I. MACROECONOMIC OVERVIEW

In the first half of 2024, China was able to achieve overall economic stability while also ensuring progress and production growth. Demand, investment and consumption continued to recover, and consumer prices were generally stable. The macroeconomic growth rate fell slightly year-on-year, falling short of the market's expectations. Despite the fluctuations in overall operation, the trend was still positive. In the first half of the year, offline retail sales as a whole showed that consumption of services was better than that of goods. In terms of business format, the sales of convenience stores, specialty stores and supermarkets in retail units above designated size increased vear-on-vear, while the consumption at department stores and branded stores was under pressure, and the business formats of catering and experiential service continued to enjoy a better growth. From the commodity category, the sales of living goods, household electrical appliances, grain, oil and food increased year-on-year, while the consumption of clothing, daily necessities, traditional clothing, cosmetics, gold and jewelry was under pressure. Overall, demand has yet to warm up, with consumers becoming more rational and pragmatic, favoring consumption in the categories of catering, experiential consumption, leisure, outdoor sports, economical, practical and daily necessities.

On the whole, China was able to achieve overall economic stability, and ensured sustained and steady growth despite short-term ups and downs. With the gradual deepening of the country's accumulated economic policies and the gradual realization of their effects, the domestic economy is expected to consolidate its upturn in the second half of the year, with the economic growth rate expected to pick up, and consumer confidence and purchasing power expected to further recover and strengthen.

DEED OF NON-COMPETITION

Under the deed of non-competition dated 17 April 2008 given by Mr. Huang Mao Ru, Maoye Holdings Limited and Richon Holdings Limited (collectively known as the "Controlling Shareholder Group") in favour of the Company, details of which were stated in the prospectus of the Company dated 21 April 2008 (the "Prospectus"), the Controlling Shareholder Group had undertaken to use its best endeavour within three years to (i) resolve the existing litigation between Chongging Jiefangbei Maove Department Store Co., Ltd. (重慶解放碑茂業百貨有限公司) ("Chongqing Jiefangbei Store") and Chongqing Xin Long Da Real Estate Development Company Limited (重慶鑫隆達房地產開發有限 公司) ("Xin Long Da"); (ii) obtain all necessary consents and approvals for the transfer of the interest of the Controlling Shareholder Group in Chongqing Jiefangbei Store, Wuxi Maoye Department Store Company Limited (無錫茂業百貨有限公司) and Wuxi Maoye Baifu Supermarket Company Limited (無錫茂業百福超級市場有限公司) (the latter two collectively known as "Maoye Wuxi Store") to the Group (Note); and (iii) obtain all necessary consents and approvals for the transfer of the Controlling Shareholder Group's interest in Guiyang Friendship Group Holdings Company Limited (貴陽友誼 (集團) 股份有限公司) ("Guiyang **Friendship Group**"), to serve a notice on the Group within ten business days of any of the issues in clauses (i) to (iii) above having been resolved, and to use his/its best endeavour to transfer the interest in Chongging Jiefangbei Store, Maoye Wuxi Store and Guiyang Friendship Group to the Group as soon as practicable once the relevant issues impeding such transfer have been resolved. The Controlling Shareholder Group had further undertaken to keep the Company informed every six months from the Listing Date as regards the progress on the matters described above.

Note: The ownership of Maoye Wuxi Store has been changed to Wuxi Maoye Property Co., Ltd., and such company was controlled by the Controlling Shareholders.

審核委員會

由本公司所有獨立非執行董事組成之審核委員會已審閱本集團截至2024年6月30日止六個月的未經審核中期業績,並已與管理層就本集團所採用的會計政策及慣例、風險管理及內部監控系統,及財務報告相關事宜進行討論。

不競爭契據

根據黃茂如先生、Maove Holdings Limited及 Richon Holdings Limited (統稱為「控股股東 集團1)與本公司於2008年4月17日訂立的不 競爭契據,詳情載於本公司於2008年4月21 日之招股章程中(「招股章程」),控股股東集 團於三年內盡最大努力(i)解決重慶解放碑茂 業百貨有限公司(「重慶解放碑店」)及重慶鑫 隆達房地產開發有限公司(「鑫隆達」)當時進 行的訴訟;(ii)就向本集團轉讓控股股東集團 於重慶解放碑店、無錫茂業百貨有限公司及 無錫茂業百福超級市場有限公司(後兩者統稱 「茂業無錫店」)的權益(附註),取得全部所 需的同意及批文;及(iii)取得控股股東集團轉 讓貴陽友誼(集團)股份有限公司(「貴陽友誼 集團1)的權益所需的全部同意及批文,並於 上述(i)至(iii)任何一項獲得解決後十個營業日 內向本集團發出通知,以及待阻礙該等轉讓 的相關事宜獲得解決後,盡最大努力儘快向 本集團轉讓重慶解放碑店、茂業無錫店及貴 陽友誼集團的權益。控股股東集團已進一步 承諾自本公司上市日起保持每6個月通知本 公司有關該等事宜的進展。

