 December 2023 is HK\$1,191,946,000 (net of allowance for ECL of HK\$1,171,265,000).

Our procedures in relation to valuation of loan receivables included:

- Obtaining an understanding of and assessing the design and implementation of management's key controls relating to credit control, debt collection and impairment assessment of loan receivables;
- Assessing the reasonableness of impairment under ECL model by examining the information used by management to form its judgements and estimates, including test of accuracy of the historical default data with reference to the credit history, delay in payments, settlement records, and aging analysis of each relevant debtor, on a sample basis;
- Evaluating the reasonableness of the forward-looking information management has taken into account; and
- Testing the mathematical accuracy of the ECL model on loan receivables prepared by management.

# INDEPENDENT AUDITOR'S REPORT

## Key audit matters (Continued)

### The key audit matter

### How the matter was addressed in our audit

#### Impairment assessment of goodwill

We identified impairment of goodwill as a key audit matter due to significant management judgement involved in determining the recoverable amount of the goodwill for impairment assessment.

As set out in Note 15 to the consolidated financial statements, impairment of goodwill is assessed by comparing the recoverable amounts of respective cash-generating units ("CGUs") to which goodwill is allocated, to their carrying values at the end of each reporting period. Significant judgements and assumptions are required by the management in assessing the impairment of goodwill, which are determined with reference to the present value of the estimated future cash flows arising from respective CGUs with key assumptions including expected changes to revenue and direct costs, suitable discount rates and growth rates in order to calculate the recoverable amounts of the CGUs.

Included in the Group's consolidated statement of financial position as at 31 December 2023, the goodwill amount is HK\$300,073,000. In the opinion of the directors of the Company, impairment loss of HK\$32,882,000 is recognised for the year ended 31 December 2023.

Our procedures in relation to the impairment assessment of goodwill included:

- Obtaining an understanding on the Group's cash flow forecast preparation process and impairment assessment process;
- Assessing the reasonableness of the key assumptions made by the management in determining the recoverable amount of the CGUs, including discount rates, growth rates and expected changes to revenue and direct costs;
- Evaluating the key inputs adopted in the cash flow forecast by comparing to the historical performance, the most recent actual performance of respective CGUs;
- Testing the mathematical accuracy of the underlying value-in-use calculations; and
- Evaluating the sensitivity analysis performed by management around the key assumptions applied to ascertain the extent of change in those assumptions that either individually or collectively would be required for the goodwill to be impaired.

## INDEPENDENT AUDITOR'S REPORT

### Other information

The directors of the Company are responsible for the other information. The other information comprises all the information included in the annual report, but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

### Responsibilities of the directors and those charged with governance for the consolidated financial statements

The directors of the Company are responsible for the preparation of the consolidated financial statements that give a true and fair view in accordance with HKFRSs issued by the HKICPA and the Hong Kong Companies Ordinance, and for such internal control as the directors determine is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, the directors are responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the directors either intend to liquidate the Group or to cease operations, or have no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Group's financial reporting process.

## INDEPENDENT AUDITOR'S REPORT

### Auditor's responsibilities for the audit of the consolidated financial statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion solely to you, as a body, in accordance with section 405 of the Hong Kong Companies Ordinance, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with HKSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with HKSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the directors.
- Conclude on the appropriateness of the directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

## INDEPENDENT AUDITOR'S REPORT

### Auditor's responsibilities for the audit of the consolidated financial statements (Continued)

- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence and, where applicable, actions taken to eliminate threats or safeguards applied.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement director on the audit resulting in this independent auditor's report is Del Rosario, Faith Corazon.

# NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

## 1. Corporate Information

China Financial Services Holdings Limited (the “Company”) is a public limited company incorporated in Hong Kong and the ordinary shares of the Company have been listed on the Main Board of The Stock Exchange of Hong Kong Limited (the “Stock Exchange”) since 1993. Mr. Cheung Siu Lam (“Mr. Cheung”), through his direct shareholding in the Company is the Company’s ultimate controlling party. The Company does not have any parent company.

The address of the Company’s registered office and the principal place of business is Suite 5606, 56th Floor, Central Plaza, 18 Harbour Road, Wanchai, Hong Kong.

The trading of the Company’s shares on the Main Board of the Stock Exchange was halted commencing from 29 March 2021. As the Company has fulfilled all the resumption guidance set out by the Stock Exchange on 25 June 2021, trading of the Company’s shares was resumed on 27 February 2023.

The consolidated financial statements are presented in Hong Kong dollars (“HK\$”), which is also the functional currency of the Company.

The principal activity of the Company is investment holding. The principal activities of the Company’s subsidiaries are set out in Note 14. The Company and its subsidiaries are hereinafter collectively referred to as the “Group”.

## 2. Application of New and Amendments to Hong Kong Financial Reporting Standards (“HKFRSs”) and changes in other accounting policies

### 2.1 *New and amendments to HKFRSs that are mandatorily effective for the year*

In the current year, the Group has applied the following new and amendments to HKFRSs issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) for the first time, which are mandatorily effective for the Group’s annual periods beginning on 1 January 2023 for the preparation of the consolidated financial statements:

HKFRS 17 (including the October 2020 and February 2022 Amendments to HKFRS 17)	Insurance Contracts
Amendments to HKAS 8	Definition of Accounting Estimates
Amendments to HKAS 12	Deferred Tax related to Assets and Liabilities arising from a Single Transaction
Amendments to HKAS 12	International Tax Reform – Pillar Two model Rules
Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 2. Application of New and Amendments to Hong Kong Financial Reporting Standards (“HKFRSs”) and changes in other accounting policies *(Continued)*

#### 2.1 *New and amendments to HKFRSs that are mandatorily effective for the year (Continued)*

Except as described below, the application of the new and amendments to HKFRSs in the current year has had no material impact on the Group’s financial positions and performance for the current and prior years and/or on the disclosures set out in these consolidated financial statements.

##### *Impacts on application of Amendments to HKAS 8 Definition of Accounting Estimates*

The Group has applied the amendments for the first time in the current year. The amendments define accounting estimates as “monetary amounts in financial statements that are subject to measurement uncertainty”. An accounting policy may require items in financial statements to be measured in a way that involves measurement uncertainty. In such a case, an entity develops an accounting estimate to achieve the objective set out by the accounting policy. The amendments to HKAS 8 clarify the distinction between changes in accounting estimates, and changes in accounting policies and the correction of errors.

The application of the amendments in the current year had no material impact on the consolidated financial statements.

##### *Impacts on application of Amendments to HKAS 1 and HKFRS Practice Statement 2 Disclosure of Accounting Policies*

The Group has applied the amendments for the first time in the current year. HKAS 1 “Presentation of Financial Statements” is amended to replace all instances of the term “significant accounting policies” with “material accounting policy information”. Accounting policy information is material if, when considered together with other information included in an entity’s financial statements, it can reasonably be expected to influence decisions that the primary users of general purpose financial statements make on the basis of those financial statements.

The amendments also clarify that accounting policy information may be material because of the nature of the related transactions, other events or conditions, even if the amounts are immaterial. However, not all accounting policy information relating to material transactions, other events or conditions is itself material. If an entity chooses to disclose immaterial accounting policy information, such information must not obscure material accounting policy information.

HKFRS Practice Statement 2 “Making Materiality Judgements” (the “Practice Statement”) is also amended to illustrate how an entity applies the “four-step materiality process” to accounting policy disclosures and to judge whether information about an accounting policy is material to its financial statements. Guidance and examples are added to the Practice Statement.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 2. Application of New and Amendments to Hong Kong Financial Reporting Standards (“HKFRSs”) and changes in other accounting policies *(Continued)*

#### 2.1 *New and amendments to HKFRSs that are mandatorily effective for the year (Continued)*

##### *Impacts on application of Amendments to HKAS 1 and HKFRS Practice Statement 2 Disclosure of Accounting Policies (Continued)*

The application of the amendments has had no material impact on the Group’s financial positions and performance but has affected the disclosure of the Group’s accounting policies set out in Note 3.

##### *Application of the HKICPA guidance on the accounting implications of the abolition of the Mandatory Provident Fund (“MPF”) – Long Service Payment (“LSP”) offsetting mechanism in Hong Kong*

The Group has several subsidiaries operating in Hong Kong which are obliged to pay LSP to employees under certain circumstances. Meanwhile, the Group makes mandatory MPF contributions to the trustee who administers the assets held in a trust solely for the retirement benefits of each individual employee. Offsetting of LSP against an employee’s accrued retirement benefits derived from employers’ MPF contributions was allowed under the Employment Ordinance (Cap.57). In June 2022, the Government of the HKSAR gazetted the Employment and Retirement Schemes Legislation (Offsetting Arrangement) (Amendment) Ordinance 2022 (the “Amendment Ordinance”) which abolishes the use of the accrued benefits derived from employers’ mandatory MPF contributions to offset severance payment and LSP (the “Abolition”). The Abolition will officially take effect on 1 May 2025 (the “Transition Date”). In addition, under the Amendment Ordinance, the last month’s salary immediately preceding the Transition Date (instead of the date of termination of employment) is used to calculate the portion of LSP in respect of the employment period before the Transition Date.

In July 2023, the HKICPA published “Accounting implications of the abolition of the MPF-LSP offsetting mechanism in Hong Kong” which provides guidance for the accounting for the offsetting mechanism and the impact arising from abolition of the MPF-LSP offsetting mechanism in Hong Kong. The abolition of the offsetting mechanism did not have a material impact on the Group’s results and financial position.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 2. Application of New and Amendments to Hong Kong Financial Reporting Standards (“HKFRSs”) and changes in other accounting policies *(Continued)*

#### 2.2 Amendments to HKFRSs in issue but not yet effective

The Group has not early applied the following amendments to HKFRSs that have been issued but are not yet effective:

Amendments to HKFRS 10 and HKAS 28	Sale or Contribution of Assets between an Investor and its Associate or Joint Venture <sup>1</sup>
Amendment to HKFRS 16	Lease Liability in a Sale and Leaseback <sup>2</sup>
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) <sup>2</sup>
Amendments to HKAS 1	Non-current Liabilities with Covenants <sup>2</sup>
Amendments to HKAS 7 and HKFRS 7	Supplier Finance Arrangements <sup>2</sup>
Amendments to HKAS 21	Lack of Exchangeability <sup>3</sup>

<sup>1</sup> Effective for annual periods beginning on or after a date to be determined.

<sup>2</sup> Effective for annual periods beginning on or 1 January 2024.

<sup>3</sup> Effective for annual periods beginning on or after 1 January 2025.

Except for the amendments to HKFRSs mentioned below, the directors of the Company anticipate that the application of all other amendments to HKFRSs will have no material impact on the consolidated financial statements in the foreseeable future.

