FUTURE PLANS AND PROSPECTS

See “Business — Growth Strategies” for a detailed discussion of our future plans and prospects.

REASONS FOR THE LISTING

Our Directors consider that it would be desirable and beneficial for our Company to apply for a dual-primary Listing on the Stock Exchange by way of Introduction. Please see “Information about This Document and the Introduction” in this document for further details. The Listing on the Stock Exchange further strengthens our brand. It also allows us to share the benefits from the long-term stable development and diversified investor base of Hong Kong capital markets. Our Directors consider that this is important for our Company’s future growth and long-term competitiveness.
