	<i>Number of Shares</i>	<i>Approximate shareholding percentage (%)</i>	<i>Number of Shares</i>	<i>Approximate shareholding percentage (%)</i>

## **REASONS AND BENEFITS FOR THE DEBT CAPITALISATION**

The Group is principally engaged in design, procurement and installation services of the water circulation systems including but not limited to swimming pools, water fountains and water curtains.

As disclosed in the 2024 Annual Report, notwithstanding the fact that the business performance of the Group has been indicating a sign of improvement as a result of the hard effort contributed by the management of the Company to expand its business operations into the Mainland China while continuing to participate in the tendering process with various construction or property development companies in Hong Kong, the financial position of the Group was still very tight.

As at 31 March 2024, the Group had bank balances and cash of approximately HK\$0.17 million, trade payables of approximately HK\$20.90 million, and bank loans due within one year of approximately HK\$2.64 million. The management of the Group has been in negotiations with the relevant banks in respect of the repayment of the bank loans, however, no definitive agreement has been concluded as at the date of this announcement. Whilst the Group will continue with its negotiations with the relevant creditors of the Group in respect of the debts which are overdue and/or will become due, the Directors consider that the Debt Capitalisation will allow the Company to settle the Partial Indebted Sum without utilising existing financial resources of the Company while reducing the gearing level of the Group and hence strengthening the financial position of the Group.

The Directors consider the terms of the Debt Capitalisation, which were negotiated on an arm's length basis and agreed on normal commercial terms between the parties thereto, are fair and reasonable, and the Debt Capitalisation are in the interests of the Company and Shareholders as a whole.

**Completion of the Debt Capitalisation is subject to the Stock Exchange granting the listing of and permission to deal in the Capitalisation Shares, and may or may not proceed. Shareholders and potential investors are advised to exercise caution when dealing in the Shares.**