*Amendments to HKAS 1 Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) (the “2020 Amendments”) and Amendments to HKAS 1 Non-current Liabilities with Covenants (the “2022 Amendments”)*

The 2020 Amendments provide clarification and additional guidance on the assessment of right to defer settlement for at least twelve months from reporting date for classification of liabilities as current or non-current, which:

- clarify that if a liability has terms that could, at the option of the counterparty, result in its settlement by the transfer of the entity’s own equity instruments, these terms do not affect its classification as current or non-current only if the entity recognises the option separately as an equity instrument applying HKAS 32 Financial Instruments: Presentation.
- specify that the classification of liabilities as current or non-current should be based on rights that are in existence at the end of the reporting period. Specifically, the amendments clarify that the classification should not be affected by management intentions or expectations to settle the liability within 12 months.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 2. Application of New and Amendments to Hong Kong Financial Reporting Standards (“HKFRSs”) and changes in other accounting policies *(Continued)*

#### 2.2 *Amendments to HKFRSs in issue but not yet effective (Continued)*

*Amendments to HKAS 1 Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020) (the “2020 Amendments”) and Amendments to HKAS 1 Non-current Liabilities with Covenants (the “2022 Amendments”) (Continued)*

For rights to defer settlement for at least twelve months from reporting date which are conditional on the compliance with covenants, the requirements introduced by the 2020 Amendments have been modified by the 2022 Amendments. The 2022 Amendments specify that only covenants with which an entity is required to comply on or before the end of the reporting period affect the entity’s right to defer settlement of a liability for at least twelve months after the reporting date. Covenants which are required to comply with only after the reporting period do not affect whether that right exists at the end of the reporting period.

In addition, the 2022 Amendments specify the disclosure requirements about information that enables users of financial statements to understand the risk that the liabilities could become repayable within twelve months after the reporting period, if an entity classifies liabilities arising from loan arrangements as non-current when the entity’s right to defer settlement of those liabilities is subject to the entity complying with covenants within twelve months after the reporting period.

The 2022 Amendments also defer the effective date of applying the 2020 Amendments to annual reporting periods beginning on or after 1 January 2024. The 2022 Amendments, together with the 2020 Amendments, are effective for annual reporting periods beginning on or after 1 January 2024, with early application permitted. If an entity applies the 2020 Amendments for an earlier period after the issue of the 2022 Amendments, the entity should also apply the 2022 Amendments for that period.

Based on the Group’s outstanding liabilities as at 31 December 2023, the application of the 2020 and 2022 Amendments will not result in reclassification of the Group’s liabilities.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 3. Basis of Preparation of the Consolidated Financial Statements and Material Accounting Policy Information

#### 3.1 *Basis of preparation of the consolidated financial statements*

The consolidated financial statements have been prepared in accordance with the HKFRSs issued by the HKICPA. For the purpose of preparation of the consolidated financial statements, information is considered material if such information is reasonably expected to influence decisions made by primary users. In addition, the consolidated financial statements include applicable disclosures required by the Rules Governing the Listing of Securities on the Stock Exchange (the “Listing Rules”) and by the Hong Kong Companies Ordinance.

The consolidated financial statements have been prepared on the historical cost basis, except for certain financial instruments and investment property that are measured at fair values at the end of each reporting period, as explained in the accounting policies set out below.

Historical cost is generally based on the fair value of the consideration given in exchange of goods and services.

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date, regardless of whether that price is directly observable or estimated using another valuation technique. In estimating the fair value of an asset or a liability, the Group takes into account the characteristics of the asset or liability if the market participants would take those characteristics into account when pricing the asset or liability at the measurement date. Fair value for measurement and/or disclosure purposes in these consolidated financial statements is determined on such basis, except for share-based payment transactions that are within the scope of HKFRS 2 “Share-based Payment”, leasing transactions that are accounted for in accordance with HKFRS 16 “Leases” and measurement that have some similarities to fair value but are not fair value, such as net realisable value in HKAS 2 “Inventories” or value in use in HKAS 36 “Impairment of Assets”.

A fair value measurement of a non-financial asset takes into account a market participant’s ability to generate economic benefits by using the asset in its highest and best use or by selling it to another market participant that would use the asset in its highest and best use.

For financial instruments which are transacted at fair value and a valuation technique that unobservable inputs are to be used to measure fair value in subsequent periods, the valuation technique is calibrated so that at initial recognition the results of the valuation technique equals the transaction price.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 3. Basis of Preparation of the Consolidated Financial Statements and Material Accounting Policy Information *(Continued)*

#### 3.1 *Basis of preparation of the consolidated financial statements (Continued)*

In addition, for financial reporting purposes, fair value measurements are categorised into Level 1, 2 or 3 based on the degree to which the inputs to the fair value measurements are observable and the significance of the inputs to the fair value measurement in its entirety, which are described as follows:

- Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date;
- Level 2 inputs are inputs, other than quoted prices included within Level 1, that are observable for the asset or liability, either directly or indirectly; and
- Level 3 inputs are unobservable inputs for the asset or liability.

#### 3.2 *Material accounting policy information*

##### *Basis of consolidation*

The consolidated financial statements incorporate the financial statements of the Company and its subsidiaries. A subsidiary is an entity (including a structured entity), directly or indirectly, controlled by the Company. Control is achieved when the Group is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee (i.e., existing rights that give the Group the current ability to direct the relevant activities of the investee).

When the Company has, directly or indirectly, less than a majority of the voting or similar rights of an investee, the Group considers all relevant facts and circumstances in assessing whether it has power over an investee, including:

- (a) the contractual arrangements with the other vote holders of the investee;
- (b) rights arising from other contractual arrangements; and
- (c) the Group's voting rights and potential voting rights.

The financial statements of the subsidiaries are prepared for the same reporting period as the Company, using consistent accounting policies. The results of subsidiaries are consolidated from the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

### 3. Basis of Preparation of the Consolidated Financial Statements and Material Accounting Policy Information *(Continued)*

#### 3.2 *Material accounting policy information (Continued)*

##### *Basis of consolidation (Continued)*

Profit or loss and each component of other comprehensive income are attributed to the owners of the parent of the Group and to the non-controlling interests, even if this results in the non-controlling interests having a deficit balance. All intra-group assets and liabilities, equity, income, expenses and cash flows relating to transactions between members of the Group are eliminated in full on consolidation.

The Group reassesses whether or not it controls an investee if facts and circumstances indicate that there are changes to one or more of the three elements of control described above. A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction.

If the Group loses control over a subsidiary, it derecognises (i) the assets (including goodwill) and liabilities of the subsidiary, (ii) the carrying amount of any non-controlling interest and (iii) the cumulative translation differences recorded in equity; and recognises (i) the fair value of the consideration received, (ii) the fair value of any investment retained and (iii) any resulting surplus or deficit in profit or loss. The Group's share of components previously recognised in other comprehensive income is reclassified to profit or loss or accumulated losses, as appropriate, on the same basis as would be required if the Group had directly disposed of the related assets or liabilities.

##### *Associates*

An associate is an entity in which the Group or Company has significant influence, but not control or joint control, over its management, including participation in the financial and operating policy decisions.

##### *Associates (Continued)*

An investment in an associate is accounted for in the consolidated financial statements under the equity method, unless it is classified as held for sale (or included in a disposal group that is classified as held for sale). Under the equity method, the investment is initially recorded at cost, adjusted for any excess of the Group's share of the acquisition-date fair values of the investee's identifiable net assets over the cost of the investment (if any). The cost of the investment includes purchase price, other costs directly attributable to the acquisition of the investment, and any direct investment into the associate that forms part of the Group's equity investment. Thereafter, the investment is adjusted for the post acquisition change in the Group's share of the investee's net assets and any impairment loss relating to the investment. At each reporting date, the Group assesses whether there is any objective evidence that the investment is impaired. Any acquisition-date excess over cost, the Group's share of the post-acquisition, post-tax results of the investees and any impairment losses for the year are recognised in the consolidated statement of profit or loss, whereas the Group's share of the post-acquisition post-tax items of the investees' other comprehensive income is recognised in the consolidated statement of profit or loss and other comprehensive income.

When the Group's share of losses exceeds its interest in the associate, the Group's interest is reduced to nil and recognition of further losses is discontinued except to the extent that the Group has incurred legal or constructive obligations or made payments on behalf of the investee. For this purpose, the Group's interest is the carrying amount of the investment under the equity method, together with any other Group's long-term interests that in substance form part of the Group's net investment in the associate.

Unrealised profits and losses resulting from transactions between the Group and its associates are eliminated to the extent of the Group's interest in the investee, except where unrealised losses provide evidence of an impairment of the asset transferred, in which case they are recognised immediately in profit or loss.

If an investment in an associate becomes an investment in a joint venture or vice versa, the retained interest is not remeasured. Instead, the investment continues to be accounted for under the equity method.

#### 3.2 *Material accounting policy information (Continued)*

##### *Associates (Continued)*

In all other cases, when the Group ceases to have significant influence over an associate, it is accounted for as a disposal of the entire interest in that investee, with a resulting gain or loss being recognised in profit or loss. Any interest retained in that former investee at the date when significant influence is lost is recognised at fair value and this amount is regarded as the fair value on initial recognition of a financial asset.

In the Company's statement of financial position, investment in an associate is stated at cost less impairment losses.

##### *Goodwill*

Goodwill is initially measured at cost, being the excess of the aggregate of the consideration transferred, the amount recognised for non-controlling interest and any fair value of the Group's previously held equity interests in the acquiree over the identifiable net assets acquired and liabilities assumed. If the sum of this consideration and other items is lower than the fair value of the net assets acquired, the difference is, after reassessment, recognised in profit or loss as a gain on bargain purchase.

After initial recognition, goodwill is measured at cost less any accumulated impairment losses. Goodwill is tested for impairment annually or more frequently if events or changes in circumstances indicate that the carrying value may be impaired. The Group performs its annual impairment test of goodwill at 31 December. For the purpose of impairment testing, goodwill acquired in a business combination is, from the acquisition date, allocated to each of the Group's cash-generating units, or groups of cash-generating units, that are expected to benefit from the synergies of the combination, irrespective of whether other assets or liabilities of the Group are assigned to those units or groups of units.

Where goodwill has been allocated to a cash-generating unit (or group of cash-generating units) and part of the operation within that unit is disposed of, the goodwill associated with the operation disposed of is included in the carrying amount of the operation when determining the gain or loss on the disposal. Goodwill disposed of in these circumstances is measured based on the relative value of the operation disposed of and the portion of the cash-generating unit retained.

#### 3.2 *Material accounting policy information (Continued)*

##### *Intangible assets*

###### *Intangible assets acquired separately*

Intangible assets with indefinite useful lives that are acquired separately are carried at cost less any subsequent accumulated impairment losses.

