NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

For the six months ended 30 June 2024

1. Basis of preparation

These condensed consolidated financial statements have been prepared in accordance with the applicable disclosure requirements of Appendix D2 to the Rules (the "Listing Rules") Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited (the "Stock Exchange") and with Hong Kong Accounting Standard 34 "Interim Financial Reporting" issued by the Hong Kong Institute of Certified Public Accountants ("HKICPA").

The condensed consolidated financial statements have been prepared on the historical cost basis except for certain financial instruments, which are measured at fair values. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services.

Except as described below, the accounting policies and methods of computation used in the condensed consolidated financial statements for the six months ended 30 June 2024 are the same as those followed in the preparation of the Group's annual financial statements for the year ended 31 December 2023.

2. Adoption of new and revised Hong Kong Financial Reporting Standards ("HKFRSs")

In the current period, the Group has adopted all the new and revised HKFRSs issued by the HKICPA that are relevant to its operations and effective for its accounting year beginning on 1 January 2024. The adoption of these new and revised HKFRSs did not result in significant changes to the Group's accounting policies, presentation of the Group's financial statements and amounts reported for the current period and prior years.

The following new and amended standards and interpretations are adopted for the first time for financial year beginning 1 January 2024:

Amendments to HKAS 1 and HKFRS Practice Statement 2	Disclosure of Accounting Policies

Amendments to HKAS 12	Deferred Tax Related to Assets and Liabilities Arising from a Single Transaction

BUSINESS REVIEW

For the six months ended 30 June 2024, the Group's revenue amounted to approximately HK\$17.2 million, representing a decrease of approximately 57.8% as compared with the revenue of approximately HK\$40.8 million for the corresponding period in 2023. In relation to the Group's total revenue, approximately 64.2% resulted from trading of computer-related components, clothes and beauty products, approximately 35.6% resulted from interest income earned from money lending business and approximately 0.2% contributed from securities brokerage, placing and underwriting business.

Gross profit from operation for the period under review was approximately HK\$7.1 million, representing an increase of approximately 4.4% as compared with the gross profit of approximately HK\$6.8 million for the corresponding period in 2023. The Group's unaudited consolidated loss for the period under review was approximately HK\$38.8 million, which was mainly due to the unrealised loss on financial assets at FVTPL of approximately HK\$30.7 million for the six months ended 30 June 2024.

As at 30 June 2024, interest income earned from money lending business was approximately HK\$6.1 million for the six months ended 30 June 2024.

OUTLOOK AND PROSPECT

In view of the highly unpredictable business environment, we are evaluating different business segments within the Group and reposition our strategy and business operation in more optimistic business segments. During the period under review, the Group has obtained the licenses of Types 4 and 9 issued by the Securities and Futures Commission for operating a virtual asset trading platform. It is expected that the Group will deploy more resources in developing the business of the asset management in the future.

The Group will continue to seek potential investment and business opportunities for broadening its income stream and further development of the existing business segments.

ACKNOWLEDGEMENT

On behalf of the Board, I would like to take this opportunity to extend our sincere thanks to our customers, suppliers and staff for their continued support and contribution to the Group during the period.

MANAGEMENT DISCUSSION AND ANALYSIS

Overview

For the six months ended 30 June 2024, the Group recorded a revenue of approximately HK\$17.2 million which represented a decrease of approximately 57.8% as compared to the corresponding figure for the six months ended 30 June 2023.

The gross profit for the period under review was approximately HK\$7.1 million as compared to approximately HK\$6.8 million for the previous period.

During the six months ended 30 June 2024, the trading of computer-related components, clothes and beauty products business continued to contribute a significant percentage to our revenue. We continue to be optimistic at this business segment and will capture more market opportunities as and when appropriate. On the other hand, the sales and marketing of electronic equipment and related products was still an important source of income of the Group. In addition, the financial arm of the Group comprising of securities brokerage, placing and underwriting business and money lending business also contributed the revenue to the Group during the period. Details please refer to note 3.

LIQUIDITY AND FINANCIAL RESOURCES

As compared with 31 December 2023, the decrease in current ratio from 12.7 to 11.1 was mainly due to decrease in the financial assets at FVTPL as at 30 June 2024.

As at 30 June 2024, the Group had cash on hand of approximately HK\$19.1 million, current assets of approximately HK\$223.5 million, total assets of approximately HK\$226.6 million and shareholders' equity of approximately HK\$204.5 million.

GEARING RATIO

As at 30 June 2024, the Group generally financed its operations through internally-generated cash flows, shareholders equity and external bank loan and borrowings. The gearing ratio was approximately 0.5% as at 30 June 2024 (31 December 2023: approximately 0.6%).

CAPITAL STRUCTURE

As at 30 June 2024, the authorised share capital of the Company was HK\$600,000,000, which divided into 100,000,000,000 shares of HK\$0.006 each. The authorised share capital had no change during the period.

