Selling and Distribution Expenses

The selling and distribution expenses increased from approximately HK\$0.04 million for the six months ended 30 September 2023 to approximately HK\$0.43 million for the six months ended 30 September 2024, which was mainly due to increase in marketing expenses.

The administrative expenses increased from approximately HK\$3.5 million for the six months ended 30 September 2023 to approximately HK\$4.0 million for the six months ended 30 September 2024.

Profit attributable to the owners of the Company

Loss attributable to the owners of the Company for the six months ended 30 September 2024 amounted approximately HK\$1.3 million compared with profit attributable to the owners of the Company of approximately HK\$3.7 million for the six months ended 30 September 2023. It was due to the reversal of impairment losses under expected credit loss recognized as a result of subsequent settlement of long outstanding trade receivables balances during the six months ended 30 September 2023.

Liquidity, Financial Resources and Capital Structure

Historically, the Group has funded the liquidity and capital requirements primarily through operating cash flows and bank borrowings. As at 30 September 2024, we had various short term borrowings and lease liabilities of approximately HK\$7.1 million (as at 31 March 2024: approximately HK\$6.4 million), representing an increase of approximately HK\$0.7 million as compared to that as at 31 March 2024.

Net current liabilities decreased from approximately HK\$10.2 million as at 31 March 2024 to approximately HK\$5.8 million as at 30 September 2024, which was mainly due to the net effect of increase in trade receivables and trade payables.

The Company requires cash primarily for working capital needs. As at 30 September 2024, the Company had approximately HK\$3.6 million in cash and bank balances (as at 31 March 2024: approximately HK\$4.8 million), representing a decrease of approximately HK\$1.2 million as compared to that as at 31 March 2024.

The gearing ratio is calculated based on the sum of borrowings, amounts due to related parties, current tax liability and lease liabilities divided by the total equity of the company at the end of the reporting period. The decrease of the gearing ratio was mainly attributed by increase in trade and other receivables during the six months ended 30 September 2024.

Pledged of Assets

On 20 January 2020, the Company received a third-party notice with legal case no. The Plaintiff claimed against the Defendant approximately HK\$8 million under a guarantee for debts own by the Company. The Defendant claims against the Company to be indemnified against the Plaintiff's claim and the cost of this action on the grounds that the Company are the principal debtor of the alleged debt. The management of the Company is seeking the legal opinion for the above case.

Up to the date of this report, the outcome of the proceedings is still uncertain. As the Directors considered it is premature and not practical to draw a conclusion of the outcome of the claims and that the ultimate liability, if any, will not have a material adverse impact on the Group's consolidated financial position, no provision was made as at 30 September 2024 (as at 31 March 2024: nil).

Apart from the contingent liabilities disclosed on the above, the Company has no significant contingent liabilities as at 30 September 2024 (as at 31 March 2024: nil).

Box 2681, Grand Cayman, KY1-1111, Cayman Islands and the principal place of business is 2/F, 200 Hennessy Road, Wan Chai, Hong Kong.

The Company is an investment holding company. The principal activities of the Group are designing, trading and manufacturing of two-way radios, baby monitor products and plastic products on original design manufacturing basis.

The Company was listed on the GEM on 30 September 2015.

This unaudited condensed consolidated interim financial information is presented in thousands of Hong Kong dollars (“**HK\$’000**”), unless otherwise stated.

(b) Basis of presentation

The presentation applied are consistent with those of the consolidated annual financial statements for the year ended 31 March 2024.

2 BASIS OF PREPARATION

The unaudited condensed consolidated financial statements of the Group for the six months ended 30 September 2024 (“**Interim Period**”) have been prepared in accordance with Hong Kong Accounting Standard (“**HKAS**”) 34 “Interim Financial Reporting” issued by the Hong Kong Institute of Certified Public Accountants (“**HKICPA**”) and the applicable disclosure requirements of the Rules Governing the Listing of Securities on the GEM (the “**GEM Listing Rules**”).

The accounting policies and methods of computation used in the preparation of the unaudited condensed consolidated financial statements of the Group for the Interim Period are consistent with those used in the audited financial statements of the Group for the year ended 31 March 2024 and should be used in conjunction with the audited consolidated financial statements for the year ended 31 March 2024.

2 BASIS OF PREPARATION (CONTINUED)

HKICPA has issued a number of new and revised HKFRSs and interpretations that are first effective or available for early adoption for the Interim Period. There have been no significant changes to the accounting policies applied in these financial statements for the Interim Period presented as a result of these developments.

The unaudited condensed consolidated financial statements for the Interim Period have not been audited by the Company's independent auditor but have been reviewed by the Company's audit committee.

The preparation of the unaudited condensed consolidated financial statements of the Group for the Interim Period is in conformity with the HKFRSs requirements in the use of certain critical accounting estimates. The HKFRSs also require the management to exercise their judgements in the process of applying the Group's accounting policies.

ADOPTION OF NEW AND AMENDED HKFRSs

In the Period, the Group has applied the following amendments to HKFRSs issued by the HKICPA, for the first time, which are mandatorily effective for the annual period beginning on or after 1 April 2024 for the preparation of the Group's condensed consolidated financial statements:

Amendments to HKFRS 16	Lease Liability in a Sale and Leaseback
Amendments to HKAS 1	Classification of Liabilities as Current or Non-current and related amendments to Hong Kong Interpretation 5 (2020)
Amendment to HKAS 1	Non-current Liabilities with Covenants
Amendments to HKAS 7 and HKFRS 7	Supplier Finance Arrangement

The application of the amendments to HKFRSs has no material impact on the Group's financial position and financial performance for the current and/or prior periods and/or on the disclosure set out in the condensed consolidated financial statements.

The Group has not applied any new and amendments to HKFRSs that have been issued but not yet effective for the current accounting period.

2 BASIS OF PREPARATION (CONTINUED)

Going concern basis

In preparing the consolidated financial statements, the directors of the Company have considered the future liquidity of the Group in view of its net current liabilities position as at 30 September 2024. As at 30 September 2024, the Group's current liabilities exceeded its current assets by HK\$5,776,000, while its total cash and cash equivalents amount to HK\$3,609,000. These conditions cast significant doubt on the Group's ability to continue as a going concern.

The directors of the Company have given careful consideration to the future liquidity and performance of the Group and its available sources of financing in assessing whether the Group has sufficient financial resources to continue as a going concern. In the opinion of the directors, the Group will be able to continue to operate as a going concern in the foreseeable future, after taking into consideration the following factors:

- At the reporting date, the Group had obtained credit facilities granted by a related company of approximately HK\$10,000,000 which has not been drawn down as borrowings.
- The management closely monitors the Group's financial performance and liquidity position. The management has been implementing measures to control operating costs including negotiating with the landlords for rental reduction, a salary reduction scheme for management, the minimisation of operating costs and administrative expenses. Meanwhile, the management expand its current business by acquisition of new product line.

In light of the abovesaid measures, the Board believes that the financial position of the Company shall be strengthened in the future.

3 PRINCIPAL ACCOUNTING POLICIES

The unaudited condensed consolidated financial statements have been prepared on the historical cost basis except for financial asset at fair value through profit or loss which is measured at fair values.

4 ESTIMATES

The preparation of unaudited condensed consolidated interim financial information requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

In preparing this unaudited condensed consolidated interim financial information, the significant judgements made by management in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the consolidated financial statements for the year ended 31 March 2024.

- Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices) (level 2)
- Inputs for the asset and liability that are not based on observable market data (that is, unobservable inputs) (level 3)