###### *Intangible assets acquired in a business combination*

Intangible assets acquired in a business combination and recognised separately from goodwill are initially recognised at their fair value at the acquisition date (which is regarded as their cost).

Subsequent to initial recognition, intangible assets acquired in a business combination with infinite useful lives are reported at cost less any accumulated impairment losses, on the same basis as intangible assets that are acquired separately.

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in profit or loss when the asset is derecognised.

##### *Property, plant and equipment*

The following items of property, plant and equipment are stated at cost less accumulated depreciation and impairment losses:

- right-of-use assets arising from leases over freehold or leasehold properties where the Group is not the registered owner of the property interest; and
- items of plant and equipment, including right-of-use assets arising from leases of underlying plant and equipment.

Gains or losses arising from the retirement or disposal of an item of property, plant and equipment are determined as the difference between the net disposal proceeds and the carrying amount of the item and are recognised in profit or loss on the date of retirement or disposal.

### 3. Basis of Preparation of the Consolidated Financial Statements and Material Accounting Policy Information *(Continued)*

#### 3.2 *Material accounting policy information (Continued)*

##### *Property, plant and equipment (Continued)*

Depreciation is calculated to write off the cost of items of property, plant and equipment, less their estimated residual value, if any, using the straight-line method over their estimated useful lives as follows:

– Leasehold improvements	3 years or over the remaining term of the lease, if shorter
– Furniture and equipment	3 to 5 years
– Motor vehicles	3 to 5 years
– Right-of-use assets	Over the lease term

Where parts of an item of property, plant and equipment have different useful lives, the cost of the item is allocated on a reasonable basis between the parts and each part is depreciated separately. Both the useful life of an asset and its residual value, if any, are reviewed annually.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

##### *Investment properties*

Investment properties are properties held to earn rentals and/or for capital appreciation.

Investment properties are measured initially at cost, including any directly attributable expenditure. Subsequent to initial recognition, investment properties are measured at fair value, adjusted to exclude any prepaid or accrued operating lease income.

Gains or losses arising from changes in fair value of investment properties are included in profit or loss for the period in which they arise.

An investment property is derecognised on disposal or when the investment property is permanently withdrawn from use and no future economic benefits are expected from its disposal. Any gain or loss arising from derecognition of the property (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in profit or loss in the period in which the property is derecognised.

### 3. Basis of Preparation of the Consolidated Financial Statements and Material Accounting Policy Information *(Continued)*

#### 3.2 *Material accounting policy information (Continued)*

##### *Leased assets*

At inception of a contract, the Group assesses whether the contract is, or contains, a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. Control is conveyed where the customer has both the right to direct the use of the identified asset and to obtain substantially all of the economic benefits from that use.

##### *As a lessee*

Where the contract contains lease component(s) and non-lease component(s), the Group has elected not to separate non-lease components and accounts for each lease component and any associated non-lease components as a single lease component for all leases.

At the lease commencement date, the Group recognises a right-of-use asset and a lease liability, except for short-term leases that have a lease term of 12 months or less and leases of low-value assets. The lease payments associated with those leases which are not capitalised are recognised as an expense on a systematic basis over the lease term.

Where the lease is capitalised, the lease liability is initially recognised at the present value of the lease payments payable over the lease term, discounted using the interest rate implicit in the lease or, if that rate cannot be readily determined, using a relevant incremental borrowing rate. After initial recognition, the lease liability is measured at amortised cost and interest expense is calculated using the effective interest method. Variable lease payments that do not depend on an index or rate are not included in the measurement of the lease liability and hence are charged to profit or loss in the accounting period in which they are incurred.

The right-of-use asset recognised when a lease is capitalised is initially measured at cost, which comprises the initial amount of the lease liability plus any lease payments made at or before the commencement date, and any initial direct costs incurred. Where applicable, the cost of the right-of-use assets also includes an estimate of costs to dismantle and remove the underlying asset or to restore the underlying asset or the site on which it is located, discounted to their present value, less any lease incentives received. The right-of-use asset is subsequently stated at cost less accumulated depreciation and impairment losses.

### 3. Basis of Preparation of the Consolidated Financial Statements and Material Accounting Policy Information *(Continued)*

#### 3.2 *Material accounting policy information (Continued)*

##### *Leased assets (Continued)*

##### *As a lessee (Continued)*

The lease liability is remeasured when there is a change in future lease payments arising from a change in an index or rate, or there is a change in the Group's estimate of the amount expected to be payable under a residual value guarantee, or there is a change arising from the reassessment of whether the Group will be reasonably certain to exercise a purchase, extension or termination option. When the lease liability is remeasured in this way, a corresponding adjustment is made to the carrying amount of the right-of-use asset, or is recorded in profit or loss if the carrying amount of the right-of-use asset has been reduced to zero.

The lease liability is also remeasured when there is a change in the scope of a lease or the consideration for a lease that is not originally provided for in the lease contract is not accounted for as a separate lease. In this case the lease liability is remeasured based on the revised lease payments and lease term using a revised discount rate at the effective date of the modification. The only exceptions are any rent concessions which arose as a direct consequence of the COVID-19 pandemic and which satisfied the conditions set out in paragraph 46B of HKFRS 16. In such cases, the Group took advantage of the practical expedient set out in paragraph 46A of HKFRS 16 and recognised the change in consideration as if it were not a lease modification.

In the consolidated statement of financial position, the current portion of long-term lease liabilities is determined as the present value of contractual payments that are due to be settled within twelve months after the reporting period.

##### *Financial assets and liabilities*

##### *Initial recognition and measurement*

Financial assets and financial liabilities are recognised when the entity becomes a party to the contractual provisions of the instrument. Regular way purchases and sales of financial assets are recognised on trade-date, the date on which the Group commits to purchase or sell the asset.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 3. Basis of Preparation of the Consolidated Financial Statements and Material Accounting Policy Information *(Continued)*

#### 3.2 *Material accounting policy information (Continued)*

##### *Financial assets and liabilities (Continued)*

##### *Initial recognition and measurement (Continued)*

At initial recognition, the Group measures a financial asset or financial liability at its fair value plus or minus, in the case of a financial asset or financial liability not at FVTPL, transaction costs that are incremental and directly attributable to the acquisition or issue of the financial asset or financial liability, such as fees and commissions, except for trade receivables arising from contracts with customers which are initially measured in accordance with HKFRS 15 “Revenue from Contracts with Customers”. Transaction costs of financial assets and financial liabilities carried at FVTPL are expensed in profit or loss. Immediately after initial recognition, impairment for financial assets measured at amortised cost and investments in debt instruments measured at fair value through other comprehensive income (“FVTOCI”) is assessed under expected credit loss (“ECL”) model, and may result in an accounting loss being recognised in profit or loss when an asset is newly originated.

The effective interest method is a method of calculating the amortised cost of a financial asset or financial liability and of allocating interest income and interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts and payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial asset or financial liability, or, where appropriate, a shorter period, to the net carrying amount on initial recognition.

When the fair value of financial assets and liabilities differs from the transaction price on initial recognition, the entity recognises the difference as follows:

- (i) When the fair value is evidenced by a quoted price in an active market for an identical asset or liability (i.e. a Level 1 input) or based on a valuation technique that uses only data from observable markets, the difference is recognised as a gain or loss.
- (ii) In all other cases, the difference is deferred and the timing of recognition of deferred day one profit or loss is determined individually. It is either amortised over the life of the instrument, deferred until the instrument’s fair value can be determined using market observable inputs, or realised through settlement.

##### *Initial recognition and measurement (Continued)*

(a) Financial assets

(i) Classification and subsequent measurement

The Group's financial assets include loans receivables, interest receivables, other receivables and deposits, amounts due from associates, other financial assets, and cash and cash equivalents.

The Group classifies its financial assets in the following measurement categories:

- (i) FVTPL;
- (ii) FVTOCI; or
- (iii) Amortised cost.

The classification requirements for debt and equity instruments are described below:

##### Debt instruments

Classification and subsequent measurement of debt instruments depend on:

- (i) the Group's business model for managing the asset; and
- (ii) the cash flows characteristics of the asset.

Business model assessment:

The business model reflects how the Group manages the assets in order to generate cash flows. That is, whether the Group's objective is solely to collect the contractual cash flows from the assets or is to collect both the contractual cash flows and cash flows arising from the sale of assets. If neither of these is applicable (e.g. financial assets are held for trading purposes), then the financial assets are classified as part of 'other' business model and measured at FVTPL. Factors considered by the Group in determining the business model for a group of assets include past experience on how the cash flows for these assets were collected, how the asset's performance is evaluated and reported to key management personnel, how risks are assessed and managed and how managers are compensated.

##### Debt instruments *(Continued)*

SPPI test:

The Group assesses the contractual terms of instruments to identify whether the contractual cash flows are “solely payments of principal and interest (“SPPI”) on the principal amount outstanding”. Financial assets that are consistent with a basic lending arrangement are considered to meet the SPPI criterion. In a “basic lending arrangement”, consideration for the time value of money and credit risk are typically the most significant elements of interest. It may also include consideration for other basic lending risks such as liquidity risks, costs associated with holding the financial assets for a period of time (e.g., servicing or administrative costs) and a profit margin.

Financial assets with embedded derivatives are considered in their entirety when determining whether their cash flows are solely payments of principal and interest.

Based on these factors, the Group classifies its debt instruments into one of the following three measurement categories:

Amortised cost: Assets that are held for collection of contractual cash flows where those cash flows represent SPPI, and that are not designated at FVTPL, are measured at amortised cost. The carrying amount of these assets is adjusted by any ECL allowance recognised and measured at the end of each reporting period. Interest income from these financial assets is included in “Interest income” using the effective interest rate method.

##### Debt instruments (Continued)

FVTOCI: Financial assets that are held for collection of contractual cash flows and for selling the assets, where the assets' cash flows represent SPPI, and that are not designated as at FVTPL, are measured at FVTOCI. Movements in the carrying amount are taken through other comprehensive income ("OCI"), except for the recognition of impairment gains or losses, interest revenue and foreign exchange gains and losses which are recognised in profit or loss. When the financial asset is derecognised, the cumulative gain or loss previously recognised in OCI is reclassified from equity to profit or loss and recognised in "other income". Interest income from these financial assets is included in "other income" using the effective interest rate method.

FVTPL: Assets that do not meet the criteria for amortised cost or FVTOCI are measured at FVTPL. A gain or loss on a debt investment that is subsequently measured at FVTPL and is not part of a hedging relationship is recognised in profit or loss and presented in the consolidated statement of profit or loss within "other income" in the reporting period in which it arises, unless it arises from debt instruments that were designated as at fair value or which are not held for trading, in which case they are presented separately in "other income". Interest income from these financial assets is included in "interest income" using the effective interest rate method.