EXCHANGE RATE

Most of sales in the current period were denominated in United States dollars, whilst the majority of the Group's expenses were denominated in United States dollars, Renminbi and Hong Kong dollars. Although the Group currently does not maintain any hedging policy to hedge against foreign exchange exposure that may arise from the above transactions, the management team continuously assess the foreign currency exposure, with an aim to minimize the impact of foreign exchange fluctuation on the Group's business operations.

REASONS FOR AND BENEFITS OF THE CHANGE IN USE OF NET PROCEEDS

The withdrawal of License application

Our Board has resolved to withdraw the License application. This withdrawal of License application comes in light of substantial changes in the virtual assets business landscape in Hong Kong. The original submission of License application does not reflect the current market and business landscape.

The subsidiary of our Group, Suncorp VA Technology Limited, recorded losses over the past three years primarily due to the fact that there was no revenue generated at the set-up stage to absorb the related development costs and staff costs during the period. However, it is noted that the amount of net loss of the subsidiary has not been reducing over the years. Our Board is of the view that it will not be able to turnaround and make profit in the near future. The continued financial drain on resources for the virtual asset platform business could potentially jeopardize the stability and growth of the Group's other more profitable business lines.

The two existing licensed corporations started to provide virtual asset trading services to both professional investors and retail clients for over a year. In view of the keen market competition, our Board is of the view that our Group may not be able to compete effectively with the established players in the challenging virtual asset market in Hong Kong.

The recent outbreak of incidents of frauds, cyber-attacks, hacks, and system failures at some virtual asset service providers have eroded customer trust and increased the demand for robust security measures and operational resilience. Our Company observed a shift in customer preferences, with a growing demand for more reliable and secure virtual asset services. It is increasingly challenging to meet the evolving demands of clients in the Hong Kong market. On the other hand, the Group's other businesses, being sale of clothes and beauty products and money lending, presented stable growth and robust development. Taking into account the current rapidly changing operating environment and the shift of customer preferences, the Board believes that resources should be more concentrated on such existing businesses with established scale and potential for development.

Despite it is all along the Company's aim to strengthen, develop and diversify its business portfolio in a sustainable manner, the Board believes that adjustment to the Group's business strategy in a timely manner by actively integrating resources and exercised cost control and efficiency enhancement measures will enhance its capability to create value for the shareholders.

The Board confirms that there are no material changes in the nature of the business of the Group. The Board believes the above change in the use of the Unutilised Net Proceeds would allow the Company to deploy its financial resources more efficiently and enhance the business performance of the Group in the long run and is therefore in the best interests of the Group and the Shareholders as a whole.

更改所得款項淨額用途的理由及裨益

撤回牌照申請

董事會已決定撤回牌照申請。撤回牌照申請是因為香港的虛擬資產商業環境發生了重大變化。最初提交的牌照申請並不能反映當前的市場及商業環境。

本集團附屬公司 **Suncorp VA Technology Limited** 於過去三年錄得虧損，主要原因是該公司在成立階段並無產生收入，無法在此期間吸收相關的開發成本及員工成本。然而，董事會注意到，該附屬公司的淨虧損金額多年來一直沒有減少。董事會認為，該附屬公司無法於短期內扭虧為盈。虛擬資產平台業務持續耗費資金，可能會危及本集團其他盈利能力更強的業務線的穩定及發展。

現有的兩家持牌公司向專業投資者及散戶提供虛擬資產交易服務已有一年多時間。鑑於市場競爭激烈，董事會認為，於香港充滿挑戰的虛擬資產市場中，本集團可能無法有效地與老牌企業競爭。

最近若干虛擬資產服務提供商爆發了欺詐、網絡攻擊、黑客攻擊和系統故障等事件，削弱了客戶的信任並增加了對強大的安全措施及運營抵禦能力的需求。本公司注意到客戶偏好發生了變化，對更可靠及更安全的虛擬資產服務的需求日益增長。滿足香港市場客戶不斷變化的需求的挑戰與日俱增。另一方面，本集團的其他業務，包括服裝及美容產品銷售以及放債業務，均呈現穩定增長及穩健發展的態勢。考慮到當前瞬息萬變的經營環境及客戶偏好的轉變，董事會認為應將資源更多地集中於該等已具規模及發展潛力的現有業務上。

儘管本公司一直致力於鞏固、發展及持續多元化業務組合，但董事會相信，通過積極整合資源及適時調整本集團業務戰略及實施成本控制及效率提升措施將增強為股東創造價值的能力。

董事會確認，本集團的業務性質並無重大改變。董事會相信，上述尚未動用所得款項淨額用途的變動將使本公司能更有效地調配其財務資源，並從長遠來看提升本集團的業務表現，因此符合本集團及股東的整體利益。