附註:茂業無錫店之所有權已變更至無錫茂業置業有 限公司,而該公司由控股股東控股。

Since the Supreme People's Court has adjudged that the leasing agreement entered into between Chongging Jiefangbei Store and Xin Long Da was valid and binding, the litigation between Chongqing Jiefangbei Store and Xin Long Da has been resolved. However, the Group is still considering as to whether to acquire the interests of the Controlling Shareholder Group in the Chongging Jiefangbei Store and Maoye Wuxi Store. As the original master management agreement has terminated on 31 December 2019, the Company entered into the new master management agreement (the "New Master Management Agreement") with Maoye Holdings Limited on 1 January 2020 for a term of three years to govern the terms upon which the Group will provide store management services to the Controlling Shareholder Group with respect to the Maoye Wuxi Store and/or department stores owned by the Controlling Shareholder Group, in order to avoid conflict of interests between the Group and the Controlling Shareholder Group. On 1 January 2023, the parties had entered into the renewed New Master Management Agreement (the "2023 Master Management Agreement") for a term of three years, for the continuing provision of store management services by the Group to the Controlling Shareholder Group with respect to the Maove Wuxi Store and/or department stores owned by the Controlling Shareholder Group. As Maoye Holdings Limited is a connected person (as defined under the Listing Rules) of the Company, the entering into of the New Master Management Agreement and the 2023 Master Management Agreement constituted connected transactions for the Company under Chapter 14A of the Listing Rules. However, as all the applicable percentage ratios in relation to the New Master Management Agreement and the 2023 Master Management Agreement were less than 0.1%, these agreements were fully exempt from the reporting, announcement and shareholders' approval requirements under the Listing Rules. As Chongging Jiefangbei Store has ceased operation since February 2011, the Group did not manage Chongging Jiefangbei Store thereafter. Approval from the relevant government departments has not been obtained in relation to the Group's application for transfer of interest in Guiyang Friendship Group.

SUFFICIENCY OF PUBLIC FLOAT

As of 30 June 2024, the directors of the Company confirmed that based on information that is publicly available to the Company and within the knowledge of the directors, the Company had maintained sufficient amount of public float as required under the Listing Rules and agreed by the Stock Exchange.

由於最高人民法院已經判決認定:重慶解放 碑店及鑫降達之租賃合約有效,重慶解放碑 店及鑫隆達的訴訟已經解決。然而,本集團 就收購控股股東集團於重慶解放碑店及茂業 無錫店權益的問題仍然在考慮中。由於現有 管理總協議已於2019年12月31日終止,本集 團基於盡量減少與控股股東集團之同業競 爭的原則,本公司於2020年1月1日與Maove Holdings Limited訂立為期三年的新管理總協 議(「新管理總協議」),以規管本集團向控股 股東集團就茂業無錫店及/或其他控股股東 集團擁有的門店提供商店管理服務的條款。 於2023年1月1日,訂約方已訂立為期三年的 經重續之新管理總協議(「2023年管理總協 議」),以便本集團繼續向控股股東集團就茂 業無錫店及/或其他控股股東集團擁有的門 店提供商店管理服務。由於Maoye Holdings Limited為本公司關連人士(根據上市規則定 義),根據上市規則第14A章訂立新管理總協 議及2023年管理總協議構成了本公司的關連 交易。然而,由於有關新管理總協議及2023 年管理總協議所有適用比率均低於0.1%,根 據上市規則,該等協議全面豁免遵守申報、 公告及獨立股東批准之規定。而由於重慶解 放碑店已經於2011年2月起停止運營,本集 團亦不再管理該店。本集團就轉讓貴陽友誼 集團的權益而提出的申請,尚未獲得相關政 府部門的批覆。

足夠公眾持股量

截至2024年6月30日,本公司之董事確認,基 於本公司公開可獲取之資料並且就董事所深 知,本公司已保持上市規則所要求及聯交所 同意的足夠公眾持股比例。

REPORT ON REVIEW OF INTERIM FINANCIAL INFORMATION 中期財務資料審閱報告

Report on Review of Interim Financial Information
To the Board of Directors of Maoye International Holdings Limited
(incorporated in the Cayman Islands with limited liability)

INTRODUCTION

We have reviewed the interim financial information set out on pages 28 to 76, which comprises the interim condensed consolidated statement of financial position of Maoye International Holdings Limited (the "Company") and its subsidiaries (together, the "Group") as at 30 June 2024 and the interim condensed consolidated statement of profit or loss, the interim condensed consolidated statement of comprehensive income, the interim condensed consolidated statement of changes in equity and the interim condensed consolidated statement of cash flows for the sixmonth period then ended, and selected explanatory notes. The Rules Governing the Listing of Securities on The Stock Exchange of Hong Kong Limited require the preparation of a report on interim financial information to be in compliance with the relevant provisions thereof and International Accounting Standard 34 "Interim Financial Reporting". The directors of the Company are responsible for the preparation and presentation of this interim financial information in accordance with International Accounting Standard 34 "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim financial information based on our review and to report our conclusion solely to you, as a body, in accordance with our agreed terms of engagement, and for no other purpose. We do not assume responsibility towards or accept liability to any other person for the contents of this report.