The Group reclassifies debt investments when and only when its business model for managing those assets changes. The reclassification takes place from the start of the first reporting period following the change. Such changes are expected to be very infrequent and none occurred during the reporting period.

##### Equity instruments

Equity instruments are instruments that meet the definition of equity from the issuer's perspective; that is, instruments that do not contain a contractual obligation to pay and that evidence a residual interest in the issuer's net assets. Examples of equity instruments include basic ordinary shares.

The Group subsequently measures all equity investments at FVTPL, except where the Group's management has elected, at initial recognition, to irrevocably designate an equity investment as at FVTOCI. The Group's policy is to designate equity investments as at FVTOCI when those investments are held for purposes other than to generate investment returns. When this election is used, fair value gains and losses are recognised in OCI and are not subsequently reclassified to profit or loss, including on disposal. Impairment losses (and reversal of impairment losses) are not reported separately from other changes in fair value. Dividends, when represent a return on such investments, continue to be recognised in profit or loss as other income when the Group's right to receive payments is established.

Gains and losses on equity investments at FVTPL are included in the "other income" line in the consolidated statement of profit or loss.

##### (ii) Impairment

The Group applies a simplified approach to measure ECL on account receivables from customers for provision of education consultancy services and a general approach to measure ECL on loan receivables, interest receivables, other receivables and deposits amounts due from associates, amounts due from joint ventures and cash at banks as well as loan commitment.

##### *Initial recognition and measurement (Continued)*

##### (a) Financial assets *(Continued)*

##### (ii) Impairment *(Continued)*

Under the simplified approach, the Group measures the loss based on lifetime ECL. Under the general approach, financial assets migrate through the following three stages based on the change in credit risk since initial recognition:

##### Stage 1: 12-month (“12m”) ECL

For exposures where there has not been a significant increase in credit risk since initial recognition and that are not credit-impaired upon origination, the portion of the lifetime ECL associated with the probability of default events occurring within the next 12 months is recognised.

##### Stage 2: Lifetime ECL – not credit-impaired

For exposures where there has been a significant increase in credit risk since initial recognition but are not credit impaired, a lifetime ECL (i.e. reflecting the remaining lifetime of the financial asset) is recognised.

The following information is taken into account when assessing whether credit risk has increased significantly since initial recognition:

- failure to make payments of principal or interest on their contractually due dates;
- an actual or expected significant deterioration in a financial instrument’s external or internal credit rating (if available);
- an actual or expected significant deterioration in the operating results of the debtor; and
- existing or forecast changes in the technological, market, economic or legal environment that have a significant adverse effect on the debtor’s ability to meet its obligation to the Group.

##### *Financial assets and liabilities (Continued)*

##### *Initial recognition and measurement (Continued)*

##### (a) Financial assets *(Continued)*

##### (ii) Impairment *(Continued)*

##### Stage 3: Lifetime ECL – credit-impaired

Exposures are assessed as credit-impaired when one or more events that have a detrimental impact on the estimated future cash flows of that asset have occurred. For exposures that have become credit-impaired, a lifetime ECL is recognised and interest revenue is calculated by applying the effective interest rate to the amortised cost (net of provision) rather than the gross carrying amount.

Evidence that a financial asset is credit-impaired includes the following observable events:

- significant financial difficulties of the debtor;
- a breach of contract, such as a default or past due event;
- it becoming probable that the borrower will enter into bankruptcy or other financial reorganisation;
- significant changes in the technological, market, economic or legal environment that have an adverse effect on the debtor; or
- the disappearance of an active market for a security because of financial difficulties of the issuer.

At each reporting date, the Group assesses whether there has been a significant increase in credit risk for exposures since initial recognition by comparing the risk of default occurring over the expected life between the reporting date and the date of initial recognition. The Group considers reasonable and supportable information that is relevant and available without undue cost or effort for this purpose. This includes quantitative and qualitative information and also, forward-looking analysis. A loan that is overdue for 90 days or more is considered as default.

##### *Initial recognition and measurement (Continued)*

##### (a) *Financial assets (Continued)*

##### (ii) *Impairment (Continued)*

##### Stage 3: Lifetime ECL – credit-impaired (Continued)

The Group assesses whether the credit risk on an exposure has increased significantly on an individual or collective basis. For the purposes of a collective evaluation of impairment, financial instruments are grouped on the basis of shared credit risk characteristics, taking into account instrument type, remaining term to maturity and other relevant factors.

The amount of ECL is measured as the probability-weighted present value of all cash shortfalls over the expected life of the financial asset discounted at its original effective interest rate. The cash shortfall is the difference between all contractual cash flows that are due to the Group and all the cash flows that the Group expects to receive. The amount of the loss is recognised using a provision for ECL account.

If, in a subsequent period, credit quality improves and reverses any previously assessed significant increase in credit risk since origination, then the provision for ECL reverts from lifetime ECL to 12m ECL.

##### (iii) *Modification of loans*

The Group sometimes renegotiates or otherwise modifies the contractual cash flows of loans to customers. When this happens, the Group assesses whether or not the new terms are substantially different to the original terms.

The Group does this by considering, among others, the following factors:

- If the borrower is in financial difficulty, whether the modification merely reduces the contractual cash flows to amounts the borrower is expected to be able to pay.
- Whether any substantial new terms are introduced, such as a profit share/ equity-based return that substantially affects the risk profile of the loan.

##### (iii) Modification of loans *(Continued)*

- Significant extension of the loan term when the borrower is not in financial difficulty.
- Significant change in the interest rate.
- Change in the currency the loan is denominated in.
- Insertion of collateral, other security or credit enhancements that significantly affect the credit risk associated with the loan.

If the terms are substantially different, the Group derecognises the original financial asset and recognises a “new” asset at fair value and recalculates a new effective interest rate for the asset. The date of renegotiation is consequently considered to be the date of initial recognition for impairment calculation purposes, including for the purpose of determining whether a significant increase in credit risk has occurred. However, the Group also assesses whether the new financial asset recognised is deemed to be credit-impaired at initial recognition, especially in circumstances where the renegotiation was driven by the debtor being unable to make the originally agreed payments. Differences in the carrying amount are also recognised in profit or loss as a gain or loss on derecognition.

If the terms are not substantially different, the renegotiation or modification does not result in derecognition, and the Group recalculates the gross carrying amount based on the revised cash flows of the financial asset and recognises a modification gain or loss in profit or loss. The new gross carrying amount is recalculated by discounting the modified cash flows at the original effective interest rate (or credit-adjusted effective interest rate for purchased or originated credit-impaired financial assets).

##### (a) Financial assets *(Continued)*

##### (iv) Derecognition other than on a modification

Financial assets, or a portion thereof, are derecognised when the contractual rights to receive the cash flows from the assets have expired, or when they have been transferred and either (i) the Group transfers substantially all the risks and rewards of ownership, or (ii) the Group neither transfers nor retains substantially all the risks and rewards of ownership and the Group has not retained control.

The Group enters into transactions where it retains the contractual rights to receive cash flows from assets but assumes a contractual obligation to pay those cash flows to other entities and transfers substantially all of the risks and rewards. These transactions are accounted for as “pass through” transfers that result in derecognition if the Group:

- (i) has no obligation to make payments unless it collects equivalent amounts from the assets;
- (ii) is prohibited from selling or pledging the assets; and
- (iii) has an obligation to remit any cash it collects from the assets without material delay.

Collateral (shares and bonds) furnished by the Group under standard repurchase agreements and securities lending and borrowing transactions is not derecognised because the Group retains substantially all the risks and rewards on the basis of the predetermined repurchase price, and the criteria for derecognition are therefore not met. This also applies to certain securitisation transactions in which the Group retains a subordinated residual interest.

##### (b) Financial liabilities

###### Classification and subsequent measurement

Financial liabilities are subsequently measured at amortised cost using the effective interest method. Financial liabilities are derecognised when the obligation specified in the contract is discharged or cancelled, or expires.

###### Credit losses from financial guarantees contracts

Financial guarantees are contracts that require the issuer (i.e. the guarantor) to make specified payments to reimburse the beneficiary of the guarantee (the “holder”) for a loss the holder incurs because a specified debtor fails to make payment when due in accordance with the terms of a debt instrument.

Financial guarantees contracts are initially recognised at fair value, which is determined by reference to fees charged in an arm’s length transaction for similar services, when such information is obtainable, or to interest rate differentials, by comparing the actual rates charged by lenders when the guarantee is made available with the estimated rates that lenders would have charged, had the guarantees not been available, where reliable estimates of such information can be made. Where consideration is received or receivable for the issuance of the guarantee, the consideration is recognised in accordance with the Group’s policies applicable to that category of asset. Where no such consideration is received or receivable, an immediate expense is recognised in profit or loss.

In the case of the guarantee issued by the Company in respect of a loan to its wholly owned subsidiary, the asset identified could be a form of capital contribution i.e. an addition to the cost of the investment in the subsidiary. This is on the basis that, all other things being equal, the subsidiary will earn enhanced profits as a result of the financial guarantee from having secured borrowings at a lower rate than it would have done without the guarantee, and these profits will eventually flow to the Company by way of dividends or enhanced disposal proceeds. The increased aggregate cost of investment would then be subject to the normal rules applied to investments in subsidiaries, in particular concerning the calculation of impairment losses. Subsequent to initial recognition, the amount initially recognised as deferred income is amortised in profit or loss over the term of the guarantee as income from financial guarantees contracts.

##### *Financial assets and liabilities (Continued)*

##### *Initial recognition and measurement (Continued)*

##### (b) *Financial liabilities (Continued)*

##### Credit losses from financial guarantees contracts *(Continued)*

The Group monitors the risk that the specified debtor will default on the contract and recognises a provision when ECLs on the financial guarantees are determined to be higher than the amount carried in liabilities arising from loan guarantee contracts in respect of the guarantees (i.e. the amount initially recognised, less accumulated amortisation).

To determine ECLs, the Group considers changes in the risk of default of the specified debtor since the issuance of the guarantee. A 12m ECL is measured unless the risk that the specified debtor will default has increased significantly since the guarantee is issued, in which case a lifetime ECL is measured.

As the Group is required to make payments only in the event of a default by the specified debtor in accordance with the terms of the instrument that is guaranteed, an ECL is estimated based on the expected payments to reimburse the holder for a credit loss that it incurs less any amount that the Group expects to receive from the holder of the guarantee, the specified debtor or any other party. The amount is then discounted using the current risk-free rate adjusted for risks specific to the cash flows.

##### (c) *Offsetting of financial instruments*

Financial assets and financial liabilities are offset and the net amount is reported in the consolidated statement of financial position if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, or to realise the assets and settle the liabilities simultaneously.

