### **POSITIVE PROFIT ALERT**

This announcement is made by Sun.King Technology Group Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 13.09 of the Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the “**Listing Rules**”) and the Inside Information Provisions (as defined in the Listing Rules) under Part XIVA of the Securities and Futures Ordinance (Chapter 571 of the Laws of Hong Kong).

The board (the “**Board**”) of directors (the “**Director(s)**”) of the Company wishes to inform the shareholders of the Company and the potential investors of the following financial data of the Board’s preliminary assessment of the unaudited consolidated management accounts of the Group for the six months ended 30 June 2024 (the “**Reporting Period**”) based on the currently available information:

1. the Group expects the revenue for the Reporting Period to increase by not less than 40% as compared to the same period in 2023, and the increase in revenue is mainly due to the successive delivery of products of the three ultra-high voltage direct current transmission work projects of Ningxia-Hunan, Jinshang-Hubei and Hami-Chongqing, the offshore wind power project for BorWin6 of Germany and the Sichuan grid-building energy storage project; and
2. the Group expects to record a profit attributable to owners of the parent of approximately RMB30 million to RMB35 million during the Reporting Period, which is a turnaround compared to the loss attributable to owners of the parent recorded in the same period in 2023, mainly due to (a) the significant increase in revenue during the Reporting Period; and (b) the increase in the proportion of revenue from high-margin products. This is the first time that the Company has recorded a profit attributable to owners of the parent since the same period in 2021.