SCOPE OF REVIEW

We conducted our review in accordance with Hong Kong Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Hong Kong Institute of Certified Public Accountants. A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Hong Kong Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

CONCLUSION

Based on our review, nothing has come to our attention that causes us to believe that the interim financial information of the Group is not prepared, in all material respects, in accordance with International Accounting Standard 34 "Interim Financial Reporting".

2 BASIS OF PREPARATION AND ACCOUNTING POLICIES

2.1 basis of preparation

The Interim Financial Information has been prepared in accordance with International Accounting Standard ("IAS") 34 Interim Financial Reporting. The Interim Financial Information should be read in conjunction with the annual consolidated financial statements for the year ended 31 December 2023, ("2023 Financial Statements") which have been prepared in accordance with International Financial Reporting Standards ("IFRS Accounting Standards").

As at 30 June 2024, the Group had net current liabilities of approximately RMB10,433,096,000, had current bank borrowings of RMB5,545,505,000 that will fall due in the next 12 months and had current balances of RMB6,531,678,000 due to fellow subsidiaries and the Immediate Holding Company, which are controlled by the Ultimate Controlling Shareholder. The Group's ability to repay its debts when they fall due relies heavily on its future operating cash flows, its ability to renew the bank borrowings and the continuous financial support of the Ultimate Controlling Shareholder.

The directors have carefully assessed the Group's liquidity position having taken into account:

- (1) the Group's expected cash inflows from operating activities in the next 12 months:
- (2) the directors of the Company are confident that the bank borrowings that will expire during the next 12 months could be renewed upon expiration based on the Group's past experience and credit standing; and
- (3) the Ultimate Controlling Shareholder, the fellow subsidiaries and the Immediate Holding Company committed, to provide financial support for the continuing operations of the Company to enable it to meet its liabilities as they fall due and carry on its business without a significant curtailment of operations in the next 12 months from 30 June 2024.

The directors of the Company believe that the Group has adequate resources to continue operation for the foreseeable future of not less than 12 months from the end of the reporting period. The directors of the Company therefore are of the opinion that it is appropriate to adopt the going concern basis in preparing the Interim Financial Information.

4 FINANCIAL RISK MANAGEMENT (continued)

4.3 Fair value estimation

The Group's finance department headed by the chief financial officer is responsible for determining the policies and procedures for the fair value measurement of financial instruments and investment properties. The finance manager executes the valuation with the assistant of the valuers and reports directly to the chief financial officer and the audit committee. At each reporting date, the finance manager analyses the movements in the value of financial instruments and determines the major inputs applied in the valuation. The valuation is reviewed and approved by the chief financial officer. The valuation process and results are discussed with the audit committee twice a year for interim and annual financial reporting.

4.3.1 Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are recognised and measured at fair value in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Group has classified its financial instruments into the three levels prescribed under the accounting standards.

The tables below analyses the Group's financial instruments carried at fair value as at 30 June 2024 and 31 December 2023 by level of the inputs to valuation techniques used to measure fair value. Such inputs are categorised into three levels within a fair value hierarchy as follows:

- Quoted prices (unadjusted) in active markets for identical assets or liabilities (level 1);
- Inputs other than quoted prices included within level
 1 that are observable for the asset or liability, either
 directly (that is, as prices) or indirectly (that is, derived
 from prices) (level 2); and
- Inputs for the asset or liability that are not based on observable market data (that is unobservable inputs) (level 3).

4 FINANCIAL RISK MANAGEMENT (continued)

4.3 Fair value estimation (continued)

4.3.2 Valuation techniques used to determine fair values

The financial assets at fair value through profit or losses consist of listed equity investment and wealth management products. The equity investments designated at fair value through other comprehensive income consists of listed and unlisted equity investments.

The fair values of listed equity investments are based on quoted market prices.

The fair values of unlisted equity investments have been estimated using a market-based valuation technique based on assumptions that are not supported by observable market prices or rates. The valuation requires the directors to determine comparable public companies (peers) and to calculate an appropriate price multiple, such as price to sales ("P/S") multiple and price to earnings ("P/E") multiple, for each comparable company identified. The trading multiple is then discounted for considerations such as illiquidity and size differences between the comparable companies based on company-specific facts and circumstances. The discounted multiple is applied to the corresponding earnings measure of the unlisted equity investments to measure the fair value. The directors believe that the estimated fair values resulting from the valuation technique, which are recorded in the consolidated statement of financial position, and the related changes in fair values, which are recorded in other comprehensive income, are reasonable, and that they were the most appropriate values at the end of the reporting period.

The fair value of wealth management products are estimated by using a discounted cash flow valuation model based on the market interest rates of instruments with similar terms and risks.

There were no changes to valuation techniques during the six months ended 30 June 2024 and 2023.

4.3.3 Fair values of other financial instruments

The Group also has a number of financial instruments which are not measured at fair value in the statement of financial position. The fair values of these instruments are not materially different to their carrying amounts, since their interest rate is either close to current market level or the instruments are short-term in nature.