### 3. Basis of Preparation of the Consolidated Financial Statements and Material Accounting Policy Information *(Continued)*

#### 3.2 *Material accounting policy information (Continued)*

##### *Impairment of non-financial assets*

Internal and external sources of information are reviewed at the end of each reporting period to identify indications that the following assets may be impaired or, except in the case of goodwill, an impairment loss previously recognised no longer exists or may have decreased:

- property, plant and equipment, including right-of-use assets;
- interests in associates;
- intangible assets;
- goodwill; and
- investments in subsidiaries and associates in the Company's statement of financial position.

If any such indication exists, the asset's recoverable amount is estimated. In addition, for goodwill and intangible assets that have indefinite useful lives, the recoverable amount is estimated annually whether or not there is any indication of impairment.

##### – *Calculation of recoverable amount*

The recoverable amount of an asset is the greater of its fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset. Where an asset does not generate cash inflows largely independent of those from other assets, the recoverable amount is determined for the smallest group of assets that generates cash inflows independently (i.e. a cash-generating unit).

#### 3.2 *Material accounting policy information (Continued)*

##### *Impairment of non-financial assets (Continued)*

###### – *Recognition of impairment losses*

An impairment loss is recognised in profit or loss if the carrying amount of an asset, or the cash-generating unit to which it belongs, exceeds its recoverable amount. Impairment losses recognised in respect of cash-generating units are allocated first to reduce the carrying amount of any goodwill allocated to the cash-generating unit (or group of units) and then, to reduce the carrying amount of the other assets in the unit (or group of units) on a pro rata basis, except that the carrying value of an asset will not be reduced below its individual fair value less costs of disposal (if measurable) or value in use (if determinable).

###### – *Reversals of impairment losses*

In respect of assets other than goodwill, an impairment loss is reversed if there has been a favourable change in the estimates used to determine the recoverable amount. An impairment loss in respect of goodwill is not reversed.

A reversal of an impairment loss is limited to the asset's carrying amount that would have been determined had no impairment loss been recognised in prior years. Reversals of impairment losses are credited to profit or loss in the year in which the reversals are recognised.

##### *Cash and cash equivalents*

Cash and cash equivalents comprise cash at banks and on hand, demand deposits with banks and other financial institutions, and short-term, highly liquid investments that are readily convertible into known amounts of cash and which are subject to an insignificant risk of changes in value, having been within three months of maturity at acquisition. Cash equivalents are assessed for ECL at the end of the reporting period.

#### 3.2 *Material accounting policy information (Continued)*

##### *Employee benefits and share-based payment arrangements*

(i) *Short-term employee benefits and contributions to defined contribution retirement plans*

Salaries, annual bonuses, paid annual leave, contributions to defined contribution retirement plans, and the cost of non-monetary benefits are accrued in the year in which the associated services are rendered by employees. Where payment or settlement is deferred and the effect would be material, these amounts are stated at their present values.

(ii) *Share-based payments to employees*

The fair value of share options granted to employees is recognised as an employee cost with a corresponding increase in share-based compensation reserve within equity. The fair value is measured at grant date taking into account the terms and conditions upon which the options were granted. Where the employees have to meet vesting conditions before becoming unconditionally entitled to the options, the total estimated fair value of the options is spread over the vesting period, taking into account the probability that the options will vest.

During the vesting period, the number of share options that is expected to vest is reviewed. Any resulting adjustment to the cumulative fair value recognised in prior years is charged/credited to the profit or loss for the year of the review, unless the original employee expenses qualify for recognition as an asset, with a corresponding adjustment to the share-based compensation reserve. On vesting date, the amount recognised as an expense is adjusted to reflect the actual number of options that vest (with a corresponding adjustment to the share-based compensation reserve) except where forfeiture is only due to not achieving vesting conditions that relate to the market price of the Company's shares. The equity amount is recognised in the share-based compensation reserve until either the option is exercised (when it is included in the amount recognised in share capital for the shares issued) or the option expires (when it is released directly to retained earnings or accumulated losses).

### 3. Basis of Preparation of the Consolidated Financial Statements and Material Accounting Policy Information *(Continued)*

#### 3.2 *Material accounting policy information (Continued)*

##### *Employee benefits and share-based payment arrangements (Continued)*

##### *(iii) Share-based payments to consultants*

Share options issued in exchange for goods or services are measured at the fair values of the goods or services received, unless that fair value cannot be estimated reliably, in which case the goods or services received are measured by reference to the fair value of the share options granted. The fair values of the goods or services received are recognised as expenses, with a corresponding increase in equity (share-based compensation reserve), when the Group obtains the goods or when the counterparties render services, unless the goods or services qualify for recognition as assets.

##### *(iv) Shares held under the share award scheme*

Own equity instruments which are reacquired (shares held under the share award scheme) are recognised at cost and deducted from equity. No gain or loss is recognised in profit or loss on the purchase, sale, issue or cancellation of the Group's own equity instruments. Any difference between the carrying amount and the consideration is recognised in equity.

##### *(v) Share-based payments to employees under share award scheme*

The cost of equity-settled transactions with employees is measured by reference to the fair value at the date at which they are granted. The cost of equity-settled transactions is recognised, together with a corresponding increase in the "share award reserve" under equity, over the period in which the performance and/or service conditions are fulfilled in share-based compensation expense. The cumulative expense recognised for equity-settled transactions at the end of each reporting period until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of equity instruments that will ultimately vest. The charge or credit to profit or loss for a period represents the movement in the cumulative expense recognised as at the beginning and end of that reporting period.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

#### 3.2 *Material accounting policy information (Continued)*

##### *Employee benefits and share-based payment arrangements (Continued)*

##### *(v) Share-based payments to employees under share award scheme (Continued)*

No expense is recognised for awards that do not ultimately vest, except for equity-settled transactions where vesting is conditional upon a market or non-vesting condition, which are treated as vesting irrespective of whether or not the market or non-vesting condition is satisfied, provided that all other performance and/or service conditions are satisfied.

Where the terms of an equity-settled award are modified, as a minimum an expense is recognised as if the terms had not been modified. In addition, an expense is recognised for any modification that increases the total fair value of the share-based payments, or is otherwise beneficial to the employee as measured at the date of modification.

Where an equity-settled award is cancelled, it is treated as if it had vested on the date of cancellation, and any expense not yet recognised for the award is recognised immediately. This includes any award where non-vesting conditions within the control of either the Group or the employee are not met. However, if a new award is substituted for the cancelled award, and is designated as a replacement award on the date that it is granted, the cancelled and new awards are treated as if they were a modification of the original award, as described in the previous paragraph.

##### *Provisions and contingent liabilities*

Provisions are recognised when the Group has a legal or constructive obligation arising as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made. Where the time value of money is material, provisions are stated at the present value of the expenditures expected to settle the obligation.

Where it is not probable that an outflow of economic benefits will be required, or the amount cannot be estimated reliably, the obligation is disclosed as a contingent liability, unless the probability of outflow of economic benefits is remote. Possible obligations, whose existence will only be confirmed by the occurrence or non-occurrence of one or more future events are also disclosed as contingent liabilities unless the probability of outflow of economic benefits is remote.

##### *Revenue recognition*

Income derived from the provision short-term financing of services in the ordinary course of the Group's business is classified by the Group as revenue.

Revenue is recognised when service is transferred to the customer at the amount of promised consideration to which the Group is expected to be entitled, excluding those amounts collected on behalf of third parties. Revenue excludes value-added tax or other sales taxes, if applicable.

Further details of the Group's revenue and other income recognition policies are as follows:

##### *(i) Revenue from financing services*

Interest income is recognised in the consolidated statement of profit or loss for all financial assets using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial asset and of allocating the interest income over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash receipts through the expected life of the financial instrument or, when appropriate, a shorter period to the net carrying amount of the financial asset. When calculating the effective interest rate, the Group estimates future cash flows considering all contractual terms of the financial instrument but does not consider future credit losses. The calculation includes fees, premiums or discounts and basis points paid or received between parties to the contract, and directly attributable origination fees and costs which represent an integral part of the effective yield.

##### *(ii) Dividends*

- Dividend income from unlisted investments is recognised when the shareholder's right to receive payment is established.
  
- Dividend income from listed investments is recognised when the share price of the investment goes ex-dividend.

##### *(iii) Education consultancy service income*

Income from such services are recognised when related services are rendered.

##### *(iv) Other interest income*

Other interest income is recognised as it accrues using the effective interest method.

##### *(v) Other service income*

Income arising from the provision of other services is recognised when the relevant services are rendered.

##### *(vi) Income from financial guarantee contracts*

Income from financial guarantee contracts is recognised over the term of the guarantees.

##### *Income tax*

Income tax for the year comprises current tax and movements in deferred tax assets and liabilities. Current tax and movements in deferred tax assets and liabilities are recognised in profit or loss except to the extent that they relate to items recognised in other comprehensive income or directly in equity, in which case the relevant amounts of tax are recognised in other comprehensive income or directly in equity, respectively.

Current tax is the expected tax payable on the taxable income for the year, using tax rates enacted or substantively enacted at the end of reporting period, and any adjustment to tax payable in respect of previous years.

For the year ended 31 December 2023

### 3. Basis of Preparation of the Consolidated Financial Statements and Material Accounting Policy Information *(Continued)*

#### 3.2 *Material accounting policy information (Continued)*

##### *Income tax (Continued)*

Deferred tax assets and liabilities arise from deductible and taxable temporary differences respectively, being the differences between the carrying amounts of assets and liabilities for financial reporting purposes and their tax bases. Deferred tax assets also arise from unused tax losses and unused tax credits.

Apart from certain limited exceptions, all deferred tax liabilities, and all deferred tax assets to the extent that it is probable that future taxable profits will be available against which the asset can be utilised, are recognised. Future taxable profits that may support the recognition of deferred tax assets arising from deductible temporary differences include those that will arise from the reversal of existing taxable temporary differences, provided those differences relate to the same taxation authority and the same taxable entity, and are expected to reverse either in the same period as the expected reversal of the deductible temporary differences or in periods into which a tax loss arising from the deferred tax asset can be carried back or forward. The same criteria are adopted when determining whether existing taxable temporary differences support the recognition of deferred tax assets arising from unused tax losses and credits, that is, those differences are taken into account if they relate to the same taxation authority and the same taxable entity, and are expected to reverse in a period, or periods, in which the tax loss or credit can be utilised.

The limited exceptions to recognition of deferred tax assets and liabilities are those temporary differences arising from goodwill not deductible for tax purposes, the initial recognition of assets or liabilities that affect neither accounting nor taxable profit (provided they are not part of a business combination and does not give rise to equal taxable and deductible temporary differences), and temporary differences relating to investments in subsidiaries to the extent that, in the case of taxable differences, the Group controls the timing of the reversal and it is probable that the differences will not reverse in the foreseeable future, or in the case of deductible differences, unless it is probable that they will reverse in the future.

The amount of deferred tax recognised is measured based on the expected manner of realisation or settlement of the carrying amount of the assets and liabilities, using tax rates enacted or substantially enacted at the end of the reporting period. Deferred tax assets and liabilities are not discounted.

### 3. Basis of Preparation of the Consolidated Financial Statements and Material Accounting Policy Information *(Continued)*

#### 3.2 *Material accounting policy information (Continued)*

##### *Income tax (Continued)*

The carrying amount of a deferred tax asset is reviewed at the end of each reporting period and is reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow the related tax benefit to be utilised. Any such reduction is reversed to the extent that it becomes probable that sufficient taxable profits will be available.

Additional income taxes that arise from the distribution of dividends are recognised when the liability to pay the related dividends is recognised.

Current tax balances and deferred tax balances, and movements therein, are presented separately from each other and are not offset. Current tax assets are offset against current tax liabilities, and deferred tax assets against deferred tax liabilities, if the Group has the legally enforceable right to set off current tax assets against current tax liabilities and the following additional conditions are met:

- in the case of current tax assets and liabilities, the Group intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously; or
- in the case of deferred tax assets and liabilities, if they relate to income taxes levied by the same taxation authority on either:
  - the same taxable entity; or
  - different taxable entities, which, in each future period in which significant amounts of deferred tax liabilities or assets are expected to be settled or recovered, intend to realise the current tax assets and settle the current tax liabilities on a net basis or realise and settle simultaneously.

##### *Translation of foreign currencies*

###### *(i) Functional and presentation currency*

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates ("the functional currency").

##### *Translation of foreign currencies (Continued)*

##### *(ii) Transactions and balances*

Foreign currency transactions during the year are translated at the foreign exchange rates ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the foreign exchange rates ruling at the end of the reporting period. Exchange gains and losses are recognised in profit or loss.

Non-monetary assets and liabilities that are measured in terms of historical cost in a foreign currency are translated using the foreign exchange rates ruling at the transaction dates. Non-monetary assets and liabilities denominated in foreign currencies that are stated at fair value are translated using the foreign exchange rates ruling at the dates the fair value was measured.

The results of foreign operations are translated into Hong Kong dollars at the exchange rates approximating the foreign exchange rates ruling at the dates of the transactions. Consolidated statement of financial position items, including goodwill arising on consolidation of foreign operations acquired on or after 1 January 2005, are translated into Hong Kong dollars at the closing foreign exchange rates at the end of the reporting period. The resulting exchange differences are recognised in other comprehensive income and accumulated separately in equity in the exchange reserve. Goodwill arising on consolidation of a foreign operation acquired before 1 January 2005 is translated at the foreign exchange rate that applied at the date of acquisition of foreign operation.

On the disposal of a foreign operation (that is, a disposal of the Group's entire interest in a foreign operation, or a disposal involving loss of control over a subsidiary that includes a foreign operation, or a partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), the cumulative amount of the exchange differences in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

##### *Borrowing costs*

Borrowing costs that are directly attributable to the acquisition, construction or production of an asset which necessarily takes a substantial period of time to get ready for its intended use or sale are capitalised as part of the cost of that asset. Other borrowing costs are expensed in the period in which they are incurred.

The capitalisation of borrowing costs as part of the cost of a qualifying asset commences when expenditure for the asset is being incurred, borrowing costs are being incurred and activities that are necessary to prepare the asset for its intended use or sale are in progress. Capitalisation of borrowing costs is suspended or ceases when substantially all the activities necessary to prepare the qualifying asset for its intended use or sale are interrupted or complete.

##### *Government grants*

Government grants are not recognised until there is reasonable assurance that the Group will comply with the conditions attaching to them and that the grants will be received.

Government grants related to income that are receivable as compensation for expenses or losses already incurred or for the purpose of giving immediate financial support to the Group with no future related costs are recognised in profit or loss in the period in which they become receivable. Such grants are presented under “other income”.

### 4. Key Sources of Estimation Uncertainty

In the application of the Group's accounting policies, which are described in Note 3, management of the Group is required to make judgements, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised if the revision affects only that period or in the period of the revision and future periods if the revision affects both current and future periods.

#### *Key sources of estimation uncertainty*

The following are the key assumptions concerning the future, and other key sources of estimation uncertainty at the end of the reporting period, that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year.

(i) *Impairment assessment of goodwill (Carrying amount – HK\$300,073,000 (2022: HK\$337,522,000))*

Determining whether goodwill is impaired requires an estimation of the value in use of the cash-generating units to which goodwill has been allocated. The value in use calculation requires the Group to estimate the future cash flows expected to arise from the cash-generating units and a suitable discount rate in order to calculate the present value. Where the actual future cash flows are less than expected, a material impairment loss may arise.

(ii) *Valuation of loan receivables (Carrying amount – HK\$1,191,946,000 (2022: HK\$1,625,007,000))*

The measurement of impairment losses under HKFRS 9 "Financial Instruments" across all categories of financial assets requires judgement, in particular, the estimation of the amount and timing of future cash flows and collateral values when determining impairment losses and the assessment of a significant increase in credit risk. These estimates are driven by a number of factors, changes in which can result in different levels of allowances.

*(ii) Valuation of loan receivables (Carrying amount – HK\$1,191,946,000 (2022: HK\$1,625,007,000)) (Continued)*

The Group's ECL calculations are outputs of complex models with a number of underlying assumptions regarding the choice of variable inputs and their interdependencies. Elements of the ECL models that are considered accounting judgements and estimates include:

- The Group's internal credit grading model, which assigns probabilities of default to the individual grades;
- The Group's criteria for assessing if there has been a significant increase in credit risk and so allowances for financial assets should be measured on a lifetime ECL basis and the qualitative assessment;
- The segmentation of financial assets based on risk characteristics of the customers and product types when their ECL is assessed on a collective basis;
- Development of ECL models, including the various formulas and the choice of inputs over determination of the period over which the entity is exposed to credit risk based on the behavioural life of the credit exposures, loss given default and collateral recovery of the credit exposures; and
- Determination of associations between macroeconomic scenarios and, economic inputs, such as Gross Domestic Product growth, Property Price Index, Inflation Rate and Unemployment Rate, and the effect on probabilities of default, exposures at default and losses given default.

It has been the Group's policy to regularly review its models in the context of actual loss experience and adjust when necessary.

- (i) The Group is subject to income tax on an entity basis on profits arising in or derived from the jurisdictions in which members of the Group are domiciled and operates.
- (ii) No provision for Hong Kong Profits Tax had been made in the financial statements as the Group did not have assessable profits arising in Hong Kong for the current and prior years.
- (iii) Pursuant to the rules and regulations of the British Virgin Islands (“BVI”) and Cayman Islands, the Group is not subject to any income tax in the respective jurisdictions.
- (iv) The provision for the PRC Enterprise Income Tax of the subsidiaries established in the PRC is calculated at 25% of the estimated taxable profits for the current and prior years.
- (v) Pursuant the Enterprise Income Tax Law and its implementation rules, dividends receivable by non-PRC corporate residents from PRC enterprises are subject to withholding tax at a rate of 10%, unless reduced by tax treaties or arrangements, for profits earned since 1 January 2008. In addition, under the Sino-Hong Kong Double Tax Arrangement, a qualified Hong Kong tax resident will be liable for withholding tax at the rate of 5% for dividend income derived from the PRC if the Hong Kong tax resident is the “beneficial owner” and holds 25% or more of the equity interests of the PRC enterprise.

Deferred tax liabilities have been provided for in this regard based on the expected dividends to be distributed from the Group’s PRC subsidiaries in the foreseeable future in respect of profits generated since 1 January 2008 (Note 27).

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 15. Goodwill (Continued)

#### Division A

The recoverable amount of the Division A is determined based on the value in use calculations from a business valuation report on the Division A prepared by an independent qualified professional valuer, Peak Vision Appraisals Limited (2022: Peak Vision Appraisals Limited). These calculations use cash flow projections based on financial budgets approved by management covering a five-year period (2022: five-year period). Cash flows beyond the five-year period (2022: five-year period) are extrapolated using an estimated growth rate stated below which is by reference to the forecasts based on the funds available for the Group's loan financing business and does not exceed the forecasts included in industry reports. The growth rates used do not exceed the long-term average growth rates for the business in which the Division A operates. The cash flows are discounted using the discount rate stated below. The discount rates used are pre-tax and reflect specific risks relating to Division A.

Key assumptions used for the value-in-use calculations are as follows:

	2023	2022
Growth rate	2.0%	2.0%
Operating margin	48.17%	45.4%
Discount rate	13.20%	12.57%

Management determined the budgeted operating margin based on past performance and its expectation for market development.

During the year ended 31 December 2023, the trend for interest rate for loan receivables is estimated to be downward under the present economic environment, resulting in the lower estimated future revenue than previously expected. Accordingly, the estimated recoverable amount of Division A is lower than its carrying amount, hence an impairment loss of HK\$32,882,000 is recognised on the goodwill allocated to Division A during the year.

During the year ended 31 December 2022, since the recoverable amount of Division A was larger than its carrying amount, the directors of the Company considered that no impairment of goodwill allocated to Division A was recognised.

#### Division B and Division C

For the year ended 31 December 2023, since the recoverable amounts of Division B and Division C were larger than the carrying amounts, the directors of the Company considered that no impairment of goodwill was recognised (2022: Nil).

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

### 16. Intangible Assets

	<b>Club memberships</b> HK\$'000
At 1 January 2022	14,103
Impairment	(538)
At 31 December 2022	13,565
Impairment	(687)
At 31 December 2023	12,878

The club memberships have been considered to have indefinite lives because they are expected to contribute to the net cash flows of the Group indefinitely, and are not amortised.

For the year ended 31 December 2023, the directors of the Company considered that the recoverable amount of the club memberships was lower than its carrying amount, an impairment of HK\$687,000 (2022: HK\$538,000) was recognised in profit or loss.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 21. Interest Receivables

	<b>2023</b>	2022
	<b>HK\$'000</b>	HK\$'000
Interest receivables	<b>6,199</b>	11,710

All of the interest receivables are expected to be recovered within one year.

#### *Ageing analysis*

As at the end of the reporting period, the ageing analysis of interest receivables, based on the revenue recognition date, is as follows:

	<b>2023</b>	2022
	<b>HK\$'000</b>	HK\$'000
Within 1 month	<b>2,463</b>	2,983
1 to 3 months	<b>709</b>	2,198
3 to 6 months	<b>360</b>	952
Over 6 months	<b>2,667</b>	5,577
	<b>6,199</b>	11,710

Interest receivables are due on the date of billing (or on maturity date corresponding of loan receivables according to the relevant loan agreements).

As at 31 December 2023, included in the Group's interest receivables balance are debtors with aggregate carrying amount (net of ECL) of HK\$4,520,000 (2022: HK\$10,680,000) which are past due. Out of the past due balances, HK\$3,161,000 (2022: HK\$6,607,000) has been past due 90 days or more. The directors of the Company consider credit risks have increased significantly for those past due more than 30 days and those past due more than 90 days are considered as credit-impaired.

As at 31 December 2023, allowance for lifetime ECL of HK\$2,079,000 (2022: HK\$5,965,000) is recognised for interest receivables with aggregate gross carrying amount of HK\$6,805,000 (2022: HK\$15,464,000) which are identified as credit-impaired financial assets, and allowance of 12m ECL of HK\$5,000 (2022: HK\$26,000) is recognised for interest receivables with aggregate gross carrying amount of HK\$1,478,000 (2022: HK\$2,237,000) because there has been no significant increase in credit risk since initial recognition based on past due information.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 24. Borrowings and Loan Payables (Continued)

- a) The borrowings from independent third parties of HK\$36,645,000 (2022: HK\$29,750,000) bore a finance cost measured at a range of annualised rates of 7% to 9% (2022: 7% to 9.5%), and were repayable within one year and not secured by any assets or guarantees of the Group.

The borrowings from independent third parties of HK\$27,550,000 (2022: HK\$38,600,000) bore finance costs measured at a range of amortised rates of 9.8% to 10% (2022: 8% to 9.5%), and were repayable within one year and secured by loan receivables of the Group of HK\$36,379,000 (2022: HK\$39,338,000).

- b) The borrowings from Geston Limited, a company that is controlled by Madam Lo Wan (“Madam Lo”), a substantial shareholder of the Company, bore finance costs measured at an annualised rate of 9% (2022: 9%) and were repayable within one year and not secured by any assets or guarantees of the Group.

The borrowings from Mr. Zhang Min, an executive director and chief executive officer of the Company bore a finance cost measured at an annualised rate of 7.6% (2022: 7.6%) and were repayable within one year and not secured by any assets or guarantees of the Group.

- c) Two former executive directors of the Company (the “Relevant Directors”) had, without authorisation of the board of directors, executed certain guarantee contracts purportedly for and on behalf of the Company to guarantee payment obligations under certain financial products issued by certain subsidiaries of the Company and certain other companies outside the Group (the “Unauthorised Guarantees”), where the proceeds arisen from such financial products (the “Unauthorised Loans”) were lent, either directly or through the personal bank accounts of certain employees of the Group, to independent third parties of the Company for earning interest income (the “Unauthorised Loan Receivables”). All of the Unauthorised Guarantees, Unauthorised Loans, and Unauthorised Loan Receivables including the interest income, interest expenses and related handing charges have not been fully recorded in the books and records of those relevant subsidiaries accordingly under the instructions of the Relevant Directors. These fraudulent activities of the Relevant Directors are referred as the “Incidents” and those misstatements resulted from the Incidents were corrected and presented in the Group’s consolidated financial statements for the year ended 31 December 2020.

The Group, with the assistance of Zhongjin Jiasheng, had successfully settled with certain investors/lenders in respect of the Unauthorised Loans, and hence, the respective interest payables of HK\$79,771,000 (2022: HK\$52,508,000) was reversed to profit or loss during the year. Apart from those settled through Zhongjin Jiasheng, certain Unauthorised Loans were concluded through court decision and the respective loan and interest payables of HK\$10,966,000 (2022: nil) were also reversed to profit or loss during the year.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 24. Borrowings and Loan Payables (Continued)

c) (Continued)

As at 31 December 2023, unsettled Unauthorised Loans and related interest payables amounted to HK\$254,340,000 (2022: HK\$788,509,000) and HK\$54,827,000 (2022: HK\$178,802,000) respectively. Interest expenses of HK\$38,263,000 (2022: HK\$84,272,000) in relation to those unsettled Unauthorised Loans were recognised in the profit or loss during the year.

d) In February 2018, the Company issued note with principal amount of HK\$270,000,000. Pursuant to the subscription agreement dated 15 February 2018 and deed of amendment dated 3 November 2022, the note bears interest of 8% per annum and is secured by equity interest of Brilliant Star Capital (Cayman) Limited and KP Financial Holdings Limited, wholly-owned subsidiaries of the Company, personal guarantee given by Mr. Cheung and Madam Lo, a shareholder of the Company and spouse of Mr. Cheung and Mr. Cheung and Madam Lo deposited 930,000,000 shares of the Company into a specific account with the safe keeping agent. The note was subsequently settled on 11 January 2024.

e) As at 31 December 2023, the liabilities arising from loan guarantee contracts represent the outstanding balance of the Unauthorised Guarantees of HK\$74,598,000 (2022: HK\$89,340,000) if the guarantees were called upon in their entirety.

The Group, with the assistance of Zhongjin Jiasheng, had successfully settled with certain investors/lenders in respect of the Unauthorised Guarantees, and hence, the respective liabilities arising from loan guarantee contracts of HK\$6,537,000 (2022: nil) was reversed to profit or loss during the year. Apart from those settled through Zhongjin Jiasheng, certain Unauthorised Guarantees were concluded through court decision and the respective liabilities arising from loan guarantee contracts of HK\$1,053,000 (2022: nil) were also reversed to profit or loss during the year.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 27. Deferred Taxation

- a) The components of deferred tax (assets)/liabilities recognised in the consolidated statement of financial position and the movements during the year are as follow:

Deferred tax arising from:	ECL on loan receivables HK\$'000	Tax losses HK\$'000	Withholding tax HK\$'000	Total HK\$'000
At 1 January 2022	–	(6,874)	38,990	32,116
(Credited)/charged to profit or loss (Note 9(a))	(9,301)	6,543	2,937	179

Exchange adjustment	234	–	(534)	(300)
At 31 December 2023	(24,700)	–	35,762	11,062

b) *Deferred tax assets not recognised*

Deferred tax assets in respect of the unused tax losses carried forward are to be recognised to the extent that it is probable that future taxable profits against which the unused tax losses can be utilised will be available in the relevant tax jurisdiction and entity.

The Group has not recognised deferred tax assets in respect of the cumulative tax losses of HK\$839,867,000 (2022: HK\$782,089,000) for its Hong Kong and the PRC incorporated subsidiaries due to the unpredictability of future profit streams. The tax losses do not expire under current tax legislation in Hong Kong and can be carried forward up to five years from the year in which the loss was incurred under current tax legislation in the PRC.

c) *Deferred tax liabilities not recognised*

As at 31 December 2023, the aggregate amount of temporary differences associated with undistributed profits of subsidiaries for which deferred tax liabilities have not been recognised was HK\$668,696,000 (2022: HK\$732,215,000). No deferred tax liabilities have been recognised in respect of these differences because the Group is in a position to control the timing of the reversal of the temporary differences and it is probable that such differences will not reverse in the foreseeable future.

### 31. Reserves (Continued)

#### b) Dividends

No dividend was paid or proposed for ordinary shareholders of the Company during both years, nor has any dividend been proposed since the end of each reporting period.

#### c) Nature and purpose of reserves

##### (i) Share-based compensation reserve

The share-based compensation reserve represents the portion of the grant date fair value of unexercised share options granted to eligible participants that has been recognised in accordance with the accounting policies adopted for share-based payments.

##### (ii) Share held under the share award scheme

The reserve is dealt with in accordance with the Group's accounting policies relevant to share award scheme.

##### (iii) Exchange reserve

The exchange reserve comprises all foreign exchange differences arising from the translation of the financial statements of foreign operations of which functional currency is not HK\$.

##### (iv) Statutory surplus reserve

According to the Company's PRC subsidiaries' articles of association, each PRC company is required to transfer 10% of its net profit after tax, as determined in accordance with the PRC accounting rules and regulations, to the statutory surplus reserve. When the balance of the statutory surplus reserve reaches 50% of the PRC company's registered capital, any further appropriation is optional. The transfer to this reserve must be made before distribution of a dividend to the shareholders.

Statutory surplus reserve can be used to offset previous years' losses, if any, and may be converted into capital in proportion to their existing shareholdings, provided that the balance after such conversion is not less than 25% of the registered capital.

## NOTES TO THE CONSOLIDATED FINANCIAL STATEMENTS

For the year ended 31 December 2023

### 32. Employee Retirement Benefits

#### *Defined contribution retirement plan*

The Group operates a Mandatory Provident Fund Scheme (the “MPF scheme”) under the Hong Kong Mandatory Provident Fund Schemes Ordinance for employees employed under the jurisdiction of the Hong Kong Employment Ordinance. Under the MPF scheme, the employer and its employees are each required to make contributions to the plan at 5% of the employees’ relevant income, subject to a cap of monthly relevant income of HK\$30,000. Contributions to the plan vest immediately.

The employees of the Group’s subsidiaries in the PRC are members of the state-managed retirement benefit scheme operated by the government of the PRC. The subsidiaries of the Group are required to contribute certain percentage of their payroll costs to the retirement benefit scheme to fund the benefits. The only obligation of the Group with respect to the retirement benefit scheme is to make the specified contributions. The Group’s contributions to the defined contribution plans are expensed as incurred and not reduced by contributions forfeited by those employees who leave the plans prior to vesting fully in the contributions. During the year ended 31 December 2023, no forfeited contributions were used by the Group to reduce the existing level of contributions.

### 33. Share Options

#### *Equity-settled share option schemes*

The share option scheme adopted by the Company on 7 June 2004 (the “2004 Share Option Scheme”) was terminated on 6 June 2014, and the Company adopted a new share option scheme on 20 May 2014 (the “2014 Share Option Scheme”, together with the 2004 Share Option Scheme are referred to as the “Option Schemes”) at the Company’s annual general meeting held on 20 May 2014. No further options shall be offered under the 2004 Share Option Scheme, but in all other respects the provisions of the 2004 Share Option Scheme shall remain in full force and effect and all options granted prior to such termination and not exercised at the date of termination shall remain valid. The 2014 Share Option Scheme remains in force for a period of 10 years commencing on its adoption date and expiring on the tenth anniversary thereof.

According to the terms of the Option Schemes, the directors of the Company are authorised, at their discretion, to invite employees or any person who has contributions to the Group, including directors of any company in the Group, to take up options to subscribe for shares of the Company. The options are exercisable within a period of ten years. Each option gives the holder the right to subscribe for one ordinary share in the Company and is settled gross in shares.

### 37. Financial Risk Management and Fair Values of Financial Instruments *(Continued)*

#### a) *Credit risk*

Credit risk arises from a customer's inability or unwillingness to meet its financial obligations to make timely payments under loans the Group guaranteed or provided. Credit risk is primarily attributable to the loan business of the Group, (i.e. loan receivables and interest receivables), financial guarantee provided by the Group, account receivables, other receivables, time deposits, cash at banks and other financial assets.

#### *(i) Credit risk arising from loan business*

The Group has taken measures to identify credit risks arising from loan business. The Group manages credit risk at every stage of its risk management system, including pre-approval, review and credit approval, and post-transaction monitoring processes. The Group conducts customer acceptance and due diligence by business department and risk management department during the pre-approval process. A transaction is subject to review and approval of credit approval officer and the executive directors depending on the transaction size.

During the post-transaction monitoring process, the Group performs credit evaluations on each customer periodically. These evaluations focus on the customer's past history of making payments when due and current ability to pay, and take into account information specific to the customer as well as pertaining to the economic environment in which the customer operates.

Most of loans granted are backed by collateral (e.g. property, gold, jewellery, diamonds and watches etc.) as security. The Group also focuses on ascertaining legal ownership and the valuation of the collateral. A loan granted is based on the value of the collateral and generally approximates 1%-100% for the year (2022: 1%-100%) of the estimated value of the collateral. The Group closely monitors the ownership and the value of the collateral throughout the loan period. As at 31 December 2023, in the opinion of the Company's directors, the Group held collateral with value not less than the carrying amount of the secured loan receivables. The loan receivables are due by the date as specified in the corresponding loan agreements.

The Group's exposure to credit risk is influenced mainly by the individual characteristics of each customer rather than the industry or country in which the customers operate and therefore significant concentrations of credit risk primarily arise when the Group has significant exposure to individual customers. At the end of the reporting period, 15.02% (2022: 11.18%) and 25.51% (2022: 22.35%) of the total loan receivables was due from the Group's largest debtor and the five largest debtors respectively.

### 37. Financial Risk Management and Fair Values of Financial Instruments *(Continued)*

#### a) *Credit risk (Continued)*

##### (i) *Credit risk arising from loan business (Continued)*

The Group applies ECL model to measure impairment losses of the loans and advances to customers.

The Group adopts a loan risk classification approach to manage its loans and advances to customers portfolio risk. Loans and advances to customers are categorised into the following stages by the Group:

##### *Stage 1*

Loans and advances to customers have not experienced a significant increase in credit risk since origination and impairment recognised on the basis of 12m ECLs (12m ECLs-not credit-impaired).

##### *Stage 2*

Loans and advances to customers have experienced a significant increase in credit risk since origination and impairment is recognised on the basis of lifetime ECLs (Lifetime ECLs-not credit-impaired).

##### *Stage 3*

Loans and advances to customers that are in default and considered credit impaired (Lifetime ECLs-credit-impaired).

##### *Parameters of ECL model*

According to whether there is a significant increase in credit risk, the Group measures the impairment loss on loan receivables and interest receivables with ECL of 12 months or lifetime respectively. The key measuring parameters of ECL include probability of default (PD), loss given default (LGD) and exposure at default (EAD). Based on the requirements of HKFRS 9, the Group takes into account the quantitative analysis of historical statistics (such as ratings of counterparties, manners of guarantees and types of collaterals, repayments, etc.) and forward-looking information in order to establish the model of PD, LGD and EAD.

###### *Modification of contractual cash flows*

A modification or re-negotiation of a contract between the Group and a counterparty may result in a change to the contractual cash flows without resulting in the derecognition of the financial assets.

Such restructuring activities include extended payment term arrangements, repayment schedule modifications and changes to the interest settlement method. The risk of default of such assets after modification is assessed at the reporting date and compared with the risk under the original terms at initial recognition, when the modification is not substantial and so does not result in derecognition of the original asset and the book value of the financial asset is recalculated and the related gain or loss is included in current profit and loss. The recalculated book value of the financial asset is determined based on the present value of the contractual cash flows following the renegotiation or modification, as calculated using the original effective interest rate of the financial asset.

The Group monitors the subsequent performance of modified assets. The Group may determine that the credit risk has significantly improved after restructuring, so that the assets are transferred from Stage 3 or Stage 2 to Stage 1. At 31 December 2023, the carrying amount of financial assets with such modified contractual cash flows was not significant.

Further quantitative disclosure in respect of the Group's exposure to credit risk arising from loan receivables and interest receivables are set out in Notes 20 and 21 respectively.

##### (ii) *Credit risk arising from financial guarantee*

The management performed impairment assessment on the financial guarantees contracts and will recognise impairment loss when there is significant increase in credit risk compare to the initial recognition of the financial guarantee contracts. Accordingly, the loss allowance for these financial guarantee contracts issued by the Group is measured at an amount equal to lifetime ECL. The maximum exposure to credit risk in respect of these financial guarantees contracts will be recognised under "liabilities arising from loan guarantee contracts" during the year. Reversal of loss allowance of HK\$7,590,000 was recognised in profit or loss during the year ended 31 December 2023 (2022: Nil). Details of the financial guarantee contracts are set out in Note 24(e).

### 37. Financial Risk Management and Fair Values of Financial Instruments *(Continued)*

#### a) *Credit risk (Continued)*

##### (iii) *Other credit risks*

In respect of other receivables, individual credit evaluations are performed on all debtors requiring credit over a certain amount. These evaluations focus on the debtor's past history of making payments when due and current ability to pay, and take into account information specific to the debtors as well as pertaining to the economic environment in which the debtor operates.

The majority of the Group's investments are liquid securities listed on the recognised stock exchanges. Given their high credit standing, management does not expect any investment counterparty to fail to meet its obligations.

The credit risk on cash at banks, time deposits, and pledged bank and security deposits paid is limited because the counterparties are banks and other financial institutions with high credit ratings assigned by international credit-rating agencies.

#### b) *Liquidity risk*

Individual operating entities within the Group are responsible for its own cash management, including the short-term investment of cash surpluses and the raising of loans to cover expected cash demand, subject to the Company's board approval when the borrowings exceed certain predetermined level of authority. The Group's policy is to regularly monitor its liquidity requirements and its compliance with lending covenants, to ensure that it maintains sufficient reserves of cash and adequate committed lines of funding from major financial institutions to meet its liquidity requirements in the short and longer term.

The following liquidity tables show the remaining contractual maturities at the end of the reporting period of the Group's non-derivative financial liabilities, which are based on contractual undiscounted cash flows (including interest payments computed using contractual rates or, if floating, based on rates current at the end of the reporting period) and the earliest date the Group and the Company can be required to pay.

#### *c) Interest rate risk*

The Group is principally engaged in the provision of financing services. Its interest rate risk arises primarily from deposits with banks and other financial institutions, loan receivables, bank loans, interest-bearing borrowings, senior bonds, listed debt securities and unsecured bonds.

Financial instruments with variable interest rates expose the Group to cash flow interest rate risk. The Group is exposed to fair value interest rate risk in relation to financial instruments with fixed interest rates.

The Group does not have an interest rate hedging policy. However, the management monitors interest rate exposure and will consider hedging significant interest rate exposure should the need arises.

#### d) *Equity price risk*

The Group is exposed to equity price risk arising from listed equity investments and unlisted investment fund classified as other financial assets (see Note 18). Other than unquoted investments held for strategic purposes, all of these investments are listed.

The Group's listed equity investments are listed on recognised stock exchanges. Listed equity investments held in the portfolio have been chosen based on their longer term growth potential and are monitored regularly for performance against expectations. The portfolio is diversified in terms of industry distribution, in accordance with the limits set by the Group. Decisions to buy or sell trading securities are based on daily monitoring of the performance of individual securities compared the relevant industry indicators, as well as the Group's liquidity needs.

As at 31 December 2023, it is estimated that an increase/decrease of 10% (2022: 10%) in the relevant stock market index (for listed equity investments) and fair value of unlisted investment, with all other variables held constant, would have (decreased)/increased the Group's loss after tax and (decreased)/increased the Group's accumulated losses and other components of consolidated equity as follows:

	2023		2022	
	Effect on loss after tax and accumulated losses HK\$'000	Effect on other components of equity HK\$'000	Effect on loss after tax and accumulated losses HK\$'000	Effect on other components of equity HK\$'000

#### Change in the relevant equity price

risk variable:					
Increase	10%	(505)	-	(1,768)	-
Decrease	10%	505	-	1,768	-

The sensitivity analysis indicates the instantaneous change in the Group's loss after tax (and accumulated losses) and other components of consolidated equity that would arise assuming that the changes in the stock market index or fair value had occurred at the end of the reporting period and had been applied to re-measure those financial instruments held by the Group which expose the Group to equity price risk at the end of the reporting period. It is assumed that the fair values of the Group's listed investments would change in accordance with the historical correlation with the relevant stock market index, that none of the Group's listed investments would be considered impaired as a result of the decrease in the relevant stock market index, and that all other variables remain constant.

#### e) *Fair value measurement*

##### (i) *Financial assets and liabilities measured at fair value*

###### *Fair value hierarchy*

The following table presents the fair value of the Group's financial instruments measured at the end of the reporting period on a recurring basis, categorised into the three-level fair value hierarchy as defined in HKFRS 13 "Fair Value Measurement". The level into which a fair value measurement is classified is determined with reference to the observability and significance of the inputs used in the valuation technique as follows:

- Level 1 valuations: Fair value measured using only Level 1 inputs, that is, unadjusted quoted prices in active markets for identical assets or liabilities at the measurement date
- Level 2 valuations: Fair value measured using Level 2 inputs, that is, observable inputs which fail to meet Level 1, and not using significant unobservable inputs. Unobservable inputs are inputs for which market data are not available
- Level 3 valuations: Fair value measured using significant unobservable input

For financial instruments traded in inactive markets, their fair value measurements are based on net assets values provided by the relevant investment fund manager.

### 38. Capital Management

The Group's primary objectives when managing capital are to safeguard the Group's ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, by pricing products and services commensurately with the level of risk and by securing access to finance at a reasonable cost.

The Group actively and regularly reviews and manages its capital structure to maintain a balance between the higher shareholder returns that might be possible with higher levels of borrowings and the advantages and security afforded by a sound capital position, and makes adjustments to the capital structure in light of changes in economic conditions.

The capital structure of the Group consists of net debt, which includes the borrowings and loan payables, amount due to an associate, unsecured bonds and lease liabilities disclosed in respective notes, net of cash and cash equivalents, and equity attributable to owners of the Company, comprising share capital and other reserves.

### 39. Acquisition of Subsidiaries

*For the year ended 31 December 2022*
